Re: Review report of unaudited interim consolidated financial statements as  
of and for the six months and three months ended June 30, 2003  
-----

We have reviewed the accompanying consolidated balance sheet of Digital Power Corporation ("the Company") and its subsidiary as of June 30, 2003, and the related interim consolidated statements of operations for the six months and three months ended June 30, 2003 and the statements of changes in shareholders' equity for the six months ended June 30, 2003 and consolidated statements of cash flows for the six months and three months ended June 30, 2003, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the

Company's management. The interim consolidated financial statements of the Company and its subsidiaries for the six months and three months ended June 30, 2002 were reviewed by other accountants, whose report dated August 13, 2002, stated that they were not aware of any material modification that should be made to those statements for them to be in conformity with accounting principles generally accepted in the United States.

A review consists principally of inquiries of company personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with auditing standards generally accepted in the United States, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States.

DIGITAL POWER CORPORATION

## Edgar Filing: DIGITAL POWER CORP - Form 10QSB

### NOTE 1:- GENERAL

Digital Power Corporation (the "Company" or "DPC") was incorporated in 1969, under the General Corporation Law of the state of California. The Company has a wholly-owned subsidiary, Digital Power Limited ("DPL"), located in the United Kingdom. The Company and its subsidiary are currently engaged in the design, manufacture and sale of switching power supplies and converters. The Company has two reportable geographic segments - North America (sales through DPC) and Europe (sales through DPL).

### NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES

- a. The significant accounting policies applied in the annual financial statements of the Company as of December 31, 2002, are applied consistently in these financial statements. In addition, the following accounting policy is applied:

The accompanying unaudited consolidated financial statements as of June 30, 2003 and for the six months ended June 30, 2003 and 2002 are unaudited and reflect all adjustments (consisting only of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position and operating results for the interim periods. The condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto, together with management's discussion and analysis of the financial condition and results of operations, contained in the Company Annual Report on Form 10-KSB for the fiscal year ended December 31, 2002. The results of operations for the six months ended June 30, 2003 are not necessarily indicative of the results for the entire fiscal year ending December 31, 2003.

- b. Accounting for stock-based compensation:

The Company and its subsidiary has elected to follow Accounting Principles Board Opinion No. 25 "Accounting for Stock Issued to Employees" ("APB No. 25") in accounting for its employee stock option plans. Under APB No. 25, when the exercise price of the Company's share options is less than the market price of the underlying shares on the date of grant, compensation expense is recognized.

The Company and its subsidiary apply SFAS No. 123, and Emerging Issues Task Force No. 96-18 "Accounting for Equity Instruments that are Issued to Other than Employees for Acquiring, or in Conjunction with Selling, Goods or Services" ("EITF 96-18"), with respect to options issued to non-employees SFAS No. 123 requires use of an option valuation model to measure the fair value of the options at the grant date.

### NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES (cont.)

Under Statement of Financial Accounting Standard No. 123 "Accounting for Stock Based compensation ("SFAS No. 123") SFAS No. 123, pro forma information regarding net earnings (loss) and

## Edgar Filing: DIGITAL POWER CORP - Form 10QSB

net earnings (loss) per share is required and has been determined as if the Company had accounted for its employee options under the fair value method of that statement. The fair value for these options was estimated at the date of grant using a Black-Scholes Option Valuation Model, with the following weighted-average assumptions for June 30, 2003 and 2002 and December 31, 2002. Expected volatility of 45.6% ranging from 55.0% - 125.9% and 33.8% respectively, risk-free interest rates of 1.5%, ranging from 4.23% to 5.6% and 1.5%, respectively, dividend yield of 0% for each period, and a weighted-average expected life of the option of 4 years for each period. Stock compensation, for pro-forma purposes, is amortized over the vesting period.

The following table illustrates the effect on net income (loss) and earnings (loss) per share as if the fair value method had been applied to all outstanding and unvested awards in each period:

	Six months ended June 30,	
	2003	2002

Basic and diluted net earnings (loss) per share, as reported	\$ (0.08)	\$ (0.0)
Basic and diluted net loss per share, pro forma	\$ (0.08)	\$ (0.0)

### NOTE 3:- SHARE CAPITAL

- a. On March 31, 2003, the Company entered into an agreement to sell 900,000 shares of Common stock to Telkoor Telecom Ltd. in consideration for \$600. As part of the transaction, Telkoor Telecom Ltd.'s warrant to purchase 900,000 shares was cancelled.
- b. On April 3, 2003, the Company issued the 900,000 shares to

## Edgar Filing: DIGITAL POWER CORP - Form 10QSB

Telkoor and received the total consideration of \$600.

NOTE 4:- PENDING LITIGATION

A claim was filed against the Company by one of its former customers in the amount of \$300.

Company's management believes that the fundamental allegations in the complaint are false and intends to vigorously defend itself.

At this point, management and the Company's legal counsel are of the opinion that it is not possible to predict the likelihood of an unfavorable outcome or the range of a potential verdict against the Company.

NOTE 5:- SEGMENTS, MAJOR CUSTOMERS AND GEOGRAPHICAL INFORMATION

The Company has two reportable geographic segments, see Note 1 for a brief description of the Company's business. The data is presented in accordance with Statement of Financial Accounting Standard No.131, "Disclosure About Segments of an Enterprise and Related Information" ("SFAS No. 131").

The following data presents the revenues, expenditures and other operating data of the Company's geographic operating segments:

### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

With the exception of historical facts stated herein, the matters discussed in this report are "forward looking" statements that involve risks and uncertainties that could cause actual results to differ materially from projected results. Such "forward looking" statements include, but are not necessarily limited to, statements regarding anticipated levels of future revenues and earnings from operations of the Company. Factors that could cause actual results to differ materially include, in addition to other factors identified in this report, dependence on the computer and other electronic equipment industries, competition in the power supply industry, dependence on manufacturers in Mexico and China and other risks factors detailed in the Company's Form 10-KSB for the year ended December 31, 2002. Readers of this report are cautioned not to put undue reliance on "forward looking" statements which are, by their nature, uncertain as reliable indicators of future performance. The Company disclaims any intent or obligation to publicly update these "forward looking" statements, whether as a result of new information, future events, or otherwise.

THREE AND SIX MONTHS PERIODS ENDED JUNE 30, 2003, COMPARED TO JUNE 30, 2002

#### REVENUES

Total revenues decreased by 32.3% to \$1,596,000 for the three months ended June 30, 2003, from \$2,358,000 for the second quarter ended June 30, 2002. Revenues from the Company's United Kingdom's operations of Digital Power Ltd. decreased 22.2% to \$727,000 for the second quarter ended June 30, 2003, from \$934,000 for the second quarter ended June 30, 2002. Revenues attributed to the United States operations decreased by 39.0% to \$869,000 for the second quarter ended June 30, 2003, from \$1,424,000 for the second quarter ended June 31, 2002.

For the six months ended June 30, 2003, revenues decreased by 17.9% to \$3,729,000 from \$4,541,000 for the six months ended June 30, 2002. Revenues from the Company's United Kingdom's operations of Digital Power Ltd. decreased 4.6% to \$1,866,000 for the six months ended June 30, 2003 from \$1,956,000 for the six months ended June 30, 2002. Revenues attributed to the United States operations decreased by 27.9% to \$1,863,000 for the six months ended June 30, 2003, from \$2,585,000 for the six months ended June 30, 2002. The decrease in revenues is partially due to the time necessary to implement new products into the customers design cycle throughout the market and due to rescheduling of deliveries by customers in the United Kingdom.

In June 2003, the Company entered into an agreement to supply approximately US\$1,637,000 of power supplies to a foreign customer for military purposes. Subject to the provision in the agreement, the management believes that it will recognize the majority of the revenue from this agreement in 2004. The Company can not give any assurances that it will receive future purchases from this customer or of this quantity.

#### GROSS MARGINS

Gross margins were 26.9% for the three months ended June 30, 2003, compared to 30.6% for the three months ended June 30, 2002. Gross margins were 27.5% for the six months ended June 30, 2003, compared to 27.7% for the six months ended June 30, 2002. The decrease in gross margins can be primarily attributed to the fixed cost and the decrease in revenues.

#### ENGINEERING AND PRODUCT DEVELOPMENT

## Edgar Filing: DIGITAL POWER CORP - Form 10QSB

Engineering and product development expenses were 8.0% of revenues for the three months ended June 30, 2003, and 7.8% for the three months ended June 30, 2002. Engineering and product development expenses were 7.3 % of revenues for the six months ended June 30, 2003, compared to 8.2% for the six months ended June 30, 2002. Actual dollar expenditures were down by 30.1% for the three months ended June 30, 2003 and 26.8 % for the six month ended June 30, 2003. The decrease was mainly due to the reduced salaries as a result of lay offs.

### SELLING, GENERAL AND ADMINISTRATIVE

Selling, general and administrative expenses were 37.3% of revenues for the three months ended June 30, 2003, compared to 23.2% for the three months ended June 30, 2002. Selling, general and administrative expenses were 31.2 % of revenues for the six months ended June 30, 2003, compared to 23.1% for the six months ended June 30, 2002. In actual dollar, these expenses were up by 8.8% for the three months ended June 30, 2003 and 11.0% for the six month ended June 30, 2003. The increase selling, general and administrative expenses can be attributed mainly to the hiring of the Company's CFO, the additional legal expenses and one time expenses related to a lay off.

### FINANCIAL INCOME (EXPENSES)
