This Information Statement is being furnished to holders of record of shares of common stock, par value \$.001 per share (the "Common Stock"), of Tomahawk Industries, Inc., a Nevada corporation (the "Company") on July 31, 2002, pursuant to the requirements of Section 14(f) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and Rule 14f-1 promulgated thereunder. THIS INFORMATION STATEMENT IS BEING PROVIDED SOLELY FOR INFORMATIONAL PURPOSES AND NOT IN CONNECTION WITH A VOTE OF THE COMPANY'S STOCKHOLDERS.

The Company has recently entered into an agreement relating to a transaction which will ultimately result in the replacement of the majority of

Edgar Filing: TOMAHAWK INDUSTRIES INC - Form SC 14F1

the Board of Directors of the Company. The following is a brief summary of this transaction. Please see "Change in Control" for a more complete description of the transaction.

The Company entered into an Agreement and Plan of Reorganization (the "Reorganization Agreement"), which sets forth the terms and conditions of a proposed business combination of the Company and Cryotherm, Inc., a Delaware corporation ("CRYO"). Pursuant to the Reorganization Agreement, CRYO will exchange one hundred (100%) percent of its issued and outstanding shares for twenty five million (25,000,000) post reverse split shares of the Company, with the Company as the surviving corporation. CRYO will as a result become a wholly-owned subsidiary of the Company. It is currently anticipated that the consummation of the Reorganization will occur within twenty (20) days after the date this Information Statement is first mailed to the Company's stockholders.

CryoTherm, Inc. was formed in January 2002 as a Delaware corporation to finance the commercialization of a revolutionary new product-line of low-cost, pollution-free, energy-extraction technologies created by Inventor, Robert D. Hunt, that can convert low-temperature heat, cryogenic cold, and kinetic energy resources into megawatts of electricity at costs competitive to fossil fuel-generated power. Robert D. Hunt has exclusively licensed to Cryotherm the worldwide rights to make, use and sell energy-generating products and services based upon Hunt's inventions and patents. Low-cost electricity generated by these energy technologies may qualify for Renewable Energy Certificates and Carbon-Emission Credits tradable internationally under the Kyoto Protocol and in the U.S. under various municipal, state and federal energy diversity programs which encourage Homeland energy security, domestic energy independence, and environmental protection through the adoption of new, clean, distributed energy technologies (such as Cryotherm's).

It is presently anticipated that upon consummation of the Reorganization, Glenn A. Little and Matthew Blair, currently the sole members of the Board of Directors of the Company, will resign from the Board of Directors of the Company, and that Lawrence M. Shultz, Sally J. Shultz and Kenneth D. Rickel will each be appointed to the Board of Directors of the Company. Therefore, it is presently anticipated that within twenty (20) days after the date this Information Statement is first mailed to the Company's stockholders, the Board of Directors of the Company will consist of Lawrence M. Shultz, Sally J. Shultz and Kenneth D. Rickel.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

On July 18, 2002, there were 56,637,228 shares of Common Stock issued and outstanding. As of such date, (i) no shares of Common Stock were reserved for issuance pursuant to option grants, and (ii) no shares of Common Stock were reserved for issuance pursuant to securities exercisable for, or convertible

into or exchangeable for, shares of Common Stock. Each holder of Common Stock is entitled to cast one vote, in person or by proxy, for each share of Common Stock held by him. The Common Stock is the only capital stock of the Company outstanding.

The following table sets forth certain information with respect to persons known by the management of the Company to own beneficially more than five percent (5%) of the Common Stock of the Company as of July 18, 2002:

TITLE AND CLASS OF	NAME AND ADDRESS OF BENEFICIAL OWNER	AMOUNT AND NATURE OF BENEFICIAL	PERCENTAGE OF CLASS

All Directors and Executive Officers (1 person)		40,000,000	70.62%

CHANGE IN CONTROL

Pursuant to the Reorganization Agreement, the Company will cause to be consummated a business combination between the Company and CRYO, upon the terms and conditions set forth in the Reorganization Agreement. Pursuant to the Reorganization Agreement, CRYO will be a wholly owned subsidiary of the Company. Pursuant to the Reorganization Agreement, the Company will issue 25,000,000 post reverse split shares of its common stock, \$.001 par value per share (the "TOMAHAWK" Common Stock), to the stockholders of CRYO, which will represent 99% of the fully-diluted post reverse split equity capitalization of the Company. It is currently anticipated that the consummation of the Reorganization will occur within twenty (20) days after the date this Information Statement is first mailed to the Company's stockholders.

The Company agreed that simultaneously with the consummation of the Reorganization, the existing director of the Company would appoint Lawrence M. Shultz, Sally J. Shultz and Kenneth D. Rickel, each designated by CRYO, to the Boards of Directors of the Company. Upon the effectiveness of such appointments, the Existing Director and the officers of the Company will resign from their respective positions.

1 The Company's Board of Directors, pursuant to the terms and conditions of the Share Exchange Agreement, will recommend to the shareholder's that a one (1) for four hundred (400) reverse split of the common shares be conducted. The Nevada Revised Statutes allows this action by shareholder consent of a majority of the Company's shareholders, and such action by the shareholders does not require notification to other shareholders. However, the Company will provide notification pursuant to the rules of the Act, as required.
