THE COMPANY

PacificNet Inc. was incorporated in Delaware in 1999. PacificNet Inc. (Nasdaq: PACT), through its subsidiaries, invests, operates and provides value-added telecom services (VAS) in China including call centers, telemarketing, CRM, interactive voice response (IVR), , short messaging services (SMS), multimedia messaging services (MMS), VoIP, mobile applications, calling cards, and sales and distribution of telecom services. We intend to continue to grow by acquiring and managing growing technology and network communications businesses with established products and customers in Asia. PacificNet's clients include the leading telecom operators, banks, insurance, travel, marketing, services companies and telecom consumers in Greater China, such as China Telecom (NYSE: CHA), China Mobile (NYSE: CHL), China Unicom (NYSE: CHU), PCCW (NYSE: PCW), Hutchison Telecom, CSL, SmarTone, Sunday (Nasdaq: SDAY), Swire Travel, Coca-Cola, SONY, Samsung, Dun & Bradstreet (NYSE: DNB), DBS, Hong Kong Government, and Hongkong Post.

We also engage in telecommunications, perform voice and data network communications and provide value-added telecommunication products and services in China, including call center, telemarketing, database management and data-mining services, e-commerce, mobile applications, short messaging services (SMS), multimedia messaging services (MMS), mobile commerce, VoIP, calling cards, and distribution of telecom services. Our business strategy is to take a leading role in a rapidly expanding business sector, namely the information technology solution provision and network communication businesses, in Asia and the greater People's Republic of China region. Our business can be classified into the following operating units:

- o PacificNet Solutions Ltd., or PacSo, is a subsidiary of PacificNet Inc. that specializes in systems integration, software application, and e-business solutions services in Hong Kong and Greater China. The scope of PacSo's products and services include smart card solutions, web based front-end applications and web based connections to backend enterprise planning systems.

- o PacificNet Communications Ltd., or PacComm, is a subsidiary of PacificNet Inc. and a leading provider of value-added telecom services, including call center, customer relationship management (CRM), telemarketing, and data-mining services, and mobile data services such as short message service (SMS), multi-media message service (MMS), unified messaging service (UMS), location-based service (LBS), WAP, and BREW-based CDMA applications, mobile commerce, roaming, paging, wireless internet, virtual private network (VPN) and voice over internet protocol (VoIP) services in the Greater China Region. On December 1, 2003, the Company signed an agreement to acquire a controlling interest in Epro Telecom Holdings Limited (Epro), one of the largest providers of value-added telecom services (VAS), interact voice response (IVR), mobile chatting, and voice-portal services in

Edgar Filing: PACIFICNET INC - Form S-3

Greater China with over 500 employees, 1000 call center seats and processes over 100,000 calls daily

o PacificNet Limited is a distributor and reseller of telecommunication, networking and computer equipment. In conjunction with our business of providing telecommunication services, PacificNet Limited is also engaged in telecommunication product distributions, which includes the resale of PABX telephone systems, basic switches and router equipments and mobile phone accessories targeted for retail customers.

o PacificNet Tech (SZ) Limited - PacificNet Tech (SZ) Limited is a subsidiary of PacificNet, Inc., registered as a Wholly Owned Foreign Enterprise in Shenzhen, the People's Republic of China ("PRC"). SZ was established to expand PacificNet's research, development, marketing and distribution in the PRC.

3

o PacificNet Strategic Investment Holdings Limited - PacificNet Strategic Investment Holdings Limited (PSI) is a subsidiary of PacificNet Inc. and an investment holding company. On December 15, 2003, PSI acquired 51% of the shares of, Beijing Linkhead Technologies Co., Ltd (Linkhead), a private PRC company. Linkhead is a leading provider of value-added telecom service (VAS), interactive voice response (IVR), mobile chatting, and voice-portal services in Greater China.

FORWARD-LOOKING STATEMENTS

Statements in this prospectus or in the documents incorporated by reference herein that are not descriptions of historical facts are forward-looking statements within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. Reference is made in particular to the description of our plans and objectives for future operations, assumptions underlying such plans and objectives and other forward-looking terminology such as "may," "expects," "believes," "anticipates," "intends," "expects," "projects," or similar terms, variations of such terms or the

4

negative of such terms. Forward-looking statements are based on management's current expectations. Actual results could differ materially from those currently anticipated due to a number of factors, including those set forth under "Risk Factors."

We expressly disclaim any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements contained herein to reflect any change in our expectations or any changes in events, conditions or circumstances on which any such statement is based.

5

RISK FACTORS

Investing in our securities involves risk. You should carefully consider the following factors as well as other information included or incorporated by reference in this prospectus before deciding to purchase our common stock. The risks and uncertainties we have described below are not the only ones facing our company. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business operations.

RISKS RELATED TO OUR BUSINESS

BECAUSE WE HAVE A LIMITED OPERATING HISTORY THERE MAY NOT BE SUFFICIENT INFORMATION FOR YOU TO EVALUATE OUR FUTURE GROWTH. We were founded and commenced operations in July 1999. We have a limited operating history from which investors can base evaluations of our business and prospects. In addition, our prospects must be considered in light of the risks and uncertainties inherent in and traditionally encountered by companies in an early stage of development in new and rapidly evolving markets. As at December 31, 2003, we had incurred losses aggregating \$1,805,000.

Edgar Filing: PACIFICNET INC - Form S-3

OUR GROWTH STRATEGY TO ACQUIRE COMPANIES AND FORM STRATEGIC ALLIANCES MAY NOT BE SUCCESSFUL, AND IF IT IS NOT, OUR ABILITY TO GENERATE REVENUES THROUGH THESE VEHICLES MAY BE IMPAIRED . One component of our growth strategy is to pursue strategic acquisitions of companies in China that have services, products, technologies, industry specializations or geographic coverage that extend or complement our existing business. There can be no assurance that we will be able to successfully identify, acquire on favorable terms or integrate such companies. If any acquisition or joint venture is completed, there can be no assurance that such acquisition will enhance our business, results of operations or financial condition. As part of its growth strategy, the Company may also pursue opportunities to undertake strategic alliances in the form of joint ventures. Joint ventures involve many of the same risks as acquisitions, as well as additional risks associated with possible lack of control of the joint ventures. Further, in connection with these acquisitions and joint venture transactions we plan to issue shares of our common stock. The price of our stock has fluctuated in the past and may continue to do so. If the value of our stock declines, or other adverse circumstances arise, we face the risk that the parties to these acquisitions or joint ventures may seek ways to terminate the transaction, or, may hinder or prevent us from accessing important information regarding the financial and business operations of these companies. Any rights we may have to specific performance, or to seek an injunction under Chinese law, in either of these cases, are severely limited, and without a means of recourse by virtue of the Chinese legal system, we may be unable to prevent these situations from occurring. The occurrence of any such events could have a material adverse effect.

The Company may in the future face increased competition for acquisition and joint venture opportunities, which may inhibit the Company's ability to consummate suitable acquisitions or joint ventures on terms favorable to the Company. The Company may require additional debt or equity financing for future acquisitions or joint ventures, which financing may not be available on terms favorable to the Company, if at all.

The Company recently entered into agreements to acquire controlling interests in Epro Telecom Holdings Limited and in Beijing Technologies Co., Ltd. The Company expects the acquisitions to strengthen its position as a provider of outsourced call center, telemarketing, customer relationship management and value added services. However, the anticipated benefits of these acquisitions may not be achieved.

6

WE RELY ON ESTABLISHED CUSTOMER RELATIONSHIPS TO GENERATE NEW CONSULTING SERVICES CUSTOMERS AND WITHOUT ANY ADDITIONAL MARKETING WE FACE THE RISK THAT WE WILL NOT BE ABLE TO OBTAIN NEW CUSTOMERS. We do not have an internal marketing team. In order to generate new consulting services customers, we rely primarily on customer referrals from relationships established by our executive management and business unit leaders. Without a marketing team our ability to generate new consulting services customers will be limited to our customer referrals, and if we are unable to successfully maintain existing relationships, and generate new consulting services customers in a cost-effective manner, our ability to generate revenues through our consulting services business could be severely limited.

OUR OPERATIONS COULD BE CURTAILED IF WE ARE UNABLE TO OBTAIN ANY REQUIRED ADDITIONAL FINANCING ON FAVORABLE TERMS, IF AT ALL. Since inception, our investments and operations have been financed through sales of our common stock. We currently have an available bank line of \$3,100,000 out of a total credit line of \$3,300,000. As of December 31, 2003, we had \$4,035,000 of cash. Subsequent to December 31, 2003, we completed a private placement of our common stock in which we received approximately \$3,000,000 of net proceeds. In the

Edgar Filing: PACIFICNET INC - Form S-3

future, we may need to raise additional funds through public or private financing, which may include the sale of equity securities. The issuance of these equity securities could result in dilution to our stockholders. If we are unable to raise capital when needed, our business growth strategy may slow, which could severely limit our ability to generate revenue.

COMPETITION. The market in which we compete is highly competitive and fragmented. We expect competition to persist and intensify in the future. Our competitors include small firms offering specific applications, divisions of large entities, large independent firms and, most significantly, the in-house operations of clients or potential clients. A number of competitors have or may develop greater capabilities and resources than ours. Similarly, there can be no assurance that additional competitors with greater resources than ours will not enter our market. Because our primary competitors are in-house operations of existing or potential clients, our performance and growth could be negatively impacted if our existing clients decide to provide in-house customer care services that currently are outsourced or if potential clients retain or increase their in-house customer service and product support capabilities. In addition, competitive pressures from current or future competitors could cause our services to lose market acceptance or result in significant price erosion, which would have a material adverse effect upon our business, results of operations or financial condition.

DEPENDENCE ON KEY PERSONNEL. We are highly dependent on the services of Tony Tong, our Chairman, President and Chief Executive Officer, as well as other principal members of our management. Our executives not only manage our day to day business operations, but are essential to our ability to establish and maintain relationships with our customers. Continued growth and profitability will depend upon our ability to maintain our current leadership infrastructure and recruit and retain qualified, and experienced executive personnel. Competition in our industry for executive-level personnel is strong and there can be no assurance that we will be able to hire, motivate and retain highly effective executive employees.

RISKS RELATED TO OUR TECHNOLOGY AND EQUIPMENT

RISK OF BUSINESS INTERRUPTION. Our operations are dependent upon our ability to protect our call centers, data centers, computer and telecommunications equipment and software systems against damage from fire, power loss, telecommunications interruption or failure, hacker attacks, natural disaster and other similar events. In the event we experience a temporary or permanent interruption at one or more of our Call Centers, through casualty, operating malfunction or otherwise, our business could be materially adversely affected and we may be required to pay contractual damages to some clients or allow some clients to terminate or renegotiate their contracts with us. While we maintain certain property and business interruption insurance, such insurance may not adequately compensate us for all losses that it may incur.

7

RISKS ASSOCIATED WITH TECHNOLOGY. Our business is highly dependent on our computer and telecommunications equipment and software systems. Our failure to maintain the superiority of our technological capabilities or to respond effectively to technological changes could have a material adverse effect on our business, results of operations or financial condition. Our future success also will be highly dependent upon our ability to enhance existing services and introduce new services or products to respond to changing technological developments. There can be no assurance that we can successfully develop and bring to market any new services or products in a timely manner, that such services or products will be commercially successful or that competitors' technologies or services will not render our products or services noncompetitive

Edgar Filing: PACIFICNET INC - Form S-3

or obsolete.

RISKS RELATED TO OUR DEPENDENCE ON THIRD PARTIES

RELIANCE ON MAJOR CLIENTS. We have strategically focused our marketing efforts on developing long-term relationships with major clients in targeted industries in the Greater China Region. As a result, a substantial portion of our revenues is derived from relatively few clients. Collectively, our 10 largest clients in 2003 accounted for over 80% of our 2003 revenue. There can be no assurance that we will be able to retain our significant clients or that, if we were to lose one or more of our significant clients, we would be able to replace such clients with clients that generate a comparable amount of revenues. Consequently, the loss of one or more of our significant clients could have a material adverse effect on our business, results of operations or financial condition.

A significant number of our arrangements with clients generate revenues based, in large part, on the amount of time which our personnel devote to such clients' customers. Consequently, and due to the primarily inbound nature of our business, the amount of revenues generated from any particular client is generally dependent upon consumers' interest in, and use of, the client's products and/or services. Furthermore, a significant portion of our expected revenues for 2004 relate to recently-introduced, unproven product or service offerings for our clients. There can be no assurance as to the number of consumers who will be attracted to the products and services of our clients and who will therefore need our services, or that our clients will develop new products or services that will require our services.

DEPENDENCE ON KEY INDUSTRIES. Our clients are concentrated primarily in the telecommunications, telemarketing, technology, travel, and transportation industries and, to a lesser extent, the insurance and financial services industries. Our business and growth is largely dependent on the continued demand for our services from these industries and current trends in such industries to outsource certain customer care services. A general economic downturn in any of these industries or a slowdown or reversal of the trend in any of these industries to outsource certain customer care services could have a material adverse effect on our business, results of operations or financial condition.

RISKS ASSOCIATED WITH DOING BUSINESS IN ASIA

THERE ARE SUBSTANTIAL RISKS ASSOCIATED WITH OUR ASIAN OPERATIONS. The establishment and expansion of international operations has required significant management attention and resources since our founding. All of our current and anticipated future revenues are or are expected to be derived from Asia. Our international operations are subject to additional risks, including the following, which, if not planned and managed properly, could materially adversely affect our business, financial condition and operating results:

- o language barriers and other difficulties in staffing and managing foreign operations;
- o legal uncertainties or unanticipated changes regarding regulatory requirements, liability, export and import restrictions, tariffs and other trade barriers;
- o longer customer payment cycles and greater difficulties in collecting accounts receivable;

8

- o uncertainties of laws and enforcement relating to the protection of intellectual property;
- o seasonal reductions in business activity; and
- o potentially uncertain or adverse tax consequences.

Edgar Filing: PACIFICNET INC - Form S-3

In addition, changes in the political and overall economic conditions of the Asian region, which are outside the control of management, could have a material adverse effect on our business, operating results and financial condition. We have historically conducted transactions with customers outside the United States in United States dollars. Payroll and other costs of foreign operations are payable in foreign currencies, primarily Hong Kong dollars and Chinese Renminbi. To the extent future revenue is denominated in foreign currencies, we would be subject to increased risks relating to foreign currency exchange rate fluctuations that could have a material adverse affect on its business, financial condition and operating results. To date, we have not engaged in any hedging transactions in connection with its international operations.

INTERNAL POLITICAL RISKS. Our operations and assets in China are subject to significant political and economic uncertainties. Changes in laws and regulations, or their interpretation, or the imposition of confiscatory taxation, restrictions on currency conversion, imports and sources of supply, devaluations of currency or the nationalization or other expropriation of private enterprises could have a material adverse effect on our business, results of operations and financial condition. Under its current leadership, the Chinese government has been pursuing economic reform policies that encourage private economic activity and greater economic decentralization. There is no assurance, however, that the Chinese government will continue to pursue these policies, or that it will not significantly alter these policies from time to time without notice.

NON-RENEWAL OF BUSINESS LICENSES. In order to expand our business into mainland China our activities will require business licenses. This requires a review and approval of our activities by various national and local agencies of the Chinese government. There can be no assurance that the current Chinese government, or successors, will continue to approve of our activities or grant or renew our licenses. Our inability to obtain needed approvals or licenses would have a material adverse effect on our business, financial condition and results of operations.

LACK OF REMEDIES AND IMPARTIALITY UNDER CHINESE LEGAL SYSTEM. Unlike the United States, China has a civil law system based on written statutes in which judicial decisions have little precedence value. The Chinese government has enacted some laws and regulations dealing with matters such as corporate organization and governance, foreign investment, commerce, taxation and trade. However, their experience in implementing, interpreting and enforcing these laws and regulations is limited, and our ability to enforce commercial claims or to resolve commercial disputes is unpredictable. These matters may be subject to the exercise of considerable discretion by agencies of the Chinese government, and forces unrelated to the legal merits of a particular matter or dispute may influence their determination.

FOREIGN CORRUPT PRACTICES ACT. We are subject to the United States Foreign Corrupt Practices Act, which generally prohibits United States companies from engaging in bribery or other prohibited payments to foreign officials for the purpose of obtaining or retaining business. Foreign companies, including some that may compete with us, are not subject to these prohibitions. Corruption, extortion, bribery, pay-offs, theft and other fraudulent practices occur from time-to-time in China. We have attempted to implement safeguards to prevent losses from such practices and to discourage such practices by our employees and agents. There is no assurance, however, that we will not suffer such losses or that our employees or other agents will not engage in such conduct for which we might be held responsible.

Edgar Filing: PACIFICNET INC - Form S-3

RISKS RELATED TO THE SALE OF OUR SHARES

OUR STOCK PRICE IS HIGHLY VOLATILE AND YOU MAY NOT BE ABLE TO SELL YOUR SHARES AT OR ABOVE THE PURCHASE PRICE. Our stock price has fluctuated in the past and may continue to do so. There is a significant risk that the market price of the common stock will decrease in the future in response to any of the following factors, some of which are beyond our control:

- o variations in our anticipated or actual operating results;
- o announcements that our revenue or income are below analysts' expectations;
- o general economic slowdowns;
- o changes in market valuations of similar companies;
- o sales of large blocks of our common stock;
- o announcements by us or our competitors of significant contracts, acquisitions, strategic partnerships, joint ventures or capital commitments; or
- o fluctuations in stock market prices and volumes, which are particularly common among highly volatile securities of internationally based companies.

10

USE OF PROCEEDS

The selling stockholders will receive all of the net proceeds from sales of common stock sold pursuant to this prospectus. However, the Company will receive approximately \$1,103,388 if all of the warrants are exercised. These funds would be used for general corporate purposes. We will not receive any proceeds from the sale of the shares by the selling stockholders.

SELLING STOCKHOLDERS

On January 15, 2004, we completed a private placement in which we sold an aggregate of 617,285 shares of common stock and issued warrants to purchase up to an aggregate of 154,320 shares of common stock to the selling stockholders listed in the table below. Under the terms of a registration rights agreement between each investor and us, we are required to file this registration statement prior to March 1, 2004. We also agreed to bear expenses in connection with the registration and sale of the shares. See "Plan of Distribution."

The following table sets forth information regarding the current beneficial ownership of our common stock by the selling stockholders and the as adjusted beneficial ownership by the selling stockholders, giving effect to the sale of the shares offered hereby. The shares beneficially owned have been determined in accordance with rules promulgated by the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. The information in the table below is current as of March 1, 2004 and the percentage of ownership shown in the table is based on approximately 7,260,262 shares of common stock issued and outstanding as of March 1, 2004. All information contained in the table below is based upon information provided to us by the selling stockholders and we have not independently verified this information. The selling stockholders are not making any representation that the shares covered by this prospectus will be offered for sale. The selling stockholders may from time to time offer and sell pursuant to this prospectus any or all of the common stock being registered.

No selling stockholder has held any position nor had any material relationship with PacificNet or its affiliates during the past three years.

12

PLAN OF DISTRIBUTION

We are registering the common stock on behalf of the above selling stockholders. The selling stockholders are offering shares of common stock that they received in connection with the private placement. As used in this prospectus, the term "selling stockholders" includes pledgees, transferees or other successors-in-interest selling shares received from the selling stockholders as pledgors, assignees, borrowers or in connection with other non-sale-related transfers after the date of this prospectus. This prospectus may also be used by transferees of the selling stockholders, including broker-dealers or other transferees who borrow or purchase the shares to settle or close out short sales of shares of common stock. The selling stockholders will act independently of us in making decisions with respect to the timing, manner and size of each sale or non-sale related transfer. We will not receive any of the proceeds of such sales by the selling stockholders.

The selling stockholders may sell their shares of common stock directly to purchasers from time to time. Alternatively, they may from time to time offer the common stock to or through underwriters, broker/dealers or agents, who may receive compensation in the form of underwriting discounts, concessions or commissions from the selling stockholders or the purchasers of such securities for whom they may act as agents. The selling stockholders and any underwriters, broker/dealers or agents that participate in the distribution of common stock may be deemed to be "underwriters" within the meaning of the Securities Act of 1933, as amended (the "Securities Act"), and any profit on the sale of such securities and any discounts, commissions, concessions or other compensation received by any such underwriter, broker/dealer or agent may be deemed to be underwriting discounts and commissions under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The selling stockholders have informed us that they do not have any agreement or understanding, directly or indirectly, with any person to distribute the Common Stock.

The common stock may be sold by the selling stockholders from time to time in one or more transactions at or on any stock exchange, market or trading facility on which shares are traded or in private transactions. The sales may be made at fixed prices, at prevailing market prices at the time of sale, at varying prices determined at the time of sale or at negotiated prices. The sale of the common stock may be affected by means of one or more of the following transactions (which may involve cross or block transactions):

- o a block trade in which the broker-dealer so engaged will attempt to sell such shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- o purchases by a broker-dealer as principal and resale by such broker-dealer for its own account pursuant to this prospectus;
- o on any exchange or quotation service on which the shares may be listed or quoted at the time of sale in accordance with the rules of the applicable exchange;
- o ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- o in privately negotiated transactions;
- o through the settlement of short sales;
- o broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;

Edgar Filing: PACIFICNET INC - Form S-3

- o a combination of any such methods of sale;
- o through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise; and
- o any other method permitted pursuant to applicable law.

13

The selling stockholders may also sell shares under Rule 144 of the Securities Act , if available, rather than under this prospectus. To the extent required, this prospectus may be amended and supplemented from time to time to describe a specific plan of distribution.

Broker-dealers engaged by the selling stockholders may arrange for other broker-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling stockholders (or, if any broker-dealer acts as agent for the purchase of shares, from the purchaser) in amounts to be negotiated. The selling stockholders do not expect these commissions and discounts to exceed what is customary in the types of transactions involved.

The selling stockholders may also enter into option or other transactions with broker-dealer's, or other financial institutions for the creation of one or more derivative securities, which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction.)

In connection with the sale of the common stock or otherwise, the selling stockholders may enter into hedging transactions with broker/dealers of other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The selling stockholders may also sell shares of our Common Stock short and deliver these shares to close out such short positions, or loan or pledge common stock to broker/dealers that in turn may sell such securities.

The selling stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, which provisions may limit the timing of purchases and sales of any of the common stock by the selling stockholders. The foregoing may affect the marketability of such securities.

Pursuant to the registration rights agreement with the selling stockholders, all expenses of the registration of the common stock will be paid by us, including, without limitation, SEC filing fees; provided, however, that the selling stockholders will pay any broker or similar commissions, or, except to the extent otherwise provided for, any legal fees or other costs of the selling stockholders. The selling stockholders will be indemnified by us against certain civil liabilities, including certain liabilities under the Securities Act, or will be entitled to contribution in connection therewith. We will be indemnified by the selling stockholders severally against certain civil liabilities, including certain liabilities under the Securities Act, or will be entitled to contribution in connection therewith.

To comply with the securities laws of certain jurisdictions, if applicable, the common stock will be offered or sold in such jurisdictions only through registered or licensed brokers or dealers.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Stockholders of
Epro Telecom Holdings Limited

We have audited the accompanying consolidated balance sheets of Epro Telecom Holding Limited, a Hong Kong limited liability company, and subsidiaries (the "Company") as of March 31, 2003 and 2002, and the related consolidated statements of operations, changes in stockholders' equity (deficiency), and cash flows for two preceding years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Company as of March 31, 2003 and 2002, and the consolidated results of its operations and its cash flows for the periods indicated in conformity with generally accepted accounting principles in the United States of America.

EPRO TELECOM HOLDINGS LIMITED AND SUBSIDIARIES
 NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
 FOR THE YEARS ENDED MARCH 31, 2003 AND 2002

 NOTE 1 - ORGANIZATION / SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES.

Epro Telecom Holdings Limited ("the Company") was incorporated in Hong Kong with limited liability under the Hong Kong Companies Ordinance. The principal activity of the Company is investment holding. The principal activities of its consolidated subsidiaries include providing telecommunications and information services to the major telecom operators, banks, insurance and financial services

Edgar Filing: PACIFICNET INC - Form S-3

companies in Greater China. The Company is headquartered in Kowloon Bay, Kowloon, Hong Kong.

Emil International (Holdings) Limited, a company incorporated in Hong Kong, is the immediate holding company of the Company. The directors of the Company consider the ultimate holding company to be Merry Silver Limited, a company incorporated in the British Virgin Islands.

The accompanying consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has a net stockholders' deficiency, negative working capital, and a recent significant net loss. These factors raise substantial doubt about the Company's ability to continue as a going concern. Continuation of the Company is dependent upon raising additional capital and ultimately, achieving net profits and positive cash flow from operations. Should the Company be unable to successfully accomplish the above objectives, it will not be able to continue operations.

To meet these objectives, management has available unused operating lines of credit at March 31, 2003 of approximately \$500,000 (HKD\$4,000,000), has obtained additional lines of credit and banking facilities subsequent to March 31, 2003 of approximately \$400,000 (HKD\$3,100,000), and has achieved a net profit for the nine months period ended December 31, 2003 (unaudited). Based on these mitigating factors, the Company's ability to continue as a going concern has been alleviated. Therefore, for at least the next twelve months, the Company can continue to operate as a going concern.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES.

ACCOUNTING METHOD - The financial statements were prepared under the accrual method of accounting.

PRINCIPLES OF CONSOLIDATION - The consolidated financial statements include the accounts of the Company and its wholly-owned and majority-owned subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation.

USE OF ESTIMATES - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Management makes its best estimate of the ultimate outcome for these items based on historical trends and other information available when the financial statements are prepared. Changes in estimates are recognized in accordance with the accounting rules for the estimate, which is typically in the period when new information becomes available to management. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS - The Company considers all highly liquid instruments purchased with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents consist of cash at bank and on hand and demand deposits with banks and other financial institutions.

CONCENTRATION OF CREDIT RISK - The Company derives all of its revenues from customers in Greater China.

F-14

FOREIGN CURRENCY TRANSLATION - The reporting currency used in the preparation of

Edgar Filing: PACIFICNET INC - Form S-3

these consolidated financial statements is United States Dollars (USD). The functional currency of the Company and its subsidiaries operating in Hong Kong is Hong Kong Dollars (HKD) and their financial records are maintained and their financial statements are prepared in HKD. The functional currency of the Company's subsidiary established in the People's Republic of China is Renminbi (RMB) and its financial records are maintained and its financial statements are prepared in RMB.

Transactions in foreign currencies are translated at exchange rates ruling at the transaction dates. Monetary assets and liabilities expressed in foreign currencies at the balance sheet date are translated at rates of exchange ruling at the balance sheet date. Exchange differences arising in these cases are included in net earnings (loss) on the statement of operations.

The translation of the consolidated financial statements into USD is performed for balance sheet accounts using the closing exchange rate in effect at the balance sheet date and for revenue and expenses using an average exchange rate during each reporting period. The resulting foreign currency translation gain or loss is included in other comprehensive income in the equity section of the balance sheet.

INVENTORIES - Inventories consist of finished goods of telecommunication products for resale and are stated at the lower of cost or net realizable value, with cost computed on a first-in, first-out basis.

FIXED ASSETS - Fixed assets are stated at cost less accumulated depreciation. Depreciation is computed on the straight-line method over the estimated useful lives of the assets, ranging from three to five years. Significant improvements and betterments are capitalized. Routine repairs and maintenance are expensed when incurred.

LONG-LIVED ASSETS - Long-lived assets, such as fixed assets, are reviewed for impairment when circumstances indicate the carrying value of an asset may not be recoverable. For assets that are to be held and used, an impairment loss is recognized when the estimated undiscounted cash flows associated with the asset or group of assets is less than their carrying value. If impairment exists, an adjustment is made to write the asset down to its fair value, and a loss is recorded as the difference between the carrying value and fair value. Fair values are determined based on quoted market values, discounted cash flows or internal and external appraisals, as applicable. Assets to be disposed of are carried at the lower of carrying value or estimated net realizable value.

RESEARCH AND DEVELOPMENT COSTS - Research and development costs are charged to operations when incurred and are included in operating expenses. Research costs for 2003 were \$31,365 (2002: \$0). Costs incurred on development projects relating to the design and testing of new or improved products are capitalized and deferred only when the technical feasibility and intention of completing the product under development has been demonstrated and the resources are available to do so, costs are identifiable and there is an ability to sell or use the asset that will generate probable future economic benefits. Amortization is calculated on a straight-line basis to write off the deferred development costs over the estimated commercial lives of the underlying products, subject to a maximum of twenty years, commencing from the date on which the products are available for use.

ADVERTISING COSTS - Advertising costs are expensed as incurred and amounted to \$14,163 for 2003 (2002: \$24,016).

CAPITALIZED INTEREST - Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of that asset. All other borrowing costs are

Edgar Filing: PACIFICNET INC - Form S-3

charged to the statement of operations when incurred. No interest cost was capitalized for 2002 and 2003.

F-15

EARNINGS PER SHARE - Basic earnings per share ("EPS") is calculated using net earnings and the weighted-averaged number of shares outstanding during the reporting period. Diluted EPS includes the effect from potential issuance of common stock, such as stock issuable pursuant to the exercise of stock options or other convertible securities, of which there are none during the reporting periods. All earnings per share in these financial statements are basic earnings (loss) per share.

INCOME TAXES - The Company recognizes deferred tax assets and liabilities for the expected tax consequences of temporary differences between the tax bases of assets and liabilities and their reported amounts using enacted tax rates in effect for the year the differences are expected to reverse. The Company records a valuation allowance to reduce the deferred tax assets to the amount that is more likely than not to be realized.

REVENUE RECOGNITION - Revenue is recognized when it is probable that the economic benefits will flow to the Company and when the revenue can be measured reliably. Revenue from service fee income is recognized when the services are rendered.

ALLOWANCE FOR DOUBTFUL ACCOUNTS - The Company presents accounts receivable, net of allowances for doubtful accounts to ensure accounts receivable are not overstated due to uncollectibility. The allowances are calculated based on detailed review of certain individual customer accounts, historical rates and an estimation of the overall economic conditions affecting the Company's customer base. The Company reviews a customer's credit history before extending credit. If the financial condition of its customers were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances may be required. There was no allowance for either of the periods presented.

COMPREHENSIVE INCOME - The Company includes items of other comprehensive income by their nature in a financial statement and displays the accumulated balance of other comprehensive income separately from retained earnings and additional paid-in capital in the equity section of the balance sheet. Other comprehensive income consists of cumulative translation adjustments.

FAIR VALUE OF FINANCIAL INSTRUMENTS - For certain of the Company's financial instruments, including cash and cash equivalents, trade and other receivables, trade and other payables, and amounts due to and from related parties, the carrying amounts approximate fair value due to their short maturities.

RELATED PARTY TRANSACTIONS - A related party is generally defined as (i) any person that holds 10% or more of the Company's securities and their immediate families, (ii) the Company's management, (iii) someone that directly or indirectly controls, is controlled by or is under common control with the Company, or (iv) anyone who can significantly influence the financial and operating decisions of the Company. A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties.

NOTE 2 - RELATED PARTY TRANSACTIONS

	-----	-----
Noncurrent portion	\$ 169,957	\$ 19,672
	=====	=====

[1] The loans were secured by the following: joint and several personal guarantees executed by certain directors of the Company; corporate guarantee executed by a subsidiary of the Company; second legal charge over a property owned by a fellow subsidiary of the Company; charge over certain trade receivables of a subsidiary of the Company; and pledged bank deposits of a subsidiary of the Company in the amount of \$153,649 (2002: \$151,903).

Aggregate future maturities of borrowing for the next five years are as follows: (2004: \$728,796; 2005: \$104,750; 2006: \$65,207; 2007: \$0; and 2008: \$0)

F-17

The Company has established lines of credit with quality financial institutions of approximately \$1,300,000 (HKD\$10,000,000) to finance general working capital requirements and trade transactions. Interest is charged at the bank's prime lending rate plus 0.5%-2% per annum depending on the reason for the utilization of the line, i.e. overdraft protection, receivable financing, etc. At March 31, 2003, the Company had available unused lines of credit of approximately \$500,000.

NOTE 5 - CAPITAL LEASE OBLIGATIONS

The Company leases various equipment under capital leases expiring in various years through 2005. The assets and liabilities under capital leases are recorded at the lower of the present value of the minimum lease payments or the fair value of the asset. The assets are depreciated over the lesser of their related lease terms or their estimated productive lives and are secured by the assets themselves. Depreciation of assets under capital leases is included in depreciation expense for 2003 and 2002.

Aggregate minimum future lease payments under capital leases as of March 31, 2003 for each of the next five years are as follows: (2004: \$100,934; 2005: \$50,896; 2006: \$0; 2007: \$0; and 2008: \$0)

Capital lease obligations represent the following:

NOTE 8 - EMPLOYEE BENEFIT PLAN

Through one of the Company's wholly-owned subsidiaries, the Company operates two defined contribution retirement plans for eligible employees which are recognized as exempted Mandatory Provident Fund Schemes under the Hong Kong Mandatory Provident Fund Schemes Ordinance. For those employees who are not qualified for the above retirement plan, they are required to participate in a defined contribution Mandatory Provident retirement benefits plan under the Hong Kong Mandatory Provident Fund Schemes Ordinance. The plan assets are held separately from those of the Company in an independently administered fund. Contributions to the plan, net of forfeited contributions, which are included in wage-related expenses in the statement of operations for 2003 and 2002 were approximately (\$28,000) and \$125,000, respectively.

NOTE 9 - SUBSEQUENT EVENTS

On December 1, 2003, the Company signed an agreement with PacificNet Communications Limited, a wholly-owned subsidiary of PacificNet Inc., a company that trades on the Nasdaq small cap market, to sell 50% of its shares for a total purchase consideration of approximately US\$3.5 million payable in cash and shares by PacificNet Inc.

ITEM 17. UNDERTAKINGS

Undertaking Required by Item 512 of Regulation S-B.

(a) The undersigned registrant hereby undertakes:

- (1) To file, during any period in which it offers or sells securities,

Edgar Filing: PACIFICNET INC - Form S-3

a post-effective amendment to this Registration Statement to:

(i) include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) reflect in the prospectus any facts or events which, individually or together, represent a fundamental change in the information in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of

II-1

prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement;

(iii) include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the registration statement;

PROVIDED, HOWEVER, that paragraphs (a)(1)(I) and (a)(1)(ii) of this section do not apply if the Registration Statement is on Form S-3, Form S-8 or Form F-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 15 hereof or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is therefore, unenforceable. In the event that a claim

Edgar Filing: PACIFICNET INC - Form S-3

for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer, controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
