PART I

ITEM 1. DESCRIPTION OF BUSINESS

BUSINESS DEVELOPMENT

Idea Sports Entertainment Group, Inc. (together with its subsidiaries, hereinafter referred to as the "Company", "Idea Sports", "we" or "us"), is a holding company with four wholly owned subsidiaries, Maxx Motorsports, Inc. ("Maxx"), Idea Management Group, Inc. ("IMGI"), World Championship Poker, Inc. ("Poker") and Strategic Gaming Consultants, LLC, ("Gaming").

On April 24, 2006, we filed a Definitive Information Statement pursuant to Section 14C which provided that effective May 15, 2006; 1) the name of the Company would be changed to Healthsport, Inc.; 2) the Company's issued and outstanding shares would be reverse-split one share for each 200 shares; and 3) the Company's Certificate of Incorporation would be restated to reflect these amendments. These amendments were approved by the Company's Board of Directors and in writing by 52.33% of the Company's shareholders on March 31, 2006.

Idea Sports Entertainment Group, Inc., a Delaware corporation, was originally incorporated on July 25, 1985 as Horizon Capital Corp. We were known as Reconversion Technologies, Inc. until May 1, 2000, at which time our name was changed to Logisoft Corp. On May 15, 2001, we changed our name from Logisoft Corp. to Team Sports Entertainment, Inc. and on November 8, 2004, we changed our name to Idea Sports Entertainment Group, Inc.

ELECTROLYTE STRIP

On April 19, 2005, we entered into a joint development agreement with InnoZen, Inc. ("InnoZen") to jointly develop a film strip product containing electrolytes to replenish the body while under physical stress (the "electrolyte strip"). InnoZen had experience in the formulation, development, manufacturing and sale of edible thin strips containing drug active ingredients. We have the ability to assist in obtaining endorsements for the electrolyte strips by well-known athletes and coaches. We contributed \$115,500 in cash and 250,000 shares of our common stock, valued at \$19,191 using the Black-Scholes valuation model, for our 50% interest in the joint venture. We would be required to issue an additional 250,000 shares of our common stock upon completion of the development of a saleable product.

As of September 30, 2005, the joint venture had completed a product formulation of an acceptable thin film prototype containing electrolytes and had completed laboratory stability testing for the oral dosage product. The joint venture produced initial electrolyte strips capable of holding a deliverable load of electrolytes equal to approximately one fluid ounce of most recognized sports drinks. The electrolyte strips were produced for flavor testing with initial

Edgar Filing: Idea Sports Entertainment Group, Inc. - Form 10KSB

flavors to be lemon-lime, orange and sour orange.

InnoZen has been unable to complete a saleable product and all joint venture funds have been expended as of December 31, 2005.

On March 29, 2006, we entered into a Unit Purchase Agreement with the majority of the unit holders of Health Strip Solutions, LLC, ("Health Strip"), a Nevada limited liability corporation, to acquire 80% of Health Strip in exchange for 100,000,000 shares of our \$.0001 par value common stock. The seller has the right to rescind this transaction by May 31, 2006, if we are unable to cause a minimum of \$4,000,000 of our outstanding liabilities to convert into our common stock by May 15, 2006. Health Strip has use rights to patented process technology for the formulation and for the manufacture of a thin film electrolyte strip. In addition, Health Strip has tentative agreements in place for the marketing and distribution of our strip. Health Strip, through its manufacturing agreement has the process technology to manufacture thin film strips to deliver an electrolyte product.

IMGI

On September 9, 2004, we acquired all of the issued and outstanding common stock of IMGI in exchange for warrants to acquire 15,000,000 shares of our common stock at an exercise price of \$.10 per share. In addition, in the event IMGI generates \$2,000,000 in gross revenue within 36 months of closing, the sellers of IMGI would receive additional warrants to acquire 15,000,000 shares of our common stock at an exercise price of \$.10. IMGI is a South Carolina corporation organized on July 28, 2004 and had no prior operations. Accordingly, this transaction was valued at \$1,200, which was the amount the sellers of IMGI paid for IMGI's common stock.

POKER

On June 28, 2005, we issued 3,850,000 shares of our common stock, which were valued at \$295,544 using the Black-Scholes valuation model, to acquire Poker, whose principal asset is the rights to a proprietary fantasy football format, with the working title, Vegas Roll'em(TM) Fantasy Football ("Vegas Roll'em"). Poker recorded the investment of \$295,544 as goodwill.

In January 2005, the Rules of Competition for Vegas Roll'em received a copyright from the United States Copyright Office. This format allows live filming of the high stakes action as it unfolds. Each player will have a roll of the dice to determine which of his players will make up his team. According to the Fantasy Sports Trade Association, fantasy football was played by nearly fifteen million participants last year. This internet-based phenomenon has created a four billion dollar industry.

We began our initial sales during the quarter ended September 30, 2005 and believed we had commenced operations and completed our development stage as of that date. However, due to delays encountered in developing a functional website, which delayed the date for commencing sales, we determined we would not have sufficient participants to have a viable program during the 2005 season. Accordingly, we returned all fees collected and cancelled the program. We have

re-instituted the development stage for our business from the original inception date of September 9, 2004. While we may still pursue the project for the 2006 season, our principal focus is on the agreement with Health Strip. Accordingly, we elected to impair our investment in the goodwill associated with Poker to the \$50,000 amount we have determined to be the fair value of the investment.

Edgar Filing: Idea Sports Entertainment Group, Inc. - Form 10KSB

TELEVISION PROGRAMS

On October 15, 2004, we acquired two television programs entitled "America's Top Drivers" and "Women's Racing League" in exchange for warrants to acquire 1,750,000 shares of our common stock at an exercise price of \$.10 per share. The transaction was valued at \$65,458 using the Black-Scholes option pricing model. As of December 31, 2005, we were unable to locate a venue to produce the shows. Accordingly, we fully impaired our investment of \$65,458.

On September 28, 2005, we completed the modification of our television program purchase agreement in order to recognize the compensation element of the agreement. The warrants to acquire 1,750,000 shares of our common stock at \$.10 per share were cancelled and we issued 3,600,000 shares of our common stock to the seller of the programs. The 3,600,000 shares of common stock were valued at \$251,640, utilizing the Black-Scholes valuation model. The \$251,640 was reduced by the original calculated value of the warrants, which were cancelled, of \$65,458 and a net consulting fee expense of \$186,182 was recorded.

GAMING

On October 27, 2004, we acquired all of the issued and outstanding memberships of Gaming in exchange for warrants to acquire 750,000 shares of our common stock at an exercise price of \$.10 per share. In addition, in the event Gaming generates \$2,000,000 in gross revenue within 36 months of closing, the sellers of Gaming would receive additional warrants to acquire 750,000 shares of our common stock at an exercise price of \$.10. Gaming is a Nevada limited liability corporation organized on September 7, 2004. Gaming had no prior operations and has no assets. Accordingly, the transaction was recorded with no value. Gaming is not currently active and has not had any activity since its inception.

MAXX

Maxx, through its wholly owned subsidiary, Team Racing Auto Circuit, LLC, a Delaware limited liability company ("TRAC"), planned to develop, own, operate and sanction an automotive racing league designed to provide content for television and tracks while expanding the existing base of racing fans. We were in the development stage since our inception on May 15, 2001, and did not establish sources of revenue sufficient to fund the development of business and pay operating expenses, resulting in a net loss of \$15,054,021 from inception through December 31, 2003. Accordingly, on August 26, 2003, our Board of Directors unanimously approved a plan to immediately discontinue our racing operation.

BUSINESS OF THE COMPANY

As noted above under Business Development, we have been involved in a number of projects primarily involved in the sports and entertainment area. While we may devote resources to some of the other projects, we expect to focus all of our immediate time and resources on development of an electrolyte strip through our Health Strip investment.

EMPLOYEES

At December 31, 2005 and 2004, we had one part-time employee and one full-time employee, respectively.

ITEM 2. DESCRIPTION OF PROPERTY

Edgar Filing: Idea Sports Entertainment Group, Inc. - Form 10KSB

The Chief Executive Officer currently provides office space in Dallas, Texas without cost to us.

ITEM 3. LEGAL PROCEEDINGS

On February 18, 2004, four Georgia shareholders filed suit in the Superior Court of Fulton County against the Company's former CEO, William G. Miller of Alpharetta, Georgia. The suit alleged breach of contract, wrongful conversion of company monies, mismanagement, breach of fiduciary duty and fraud on the part of the defendants while serving the Company in 2001 and 2002. The suit contended Idea Sport's shareholders suffered market losses in excess of \$50 million. Also named in the action was Jon Pritchett, who was president of the Company while Miller was CEO.

On May 3, 2004, Miller, Pritchett and three other individuals filed several derivative and individual claims against the Company, its Directors and certain of its shareholders in the Court of Chancery of the State of Delaware in and for New Castle County, C.A. No. 413-N. The Company filed a counterclaim against Miller and Pritchett on November 24, 2004.

On March 15, 2005, all parties to the litigation agreed to dismiss with prejudice all claims and counterclaims. The final settlement was approved by the court in Georgia on September 20, 2005, and by the court in Delaware on September 21, 2005.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

No matters were submitted to a vote of security holders during the fourth quarter of 2005.

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Our \$0.0001 par value per share common stock is traded in the over-the-counter market and is quoted on the National Association of Securities Dealers ("NASD") Over-The Counter Bulletin Board ("OTCBB") under the symbol "ISPO.OB." Prior to November 8, 2004, we were quoted on the OTCBB under the symbol "TSPT.OB;" prior to May 18, 2001, we were quoted on the OTCBB under the symbol "LGST;" and prior to May 1, 2000, were quoted on the OTCBB under the symbol "RTTK."

The following table sets forth the quarterly high and low daily bids for our common stock as reported by the OTCBB for the two years ended December 31, 2005. The bids reflect inter-dealer prices without adjustments for retail mark-ups, mark-downs or commissions and may not represent actual transactions.

	High ----	Low ---

The OTCBB is a quotation service sponsored by the NASD that displays real-time quotes and volume information in over-the-counter ("OTC") equity securities. The OTCBB does not impose listing standards or requirements, does not provide automatic trade executions and does not maintain relationships with quoted issuers. A company traded on the OTCBB may face loss of market makers and lack of readily available bid and ask prices for its stock and may experience a greater spread between the bid and ask price of its stock and a general loss of liquidity with its stock. In addition, certain investors have policies against purchasing or holding OTC securities. Both trading volume and the market value of our securities have been, and will continue to be, materially affected by the trading on the OTCBB.

HOLDERS

At March 31, 2006, there were 456 holders of record of our common stock, an undetermined number of which represent more than one individual participant in securities positions with us.

DIVIDENDS

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

The Company, which has been in the development stage for its planned racing operation since its inception, May 15, 2001, did not establish sources of revenue sufficient to fund the development of business and pay operating expenses, resulting in a net loss of \$15,054,021 from inception through December 31, 2003. On August 26, 2003, our Board of Directors unanimously approved a plan to immediately discontinue our racing operation. Since August 26, 2003 and until September 9, 2004, we have been attempting to find a suitable acquisition candidate. On September 9, 2004, with the acquisition of IMGI, we completed one development stage, which had been included in discontinued operations, and commenced a new development stage operation.

MAXX

Maxx, through its wholly owned subsidiary, Team Racing Auto Circuit, LLC, a Delaware limited liability company ("TRAC"), planned to develop, own, operate and sanction an automotive racing league designed to provide content for television and tracks while expanding the existing base of racing fans. We were in the development stage since our inception on May 15, 2001, and did not establish sources of revenue sufficient to fund the development of business and pay operating expenses, resulting in a net loss of \$15,054,021 from inception through December 31, 2003. Accordingly, on August 26, 2003, our Board of Directors unanimously approved a plan to immediately discontinue our racing operation.

GOING CONCERN FACTORS--LIQUIDITY

We have not established sources of revenues sufficient to fund the development of business, projected operating expenses and commitments for fiscal year 2005. We have been in the development stage since our inception, May 15, 2001, and have accumulated a net loss of \$15,054,021 through December 31, 2003. We have ceased our plans to begin a racing league and all operations have been discontinued. This discontinued operation had a loss of \$28,960 and \$671,289 during the year ended December 31, 2005 and 2004, respectively.

Since August 26, 2003, we attempted to locate and negotiate with a business entity for the merger of that target business into Idea Sports. As discussed above, we acquired new development stage businesses commencing on September 9, 2004. Since September 9, 2004, we have incurred losses in the amount of \$1,877,465 and \$344,616, in 2005 and 2004, respectively. A group of the note holders have agreed to advance funds on a limited basis to allow us to attempt to develop a business capable of generating revenues sufficient to fund projected operating expenses and commitments. However, there can be no assurance that the group of note holders will be able to continue to provide sufficient funding to develop our current business plan.

In addition, our current liabilities exceed our assets by approximately \$4,850,000, and \$229,934 of our convertible promissory notes payable obligations are in default. The remaining balances of the convertible promissory notes in the total amount of \$4,300,375, as amended, are due on June 30, 2006. Pursuant to the acquisition of Health Strip, we are required to convert at least \$4,000,000 of our outstanding liabilities into our common stock by May 15, 2006. It is our intention to convert substantially all of our outstanding liabilities

Edgar Filing: Idea Sports Entertainment Group, Inc. - Form 10KSB

into common stock. However, there can be no assurance that this will be accomplished by that date.

These conditions raise substantial doubt about our ability to continue as a going concern. The consolidated financial statements do not include any adjustments that may result from the outcome of these uncertainties.

DISCONTINUED OPERATIONS

We have been in the development stage since our inception, May 15, 2001, and we did not establish sources of revenue sufficient to fund the development of business and pay operating expenses, resulting in a net loss of \$15,054,021 from inception through December 31, 2003. As a result of the continuing losses, on August 26, 2003, our Board of Directors unanimously approved a plan to immediately discontinue our racing operation. This discontinued operation had a loss of \$28,960 and \$671,289 during the year ended December 31, 2005 and 2004, respectively. While we do not expect any additional liability, we were a party to a racing car design and construction agreement, a team sales brokerage agreement and a broadcasting agreement which have not been formally cancelled.

NEW ACCOUNTING STANDARDS

Accounting standards that have been issued or proposed by the FASB or other standards-setting bodies that do not require adoption until a future date are not expected to have a material impact on the consolidated financial statements upon adoption.

CRITICAL ACCOUNTING POLICIES

The SEC issued Financial Reporting Release No. 60, "Cautionary Advice Regarding Disclosure about Critical Accounting Policies" ("FRR 60"), suggesting companies provide additional disclosure and commentary on their most critical accounting policies. In FRR 60, the SEC defined the most critical accounting policies as the ones that are most important to the portrayal of a company's financial condition and operating results, and require management to make its most difficult and subjective judgments, often as a result of the need to make estimates of matters that are inherently uncertain. Based on this definition and based on our current status as a development stage company, Idea Sports' most critical accounting policies include the valuation of intangibles, which affects their amortization and impairment calculations and stock-based compensation. The methods, estimates and judgments Idea Sports uses in applying these most critical accounting policies have a significant impact on the results it reports in its consolidated financial statements.

INTANGIBLE ASSET VALUATION - The determination of the fair value of certain acquired assets and liabilities is subjective in nature and often involves the use of significant estimates and assumptions. Determining the fair values and useful lives of intangible assets especially requires the exercise of judgment. Idea Sports may use its common stock to acquire assets and will use the Black-Scholes valuation method or another acceptable method to determine a valuation for the stock used in an acquisition. The Black-Scholes valuation method calculates a volatility factor for the stock price and extrapolates a valuation using these criteria. This valuation method has generally proven effective for companies with established markets for their common stock; however, due to the lack of an established trading market for Idea Sports, a development stage company, in the opinion of management, this may result in an unduly high valuation for the stock.

Edgar Filing: Idea Sports Entertainment Group, Inc. - Form 10KSB

STOCK-BASED COMPENSATION - We record stock-based compensation to outside consultants at fair value in general and administrative expense. Historically, we have not recorded expenses relating to stock options granted to employees with an exercise price greater than or equal to market price at the time of grant. We have reported pro-forma net loss and loss per share in accordance with the requirements of SFAS 123 and SFAS 148. This disclosure shows net loss and loss per share as if we had accounted for our employee stock options under the fair value method of those statements. Pro-forma information is calculated using the Black-Scholes pricing method on the date of grant. This option valuation model requires input of highly subjective assumptions. Because our employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing model does not necessarily provide a reliable single measure of fair value of our employee stock options. We did not have any stock-based compensation during 2005 and 2004; however, we did have option compensation in 2003 and expect to have option compensation in the future.

12

In December 2004, the FASB issued SFAS 123 (revised 2004), "Share-Based Payment" (SFAS 123(R)). Among other things, SFAS 123(R) requires expensing the fair value of stock options, previously optional accounting. For transition, upon adoption on January 1, 2006, SFAS 123(R) would require expensing any unvested options and will also require us to change the classification of certain tax benefits from option deductions to financing rather than operating cash flows.

OTHER - The Company expects revenue recognition and other financial estimates to become critical as business develops in the future.

OFF-BALANCE SHEET ARRANGEMENTS

The Company does not have any material off-balance sheet arrangements.

Report of Independent Registered Public Accounting Firm

Board of Directors and Stockholders

Idea Sports Entertainment Group, Inc. and Subsidiaries:

We have audited the accompanying consolidated balance sheet of Idea Sports Entertainment Group, Inc. and Subsidiaries (a development stage company) as of December 31, 2005, and the related consolidated statements of operations, stockholders' deficit and cash flows for the years ended December 31, 2005 and 2004, and the period from inception (September 9, 2004) through December 31, 2005. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Idea Sports Entertainment Group, Inc. and Subsidiaries (a development stage company) at December 31, 2005, and the results of their operations and their cash flows for the years ended December 31, 2005 and 2004, and the period from inception (September 9, 2004) through December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that Idea Sports Entertainment Group, Inc. and Subsidiaries (a development stage company) will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, Idea Sports Entertainment Group, Inc. and Subsidiaries have acquired new non-operating businesses and have ceased its plans to begin a racing league for which all operations have been discontinued. In addition, current liabilities of Idea Sports Entertainment Group, Inc. and Subsidiaries exceed its assets by approximately \$4,850,000, and several of its convertible promissory notes payable obligations are in default. These conditions raise substantial doubt about Idea Sports Entertainment Group, Inc. and Subsidiaries' ability to continue as a going concern. Management's plans regarding these matters are also described in Note 1. The consolidated financial statements do not include any adjustments that may result from the outcome of these uncertainties.

IDEA SPORTS ENTERTAINMENT GROUP, INC. AND SUBSIDIARIES
(A DEVELOPMENT STAGE COMPANY)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PRINCIPLES OF CONSOLIDATION AND BASIS OF PRESENTATION

The consolidated financial statements include the accounts of Idea Sports Entertainment Group, Inc. ("Idea Sports") and its wholly owned subsidiaries, Idea Management Group, Inc. ("IMGI"), World Championship Poker, Inc. ("Poker"), Strategic Gaming Consultants, LLC ("Gaming") and Maxx Motorsports, Inc. (Maxx) and its wholly owned subsidiary, Team Racing Auto Circuit, LLC (TRAC), collectively referred to as "the Company" or "the Companies". All significant inter-company balances and transactions have been eliminated in consolidation. Development of the Company's film strip product containing electrolytes represents the continuing operations of the Company and the primary current development stage operation.

Maxx, through its wholly owned subsidiary, TRAC, planned to develop, own, operate and sanction an automotive racing league (the League) designed to provide content for television and tracks while expanding the existing base of racing fans. Accordingly, the operations of the Companies were presented as those of a development stage enterprise, from its inception (May 15, 2001) as prescribed by Statement of Financial Accounting Standards (SFAS) No. 7, "Accounting and Reporting by Development Stage Enterprises." On August 26, 2003, the Board of Directors of the Company unanimously approved a plan to immediately discontinue its racing operation. Accordingly, all prior operations from this business activity are classified as discontinued operations in the accompanying consolidated financial statements.

Idea Sports acquired IMGI, Poker and Gaming, all of which are non-operating development stage enterprises within the meaning of SFAS No. 7. Accordingly, the costs associated with the new development stage activities have a new inception date of September 9, 2004, and all prior development stage costs associated with the discontinued automotive racing league have been transferred to accumulated deficit. The Company follows the AICPA SOP 98-5, "Reporting on the Costs of Start-Up Activities" in accounting for its start-up activities.

ORGANIZATION AND NATURE OF BUSINESS

Idea Sports, a Delaware corporation, is a holding company with four wholly owned subsidiaries.

IMGI is a concept development company that internally creates projects in the fields of professional sports, motion pictures, publishing, licensed merchandise and other entertainment products for distribution into the global marketplace.

Edgar Filing: Idea Sports Entertainment Group, Inc. - Form 10KSB

After an unsuccessful attempt to develop its electrolyte strip product in a joint venture with InnoZen, Inc. ("InnoZen"), on March 31, 2006, the Company acquired 80% of Health Strip Solutions, LLC ("Health Strip") to complete the development of a saleable product. All funds in the InnoZen joint venture had been expended as of December 31, 2005. See Note 2.

On June 28, 2005, the Company acquired Poker (see Note 2). The Company initiated sales of a proprietary fantasy football format during September 2005 and believed it had completed the development stage on that date. However, as a result of the late start in marketing the program, the Company returned all fees collected and cancelled the season. The Company re-instituted the development stage for its businesses from the original inception date of September 9, 2004. While the Company may elect to operate the fantasy football program for the 2006 season, the principal focus of the Company will be on development of the electrolyte strip with Health Strip. Accordingly, the Company impaired the goodwill associated with Poker to the \$50,000 amount which was determined to be the fair value of the investment.

The Company acquired two television programs during 2004. As of December 31, 2005, the Company was unable to locate a venue to produce the shows. Accordingly, the Company fully impaired its investment.

Gaming was assigned no value when acquired and is currently inactive.

Maxx, a South Carolina corporation, through its wholly owned subsidiary, TRAC, planned to develop, own, operate, and sanction an automotive racing league designed to provide content for television and tracks while expanding the existing base of racing fans. This operation was discontinued on August 26, 2003.

On November 8, 2004, the Company changed its name from Team Sports Entertainment, Inc. ("Team Sports") to Idea Sports Entertainment Group, Inc. On May 15, 2001, Team Sports changed its name from Logisoft Corp. to Team Sports Entertainment, Inc.

GOING CONCERN

The Company has not established sources of revenues sufficient to fund the development of business, projected operating expenses and commitments for fiscal year 2006. The Company, which has been in the development stage since its inception, May 15, 2001, has accumulated a net loss of \$15,054,021 through December 31, 2003. The Company ceased its plans to begin a racing league and all operations have been discontinued. This discontinued operation had a loss of \$28,960 and \$671,289 during the years ended December 31, 2005 and 2004, respectively.

Since August 26, 2003, the Company attempted to locate and negotiate with a business entity for the merger of that target business into the Company. As discussed above, the Company has acquired new development stage businesses commencing on September 9, 2004. Since September 9, 2004, the Company has incurred losses in the amount of \$2,222,081. A group of the note holders have agreed to advance funds on a limited basis to allow the Company to develop a business capable of generating revenues sufficient to fund projected operating expenses and commitments. However, there can be no assurance that the group of note holders will be able to continue to provide sufficient funding to develop the Company's current business plan.

In addition, current liabilities of the Company exceed its assets by approximately \$4,850,000, and \$229,934 of its convertible promissory notes payable obligations are in default. The remaining balances of the convertible promissory notes in the total amount of \$4,300,375, as amended, are due on June 30, 2006. Pursuant to the acquisition of Health Strip, the Company is required to convert at least \$4,000,000 of its outstanding liabilities into its common stock by May 15, 2006. It is the Company's intention to convert substantially all of its outstanding liabilities into common stock. However, there can be no assurance that this will be accomplished by that date.

These conditions raise substantial doubt about the Company's ability to continue as a going concern. The consolidated financial statements do not include any adjustments that may result from the outcome of these uncertainties.

CASH AND CASH EQUIVALENTS

The Company considers all cash on hand, cash in banks and all highly liquid debt instruments purchased with a maturity of three months or less to be cash and cash equivalents.

REVENUE RECOGNITION

Revenue from product sales is recognized when the related goods are shipped and all significant obligations have been satisfied. Revenue from services is recognized when the services are performed. No revenue has been recognized.

STOCK OPTION PLANS

Until December 31, 2005, Idea Sports applied the intrinsic value-based method of accounting prescribed by Accounting Principles Board Opinion No. 25 (APB No. 25), "Accounting for Stock Issued to Employees," and related interpretations, in accounting for its stock option plan. As such, compensation expense would be recorded on the date of grant only if the current market price of the underlying stock exceeded the exercise price.

SFAS No. 123, "Accounting for Stock Based Compensation" (SFAS No. 123), requires the Company to disclose pro forma information regarding option grants made to its employees. SFAS No. 123 specifies certain valuation techniques that produce estimated compensation charges that are included in the pro forma results below. These amounts have not been reflected in the Company's consolidated statements of operations, because APB No. 25 specifies that no compensation charge arises when the price of the employees' stock options equal the market value of the underlying stock at the grant date, as in the case of options granted to Idea Sports employees, board of directors, advisory committee members, and consultants.

There were no option grants to employees during the two years ended December 31, 2005. Accordingly, pro forma disclosure is not required.

In December 2004, the FASB issued SFAS 123 (revised 2004), "Share-Based Payment" (SFAS 123(R)). Among other things, SFAS 123(R) requires expensing the fair value of stock options, previously optional accounting. For transition, upon adoption on January 1, 2006, SFAS 123(R) would require expensing any unvested options and will also

Edgar Filing: Idea Sports Entertainment Group, Inc. - Form 10KSB

require us to change the classification of certain tax benefits from option deductions to financing rather than operating cash flows.

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options that have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because Idea Sports employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion the existing models do not necessarily provide a reliable single measure of the fair value of Idea Sports' options.

DEFERRED INCOME TAXES

Deferred income taxes are provided for temporary differences between financial and tax reporting in accordance with the liability method under the provisions of SFAS No. 109, "Accounting for Income Taxes." A valuation allowance is recorded to reduce the carrying amounts of deferred tax assets unless management believes it is more likely than not that such assets will be realized.

EARNINGS (LOSS) PER COMMON SHARE

Earnings (loss) per common share are calculated under the provisions of SFAS No. 128, "Earnings per Share" ("SFAS No. 128"), which established new standards for computing and presenting earnings per share. SFAS No. 128 requires Idea Sports to report both basic earnings per share, which is based on the weighted-average number of common shares outstanding, and diluted earnings per share, which is based on the weighted-average number of common shares outstanding plus all potential dilutive shares outstanding. At December 31, 2005 and 2004, all exercisable common stock equivalents were antidilutive and are not included in the earnings (loss) per share calculations. Accordingly, basic and diluted earnings per share are the same for all periods presented.

ESTIMATES

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

RECENT ACCOUNTING PRONOUNCEMENTS

Accounting standards that have been issued or proposed by the FASB or other standards-setting bodies that do not require adoption until a future date are not expected to have a material impact on the consolidated financial statements upon adoption.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost, less accumulated depreciation. Depreciation is recorded using the straight-line method over the estimated useful lives of the respective assets (two to five years). Maintenance and repairs are charged to operations when incurred. Betterments and renewals are capitalized. When property and equipment are sold or otherwise disposed of, the asset account and related accumulated depreciation account are relieved, and any gain or loss is included in operations.

Edgar Filing: Idea Sports Entertainment Group, Inc. - Form 10KSB

FAIR VALUE DETERMINATION

Financial instruments consist of cash, marketable securities, promissory notes receivable, accounts payable, accrued expenses and short-term borrowings. The carrying amount of these financial instruments approximates fair value due to their short-term nature or the current rates at which the Company could borrow funds with similar remaining maturities.

GOODWILL

The Company records goodwill and intangible assets arising from business combinations in accordance with SFAS No. 141 "Business Combinations" ("SFAS 141") which requires that the purchase method of accounting be used for all business combinations initiated after June 30, 2001. SFAS 141 also specifies the criteria applicable to intangible assets acquired in a purchase method business combination to be recognized and reported apart from goodwill.

The Company accounts for goodwill and intangible assets in accordance with SFAS 142. In accordance with SFAS 142, the Company no longer amortizes goodwill. SFAS 142 requires that goodwill and intangible assets with indefinite useful lives no longer be amortized, but instead be tested at least annually for impairment. SFAS 142 also requires that intangible assets with definite useful lives be amortized over their respective estimated useful lives to their estimated residual values, and be reviewed for impairment. The Company recorded goodwill impairment of \$245,544 associated with its investment in Poker.

FILM AND TELEVISION COSTS

The Company defers film and television production costs, including direct costs, production overhead, development costs and interest. The Company does not defer costs of exploitation, which principally comprise costs of film and television program marketing and distribution. The Company amortizes deferred film and television production costs, as well as associated participation and residual costs, on an individual production basis using the ratio of the current period's gross revenues to estimated total remaining gross revenues from all sources and such costs are stated at the lower of amortized cost or fair value. The Company defers the costs of acquired broadcast material and amortizes these costs when the associated programs are broadcast and such costs are stated at the lower of amortized cost or net realizable value. The Company has not yet commenced amortizing its film costs and as of December 31, 2005, the Company was unable to locate a venue to produce its shows. Accordingly, the Company fully impaired its investment of \$65,458.

JOINT VENTURE

NOTE 2. ACQUISITIONS

ELECTROLYTE STRIP

On April 19, 2005, the Company entered into a joint development agreement with InnoZen, Inc. ("InnoZen") to jointly develop a film strip product containing electrolytes to replenish the body while under physical stress (the "electrolyte strip"). InnoZen had experience in the formulation, development, manufacturing and sale of edible thin strips containing drug active ingredients. The Company has the ability to assist in obtaining endorsements for the electrolyte strips by well-known athletes and coaches. The Company contributed \$115,500 in cash and 250,000 shares of its common stock, valued at \$19,191 using the Black-Scholes valuation model, for its 50% interest in the joint venture. The Company would be required to issue an additional 250,000 shares of its common stock upon completion of the development of a saleable product.

As of September 30, 2005, the joint venture had completed a product formulation of an acceptable thin film prototype containing electrolytes and had completed laboratory stability testing for the oral dosage product. The joint venture produced initial electrolyte strips capable of holding a deliverable load of electrolytes equal to approximately one fluid ounce of most recognized sports drinks. The electrolyte strips were produced for flavor testing with initial flavors to be lemon-lime, orange and sour orange.

InnoZen has been unable to complete a saleable product and all joint venture funds have been expended as of December 31, 2005.

On March 29, 2006, the Company entered into a Unit Purchase Agreement with the majority of the unit holders of Health Strip Solutions, LLC, ("Health Strip"), a Nevada limited liability corporation, to acquire 80% of Health Strip in exchange for 100,000,000 shares of the Company's \$.0001 par value common stock. The seller has the right to rescind this transaction by May 31, 2006, if the Company is unable to cause a minimum of \$4,000,000 of its outstanding liabilities to convert into the Company's common stock by May 15, 2006. Health Strip has use rights to patented process technology for the formulation and for the manufacture of a thin film electrolyte strip. In addition, Health Strip has tentative agreements in place for the marketing and distribution of the strip. Health Strip through its manufacturing agreement has the process technology to manufacture thin film strips to deliver an electrolyte product.

IMGI

On September 9, 2004, the Company acquired all of the issued and outstanding common stock of IMGI, a South Carolina corporation, in exchange for warrants to acquire 15,000,000 shares of the Company's common stock at an exercise price of \$.10 per share. In addition, in the event IMGI generates \$2,000,000 in gross revenue within 36 months of closing, the sellers of IMGI would receive additional warrants to acquire 15,000,000 shares of the Company's common stock at an exercise price of \$.10 and had no prior operations. Accordingly, this transaction was valued at \$1,200, which was the amount the sellers of IMGI paid for IMGI's common stock.

Edgar Filing: Idea Sports Entertainment Group, Inc. - Form 10KSB

POKER

On June 28, 2005, the Company issued 3,850,000 shares of its common stock, which were valued at \$295,544 using the Black-Scholes valuation model, to acquire Poker, whose principal asset is the rights to a proprietary fantasy football format, with the working title, Vegas Roll'em(TM) Fantasy Football ("Vegas Roll'em"). The Company recorded the investment of \$295,544 as goodwill on the books of Poker.

In January 2005, the Rules of Competition for Vegas Roll'em received a copyright from the United States Copyright Office. This format allows live filming of the high stakes action as it unfolds. Each player will have a roll of the dice to determine which of his players will make up his team. According to the Fantasy Sports Trade Association, fantasy football was played by nearly fifteen million participants last year. This internet-based phenomenon has created a four billion dollar industry.

The Company began its initial sales and commenced operations during the quarter ended September 30, 2005. However, due to delays encountered in developing a functional website which delayed the date for commencing sales, the Company determined it would not have sufficient participants to have a viable program during the 2005 season. Accordingly, the Company returned all fees collected and cancelled the program. While the Company may still pursue the project for the 2006 season, its principal focus is on the agreement with Health Strip. Accordingly, the Company elected to impair its investment in the goodwill associated with Poker to the \$50,000 amount it had determined to be the fair value of the investment.

TELEVISION PROGRAMS

On October 15, 2004, the Company acquired two television programs entitled "America's Top Drivers" and "Women's Racing League" in exchange for warrants to acquire 1,750,000 shares of the Company's common stock at an exercise price of \$.10 per share. The transaction was valued at \$65,458 using the Black-Scholes option pricing model. As of December 31, 2005, the Company was unable to locate a venue to produce the shows. Accordingly, the Company fully impaired its investment of \$65,458.

On September 28, 2005, the Company completed the modification of its television program purchase agreement in order to recognize the compensation element of the agreement. The warrants to acquire 1,750,000 shares of the Company's common stock at \$.10 per share were cancelled and the Company issued 3,600,000 shares of its common stock to the seller of the programs. The 3,600,000 shares of common stock were valued at \$251,640, utilizing the Black-Scholes valuation model. The \$251,640 was reduced by the original calculated value of the warrants, which were cancelled, of \$65,458 and a net consulting fee expense of \$186,182 was recorded.

27

GAMING

On October 27, 2004, the Company acquired all of the issued and outstanding memberships of Gaming, a Nevada limited liability company, in exchange for warrants to acquire 750,000 shares of the Company's common stock at an exercise price of \$.10 per share. In addition, in the event Gaming generates \$2,000,000 in gross revenue within 36 months of closing, the sellers of Gaming would receive additional warrants to acquire 750,000 shares of the Company's common stock at an exercise price of \$.10. Gaming had no prior operations and has no assets. Accordingly, the transaction was recorded with no value. Gaming is not currently active and has not had any activity since its inception.

The Company realized losses from its discontinued operations of \$28,960 and \$671,289 in 2005 and 2004, respectively. The loss in 2005 related to the legal costs associated with settlement of litigation, net of related payables discharged in the settlement.

NOTE 6. COMMON STOCK OPTIONS AND WARRANTS

Edgar Filing: Idea Sports Entertainment Group, Inc. - Form 10KSB

In April 2000, Idea Sports adopted its 2000 Stock Option Plan (the Plan) and the Company's Board of Directors approved the same. Idea Sports shareholders approved the Plan in April 2001. The Plan was established to advance the interests of Idea Sports and its stockholders by attracting, retaining and motivating key personnel. The Board of Directors, or a committee that it appoints, is authorized to grant options to purchase the common stock of Idea Sports, not to exceed an aggregate of 3,000,000 shares. The Board of Directors, or a committee that it appoints, is also authorized to establish the exercise price and vesting terms of individual grants under the Plan. In 2001, the Board of Directors approved a proposal to increase the number of authorized shares available under the Plan not to exceed an aggregate of 7,500,000 shares. In April 2003, the Board of Directors approved a proposal to increase the number of shares available under the Plan to 15,200,000 shares. In January 2005, the Board of Directors approved a proposal to increase the number of shares available under the Plan to 23,000,000. None of these proposals have been approved by the shareholders.

30

Options granted under the Plan may be either "incentive stock options" intended to qualify as such under the Internal Revenue Code, or "non-qualified stock options." Idea Sports expects that most options granted pursuant to the Plan will be subject to vesting over a three or four-year period, such as 25% increments on each annual grant date anniversary, during which the optionee must continue to be an employee of Idea Sports. The Board or the committee, if applicable, may choose to impose different vesting requirements or none at all. Options outstanding under the Plan have a maximum term of up to ten (10) years.

The Plan also provides that all options that are not vested will become vested upon a change in control, unless the options are either assumed or substituted with equivalent options. In addition, unvested options become vested, after a change in control, if an optionee is subject to involuntary termination other than for cause during that optionee's remaining vesting period after a change in control. The Plan further provides that all options will be forfeited 90 days after employment terminates.

A summary of stock option activity under the Plan during the years ended December 31, 2005 and 2004 is as follows (forfeitures in 2004 are a result of the settlement of the litigation with Miller, which did not occur until March 2005).

These warrants expire three (3) years from the effective date of the Securities and Exchange Commission registration of the 28,977,000 shares of common stock. NOTE 10. LEGAL MATTERS

On February 18, 2004, four Georgia shareholders filed suit in the Superior Court of Fulton County against the Company's former CEO, William G. Miller of Alpharetta, Georgia. The suit alleged breach of contract, wrongful conversion of company monies, mismanagement, breach of fiduciary duty and fraud on the part of the defendants while serving the Company in 2001 and 2002. The suit contended Idea Sport's shareholders suffered market losses in excess of \$50 million. Also named in the action was Jon Pritchett, who was president of the Company while Miller was CEO.

33

On May 3, 2004, Miller, Pritchett and three other individuals filed several derivative and individual claims against the Company, its Directors and certain of its shareholders in the Court of Chancery of the State of Delaware in and for New Castle County, C.A. No. 413-N. The Company filed a counterclaim against Miller and Pritchett on November 24, 2004.

required due to the purchase of Guest by Creason.

During the fiscal year ended December 31, 2003 and the subsequent interim periods, there were no disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of the former accountant would have caused him to make reference in connection with his report to the subject matter of the disagreement, and Guest & Company, P.C. has not advised the Company of any reportable events as defined in paragraph (A) through (D) of Regulation S-K Item 304(a)(1)(v).

Guest's audit report for the fiscal year ended December 31, 2003, and Note 1 to the corresponding financial statements, contained a modification regarding the Company's ability to continue as a going concern due to the Company not having commenced operations and its total liabilities and commitments exceeded current assets available to fund operations and such audit report stated these factors raised "substantial doubt" about the Company's ability to continue as a going concern. The audited financial statements of the Company for the fiscal year ended December 31, 2003, did not include any adjustments in respect of the going concern modification. Other than the going concern modification, the audit report of Guest on the financial statements of the Company for the fiscal year ended December 31, 2003, and any subsequent interim period, did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

During the year ended December 31, 2003, and through March 22, 2005, the Company did not consult with Creason regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.
