Letter from the Chief
Executive Officer

Dear Shareholder,

We are pleased to invite you to attend our 2018 Annual Meeting of Shareholders on April 27 at 8:30am PST to share our thoughts on our continued growth within the automotive retail industry.

Our mission, Growth Powered by People reflects the relationship between our high performing culture and unique growth strategy to create our competitive advantage. My executive team and I consider ourselves fortunate to lead a very talented team that is focused on serving our customers, while creating and capturing the performance opportunities available to us.

Our value-based growth strategy finds strong franchised stores in dominant market areas that have not realized their potential. Our people-focused culture, combined with world-class performance management systems encourages our store leaders to modify strategies to capture the potential dry powder quickly. Encouraging free thought and innovation among our 15,000 team members unleashes individuals to believe they can continually improve and deliver exceptionally high returns.

Societal shifts, consumer behaviors, and technological developments are likely to create more personal transportation choices in the coming decade. Our entrepreneurial culture inspires local leaders to tailor solutions to their markets and consumers. Creation and testing of ideas at all levels of the organization allows us to be nimble while developing and evaluating a diverse range of consumer offerings and business ventures.

We're passionate about cars and the relationships we have built with our team members, customers and the communities we serve. We hope you share our enthusiasm during this exciting time in our industry. We have a winning combination of high profitability, a strategic acquisition model, considerable internal "dry powder" and the capital to make it happen. Our team and culture are ready to take full advantage of these opportunities.

Thank you very much for being a partner and a shareholder in our company,

Bryan DeBoer
President and Chief Executive Officer
Lithia Motors, Inc.

The Annual Meeting will be held at our principal executive office, 150 N. Bartlett St., Medford, Oregon 97501, on Friday, April 27, 2018, at 8:30 a.m. Pacific Daylight Time. On or about March 9, 2018, we mailed to our shareholders a Notice of Internet Availability of Proxy Materials (the "Notice") containing instructions on how to access this proxy statement and our 2017 Annual Report on Form 10-K. The Notice provides instructions on how to vote online or by telephone and includes instructions on how to receive a paper copy of the proxy materials by mail. Questions and Answers About the Annual Meeting

The Annual Meeting will be held for the following purposes:

- | | |
|--|--|
| What is the purpose of the Annual Meeting? | To elect seven directors to serve until the next annual meeting of shareholders; |
| | To conduct an advisory vote on the compensation of our named executive officers, as disclosed pursuant to Item 402 of Regulation S-K; and |
| | To ratify the appointment of KPMG LLP as our Independent Registered Public Accounting Firm for the year ending December 31, 2018. |
| Will any other matters be voted on? | We are not aware of any other matters on which you will be asked to vote at the Annual Meeting. If other matters are properly brought before the Annual Meeting, the proxy holders may use their discretion to vote on these matters. Furthermore, if a nominee cannot or will not serve as director, the proxy holders will vote for a substitute nominee selected by our Board of Directors. |

Who is entitled to vote at the Annual Meeting? Only holders of record of our common stock at the close of business on February 28, 2018, the record date, will be entitled to notice of and to vote at the meeting and any adjournment thereof. As of the record date, there were 24,020,700 shares of Class A common stock and 1,000,000 shares of Class B common stock outstanding and entitled to vote. Each share of Class A common stock outstanding is entitled to one vote, and each share of Class B common stock outstanding is entitled to ten votes. Our executive officers and directors hold or control 2.0% (488,212 shares) of the Class A common stock and 100% (1,000,000 shares) of the Class B common stock outstanding representing approximately 29.4% of the votes available to be cast at the Annual Meeting. All shares will vote together as a single voting group on all matters submitted to a vote of the shareholders except as otherwise required by law. There are four ways to vote:

How do I vote? by Internet at <http://www.proxyvote.com>; just enter the control number found on your proxy card (we encourage you to vote this way as it is the most cost-effective method);

by toll-free telephone at 1-800-690-6903;

by completing and mailing your proxy card; or

by written ballot at the Annual Meeting.

May I change my vote? Yes. You may change your vote or revoke your proxy any time before the Annual Meeting by:

- entering a new vote by Internet or phone;
- returning a later-dated proxy card;
- notifying Christopher S. Holzshu, our Secretary, in writing, at 150 N. Bartlett Street, Medford, Oregon 97501; or
- completing a written ballot at the Annual Meeting.

Assuming a quorum is present at the Annual Meeting, the required vote for approval varies depending on the proposal.

Proposal 1: Shareholders will elect the seven director nominees receiving the greatest number of votes. Directors are elected by a plurality of the votes cast and only votes cast in favor of a nominee will be counted. However, if a director nominee receives more “withheld” votes than votes “for,” that may result in the director resigning from our Board of Directors (See Proposal No. 1 for a further description of our Director Resignation Policy).

What vote is required to approve each proposal?

Proposal 2: The votes that shareholders cast “for” must exceed the votes shareholders cast “against” to approve the compensation of our named executive officers. This vote is advisory and is not binding on us. However, the Compensation Committee of our Board of Directors, which is responsible for designing and administering our executive compensation program, and our Board of Directors value your opinion and will consider the outcome of the vote in making decisions regarding executive compensation.

Proposal 3: The votes that shareholders cast “for” must exceed the votes that shareholders cast “against” to ratify the appointment of KPMG LLP as our Independent Registered Public Accounting Firm for the year ending December 31, 2018.

How is a quorum determined?

For a quorum to exist at the Annual Meeting, there must be represented, in person or by proxy, shares representing a majority of the votes entitled to be cast at the meeting. Proxies that expressly abstain from voting on a particular proposal and broker non-votes will be counted for purposes of determining whether a quorum exists at the Annual Meeting.

How do we count votes?

The proxy holders will vote your shares as you instruct. We will not count abstentions or broker non-votes either “for” or “against” a “non-routine” matter submitted to a vote of shareholders. A broker non-vote occurs when a broker or other holder of record, such as a bank, submits a proxy representing shares that another person beneficially owns, and that person has not given voting instructions to the broker or other nominee. A broker may only vote shares on a non-routine matter if the beneficial owner gives the broker voting instructions. Only the ratification of the selection of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018 is considered a routine matter on which a broker or nominee that holds shares in its name may vote without instruction from the person that owns the shares beneficially.

How are proxies solicited for the Annual Meeting?

The Company is soliciting proxies for the Annual Meeting. All expenses associated with this solicitation will be borne by us. We will reimburse brokers or other nominees for reasonable expenses that they incur in sending these proxy materials to you if a broker or other nominee holds your shares.

Our Board of Directors has designated each of John North, Chief Financial Officer, and Tina Miller, Corporate Controller, as the proxy holders for the Annual Meeting. All properly executed proxies will be voted (except to the extent that authority to vote has been withheld) as specified by the shareholder. Proxies submitted without specification will be:

How is my proxy voted?

- Voted FOR the director nominees listed in this proxy statement;
- Voted FOR the approval of our compensation of the named executive officers, as disclosed pursuant to Item 402 of Regulation S-K; and
- Voted FOR the ratification of the appointment of KPMG as our independent registered public accounting firm.

Why did I receive a notice regarding the availability of proxy materials on the Internet instead of a full set of proxy materials?

In accordance with the Securities and Exchange Commission (“SEC”) rules, we are furnishing our proxy materials, including this proxy statement and our Annual Report on Form 10-K, to our shareholders primarily via the Internet. On or about March 9, 2018, we mailed to our shareholders a Notice that contains instructions on how to access our proxy materials on the Internet, how to vote at the meeting and how to request printed copies of the proxy materials and Annual Report on Form 10-K. Shareholders may request to receive all future proxy materials in printed form by mail or electronically by email by following the instructions contained in the Notice.

I have previously indicated I want to receive my proxy materials electronically. Will I still receive my materials via email as I have in the past?

Yes. If you have already signed up to receive the materials by email or other electronic transmission, you will continue to receive them in that manner.

Susan O. Cain	I	P	C	P
Bryan B. DeBoer				
Kenneth E. Roberts	I		P	C
David J. Robino	I	C	P	P

CB = Chairman of the Board I = Independent Director LI = Lead Independent Director C = Committee Chairman

Board of Directors

Our bylaws provide for not fewer than five and not more than nine directors. Our Board of Directors has the discretion to set the size of our board from time to time. Our Board of Directors has set the number of directors at seven.

There is no requirement that directors attend our Annual Meeting of Shareholders, but directors are encouraged to do so. Our Board of Directors held 16 meetings in 2017. Each incumbent director attended at least 80% of all meetings of the Board and of the Board committees on which he or she served. All of our incumbent directors attended our 2017 Annual Meeting of Shareholders.

Board Committees

Our Board has three standing committees: the Compensation Committee, the Audit Committee, and the Nominating and Governance Committee. Each committee member is an independent director under NYSE listing standards, including, with respect to members of the Audit Committee and Compensation Committee, under the enhanced independence standards that apply to members of those committees. Each of our Board committees has a charter. Commencing with our 2017 Annual Meeting, at least one member of each of our Audit Committee and Compensation Committee may not belong to both committees. A written copy of our committee charters, Corporate Governance Guidelines, Code of Business Conduct and Ethics and Shareholder Communications Policy may be obtained by contacting our Investor Relations Department, Lithia Motors, Inc., 150 N. Bartlett Street, Medford, Oregon 97501. These documents are also available on our website at www.lithia.com under Investor Relations.

THE COMPENSATION COMMITTEE

The Compensation Committee is responsible for our executive compensation philosophy. Among other responsibilities, it annually reviews the performance of, and determines the base salary and variable and long-term compensation for, our Chief Executive Officer. The Compensation Committee also reviews the compensation for other executive officers and reviews and recommends the compensation for independent Board members.

The Compensation Committee may delegate any of its responsibilities to a subcommittee, which subcommittee shall consist of at least two members of the Compensation Committee but otherwise may consist of any person(s) selected by the Compensation Committee. In December 2017, the Compensation Committee delegated limited authority to our CEO and Executive Vice President to award restricted stock units (“RSUs”) to employees of the Company during the course of 2018 based upon employee performance; the maximum aggregate number of shares underlying RSUs that the CEO may award in a calendar year is equal to an aggregate of \$1,500,000 divided by the average closing price of one share of the Company’s Class A Common Stock in the 40 trading days before the award date of the RSU. In addition, the Compensation Committee has delegated authority to our CEO and CFO to make discretionary contributions to employees’ accounts of up to \$200,000 in the aggregate per calendar year under the Lithia Motors, Inc. Management Non-Qualified Deferred Compensation and Long-Term Incentive Plan.

The Compensation Committee also has the authority, in its sole discretion, to select, retain and obtain the advice of a compensation consultant and outside legal counsel as necessary to assist with the execution of its duties and responsibilities. In 2017, the Compensation Committee retained Pay Governance LLC to provide advice and counsel. Pay Governance provided compensation advice to the Committee on our Chief Executive Officer, Chief Financial Officer and next three highest-paid executives. The Compensation Committee monitors our employee benefits plans, including our 2013 Amended and Restated Stock Incentive Plan, our 2009 Employee Stock Purchase Plan, our Performance Bonus Plan and our Executive Management Non-Qualified Deferred Compensation and Long-Term Incentive Plan, and the Compensation Committee certifies and approves payments based on performance measures. The Compensation Committee held eight meetings in 2017. See “Compensation Discussion and Analysis” below for a discussion of our compensation philosophy and how the Compensation Committee determines the compensation of our executive officers.

THE AUDIT COMMITTEE

The Audit Committee is responsible for selecting and hiring our independent registered public accounting firm and for overseeing our accounting functions, systems of internal control established by management and processes to assure compliance with applicable laws, regulations and internal policies. The Audit Committee routinely meets in executive session with each of representatives from KPMG, our Chief Financial Officer and our Director of Internal Audit, and our Director of Internal Audit reports directly to the chair of the Audit Committee. The Audit Committee held five meetings during 2017. Each committee member is financially literate, as required under NYSE listing standards and the Audit Committee Charter; our Board has reviewed the qualifications and experience of the nominees standing for election and has determined that Ms. Cain satisfies the requirements of an “audit committee financial expert” as defined by SEC rules.

THE NOMINATING AND GOVERNANCE COMMITTEE

The Nominating and Governance Committee is responsible for assisting our Board of Directors in identifying qualified individuals to become Board members and recommending to our Board of Directors nominees for each annual meeting of the shareholders; determining the composition of our Board of Directors and its committees;

developing and implementing a set of effective corporate governance policies and procedures; developing and enforcing a Code of Business Conduct and Ethics; monitoring a process to assess the effectiveness of our Board of Directors, its members and its committees; and ensuring our compliance with NYSE listing standards. The Nominating and Governance Committee held four meetings in 2017.

Director Independence

Our Corporate Governance Guidelines require our board to be composed of a majority of independent directors. Generally, under NYSE listing standards, a director is not independent if he or she has a direct or indirect material relationship with Lithia or its management. In accordance with its charter, the Nominating and Governance Committee annually reviews the independence of all non-employee director nominees and reports its findings to the full Board of Directors, which makes a determination about the independence of each nominee. The Board of Directors and the Nominating and Governance Committee review and discuss all transactions and relationships between each director nominee or any member of his or her immediate family and Lithia, its consolidated subsidiaries and affiliates, and management, both in the context of the specific independence standards enumerated in the NYSE listing standards, as well as other business and personal relationships that could compromise the independent judgment of a director. Other than the NYSE listing standards, we do not adhere to categorical standards for determining independence; rather, we review and evaluate the specific facts and circumstances of each transaction and relationship to determine whether the director is independent. As a result of this review, our Board of Directors affirmatively determined that each of Ms. Cain and Messrs. Becker, Miramontes, Roberts and Robino is independent under NYSE listing standards.

Lead Independent Director and Leadership Structure

Lithia's governance documents provide our Board with flexibility to select the leadership structure that is best for the Company. If the Chairman of our Board of Directors is not an independent director, our Board of Directors annually selects an independent director to serve as the "Lead Independent Director" responsible for coordinating the activities of the independent directors. If the Chairman of our Board of Directors is an independent director, our Board of Directors may nonetheless select a Lead Independent Director from one of the other independent directors.

Bryan B. DeBoer is our President and Chief Executive Officer, and Sidney B DeBoer is our Chairman of the Board. We believe that the separation of the CEO and Chairman positions is beneficial because it allows our CEO to focus his energy and time on operating the Company while simultaneously allowing our Chairman to exercise his leadership strengths. Because Sidney B. DeBoer is not an independent director, our Board of Directors appointed Thomas R. Becker as Lead Independent Director, and he has served in that capacity since 2008.

Sidney B. DeBoer, as Manager of Lithia Holding Company, L.L.C. ("Lithia Holding"), has the authority to vote all of the Class B common stock, which has 29.4% of the voting power of our outstanding voting shares. To ensure independent oversight of management and the transparency expected from a public company:

- We maintain a Board comprised of a majority of independent directors, and the Audit Committee, Compensation Committee and Nominating and Governance Committee are composed solely of independent directors;
- At least once each quarter, with the Lead Independent Director presiding, the independent directors meet privately in executive session;
- Annually, an independent third party conducts a 360 degree review of our Chief Executive Officer with the other Board members and the officers reporting directly to the Chief Executive Officer. The results of that review are shared with the independent directors;
- An independent third party also annually conducts a review of the performance of each director, each Board Committee, and the Board as a whole;
- Each committee chair sets the agenda for his or her committee meeting and all directors are permitted to propose items for consideration by any committee or the full Board;
- Each committee is given the right in its charter to retain outside advisors (including legal counsel) in its discretion;
- and
-

We adopted Corporate Governance Guidelines and a Code of Business Conduct and Ethics (each of which is available on our website at www.lithia.com).

We believe our Board and committee structure, practices and policies, as described above, allow our Board of Directors to provide adequate, independent oversight of management. Shareholders may contact the Lead Independent Director or the independent directors as a group using the procedures described in “Shareholder and Other Interested Parties Communications” below.

Our Board's Risk Oversight Role

Our Board of Directors monitors the risks facing our business by evaluating our risk management processes, including the processes established to monitor how management reports material risks to our Board of Directors and how our executive team manages the various risks that our business faces. Our Board of Directors periodically reviews the potential severity of various risks faced by our Company (including geographic risks and the potential impact of new laws on the business) and the likelihood that they will occur. Our Board of Directors collaborates with management on developing the Company's long range plan and as part of that process helps management ensure that those risks and uncertainties are considered in management's ongoing operations and in creating the Company's long range plan.

Our Board of Directors has delegated responsibility for certain areas of its risk oversight to its standing committees.

The Compensation Committee, together with our Board of Directors, reviews and manages our compensation policies and programs to ensure they do not encourage excessive risk-taking by our executives and employees. The Compensation Committee reviews a summary and assessment of such risks at least annually and in connection with the discussion or review of individual elements of compensation.

The Audit Committee reviews our material financial risk exposures and the process by which management assesses and manages financial risks. The Audit Committee also meets with management to discuss the steps management has taken to assess, monitor and mitigate risks that the Company faces. While our Board of Directors oversees risk management, our management is charged with managing risk through effective internal controls and processes, which facilitate the identification and management of risks, and management regularly discusses risk management with our Board of Directors.

Director Qualifications and Nominations

The Nominating and Governance Committee is responsible for identifying and evaluating potential director nominees to fill any vacancies on our Board of Directors. The committee recommends director nominees with backgrounds and qualifications that complement each other and collectively allow our Board of Directors to fulfill its responsibilities.

The Nominating and Governance Committee annually reviews the composition of our Board and evaluates the qualifications and contributions of the current directors in the context of the desired composition of our Board, our operating requirements and the interests of our shareholders. The committee also routinely reviews and interviews candidates for our Board of Directors whose background and experience suggest they may be qualified to join our Board. The qualifications required of individuals for consideration as a Board nominee vary according to the particular areas of expertise sought as a complement to our existing Board of Directors composition at the time of any vacancy. Potential candidates may be suggested by various sources, including management, Board members, shareholders, legal counsel, business leaders and other industry executives and directors. To date, our Board has not used an outside director search firm to identify potential director nominees. Mr. Miramontes was recommended as a nominee to serve on the Board by the Nominating and Governance Committee.

The Nominating and Governance Committee evaluates the qualifications of potential director nominee candidates, including candidates proposed by shareholders, based on criteria that include the individual's skills, experience and other factors in the context of the current composition of our Board of Directors, to maintain our Board's overall diversity. Among other aspects, the Nominating and Governance Committee evaluates the following factors when evaluating director nominees: business experience, other directorships, business and personal relationships with management, educational background, expertise in finance, knowledge of financial reporting and the business of the Company, and industry experience. In this context, diversity encompasses differences of viewpoint, personal and professional experience, education, skill, and other individual qualities and backgrounds, such as gender, race and

ethnicity. At a minimum, qualified director nominees must have the ability to dedicate sufficient time to Board activities, and candidates for a position as an independent director must meet applicable NYSE independence standards and not have any conflicts of interest with the Company. The Nominating and Governance Committee reviews its effectiveness in balancing these criteria when assessing the composition of our Board.

Beginning with the 2019 annual meeting, directors will no longer be considered independent if they have been on the Board for 15 or more years, and no person may serve as an Independent director after attaining the age of 79. We require all of our directors to annually sign an acknowledgment of their confidentiality obligations and obligations under our insider trading policy and other applicable policies to reinforce their commitment to protect our confidential information and our business reputation and to comply with applicable securities laws.

We seek to attract and retain qualified candidates for Board membership regardless of the origin of recommendation, and there are no differences in the manner in which the Nominating and Governance Committee evaluates nominees for director based on whether the nominee is recommended by a shareholder or the Committee itself. The Nominating and Governance Committee will consider potential nominees recommended by any record or beneficial shareholder. See “Shareholder and Other Interested Parties Communications-Shareholder Director Recommendations” below.

Code of Business Conduct and Ethics

We adopted a Code of Business Conduct and Ethics that applies to all of our officers, directors and employees, including our principal executive, financial and accounting officers. A complete copy of our Code of Business Conduct and Ethics is available on our website at www.lithia.com. You may request a copy by mail from our Investor Relations Department, Lithia Motors, Inc., 150 N. Bartlett Street, Medford, Oregon 97501. We intend to publicly disclose any amendment to and any waiver of the Code of Business Conduct and Ethics on our website.

BOARD COMPENSATION

Compensation of Directors

Non-Employee Director Compensation. Our directors serve from election at each annual meeting until the following annual meeting or until the director's successor is elected and qualified. The Compensation Committee annually reviews non-employee director compensation and recommends changes to our Board of Directors. If accepted, any recommended change is effective for the ensuing service year. Accordingly, the actual compensation paid to a non-employee director in a calendar year is generally earned under two separate compensation plans. Except for Sidney B. DeBoer, directors who are employees of the Company are not compensated separately for their service as directors. See "Certain Relations and Transactions with Related Persons," below. Executive officers of the Company do not recommend or determine non-employee director compensation. Our non-employee directors are Ms. Cain and Messrs. Becker, Roberts and Robino.

We pay a majority of our non-employee directors' compensation as equity awards. The Compensation Committee believes that paying a majority of the annual compensation in equity provides non-employee directors with a vested interest in our long-term financial success and aligns their interests with those of our shareholders. The compensation structure for our non-employee directors for the 2017-2018 service year was:

\$75,000 cash plus an additional \$25,000 cash to each director who serves as a committee chair, lead independent director or as chairman of the Board. In each case, cash amounts are paid in 12 monthly installments over the service period.

An award for a number of RSUs, which are settled in shares of our Class A common stock, with a value of \$100,000, which increases by an additional \$40,000 if the director serves as a committee chair, lead independent director or as chairman of the Board. The number of RSUs awarded is based on the average closing share price for the 40 trading days prior to the award grant date.

We currently grant RSU awards to our non-employee directors immediately after the annual shareholder meeting. The RSU awards vest over one year, with 25% vesting on the first business day of the month after each regularly scheduled quarterly meeting of our Board of Directors if the director continues to serve on that day. All equity grants to non-employee directors are subject to our stock ownership policy. See "Non-Employee Director Stock Ownership Policy; Hedging and Pledging Restrictions" below.

Our Board of Directors believes the compensation of our non-employee directors is equitable, and that by paying most of the non-employee directors' compensation as equity awards subject to our stock ownership policy, we tie the directors' compensation to shareholder interests. The Compensation Committee periodically engages independent consultants to review the market competitiveness of the compensation paid to the non-employee directors compared to Company peers. The Compensation Committee engaged Pay Governance LLC in February 2017 to help it assess non-employee director compensation for the 2017-2018 Board service year.

Non-Employee Director Compensation Table

Non-Employee Director Compensation Table. The following table summarizes compensation paid to non-employee directors and to Sidney B. DeBoer during calendar year 2017, which represents the 2017 portion of both the 2016-2017 Board term and the 2017-2018 Board term:

(See Note 10 of Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2017 for the valuation techniques and assumptions and other information related to our stock awards).

⁽¹⁾ Amounts paid by us on behalf of our Board members for long-term care insurance premiums. Mr. DeBoer includes his earnings from his transition agreement date September 2015.

⁽²⁾ This amount includes payments made under Mr. DeBoer's transition agreement, including insurance benefits and car allowances.

⁽³⁾ Mr. Lam did not stand for reelection in 2017.

The fees reflected in the column “Fees Earned or Paid in Cash” in the above table are the actual fees earned in calendar year 2017. The amounts in the “Stock Awards” column reflect the fair value of awards granted during 2017, even though not fully earned until the completion of the year of service in March 2018.

Equity incentive awards outstanding at December 31, 2017 for each non-employee director were as follows:

Shau-wai Lam	—

Deferred Compensation Agreements with Non-Employee Directors. We offer our non-employee directors the opportunity to defer receipt of their compensation by entering into a Deferred Compensation Agreement with the Company. Under this agreement, participants, including the non-employee directors, who elect to defer compensation may defer receipt of all or a portion of their cash compensation and any stock award. In 2017, no director elected to defer cash compensation or stock compensation.

Director Service Agreement with Sidney B. DeBoer. We entered into a Director Service Agreement, effective January 1, 2016, with Sidney B. DeBoer. Under the agreement, we paid Mr. Sidney B. DeBoer in cash a prorated portion of \$210,000 (the cash equivalent of the annual amount paid in cash and stock to non-employee directors for the 2015-2016 service year). Beginning with the 2016-2017 service year, the Company began paying him (and will continue paying him for so long as he remains a member of the Board) the same compensation, in the same form, as the Company pays to its non-employee directors.

Non-Employee Director Stock Ownership Policy; Hedging and Pledging Restrictions

We expect our non-employee directors to acquire and hold sufficient shares of our common stock to meaningfully share the risks and rewards of ownership with our shareholders. Accordingly, under our Stock Ownership Policy for Directors, non-employee directors are required to acquire and retain the net after-tax shares received as compensation until the director's accumulated holdings have a market value equal to at least five times the base compensation paid to the director in the then-current service year. If a director ceases to comply with the policy, the director is expected to retain 50% of the net after-tax shares received upon the settlement of any equity incentive award until the stock ownership minimums are attained. In determining compliance with the policy, share ownership includes RSUs subject to time-vesting and indirect share ownership.

Our insider trading policy and our stock ownership policy for executive officers and directors specifies that they may not (1) engage in hedging transactions, including through the use of financial instruments such as prepaid variable forwards, equity swaps, collars and exchange funds or (2) hold Company securities in a margin account or otherwise pledge Company securities as collateral for a loan. In the case of pledging transactions, our Board of Directors may grant exceptions to its anti-pledging policy in circumstances our Board of Directors determines to be not detrimental to the Company. In addition, securities pledged as of March 15, 2013 may continue to be pledged under existing or replacement arrangements. The number of securities that were pledged prior to such date have decreased over time. Sidney B. DeBoer is a member and the manager of Lithia Holding, which has the sole voting and investment power with respect to all of the Company's Class B common stock; all of the 1,000,000 shares of Class B common stock held by Lithia Holding are pledged by Lithia Holding to secure a loan to Lithia Holding. Kenneth E. Roberts has a line of credit that is secured by the securities held in one of his brokerage accounts, including 59,775 shares of Class A common stock of Lithia; no amounts were drawn on this line of credit as of February 28, 2018. Thomas R. Becker has a line of credit that is secured by the securities held in one of his brokerage accounts, including 50,095 shares of Class A common stock of Lithia; no amounts were drawn on this line of credit as of February 28, 2018.

PROPOSAL NO. 1
Election of Directors

Our Board of Directors has nominated each of the following persons for election as a director:

Nominee Name	Age	Has Been a Director Since/(During)	Independent
Sidney B. DeBoer	74	1968	
Thomas R. Becker	66	1997	Yes
Susan O. Cain	63	2009	Yes
Bryan B. DeBoer	51	2008	
Louis P. Miramontes	63	N/A	Yes
Kenneth E. Roberts	73	2012	Yes
David J. Robino	58	2016	Yes

Our Board of Directors unanimously recommends a vote FOR each of the nominees named above.

Term If elected, each nominee will hold office until the next annual meeting or until his or her successor is elected and qualified.

We have no reason to believe that any of the nominees will be unable or unwilling to serve if elected. However, if any nominee should become unable or unwilling to serve, proxies may be voted for another person nominated by our Board of Directors.

Director Replacement and Resignation Policy/Election by Majority Vote Because our Board of Directors is elected by a plurality of votes, it is possible directors can be elected with less than a majority vote in favor of their election. Our Board of Directors has adopted a Director Resignation Policy to address the possibility that, in an uncontested election of directors, a director could be elected with more “withheld” votes than votes cast “for” the director. A director receiving more “withheld” votes than “for” votes must tender his or her resignation from our Board of Directors within five business days after certification of the election results. Within ninety days after receipt of such resignation, the Nominating and Governance Committee will consider the resignation offer and make a recommendation to our Board of Directors whether to accept or reject the offer to resign. Our Board of Directors will disclose its decision on a Form 8-K filed with the SEC. The Nominating and Governance Committee will not nominate for election any person who in the previous year’s election received more “withheld” votes than votes cast “for” the person. The full Director Resignation Policy is included in our Corporate Governance Guidelines which may be accessed on our website at www.lithia.com.

Biographical Information on our Nominees Our Board of Directors believes that the combination of the qualifications, skills and experiences of the nominees will contribute to an effective and well-functioning Board. Our Board of Directors and the Nominating and Governance Committee believe that individually, and as a group, the nominees possess the necessary qualifications to provide for future oversight of our business consistent with their fiduciary duties to shareholders. Included in each director nominee’s biography, above, is a description of the experience, skills and attributes of each nominee.

PROPOSAL NO. 2

Advisory vote on the compensation of our named executive officers,
as disclosed pursuant to Item 402 of Regulation S-K.

We are asking shareholders to approve the following advisory resolution on the executive compensation reported in this proxy statement:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and related tables, notes and narrative discussion in the Proxy Statement for the Company's 2018 Annual Meeting of Shareholders, is approved.

The advisory vote, which is required by Section 14A of the Securities Exchange Act, is a vote to approve or disapprove the overall compensation package of our executive officers and not any one specific element of the compensation package or on the compensation received by any one person. The advisory vote is non-binding and does not overrule a decision by the Company, our Board of Directors or the Compensation Committee or create or imply any additional fiduciary duty for our officers or directors. However, the Compensation Committee and Board will review and consider the results of the advisory vote when making future decisions about executive compensation. Because we typically determine annual compensation before the advisory vote on the prior year's compensation is cast, however, if we determine to make a change in our practices based on shareholder feedback, there may be a delay in implementing those changes.

At our 2017 Annual Meeting of Shareholders, over 98.5% of the advisory votes cast on the compensation of our named executive officers, as disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and related tables, notes and narrative discussion in the Proxy Statement for our 2017 Annual Meeting of Shareholders, were cast "for" that compensation. The Compensation Committee considered this shareholder approval when it determined 2018 compensation. Based on the approval and on our belief that our compensation philosophy, programs and practices in 2016 were effective in promoting our strong financial performance, we did not make material changes to the philosophy, programs or practices in 2017. The increases we made to the amount of compensation that we paid to our executives between 2016 and 2017 reflect our improved financial performance and increased responsibility and experience of our executives.

We urge shareholders to read the detailed information about our compensation philosophy and objectives included in Compensation Discussion and Analysis ("CD&A"), below, which provides context for the Summary Compensation Table and related information. As discussed in the CD&A, we believe our compensation programs align the interests of our executives and our shareholders, help us attract and retain experienced executive talent, and focus our executives on performance and achievement of our short-, mid- and long-term strategic goals and objectives. We believe the overall compensation paid in 2017 was appropriate, particularly considering our financial results in 2017.

Our Board of Directors unanimously recommends a vote FOR the advisory resolution to approve the compensation of our named executive officers.

EXECUTIVE SUMMARY

Compensation Philosophy

Overview

This memorandum describes the compensation philosophy underlying pay plans for Lithia’s Named Executive Officers (NEOs) and other key senior management positions.

Compensation Philosophy

Lithia’s compensation program supports the Company’s vision, mission and values, and aligns incentives and rewards with the execution of our business strategy, as defined in our Long Range Plan (LRP). Lithia’s compensation program is designed to attract and retain high performing employees who drive the Company’s long term success. We strive to do this by providing a market competitive base salary and performance based short and long term incentive compensation.

Vision, Mission and Values

Our Vision to be the highest performing automotive retailer relies on everyone’s full engagement. We foster a high achievement culture and recognize we are successful when all employees are engaged to achieve common goals. For this reason, our compensation goals weight broad measures such as earnings per share that capture every employee’s contribution.

Our Mission: Growth Powered by People. We are a growth company and the continued development of our team is critical to our long-term success. Our entrepreneurial culture is the foundation of our business strategy. We support independence and variation in operating models to unleash the potential of all our people. Trust in each other is key to making decisions that will be in the long term best interests of the Company. We strive for high customer retention and strong market share while controlling costs to yield exceptional profit performance.

Our Values guide us in developing our people, serving our customers, and growing our Company. Working together, we create a welcoming environment to ensure positive experiences that Earn Customers for Life. We take Personal Ownership for our results. By remaining humble when we succeed and confident when we face challenges, we find new possibilities. Our desire to Improve Constantly spurs innovation, personal motivation and high performance. Having Fun accelerates our enthusiasm for customers, cars, each other, and our Company.

Our Company Strategy

The Company's strategy is to acquire under performing assets and promote a high performance culture that enables us to generate substantial cash to fuel acquisition growth. Areas that drive our financial success are:

- increasing revenues in all business lines;
- capturing a greater percentage of overall new vehicle sales in our markets;
- capitalizing on a used vehicle market that is approximately three times larger than the new vehicle market;
- growing our service, body and parts revenues as units in operations increase;
- leveraging our cost structure as revenues increase;
- diversifying our franchise mix and geographic risk through acquisitions;
- integrating acquired stores to achieve targeted returns;
- increasing our return to investors through share price, dividends and strategic share buy backs;
- utilizing prudent cash management, including investing capital to produce accretive returns; and
- managing our balance sheet to prepare for future expansion opportunities and to be prepared for market downturns.

Compensation Committee Responsibilities

The Compensation Committee is responsible to review the compensation philosophy and policies that govern the Company's executive compensation programs. Most importantly, the Compensation Committee is responsible for:

- adopting and guiding processes for the performance and compensation management of the CEO;
- recommending and guiding processes for the performance and compensation management of the executives in positions that are vice president level or higher or who report to the CEO, all for the recommendation and approval of the Board of Directors; and
- providing oversight to any other human resources actions impacting the CEO or the executives in positions that could conceivably succeed the CEO.

The Compensation Committee has oversight of the Company's strategic goals and objectives relevant to compensation, the compensation components, performance evaluations and related matters of all executive management. The Committee oversees the administration of the Company's stock incentive plans, stock purchase plans, other equity incentive plans, profit sharing plans, and pension plans.

Compensation Program Risk Assessment

Our Board of Directors and the Compensation Committee are required to assess whether our compensation policies and practices and, in particular, our performance based compensation practices, encourage executives or other employees to take unnecessary or unreasonable risks that could threaten the long term value of the Company or that are reasonably likely to have a material adverse effect on the Company. Management believes that our practices adequately manage this risk because:

- our executive compensation plan is benchmarked to an independent compensation survey;
- the primary criteria we use for performance compensation components are "bottom line" measures such as pre tax profit and adjusted earnings per share, which we believe are less susceptible to manipulation for short term gain than are "top line" measures;
- cash bonuses are capped;
- the incentive plans for executive management put weight on Company wide or divisional performance measures;
- our cash bonus plan preserves discretion to permit the Committee to elect not to pay otherwise achieved bonus amounts for any reason;
-

a meaningful component of compensation is equity grants with extended vesting periods designed to ensure that our executives value and focus on the Company's long term performance;

- NEOs have equity positions in Lithia and are subject to stock ownership policies, which we believe increases their focus on long term shareholder value; and
- executive compensation is subject to "claw back" upon a financial restatement.

Compensation Performance:

The Company feels strongly that it should align performance compensation with objectives that the management team can control. These include objectives like pre-tax profit, earnings per share, and OEM (Original Equipment Manufacturer) approvability.

The Company periodically assesses how CEO compensation relates to Total Shareholder Return (TSR) over historical pay periods. However, because TSR reflects many aspects management cannot control or influence, such as interest rates, unemployment, national sales, gas prices and political issues, the Company does not believe it is an appropriate target measure for forward-looking compensation objectives.

The following two tables show Lithia's CEO's 2016 actual total direct compensation and one-year TSR ranking for 2017 in relation to members of Lithia's peer group, which is the most recent information available. Lithia's CEO compensation and TSR are on the lower end of the peer group and are within a relevant range and is seen as fairly

correlated by proxy advisors.

Pledging and Hedging: Our NEOs and Non-NEO Vice Presidents may not engage in hedging or monetization transactions with Lithia stock, including through the use of financial instruments such as prepaid variable forwards, equity swaps, collars and exchange funds.

Claw-backs: Compensation that we pay based on performance, including annual performance bonuses and equity compensation, is subject to a “claw-back” if we restate our financial statements and if less cash compensation should have been paid or fewer RSUs should have been issued based on the restated measures.

Negative Discretion of the Compensation Committee: The Committee has discretion to reduce cash bonus amounts even if performance levels specified in the award are attained.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Bryan DeBoer, our Chief Executive Officer (the “CEO”):

For 2017, our last completed fiscal year:

•

the annual total compensation of the employee identified at median of our company (other than the CEO), was \$39,575; and

the annual total compensation of the CEO was \$4,444,184;

For this ratio, for both employee compensation (other than our CEO) and CEO compensation was calculated using 2017 paid wages, annualized for employees who did work a full year, as further described below.

Based on this information, for 2017, the ratio of the annual total compensation of Bryan DeBoer, our Chief Executive Officer, to the median of the annual total compensation of all employees was estimated to be 112 to 1.

We identified the median of the annual total compensation of all our employees using the annualized base salary and expected bonus, as of December 31, 2017, plus any long-term incentive stock awards and long-term incentives granted in 2017 for all individuals, excluding the CEO, who were employed by us during 2017 (whether employed on a full-time, part-time, or seasonal basis). After identifying the median employee, we calculated annual total compensation for such employee using the same methodology we use for our CEO compensation.

Peer Groups and Pay Targeting

Peer Selection Methodology, Rationale and Comparison

Lithia benchmarks overall annual compensation for executives at the mean of the most current peer group because we believe this group best represents our competition for executive talent. The peer group is reviewed each year by our Independent Compensation Consultants using a defined methodology that identifies companies reasonably similar to Lithia in terms of industry, industry profile, size, and market capitalization to revenue ratio and profit margins. Below is a list of peer groups:

Peer Group Symbol	Peer Group Name
RUSHA	Rush Enterprises, Inc.
KMX	CarMax Inc.
MUSA	Metals USA Holdings Corp.
ODP	Office Depot, Inc.
AN	AutoNation, Inc.
ABG	Asbury Automotive Group Inc.
CRMT	America's Car-Mart, Inc.
MNRO	Monro Muffler Brake, Inc.
PAG	Penske Automotive Group, Inc.
GPI	Group 1 Automotive, Inc.
HOG	Harley-Davidson, Inc.

ORLY	O'Reilly Automotive Inc.
AZO	AutoZone, Inc.
AAP	Advance Auto Parts Inc.
DKS	Dick's Sporting Goods Inc.

Pay Targeting Level

Lithia believes that all compensation components should be easily understood by the recipient so that they are engaged and motivated to achieve the highest level of each objective. We consider qualitative factors and assess the individual performance of each employee and of the management team as a whole when benchmarking compensation, and we adjust target levels for individuals based on performance evaluations, strategic goal attainment, strategic planning needs, tenure, and other factors.

Pay

Pay Mix, Performance Metric, and Goal Setting

After we establish target TDC levels for each executive officer, we allocate TDC between the following components, depending on the individual:

Base Salary (short-term)	A competitive market salary that sufficiently covers a fixed income component the employee can rely on. The fixed salary is set at a level that provides the ability to attract talent and promotes long-term retention.
Bonus (short-term)	The bonus compensation plan is tied to quantitative performance objectives set at least annually by management and the Board of Directors. Bonus compensation is intended to reward employee contribution for attaining short term Company level objectives and to promote continued focus on high performance while balancing the Company's long term strategic plan. Bonus objectives are set to support growth in the Company's profitability, maximize our capital deployment strategies, and increase share value. The Company will use short and mid term earnings forecasts, analyst estimates, and strategic planning needs to set the profit objectives each period. We believe using earnings per share and other metrics that promote high performance and profitable growth is critical. The Compensation Committee has negative discretion to reduce performance based awards. The Compensation Committee also may award discretionary bonuses when an executive's or employee's performance merits it.
Long-Term Incentive or LTI (long-term)	LTI is a compensation tool that leverages Lithia's public company status to offer compensation that rewards employees for achieving Company quantitative financial performance objectives set annually by management and the Board of Directors. Additional performance criteria may be added to enhance or reduce the award based on attainment of predetermined objectives. LTI compensation ensures retention in key executives by using a longer term vesting periods and helps maximize our return to shareholders. Because issuing stock options can subject us to accounting expense even if the options are worthless to the grantee and because options are relatively more dilutive, we believe Restricted Stock Units better instill a sense of ownership and motivate employees. The Company awards restricted stock units (RSUs), rather than stock options, because RSUs motivate performance by the employee and provide value as compensation regardless of the trading value of the stock at a given point in time. Because Lithia's stock price has been somewhat volatile, the value of stock options can significantly fluctuate. We believe this unnecessarily distracts employees and reduces their incentive to continuously improve the operations of the business whenever market prices dip below the option exercise price.
Other Benefits	Additional other compensation benefits that are industry standard or enhance the competitiveness of compensation for key employees include a vehicle allowance, long term care assistance, and long term disability insurance, and life and accidental death and dismemberment insurance.

Pay Mix Rationale

The Company believes that as an employee moves into higher level positions in the Company, base pay should become a smaller component of overall TDC. Using competitive information as a guide, and after considering current position performance, succession planning and retention needs, the Company allocated pay components for its CEO in 2017 as follows. CEO target TDC mix has a lighter emphasis on LTI relative to the peer average mix but the proposed pay philosophy and plan changes for 2018 should better align LTI to the peer average mix.

2017 2018 Peer Group Mix

Tax Implications

The Company considers the effects of Section 162(m) of the Internal Revenue Code, which prior to 2018 generally denies publicly held companies a tax deduction for annual compensation in excess of \$1 million paid to their Chief Executive Officer, or any of their three other most highly compensated corporate officers, other than the Chief Financial Officer, who are employed on the last day of a given year, unless their compensation is based on performance criteria that are established by a compensation committee made up of outside directors and approved, as to their material terms, by their shareholders. The Company may pay compensation that is not deductible under Section 162(m) if it believes non-deductible compensation better achieves its goals.

2017 Executive Compensation by Element

The elements of our executive compensation include: (1) base salary, (2) performance bonus, (3) performance equity incentives, (4) retirement benefits and (5) other limited perquisites and benefits. Performance bonus, performance equity compensation and retirement benefits are determined as a percentage of the executive's base compensation. We describe each of these elements below and explain what we paid in 2017 and why.

Name	Base Salary \$		Annual Performance Bonus (Max as % of Base Salary)		Performance Stock Grants (Max as % of Base Salary)		Long-Term Performance Stock Grants (Max as % of Base Salary)		Retirement Contribution (as % of Prior Year Base Salary)

John F. North III	302,500	360,000	75 %	200 %	100 %	100 %	50 %	n/a	17 %	23 %

Scott A. Hillier	463,050	468,000	100 %	149 %	75 %	75 %	50 %	n/a	26 %	25 %
George C. Liang	378,000	384,000	100 %	148 %	40 %	40 %	50 %	n/a	21 %	20 %

Base Salary The Compensation Committee established the 2017 base salary for our CEO based on competitive market factors, the CEO's duties and responsibilities, comparison of relative CEO pay within the auto retail and industry peer groups mentioned above, our performance and the relative pay of our senior management team. The base salaries of all other NEOs are approved by the Compensation Committee and are based on both financial and non-financial criteria, the executives' respective responsibilities, the relative internal pay equity among the senior executives and current market conditions, including relative pay within the industry.

Performance Bonus In 2017, our performance bonus plan compensated executives for achieving annual performance goals. Each NEO had a maximum cash bonus potential based on a percentage of base salary ranging from 148% to 300%. The Compensation Committee set this range based on its view that the pay we offer to our NEOs for exceptional performance should be at least equal to, and for some NEOs it should be greater than, the NEO's base salary. We calculated bonus payments by multiplying the executive's maximum bonus level by the executive's salary and the performance criteria achievement level. For example, if an executive's maximum bonus level were 150% and the performance goals attained were 50% of potential, the executive's bonus would equal 75% of the executive's base salary (i.e., base salary multiplied by 150% then multiplied by 50%).

The tables below shows 2017 performance objectives, performance targets, actual results, potential percentage achievement and actual percentage achieved for each target.

Each NEO's performance bonus was based on the attainment described above except for Scott Hillier and George C. Liang. Mr. Hillier's performance bonus was based on the attainment of performance targets related to the performance of the Lithia operations group only. Mr. Liang's performance bonus was based on the attainment of performance targets related to the performance of the DCH/Carbone operations group only. These performance targets were based on adjusted net income for those specific groups and the achievement of certain manufacturer approvability requirements for open points and acquisitions.

Equity-Based Compensation

In 2017, we awarded an aggregate of 53,563 performance and time-vesting RSUs to NEOs. The performance and time-vesting RSUs vest 33% on January 1st of the 2nd, 3rd and 4th anniversary of the award year, so that awards are fully vested on the fourth anniversary of the award date. The long-term performance-vesting RSUs vest when the compensation committee certifies that the performance condition has been attained. The Compensation Committee determined the number of RSUs awarded to NEOs and other key employees after considering peer comparisons, the percentage of total compensation and targets based on adjusted earnings per share for 2017.

Each 2017 performance and time-vesting RSU awarded to our NEOs was contingent on us meeting specified adjusted earnings per share thresholds for 2017, adjusted as described above. The thresholds were determined based on a percentage of the high end of external guidance from analysts who cover Lithia's stock as follows.

EPS Threshold	% of RSUs Earned
\$8.48 (highest)	100.0%
8.37	95.0
8.27	90.0
7.86	85.0
7.03	80.0
6.62	75.0
0.01	50.0
0.00 or negative (lowest)	0.0

For 2017, our bonus attainment EPS was \$8.47, which resulted in 99.5% of the 2017 performance and time-vesting RSUs becoming earned. See above and in Year in Review for reconciliation of this measure to the most comparable GAAP measure.

Long-Term Performance RSUs based on Earnings Per Share Milestones. The Compensation Committee issued long-term performance awards to increase the mix of short and long-term performance awards. For certain key employees, including each NEO, the Compensation Committee awarded in 2015 performance-based RSUs that vest when the Company first attains annual adjusted earnings per share of \$8.00. These awards range from

50% to 100% of 2016 base compensation (Bryan B. DeBoer - 100%; Christopher S. Holzshu - 75%; Scott A. Hillier - 50%; George C. Liang - 50%; John F. North III - 50%). RSUs awarded at the \$8.00 target are forfeited if not earned within three years of the date of the award.

In 2016, the Compensation Committee awarded certain key employees, including each NEO, performance-based RSUs that vest when the Company first attains annual adjusted earnings per share of \$9.00. These awards range from 50% to 100% of 2015 base compensation (Bryan B. DeBoer - 100%; Christopher S. Holzshu - 80%; Scott A. Hillier - 50%; George C. Liang - 50%; John F. North III - 50%). RSUs awarded at the \$9.00 target are forfeited if not earned within three years of the date of the award.

Other Perquisites and Benefits

We provide our NEOs an auto allowance and we paid long-term care insurance premiums on their behalf. Our NEOs are generally eligible to participate in benefit programs available to all full-time employees, including health and disability insurance, and our 401(k) plan. However, because of limitations contained in the Internal Revenue Code applicable to principal shareholders and their family members, Bryan B. DeBoer is not eligible to participate in our 2009 Employee Stock Purchase Plan.

The Compensation Committee set the earnings rate under our Retirement Plan for 2017 at 5 %. For 2017, the Committee approved a contribution under the Retirement Plan for our CEO, Bryan B. DeBoer, of 28.5% of his base salary, or \$285,000. The percentage contribution for our CEO was unchanged from 2016. The contributions for our NEOs, other than our CEO, approved by the Compensation Committee totaled \$380,000 for 2017 (individual contributions for NEOs are reflected in the table headed “Non-Qualified Deferred Compensation for 2017” below). Our 2017 contributions for our NEOs will vest over seven years.

(4) These amounts reflect the grant date fair value for awards granted under the 2013 Amended and Restated Stock Incentive Plan. The attainment level used to calculate the grant date fair value for the performance and time-vesting grants was 137% based on the probable outcome at the time of grant. For a more detailed discussion of the assumptions used to determine the grant date fair value and other related information, see

Notes 1 and 10 of Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2017.

The Non-Equity Incentive Plan Awards in the Grants of Plan-Based Awards Table for 2017 reflect awards under the Cash Bonus Performance Plan. The Cash Performance Bonus Plan is structured such that the total amount earned each period is tied directly to our performance for the period. To see the performance criteria used in 2017 and for additional discussion about the Performance Bonus Plan, see “Compensation Discussion and Analysis - 2017 Executive Compensation by Element- Performance Bonus” above. The performance bonus potential for each NEO is a percentage of base salary ranging from 148% to 300% (depending on position) with the maximum amount being earned if all criteria elements are satisfied at the highest level.

The Equity Incentive Plan Awards in the Grants of Plan-Based Awards Table for 2017 were awarded under our Stock Incentive Plan and are subject to forfeiture depending on whether we achieve specified performance criteria. (See Compensation Discussion and Analysis - 2017 Executive Compensation by Element - Equity Based Compensation” for the performance criteria used in 2017).

Nonqualified Deferred Compensation for 2017

The table below reflects the contributions, earnings, withdrawals and distributions during 2017 and the account balances as of December 31, 2017 for each NEO under our Non-Qualified Deferred Compensation and Long-Term Incentive Plan.

Name	Executive Contributions in Last FY	Registrant Contributions in Last FY (1)	Aggregate Earnings in Last FY (2)	Aggregate Withdrawals/ Distributions	Aggregate Balance at Last FYE (3)

George C. Liang	221,611	75,000	36,313	—	807,322

(1) These amounts are reported in All Other Compensation in the Summary Compensation Table above for the last completed fiscal year.

(2) A portion of these amounts are related to above-market earnings on compensation that is deferred and is reported in Change in Pension Value and Nonqualified Deferred Compensation Earnings in the Summary Compensation Table above.

(3) The amounts related to Executive Contributions, Registrant Contributions and above-market earnings on compensation that is deferred was reported as compensation in the Summary Compensation Table in prior years.

Our Non-Qualified Deferred Compensation and Long-Term Incentive Plan permits us to contribute awards for participants that will have a deferred payout. Under this plan, senior executives may defer receipt of portions of their compensation (up to 50% of base salary, and 100% of variable compensation) in any given year, with all amounts deferred earning interest at an annual rate set by the Compensation Committee. (See “Compensation Discussion and Analysis - 2017 Executive Compensation by Element - Retirement Plan”).

Potential Payments Upon Termination or Change in Control

Potential Payments Upon Termination of Employment

In certain circumstances, such as in connection with succession planning or the death or disability of our senior executive officers, it is appropriate to provide severance payments, accelerated vesting of RSUs and certain other limited payments to those executives.

Benefits payable to NEOs upon death, disability or retirement

For all RSUs granted to NEOs in 2014, 2015, 2016 and 2017 (other than the long-term performance RSUs), if the NEO becomes disabled while employed by us, the RSUs continue to vest as scheduled for so long as the NEO remains disabled. If the NEO dies (or, with respect to the RSUs granted to NEOs in 2015 or 2016, if the NEO dies on or after January 1, 2016 or January 1, 2017, respectively), or if the NEO retires after age 65 and having been employed by the Company for at least four years, a pro rata portion of the RSUs (other than any unearned long-term performance RSUs) becomes vested. The prorated portion of the RSUs that becomes vested on death or retirement is the total number of RSUs earned by the NEO based on the performance measures but not yet vested under the service requirement multiplied by a fraction, the numerator of which is the number of full months elapsed from the date of grant through the date of the NEO recipient's death or retirement, and the denominator of which is 48. Under our Non-Qualified Deferred Compensation and Long-Term Incentive Plan, discretionary benefits contributed by us to a participant's account fully vest upon the participant's death or disability.

The following table sets forth the estimated benefits that would have been payable to our NEOs under the RSUs

and Non-Qualified Deferred Compensation and Long-Term Incentive Plan if each NEOs employment had been terminated on December 31, 2017 because of death or disability:

Name	Value of Long-Term Incentive Benefits that Would Vest	Value of Stock Awards That Would Vest	Total
Bryan B. DeBoer	\$1,231,548	\$1,861,867	\$3,093,415
John F. North III	166,155	347,838	513,993
Christopher S. Holzshu	388,951	766,747	1,155,698
Scott A. Hillier	384,594	451,483	836,077
George C. Liang	309,603	171,591	481,194

Potential Payments Upon Change in Control

If we are facing a potential change in control transaction and the proposed transaction would likely negatively affect one or more of our senior executives, we believe it is risky to assume that those senior executives will work against their financial interest, even if the proposed transaction would be in the best interest of our shareholders. We believe that, in such case, our executives should not be motivated by financial self-interest but rather should be appropriately compensated if the completion of the transaction results in a loss of their job. Accordingly, we believe that providing "double-trigger" severance payments, accelerating the vesting of RSUs and certain other limited payments are an appropriate means of achieving alignment between the interests of our senior executives and our shareholders in the context of a potential transaction that would result in a change in control.

Change in Control Agreements

We are party to double-trigger Change in Control Agreements with Bryan B. DeBoer, Christopher S. Holzshu, Scott A. Hillier, George C. Liang and John F. North III. Under those agreements, if, after a change in control, the executive is terminated without cause or resigns for good reason, each as defined below, we will pay the executive:

Employee	Title	Salary	Bonus	Time Vested RSU	1-Year Performance RSUs	Long-term Performance RSUs
Bryan DeBoer	President/CEO	24 months	2 years	Accelerated vesting	Accelerated vesting based on previous 3 years average	Accelerated vesting at highest level
John North	Sr Vice President CFO	24 months	2 years	Accelerated vesting	Accelerated vesting based on previous 3 years average	Accelerated vesting at highest level
Chris Holzshu	Exec Vice President	24 months	2 years	Accelerated vesting	Accelerated vesting based on previous 3 years average	Accelerated vesting at highest level
Scott Hillier	Sr Vice President LAD Ops	24 months	2 years	Accelerated vesting	Accelerated vesting based on previous 3 years average	Accelerated vesting at highest level
George Liang	Sr Vice President DCH Ops	24 months	2 years	Accelerated vesting	Accelerated vesting based on previous 3 years average	Accelerated vesting at highest level

- Continuing long-term care insurance premiums for 24 months after the separation date; and
- Continuing health insurance benefits until the earlier of (a) 18 months after the separation date, (b) the full COBRA period required by law or (c) when the executive becomes eligible for employer-sponsored health insurance from a subsequent employer.

The Change in Control Agreements also contain non-solicitation, non-competition and non-disparagement provisions, but (i) those provisions are dependent on the executive electing to receive the change in control benefits identified above and (ii) the Company's remedy if the executive violates the non-competition provisions is limited to causing the executive to forfeit profit sharing or other bonus compensation that has not yet been paid to the executive, excluding any equity awards awarded before January 1, 2016. If applicable, the non-solicitation and non-competition provisions are effective for two years following the date of the executive's separation from service with us. If applicable, the non-disparagement provision is effective for three years from that date. The Change in Control Agreements also contain provisions regarding non-disclosure (for three years from the date of the executive's separation from service) and assignment of interest in all creative works that are not dependent on the executive receiving any change in control benefits under the agreement.

Under the Change in Control Agreements:

A "Change in Control" occurs if: (A) the Company merges or consolidates with another entity and, as a result, less than 50% of the combined voting power of the resulting entity immediately after the merger or consolidation is held by persons who were the holders of the Company's voting securities immediately before the merger or consolidation; (B) any person, entity, or group of persons or entities, other than through merger or consolidation, acquires 50% or more of the total fair market value or total voting power of the Company's outstanding stock (excluding such a change through the transfer of the Company's outstanding stock or interests in Lithia Holding to the Sidney B. DeBoer Trust or the election of Bryan DeBoer or the Sidney B. DeBoer Family Trust as the manager of Lithia Holding) or acquires substantially all of the Company's assets; (C) any one

person, or more than one person acting as a group, acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) ownership of stock of the Company possessing 50% or more of the total

voting power of the stock of the Company (excluding such a change through the transfer of the Company's outstanding stock or interests in Lithia Holding to the Sidney B. DeBoer Trust or the election of the Sidney B. DeBoer Family Trust as the manager of Lithia Holding); or (D) a majority of the members of the Company's Board of Directors are removed from office by a vote of the Company's shareholders over the recommendation of our Board or replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Company's Board of Directors before the date of the appointment or election;

“Cause” for termination of employment means any one or more of the following: (A) willful misfeasance, gross negligence or conduct involving dishonesty in the performance of the executive's duties, as determined by our Board of Directors; (B) conviction of a crime in connection with the executive's duties or any felony; (C) conduct significantly harmful to the Company, as reasonably determined by our Board of Directors, including but not limited to intentional violation of law or of any significant policy or procedure of the Company; (D) refusal or failure to act in accordance with a stipulation, requirement or directive of our Board of Directors (provided such directive is lawful); or (E) failure to faithfully or diligently perform any of the duties of the executive's employment which are specified in the Change in Control Agreement, articulated by our Board of Directors, or are usual and customary duties of the executive's employment if the executive has not corrected the problem or formulated a plan for its correction with our Board (if such failure is not susceptible to immediate correction) within 30 days after notice to the executive; and

“Good Reason” for an executive's resignation means (A) any one or more of the following occurs without the executive's consent: (1) a material diminution of the executive's base compensation

(unless consistent with an across-the-board pay reduction for all senior management and not in excess of 20%); (2) a material change in the geographic location at which the executive must perform services for the Company; (3) a material diminution in the executive's authority, duties or responsibilities, or (4) any action or inaction by the Company that constitutes a material breach of the Change in Control Agreement; (B) the executive provides notice to the Company of the existence of the condition within 90 days of the initial existence of the condition; (C) the Company has 30 days following receipt of such notice to remedy the condition and fails to do so; and (D) the executive resigns within twelve months of such event occurring. For purposes of clause (A)(3) of the previous sentence, whether a material diminution in the executive's authority has occurred shall be determined in part by comparing the authority and positions of the persons to whom the executive directly reports immediately prior to the Change in Control or the announcement of the Change in Control with the authority and positions of the persons to whom the executive directly reports immediately after the claimed diminution in the executive's authority. For example, if the executive was the CEO of the Company before the Company was acquired by a competing business, a material diminution in the CEO's authority would include, but not be limited to, the CEO not serving as the CEO of the consolidated competing business after its acquisition of the Company.

Notwithstanding the provision for change in control benefits in the Change in Control Agreements, each Change in Control Agreement contains a provision stating that if any benefit payable by us to the executive, including, without limitation, the change in control benefits specified in the agreement, would constitute an “excess parachute payment” as defined in Section 280G of the Internal Revenue Code, those benefits shall be reduced to the largest amount that will result in no portion of the benefits being subject to the excise tax imposed by Section 4999 of the Internal Revenue

Code. While the executive may select which particular benefits will be reduced to comply with this provision, the determination of the amount of reduction in the benefits required is made by mutual agreement of us and the executive and, if no agreement is possible, by our independent registered public accountants.

Non-Qualified Deferred Compensation and Long-Term Incentive Plan

Under our Non-Qualified Deferred Compensation and Long-Term Incentive Plan, discretionary benefits contributed to a participant's account by us fully vest upon a change in control, as defined under Code Section 409A or Treasury Regulations issued thereunder, even if the NEO's employment is not terminated. Vested discretionary benefits are paid to a participant in an annual installment method over ten years.

Quantitative Disclosure of Payments Upon Termination or Change in Control

The following table provides quantitative disclosure of estimated payouts to NEOs assuming a change in control and associated triggering events occurred under the Change in Control Agreements and provisions that existed on December 31, 2017, and the price per share of our common stock is the closing market price on that date. The amounts listed in the table below are in addition to benefits generally available to our employees upon termination of employment, such as distributions from the 401(k) plan and accrued vacation.

PROPOSAL NO. 3

Ratify the appointment of KPMG LLP as our Independent Registered Public Accounting Firm for the Year Ending December 31, 2018

We Engaged KPMG After a Rigorous Review Process

The Audit Committee of our Board of Directors has appointed KPMG LLP, independent registered public accountants, as auditor for the year ending December 31, 2018. As the Company's independent auditor, KPMG is responsible to audit, and express an opinion on, our financial statements and our internal control over financial reporting, and to discuss with our Audit Committee certain required matters and other matters deemed appropriate. In evaluating KPMG's performance and determining whether to re-appoint KPMG, the Audit Committee considered, among other factors:

- KPMG's relationship and interactions with members of the Audit Committee and Company management;
- the fact that KPMG has been our auditor for 25 years;
- KPMG's global reach and auto retail industry expertise;

- past experiences with KPMG and the Audit Committee's and management's view of KPMG's performance and industry expertise;

- KPMG's independence; and

- external reviews of KPMG's audit quality and performance generally, including reports from the Public Company Accounting Oversight Board.

Based on this evaluation, the Audit Committee believes that KPMG is independent and that it is in the best interests of Lithia and our shareholders to retain KPMG as our independent auditor for 2018. The selection of our independent registered public accounting firm is being submitted for ratification to the shareholders. If the appointment of the independent registered public accounting firm is not ratified by shareholder vote, the Audit Committee may appoint another independent registered public accounting firm or may decide to maintain its appointment of KPMG. A representative of KPMG is expected to be present at the Annual Meeting. The representative will be given the opportunity to make a statement on behalf of his or her firm if such representative so desires, and will be available to respond to appropriate shareholder questions. KPMG was our independent registered public accounting firm for the year ended December 31, 2017.

Benefits of a Long-term Auditor Relationship

HIGHER AUDIT QUALITY. Through 25 years of experience with Lithia, KPMG has gained institutional knowledge of and deep expertise regarding Lithia's operations and primary business segments, accounting policies and practices, and internal control over financial reporting.

EFFICIENT FEE STRUCTURE. KPMG's aggregate fees are competitive with peer companies because of KPMG's familiarity with our business.

NO NEW-AUDITOR EDUCATION PROCESS. Bringing on a new auditor requires a significant time commitment that could distract from management's and the Audit Committee's focus on financial reporting and internal controls.

Fees Paid to KPMG LLP Related to Fiscal Years 2016 and 2017

	2017	2016
Audit Fees	\$1,896,000 ⁽¹⁾	\$1,365,000
Audit-Related Fees	—	—
Tax Fees	—	—
All Other Fees	1,780	1,700
	\$1,897,780	1,366,700

⁽¹⁾ Audit fees increased in 2017 due primarily to acquisitions and comfort letter associated with a bond issuance during the year.

Pre-Approval Policies

Except as permitted under federal law and SEC rules, all audit and non-audit services performed by KPMG, and all audit services performed by other independent registered public accounting firms, must be pre-approved by the Audit Committee. All projects reflected in the foregoing table were pre-approved by the Audit Committee. KPMG may not perform for us any prohibited services as defined by the Sarbanes-Oxley Act of 2002 including any bookkeeping or related services, information systems consulting, internal audit outsourcing, legal services and management or human resources functions. Non-audit services and fees are evaluated by the Audit Committee in assessing the auditor's independence.

Vote Required

The affirmative vote of a majority of the votes cast at the meeting and entitled to vote on this matter is necessary to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018.

Our Board of Directors unanimously recommends that the shareholders vote FOR the ratification of the appointment of KPMG LLP as our independent

registered
public
accounting
firm for the
year ending
December
31, 2018.

Audit Committee Report

The Audit Committee reports to the Board of Directors and is responsible for assisting the Board in fulfilling its oversight responsibilities relating to: (a) the preparation and integrity of the Company's financial statements; (b) the engagement of the independent registered public accounting firm, the annual evaluation of their performance, qualifications and independence, and negotiation of fees; (c) the implementation and evaluation of the Company's internal accounting and financial controls, procedures and policies; and (d) the compliance with certain legal and regulatory requirements, including programs and policies established by management or our Board of Directors. The Audit Committee is composed solely of independent directors. The Audit Committee regularly reviews financial information contained in the Company's quarterly earnings releases, and reviews the appropriateness of non-GAAP financial measures disclosed by the Company. The current Audit Committee charter is available on our website at www.lithia.com.

In discharging our responsibilities, we have met with the Company's management and its independent registered public accounting firm, KPMG LLP, to review the Company's accounting functions and the audit process. We have also met regularly with the Company's Director of Internal Audit to review the nature and extent of the Company's internal controls, the review procedures performed by internal audit regarding such controls and the frequency and results of such reviews. We note that follow up procedures are in place to monitor any corrective actions that have been recommended.

Selection of KPMG as our Auditor

The Audit Committee selects, oversees and evaluates the performance of the independent auditor. In selecting KPMG as our independent auditor, the Audit Committee considered that KPMG has been our auditor for 25 years, KPMG's global reach and auto retail industry expertise. The Audit Committee also utilized the Center for Audit Quality's External Auditor Assessment Tool to assist in evaluating KPMG as our independent auditor. This tool is used annually by the Audit Committee.

Consistent with requirements, the audit partner and concurring review partner rotate at least every five years. A new lead partner rotated on in 2017. The Audit Committee selects the lead partner.

Audit Committee Actions

We hereby report that the Audit Committee has:

1. Reviewed and discussed with management and the Company's independent registered public accounting firm, KPMG LLP, together and separately, the Company's audited consolidated financial statements contained in the Company's Annual Report on Form 10-K for the 2017 fiscal year;
2. Discussed with KPMG the matters required to be discussed by Auditing Standard No. 1301, Communications with Audit Committees issued by the Public Company

Accounting Oversight Board regarding communications with Audit Committees; and

3. Received from KPMG the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG's communications with the Audit Committee concerning independence, and discussed with KPMG its independence and any relationships that may impact their objectivity and independence.

We also discussed and reviewed the results of the independent registered public accounting firm's audit of the Company's financial statements, the quality and adequacy of the Company's internal control over financial reporting, and issues relating to auditor independence.

Based on our review and discussions with the Company's management and independent registered public accountants, we recommended to our Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017, for filing with the Securities and Exchange Commission.

Certain Relationships and Transactions with Related Persons

Sidney B. DeBoer is the father of Bryan B. DeBoer, who is a director and our chief executive officer, and Mark DeBoer, who is the Company's Vice President of Real Estate. Shau-wai Lam is the father of Brian Lam who is a platform vice president in the DCH operations group. George C. Liang is the brother of William Liang who is a platform vice president in the DCH operations group. There are no other family relationships between our executive officers and directors.

The Audit Committee, or another appropriate independent committee, and, where appropriate, our Board of Directors review all transactions between us and any related person, which includes, all of our nominees for director, directors and executive officers and their immediate family members and all persons known to us to be the beneficial owner of more than five percent of any class of our voting securities and their immediate family members, that exceed \$120,000 and in which the related person has a direct or indirect material interest. Although we do not maintain a written policy or have written procedures for such review, our Code of Business Conduct and Ethics imposes an obligation on each of our directors and senior executive officers to disclose any potential conflict of interest involving such person and Lithia. Further, each of our directors and each NEO signs a detailed questionnaire used in the preparation of this proxy statement that requires the disclosure of, among other things, any related-person transaction. The Audit Committee or other independent committee and our Board of Directors review and determine whether to approve or disapprove all such transactions based on (i) whether the proposed transaction is on terms that are no less favorable to us than the terms generally made available by us to an unaffiliated third party under similar circumstances and (ii) the extent of the related party's interest in the proposed transaction.

We maintain 10 separate "whole-life" insurance policies covering Sidney B. DeBoer, each worth \$3,727,600 on maturity. With respect to four of the 10 policies, Mr. DeBoer has the right to designate the beneficiary or beneficiaries of the death benefit of each policy. Lithia owns and pays the premium for each of the four policies, and pursuant to the Transition Agreement described below, Lithia will continue to pay the premiums for each of the four policies for rest of Mr. DeBoer's life. Lithia will receive the greater of the cash surrender value or cumulative premiums paid at the maturity of each policy.

In 2017, Mark DeBoer, Vice President of Real Estate, received a salary of \$408,000, incentive compensation of \$219,200, and other compensatory arrangements totaling \$82,883.

Brian Lam, DCH Operations Platform Vice President covering the states of New York and parts of New Jersey, is paid an annual base salary of \$308,523 and participates in an incentive compensation plan provided to our other DCH Platform Vice Presidents based on store net profits. In 2017, Mr. Lam earned \$518,223 in total compensation.

William Liang, DCH Operations Platform Vice President covering parts of New Jersey, is paid an annual base salary of \$295,311 and participates in an incentive compensation plan provided to our other DCH Platform Vice Presidents based on store net profits. In 2017, Mr. Liang earned \$364,291 in total compensation.

On June 14, 2014 we entered into a Stock Purchase Agreement (the "Stock Purchase Agreement") with DCH Auto Group (USA) Limited, a British Virgin Island corporation ("Seller"), under which we agreed to purchase from Seller all of the outstanding capital stock of DCH Auto Group (USA) Inc., a Delaware corporation ("DCH"). We completed the purchase on October 1, 2014; the final purchase price was approximately \$327.4 million plus the assumption of outstanding indebtedness. Shau-wai Lam has served since 1992 and continues to serve as a director and vice president of Seller. Palace Holdings Limited, a British Virgin Islands corporation wholly owned by members of Mr. Lam's family (including siblings, siblings-in-laws, nephews and nieces) ("Palace"), owns 50% of the capital stock of Seller. Mr. Lam is a beneficiary of a family trust which owns 50.42% of Palace. Mr. Lam served as the chairman and chief

executive officer of DCH from 1992 until October 1, 2014, and as president of DCH's predecessor from 1988 to 1992. Mr. Lam was Seller's primary representative negotiating the Stock Purchase Agreement, including the purchase price and other terms. In connection with the Stock Purchase Agreement, we placed cash and shares of our Class A Common Stock into an escrow account to secure potential indemnity claims. Approximately \$8,950,000 in cash remain in escrow to secure indemnity claims.

On September 14, 2015, the Company entered into a Transition Agreement with Sidney B. DeBoer, the Chairman of the Company, to reflect Mr. DeBoer's changing role at the Company. Effective December 31, 2015, Mr. DeBoer ceased to be an executive officer of the Company, and the Company ceased paying Mr. DeBoer a base salary and making contributions to his

account under the Company's Executive Management Non-Qualified Deferred Compensation and Long-Term Incentive Plan. Mr. DeBoer also ceased to be eligible to participate in performance-based compensation arrangements, including under the Company's Performance Bonus Plan and under its Stock Incentive Plan. Under the Transition Agreement, the Company pays Mr. DeBoer annual amounts for the remainder of his life equal to \$1,050,000 and a \$42,000 car allowance, and the Company will continue to reimburse Mr. DeBoer for amounts payable under the four split-dollar insurance policies described above in this section. Mr. DeBoer continues to serve as a director of the Company.

The Company entered into a Director Service Agreement, effective January 1, 2016, with Sidney B. DeBoer. Under the agreement, the Company agreed to pay Mr. DeBoer in cash a prorated portion of \$210,000 (the cash equivalent of the annual amount paid to non-employee directors for the 2015-2016 service year) until the Board of Directors changes the compensation payable to non-employee members of the Board of Directors. Thereafter, for so long as Mr. DeBoer serves as a member of the Board of Directors, the Company will pay him the same compensation, in the same form (cash or equity), as the Company pays to its non-employee directors (as that amount is established by the Board of Directors from time to time).

On August 11, 2017 we sold a 51% membership interest in DCH CA, LLC, which operates Temecula Acura in Temecula, California, to Lam Auto Investments LLC ("LAI"), an entity that is owned by Mr. Shau-wai Lam and his spouse. This transaction is the culmination of discussions that began with Mr. Lam in connection with our purchase of the DCH Auto Group in 2014. During negotiations of that transaction, we discussed with Mr. Lam the benefits of establishing a program within Lithia to encourage ethnic-minority ownership of automobile dealerships. In addition to general social benefits, we believe such a program will improve Lithia's relationships with automobile manufacturers, suppliers and ethnic minority customers, which are an increasing percentage of our customer base. We held discussions with Mr. Lam at various times in 2015 and 2016 about his participation in a pilot program in which he would purchase a majority interest in a dealership. Mr. Lam has a record of success operating DCH Auto dealerships and is well-regarded in the auto industry. As reported on a current report on Form 8-K filed February 28, 2017, Mr. Lam elected not to stand for re-election to our Board of Directors in 2017 to focus on establishing a minority dealership program within Lithia.

In connection with the sale to LAI, we entered into an amended and restated operating agreement with LAI that specifies our and LAI's rights and obligations. Lithia Motors, Inc. is the manager of DCH CA, LLC. Under the operating agreement, LAI may sell its ownership interest back to us at any time, and we may require that LAI sell its interests back to us on specified circumstances, including if we are removed as the manager of DCH CA, LLC, we cease providing services to Temecula Acura under the arrangement described below, or if Temecula Acura ceases to be a qualified ethnic-minority owned dealership, at the same price at which we sold the 51% interest to LAI. Each of us and LAI also may also force a purchase or sale of ownership interests under a "shotgun" sale provision, which allows a party that desires to terminate the relationship to quote a price for the membership interest and requires that the other party either buy all of the membership interests at that price or sell its own membership interests at that price. In addition, wholly owned affiliates of ours entered into the following agreements with DCH CA, LLC: a support services agreement; an employee leasing agreement; a license agreement for the name "DCH"; and a real property lease. Under these agreements, we continue to provide the same services to DCH CA, LLC, at the same rates, that we provide to our wholly owned dealerships. We expect to sell the 51% interest to LAI for \$1,486,312. That amount represents 51% of the following amounts: (a) the \$1.5 million appraised goodwill value of Temecula Acura, plus (b) the stockholders' equity of Temecula Acura (the book value of total assets minus total liabilities), plus (c) the book value of personal property that is not included in stockholders' equity. The Audit Committee of our Board of Directors received periodic updates on the negotiations with LAI and authorized and directed management to complete final documentation of the transaction on the terms described to the Audit Committee after determining that the terms, including in particular the price, were fair to the Company, and equivalent to what could have been obtained in a transaction with an unaffiliated party, after considering (a) two independent appraisals of the dealership goodwill

value, (b) our own valuation based on the measures we use to value potential acquisition targets, (c) other dealership sales data prepared by outside parties, and (d) the views of the Company's legal counsel. The final transaction documents were approved by the Audit Committee before the transaction with LAI was finalized.

Recommendations

The written recommendation must include the candidate's name, appropriate biographical information, including information about the candidate's qualifications and background materials, a statement that the person submitting the recommendation is a shareholder entitled to vote in the election of directors and a consent to serve as director signed by the recommended individual. If the necessary information is received in a timely manner, the Nominating and Governance Committee will evaluate the shareholder-recommended candidate using substantially the same process, and applying substantially the same criteria, as it uses to evaluate all other candidates. For information regarding minimum qualifications for directors and specific qualities and skills that the Nominating and Governance Committee believes are necessary for our directors to possess, see "Director Qualifications and Nominations" above. Recommended candidates are submitted to our Board to be considered as director nominees. If our Board determines to nominate a shareholder-recommended candidate, the candidate's name will be included in our proxy and on the ballot at our annual meeting of shareholders.

Annual Report on Form 10-K

We will provide, without charge, a copy of our Annual Report on Form 10-K as filed with the Securities and Exchange Commission. Written requests should be mailed to the attention of Investor Relations, Lithia Motors, Inc., 150 N. Bartlett Street, Medford, Oregon 97501. You may also find our Form 10-K on our website at www.lithia.com.

Householding

Shareholders of record who have the same address receive only one copy of the Notice Regarding the Availability of Proxy Materials or the Proxy Statement and Annual Report on Form 10-K, as applicable, unless we receive contrary instructions from one or more of the shareholders. This procedure reduces the Company's printing and mailing costs and the environmental impact of its annual meetings. Shareholders who participate in householding continue to receive separate proxy forms. Householding does not affect dividend check mailings.

Any shareholder who would prefer to have a separate copy of the Notice Regarding the Availability of Proxy Materials, Proxy Statement or Annual Report on Form 10-K delivered to him or her at the shared address for this and future years may elect to do so by calling (877) 331-3084 or by writing to Christopher S. Holzshu, our Secretary, at 150 N. Bartlett Street, Medford, Oregon 97501. A copy of the materials will be sent promptly to the shareholder following receipt of a written or oral request by a shareholder to receive a copy of the Notice Regarding the Availability of Proxy Materials, the Proxy Statement or Annual Report on Form 10-K. The foregoing contact information can also be used by shareholders sharing an address to request delivery of a single copy of the Notice Regarding the Availability of Proxy Materials, the Proxy Statement or Annual Report on Form 10-K if they are receiving multiple copies of any of those documents.
