Report of Independent Accountants

To the Participants and Administrator  
of the H.B. Fuller Company Thrift Plan:

In our opinion, the accompanying statement of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the H.B. Fuller Company Thrift Plan (the Plan) at December 31, 2001 and 2000, and the changes in net assets available for benefits for the year ended December 31, 2001 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of the H.B. Fuller Company Thrift Plan, as listed in the accompanying index on page F-1, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

H.B. Fuller Company Thrift Plan  
Notes to Financial Statements  
-----

1. Description of the Plan

The following brief description of the H.B. Fuller Company Thrift Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, eligibility and other matters.

General

The plan is a defined contribution plan covering all eligible employees of H.B. Fuller Company (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee

The trustee for the Plan is Wells Fargo Minnesota, N.A. (the Trustee).

Eligibility and Contributions

All regular full-time, non-union employees who have been employed for six months, or regular part-time, non-union employees who have been employed for twelve months are eligible to participate in the Plan. To become a participant in the Plan, an employee must agree to make contributions equal to 1% of pre-tax compensation up to a maximum of 12% of pre-tax compensation for highly compensated participants and 15% for non-highly compensated participants each subject to a statutory maximum of \$10,500 for 2001.

The Employer makes contributions to employees' accounts by matching 100% of an employee's contributions, up to 4% of the employee's eligible compensation in the form of H.B. Fuller Company Common Stock. A participant's contribution may be invested in any combination of the following participant directed investment funds or an H.B. Fuller Company Common Stock fund (which is non-participant directed) including the Wells Fargo Stable Return Fund, PIMCO Total Return Bond Fund, Wells Fargo Index Equity Fund (S&P 500), Wells Fargo Small Company Growth Equity Fund, Wells Fargo Growth Balanced Investment Fund, Janus Twenty Fund and Janus Overseas Fund. A participant's investment option for past and future contributions can be changed daily. All Employer matching contributions are invested in the Company Stock Fund. Investment income is allocated to all participants on the basis of their respective account balances at the close of each daily fund valuation.

A participant's voluntary contribution percentage amount can be changed or suspended at anytime. Employer contributions to the Plan cease during the suspension period.

Participant Accounts

## Edgar Filing: FULLER H B CO - Form 11-K

Each participant's account is credited with (a) the participant's contribution, (b) the Employer's contribution, and (c) an allocation of the Plan's investment income. Allocations of the Plan's investment income are based on account balances, as defined in the Plan document. (Any income realized from short-term investments will be allocated in a uniform and equitable manner among the investment funds in which such contributions are invested.)

### Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments as defined in the Plan agreement. For termination of service due to other reasons, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The investment in H.B. Fuller Company Common Stock may be withdrawn in the form of shares of stock at the option of Plan participants.

### H.B. Fuller Company Thrift Plan Notes to Financial Statements

---

#### Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company' matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of eligible service. A participant is 100 percent vested after five years of credited service to the Employer, or upon age 65, disability or death.

#### Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates equal to the current Wells Fargo prime rate at the time of the loan (4.75% at December 31, 2001). The rate will remain fixed over the term of the loan, usually 5-15 years. Participant loans are collateralized by a borrower's vested account balance and are repaid through payroll deductions. Participant loans at December 31, 2001 had interest notes ranging from 4.75% to 9.50% and mature at various dates through 2016

#### Forfeitures

Participants who terminate employment with the Employer forfeit the non-vested portion of the Employer's contribution to the participants' accounts. Amounts forfeited are used to reduce future Employer contributions. Forfeitures for the year ended December 31, 2001 were \$155,460.

#### Plan Termination

Although it has no intention to do so, the Employer may, at any time, by action of its Board of Directors, terminate the Plan or discontinue contributions. Upon termination or discontinuance of contributions, all Employer contribution amounts in participant accounts will become fully vested.

## 2. Summary of Significant Accounting Policies

## Edgar Filing: FULLER H B CO - Form 11-K

### Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

### Investment Valuation

The fair values of the Plan's investments in H.B. Fully Company Common Stock are based on published quotations. The fair values of investments in securities of unaffiliated issuers are based on fair values supplied by the Trustee. Realized gains or losses reflect all differences between sales proceeds and historical cost of units sold, determined on an average cost basis. Securities transactions are recorded on the trade date.

### Interest and Dividends

Interest income is recorded as earned on an accrual basis and dividend income is recorded on the ex-dividend date.

### Net Appreciation (Depreciation) in the Fair Value of Mutual Funds

The Plan presents in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of mutual funds, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those mutual funds.

### Contributions

Participant before-tax and after-tax savings contributions are recorded in the period the employer makes the payroll deductions. Employer matching contributions are recorded based on participant contributions.

---

#### Concentration of Market Risk

At December 31, 2001 and 2000, approximately 55% of the Plan's net assets were invested in the common stock of H.B. Fuller Company. The underlying value of the H.B. Fuller Stock Fund is entirely dependent upon the performance of H.B. Fuller Company and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of H.B. Fuller Company common stock in the near term could materially affect participants' account balances and the amounts reported in the Statement of Assets Available for Net Benefits and the Statement of Changes in Net Assets Available for Benefits.

#### Distributions to Participants

Distributions to participants are recorded when the distribution is made.

#### Plan Expenses

The Company pays a portion of the administrative expenses of the Plan and a portion is paid by Plan participants within the Plan. Certain asset management and administrative fees of the Plan are charged against the Plan's investment income.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of

## Edgar Filing: FULLER H B CO - Form 11-K

contingent assets and liabilities at the date of the financial statements and the reported amounts of investment earnings and expenses during the reporting period. Actual results could differ from those estimates.

### Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

### Payment of Benefits

Benefits are recorded when paid.

	=====	=====

5. Tax Status

The Internal Revenue Service has determined and informed the Employer by a letter dated November 14, 1995 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since 1995; however, the Plan's administrator believes the Plan is designed and is currently being operated in compliance with the applicable

## Edgar Filing: FULLER H B CO - Form 11-K

requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

### 6. Related Party and Party-in-Interest Transactions

Plan investments include H.B. Fuller Company common stock which is invested in shares of stock of the Employer. H.B. Fuller Company is the holding company of the Plan sponsor and, therefore, these transactions qualify as party-in-interest. Purchases and sales of H.B. Fuller Company common stock for the year ended December 31, 2001, amounted to \$5,883,088 and \$16,602,644, respectively.

The Plan also invests in various funds managed by Wells Fargo Minnesota, N.A. Wells Fargo Minnesota, N.A. is the trustee as defined by the Plan and, therefore, the related transactions qualify as party-in-interest. The Trustee is authorized to invest in securities under its management and control on behalf of the Plan. Fees paid by the Plan for the investment management services and administrative services amounted to \$114,208 for the year ended December 31, 2001. The Trustee made purchases and sales of such securities amounting to \$59,278,009 and \$52,881,618, respectively.
