PROXY STATEMENT

2003 Annual Meeting of Shareholders

This Proxy Statement is furnished to you in connection with the solicitation of proxies by the Board of Directors of Team Financial, Inc. for use at our 2003 annual meeting to be held on Tuesday, June 17, 2003. The annual meeting will be held at the Paola High School Auditorium, 401 North Angela, Paola, Kansas at 4:00 p.m. central time. This Proxy Statement and the enclosed proxy card were sent to shareholders on or about April 30, 2003.

The following matters will be acted on at our annual meeting:

1. Election of two Directors to serve a three year term;
2. Ratification of the appointment of KPMG LLP as our independent auditors for 2003; and
3. Any other business as may properly come before the meeting.

GENERAL INFORMATION ABOUT VOTING

Who can vote?

You can vote your shares of common stock if our records show that you owned the shares on April 23, 2003. A total of 4,107,627 shares of common stock can vote at the annual meeting. You have one vote for each share of your common stock. The enclosed proxy card shows the number of shares you can vote.

How do I vote by proxy?

Follow the instructions on the enclosed proxy card to vote on each proposal to be considered at the annual meeting. Sign and date the proxy card and mail it back to us in the enclosed envelope. The proxyholders named on the proxy card will vote your shares as you instruct. If you sign and return the proxy card but do not vote on a proposal, the proxyholders will vote for you on that proposal. Unless you instruct otherwise, the proxyholders will vote for each of the two director nominees and for the ratification of the appointment of KPMG LLP as our independent auditors for 2003.

What if other matters come up at the annual meeting?

The matters described in this proxy statement are the only matters we know will be voted on at the annual meeting. If other matters are properly presented at the meeting, the proxyholders will vote your shares in their discretion.

Edgar Filing: TEAM FINANCIAL INC /KS - Form DEF 14A

Can I change my vote after I return my proxy card?

Yes. At any time before the vote on a proposal, you can change your vote either by giving the Company's secretary a written notice revoking your proxy card or by signing, dating, and returning to us a new proxy card. We will honor the proxy card with the latest date.

Can I vote in person at the annual meeting rather than by completing the proxy card?

Yes. Although we encourage you to complete and return the proxy card to ensure that your vote is counted, you can attend the annual meeting and vote your shares in person, even if you have previously completed and returned a proxy card.

What do I do if my shares are held in "street name"?

If your shares are held by your broker, a bank or other nominee, you will probably receive this proxy statement from them with instructions for voting your shares. Please respond quickly so that they may represent you.

If your shares are held in the name of a broker, bank or other nominee, and you do not tell that person how to vote your shares (so-called "broker non-votes"), that person can vote your shares as he or she sees fit only on matters that self regulatory organizations determine to be routine, and not on any other proposal. Broker non-votes will be counted as present to determine if a quorum exists but will not be counted as present and entitled to vote on any non-routine proposal.

How are votes counted?

We will hold the annual meeting if holders of at least one-third of the shares of common stock entitled to vote either sign and return their proxy cards or attend the meeting. If you sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed on the proxy card. Ratification of the appointment of independent auditors will require the affirmative vote of a majority of the shares represented at the meeting. With respect to the election of directors, you are entitled to cumulate your votes which means that you may cast all of your votes for any one nominee or to distribute your votes among the two nominees. The number of votes you have the right to cast among the nominees is determined by multiplying the number of shares you own by two. If votes for a certain director nominee are withheld, those votes will be voted for the election of the other nominee.

If your shares are held in the name of a nominee, and you do not tell the nominee in a timely manner how to vote your shares (so-called "broker nonvotes"), the nominee can vote them as he or she sees fit only on matters that self regulatory organizations determine to be routine, and not on any other proposal. Non-contested elections for directors, as well as ratification of auditors, are usually considered routine matters. Broker non-votes will be counted as present to determine if a quorum exists but will not be counted as present and entitled to vote on any non-routine proposal.

Who pays for this proxy solicitation?

We do. In addition to sending you these materials, some of our employees may contact you by telephone, by mail, or in person. None of these employees will receive any extra compensation for doing this.

Edgar Filing: TEAM FINANCIAL INC /KS - Form DEF 14A

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of our common stock to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of our common stock. Executive officers, directors and greater than 10% shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely on review of the copies of such reports furnished to us or advice that no filings were required, during 2002 all executive officers, directors, and greater than 10% beneficial owners complied with Section 16 (a) filing requirements.

Audit Committee Report

The role of the Audit Committee is to assist our board of directors in its oversight of our financial reporting process. The board of Directors, in its business judgment, has determined that all members of the Audit Committee are "independent" as required by applicable listing standards of the NASDAQ. The Audit Committee operates pursuant to a Charter adopted by the Board on July 25, 2000. As set forth in the Charter, management is responsible for the preparation, presentation and integrity of our financial statements, our accounting and financial reporting principles and our internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing our financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

Edgar Filing: TEAM FINANCIAL INC /KS - Form DEF 14A

In the performance of its oversight function, the Audit Committee has considered and discussed the audited financial statements with management and the independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standard No. 61, *Communication with Audit Committees*, as currently in effect. Finally, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board No. 1, *Independence Discussions with Audit Committees*. The Audit Committee has considered whether other non-audit services provided by the independent auditors to us is comparable with maintaining the auditor's independence and has discussed with the auditors.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not financial experts in the fields of accounting or auditing, including auditor independence. Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements have been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles, or that our auditors are in fact "independent".

Based on the reports and discussions described in this proxy statement, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Charter, the Audit Committee recommended to our board of directors that the 2002 audited financial statements be included in the Company's Annual Report on Form 10-K for the Year Ended December 31, 2002 filed with the Securities and Exchange Commission.

8

Our board of directors, upon recommendation of the Audit Committee, has determined to continue the services of KPMG LLP for the current fiscal year ending December 31, 2003. These services will include the examination of our financial statements for the fiscal year ending on such date and other appropriate accounting services.

Submitted by the Audit Committee: Dated March 26, 2003 R.G. (Gary) Kilkenny Denis A. Kurtenbach Keith B. Edquist

Compensation Committee Report on Executive Compensation:

Our executive compensation policy is intended to be competitive with bank holding companies of comparable asset size. The policy is intended to offer an incentive for performance. The overall compensation program is designed to retain and reward on both a short and long-term basis. The Compensation Committee pays particular attention to the total compensation paid to the chief executive officers of other bank holding companies taking into consideration the relative size of the companies and the experience of their chief executive officers.

The principal elements of our executive compensation program for the fiscal year ended December 31, 2002, applicable to our Chief Executive Officer were as follows:

The salary level is reviewed and determined annually. Consideration is given to the scope of responsibilities and to being comparable with similar positions with bank holding companies of comparable size. Factors included in the comparison are relative size of companies, both currently and over a period of time, and the experience and responsibility of the individuals. The Committee approves the salary level after consideration of both internal and external information as set forth above. In establishing the base salary, the Committee does not assign any weight to any particular factor.

Cash bonus awards are considered annually. In awarding bonus payments, factors considered by the Compensation Committee include a review of our financial performance as determined by our net income growth, return on equity, and asset growth. Cash bonuses were paid in 2001 and 2002 based upon the performance factors for net income growth, return on equity, and asset growth being met. The Compensation Committee requires the Chief Executive Officer to use a percentage of this cash bonus to purchase our common stock in the open market, subject to any limitations under federal or state securities laws. The percentage varies from year to year.

Stock Options are also awarded annually to the Chief Executive Officer and certain other key executives. They are awarded to provide the Chief Executive Officer and the key executives with long-term incentives for profitable growth and to closer align our Chief Executive Officer and key executives with the interest of our shareholders. Retention and long-term reward are both factors considered in granting stock options. With respect to the amount of options to be granted, consideration is

Edgar Filing: TEAM FINANCIAL INC /KS - Form DEF 14A

given to the scope of responsibility and the degree of its effect on our performance as well as the degree of importance in providing incentive to the individual to stay with us over time. The Compensation Committee, in determining whether to grant options or in the granting of options, does not take into consideration the amounts of options previously granted or outstanding.

Participation is also granted in our non-qualified salary continuation plan eligible for certain executive officers in our organization whereby the executive officer will receive monthly benefits for ten years commencing with the month after retirement. The annual benefit is based upon 65% of the highest base salary for any three years in the five year period immediately preceding retirement of the Chief Executive Officer. Please see "Salary Continuation Plan" for further information on the terms of this plan.

9

The deferred compensation plan is a non-qualified plan for executive officers whereby the executive officer may defer a stated percentage of salary up to 10% of compensation. We match 25% of the deferral amounts made by our Chief Executive Officer. We accrue interest on the deferral amounts based on a modified return on equity calculation, which includes our return on equity, net of agency expiration intangible asset amortization and core deposit intangible asset amortization, subject to a 6% minimum and a 12% maximum rate. Please see "Deferred Compensation Plan" elsewhere in this proxy statement for further information on the plan.

We provide split dollar life insurance benefits to certain executive officers to encourage the executive to continue his or her relationship with us. The policy remains in full force and in effect upon a change in control of our capital stock unless the insurance policy is replaced with a comparable policy to cover the benefit provided to the executive officer. Please see "Split Dollar Life Insurance Benefit" elsewhere in this proxy statement for further information on this benefit.

Other elements of compensation offered to the Chief Executive Officer and to all other eligible employees include participation in a 401(k) deferred contribution plan, our Employee Stock Ownership Plan, our insurance benefit package, and our organization-wide performance based bonus program.

Submitted by the Compensation Committee: Dated March 26, 2003 Carolyn S. Jacobs R.G. Kilkenny Denis A. Kurtenbach

Employee Stock Purchase Plan

Our Employee Stock Purchase Plan was adopted in 1994. The plan provides eligible employees the right to purchase our common stock on an annual basis through payroll deductions. Up to 75,000 shares of common stock are reserved under the plan and may be issued in five annual increments of 15,000 beginning in 1999. Shares not issued in any year may be issued in future years. The price per share of the common stock under the plan is 85% of the fair market value of the stock at the commencement of each offering period. Through December 31, 2002, 17,335 shares had been issued under the plan.

1999 Stock Incentive Plan

In May 1999, as amended in March 2000, we adopted the 1999 Stock Incentive Plan. The plan provides for the following stock and stock-based awards: restricted stock, stock options, stock appreciation rights and performance shares. Up to 470,000 shares of common stock may currently be issued under the plan. All employees, directors and consultants are eligible to participate in the plan. The plan is administered by our board of directors, or the board can designate a committee composed of at least two non-employee directors to administer the plan. The board of directors or committee determines the participants in the plan and the types of awards they are to be granted and the terms and conditions of all awards. As of April 23, 2003, we had outstanding options to acquire 57,950 shares of our common stock for \$10.10 per share, 48,600 shares of our common stock for \$8.32 per share, 69,250 shares of our common stock for \$6.625 per share, and 90,000 shares of our common stock for \$8.94 per share. The options to acquire shares of our common stock were issued at the fair market value on the date of grant.

Employment Agreements

Edgar Filing: TEAM FINANCIAL INC /KS - Form DEF 14A

On January 1, 2002, we entered into a three-year employment agreement with Mr. Weatherbie under which he currently receives a beginning base annual salary of \$196,560, an annual bonus at the discretion of the board of directors, life insurance, a car allowance and participation in all other benefits received by our employees. Under certain circumstances, such as his death or disability, we have also agreed to pay Mr. Weatherbie or his estate \$500,000. We have obtained life insurance and disability insurance for these contingencies. In the event of termination of Mr. Weatherbie's employment without cause, he will be entitled to payments equal to his annual base salary for the longer of one year or the remaining term of the agreement discounted at 8% annually, along with reimbursement for out-of-pocket expenses incurred for professional and tax advice not to exceed 75% of his annual base salary, as well as job search expenses incurred not to exceed 50% of his annual base salary.

We have also entered into an employment agreement with Mr. Gibson, the terms of which are substantially similar to the employment agreement with Mr. Weatherbie, except that Mr. Gibson's current annual base salary is \$150,753.

We have a similar agreement with Mr. Bartley except that his current annual base salary is \$134,285, his disability or death payment is \$300,000, and reimbursement of out-of-pocket expenses incurred for professional and tax advice in the event of termination of his employment without cause is over a one year period for a maximum of 75% of his base salary.

In addition, we have a similar agreement with Ms. Jacobs except that her current annual base salary is \$89,020, her disability or death payment is \$300,000, and reimbursement of out-of-pocket expenses incurred for professional and tax advice in the event of termination of her employment without cause is over a one year period for a maximum of 75% of her base salary.

Employee Stock Ownership Plan

The ESOP is a restatement and continuation of a plan previously maintained by a predecessor company, which commenced receiving contributions in 1981. In 1986, the ESOP was the vehicle used in establishing our company and financing the acquisition of the one-bank holding company that owned TeamBank, N.A. All of our wholly-owned subsidiaries with employees participate in the ESOP.

The ESOP is a retirement plan for eligible employees and is funded entirely with contributions made by us and dividends paid by us with respect to the common stock owned by the ESOP. The ESOP is designed to be invested primarily in our securities. The ESOP is a leveraged plan which permits it to borrow money to buy our securities, which are held in a suspense account until the loan is paid. As of April 23, 2003, the ESOP had no outstanding debt. Allocations are made annually and are based on the relative compensation of the participants. Retirement benefits under the ESOP depend on the amount of an employee's account balance at death, disability, separation from service or retirement, and there is no fixed amount.

Employees are eligible to participate in the ESOP on the January 1 or July 1 following the date six months after the first day of employment. Employees also must achieve a minimum age in order to participate. To be eligible for allocations of the ESOP's contributions, employees must complete 1,000 hours of service during a year and must be employed on the last day of the plan year. The employment requirement does not apply if the participant dies or becomes disabled or attains age 65 in the plan year. Allocations are also potentially subject to certain minimums. Following three years of service, employees become vested in their ESOP accounts at 20% per year, with 100% vesting occurring after seven years. However, if a participant dies or is disabled while still employed, a participant becomes 100% vested immediately.

15

Salary Continuation Plan

In July 2001, we adopted a non-qualified salary continuation plan for 14 of our management employees and executive officers whereby the participant will receive monthly benefits for 10 years commencing with the month after retirement. The annual benefits for our top executive officers is 65% of the highest base salaries paid to the executive for any three years in the five year period immediately preceding retirement or termination of employment. Benefits under the plan are subject to a vesting schedule which vests over the executive's remaining years to retirement with age 65 set as the expected retirement age. Amounts and timing of benefits are as follows:

Normal Retirement If termination of employment is due to normal retirement age at 65, the executive is entitled to the full annual benefits paid in equal monthly installments.

Termination of Employment Prior to Normal Retirement If employment is voluntarily or involuntary terminated (other than by disability, death or change in control), the executive is entitled to the vested portion of the annual benefits which is to be paid in a lump sum to the executive. However, no benefits are payable if employment is terminated due to (i) the executive's gross negligence or gross neglect of his or her duties, (ii) conviction in a court regarding involving moral turpitude in connection with the executive's employment, (iii) fraud, disloyalty, dishonesty or willful violation of our policies committed in connection with the executive's employment and resulting in an adverse effect on us and personal benefit to the executive, or (iv) the executive committing suicide.

Disability If employment is terminated due to disability, the executive is entitled to the vested portion of the annual benefits which is payable at the election of the executive in (i) a lump sum upon termination of employment due to the disability (ii) a lump sum at age 65, or (ii) equal monthly installments over 10 years beginning at age 65 with a credit for interest at the rate of 7.5% compounded monthly on the remaining balance of the benefit owed.

Death If the executive dies while employed by us and prior to receiving any benefits under the plan, the executive will not be entitled to any benefits under the plan. If the executive dies while receiving monthly payments under the plan, benefits cease in the month following death.

Change of Control If employment is terminated in connection with a change in control of our company, such as by acquisition, merger, change in ownership of 50% or more of our outstanding voting stock, or change in the majority of members of our board of directors pursuant to a contested transaction (such as a tender offer, exchange offer or contested election), the executive is entitled to fully vested annual benefits to be paid in a lump sum.

We may terminate the plan at any time provided we pay our executives in a lump sum the amount vested under the plan at such date of termination.

Deferred Compensation Plan

In January 2002, we adopted a non-qualified salary continuation plan for 14 of our management employees and executive officers whereby the participant may defer between 2% to 10% of their base salary. Our top executive officers consisting of Messrs. Weatherbie and Gibson and Ms. Jacobs, are required to defer at least 5% under the plan. We make matching contributions of 25% of our executive officers' deferrals under the plan. We also pay interest, compounded monthly, on the deferral accounts at modified return on our equity; provided, however, that such interest rate is not less than 6% or greater than 12%. Payment and timing of benefits are as follows:

Normal Retirement If termination of employment is due to normal retirement at age 65, the executive is entitled to the full amount in the deferral account paid in equal monthly installments over a ten year period. Interest at the annual rate of 7.5% is paid on the outstanding balance.

16

Termination of Employment Prior to Normal Retirement If employment is voluntarily or involuntary terminated (other than by disability, death or change in control), the executive is entitled to the full amount of in the deferral account which is to be paid in a lump sum to the executive. However, the executive will not be entitled to any matching amounts or interest credited by us if employment is terminated due to (i) the executive's gross negligence or gross neglect of his or her duties, (ii) conviction in a court regarding involving moral turpitude in connection with the executive's employment, (iii) fraud, disloyalty, dishonesty or willful violation of our policies committed in connection with the executive's employment and resulting in an adverse effect on us and personal benefit to the executive, or (iv) the executive committing suicide or making a material misstatement of fact in any application for life insurance purchased by us.

Disability If employment is terminated due to disability, the executive is entitled to full amount in the deferral account which is payable at the election of the executive in (i) a lump sum upon termination of employment due to the disability (ii) a lump sum at age 65, or (ii) equal monthly installments over 10 years beginning at age 65 with a credit for interest at the rate of 7.5% compounded monthly on the remaining balance of the benefit owed.

Death If the executive dies while employed by us and prior to receiving any benefits under the plan, the executive will not be entitled to any benefits under the plan. If the executive dies while receiving monthly payments under the plan, benefits cease in the month following death.

Change of Control If employment is terminated in connection with a change in control of our company, such as by acquisition, merger, change in ownership of 50% or more of our outstanding voting stock, or change in the majority of members of our board of directors pursuant to a contested transaction (such as a tender offer, exchange offer or contested election), the executive is entitled to the full amount in the deferral account to be paid in a lump sum.

We may terminate the plan at any time provided we pay our executives in a lump sum the amount vested under the plan at such date of termination.

Split Dollar Life Insurance Benefit

We provide split dollar life insurance benefits to certain management employees and executive officers. Under the agreements we pay the premiums on the life insurance policies. We are the owner of the life insurance policies. If the covered executive dies, we are entitled to the greater of (i) the cash surrender value of the policy as of the date of death plus reimbursement for all payments we have made to the executive under the Salary Continuation Plan and the Deferred Compensation Plan discussed above, or (ii) the aggregate premiums paid on the insurance policy less any outstanding indebtedness to the insurer.

Non-Competition Agreements

In connection with the benefit plans discussed above, we have required our named executive officers to sign non-competition agreements which provide that for a period of 12 months following voluntary or involuntary termination of employment, the executive will not (i) engage in competition with us by not working with another person or organization that sells any product or service sold by us in a geographic area within a 30 mile radius of any of our locations and (ii) solicit, contact, or communicate with our customers or prospective customers for purposes of distributing, marketing or selling any product or service that we market.

17

Other Employee Plans

We have a 401(k) plan and an employee performance bonus plan that covers all of our employees, including officers. With respect to the 401(k) plan, we make a matching contribution of 50% of the employee's contribution up to a maximum contribution of 6% of the employee's salary. The bonus plan utilizes a continuous improvement model to determine the amount of award from us and each of our subsidiaries. The model measures improvements in asset growth, profitability, productivity and asset quality growth. Our employees must exceed the performance of the previous year to earn a bonus. Results are reported monthly.

Certain Transactions With Our Affiliates

Our officers, directors and principal shareholders and businesses they control are customers of our subsidiary banks. Credit transactions with these parties are subject to review by loan committees of the banks or by our loan review committee. All outstanding loans and extensions of credit to these parties were made in the ordinary course of business on terms substantially similar to comparable transactions with unaffiliated persons. At December 31, 2002, the aggregate balance of loans and advances under extensions of credits made by the subsidiary banks to these affiliated parties was approximately \$981,000.

From time to time, in the ordinary course of business, uses services provided by our directors. During 2002, we paid \$641,000 to Triangle Builders for constructing our new branch facility in Spring Hill, Kansas. We have also contracted with Triangle Builders to construct our new facility planned in Monument, Colorado planned in 2003. Our director, Mr. Dennis Kurtenbach serves as a Vice President for Triangle Builders. Mr. Kurtenbach is not an employee for Triangle, although he provides occasional consulting services to Triangle Builders on a contractual basis. All such transactions have been approved by our Board of Directors.
