All directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the board or any committee or otherwise by reason of their being a director. An additional sum of \$30,000 per year was paid to the non-employee director serving as Chairman of the Audit Committee and additional sums of \$20,000 per year and \$10,000 per year were paid to the non-employee directors serving as Chairman of the Finance Committee and the Compensation Committee, respectively. This compensation of directors and committee chairmen is currently in effect for our fiscal year ending June 30, 2004. In addition, discretionary grants of restricted stock, stock options or other stock-based awards may be made to non-employee directors pursuant to the TransMontaigne Inc. Equity Incentive Plan, as amended, or the 1997 Incentive Plan. On May 12, 2003, 20,000 shares of restricted stock were granted to Walter P. Schuetze in his capacity as a member of the board of directors when the market price was \$4.50. The restricted stock award vests 10% after the first year, 20% after the second year, 30% after the third year and 40% after the fourth year of

continuous service on the board since the grant date.

Report of the Compensation Committee

The Compensation Committee is responsible for the Company's executive compensation program, the purpose of which is to enable the Company to attract, retain and motivate the executive personnel deemed necessary to maximize return to stockholders. The fundamental concept of the program is to align the amount of an executive's total compensation with his contribution to the success of the Company in creating stockholder value. The Compensation Committee's duties include the annual review and approval of the compensation of the Chief Executive Officer, review and determination of individual elements of compensation for the Company's other executive officers, administration of long-term incentive plans for management, including the selection of the individuals to be granted awards from among those eligible to participate. At present, the executive compensation program is comprised of salary, long-term incentive opportunities in the form of restricted stock awards, cash bonuses based upon the financial performance of the Company and employee welfare benefits typically offered.

Base Salaries. The factors considered in determining base compensation levels for the Chief Executive Officer and the Company's other executive officers included the goals outlined above and were evaluated by the Compensation Committee to be consistent with competitive practices (including companies with comparable market valuations, lines of business and/or revenues) and level of responsibility. Based upon the Company's overall financial performance during the previous fiscal year, as well as the market performance of the Company's Common Stock, the Compensation Committee, in discussions with Mr. Anderson, President and Chief Executive Officer of the Company, determined that Mr. Anderson's annual base salary should remain at \$315,000.

Cash Bonuses. Given the continued improvement in financial performance of the Company during the previous fiscal year, cash bonuses were awarded to the Company's executive officers, including Mr. Anderson.

Long-Term Incentives. The Compensation Committee believes that long-term compensation should comprise a substantial portion of each executive officer's total compensation. Long-term compensation provides incentives that encourage the executive officers to own and hold the Company's stock and tie their long-term economic interests directly to those of the Company's stockholders and rewards

10

executives for improved performance by the Company. To date, the only long-term compensation available for use by the Compensation Committee has been the grant of awards of stock options and shares of restricted stock.

The Compensation Committee also approved certain grants of restricted stock to certain executive officers and key employees of the Company and its subsidiaries in order to align the equity incentive awards of such executive officers and key employees with other members of their peer group within the Company and its subsidiaries. The grant of restricted stock to certain executive officers and key employees of the Company and its subsidiaries was effective as of October 25, 2002, with a vesting schedule over a period of four years from the grant date.

During the fiscal year ended June 30, 2003, the Compensation Committee awarded 840,500 shares of restricted stock. Of that amount, 190,000 shares were issued to Named Executive Officers and to a Director of the Company.

Other. In addition, the executive officers participate in the Company's 401(k) Plan, which consists of elective employee salary reduction contributions and a Company match equal to 50% of employee contributions on the first 6% of employee compensation contributed.

The Compensation Committee has reviewed the limitation on the deductibility of compensation for federal income tax purposes pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Section 162(m) of the Code generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid for any fiscal year to the corporation's chief executive officer and the four other most highly compensated executive officers as of the end of any fiscal year. However, the statute exempts qualifying performance-based compensation from the deduction limit if specified requirements are met. The Compensation Committee currently intends to structure performance-based compensation, including restricted stock and stock option grants, if any, and annual bonuses, to executive officers who may be subject to Section 162(m) of the Code in a manner that satisfies those requirements. For the year ended June 30, 2003, none of our executive officers' compensation subject to the deductibility limits exceeded \$1,000,000.

The Compensation Committee does not anticipate awarding levels of compensation that result in such a disallowance under Section 162(m) of the Code. The Compensation Committee may authorize compensation in the future that results in amounts above the limit if it determines that such compensation is in the best interests of the Company. In addition, the limitation may affect the future grant of restricted stock, stock options or other stock awards. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) of the Code and the regulations issued thereunder, no assurance can be given, notwithstanding our efforts, that compensation intended by the Company to

Edgar Filing: TRANSMONTAIGNE INC - Form 10-K/A

satisfy the requirements for deductibility under Section 162(m) of the Code does in fact do so.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We do not believe that any of the transactions described below were made on terms less favorable to us than those that would have been available from unaffiliated parties and do not anticipate entering into transactions with affiliated parties in the future on terms less favorable than those that would be available from unaffiliated parties.

On October 9, 2003 LB I Group Inc, an affiliate of Lehman Brothers Inc., a wholly-owned subsidiary of Lehman Brothers Holdings Inc., purchased from certain affiliates of First Reserve Corporation 32,095 shares of our Series B Preferred Stock. In connection with this transaction, we and LB I Group Inc. entered into a letter agreement pursuant to which we agreed, upon consummation of the transaction and the fulfillment of certain other conditions, including the resignation of Mr. Ben A. Guill from our board of directors, to take all necessary actions in order to cause one designee of LB I Group Inc. to be elected to our board of directors. LB I Group Inc. is entitled to have one designee on the slate of directors recommended by TransMontaigne at each meeting of our stockholders at which the election of directors is on the agenda, until such time as LB I Group Inc. no longer beneficially

owns at least 5% of our outstanding common stock on an as-converted basis. In connection with the consummation of this transaction on October 9, 2003, Mr. Guill resigned from our board of directors, and our board of directors, by unanimous written consent, elected David J. Butters, the LB I Group Inc. designee, to fill such vacancy effective October 9, 2003 and further, nominated Mr. Butters to stand for re-election at our 2003 annual meeting of stockholders. LB I Group Inc. also became party to a registration rights agreement whereby it has the right to require TransMontaigne to register the shares of common stock received upon conversion of its shares of Series B Preferred Stock under the Securities Act of 1933.

Effective December 31, 2002, Mr. Harold R. Logan, Jr. resigned as Executive Vice President and Chief Financial Officer of TransMontaigne. Effective January 1, 2003, Mr. Logan entered into a consulting agreement with us pursuant to which Mr. Logan agreed to perform certain financial and banking consulting services for us for a period of two years, after which the agreement is automatically renewed for additional

Edgar Filing: TRANSMONTAIGNE INC - Form 10-K/A

terms of one (1) year each, unless earlier terminated by either party upon written notice to the other party at least ninety (90) days prior to the end of the initial term of the agreement or any renewal term. The consulting agreement provides annual compensation to Mr. Logan of \$100,000 for the first year of services and \$75,000 for the second year of services. Thereafter, compensation shall be as mutually agreed between Mr. Logan and TransMontaigne. Mr. Logan has agreed to continue as a member of our board of directors and to serve as Chairman of the Finance Committee of the board.

We have an agreement with Lion Oil Company, in which we own an 18.04% ownership interest pursuant to which we have the right to designate two directors to the board of Lion Oil Company. Mr. Logan, a director of TransMontaigne, is one of our designees and serves as a director of Lion Oil Company. We purchased \$15,490,854 of refined petroleum products from and sold \$2,447,231 of refined petroleum products to Lion Oil Company in the year ended June 30, 2003, all of which product purchases and sales were made at market prices negotiated between TransMontaigne and Lion Oil Company or through independent brokers. We believe the prices paid by and to Lion Oil Company were comparable to prices that would have been paid by and to independent third parties.

During the year ended June 30, 2003, we paid \$252,453 to Arapahoe Development, Inc., which is owned by Cortlandt S. Dietler, Chairman of our board of directors, for flights aboard an aircraft owned by Arapahoe Development. We believe that the prices paid for those flights were competitive with rates charged by other aircraft leasing companies for similar services.

Pursuant to certain agreements, partnerships managed by First Reserve, Yorktown Energy Partners, L.P. and other venture capital funds managed by, and shares owned by, officers of Dillon, Read & Co. Inc., and Waterwagon & Co., nominee for Merrill Lynch Growth Fund for Investment and Retirement, have the right to require us to register the shares of common stock received upon conversion of their shares of Series B Preferred Stock under the Securities Act of 1933.

We have agreed to take all action necessary to cause one director designated by affiliates of First Reserve Corporation from time to time to be elected to our board of directors so long as their ownership of our Common Stock outstanding is at least 10%. The affiliates of First Reserve have designated John A. Hill as their nominee for director. Previous to the October 9, 2003 transaction between First Reserve and LB I Group Inc. described above, the affiliates of First Reserve had the right to designate two directors.

In addition, pursuant to an antidilution agreement, if we issue Common Stock or certain securities convertible into common stock, Waterwagon & Co., nominee for Merrill Lynch Growth Fund for Investment and Retirement, has the right to purchase additional shares of common stock in order to

19

maintain its percentage ownership of our outstanding common stock. The purchase price of such shares will be based on the market price of the common stock at the time of the offering giving rise to the right of Waterwagon & Co. to purchase additional common stock. Under the antidilution agreement, we may be required to register such shares pursuant to a registration statement under the Securities Act of 1933.

During the year ended June 30, 2003, we purchased \$31,592,134 of refined petroleum products from and sold \$26,157,180 of refined petroleum products to Louis Dreyfus Energy Services, an affiliate of Louis Dreyfus Corporation, all of which purchases and sales were made at market prices negotiated between TransMontaigne and Louis Dreyfus Energy Services, or through independent brokers. We believe the prices paid by and to Louis Dreyfus Energy Services were comparable to prices that would have been paid by and to independent third parties.

In September 1998, we purchased, among other things, certain terminaling properties from Louis Dreyfus Corporation pursuant to a stock purchase agreement. Louis Dreyfus Corporation has paid to us approximately \$1,350,000 since the closing of the transaction as indemnification under the stock purchase agreement for certain environmental expenses, including approximately \$437,000 since July 1, 2002.

Also pursuant to the stock purchase agreement, we agreed to take all action necessary to cause one director designated by Louis Dreyfus Corporation from time to time to be elected to our board of directors as long as its ownership in TransMontaigne is at least 10% of our outstanding common stock. Louis Dreyfus Corporation has designated Peter B. Griffin as its nominee for director. Pursuant to a registration rights agreement entered into between us and Louis Dreyfus Corporation concurrently with the stock purchase agreement, Louis Dreyfus Corporation and each entity at least eighty percent owned directly or indirectly by S.A. Louis Dreyfus et Cie., has the right to require us to register their shares of common stock under the Securities Act of 1933.

On June 30, 2003, we redeemed all of the outstanding shares of Series A Preferred Stock and warrants to purchase common stock in exchange for an aggregate cash payment of approximately \$24.4 million. In connection with the redemption of the Series A Preferred Stock, we repurchased approximately 13,567 shares of Series A Preferred Stock and warrants to purchase 500,025 shares of common stock from Vencap Holdings (1987) Pte. Ltd. for cash consideration of approximately \$13.6 million and repurchased approximately 10,853 shares of Series A Preferred Stock and warrants to purchase 400,020 shares of common stock from Vestar Capital Partners III, L.P. for cash consideration of approximately \$10.8 million. Prior to this redemption, each of Vencap and Vestar owned greater than 5% of our common stock (on an

as-converted basis) but fell below such threshold as a result of this transaction.
