**NOTICE OF ACTION TAKEN BY WRITTEN CONSENT
OF OUR MAJORITY STOCKHOLDERS**

Dear Stockholders:

We are writing to advise you that GL Energy and Exploration, Inc. (the "GL Energy") has entered into an Agreement and Plan of Reorganization (the "Merger Agreement") with American Southwest Music Distribution, Inc. ("American Southwest"), a privately held Texas corporation, with offices in Santa Fe Springs, California. American Southwest will merge with and into GL Energy (the "Merger"). GL Energy will be the surviving corporation. Pursuant to the Merger Agreement, all of American Southwest's outstanding shares will be converted into shares of GL Energy's common stock. Pursuant to the Merger Agreement, GL Energy will amend and restate its Certificate of Incorporation to change GL Energy's corporate name to "American Southwest Music Distribution, Inc" (the "Name Change"). Following the Merger, GL Energy has agreed to reverse split your shares of common stock by 1 for 35 (the "Reverse Stock Split").

GL Energy's Board of directors approved the Merger and GL Energy's Name Change. Under Section 228 of the General Corporations Law of the State of Delaware, action by stockholders may be taken without a meeting, by written consent of the shareholders having not less than the minimum number of votes that are necessary to authorize the action at a meeting at which all shares entitled to vote thereon were present and voted. A majority of GL Energy's stockholders approved the Merger by written consent in lieu of a meeting, on October 15, 2004. A stockholder owning 16,400,000 shares of the 32,473,042 shares of common stock outstanding as of October 15, 2004 consented in writing to the actions described below. Such approval and consent constitute the approval and consent of a majority of the total number of shares of outstanding common stock and are sufficient under the Delaware General Corporation Law and GL Energy's By-Laws to approve the actions. Accordingly, the actions will not be submitted to GL Energy's other stockholders for a vote. No other vote or stockholder action is required.

The Merger will not be effective until the Certificate of Merger between GL Energy and American Southwest is filed with Delaware's Secretary of State. Immediately following the Merger, GL Energy's board of directors will seek shareholder approval, by written consent in lieu of a meeting from the holders of a majority of the outstanding voting stock, of the Reverse Stock Split at the rate of 1 share for every 35 shares outstanding, and an approval of an increase in the authorized common stock, \$.001 par value, from 2,857,142 shares to 100,000,000 shares of common stock. The board of directors has already unanimously approved the Reverse Stock Split.

This Information Statement is first being furnished on or about January , 2004, to the shareholders of record as of the close of business of December 20, 2004 of the common stock of GL Energy. This Information Statement is being furnished to stockholders to provide them with certain information concerning the actions in accordance with the requirements of the Securities Exchange Act of 1934 and the regulations promulgated thereunder, including Regulation 14C. This Information Statement is being sent in compliance with Section 228(e) of the Delaware General Corporation Law.

PLEASE READ THE ACCOMPANYING INFORMATION STATEMENT CAREFULLY.

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE NOT REQUESTED TO SEND US A PROXY.

COMPLETION OF THE MERGER WILL RESULT IN A CHANGE IN CONTROL OF GL ENERGY AND GL ENERGY'S ASSUMPTION OF AMERICAN SOUTHWEST'S ASSETS, LIABILITIES AND OPERATIONS.

PLEASE NOTE THAT GL ENERGY'S CONTROLLING STOCKHOLDERS VOTED TO APPROVE THE MERGER and THE NAME CHANGE. THE NUMBER OF VOTES HELD BY THE CONTROLLING STOCKHOLDERS ARE SUFFICIENT TO SATISFY THE STOCKHOLDER VOTE REQUIREMENT FOR THESE ACTIONS AND NO ADDITIONAL VOTES WILL BE NEEDED TO APPROVE THESE ACTIONS.

Sincerely,

David Michery, President

GENERAL

This Information Statement is being furnished to all of our stockholders of record on December 20, 2004 in connection with the approval by GL Energy's board of directors and our Controlling Stockholder of:

The Merger Agreement between American Southwest and GL Energy. The form of the Agreement and Plan of Reorganization with American Southwest is attached to this Information Statement as Appendix A; and

An amendment and restatement of our certificate of incorporation that will change our corporate name, upon the close of the Merger, to "American Southwest Music Distribution." The form of the GL Energy's Certificate of Amendment of the Certificate of Incorporation (the "Amended Articles") is attached to this Information Statement as Appendix B.

Following the Merger, GL Energy has agreed to a Reverse Stock Split of your shares of common stock by 1 for 35. All of the foregoing has been approved in order to effect the Merger contemplated by the Merger Agreement dated October 13, 2004 with American Southwest. Pursuant to the Merger Agreement, we will issue to the stockholders of American Southwest 22,500,000 shares of our common stock and 23,980 shares of our Series A Convertible Preferred Stock. Each share of the Series A Convertible Preferred Stock has a face value of \$1,000.00 per share, and is convertible into shares of GL Energy's common stock at the rate of \$.04 per share.

Prior to the Reverse Stock Split, the aggregate number of shares of common stock in which the Series A Convertible Preferred Stock may be converted is 599,500,000. Each share of Series A Convertible Preferred Stock entitles their holder to vote the number shares equal to the number of shares of common stock into which the shares of Series A Convertible Preferred Stock may be

converted. The holders of the common stock and the Series A Convertible Preferred Stock vote as a single class on all matters on which GL Energy's stockholders vote, except where otherwise required by law.

The shares of Series A Convertible Preferred Stock have a stated compounded dividend of 6% per annum based on the stated value of \$1,000 per share, payable as permitted by law and declared by the board of directors, or upon the redemption or conversion of the Series A Convertible Preferred Stock into common stock, if the shares of Series A Convertible Preferred Stock are converted 24 months after their issuance to the holder. The Board of directors may not declare or pay any dividends on the common stock unless a dividend is first declared and paid all unpaid dividends on the Series A Convertible Preferred Stock.

The holders of the Series A Convertible Preferred Stock shall have the right to two demand registrations, and unlimited "piggy-back" registration rights subject to pro rata cutback at the underwriters' discretion. The holders of the Series A Convertible Preferred Stock have S-3 registration rights, if and when GL Energy qualifies for registration pursuant to Securities and Exchange Commission form S-3. According to their terms, the shares of Series A Convertible Preferred Stock automatically convert into common stock on the effective date of the Reverse Stock Split, and all of the Series A Convertible Preferred Stock will be surrendered to GL Energy. At the time of the Reverse Stock Split, the shares of Series A Convertible Preferred Stock shall be adjusted in the same proportion as the common stock, and will thereafter be convertible into 17,128,572 shares of common stock. After giving effect to the Reverse Stock Split and the Merger, GL Energy's total issued and outstanding shares of common stock will be approximately 18,699,230.

The shares of common Stock and Series A Convertible Preferred Stock will be issued to American Southwest's shareholders in exchange for all of the issued and outstanding shares of American Southwest's common stock. The Reorganization Agreement requires us to file the amended and restated Certificate of Incorporation. The Merger is expected to close on or about January 10, 2004, and will become effective upon the filing of the Articles of Merger with the Secretary of State of Delaware. We anticipate that the filing will occur on or about January 10, 2004.

The elimination of the need for a special meeting of stockholders to approve the proposals set forth above is authorized by Section 228 of the Delaware General Corporation Law, referred to herein as the Delaware Code, which provides that the written consent of the holders of the outstanding shares of voting stock, having not less than the minimum number of votes which would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted, may be substituted for such a special meeting. Prompt notice of the taking of the corporate action without a meeting is to be given to our stockholders.

Pursuant to the Delaware Code, a majority of the outstanding shares of voting stock entitled to vote thereon is required in order to approve the actions. In order to eliminate the costs and management time involved in holding a special meeting of stockholders and in order to approve the Merger and the amended and restated certificate of incorporation, the board of directors decided to use the written consent of the holders of a majority in interest of our outstanding common stock.

Our controlling stockholder, who beneficially owns approximately fifty and one-half percent (50.50%) of our outstanding common stock entitled to vote on the approval of the Merger and the amendment of the certificate of incorporation changing our name, gave his written consent to approve the foregoing, on October 15, 2004. The subject actions will not be submitted to our other stockholders for a vote and this Information Statement is being provided to them in accordance with the requirements of the Securities Exchange Act of 1934 and the regulations promulgated thereunder, including Regulation 14C. This Information Statement is being sent in compliance with Section 228(e) of the Delaware General Corporation Law.

We will pay all costs will pay all costs associated with the printing, mailing and distribution of this Information Statement to our stockholders. Brokers, nominees and other custodians will be instructed to forward copies of this Information Statement to the beneficial owners of shares held in custodial accounts. GL Energy will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending this Information Statement to the beneficial owners of GL Energy's common stock.

GL Energy was incorporated in the State of Delaware on October 7, 1998 under the name LRS Group Incorporated. On October 10, 2001 the name of the corporation was changed to GL Energy and Exploration, Inc.

In February 2003, GL Energy formed a new wholly owned subsidiary, GL Gold, Inc. GL Gold entered into an asset purchase agreement, on February 25, 2003, to acquire a permitted gold mine, two un-permitted groups of mining claims, and options to acquire certain mining equipment, located in Oregon. Under the asset purchase agreement, GL Energy was required to deposit \$10,000 and to pay \$590,000 for the mining claims, and \$150,000 for the equipment. Among other conditions, the asset purchase agreement was required to be closed by April 30, 2003. The closing deadline was extended to July 31, 2003. GL Energy did not close the purchase and wound up GL Gold.

Prior to May 29, 2003, GL Energy planned to engage in the exploration and mining of tungsten in the Western United States. GL Energy entered into an agreement with Platoro West Inc. ("Platoro"). Platoro is a mineral exploration company that located and recorded mining claims, which it believed contained high concentrations of tungsten. Under the terms of the agreement, if GL Energy defaulted, GL Energy was required to re-convey all of GL Energy's rights, title and interest in the mining claims to Platoro. On October 10, 2001, GL Energy formed GL Tungsten, Inc. as a subsidiary incorporated in the State of Nevada for the purpose of conducting mining exploration under the agreement with Platoro. On August 7, 2003, GL Energy terminated the agreement with Platoro, and GL Energy re-conveyed all of its rights and interest in the mining claims.

On May 29, 2003, GL Energy entered into an asset purchase agreement with Wellstar International, Inc., a Nevada corporation ("Wellstar") to acquire all of Wellstar's sixty percent (60%) interest in two mineral claims in Chile, known as the LaBarca Deposit and the Duna Choapa Norte Deposit (collectively referred to as the "Claims") and to assume certain joint venture agreements with SEM Mining Corporation S.A. ("SEM Mining"). Under the joint venture agreements, GL Energy agreed to invest \$2,000,000 in a pilot plant, and \$8,000,000 for a production plant, by January 22, 2004. The terms of the joint venture agreements were amended and the investment deadline was extended.

The new terms required GL Energy to invest \$20,000,000. GL Energy did not make the required investment. On April 30, 2004, SEM Mining notified GL Energy of its default, and SEM Mining stipulated to terminate the joint venture agreements.

On May 5, 2004 GL Energy attempted to acquire a sixty-five percent (65%) interest in High Country Suspension Bridge LLP ("High Country") in exchange for an investment of approximately \$1,000,000. In July 2004, GL Energy terminated its effort to acquire an interest in High Country. Since July of 2004, GL Energy sought alternative investment opportunities in various industries.

American Southwest is a music licensing, recording and distribution company. American Southwest has an office in Santa Fe Springs, California and plans to open a distribution center in Houston, Texas. American Southwest is a development stage company formed in July of 2004. American Southwest acquired the rights to two existing music master catalogs ("Master Catalogs"), which gives American Southwest the exclusive right to commercially exploit several master records that have been previously released for sale to consumers in the form of compact disks and tapes through normal retail distribution channels.

American Southwest plans to generate revenues by selling copies of records derived from its music catalogs through normal retail distribution channels to consumers in the United States and Canada. American Southwest plans to enter into several licensing agreements with foreign distributors and licensors to sell records derived from its catalog outside of the United States and Canada.

American Southwest plans to enter into rights acquisition, licensing, distribution and recording agreements ("Distribution Agreements") with third party record labels and production companies ("Labels") to provide American Southwest with master recordings that have not been previously released for sale to consumers ("New Masters"). Through each Distribution Agreement, American Southwest plans to acquire the worldwide copyright and exclusive right to distribute and license records derived from the New Masters, recorded and produced by the various Labels and recording artists.

In each Distribution Contract, the Labels will agree to deliver one or more New Masters to American Southwest during the term of the Distribution Contract. Each New Master will be required to contain at least ten (10) newly recorded compositions of the featured recording artist(s), having an aggregate playing time of no less than thirty-two (32) minutes ("Albums"), and must be complete and satisfactory to American Southwest.

If satisfactory, in most cases, within three months of the Label's delivery of an Album to American Southwest, American will release the Album in retail stores throughout the United States and Canada. If the Album realizes commercial success in the United States and Canada, approximately one (1) year after its initial release, the Album will be released in major foreign territories, such as the United Kingdom, Japan, Australia, Germany, and France.

Whether or when an Album is commercially released is within American Southwest's sole discretion. Prior to and concurrent with the commercial release of an Album, management creates and implements a marketing plan for each Album. The actual amount of money spent marketing Album will determined by American Southwest's management, based upon the historical sales of the recording artist featured on the album, as reported by Soundscan; initial responses to singles on the album by radio and club disc jockey's and radio program directors across the country, as reported by BDS; and the number of initial units of the album purchased by the retailers.

Pursuant to the terms of each Distribution Agreement, American Southwest pays the Label royalties equal to approximately fifty percent (50%) of the net profits received from the sell of the delivered Album, after all advances made by American Southwest to and on behalf of the Label are recouped through the sale of all of the Albums delivered during the term of the distribution agreement. As defined in each Distribution Agreement, net sales equal all gross receipts received by American Southwest from its distributors from the sale of the album minus all manufacturing costs, marketing and promotion costs, a twenty percent (20%) distribution payable to American Southwest, co-op advertising costs, mechanical royalties, royalties payable to third-parties, and all other expenses paid by American Southwest.

Structure of the Merger

Upon filing the Certificate of Merger with the Secretary of State of Delaware, referred to herein as the "Effective Date of the Merger," the control of GL Energy will change and we will carry on the business of American Southwest. The change of control will be effected through the following actions:

American Southwest will merge with and into GL Energy. American Southwest's separate corporate existence will cease, and GL Energy will be the surviving corporation. GL Energy will change its name to "American Southwest Music Distribution Inc.";

American Southwest has two shareholders. GL Energy will issue 22,500,000 shares of its common stock and 23,980 shares of its Series A Convertible Preferred Stock to the American Southwest shareholders. Each share of the Series A Convertible Preferred Stock has a face value of \$1,000.00 per share, and is convertible into shares of GL Energy's common stock at the rate of \$.04 per share. Prior to the Reverse Stock Split, the aggregate number of shares of common stock in which the Series A Convertible Preferred Stock may be converted is 599,500,000. Each share of Series A Convertible Preferred Stock entitles their holder to vote the number shares equal to the number of shares of common stock into which the shares of Series A Convertible Preferred Stock may be converted. The holders of the common stock and the Series A Convertible Preferred Stock vote as a single class on all matters on which GL Energy's stockholders vote, except where otherwise required by law. According to their terms, the shares of Series A Convertible Preferred Stock automatically convert into common stock on the effective date of the Reverse Stock Split, and all of the Series A Convertible Preferred Stock will be surrendered to GL Energy. At the time of the Reverse Stock Split, the shares of Series A Convertible Preferred Stock shall be adjusted in the same proportion as the common stock, and will thereafter be convertible into 17,128,572 shares of common stock;

After giving effect to the Reverse Stock Split and the Merger, GL Energy's total issued and outstanding shares of common stock will be approximately 18,699,230, and the American Southwest shareholders will own 17,771,429 shares. The two American Southwest shareholders will collectively own approximately 95% of our issued and outstanding shares of common stock. Our current stockholders will own approximately 5% of our issued and outstanding shares of common stock;

David Michery and Marcus Sanders will remain our directors. David Michery will continue as our Chief Executive Officer and Kent Puckett will continue as Chief Financial Officer. Marcus Sanders will be appointed as Chief Operating Officer. These officers and directors shall control GL Energy's business and operations; and

Immediately following the Merger, GL Energy's board of directors will seek from a majority of the shareholders approval, by written consent of the Reverse Stock Split at the rate of 1 share for every 35 shares outstanding, and approval of an increase in the authorized common stock, \$.001 par value ("Common Stock"), from 2,857,142 shares to 100,000,000

Edgar Filing: GL ENERGY & EXPLORATION INC - Form PRER14C

shares of common stock. The board of directors has already unanimously approved the Reverse Stock Split and concurrent increase in the authorized common stock.

Merger Consideration

Pursuant to the Merger Agreement, each issued and outstanding share of American Southwest common stock will be converted into the right to receive shares of GL Energy's common stock and Series A Convertible Preferred Stock, in accordance the terms of the Merger Agreement. GL Energy will issue 22,500,000 shares of its common stock and 23,980 shares of its Series A Convertible Preferred Stock to the American Southwest shareholders. Each share of the Series A Convertible Preferred Stock has a face value of \$1,000.00 per share, and is convertible into shares of GL Energy's common stock at the rate of \$.04 per share. Prior to the Reverse Stock Split, the aggregate number of shares of common stock in which the Series A Convertible Preferred Stock may be converted is 599,500,000. Each share of Series A Convertible Preferred Stock entitles their holder to vote the number shares equal to the number of shares of common stock into which the shares of Series A Convertible Preferred Stock may be converted. The holders of the common stock and the Series A Convertible Preferred Stock vote as a single class on all matters on which GL Energy's stockholders vote, except where otherwise required by law.

According to their terms, the shares of Series A Convertible Preferred Stock automatically convert into common stock on the effective date of the Reverse Stock Split, and all of the Series A Convertible Preferred Stock will be surrendered to GL Energy. At the time of the Reverse Stock Split, the shares of Series A Convertible Preferred Stock shall be adjusted in the same proportion as the common stock, and will thereafter be convertible into 17,128,572 shares of common stock. GL Energy will not issue fractional shares.

The shares of Series A Convertible Preferred Stock have a stated compounded dividend of 6% per annum based on the stated value of \$1,000 per share, payable as permitted by law and declared by the board of directors, or upon the redemption or conversion of the Series A Convertible Preferred Stock into common stock, if the shares of Series A Convertible Preferred Stock are converted 24 months after their issuance to the holder. The Board of directors may not declare or pay any dividends on the common stock unless a dividend is first declared and paid all unpaid dividends on the Series A Convertible Preferred Stock. The holders of the Series A Convertible Preferred Stock shall have the right to two demand registrations, and unlimited "piggy-back" registration rights subject to pro rata cutback at the underwriters' discretion. The holders of the Series A Convertible Preferred Stock have S-3 registration rights, if and when GL Energy qualifies for registration pursuant to Securities and Exchange Commission form S-3.

Reasons for the Merger

Our board of directors considered various factors in approving the merger agreement, including:

GL Energy's current lack of operations;

GL Energy's and American Music's prospects for the future;

American Music's potential for growth and expansion; and

The anticipated increase in shareholder value as a result of the Merger.

Our board of directors believes that the acquisition of American Southwest will be in the best interest of our stockholders. Our board of directors analyzed American Southwest's prospects and management experience, and believes that acquiring American Southwest's growth potential by means of a merger gives GL Energy a good opportunity to increase our stockholders' value. Our board of directors did not request a fairness opinion in connection with the Merger.

Cost and Expenses of the Merger

The Merger Agreement provides that each party will pay its own costs and expenses incurred in connection with the Merger. We agreed to pay all expenses related to the preparation, printing and mailing of this Information Statement and all related filing and other fees.

Appraisal Rights

Under applicable Delaware law, our stockholders do not have the right to demand appraisal of their shares in connection with the actions we are taking by written consent.

Amended and Restated Certificate of Incorporation and Reverse Stock Split

Our board of directors and the majority stockholder approved an amended and restated certificate of incorporation that will, among other things, (a) approving the Merger between GL Energy and American Southwest and (b) changing our corporate name, upon the closing of the merger, to "American Southwest Music Distribution, Inc." and (c) making certain other changes permitted under Delaware law.

The board of directors has already unanimously approved the Reverse Stock Split and concurrent increase in the authorized common stock. Immediately following the Effective Date of the Merger, GL Energy's board of directors will seek from a majority of the shareholders approval, by written consent of the Reverse Stock Split at the rate of 1 share for every 35 shares outstanding, and approval of an increase in the authorized common stock, \$.001 par value ("Common Stock"), from 2,857,142 shares to 100,000,000 shares of common stock.

Risk Factors

The merger and related transaction, as well as the ownership of GL Energy's common stock after the Merger, involves a high degree of risk. You should carefully consider the information set forth in the section entitled "Risk Factors," as well as the other information in this Information Statement. In addition to the risks related to the American Southwest's business, described elsewhere in this Information Statement, the Merger entails several risks, including the following:

The shares that will be issued, as part of the Merger, will dilute GL Energy's current stockholders, and will reduce the current stockholders' percentage of ownership to approximately 5%, which will limit GL Energy's current stockholders' ability to influence corporate matters after the Merger.

American Southwest has two shareholders. GL Energy will issue 22,500,000 shares of its common stock and 23,980 shares of its Series A Convertible Preferred Stock to the American Southwest shareholders. Each share of the Series A Convertible Preferred Stock has a face value of \$1,000.00 per share, and is convertible into shares of GL Energy's common stock at the rate of \$.04 per share. Prior to the Reverse Stock Split, the aggregate number of shares of common stock in which the Series A Convertible Preferred Stock may be converted is 599,500,000. Each share of Series A Convertible Preferred Stock entitles their holder to vote the number shares equal to the number of shares of common stock into which the shares of Series A Convertible Preferred Stock may be converted. The holders of the common stock and the Series A Convertible Preferred Stock vote as a single class on all matters on which GL Energy's stockholders vote, except where otherwise required by law. According to their terms, the shares of Series A Convertible Preferred Stock automatically convert into common stock on the effective date of the Reverse Stock Split, and all of the Series A Convertible Preferred Stock will be surrendered to GL Energy. At the time of the Reverse Stock Split, the shares of Series A Convertible Preferred Stock shall be adjusted in the same proportion as the common stock, and will thereafter be convertible into 17,128,572 shares of common stock. After giving effect to the Reverse

Stock Split and the Merger, GL Energy's total issued and outstanding shares of common stock will be approximately 18,699,230, and the American Southwest shareholders will own 17,771,429 shares. The two American Southwest shareholders will collectively own approximately 95% of GL Energy's issued and outstanding shares of common stock. GL Energy's current stockholders will own approximately 5% of our issued and outstanding shares of common stock;

American Southwest's two shareholders will own approximately 95% of our common stock following the Merger, which gives American Southwest shareholders control over corporate matters in the future.

After the Merger, two American Southwest shareholders will collectively own approximately 95% of GL Energy's issued and outstanding shares of common stock. GL Energy's current stockholders will own approximately 5% of our issued and outstanding shares of common stock. The American Southwest shareholders may effectively control all corporate matters after the Merger.

After the Merger, one of our officers and directors controls a significant percentage of our common stock, and has control over corporate matters in the future.

David Michery, who is currently a Director, President and Chief Executive Officer of GL Energy is also the majority shareholder of American Southwest. David Michery does not currently own any shares of GL Energy stock. As consideration for the acquisition and Merger of American Southwest, David Michery will receive 20,295,000 shares of GL Energy's common stock and 21,630 shares of Series A Convertible Preferred Stock. The Series A Convertible Preferred Stock is convertible into 540,750,000 shares of GL Energy's common stock. After the Merger, assuming the conversion of all of the shares of Series A Convertible Preferred Stock and the effect of the Reverse Stock Split, David Michery will own approximately 16,029,858 of GL Energy's common stock or approximately 85.725% of GL Energy's outstanding common stock on a fully-diluted basis. Mr. Michery will be able to significantly influence all matters requiring stockholder approval, including election of directors and approval of significant corporate transactions. This concentration of ownership, which is not subject to any voting restrictions, could limit the price that investors might be willing to pay for common stock. In addition, Mr. Michery may impede transactions that may be desirable to other stockholders.

Additional future issuances of GL Energy's stock, after the Merger, if necessary to satisfy our working capital needs or to acquire additional assets and business operations will further dilute GL Energy's current stockholders, and reduce the current stockholders percentage ownership further, which will further reduce GL Energy's current stockholders' ability to influence corporate matters after the Merger.

After the Merger, we will assume American Southwest's business and operation plan, which requires substantial additional capital funds to fully implement. American Southwest will need cash for its future operating costs, marketing costs and to acquire additional assets and businesses. Where appropriate, American Southwest's management plans to borrow money to meet its capital needs or to issue additional shares of GL Energy's stock directly to third parties to acquire additional assets and related business operations. Where management is unable to borrow money or to use its capital stock as consideration for acquisitions, American Southwest will seek investments in exchange for the issuance of GL Energy's stock. American Southwest's management currently plans to raise \$6,000,000 through an offering of its securities. The issuance of the additional shares will further reduce GL Energy's current shareholders' ability to influence corporate matters after the Merger.

The market price of our common stock may decline after the Merger, if the integration of American Southwest and GL Energy is unsuccessful.

The aggregate number of shares of common stock in which the Series A Convertible Preferred Stock may be converted is 599,500,000. RISK FACTORS

You should be aware that there are several risks involved in the Merger and related to American Southwest's business, including those described below. You should carefully consider the information set forth in this Information Statement.

Risks Relating to the Merger

GL Energy's current stockholders have no opportunity to approve or disapprove the Merger and will experience substantial dilution in connection with the Merger.

Under Delaware law, the actions described herein could have routinely be taken at a meeting of stockholders, but have been taken by written consent of stockholders having not less than the minimum number of votes that would be necessary to authorize or take the action at a meeting of stockholders. Accordingly, stockholders, other than our one controlling stockholder, are not asked to approve or disapprove these matters. In addition, because GL Energy does not have assets and has limited operating history, in the event the merger transaction is consummated as described herein, our current stockholders will experience substantial dilution in their ownership interest of GL Energy.

We cannot assure you that there will be an active trading market for GL Energy's common stock.

Even though GL Energy's shares of common stock are expected to continue to be quoted on the OTC Bulletin Board, we cannot predict the extent to which a trading market will develop or how liquid that market might become. All of the shares of stock issued as part of the Merger will be "restricted securities" within the meaning of Rule 144 promulgated by the SEC, and will therefore be subject to certain limitations on the ability of holders to resell such shares. Holders of those shares may be required to retain their shares for a long period of time, because the shares may not be resold or otherwise transferred, without registration or reliance upon a valid exemption from registration.

Risks Relating to Our Business After the Completion of the Merger

American Music's limited operating history makes evaluating its business difficult, and we cannot not assure you that we will generate significant revenues or achieve profitability.

American Southwest is a development stage company formed in July of 2004. American Southwest acquired the rights to two existing music Master Catalogs. Therefore, we have an extremely limited operating history upon which shareholders may base an evaluation of American Southwest performance or any assumption as to the likelihood that we will be profitable. American Southwest's prospects must be considered in light of the risks, expenses, delays, problems and difficulties frequently encountered in the establishment of a new business and the competitive environment in which we operate. There can be no assurance that we will be able to generate significant revenues or achieve profitable operations.

Being a public company will increase American Southwest's administrative costs, which could result in lower than expected income, and make it more difficult for us to attract and retain key personnel.

As a public company, we will incur significant legal, accounting and other expenses that American Southwest would not have incurred as a private company. In addition, the Sarbanes-Oxley Act of 2002,

as well as new rules subsequently implemented by the SEC, require changes in corporate governance practices of public companies. We expect that these new rules and regulations will increase our legal and financial compliance costs and make some activities more time consuming. For example, in connection with being a public company, we will create several board committees, implement additional internal controls and disclosure controls and procedures, retain a transfer agent, a bank note company, and a financial printer, adopt an insider trading policy and incur costs relating to preparing and distributing periodic public reports in compliance with our obligations under the securities laws. These rules and regulations could also make it more difficult for us to attract and retain qualified members of our board of directors, particularly to serve on our audit committee, and qualified executive officers.

Our stock may be less attractive to potential investors, because we do not anticipate paying dividends in the foreseeable future.

We anticipate retaining future earnings and other cash resources for the future operation and development of our business and we do not intend to declare or pay any cash dividends in the foreseeable future. Future payment of cash dividends will be at the discretion of our board of directors after taking into account many factors, including our operating results, financial condition and capital requirements. Corporations that pay dividends may be viewed as a better investment than corporations that do not.

It may be difficult for a third party to acquire us, and this could depress our stock price.

The General Corporations Law of the State of Delaware, our amended and restated certificate of incorporation and amended and bylaws contain provisions that could delay, defer or prevent a change in control of GL Energy or our management. These provisions could discourage information contests and make it more difficult for you and other stockholders to elect directors and take other corporate actions. As a result of these provisions, the price that investors may be willing to pay in the future for our shares of common stock may be limited. For example:

Without prior stockholder approval, the board of directors has the authority to issue one or more classes of Series A Convertible Preferred Stock with rights senior to those of common stock and to determine the rights, privileges and inference of that Series A Convertible Preferred Stock;

There is no cumulative voting in the election of directors, which would otherwise allow less than a majority of stockholders to elect director candidates;

Stockholders cannot call a special meeting of stockholders; and

Our advance notice requirements for proposing matters that can be acted upon by stockholders at a meeting.

We may not be able to obtain sufficient capital to implement American Music's Business Plan.

To successfully implement American Music's Business Plan, we need access to capital. Our ability to implement our business plan will be limited unless we are able to obtain capital through additional debt or equity financing. We cannot assure that such debt or equity financing will be obtained or that, if obtained, such financing will be on terms that are favorable to us or sufficient for our needs. If we are unable to obtain sufficient financing, we may be unable to fully implement our business plan, and we may be required to limit or discontinue our operations.

The volatility of our stock price affect our may adversely affect the market price for our common stock.

GL Energy's common stock is quoted on the OTC Bulletin Board. The market price of GL Energy's common stock has historically been volatile. We believe the market price of the common stock could continue to fluctuate substantially, based on a variety of factors, including quarterly fluctuations

in results of operations, timing of product releases, announcements of new products and acquisitions or acquisitions by our competitors, changes in earnings estimates by research analysts, and changes in accounting treatments or principles. The market price of our common stock may be affected by our ability to meet or exceed analysts' or "street" expectations, and any failure to meet or exceed such expectations could have a material adverse effect on the market price of our common stock. Furthermore, stock prices for many companies, particularly entertainment companies, fluctuate widely for reasons that may be unrelated to their operating results. These fluctuations and general economic, political and market conditions, such as recessions or international currency fluctuations and demand for our products, may adversely affect the market price of our common stock.

Acquisitions involve risks that could cause our actual growth to differ from our expectations and lower the market price for our common stock

While we are not currently a party to any agreements or understandings for any material acquisitions, we expect to continue to seek to acquire master recordings, music publishing rights and other record companies. Acquisitions involve risks that could cause our actual growth to differ from our expectations. For example:

We may not be successful in identifying attractive acquisitions. We compete with other companies to acquire master recordings, music publishing rights and other record companies. We expect that this competition will continue, which may inhibit our ability to complete suitable acquisitions on favorable terms.

We may be unable to successfully integrate acquired businesses and realize anticipated economic, operational and other benefits in a timely manner. If we are unable to successfully integrate acquired businesses, product lines and personnel, we may incur substantial costs and delays or other operational, technical or financial problems. In addition, efforts to integrate or failure to successfully integrate acquisitions may divert management's attention from our existing business and may damage our relationships with our key employees and customers.

Risks Inherent in the Recorded Music Industry

The recorded music industry is highly competitive, and we cannot assure the success of our individual products, nor the overall success of our business plan.

The recorded music industry is highly competitive. We face competition for discretionary consumer purchases of our products from other record companies and other entertainment companies, such as film and video companies. In the United States four record companies control eighty percent (80%) of record sales: Warner Music Group, Universal Music Group, Sony Music Entertainment, and EMI. Independent record companies generate the balance of record sales. Our ability to compete in this market depends largely on:

The skill and creativity of our employees and their relationships with artists;

Our ability to sign new and established artists and songwriters;

The expansion and utilization of our music catalog;

The acquisition of licenses to enable us to create compilation packages;

The effective and efficient distribution our products; and

Our ability to build and maintain a reputation for producing, licensing, acquiring, marketing and distributing high quality music.

Since we are in a creative industry, we may be able to generate sufficient revenues from successful releases to exceed the costs of unsuccessful product releases.

The recorded music industry, like other creative industries, involves a substantial degree of risk. Each recording is an individual artistic work, and its commercial success is primarily determined by consumer taste, which is unpredictable and constantly changing. As a result, we cannot assure the financial success of any particular release, the timing of success or the popularity of any particular artist. We may be unable to generate sufficient revenues from successful releases to cover the costs of unsuccessful releases.

Delays in the delivery of new master records by third-party labels could materially adversely affect our business, financial results, and operating results.

The timing of releases of New Masters may materially affect our business, financial condition and results of operations. To secure New Masters for release and sale to consumers, we will enter into Distribution Agreements with third party Labels. Pursuant to these Distribution Agreements, the third party Labels agree to deliver to us commercially satisfactory master recordings that have not been previously released for sale to consumers. Our results of operations are subject to seasonal variations. In particular, our revenues and operating income are affected by end-of-the-year holiday sales. In accordance with industry practice, we record revenues for music products when the products are shipped to retailers. In anticipation of holiday sales, retailers purchase products from us prior to December. As a result, our revenues and operating income typically decline during December, January and February. If releases planned for the peak holiday season are delayed, our business, financial results and operating results could be materially adversely affected.

If we experience higher than expected returns, our financial condition could be materially and adversely affected.

Our products are sold on a returnable basis, which is standard music industry practice. We set reserves for future returns of products estimated based on return policies and experience. We expect that our actual return experience will be within standard industry parameters. However, we may experience an increase in returns over our established reserves. If this occurs our business, results of operations and financial condition could be materially and adversely affected.

Losses of Key Personnel could materially and adversely affect our business, financial condition or results of operations.

Our success depends largely on the skills, experience and efforts of our executive officers and key employees, especially our Chairman and Chief Executive Officer, David Michery. The loss of the services of Mr. Michery or other members of our senior management, could materially adversely affect our business, financial condition or results of operations. In addition, in large part, our success will depend on our ability to attract and retain qualified management, marketing and sales personnel. We experience competition for qualified personnel with other companies and organizations. Our inability to hire or retain qualified personnel could have a material adverse effect on our business, financial condition or results of operations.

AGREEMENT AND PLAN OF REORGANIZATION AND THE MERGER

Summary of Terms

The following is only a summary of the material provisions of the Agreement of Merger and Plan of Reorganization ("Merger Agreement"), dated as of October 13, 2004, by and among, G.L. Energy and American Southwest. This summary is not intended to be exhaustive. The Merger Agreement is attached to this Information Statement as Appendix A. Please read the Merger Agreement in its entirety.

On October 13, 2004, we entered into an Agreement of Merger and Plan of Reorganization with American Southwest, in order to facilitate a merger with American Southwest. The acquisition is to be accomplished through a merger of American Southwest, with and into GL Energy, with GL Energy being the survivor of the Merger. Pursuant to the Merger, each issued and outstanding share of American Southwest common stock and each issued will be converted into the right to receive 22,500,000 shares of GL Energy common stock and 23,980 shares of GL Energy's Series A Convertible Preferred Stock. As part of the Merger, we will also amend and restate our certificate of incorporation to, among other things, (a) change our corporate name to "American Southwest Music Distribution, Inc.", (b) effect a one share for thirty-five shares reverse split of our common stock, and (c) increase our authorized capitalization.

Upon closing of the Merger, American Southwest stockholders will own approximately 95% of our issued and outstanding common stock and our current stockholders will own approximately 5%. The purpose of the Merger is to allow us to acquire and carry on American Southwest's business. It is anticipated that becoming a publicly held reporting company will enhance American Southwest's business visibility and ability to attract and use additional sources of capital.

Donald Byers, the controlling stockholder of GL Energy, beneficially owns 16,400,000 of the outstanding 32,473,042 shares of common stock, representing approximately 50.50% of the outstanding shares. The controlling stockholder has, in connection with the transactions contemplated by the Merger Agreement, executed a written consent to approve the Merger Agreement and authorize an amendment and restatement of our certificate of incorporation change our corporate name to "American Southwest Music Distribution, Inc."

Pursuant to Delaware law, we are hereby notifying our stockholders of the approval of the foregoing matters and, pursuant to the Exchange Act, filing this Information Statement on Schedule 14C, which will be mailed to all stockholders of record as of the record date established therefore.

Immediately following the Merger, GL Energy's board of directors will seek from a majority of the shareholders approval, by written consent of the Reverse Stock Split at the rate of 1 share for every 35 shares outstanding, and approval of an increase in the authorized common stock, \$.001 par value ("Common Stock"), from 2,857,142 shares to 100,000,000 shares of common stock. The board of directors has already unanimously approved the Reverse Stock Split and concurrent increase in the authorized common stock.

GL Energy's Reasons for the Merger

Our board of directors considered various factors in approving the merger agreement, including:

GL Energy's current lack of operations;

GL Energy's and American Music's prospects for the future;

American Music's potential for growth and expansion; and

The anticipated increase in shareholder value as a result of the Merger.

Our board of directors believes that the acquisition of American Southwest will be in the best interest of our stockholders. Our board of directors analyzed American Southwest's prospects and management experience, and believes that acquiring American Southwest's growth potential by means of a merger gives GL Energy a good opportunity to increase our stockholders' value. Our board of directors did not request a fairness opinion in connection with the Merger.

Neither GL Energy nor American Southwest retained the services of an investment banker or requested a fairness opinion in connection with the merger transaction.

Material Terms of the Merger Agreement

Subject to the terms and conditions of the Merger Agreement, at the effective time of the Merger, American Southwest will merge with and into GL Energy. The separate corporate existence of American Southwest will cease, and GL Energy will be the surviving corporation. After the Reverse Stock Split and conversion of the shares of Series A Convertible Preferred Stock, we will have issued an aggregate of 17,771,429 shares of our post-reverse split common stock to the American Southwest stockholders in exchange for 100% of the issued and outstanding shares of American Southwest's common stock. The effective date of the Merger and the issuance of our shares of common stock and Series A Convertible Preferred Stock in the Merger will take place immediately after the date that is 20 days after the date on which this Information Statement has been mailed to the stockholders. Immediately prior to the effective time of the merger, we will file amended and restated certificate of incorporation which, among other things, will change our corporate name to "American Southwest Music Distribution."

At the Close of the Merger, the members of the GL Energy's board of directors holding office immediately prior to the effective time will remain as the members of the board of directors of the surviving corporation, and all persons who are holding offices at the Close of the Merger will continue to hold the same offices of the surviving corporation.

The Merger will be consummated by the filing of a certificate of merger and any other appropriate documents, in accordance with the relevant provisions of the Delaware Code, with the Secretary of State of Delaware. We expect the Merger to be consummated promptly after fulfilling the terms and conditions of the Merger Agreement.

Closing Date of Merger

We anticipate that the closing will take place at a mutually agreed upon time, but no later than five (5) days after all conditions precedent have been met satisfied or waived and all required documents have been delivered. The parties have agreed to use their reasonable commercial efforts to cause the closing to occur on or before October 27, 2004, although we now anticipate closing on or before January 10, 2004.

Merger Consideration

At the Close of the Merger, all of American Southwest's shares of capital stock will automatically be cancelled and retired, and each holder of such stock immediately prior to the Merger will cease to have any rights with respect to those shares, except the right to receive shares of our common stock and Series A Convertible Series A Convertible Preferred Stock.

At the close of the Merger, GL Energy will issue 22,500,000 shares of its common stock and 23,980 shares of its Series A Convertible Preferred Stock to the American Southwest shareholders.

Each share of the Series A Convertible Preferred Stock has a face value of \$1,000.00 per share, and is convertible into shares of GL Energy's common stock at the rate of \$.04 per share. Prior to the Reverse Stock Split, the aggregate number of shares of common stock in which the Series A Convertible Preferred Stock may be converted is 599,500,000. Each share of Series A Convertible Preferred Stock entitles their holder to vote the number shares equal to the number of shares of common stock into which the shares of Series A Convertible Preferred Stock may be converted. The holders of the common stock and the Series A Convertible Preferred Stock vote as a single class on all matters on which GL Energy's stockholders vote, except where otherwise required by law. According to their terms, the shares of Series A Convertible Preferred Stock automatically convert into common stock on the effective date of the Reverse Stock Split, and all of the Series A Convertible Preferred Stock will be surrendered to GL Energy

Upon written request of the holder of at least fifty percent (50%) of the outstanding Series A Convertible Preferred Stock, as a class, including the common stock issued on conversion of the Series A Convertible Preferred Stock, up to two times, may demand that GL Energy and we must at our sole cost and expense, register under the applicable federal and state securities laws for resale by the holder of all of the common stock issued or issuable to the holder pursuant to the conversion of the Series A Convertible Preferred Stock, and to maintain such registrations or qualifications effective for all periods during which any portion of the Series A Convertible Preferred Stock may be converted. If GL Energy registers any of its securities on any form on which the common issued or issuable to holder pursuant to the conversion of the Series A Convertible Preferred Stock are eligible to be registered, GL Energy agrees to give written notice to the holder, and upon notice, GL Energy will include the holder's shares in the registration.

The number of common shares in which the shares of Series A Convertible Preferred Stock may converted shall be adjusted in the same proportion as the common stock if our board of directors, with approval of the majority of shareholders, resolve to make adjustments in our capital stock by stock splits or issuance of stock dividends. Therefore, at the time of the Reverse Stock Split, the shares of Series A Convertible Preferred Stock shall be adjusted in the same proportion as the common stock, and will thereafter be convertible into 17,128,572 shares of common stock

The holder or subsequent holders of the Series A Convertible Preferred Stock shall be entitled to receive dividends in preference to any dividend on the common stock of the Issuer at the rate of six percent (6%) per annum based on the stated value of \$1,000 per share, payable as permitted by law and declared by the Board of Directors, or upon the redemption or conversion of the Series A Convertible Preferred Stock, if the shares of the Series A Convertible Preferred Stock are converted 24 months after their issuance to the holder. The Board of Directors may not declare or pay any dividends on the common stock unless a dividend is first declared and paid all unpaid dividends on the Shares. The dividends are non-cumulative.

If Issuer liquidates, dissolves or winds-up its business, whether voluntary or otherwise, after Issuer pays its debts and other liabilities, the holder of the Series A Convertible Shares will be entitled to receive from the remaining net assets, before any distribution to the holders of our common stock, the amount of \$1,000 per share held, in cash plus payment of all accrued but unpaid dividends. The holders will not be entitled to receive any other payments if we liquidate, dissolve or wind-up our business. A sale of substantially all of our assets shall be deemed to be liquidation.

No fraction of any share of our common stock will be issued to any former holder of American Southwest's stock; rather, the number of shares of our common stock otherwise issuable, if other than a whole number, will be rounded to the nearest whole number.

2.3 Exchange Shares Not Registered. The Exchange Shares when issued will not be registered under the Securities Act of 1933, as amended ("Act"), or the securities laws of any state or states, but shall be issued in reliance upon the exemptions from registration provided by Section 4(2) of the Act and/or Rule 505 or 506 of Regulation D under the Act and under analogous state securities laws, on the grounds that the Exchange does not involve any public offering. The prior written consent of the Company will be necessary for any transfer of any or all of the Exchange Shares, unless the shares have been duly registered under the Act or the transfer is made in accordance with Rule 144 or other available exemption under the Act. Nothing in this Agreement, however, precludes the subsequent registration of the Exchange Shares under the Act for resale on any appropriate form. All certificates evidencing the Exchange Shares shall, unless and until removed in accordance with law, bear a restrictive legend substantially in the following form:

"The shares represented by this Certificate have not been registered under the Securities Act of 1933, as amended (the "Act"), and are "restricted securities" as that term is defined in Rule 144 under the Act. These shares may not be offered for sale, sold or otherwise transferred except pursuant to an effective registration statement under the Act, or pursuant to an exemption from registration under the Act."

5. REPRESENTATIONS AND WARRANTIES OF THE AMERICAN HOLDERS. The American Holders each represent and warrant to the Company that the following are true and correct as of the date hereof and will be true and correct through the Closing Date as if made on that date:

No third party has or at Closing will have any right of first refusal, pre-emptive right, option or similar right to acquire any of the American Shares except as disclosed to the Company in writing prior to the Closing. Each American Holder represents and warrants that he, she or it is not now insolvent and will not be insolvent after selling and delivering the American Shares to the Company on the terms of this Agreement, and each American Holder is receiving new consideration at least equal to the full and fair value of the American Shares being sold. Each American Holder has the full right, power and legal capacity to enter into this Agreement and sell and deliver the American Shares to the Company. As to each American Holder, which is a corporation or other entity, all requisite corporate or equivalent action has been taken necessary to approve the execution and performance of this Agreement.

(b) American and the American Holders understand and acknowledge that the Company is not profitable and does not have full-time or professional management, and that the officers and directors of the Company after the Closing will be the current officers and directors of or persons designated by American. Each American Holder recognizes that the Exchange Shares are speculative and involve a high degree of risk, and that the prospects and future success of the Company depend principally upon the American Holders and management designated by American.

(c) Each American Holder acknowledges and agrees that he, she or it or his, her or its representatives have been furnished with or offered substantially the same kind of information regarding the Company and its business, assets, financial condition and plan of operation as would be contained in a registration statement and included prospectus prepared in connection with a public offering of the Exchange Shares. Each American Holder further represents that he, she or it has had an opportunity to ask questions of and receive answers from the Company regarding the Company and its business, assets, results of operations, financial condition and plan of operation and the terms and conditions of the issuance of the Exchange Shares.

Each American Holder is acquiring the Exchange Shares for his, her or its own account, and not for the account of any other person and not for distribution, assignment or resale to others, or for pledge or hypothecation, and no other person has or is intended to have a direct or indirect

ownership or contractual interest in the Exchange Shares except as may exist or arise under marital property laws or otherwise by operation of law.

(e) The American Holder, alone or together with the American Holder's adviser(s), has such knowledge and experience in financial, tax and business matters as to enable American Holder to utilize the information made available by the Company, in connection with the Exchange and issuance of the Exchange Shares, to evaluate the merits and risks of acquiring the Exchange Shares and to make an informed investment decision with respect thereto.

(g) No American Holder was solicited by the Company by any form of general solicitation or general advertising, including but not limited to any advertisement, article, notice or other communication published in any newspaper, magazine or similar media or broadcast over television or radio, or made available over telephone lines by any information service, or any seminar or meeting whose attendees had been invited by any means of general solicitation or general advertising.

(h) Except as expressly set forth in this Agreement and the Schedules and Exhibits hereto, the Company has not made any representation or warranty to any American Holder in connection with this Agreement. Each American Holder's decision to enter into the Exchange is based upon his, her or its own independent judgment and investigation and not on any representations and warranties of the Company other than those expressly stated in this Agreement and in the Schedules and Exhibits hereto.

(a) *Effectuation of this Agreement.* The parties hereto each will use their best efforts to cause this Agreement and all related agreements to become effective, and all transactions herein and therein contemplated to be consummated, in accordance with its and their terms, to obtain all required consents, waivers and authorizations of governmental entities and other third parties, to make all filings and give all notices to those regulatory authorities or other third parties which may be necessary or reasonably required in order to effect the transactions contemplated in this Agreement, and to comply with all federal, local and state laws, rules and regulations as may be applicable to the contemplated transactions.

(b) *Restriction on Action.* The parties each agree that he or it will not do any thing or act prohibited by this Agreement or any related agreement, or fail to do any thing or act which he or it has undertaken to do in this Agreement or any related agreement.

(c) *Access and Information.* To the extent each party deems necessary for purposes of this Agreement and the transactions contemplated hereby, American and the Company each shall permit the other, its counsel, accountants and other representatives to have full access, upon reasonable notice and during regular business hours, throughout the period prior to Closing, to its equipment, assets, properties, books and records, and will cause to be furnished to the requesting party and its representatives during such period all information it or its representatives may reasonably request.

(d) *Public Release of Information.* The Company shall not issue any press release or make any other public release of information concerning the Exchange or this Agreement without the prior written consent of American, and neither American nor any American Holder shall issue any press release or make any other public release of information concerning the Exchange or this Agreement without the Company's prior written consent.

(e) *SEC Filings.* American and the American Holders acknowledge and agree that, at least ten (10) calendar days prior to consummation of the Exchange, an information statement containing the information required by SEC Rule 14f-1 shall be filed by the Company with the Securities and Exchange Commission and mailed to the Company's shareholders. American and the American holders also acknowledge and agree that, no later than four (4) calendar days following the Closing, the Company is required to file a report on Form 8-K with the Securities and Exchange Commission containing (or incorporating by reference) all required information. Both the Company and American will participate in the preparation of the Rule 14f-1 information statement and Form 8-K report, and neither document shall be filed or mailed out until both the Company and American have given their consent thereto.

9. INDEMNIFICATION.

9.1 Indemnification by American. American agrees to defend, indemnify and hold the Company, any subsidiary or affiliate thereof, and its respective successors, officers, directors and controlling persons (the "*Indemnified Company Group*") harmless from and against any and all losses, liabilities, damages, costs or expenses (including reasonable attorney's fees, penalties and interest) payable to or for the benefit of, or asserted by, any party resulting from, arising out of, or incurred as a result of (a) the breach of any representation made by American or a American Holder herein or in accordance herewith; (b) the breach of any warranty or covenant made by American or a American Holder herein or in accordance herewith; or (c) any claim, whether made before or after the date of this Agreement, or any litigation, proceeding or governmental investigation, whether commenced before or after the date of this Agreement, arising out of the business of American or arising out of any act or occurrence prior to, or any state of facts existing as of the Closing.

9.2 Indemnification by the Company. The Company agrees to defend, indemnify and hold American, any subsidiary or affiliate thereof, and its respective successors, officers, directors and controlling persons (the "*Indemnified American Group*") harmless from and against any and all losses, liabilities, damages, costs or expenses (including reasonable attorney's fees, penalties and interest) payable to or for the benefit of, or asserted by, any party resulting from, arising out of, or incurred as a result of (a) the breach of any representation made by the Company herein or in accordance herewith; (b) the breach of any warranty or covenant made by the Company herein or in accordance herewith; or (c) any claim, litigation, proceeding or governmental investigation, whether commenced before or after the date of this Agreement, arising out of any act or occurrence prior to, or any state of facts existing as of the Closing.

9.3 Survival of Covenants and Warranties. The representations, warranties, covenants and agreements made by American on the one hand, and the Company on the other hand, shall survive the Closing and shall be fully enforceable at law or in equity against such other party and its successors and assigns for a period of one year after the Closing Date. Any investigation at any time made by or on behalf of (or any disclosure to) any party hereto shall not diminish in any respect whatsoever its right to rely on the representations and warranties of the other party hereto.

9.4 Notice of Claims. The Company and American each agree to give prompt written notice to the other of any claim against the party giving notice which might give rise to a claim by it against the other party hereto based upon the indemnity provisions contained herein, stating the nature and basis of the claim and the actual or estimated amount thereof; *provided*, however, that failure to give such notice will not affect the obligation of the indemnifying party to provide indemnification in accordance with the provisions of this Section 10 unless, and only to the extent that, such indemnifying party is actually prejudiced thereby. In the event that any action, suit or proceeding is brought against any member of the Indemnified American Group or the Indemnified Company Group with respect to which any party hereto may have liability under the indemnification provisions contained herein, the indemnifying party shall have the right, at its sole cost and expense, to defend such action in the name of or on behalf of the indemnified party and, in connection with any such action, suit or proceeding, the parties hereto agree to render to each other such assistance as may reasonably be required in order to ensure the proper and adequate defense of any such action, suit or proceeding; *provided*, however, that an indemnified party shall have the right to retain its own counsel, with the fees and expenses to be paid by the indemnifying party, if representation of such indemnified party by the counsel retained by the indemnifying party would be inappropriate because of actual or potential differing interests between such indemnified party and any other party represented by such counsel. Neither party hereto shall make any settlement of any claim which might give rise to liability of the other party under the indemnification provisions contained herein without the written consent of such other party, which consent such other party covenants shall not be unreasonably withheld.

10. TERMINATION OF THIS AGREEMENT.

10.1 Grounds for Termination. This Agreement shall terminate:

- (a) By mutual written consent of the Company and American;
- (b) By American or the Company, if:
 - (i) All the conditions precedent to its respective obligations hereunder have not been satisfied or waived prior to the Closing Date, as it may be accelerated or extended, or if any American Holder refuses to execute this Agreement;
 - (ii) Any party shall have defaulted or refused to perform in any material respect under this Agreement, or if the Company or American should have reasonable cause to believe there has been a material representation concerning, or failure or breach of, any representation or warranty by the other party, or if it appears that either American or the Company has committed any unlawful acts affecting the other party;
 - (iii) The transactions contemplated in this Agreement and related agreements have not been consummated on the Closing Date, as it may be mutually accelerated or extended, or
 - (iv) Either the Company or American shall reasonably determine that the transactions contemplated in this Agreement have become inadvisable by reason of the institution or threat by any federal, state or municipal governmental authorities or by other person whatever of a formal investigation or of any action, suit or proceeding of any kind against either or both parties which in one party's reasonable belief is material in light of the other party's business, prospects, properties or financial condition;

10.2 Manner of Termination. Any termination of this Agreement (other than an automatic termination) shall be made in accordance with the above listed grounds and, if terminated by American or the Company, shall be accompanied by a copy of the resolution of the terminating party's board of directors. Written notice of termination shall be given to the other party as required in this Agreement as promptly as is practical under the circumstances. Upon a party's receipt of such termination notice, this Agreement shall terminate and the transactions herein contemplated shall be abandoned without further action by the parties.

10.3 Survival of Confidentiality Provisions. Upon termination of this Agreement for any reason, (i) the covenants of the parties concerning the confidentiality and proprietary nature of all documents and other information furnished hereunder shall remain in force except as to information which has otherwise become public knowledge, and (ii) each party shall promptly return all documents received from the other party in connection with this Agreement. This Section constitutes a mutual covenant of the parties, and either may judicially enforce it.

11. CONFIDENTIALITY PROVISIONS. In connection with the proposed Exchange, the Company may, from time to time, furnish American and/or its representatives with certain Confidential Information (as defined below). As used in this Section, the terms "Company", "American" and "American Holders" includes their respective advisers, representatives, employees and agents and all successors and assigns. In consideration of the Company furnishing (prior to and subsequent to the date hereof) such Confidential Information, American and the American Holders agree as follows:

(a) *Confidential Information.* Confidential Information means any and all memoranda, manuals, data, reports, interpretations, forecasts, market plans, market analyses, and records containing or otherwise reflecting information concerning the Company which is not available to the general public and which the Company later provides or has previously provided to American or any American Holder, together with analyses, compilations, forecasts, studies or other documents prepared by the Company, its agents, representatives (including lawyers, accountants and financial advisors) or employees which contain or otherwise reflect the foregoing described information, as well as any oral communications with respect to the foregoing.

The term Confidential Information shall not include any information which (i) is or becomes generally available to the public other than as a result of a disclosure by American or a American Holder, or (ii) become available to American or a American Holder on a non-confidential basis from a source other than the Company or its agents which is not known to American or the American Holder to be prohibited from disclosing such Confidential Information to it by a legal, contractual or fiduciary obligation to the Company.

(b) *Confidentiality.* The Confidential Information will be kept confidential and shall not, without the prior written consent of the Company, be disclosed by American or a American Holder, other than in connection with this Agreement. American and the American Holders agree to reveal the Confidential Information only to their representatives and employees who need to know the Confidential Information for the purposes described herein, who are informed by American or the American Holder, as the case may be, of the confidential nature of the Confidential Information and who shall agree in writing to act in accordance with the terms and conditions of this Confidential Agreement. American and the American Holders shall be liable for any breach of this Confidentiality provision by its or his respective representatives or employees.

Without the prior written consent of the Company, except as required by law, American and the American Holders will not disclose to any person the fact that the Confidential Information has been made available, nor make any announcement that discussions or negotiations are taking place or have taken place concerning the matters set forth in this Agreement or any of the terms, conditions or other facts with respect to any transaction the Company is negotiating, including the status thereof.

Edgar Filing: GL ENERGY & EXPLORATION INC - Form PRER14C

(c) *Return of Confidential Information.* Promptly upon completion or termination of this Agreement, all copies of the Confidential Information, except for that portion of the Confidential Information that consists of analyses, compilations, forecasts, studies or other documents prepared by American or a American Holder, will be returned to the Company. That portion of the Confidential Information that consists of analyses, compilations, forecasts, studies or other documents prepared by American or a American Holder and oral Confidential Information may be retained by American or the American Holder and kept confidential and subject to the terms of this Confidentiality Agreement or destroyed upon the request of the Company. Such destruction will be confirmed in writing to the Company.

(d) *Accuracy of Confidential Information.* American and the American Holders acknowledge that the Company makes no express or implied representation or warranty as to the accuracy or completeness of the Confidential Information, and the Company expressly disclaims any and all liability that may be based on the Confidential Information, errors therein or omissions therefrom.

(e) *Protective Order.* In the event that American or a American Holder or anyone to whom it or he transmits the Confidential Information becomes legally compelled to disclose any of the Confidential Information or any information relating to American's or a American Holder's opinion, judgment or recommendations concerning the Company as developed from the Confidential Information, American or the American Holder, as the case may be, will provide the Company with prompt notice so that the Company may seek a protective order or other appropriate remedy and/or waive compliance with the provisions of this Confidentiality Agreement. In the event that such waiver or such protective order or other remedy is not obtained, American or the affected American Holder(s) will furnish only that portion of the Confidential Information which it or they are advised by written opinion of legal counsel is legally required, and will exercise its best efforts to obtain reliable assurance that confidential treatment will be accorded the Confidential Information. Neither American nor any American Holder shall oppose action by the Company to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information.

(f) *Reciprocal Nature of this Covenant.* In the event that American or a American Holder provides Confidential Information to the Company, then the Company shall have the same obligation as American and the American Holders in this Section, and American or such American Holder(s) shall have the same rights and remedies as the Company set forth in this Section with respect to such Confidential Information.

12. MISCELLANEOUS PROVISIONS.

**AMERICAN SOUTHWEST MUSIC DISTRIBUTION, INC.
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Organization

American Southwest Music Distribution, Inc. ("the Company") was incorporated in the State of Texas in May of 2004. The Company remained inactive until it commenced operations in July of 2004. The Company currently maintains offices in Santa Fe Springs, California and plans to open a distribution center in Houston, Texas.

The Company was created to generate revenue through music licensing, recording, and distribution. The Company acquired the rights to several music master catalogs for the purpose of generating revenues from the sale of records derived from these catalogs.

Cash and cash equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash equivalents are carried at cost, which approximates market value.

Accounting basis

The Company uses the accrual basis of accounting for financial statement and income tax reporting. Accordingly revenues are recognized when services are rendered and expenses realized when the obligation is incurred.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results may differ from these estimates.

Fixed assets

Fixed assets are stated at cost. Depreciation is computed using the straight-line method over the following estimated useful lives:

Description	Estimated useful life
Furniture and fixtures	5 years
Equipment	5 years

Music catalog

The cost basis in the music catalog is recorded at cost. Amortization is computed using the straight-line method over periods ranging from 1 to 5 years.

Income taxes

The Company accounts for income taxes using the asset and liability method as required by Statement of Financial Accounting Standards No. 109, under which deferred tax assets and liabilities are determined based upon the differences between financial statement carrying amounts and the tax bases of existing assets and liabilities. Deferred taxes also are recognized for operating losses that are available to offset future taxable income.

Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus the change during the period in deferred tax assets and liabilities.

See auditors' report and the accompanying notes to the financial statements.
