**FPL GROUP, INC.**

FPL Group, Inc. ("FPL Group") is a public utility holding company, as defined in the Public Utility Holding Company Act of 1935, as amended, exempt from substantially all of the provisions of such Act. It was incorporated in 1984 under the laws of Florida. FPL Group's principal subsidiary, Florida Power & Light Company, or FPL, is a rate-regulated utility engaged in the generation, transmission, distribution and sale of electric energy. FPL Group Capital Inc ("FPL Group Capital"), a wholly-owned subsidiary of FPL Group, holds the capital stock and provides funding for FPL Group's operating subsidiaries other than FPL. The business activities of these operating subsidiaries primarily consist of FPL Energy, LLC's wholesale generation business. At December 31, 2004, FPL Group and its subsidiaries employed approximately 11,900 people.

Except where the context otherwise requires, the terms "we," "us," "our" or "FPL Group" refer to FPL Group, Inc. and its consolidated subsidiaries.

**RISK FACTORS**

*You should consider carefully the following risks, along with the other information contained in this prospectus. The risks and uncertainties described below are not the only ones that may affect FPL Group. Additional risks and uncertainties also may adversely affect FPL Group's business and operations. If any of the following events actually occur, FPL Group's business, financial condition and results of operations could be materially adversely affected.*

**FPL Group is subject to complex laws and regulations and to changes in laws and regulations, including initiatives regarding restructuring of the energy industry. FPL holds franchise agreements with local municipalities and counties, and must renegotiate expiring agreements. These factors may have a negative impact on the business and results of operations of FPL Group.**

FPL Group is subject to changes in laws or regulations, including the Public Utility Regulatory Policies Act of 1978 and the Public Utility Holding Company Act of 1935, the Federal Power Act, the Atomic Energy Act of 1954, and certain sections of the Florida statutes relating to public utilities, changing governmental policies and regulatory actions, including those of the Federal Energy Regulatory Commission, the Florida Public Service Commission and the utility commissions of other states in which FPL Group and its subsidiaries have operations, and the U.S. Nuclear Regulatory Commission, with respect to, among other things, allowed rates of return, industry and rate structure, operation of nuclear power facilities, operation and construction of plant facilities, operation and construction of transmission facilities, acquisition, disposal, depreciation and amortization of assets and facilities, recovery of fuel and purchased power costs, decommissioning costs, return on common equity and equity ratio limits, and present or prospective wholesale and retail competition (including but not limited to retail wheeling and transmission costs). The Florida Public Service Commission has the authority to disallow recovery by FPL of any and all costs that it considers excessive or imprudently incurred.

The regulatory process generally restricts FPL's ability to grow earnings and does not provide any assurance as to achievement of earnings levels.

FPL Group is subject to extensive federal, state and local environmental statutes, rules and regulations relating to air quality, water quality, waste management, wildlife mortality, natural resources and health and safety that could, among other things, restrict or limit the output of certain facilities or the use of certain fuels required for the production of electricity and/or require additional pollution control equipment and otherwise increase costs. There are significant capital, operating and other costs associated with compliance with these environmental statutes, rules and regulations, and those costs could be even more significant in the future.

FPL Group operates in a changing market environment influenced by various legislative and regulatory initiatives regarding deregulation, regulation or restructuring of the energy industry, including deregulation of the production and sale of electricity. FPL Group and its subsidiaries will need to adapt to these changes and may face increasing competitive pressure.

FPL Group's results of operations could be affected by FPL's ability to renegotiate franchise agreements with municipalities and counties in Florida.

**The operation of power generation facilities, including nuclear facilities, involves significant risks that could adversely affect the results of operations and financial condition of FPL Group.**

The operation of power generation facilities involves many risks, including start up risks, breakdown or failure of equipment, transmission lines or pipelines, use of new technology, the dependence on a specific fuel source or the impact of unusual or adverse weather conditions (including natural disasters such as hurricanes), as well as the risk of performance below expected or contracted levels of output or efficiency. This could result in lost revenues and/or increased expenses. Insurance, warranties or performance guarantees may not cover any or all of the lost revenues or increased expenses, including the cost of replacement power. In addition to these risks, FPL Group's nuclear units face certain risks that are unique to the nuclear industry including the ability to store and/or dispose of spent nuclear fuel, as well as additional regulatory actions up to and including shutdown of the units stemming from public safety concerns, whether at FPL Group's plants or at the plants of other nuclear operators.

Breakdown or failure of an FPL Energy, LLC ("FPL Energy") operating facility may prevent the facility from performing under applicable power sales agreements which, in certain situations, could result in termination of the agreement or incurring a liability for liquidated damages.

**The construction of, and capital improvements to, power generation facilities involve substantial risks. Should construction or capital improvement efforts be unsuccessful, the results of operations and financial condition of FPL Group could be negatively affected.**

FPL Group's ability to successfully and timely complete its power generation facilities currently under construction, those projects yet to begin construction or capital improvements to existing facilities is contingent upon many variables and subject to substantial risks.

Should any such efforts be unsuccessful, FPL Group could be subject to additional costs, termination payments under committed contracts and/or the write off of its investment in the project or improvement.

**The use of derivative contracts by FPL Group in the normal course of business could result in financial losses that negatively impact the results of operations of FPL Group.**

FPL Group uses derivative instruments, such as swaps, options, futures and forwards to manage its commodity and financial market risks, and to a lesser extent, engage in limited trading activities. FPL Group could recognize financial losses as a result of volatility in the market values of these contracts, or if a counterparty fails to perform.

In the absence of actively quoted market prices and pricing information from external sources, the valuation of these derivative instruments involves management's judgment or use of estimates. As a result, changes in the underlying assumptions or use of alternative valuation methods could affect the reported fair value of these contracts. In addition, FPL's use of such instruments could be subject to prudence challenges and, if found imprudent, cost recovery could be disallowed by the Florida Public Service Commission.

**FPL Energy's business is subject to risks, many of which are beyond the control of FPL Group, that may reduce the revenues and adversely impact the results of operations and financial condition of FPL Group.**

There are other risks associated with FPL Energy. In addition to risks discussed elsewhere, risk factors specifically affecting FPL Energy's success in competitive wholesale markets include the ability to efficiently develop and operate generating assets, the successful and timely completion of project restructuring activities, maintenance of the qualifying facility status of certain projects, the price and supply of fuel, transmission constraints, competition from new sources of generation, excess generation capacity and demand for power. There can be significant volatility in market prices for fuel and electricity, and there are other financial, counterparty and market risks that are beyond the control of FPL Energy. FPL Energy's inability or failure to effectively hedge its assets or positions against changes in commodity prices, interest rates, counterparty credit risk or other risk measures could significantly impair FPL Group's future financial results. In keeping with industry trends, a portion of FPL Energy's power generation facilities operate wholly or partially without long-term power purchase agreements. As a result, power from these facilities is sold on the spot market or on a short-term contractual basis, which may affect the volatility of FPL Group's financial results. In addition, FPL Energy's business depends upon transmission facilities owned and operated by others; if transmission is disrupted or capacity is inadequate or unavailable FPL Energy's ability to sell and deliver its wholesale power may be limited.

**FPL Group's ability to successfully identify, complete and integrate acquisitions is subject to significant risks, including the effect of increased competition resulting from the consolidation of the power industry.**

FPL Group is likely to encounter significant competition for acquisition opportunities that may become available as a result of the consolidation of the power industry. In addition, FPL Group may be unable to identify attractive acquisition opportunities at favorable prices and to successfully and timely complete and integrate them.

**Because FPL Group relies on access to capital markets, the inability to access capital markets on favorable terms may limit the ability of FPL Group to grow its businesses and would likely increase interest costs.**

FPL Group and its subsidiaries rely on access to capital markets as a significant source of liquidity for capital requirements not satisfied by operating cash flows. The inability of FPL Group and its subsidiaries to maintain their current credit ratings could affect their ability to raise capital on favorable terms, particularly during times of uncertainty in the capital markets which, in turn could impact FPL Group's ability to grow its businesses and would likely increase its interest costs.

**Weather conditions affect FPL Group's results of operations.**

FPL Group's results of operations are affected by changes in the weather. Weather conditions directly influence the demand for electricity and natural gas and affect the price of energy commodities, and can affect the production of electricity at wind and hydro-powered facilities. FPL Group's results of operations can be affected by the impact of severe weather, which can be destructive, causing outages and/or property damage, and could require additional costs to be incurred. At FPL, recovery of these costs is subject to Florida Public Service Commission approval.

**FPL Group is subject to costs and other effects of legal proceedings, as well as changes in or additions to applicable tax laws, rates or policies, rates of inflation, accounting standards, securities laws and corporate governance requirements.**

FPL Group is subject to costs and other effects of legal and administrative proceedings, settlements, investigations and claims; as well as the effect of new, or changes in, tax laws, rates or policies, rates of inflation, accounting standards, securities laws or corporate governance requirements.

**Threats of terrorism and catastrophic events that could result from terrorism may impact the operations of FPL Group in unpredictable ways.**

FPL Group is subject to direct and indirect effects of terrorist threats and activities. Generation and transmission facilities, in general, have been identified as potential targets. The effects of terrorist threats and activities include, among other things, terrorist actions or responses to such actions or threats, the inability to generate, purchase or transmit power, the risk of a significant slowdown in growth or a decline in the U.S. economy, delay in economic recovery in the U.S., and the increased cost and adequacy of security and insurance.

**The ability of FPL Group to obtain insurance and the terms of any available insurance coverage could be affected by national and company-specific events.**

FPL Group's ability to obtain insurance, and the cost of and coverage provided by such insurance, could be affected by national, state or local events as well as company-specific events.

**FPL Group is subject to employee workforce factors that could affect the businesses and financial condition of FPL Group.**

FPL Group is subject to employee workforce factors, including loss or retirement of key executives, availability of qualified personnel, collective bargaining agreements with union employees or work stoppage that could affect the businesses and financial condition of FPL Group.

Shares beneficially owned by Mr. Orr include 3,083 shares that may be acquired upon exercise of a common stock warrant (which shares are offered hereby) and 16,820 shares that may be acquired upon exercise of currently exercisable options.

**PLAN OF DISTRIBUTION**

The securities to be offered and sold using this prospectus are being registered to permit public secondary trading of these securities by the selling shareholders from time to time after the date of this prospectus. We will not receive any of the proceeds of the sale of the common stock offered by this prospectus. The aggregate proceeds to the selling shareholders from the sale of the common stock will be the purchase price of the common stock less any discounts and commissions. A selling shareholder reserves the right to accept and, together with its agents, to reject, any proposed purchase of common stock to be made directly or through agents.

The common stock may be sold from time to time to purchasers:

directly by the selling shareholders and their successors, which includes their transferees, pledgees or donees or their successors; or

through underwriters, broker-dealers or agents who may receive compensation in the form of discounts, concessions or commissions from the selling shareholders or the purchasers the common stock. These discounts, concessions or commissions may be in excess of those customary in the types of transactions involved.

The selling shareholders and any underwriters, broker-dealers or agents who participate in the distribution of the common stock may be deemed to be "underwriters" within the meaning of the Securities Act of 1933, as amended (the "Securities Act"). As a result, any profits on the sale of the common stock by selling shareholders and any discounts, commissions or concessions received by any such broker-dealers or agents may be deemed to be underwriting discounts and "underwriters" within the meaning of the Securities Act will be subject to prospectus delivery requirements of the Securities Act. If the selling shareholders are deemed to be underwriters, the selling shareholders may be subject to certain statutory liabilities, including, without limitation, liabilities under Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Exchange Act. If the shares of common stock are sold through underwriters, broker-dealers or agents, the selling shareholders will be responsible for underwriting discounts or commissions or agent's commissions.

The common stock registered hereby may be sold in one or more transactions at:

fixed prices;

prevailing market prices at the time of sale;

varying prices determined at the time of sale; or

negotiated prices.

These sales may be effected in transactions:

on any national securities exchange or quotation service on which the common stock may be listed or quoted at the time of the sale;

in the over-the-counter market;

otherwise than on such exchanges or services or in the over-the-counter market;

through the writing and exercise of options, whether such options are listed on an options exchange or otherwise;

Edgar Filing: FPL GROUP INC - Form S-3/A

block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resales by the broker-dealer for its own account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

broker-dealers may agree with the selling security holders to sell a specified number of shares at a stipulated price per share;

a combination of any of these methods of sale; or

any other method permitted by applicable law.

These transactions may include block transactions or crosses. Crosses are transactions in which the same broker acts as an agent on both sides of the trade.

In connection with the sales of common stock, the selling shareholders may enter into hedging transactions with broker-dealers. These broker-dealers may in turn engage in short sales of the common stock in the course of hedging their positions. The selling shareholders may also sell the common stock short and deliver common stock to close out short positions, or loan or pledge common stock to broker-dealers that in turn may sell the common stock.

To our knowledge, there are currently no plans, arrangements or understandings between any selling shareholders and any underwriter, broker-dealer or agent regarding the sale of the common stock.

At the time a particular offering is made, if required, a prospectus supplement will be distributed, which will set forth the names of the selling shareholders, the aggregate amount and type of securities being offered, the price at which the securities are being sold and other material terms of the offering, including the name or names of any underwriters, broker-dealers or agents, any discounts, commissions, concessions and other terms constituting compensation from the selling shareholders and any discounts, commissions or concessions allowed or reallocated to paid broker-dealers.

Our common stock is listed on the NYSE and trades under the symbol "FPL."

We cannot be certain that any selling shareholder will sell any or all of the common stock pursuant to this prospectus. Further, we cannot assure you that any such selling shareholder will not transfer, devise or gift the common stock by other means not described in this prospectus. In addition, any common stock covered by this prospectus that qualifies for sale pursuant to Rule 144 of the Securities Act may be sold under Rule 144 rather than under this prospectus. The common stock may be sold in some states only through registered or licensed brokers or dealers.

We and the selling shareholders (on a several basis) have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act.

We have agreed to pay substantially all of the expenses incidental to the registration, offering and sale of the common stock by the selling shareholders to the public, other than commissions, fees and discounts of underwriters, brokers, dealers and agents.

## DESCRIPTION OF FPL GROUP'S COMMON STOCK

### General

The following statements describing FPL Group's common stock are not intended to be a complete description. For additional information, please see FPL Group's Restated Articles of Incorporation, as amended, to which we refer as the "Charter", and its bylaws, which set forth the terms of the common stock. Please also see the Mortgage and Deed of Trust, dated as of January 1, 1944, between FPL and Deutsche Bank Trust Company Americas, as trustee, as amended and supplemented, to which we refer as the "Mortgage", which contains restrictions that may limit the ability of Florida Power & Light Company to pay dividends to FPL Group. Each of these documents has been previously filed with the SEC and are exhibits to the registration statement filed with the SEC of which this prospectus is a part. Reference is also made to the laws of the State of Florida.

FPL Group's authorized capital stock consists of 800,000,000 shares of common stock, \$.01 par value, and 100,000,000 shares of serial preferred stock, \$.01 par value. As of June 10, 2005, 392,008,489 shares of common stock were issued and outstanding and no shares of serial preferred stock were issued and outstanding. See "Preferred Share Purchase Rights" below. The FPL Group common stock has no preemptive, subscription or conversion rights, and there are no redemption or sinking fund provisions applicable thereto. The outstanding shares of common stock are, and when issued the shares offered hereby will be, fully paid and non-assessable. In some cases, the issuance of preferred stock could make it difficult for another company to acquire FPL Group and make it harder to remove current management. See also "FPL Group Preferred Stock" below.

All outstanding FPL Group common stock is listed on the NYSE and trades under the symbol "FPL." The registrar and transfer agent for the FPL Group common stock is Computershare Investor Services, LLC.

A number of provisions that are in FPL Group's Charter and bylaws will make it difficult for another company to acquire FPL Group and for a holder of FPL Group common stock to receive any related takeover premium for its shares. See "Voting Rights and Non-Cumulative Voting", "Preferred Share Purchase Rights" and "FPL Group Preferred Stock" below.

### Dividend Rights

Each share of common stock is entitled to participate equally with respect to dividends declared on the common stock out of funds legally available for the payment thereof.

The Charter of FPL Group does not limit the dividends that can be paid on the common stock. However, as a practical matter, the ability of FPL Group to pay dividends on the common stock is dependent upon dividends paid to it by its subsidiaries, primarily FPL. FPL's ability to pay dividends is limited by restrictions contained in the Mortgage. However, these restrictions do not currently limit FPL's ability to pay dividends to FPL Group from its retained earnings.

## Edgar Filing: FPL GROUP INC - Form S-3/A

FPL Group Capital has issued junior subordinated debentures in connection with preferred trust securities previously issued by FPL Group Capital Trust I, which junior subordinated debentures are guaranteed by FPL Group. FPL Group Capital has the right, from time to time, to delay interest payments on its outstanding junior subordinated debentures for an extension period of up to 20 consecutive quarters. FPL Group, FPL and/or FPL Group Capital may issue, from time to time, additional junior subordinated debentures in connection with the issuance of additional preferred trust securities. FPL Group, FPL and/or FPL Group Capital may have a similar right to delay interest payments for those additional junior subordinated debentures. If FPL Group Capital and/or FPL Group exercises any right to delay an interest payment, FPL Group would not be able to pay dividends on its common stock or preferred stock during the extension period with certain limited exceptions. If FPL exercises any right to delay an interest payment, it would not be able to pay dividends to any holder of its common stock or preferred stock, including FPL Group, during the extension period with certain limited exceptions.

FPL Group has issued stock purchase contracts, as a component of stock purchase units, which require FPL Group to make periodic contract adjustment payments to the holders of the stock purchase units. FPL Group has a right to delay these payments during the term of the stock purchase contracts. FPL Group may issue, from time to time, additional stock purchase contracts as a component of stock purchase units. FPL Group may have a similar right to delay contract adjustment payments on these additional stock purchase contracts. If FPL Group exercises any right to delay a contract adjustment payment, it will not be able to pay dividends on its common stock or preferred stock during the period such payments are delayed with certain limited exceptions.

In addition, FPL Group may issue one or more series of its serial preferred stock, \$.01 par value, without the approval of its shareholders. Any series of preferred stock could be entitled to receive dividends in preference to the payment of dividends on FPL Group's common stock.

### **Voting Rights and Non-Cumulative Voting**

In general, the holders of FPL Group common stock are entitled to one vote per share for the election of directors and for other corporate purposes. The Charter:

- (a) permits the shareholders to remove a director only for cause and only by the affirmative vote of 75% in voting power of the outstanding shares of common stock and other outstanding voting stock, voting as a class;
- (b) provides that a vacancy on the FPL Group board may be filled only by the remaining directors;
- (c) permits shareholders to take action only at an annual meeting, or a special meeting duly called by certain officers, the FPL Group board or the holders of a majority in voting power of the outstanding shares of voting stock entitled to vote on the matter;
- (d) requires the affirmative vote of 75% in voting power of the outstanding shares of voting stock to approve certain Business Combinations (as defined below) with an Interested Shareholder (as defined below) or its affiliate, unless approved by a majority of the Continuing Directors (as defined below) or, in certain cases, unless certain minimum price and procedural requirements are met; and
- (e) requires the affirmative vote of 75% in voting power of the outstanding shares of voting stock to amend the bylaws or to amend certain provisions of the Charter including those provisions discussed in (a) through (d) above.

Such provisions may have significant effects on the ability of the shareholders to change the composition of an incumbent FPL Group board or to benefit from certain transactions which are opposed by an incumbent FPL Group board.

## Edgar Filing: FPL GROUP INC - Form S-3/A

The term "Interested Shareholder" is defined in the Charter to include a security holder who owns 10% or more in voting power of the outstanding shares of voting stock, and the term "Continuing Director" is defined in the Charter to include any director who is not an affiliate of an Interested Shareholder. The above provisions dealing with Business Combinations involving FPL Group and an Interested Shareholder may discriminate against a security holder who becomes an Interested Shareholder by reason of the beneficial ownership of such amount of common or other voting stock. The term "Business Combination" is defined in the Charter to include:

- (a) any merger or consolidation of FPL Group or any direct or indirect majority-owned subsidiary with (i) an Interested Shareholder or (ii) any other corporation which is, or after such merger or consolidation would be, an affiliate of an Interested Shareholder;
- (b) any sale, lease, exchange, mortgage, pledge, transfer or other disposition in one transaction or a series of transactions to or with any Interested Shareholder or any affiliate of an Interested Shareholder of assets of FPL Group or any direct or indirect majority-owned subsidiary having an aggregate fair market value of \$10,000,000 or more;
- (c) the issuance or transfer by FPL Group or any direct or indirect majority-owned subsidiary in one transaction or a series of transactions of any securities of FPL Group or any subsidiary to any Interested Shareholder or any affiliate of any Interested Shareholder in exchange for cash, securities or other property, or a combination thereof, having an aggregate fair market value of \$10,000,000 or more;
- (d) the adoption of any plan or proposal for the liquidation or dissolution of FPL Group proposed by or on behalf of an Interested Shareholder or an affiliate of an Interested Shareholder; or
- (e) any reclassification of securities, including any reverse stock split, or recapitalization, of FPL Group, or any merger or consolidation of FPL Group with any of its direct or indirect majority-owned subsidiaries or any other transaction which has the direct or indirect effect of increasing the proportionate share of the outstanding shares of any class of equity or convertible securities of FPL Group or any direct or indirect wholly-owned subsidiary which is directly or indirectly owned by any Interested Shareholder or any affiliate of any Interested Shareholder.

The holders of common stock do not have cumulative voting rights, and therefore the holders of more than 50% of a quorum (majority) of the outstanding shares of common stock can elect all of FPL Group's directors. Unless otherwise provided in the Charter or the bylaws or in accordance with applicable law, the affirmative vote of a majority of the total number of shares represented at a meeting and entitled to vote is required for shareholder action on a matter. Voting rights for the election of directors or otherwise, if any, for any series of the serial preferred stock, will be established by the FPL Group board when such series is issued. See "FPL Group Preferred Stock" below.

### **Liquidation Rights**

After satisfaction of creditors and payments due to the holders of serial preferred stock, if any, the holders of common stock are entitled to share ratably in the distribution of all remaining assets. See "FPL Group Preferred Stock" below.

### Preferred Share Purchase Rights

The following statements describing FPL Group's preferred share purchase rights (each, a "Right") are not intended to be a complete description. For additional information, please see the form of Rights Agreement, dated as of July 1, 1996, between FPL Group and Computershare Investor Services, LLC, as successor Rights Agent, as amended, which sets forth the terms of the Rights. The Rights Agreement and amendments thereto have been previously filed with the SEC and are exhibits to the registration statement filed with the SEC of which this prospectus is a part.

On June 17, 1996, FPL Group's board declared a dividend of one Right for each outstanding share of common stock. Thereafter, until the Distribution Date (as defined below), FPL Group will issue one Right with each newly issued share of common stock. Each Right (prior to the expiration or redemption of the Rights) will entitle the holder thereof to purchase from FPL Group one two-hundredth of a share of FPL Group's Series A Junior Participating Preferred Stock, \$.01 par value ("Junior Preferred Shares"), at an exercise price of \$120 per one one-hundredth of a Junior Preferred Share ("Purchase Price"), subject to adjustment. Until the Distribution Date, the Rights are represented by the shares of common stock, and are not exercisable or transferable apart from the common stock. The "Distribution Date" is the earlier to occur of:

- (a) the tenth day after the public announcement that a person or group has acquired beneficial ownership of 10% or more of the common stock; or
- (b) the tenth business day after a person commences, or announces an intention to commence, a tender or exchange offer, the consummation of which would result in the beneficial ownership by a person or group of 10% or more of the common stock. At any time before a person or group becomes a 10% holder, the FPL Group board may extend the 10-day period.

Separate certificates evidencing the Rights will be mailed to holders of the common stock as of the close of business on the Distribution Date. The Rights are exercisable at any time after the Distribution Date, unless earlier redeemed, or exchanged, and could then begin trading separately from the common stock. The Rights do not have any voting rights and are not entitled to dividends.

If a person or group becomes a 10% holder, each Right not owned by the 10% holder would become exercisable for the number of shares of common stock which, at that time, would have a market value of two times the exercise price of the Right. In the event that FPL Group is acquired in a merger or other business combination transaction, or 50% or more of FPL Group's assets or earning power are sold or otherwise transferred, after a person or group has become a 10% holder, each Right will entitle its holder to purchase, at the exercise price of the Right, that number of shares of common stock of the acquiring company which at the time of such transaction would have a market value of two times the exercise price of the Right.

The Rights are redeemable by FPL Group's board in whole, but not in part, at \$.005 per Right at any time prior to the time that a person or group acquires beneficial ownership of 10% or more of the outstanding common stock. The Rights will expire on June 30, 2006 (unless the expiration date is extended or the Rights are earlier redeemed or exchanged as described below).

The Purchase Price, and the number of Junior Preferred Shares or other securities or property issuable, upon exercise of the Rights are subject to adjustment from time to time to prevent dilution:

- (a) in the event of a stock dividend on, or a subdivision, combination or reclassification of, the Junior Preferred Shares;
- (b) as a result of the grant to holders of Junior Preferred Shares of certain rights or warrants to subscribe for or purchase Junior Preferred Shares at a price, or securities convertible into Junior Preferred Shares with a conversion price, at less than the current market price of Junior Preferred Shares; or

- (c) as a result of the distribution to holders of Junior Preferred Shares of evidences of indebtedness or assets (excluding regular periodic cash dividends or dividends payable in Junior Preferred Shares) or of subscription rights or warrants (other than those referred to above).

With certain exceptions, no adjustment in the Purchase Price will be required until cumulative adjustments require an adjustment of at least 1% in the Purchase Price. The number of Rights and the number of Junior Preferred Shares purchasable upon exercise of each Right are also subject to adjustment in the event of a stock split, subdivision, consolidation, combination or common stock dividend on the common stock prior to the Distribution Date.

The FPL Group board may exchange the Rights at an exchange ratio of one share of common stock per Right at any time that is:

- (a) after the acquisition by a person or group of affiliated or associated persons of beneficial ownership of 10% or more of the outstanding common stock; and
- (b) before the acquisition by a person or group of 50% or more of the outstanding common stock.

The Rights have anti-takeover effects. The Rights will cause substantial dilution to a person or group that attempts to acquire FPL Group without conditioning the offer on the redemption of the Rights or on the acquisition of a certain number of Rights. The Rights beneficially owned by that person or group may become null and void. The Rights should not interfere with any merger or other business combination approved by FPL Group's board, since the Rights may be redeemed by FPL Group at \$.005 per Right prior to the time that a person or group has acquired beneficial ownership of 10% or more of the common stock.

The Junior Preferred Shares purchasable upon exercise of the Rights will be entitled to cumulative quarterly dividends in preference to the common stock at a rate per share equal to the greater of \$10 and 100 times the dividend declared on the common stock for such quarter. In the event of any merger, consolidation or other transaction in which the shares of common stock are exchanged, each Junior Preferred Share will be entitled to receive 100 times the amount and type of consideration received per share of common stock. In the event of a liquidation of FPL Group, the holders of Junior Preferred Shares will be entitled to receive in preference to the common stock the greater of \$100 per share and 100 times the payment made per share of common stock. FPL Group has the right to issue other serial preferred stock ranking prior to the Junior Preferred Shares with respect to dividend and liquidation preferences. The Junior Preferred Shares will be redeemable after June 30, 2006, at FPL Group's option, in whole or in part, at a redemption price per share equal to the greater of the following:

- (a) the per share Purchase Price; and
- (b) the then current market price of a Junior Preferred Share.

Each Junior Preferred Share will have 100 votes on all matters submitted to a vote of the shareholders of FPL Group, voting together with the common stock. The rights of the Junior Preferred Shares as to dividends, liquidation, redemption and voting, and in the event of mergers and consolidations, are protected by customary anti-dilution provisions. Because of the nature of the dividend, liquidation, redemption and voting rights of the Junior Preferred Shares, the value of the interest in a Junior Preferred Share purchasable upon the exercise of each Right should approximate the value of one share of common stock.

FPL Group's board may amend the Rights Agreement and the Rights, without the consent of the holders of the Rights. However, any amendment adopted after a person or group becomes a 10% holder may not adversely affect the interests of holders of Rights. The 10% holder level discussed above is subject to certain exceptions.

### **FPL Group Preferred Stock**

FPL Group may issue one or more series of its serial preferred stock, \$.01 par value, without the approval of its shareholders. Each series may have terms that differ from those of any other series and may provide for dividend, liquidation, voting and other rights that are superior or prior to those of FPL Group's common stock. In some cases, the issuance of preferred stock could make it difficult for another company to acquire FPL Group and make it harder to remove current management.

### **LEGAL MATTERS**

The validity of the issuance of the shares of common stock offered by this prospectus will be passed upon for us by Steel Hector & Davis LLP, Miami, Florida.

### **EXPERTS**

The consolidated financial statements as of December 31, 2004 and 2003, and for each of the three years in the period ended December 31, 2004, and management's report on the effectiveness of internal control over financial reporting as of December 31, 2004, incorporated in this prospectus by reference from FPL Group's Annual Report on Form 10-K for the year ended December 31, 2004, have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in (1) their report dated February 24, 2005 relating to the consolidated financial statements of FPL Group (which report expresses an unqualified opinion and includes explanatory paragraphs relating to FPL Group's changes in 2003 in its methods of accounting for special-purpose entities and for asset retirement obligations and change in 2002 in its method of accounting for goodwill), and (2) their report dated February 24, 2005 relating to management's report on the effectiveness of internal control over financial reporting, which are incorporated herein by reference, and have been so incorporated in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.

### **INDEMNIFICATION**

Florida law generally provides that a Florida corporation, such as FPL Group, may indemnify its directors, officers, employees and agents against liabilities and expenses they may incur. Florida law also limits the liability of directors of FPL Group and other persons. FPL Group's bylaws contain provisions regarding the mandatory indemnification by FPL Group of its directors, officers, employees and agents under specified conditions. In addition, FPL Group carries insurance permitted by the laws of Florida on behalf of its directors, officers, employees or agents, which may cover, among other things, liabilities under the Securities Act.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers, and controlling persons of FPL Group pursuant to the provisions described in the preceding paragraphs, or otherwise, FPL Group has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

**ITEM 15. Indemnification of Directors and Officers.**

Section 607.0850 of the Florida Statutes generally permits FPL Group to indemnify its directors, officers, employees or other agents who are subject to any third-party actions because of their service to FPL Group if such persons acted in good faith and in a manner they reasonably believed to be in, or not opposed to, the best interests of FPL Group. If the proceeding is a criminal one, such person must also have had no reasonable cause to believe his conduct was unlawful. In addition, FPL Group may indemnify its directors, officers, employees or other agents who are subject to derivative actions against expenses and amounts paid in settlement which do not exceed, in the judgment of the board, the estimated expense of litigating the proceeding to conclusion, including any appeal thereof, actually and reasonably incurred in connection with the defense or settlement of such proceeding, if such person acted in good faith and in a manner such person reasonably believed to be in, or not opposed to, the best interests of FPL Group. To the extent that a director, officer, employee or other agent is successful on the merits or otherwise in defense of a third-party or derivative action, such person will be indemnified against expenses actually and reasonably incurred in connection therewith. This section of the Florida Statutes also permits FPL Group to further indemnify such persons by other means unless a judgment or other final adjudication establishes that such person's actions or omissions which were material to the cause of action constitute any of the following:

- a crime (unless such person had reasonable cause to believe his conduct was lawful or had no reasonable cause to believe it unlawful);
- a transaction from which he derived an improper personal benefit;
- an action in violation of Florida Statutes Section 607.0834 (unlawful distributions to shareholders); or
- willful misconduct or a conscious disregard for the best interests of FPL Group in a proceeding by or in the right of FPL Group to procure a judgment in its favor or in a proceeding by or in the right of a shareholder.

Furthermore, Florida Statutes Section 607.0831 provides, in general, that no director shall be personally liable for monetary damages to a corporation or any other person for any statement, vote, decision, or failure to act, regarding corporate management or policy, unless:

- the director breached or failed to perform his duties as a director; and

## Edgar Filing: FPL GROUP INC - Form S-3/A

the director's breach of, or failure to perform, those duties constitutes any of the following:

- a violation of criminal law, unless the director had reasonable cause to believe his conduct was lawful or had no reasonable cause to believe his conduct was unlawful;
- a transaction from which the director derived an improper personal benefit, either directly or indirectly;
- a circumstance under which the liability provisions of Florida Statutes Section 607.0834 are applicable;
- in a proceeding by or in the right of the corporation to procure a judgment in its favor or by or in the right of a shareholder, conscious disregard for the best interest of the corporation, or willful misconduct; or
- in a proceeding by or in the right of someone other than the corporation or a shareholder, recklessness or an act or omission which was committed in bad faith or with malicious purpose or in a manner exhibiting wanton and willful disregard of human rights, safety, or property.

The term "recklessness," as used above, means the action, or omission to act, in conscious disregard of a risk: (a) known, or so obvious that it should have been known, to the director; and (b) known to the director, or so obvious that it should have been known, to be so great as to make it highly probable that harm would follow from such action or omission.

FPL Group's bylaws provide generally that FPL Group shall, to the fullest extent permitted by law, indemnify all of its directors and officers, directors, officers, or other employees serving as a fiduciary of an employee benefit plan of FPL Group, as well as any employees or agents of FPL Group's or other persons serving at the request of FPL Group in any capacity with any entity or enterprise other than such registrant to whom FPL Group has agreed to grant indemnification to the extent that any such person is made a party or threatened to be made a party or called as a witness or is otherwise involved in any action, suit, or proceeding in connection with his status as an indemnified person. Such indemnification covers all expenses incurred by any indemnified person (including attorneys' fees) and all liabilities and losses (including judgments, fines and amounts to be paid in settlement) incurred thereby in connection with any such action, suit or proceeding.

In addition, FPL Group carries insurance permitted by the laws of Florida on behalf of directors, officers, employees or agents which may cover, among other things, liabilities under the Securities Act.

**ITEM 17. Undertakings.**

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933 (as amended and the rules and regulations thereunder, the "Securities Act");

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that the registrant need not file a post-effective amendment to include the information required to be included by subsection (a)(1)(i) or (a)(1)(ii) if such information is contained in periodic reports filed by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 (as amended and the rules and regulations thereunder, the "Exchange Act"), which are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions of this Item 17, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

**SIGNATURES**

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this amendment to the registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Juno Beach, State of Florida, on the 20<sup>th</sup> day of June, 2005.
