Dear Stockholder:

You are invited to attend the Annual Meeting of Stockholders of IAC/InterActiveCorp, which will be held on Thursday, June 16, 2011, at 9:00 a.m., local time, at IAC's corporate headquarters, located at 555 West 18th Street, New York, New York 10011. At the Annual Meeting, stockholders will be asked to elect 12 directors, to ratify the appointment of Ernst & Young as IAC's independent registered public accounting firm for 2011 and to vote on two advisory proposals regarding executive compensation. IAC's Board of Directors believes that the proposals being submitted for stockholder approval are in the best interests of IAC and its stockholders and recommends a vote consistent with the Board's recommendation for each proposal.

Based on applicable Securities and Exchange Commission rules that allow companies to furnish proxy materials to stockholders over the internet in lieu of mailing printed copies of these materials to stockholders, this year we have elected to deliver our proxy materials to the majority of our stockholders over the internet. On or about May 4, 2011, we mailed a Notice of Internet Availability of Proxy Materials containing instructions on how to access our Annual Meeting proxy statement and 2010 Annual Report on Form 10-K online, as well as instructions on how to obtain printed copies of these materials by mail.

It is important that your shares be represented and voted at the Annual Meeting regardless of the size of your holdings. Whether or not you plan to attend the Annual Meeting, please take the time to vote online, by telephone or, if you receive a printed proxy card, by returning a marked, signed and dated proxy card. If you attend the Annual Meeting, you may vote in person if you wish, even if you have previously submitted your vote.

I look forward to greeting those of you who will be able to attend the meeting.

Sincerely,

Barry Diller
Chairman and Senior Executive

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To the Stockholders:

IAC/InterActiveCorp ("IAC") is making this proxy statement available to holders of our common stock and Class B common stock in connection with the solicitation of proxies by IAC's Board of Directors for use at the Annual Meeting of Stockholders to be held on Thursday, June 16, 2011, at 9:00 a.m., local time, at IAC's corporate headquarters, located at 555 West 18th Street, New York, New York 10011. At the Annual Meeting, stockholders will be asked:

1. to elect 12 members of IAC's Board of Directors, each to hold office for a one-year term ending on the date of the next succeeding annual meeting of stockholders or until such director's successor shall have been duly elected and qualified (or, if earlier, such director's removal or resignation from IAC's Board of Directors);
2. to ratify the appointment of Ernst & Young LLP as IAC's independent registered public accounting firm for the 2011 fiscal year;
3. to hold an advisory vote on executive compensation (the "say on pay vote");
4. to hold an advisory vote on the frequency of holding the say on pay vote in the future; and
5. to transact such other business as may properly come before the meeting and any related adjournments or postponements.

IAC's Board of Directors has set April 25, 2011 as the record date for the Annual Meeting. This means that holders of record of our common stock and Class B common stock at the close of business on that date are entitled to receive notice of the Annual Meeting and to vote their shares at the Annual Meeting and any related adjournments or postponements.

Only stockholders and persons holding proxies from stockholders may attend the Annual Meeting. Seating is limited, however, and admission to the Annual Meeting will be on a first-come, first-served basis. If your shares are registered in your name, you should bring a form of photo identification to the Annual Meeting. If your shares are held in the name of a broker, bank or other holder of record, you will need to bring a proxy or letter from that broker, bank or other holder of record that confirms you are the beneficial owner of those shares, together with a form of photo identification. Cameras, recording devices and other electronic devices will not be permitted at the Annual Meeting.

By order of the Board of Directors,

Gregg Winiarski
Senior Vice President,
General Counsel and Secretary

PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Q: Why did I receive a Notice of Internet Availability of Proxy Materials?

A: In accordance with rules adopted by the Securities and Exchange Commission (the "SEC"), we elected to deliver this Proxy Statement and our 2010 Annual Report on Form 10-K to the majority of our stockholders online in lieu of mailing printed copies of these materials to each of our stockholders (the "Notice Process"). If you received a Notice of Internet Availability of Proxy Materials (the "Notice") by mail, you will not receive printed copies of our proxy materials unless you request them. Instead, the Notice provides instructions on how to access this Proxy Statement and our 2010 Annual Report on Form 10-K online, as well as how to obtain printed copies of these materials by mail. We believe that the Notice Process allows us to provide our stockholders with the information they need in a more timely manner than if we had elected to mail printed materials, while reducing the environmental impact of, and lowering the costs associated with, the printing and distribution of our proxy materials.

The Notice is being mailed on or about May 4, 2011 to stockholders of record at the close of business on April 25, 2011 and this Proxy Statement and our 2010 Annual Report on Form 10-K will be available at www.proxyvote.com beginning on May 4, 2011. If you received a Notice by mail but would rather receive printed copies of our proxy materials, please follow the instructions included in the Notice. You will not receive a Notice if you have previously elected to receive printed copies of our proxy materials.

Q: Can I vote my shares by filling out and returning the Notice?

A: No. However, the Notice provides instructions on how to vote your shares by way of completing and submitting your proxy online or by phone, by requesting and returning a written proxy card by mail or by submitting a ballot in person at the Annual Meeting.

Q: Who is entitled to vote at the Annual Meeting?

A: Holders of IAC common stock and Class B common stock at the close of business on April 25, 2011, the record date for the Annual Meeting established by IAC's Board of Directors, are entitled to receive notice of the Annual Meeting and to vote their shares at the Annual Meeting and any related adjournments or postponements.

As of the close of business on April 25, 2011, the record date, there were 85,439,921 shares of IAC common stock and 4,595,378 shares of Class B common stock outstanding and entitled to vote. Holders of IAC common stock are entitled to one vote per share and holders of Class B common stock are entitled to ten votes per share.

Q: What is the difference between a stockholder of record and a stockholder who holds stock in street name?

A: If your IAC shares are registered in your name, you are a stockholder of record. If your IAC shares are held in the name of your broker, bank or other holder of record, your shares are held in street name.

You may examine a list of the stockholders of record as of the close of business on April 25, 2011 for any purpose germane to the Annual Meeting during normal business hours during the 10-day period preceding the date of the meeting at IAC's corporate headquarters, located at 555 West 18th Street, New York, New York 10011. This list will also be made available at the Annual Meeting.

Q:

What are the quorum requirements for the Annual Meeting?

A:

The presence at the Annual Meeting, in person or by proxy, of holders having a majority of the total votes entitled to be cast by holders of IAC common stock and Class B common stock at the Annual Meeting constitutes a quorum. When the holders of IAC common stock vote as a separate

Table of Contents

class, the presence at the Annual Meeting of holders of a majority of the total votes entitled to be cast by holders of IAC common stock is required for quorum to be met. Shares of IAC common stock and Class B common stock represented by proxy will be treated as present at the Annual Meeting for purposes of determining whether there is a quorum, without regard to whether the proxy is marked as casting a vote or abstaining.

Q:
What matters will IAC stockholders vote on at the Annual Meeting?

A:
IAC stockholders will vote on the following proposals:

Proposal 1 to elect 12 members of IAC's Board of Directors, each to hold office for a one-year term ending on the date of the next succeeding annual meeting of stockholders or until such director's successor shall have been duly elected and qualified (or, if earlier, such director's removal or resignation from IAC's Board of Directors);

Proposal 2 to ratify the appointment of Ernst & Young LLP as IAC's independent registered public accounting firm for the 2011 fiscal year;

Proposal 3 to hold an advisory vote on executive compensation (the "say on pay vote");

Proposal 4 to hold an advisory vote on the frequency of holding the say on pay vote in the future; and

to transact such other business as may properly come before the Annual Meeting and any related adjournments or postponements.

Q:
What are my voting choices when voting for director nominees and what votes are required to elect directors to IAC's Board of Directors?

A:
You may vote in favor of *all* nominees, withhold votes as to *all* nominees or vote in favor of and withhold votes as to specific nominees.

The election of each of Gregory R. Blatt, Edgar Bronfman, Jr., Barry Diller, Michael D. Eisner, Victor A. Kaufman, Arthur C. Martinez, David Rosenblatt, Alexander von Furstenberg and Richard F. Zannino as directors requires the affirmative vote of a plurality of the total number of votes cast by the holders of shares of IAC common stock and Class B common stock voting together as a single class (hereinafter referred to as IAC capital stock), with each share of common stock and Class B common stock representing the right to one and ten votes, respectively.

The election of each of Donald R. Keough, Bryan Lourd and Alan G. Spoon as directors requires the affirmative vote of a plurality of the total number of votes cast by the holders of the shares of IAC common stock voting as a separate class.

The Board recommends that stockholders vote **FOR** the election of each of the director nominees named above.

Q:
What are my voting choices when voting on the ratification of the appointment of Ernst & Young LLP as IAC's independent registered public accounting firm and what votes are required to ratify such appointment?

A:

Edgar Filing: IAC/INTERACTIVECORP - Form DEF 14A

You may vote in favor of the ratification, vote against the ratification or abstain from voting on the ratification.

The ratification of the appointment of Ernst & Young LLP as IAC's independent registered public accounting firm for 2011 requires the affirmative vote of the holders of a majority of the voting power of the shares of IAC capital stock present at the Annual Meeting in person or represented by proxy and voting together.

Table of Contents

The Board recommends that stockholders vote **FOR** the ratification of the appointment of Ernst & Young LLP as IAC's independent registered public accounting firm for 2011.

Q: **What are my voting choices when voting on the advisory say on pay vote and what votes are required to approve the say on pay vote?**

A: You may vote in favor of the advisory proposal, vote against the advisory proposal or abstain from voting on the advisory proposal.

The approval, on an advisory basis, of the say on pay proposal requires the affirmative vote of the holders of a majority of the voting power of the shares of IAC capital stock present at the Annual Meeting in person or represented by proxy and voting together. As an advisory vote, this proposal is not binding upon the Company.

The Board recommends a vote **FOR** the advisory vote on executive compensation.

Q: **What are my voting choices when voting on the advisory proposal on the frequency of holding the say on pay vote and what votes are required to approve the frequency of holding the say on pay vote?**

A: You may vote in favor of holding the say on pay vote every year, holding the say on pay vote every two years, holding the say on pay vote every three years or abstain from voting on the advisory proposal.

The approval, on an advisory basis, of the frequency of holding the say on pay vote in the future requires the affirmative vote of the holders of a majority of the voting power of the shares of IAC capital stock present at the Annual Meeting in person or represented by proxy and voting together. However, if no choice receives a majority of votes, then the option on the frequency of the advisory vote that receives the highest number of votes cast by stockholders will be considered by the Board as the stockholders' recommendation as to the frequency of holding future say on pay votes. As advisory votes, the votes cast in connection with this proposal are not binding upon the Company. While the Board is making a recommendation with respect to this proposal, IAC stockholders are being asked to vote for one of the choices specified above, and not whether they agree or disagree with the Board's recommendation.

The Board recommends a vote for holding the say on pay vote once **EVERY THREE YEARS** at IAC's Annual Meeting of Stockholders.

Q: **Could other matters be decided at the Annual Meeting?**

A: As of the date of this Proxy Statement, we did not know of any matters to be raised at the Annual Meeting, other than those referred to in this Proxy Statement.

If other matters are properly presented at the Annual Meeting for consideration, the three IAC officers who have been designated as proxies for the Annual Meeting, Joanne Hawkins, Thomas J. McInerney and Gregg Winiarski, will have the discretion to vote on those matters for stockholders who have submitted their proxy.

Q: **What do I need to do now to vote at the Annual Meeting?**

A: IAC's Board of Directors is soliciting proxies for use at the Annual Meeting. Stockholders may submit proxies to instruct the designated proxies to vote their shares in any of three ways:

Submitting a Proxy Online: Submit your proxy via the internet. The website for internet proxy voting is www.proxyvote.com. Internet proxy voting is also available 24 hours a day and will close at 11:59 p.m., Eastern Standard Time, on Wednesday, June 15, 2011;

Edgar Filing: IAC/INTERACTIVECORP - Form DEF 14A

Table of Contents

Submitting a Proxy by Telephone: Submit your proxy by telephone by using the toll-free telephone number provided on your proxy card (1.800.690.6903). Telephone voting is available 24 hours a day and will close at 11:59 p.m., Eastern Standard Time, on Wednesday, June 15, 2011; or

Submitting a Proxy by Mail: If you choose to submit your proxy by mail, simply mark your proxy, date and sign it, and return it in the postage-paid envelope provided or to IAC/InterActiveCorp, c/o Vote Processing, Broadridge, 51 Mercedes Way, Edgewood, New York 11717.

If you were a stockholder of record on April 25, 2011 or if you have a legal proxy from your broker, bank or other holder of record identifying you as a beneficial owner of IAC shares as of that date, you may vote in person by attending the Annual Meeting.

For IAC shares held in street name, holders may submit a proxy online or by telephone if their broker, bank or other holder of record makes these methods available. If you submit a proxy online or by telephone, **do not** request and return a printed proxy card from IAC or from your broker, bank or other holder of record. If you hold your shares through a broker, bank or other holder of record, follow the voting instructions you receive from your broker, bank or other holder of record.

Q: If I hold my IAC shares in street name, will my broker, bank or other holder of record vote these shares for me?

A: If you hold IAC shares in street name, you must provide your broker, bank or other holder of record with instructions in order to vote these shares. If you do not provide voting instructions to your bank, broker or other nominee, whether your shares can be voted by such person depends on the type of item being considered for vote.

Non-Discretionary Items. The election of directors, the advisory say on pay vote and the advisory vote on the frequency of holding the say on pay vote are non-discretionary items and may not be voted on by your broker, bank or other nominee absent specific voting instructions from you.

Discretionary Items. The ratification of Ernst & Young LLP as IAC's independent registered public accounting firm for 2011 is a discretionary item. Generally, brokers, banks and other nominees that do not receive voting instructions may vote on this proposal in their discretion.

Q: What happens if I abstain?

A: Abstentions are counted for purposes of determining whether there is a quorum and are counted as votes "against" any proposal for which abstentions are an option.

Q: Can I change my vote?

A: Yes. If you are a stockholder of record, you may change your vote or revoke your proxy at any time before the vote at the Annual Meeting by:

delivering a written notice, bearing a date later than your proxy, stating that you revoke the proxy;

submitting a later-dated proxy relating to the same shares online, by telephone or by mail prior to the vote at the Annual Meeting; or

attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not, by itself, revoke a proxy).

Table of Contents

To
change your vote or revoke your proxy, send a written notice or a new proxy card to IAC/InterActiveCorp, c/o Vote Processing, Broadridge, 51 Mercedes Way, Edgewood, New York 11717, or follow the instructions provided on the Notice or the proxy card to do so online or by telephone.

Q:
How are proxies solicited and who bears the related costs?

A:
IAC bears all expenses incurred in connection with the solicitation of proxies. In addition to solicitations by mail, directors, officers and employees of IAC may solicit proxies from stockholders by telephone, letter, facsimile or in person. Following the initial mailing of the Notice and proxy materials, IAC will request brokers, banks and other holders of record to forward copies of these materials to persons for whom they hold shares of IAC common stock and to request authority for the exercise of proxies. In such cases, IAC, upon the request of these holders, will reimburse such holders for their reasonable expenses.

Q:
What should I do if I have questions regarding the Annual Meeting?

A:
If you have any questions about the Annual Meeting, would like to obtain directions to be able to attend the Annual Meeting and vote in person or would like copies of any of the documents referred to in this Proxy Statement, you should contact IAC Investors Relations at 1.212.314.7300 or *ir@iac.com*.

PROPOSAL 1 ELECTION OF DIRECTORS

Proposal and Required Vote

At the upcoming Annual Meeting, a board of 12 directors will be elected, each to hold office until the next succeeding annual meeting of stockholders or until such director's successor shall have been duly elected and qualified (or, if earlier, such director's removal or resignation from IAC's Board of Directors). Information concerning director nominees, all of whom are incumbent directors of IAC and have been recommended by the Nominating Committee for re-election, appears below. The Board has designated Messrs. Keough, Lourd and Spoon as nominees for the positions on the Board to be elected by the holders of IAC common stock voting as a separate class. Although management does not anticipate that any of the persons named below will be unable or unwilling to stand for election, in the event of such an occurrence, proxies may be voted for a substitute designated by the Board.

The election of each of Gregory R. Blatt, Edgar Bronfman, Jr., Barry Diller, Michael D. Eisner, Victor A. Kaufman, Arthur C. Martinez, David Rosenblatt, Alexander von Furstenberg and Richard F. Zannino as directors requires the affirmative vote of a plurality of the total number of votes cast by the holders of shares of IAC capital stock voting together as a single class.

The election of each of Donald R. Keough, Bryan Lourd and Alan G. Spoon as directors requires the affirmative vote of a plurality of the total number of votes cast by the holders of the shares of IAC common stock voting as a separate class.

Both the Nominating Committee and the full Board recommend that stockholders vote **FOR** the election of all director nominees.

Information Concerning Director Nominees

Background information about each director nominee is set forth below, including information regarding the specific experiences, characteristics, attributes and skills considered in connection with the nomination of each director nominee, all of which the Nominating Committee and the Board believe provide the Company with the perspective and judgment needed to guide, monitor and execute its strategies.

Gregory R. Blatt, age 42, has been a director and Chief Executive Officer of IAC since December 2010. Prior to assuming his current role, Mr. Blatt served as Chief Executive Officer of Match.com, a subsidiary of IAC, since February 2009. Mr. Blatt also served as General Counsel and Secretary of IAC from November 2003 to January 2009, first as Senior Vice President, and then as Executive Vice President. Prior to joining IAC in November 2003, Mr. Blatt served as General Counsel of Martha Stewart Living Omnimedia, Inc. ("MSO") from September 1999 to October 2003, first as Senior Vice President, and then as Executive Vice President. Prior to joining MSO, Mr. Blatt was an associate with Grubman Indursky & Schindler, P.C., a New York entertainment and media law firm, from 1997 to May 1999, and prior to that, was an associate at Wachtell, Lipton, Rosen & Katz, a New York law firm, from 1995 to 1997. Mr. Blatt has also served as a member of the boards of directors of HSN, Inc. and Interval Leisure Group, Inc. since August 2008 and a member of the board of directors of Meetic since June 2009. In nominating Mr. Blatt, the Board considered the unique knowledge and experience regarding the Company and its businesses that he has gained through his various roles with the Company since 2003 and one of its largest subsidiaries since 2009, as well as his high level of financial literacy and expertise regarding mergers, acquisitions, investments and other strategic transactions.

Edgar Bronfman, Jr., age 55, has been a director of IAC since February 1998. Mr. Bronfman has served as the Chairman and Chief Executive Officer of Warner Music Group since March 2004. Prior to joining Warner Music Group, Mr. Bronfman served as Chairman and Chief Executive Officer of Lexa Partners LLC, which he founded, from April 2002. Mr. Bronfman also currently serves as a general partner of Accretive LLC, a private equity firm. Mr. Bronfman was appointed Executive Vice

Table of Contents

Chairman of Vivendi Universal, S.A. in December 2000. Mr. Bronfman resigned from his position as an executive officer and as Vice Chairman of the Board of Directors of Vivendi Universal, S.A. in March 2002 and December 2003, respectively. Prior to December 2000, Mr. Bronfman served as President and Chief Executive Officer of The Seagram Company Ltd., a post he had held since June 1994, and from 1989 to June 1994 he served as the President and Chief Operating Officer of Seagram. He is the Chairman of the Board of Endeavor Global, Inc., and is currently a member of the Board of NYU Elaine A. and Kenneth G. Langone Medical Center, The Collegiate School, JPMorgan's National Advisory Board, the Council on Foreign Relations and Accretive Health, Inc. In nominating Mr. Bronfman, the Board considered his experience as a member of senior management of various public and global companies, which the Board believes gives him particular insight into business strategy and leadership, marketing, consumer branding and international operations, as well as a high level of financial literacy and insight into the media and entertainment industries. The Board also considered Mr. Bronfman's private equity experience, which the Board believes gives him particular insight into investments in, and the development of, early stage companies.

Barry Diller, age 69, has been a director and Chairman and Senior Executive of IAC since December 2010. Mr. Diller previously served as a director and Chairman and Chief Executive Officer of IAC (and its predecessors) from August 1995 to November 2010. Mr. Diller also serves as Chairman and Senior Executive of Expedia, Inc., which position he has held since August 2005. Prior to joining the Company, Mr. Diller was Chairman of the Board and Chief Executive Officer of QVC, Inc. from December 1992 through December 1994. From 1984 to 1992, Mr. Diller served as the Chairman of the Board and Chief Executive Officer of Fox, Inc. Prior to joining Fox, Inc., Mr. Diller served for 10 years as Chairman of the Board and Chief Executive Officer of Paramount Pictures Corporation. Mr. Diller served as Chairman (in a non-executive capacity) of the board of directors of Live Nation Entertainment, Inc. (and its predecessor companies, Ticketmaster Entertainment and Ticketmaster), from August 2008 to October 2010, and continued to serve as a member of the board of directors of Live Nation through January 2011. Mr. Diller is also a member of the board of directors of The Washington Post Company and The Coca-Cola Company, which positions he has held during the past five years. He also serves on the Board of Conservation International. In addition, Mr. Diller is a member of the Board of Councilors for the University of Southern California's School of Cinema-Television, the New York University Board of Trustees and the Executive Board for the Medical Sciences of University of California, Los Angeles. The Board nominated Mr. Diller because he has been Chairman and Senior Executive since 2010 and prior to that time, served as Chairman and Chief Executive Officer of the Company since 1995, and as a result, possesses a great depth of knowledge and experience regarding the Company and its businesses. In addition, the Board noted Mr Diller's ability to exercise influence (subject to the Company's organizational documents and Delaware law) over the outcome of matters involving the Company that require stockholder approval given his significant ownership stake in the Company and related rights.

Michael D. Eisner, age 69, has been a director of IAC since March 2011. Mr. Eisner currently serves as Chairman of The Tornante Company, a privately held company that invests in, acquires, incubates and operates media and entertainment companies ("Tornante"). In addition to overseeing Tornante's key investments generally, Mr. Eisner also currently serves as Chairman of two Tornante companies, The Topps Company, a leading creator and marketer of sports cards, distinctive confectionery and other entertainment products, and Vuguru, a studio focused on producing groundbreaking programming for the internet and other emerging digital platforms. Prior to founding Tornante in 2005, Mr. Eisner served as Chairman and Chief Executive Officer of The Walt Disney Company from 1984. In addition to his for profit affiliations, Mr. Eisner serves on the Boards of the California Institute of the Arts, Denison University, the Aspen Institute, the Yale School of Architecture Dean's Council and The Eisner Foundation. In nominating Mr. Eisner, the Board considered his experience with Tornante, which the Board believes gives him particular insight into investments in, and the development and operation of, media and entertainment companies that focus

on programming and content for emerging platforms. The Board also considered Mr. Eisner's experience as the Chairman and Chief Executive Officer of The Walt Disney Company, which the Board believes gives him particular insight into business strategy and leadership, marketing and consumer branding, as well as a high level of financial literacy and insight into the media and entertainment industries.

Victor A. Kaufman, age 67, has been a director of IAC (and its predecessors) since December 1996 and has been Vice Chairman of IAC since October 1999. Mr. Kaufman also serves as Vice Chairman of Expedia, Inc., which position he has held since August 2005. Previously, Mr. Kaufman served in the Office of the Chairman from January 1997 to November 1997 and as Chief Financial Officer of IAC from November 1997 to October 1999. Prior to his tenure with IAC, Mr. Kaufman served as Chairman and Chief Executive Officer of Savoy Pictures Entertainment, Inc. from March 1992 and as a director of Savoy from February 1992. Mr. Kaufman was the founding Chairman and Chief Executive Officer of Tri-Star Pictures, Inc. and served in such capacities from 1983 until December 1987, at which time he became President and Chief Executive Officer of Tri-Star's successor company, Columbia Pictures Entertainment, Inc. He resigned from these positions at the end of 1989 following the acquisition of Columbia by Sony USA, Inc. Mr. Kaufman joined Columbia in 1974 and served in a variety of senior positions at Columbia and its affiliates prior to the founding of Tri-Star. Mr. Kaufman also served as a member of the board of directors of Live Nation Entertainment, Inc. Corporate Governance

Leadership Structure. The Company's business and affairs are overseen by its Board of Directors, which currently has thirteen members. There are three management representatives on the Board and, of the ten remaining current directors, eight are independent. The Board has an Audit Committee, Compensation and Human Resources Committee and a Nominating Committee, each comprised solely of independent directors, as well as an Executive Committee. For more information regarding director independence and our Board Committees, see the discussion under Director Independence beginning on page 11 and Board Committees beginning on page 13. All of our directors play an active role in Board matters, are encouraged to communicate among themselves and directly with both the Chairman and the Chief Executive Officer and have full access to Company management at all times.

Our independent directors meet in scheduled executive sessions without management present at least twice a year and may schedule additional meetings as they deem appropriate. We do not have a lead independent director or any other formally appointed leader for these sessions. The independent membership of our Audit, Compensation and Human Resources and Nominating Committees ensures that directors with no ties to Company management are charged with oversight for all financial reporting and executive compensation related decisions made by Company management, as well as for

Table of Contents

recommending candidates for Board membership. At each regularly scheduled Board meeting, the Chair of each of these committees provides the full Board with an update of all significant matters discussed, reviewed, considered and/or approved by the relevant committee since the last regularly scheduled Board meeting.

Effective December 1, 2010, Mr. Diller assumed the role of Chairman and Senior Executive of IAC and Mr. Blatt assumed the role of Chief Executive Officer of IAC. This leadership change provides the Company with the benefit of Mr. Diller's continued oversight of the Company's strategic goals and vision, coupled with the benefit of a full-time Chief Executive Officer dedicated to focusing on the day-to-day management and continued growth of the Company and its operating businesses.

At this time, the Company believes the current leadership structure described above is the most appropriate one for our Company and our stockholders.

Risk Oversight. Company management is responsible for assessing and managing the Company's exposure to various risks on a day-to-day basis, which responsibilities include the creation of appropriate risk management programs and policies. Company management has developed and implemented guidelines and policies to identify, assess and manage significant risks facing the Company. In developing this framework, the Company recognized that leadership and success are impossible without taking risks; however, the imprudent acceptance of risk or the failure to appropriately identify and mitigate risks could adversely impact stockholder value. The Board is responsible for overseeing management in the execution of its responsibilities and for assessing the Company's approach to risk management. The Board exercises these responsibilities periodically as part of its meetings and through discussions with Company management, as well as through the Board's Audit and Compensation and Human Resources Committees, which examine various components of financial and compensation-related risks, respectively, as part of their responsibilities. In addition, an overall review of risk is inherent in the Board's consideration of the Company's long-term strategies and in the transactions and other matters presented to the Board, including significant capital expenditures, acquisitions and divestitures and financial matters. The Board's role in risk oversight of the Company is consistent with the Company's leadership structure, with the Chairman and Senior Executive, the Chief Executive Officer and other members of senior management having responsibility for assessing and managing the Company's risk exposure, and the Board and its committees providing oversight in connection with those efforts.

Compensation Risk Assessment. We conducted a risk assessment of our compensation policies and practices for our employees, including those related to our executive compensation programs. The goal of this assessment was to determine whether the general structure of the Company's compensation policies and programs and the administration of these programs posed any material risks to the Company. The findings of the risk assessment were discussed with the Compensation and Human Resources Committee. Based upon this assessment, we believe that our compensation policies and programs do not encourage excessive or unnecessary risk-taking and are not reasonably likely to have a material adverse effect on the Company.

Director Independence. Under the Marketplace Rules of The Nasdaq Stock Market (the "Marketplace Rules"), the Board has a responsibility to make an affirmative determination that those members of the Board who serve as independent directors do not have any relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In connection with the independence determinations described below, the Board reviewed information regarding transactions, relationships and arrangements relevant to independence, including those required by the Marketplace Rules. This information is obtained from director responses to questionnaires circulated by Company management, as well as Company records and publicly available information. Following this determination, Company management monitors those transactions, relationships and arrangements that were relevant to such determination, as well as solicits updated

Table of Contents

information potentially relevant to independence from internal personnel and directors, to determine whether there have been any developments that could potentially have an adverse impact on the Board's prior independence determination.

The Board determined that each of Messrs. Bronfman, Eisner, Keough, Lourd, Martinez, Rosenblatt, Spoon and Zannino is independent. In connection with this determination, the Board considered that in the ordinary course of business, IAC and its businesses sell products and services to, purchase products and services from or make co-investments with, companies at which certain directors are employed or serve as directors, or over which certain directors otherwise exert control. In particular, the Board considered:

payments for services made by a former IAC business to a portfolio company of Accretive LLC, where Mr. Bronfman is a general partner;

an arrangement between an IAC business and certain of its employees that provide for such employees to continue to receive (and share with the IAC business) payments from various companies (including a portfolio company of Tornante, where Mr. Eisner is Chairman) that licensed programming rights to such employees;

payments for services made by the Company to Allen & Company LLC, where Mr. Keough is Chairman in a non-executive capacity;

payments for services made by an IAC business to CAA, where Mr. Lourd is Managing Director;

payments from Google, where Mr. Rosenblatt served as President of Global Display Advertising through May 2009, to IAC pursuant to a paid listing supply agreement;

a co-investment by IAC in an entity in which Polaris Venture Partners was an existing equity investor, as well as payments for services between the Company and certain Polaris Venture Partners portfolio companies (Mr. Spoon is a general partner of Polaris Venture Partners); and

payments for services between the Company and certain portfolio companies of J.P. Morgan Partners, LLC, which are managed by CCMP Capital Advisors, LLC, where Mr. Zannino is a Managing Director and member of the firm's Investment Committee.

The Board also previously determined that Mr. Michael Zeisser, who is not standing for re-election, is independent. Of the remaining incumbent directors who are standing for re-election, Messrs. Blatt, Diller and Kaufman are executive officers of the Company and Mr. von Furstenberg is Mr. Diller's stepson. Given these relationships, none of these directors are independent.

In addition to the satisfaction of the director independence requirements set forth in the Marketplace Rules, members of the Audit Committee and Compensation and Human Resources Committee have also satisfied separate independence requirements under the current standards imposed by the SEC and the Marketplace Rules for audit committee members and by the SEC and the Internal Revenue Service for compensation committee members.

Director Nominations. The Nominating Committee identifies, reviews and evaluates individuals qualified to become Board members and recommends candidates to the Board. While there are not specific requirements for eligibility to serve as a director of IAC, in evaluating candidates, the Nominating Committee will consider (regardless of how the candidate was identified or recommended) whether the professional and personal ethics and values of the candidate are consistent with those of IAC, whether the candidate's experience and expertise would be beneficial to the Board, whether the candidate is willing and able to devote the necessary time and energy to the work of the Board and whether the candidate is prepared and qualified to represent the best interests of IAC's stockholders. While the Board does not have a formal diversity policy, the Nominating Committee also considers the

Table of Contents

overall diversity of the experiences, characteristics, attributes, skills and backgrounds of candidates relative to those of other Board members and those represented by the Board as a whole to ensure that the Board has the right mix of skills, expertise and background.

The Board does not have a formal policy regarding the consideration of director nominees recommended by stockholders, as historically IAC has not received such recommendations. However, the Board would consider such recommendations if made in the future. Stockholders who wish to make such a recommendation should send the recommendation to IAC, 555 West 18th Street, New York, New York 10011, Attention: Corporate Secretary. The envelope must contain a clear notation that the enclosed letter is a "Director Nominee Recommendation." The letter must identify the author as a stockholder, provide a brief summary of the candidate's qualifications and history, together with an indication that the recommended individual would be willing to serve (if elected), and must be accompanied by evidence of the sender's stock ownership. Any director recommendations will be reviewed by the Corporate Secretary and the Chairman, and if deemed appropriate, forwarded to the Nominating Committee for further review. If the Nominating Committee believes that the candidate fits the profile of a director described above, the recommendation will be shared with the entire Board.

Communications with the IAC Board. Stockholders who wish to communicate with IAC's Board of Directors or a particular director may send such communication to IAC, 555 West 18th Street, New York, New York 10011, Attention: Corporate Secretary. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Stockholder-Board Communication" or "Stockholder-Director Communication." All such letters must identify the author as a stockholder, provide evidence of the sender's stock ownership and clearly state whether the intended recipients are all members of the Board or a particular director or directors. The Corporate Secretary will then review such correspondence and forward it to the Board, or to the specified director(s), if appropriate.

The Board and Board Committees

The Board. The Board met four times and acted by written consent twice during 2010. During 2010, all then incumbent directors attended at least 75% of the meetings of the Board and the Board committees on which they served. Directors are not required to attend annual meetings of IAC stockholders. One member of the Board of Directors attended IAC's 2010 Annual Meeting of Stockholders.

The Board currently has four committees: the Audit Committee, the Compensation and Human Resources Committee, the Nominating Committee and the Executive Committee.

Board Committees. The following table sets forth the current members of each Committee and the number of meetings held by, and times that each such Committee took action by written consent, during 2010. Unless otherwise indicated, each Committee member identified below served in the capacities set forth below for all of 2010.

The Audit Committee is appointed by the Board to assist the Board with a variety of matters described in the charter, which include monitoring: (1) the integrity of IAC's financial statements, (2) the effectiveness of IAC's internal control over financial reporting, (3) the qualifications and independence of IAC's independent registered public accounting firm, (4) the performance of IAC's internal audit function and independent registered public accounting firm, (5) IAC's risk assessment and risk management policies as they relate to financial and other risk exposures and (6) the compliance by IAC with legal and regulatory requirements. In fulfilling its purpose, the Audit Committee maintains free and open communication between the Committee, the independent accounting firm, the internal auditors and management of the Company. The formal report of the Audit Committee is set forth on pages 16 and 17.

The Board has previously concluded that Mr. Spoon is an "audit committee financial expert," as such term is defined in applicable SEC rules.

Compensation and Human Resources Committee. The Compensation and Human Resources Committee, which has not adopted a written charter, is authorized to exercise all of the powers of the Board of Directors with respect to matters pertaining to compensation and benefits, including, but not limited to, salary matters, incentive/bonus plans, stock compensation plans, retirement programs and health and welfare insurance plans. For additional information on IAC's processes and procedures for the consideration and determination of executive compensation and the related role of the Compensation and Human Resources Committee, see the discussion under Compensation Discussion and Analysis generally beginning on page 19. The formal report of the Compensation and Human Resources Committee is set forth on page 27.

Nominating Committee. The Nominating Committee functions pursuant to a written charter adopted by the Board of Directors, which is attached as Appendix B to this Proxy Statement. The Nominating Committee is appointed by the Board to assist the Board by: (i) identifying, reviewing and evaluating individuals qualified to become Board members; (ii) recommending director nominees for the next annual meeting of stockholders and nominees to fill vacancies on the Board as necessary; and (iii) making recommendations with respect to the compensation and benefits of directors.

Executive Committee. The Executive Committee has all the power and authority of the Board of Directors of IAC, except those powers specifically reserved to the Board by Delaware law or IAC's organizational documents.

**PROPOSAL 2 RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Subject to stockholder ratification, the Audit Committee of the Board of Directors has appointed Ernst & Young LLP as IAC's independent registered public accounting firm for the fiscal year ending December 31, 2011. Ernst & Young LLP has served as IAC's independent registered public accounting firm for many years and is considered by management to be well qualified.

A representative of Ernst & Young LLP is expected to be present at the Annual Meeting and will be given an opportunity to make a statement if he so chooses and will be available to respond to appropriate questions.

Ratification of the appointment of IAC's independent registered public accounting firm requires the affirmative vote of the holders of a majority of the voting power of the shares of IAC capital stock present at the Annual Meeting in person or represented by proxy and voting together.

The Board recommends that the stockholders vote **FOR** ratification of the appointment of Ernst & Young LLP as IAC's independent registered public accounting firm for 2011.

PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION (THE SAY ON PAY VOTE)

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), enacted in July 2010, requires the Company to seek a non-binding advisory vote from its stockholders to approve the compensation of its named executives. This proposal, also referred to as the say on pay vote, is not intended to address any specific item of compensation, but rather our overall compensation program and policies relating to our named executives. As described in detail under the caption Compensation Discussion and Analysis, beginning on page 19, our executive officer compensation program is designed to provide the level of compensation necessary to attract, retain, motivate and reward talented and experienced executives and to motivate them to achieve short-term and long-term goals, thereby enhancing stockholder value and creating a successful company. We believe that our executive officer compensation program, with its balance of short-term and long-term incentives, rewards sustained performance that is aligned with long-term stockholder interests. Accordingly, we believe that the compensation paid to our named executives in 2010 pursuant to our executive officer compensation program was fair and appropriate and are asking our stockholders to vote "FOR" the adoption of the following resolution:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Company's named executives for 2010, as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, the executive compensation tables, and the related narrative."

Table of Contents

The approval, on an advisory basis, of the say on pay vote proposal requires the affirmative vote of the holders of a majority of the voting power of the shares of IAC capital stock present at the Annual Meeting in person or represented by proxy and voting together. The vote is advisory in nature and therefore not binding on us or our Board. However, our Board and Compensation and Human Resources Committee value the opinions of all of our stockholders and will consider the outcome of this vote when making future compensation decisions for our named executives.

The Board recommends that the stockholders vote **FOR** the advisory vote on executive compensation.

PROPOSAL 4 ADVISORY VOTE ON THE FREQUENCY OF HOLDING THE SAY ON PAY VOTE

In addition to the advisory vote on executive compensation set forth above, the Dodd-Frank Act also requires the Company to seek a non-binding advisory vote from its stockholders regarding the frequency of holding the advisory vote on executive compensation in the future. In casting your advisory vote, you may indicate whether you prefer that we seek an advisory vote every one, two or three years. You may also abstain from voting on this matter.

After thoughtful consideration, our Compensation and Human Resources Committee and the Board believes that holding an advisory vote on executive compensation every three years is the most appropriate policy for the Company and its stockholders at this time. Our Board and the Compensation and Human Resources Committee believe that a triennial vote more closely mirrors the long-term nature of a significant portion of our executive officer compensation program and will discourage short-term thinking and, as a result, a stockholder's analysis of our performance and compensation practices would be more fully informed when viewed over a three-year period. Moreover, allowing more time in between the advisory votes on executive compensation would provide a greater opportunity for our Board and Compensation and Human Resources Committee to engage in meaningful analysis of any compensation issues and consideration of any stockholder concerns.

The approval, on an advisory basis, of the frequency of holding the say on pay vote proposal requires the affirmative vote of the holders of a majority of the voting power of the shares of IAC capital stock present at the Annual Meeting in person or represented by proxy and voting together. However, if no choice receives a majority of votes, then the option on the frequency of the advisory vote that receives the highest number of votes cast by stockholders will be considered by the Board as the stockholders' recommendation as to the frequency of holding future say on pay votes. The vote is advisory in nature and therefore not binding on us or our Board. However, our Board values the opinions of all of our stockholders and will consider the outcome of this vote when making future decisions on the frequency with which we will hold an advisory vote on executive compensation.

The Board recommends that the stockholders vote for holding the say on pay vote once **EVERY THREE YEARS**.

AUDIT COMMITTEE MATTERS

Audit Committee Report

The Audit Committee operates under a written charter, which has been adopted by the Board of Directors, the most recent version of which is attached as Appendix A to this Proxy Statement. The Audit Committee charter governs the operations of the Audit Committee and sets forth its responsibilities, which include providing assistance to the Board of Directors with the monitoring of: (1) the integrity of IAC's financial statements, (2) the effectiveness of IAC's internal control over financial reporting, (3) the qualifications and independence of IAC's independent registered public accounting firm, (4) the performance of IAC's internal audit function and independent registered public accounting firm, (5) IAC's risk assessment and risk management policies as they relate to

Table of Contents

financial and other risk exposures and (6) the compliance by IAC with legal and regulatory requirements. It is not the duty of the Audit Committee to plan or conduct audits or to determine that IAC's financial statements and disclosures are complete, accurate and have been prepared in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and IAC's independent registered public accounting firm.

In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited consolidated financial statements of IAC for the fiscal year ended December 31, 2010 with IAC's management and Ernst & Young LLP, IAC's independent registered public accounting firm.

The Audit Committee has discussed with Ernst & Young the matters required to be discussed by Statement on Auditing Standards No. 61, as amended "Communication with Audit Committees." In addition, the Committee has received the written disclosures and the letter from Ernst & Young required by applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young's communications with the Audit Committee concerning independence and has discussed with Ernst & Young its independence from IAC and its management.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for IAC for the fiscal year ended December 31, 2010 be included in IAC's Annual Report on Form 10-K for the year ended December 31, 2010 for filing with the SEC.

Audit and Non-Audit Services Pre-Approval Policy

The Audit Committee has a policy governing the pre-approval of all audit and permitted non-audit services performed by IAC's independent registered public accounting firm in order to ensure that the provision of these services does not impair such firm's independence from IAC and its management. Unless a type of service to be provided by IAC's independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. Any proposed services in excess of pre-approved cost levels will require specific pre-approval by the Audit Committee. In all pre-approval instances, the Audit Committee will consider whether such services are consistent with SEC rules regarding auditor independence.

Effective January 1, 2007, all Tax services require specific pre-approval by the Audit Committee. In addition, the Audit Committee has designated specific services that have the pre-approval of the Audit Committee (each of which is subject to pre-approved cost levels) and has classified these pre-approved services into one of three categories: Audit, Audit-Related and All Other (excluding Tax). The term of any pre-approval is 12 months from the date of the pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee will revise the list of pre-approved services from time to time. Pre-approved fee levels for all services to be provided by IAC's independent registered public accounting firm will be established periodically from time to time by the Audit Committee.

Pursuant to the pre-approval policy, the Audit Committee may delegate its authority to grant pre-approvals to one or more of its members, and has currently delegated this authority to its Chairman. The decisions of the Chairman (or any other member(s) to whom such authority may be delegated) to grant pre-approvals must be presented to the full Audit Committee at its next scheduled meeting. The Audit Committee may not delegate its responsibilities to pre-approve services to management.

COMPENSATION DISCUSSION AND ANALYSIS

Philosophy and Objectives

Our executive officer compensation program is designed to increase long-term stockholder value by attracting, retaining, motivating and rewarding leaders with the competence, character, experience and ambition necessary to enable the Company to meet its growth objectives.

Though IAC is a publicly traded company, we attempt to foster an entrepreneurial culture and environment, and attract and retain senior executives with entrepreneurial backgrounds, attitudes and aspirations. Accordingly, when attempting to recruit and retain our executive officers, as well as other executives who may become executive officers at a later time, we compete not only with other public companies, but also with earlier stage companies, companies funded by private equity firms and professional firms. We structure our compensation program so that we can compete in this varied marketplace for talent, with an emphasis on variable, contingent compensation and long-term equity ownership.

While we consider market data in establishing broad compensation programs and practices, we do not specifically benchmark the compensation associated with particular executive positions, or definitively rely on competitive survey data in establishing executive compensation. The Company makes decisions based on a host of factors particular to a given executive situation, including its firsthand experience with the competition for recruiting executives and its understanding of the current environment, and believes that over-reliance on survey data, or a benchmarking approach, is too rigid and stale for the dynamic and fast changing marketplace for talent in which we compete.

Similarly, we believe that arithmetic approaches to measuring and rewarding short-term performance often fail to adequately take into account the multiple factors that contribute to success at the individual and business level. In any given period, the Company may have multiple objectives, and these objectives, and their relative importance, often change as the competitive and strategic landscape shifts. Accordingly, we have historically avoided the use of strict formulas in our annual bonus program, believing that they often over-compensate or under-compensate a given performance level. We instead rely primarily on an approach that, while based on clear objectives, is not formulaic and allows for the exercise of discretion in setting final bonus amounts.

We do, however, believe that linking long-term incentive compensation to objectively measurable goals should play an important part in an overall compensation program. Thus, since January 2008, non-qualified stock options have been the predominant equity award for our executive officers. Given the prominence of equity in our overall program, and the fact that the ultimate realization of value from stock option awards is directly dependent on appreciation in the Company's stock price, a significant percentage of the overall pay of executive officers takes the form of objectively determinable, success-based, long-term compensation.

We believe the Company's executive officer compensation program, which includes a combination of subjective determinations regarding individual compensation levels and short-term performance and objective measures of long-term corporate results, puts the substantial majority of compensation at risk, rewards both individual and corporate performance in a targeted fashion, pays amounts appropriate to attract and retain those key individuals necessary to grow the Company, and aligns the interests of our key executives with the interests of our owners. We continuously evaluate our program, and make changes as we deem appropriate.

Roles and Responsibilities

The Compensation and Human Resources Committee of the Company's Board of Directors (for purposes of this Compensation Discussion and Analysis, the "Committee") has primary responsibility for establishing the compensation of the Company's executive officers. The Committee currently consists of Messrs. Martinez, Keough and Rosenblatt.

The executive officers participate in structuring Company-wide compensation programs and in establishing appropriate bonus and equity pools. Historically, at year-end, Mr. Diller would meet with the Committee and discuss his views of corporate and individual executive officer performance for the prior year and his recommendations for appropriate compensation packages for the individual executive officers (other than himself). As a result of the senior management changes at the Company that took place in December 2010, this process for the 2010 year end involved Mr. Diller and Mr. Blatt meeting with the Committee separately to discuss annual bonuses and year-end equity awards, respectively. Following these discussions, the Committee met in executive sessions to discuss the recommendations and to ultimately determine the compensation packages for each executive officer.

In establishing an executive officer's compensation, each individual component is evaluated independently and in relation to the package as a whole. Prior earning histories and outstanding long-term compensation arrangements are also reviewed and taken into account. However, we do not believe in any formulaic relationship or targeted allocation between these elements. Instead, each individual's situation is evaluated on a case-by-case basis each year, considering the variety of relevant factors at that time.

Neither the Company nor the Committee has an ongoing relationship with any particular compensation consulting firm. In certain instances involving matters of particular import, the Committee has solicited the advice of consulting firms and engaged legal counsel. In addition, from time to time, the Company may solicit survey or peer compensation data from various consulting firms. The Company engaged Mercer (US) Inc. to provide comparative market data in connection with the Company's own analysis of its equity compensation practices in 2010, and except as described in the next sentence, neither Mercer nor any other compensation consultant had any role in determining or recommending the amount or form of executive compensation for 2010. In addition, in connection with establishing the compensation package for Mr. Blatt in December 2010, as described below, the Committee engaged Compensation Advisory Partners LLC to assist it in evaluating and structuring the equity components of Mr. Blatt's arrangements.

Compensation Elements

Our compensation packages for executive officers primarily consist of salary, annual bonuses, IAC equity awards, and in certain instances, perquisites and other benefits. While Mr. Blatt was Chief Executive Officer of Match.com, Inc. ("Match"), one of our subsidiaries, his compensation package included equity awards in Match, some of which he still holds as of the date hereof as discussed further below.

Salary. We typically negotiate a new executive officer's starting salary upon arrival, based on the executive's prior compensation history, prior compensation levels for the particular position within the Company, the Company's New York City location, salary levels of other executives within the Company, and salary levels available to the individual in alternative opportunities. Salaries can increase based on a number of factors, including the assumption of additional responsibilities and other factors which demonstrate an executive's increased value to the Company. Salaries for Messrs. Kaufman and McNerney have remained the same since February of 2006 and for Mr. Winiarski since February of 2009, in each case, based on the fact that there have been no significant changes in responsibilities since that time and on the Company's general focus on variable, as opposed to fixed, compensation. Mr. Winiarski's salary was increased in January 2011 to \$450,000 to reflect an increase in his

Table of Contents

responsibilities and to adjust to be competitive with market rates. Mr. Blatt's salary was increased in December 2010 in connection with his changed role and responsibilities, as discussed further below. Mr. Diller's annual salary has remained the same since August of 2005, when his salary was reduced as a result of Mr. Diller assuming the role of executive Chairman and Senior Executive of Expedia, Inc. following its spin-off from the Company.

Annual Bonuses

General. We establish bonus levels through a two-pronged process. First, at the beginning of the year, the Committee sets performance objectives which historically have been tied to the achievement of EBITA or share price performance targets during the forthcoming year. In general, these targets are minimum acceptable performance conditions, but with respect to which there is substantial uncertainty when we establish them. If the Company meets the performance criteria, the executive becomes eligible for a maximum bonus award, which the Committee has historically reduced based on a discretionary assessment of Company and, to a lesser extent, individual performance. In making its determinations regarding annual bonuses, the Committee considers a variety of factors such as growth in profitability or achievement of strategic objectives by the Company, and an individual's performance and contribution to the Company. The Committee does not quantify the weight given to any specific element or otherwise follow a formulaic calculation. Rather, the Committee engages in an overall assessment of appropriate bonus levels based on a subjective interpretation of all the relevant criteria. This process is designed to permit the Company to deduct the bonus compensation paid to executives for income tax purposes. We generally pay bonuses shortly after year-end, following finalization of financial results for the prior year.

2010 Bonuses. For 2010, the Committee predicated the payment of bonuses to executive officers on attaining year-over-year EBITA growth in any quarter of at least 5% or on share price growth of at least 5% over the price on the date the goals were established. Both targets were met, and the Committee then exercised its right to reduce target bonus amounts. Bonuses for 2010 were paid in February 2011, and in setting actual bonus levels, the Committee considered a variety of factors, including:

Revenue and Operating Income Before Amortization Growth. Revenue increased 22% over the prior year, with double digit growth from each of the Company's segments. Operating Income Before Amortization also grew strongly, up 56% over the prior year, as the Company was able to control costs and implement operating efficiencies.

Share Price Appreciation. The Company's share price increase 40% during 2010, compared to 15% growth in the Nasdaq and 11% growth in the S&P 500.

Capitalization and Cash Position. The Company repatriated a significant amount of cash to shareholders by way of share repurchases, and also generated strong cash flow from its operating businesses during the year. The Company completed 2010 with a strong cash position and expectations for continued strength in 2011.

Successful Completion of Strategic Transactions. The Company exchanged its Evite, Gifts.com and IAC Advertising Solutions businesses and approximately \$218 million in cash for approximately 12.8 million shares of the Company's common and Class B shares held by Liberty Media Corporation. The Company also agreed to the terms of a joint venture between The Daily Beast and Newsweek, which closed in January 2011.

Other Initiatives. The Company took steps to positively advance the strategic position of several of the Company's businesses.

In determining the 2010 bonus award for Mr. Blatt, the Committee considered the strong performance of Match during the year, with revenue up 17% compared to 2009 and Operating Income

Table of Contents

Before Amortization up 23% over the prior year. In addition, the Committee noted the successful integration of PeopleMedia, acquired in July 2009, and the formation of the venture with Meetic in Latin America in March 2010.

Executive officer bonuses tend to be highly variable from year-to-year depending on the performance of the Company. Accordingly, we believe our executive officer bonus program provides strong incentives to reach the Company's annual goals.

Long-Term Incentives

General. Due to our entrepreneurial philosophy, we believe that providing a meaningful equity stake in our business is essential to create compensation opportunities that can compete, on a risk-adjusted basis, with entrepreneurial employment alternatives. In addition, we believe that ownership shapes behavior, and that by providing compensation in the form of equity awards, we align the executive's incentives with our stockholders' interests in a manner that we believe drives superior performance over time.

While there is currently no formal stock ownership or holding requirement for executive officers, our executive officers have historically held the majority of their stock awards (net of tax withholding) well beyond the relevant vesting dates.

In establishing equity awards in any given year, the amount of outstanding unvested and/or unexercised equity awards, as well as previously earned or exercised awards, is reviewed and evaluated on an individual-by-individual basis. In setting particular award levels, the predominant considerations are providing the person with effective retention incentives, appropriate reward for past performance, incentives for strong future performance and competitive conditions, while the ultimate realization of value from the award will be directly dependent on appreciation in the Company's stock price. The annual corporate performance factors relevant to setting bonus amounts that were discussed above, while taken into account, are generally less relevant in setting annual equity awards, as the awards tend to be more forward looking, and are a longer-term retention and reward instrument relative to our annual bonuses.

While we have historically granted equity awards simultaneously with the payment of year-end bonuses, equity awards for 2011 were granted in March 2011 (later than the payment of cash bonuses for 2010), primarily due to the senior management changes that took place in December 2010. As in the past, the Committee meetings at which awards were made was scheduled in advance, without regard to the timing of the release of earnings or other material information.

Equity Awards

Our primary form of equity awards has changed over the years, from time-based restricted stock units that were granted beginning in 2003 to performance-based restricted stock units granted in 2007. Commencing in 2008, we introduced non-qualified stock options as the primary equity incentive vehicle for our executives and other equity eligible employees, continuing the increased emphasis on performance criteria introduced in the 2007 RSU program. This switch was made primarily for the sake of simplicity, and a belief that it would, in general, make the Company more competitive in recruiting talented executives and employees.

2010 Awards. In February 2010 as part of our 2009 annual year-end process, we granted stock options to a number of employees throughout the Company, with an exercise price of \$21.60 per share, the closing price of the Company's common stock on the grant date. At that time, we granted 350,000 stock options to each of Mr. Kaufman and Mr. McInerney and 100,000 stock options to Mr. Winiarski. These awards reflect both the considerations described above, as well as an acknowledgement that the award levels in 2008 were, in part, necessitated by the significant vesting of awards in connection with

Table of Contents

the 2008 spin-off transaction. Also in February 2010, while Mr. Blatt was still serving in the role of Chief Executive Officer of Match, he was awarded an option to purchase 32 shares of Match common stock with a per share exercise price equal to the fair market value on the grant date. In December 2010, in connection with Mr. Blatt's promotion to Chief Executive Officer of the Company, he was awarded 750,000 stock options with an exercise price of \$32.00 per share, slightly above the closing price of the Company's common stock on the grant date, and up to 375,000 performance-based restricted stock units, both as described below under New Employment Arrangement for Mr. Blatt. We believe these awards provide meaningful retention and performance incentives for our executive officers.

2011 Awards. In March 2011 as part of our 2010 annual year-end process, we granted stock options to a number of employees throughout the Company, with an exercise price of \$30.90 per share, the closing price of the Company's common stock on the grant date. At that time, we granted 200,000 stock options to each of Mr. Kaufman and Mr. Winiarski and 300,000 stock options to Mr. McNerney. These awards reflect the considerations described above under the heading, Long-Term Incentives, as well as the factors considered in setting annual bonus amounts. In addition, the relative size of equity awards among executives takes into account the varying levels of responsibilities of our executive officers, and expected future contributions to the Company.

Equity Awards to Mr. Diller. In June of 2005, the Committee awarded Mr. Diller 2.4 million stock options with an exercise price of \$35.58 per share (representing approximately 130% of the market price of the Company's stock on the grant date) and 1.4 million stock options with an exercise price of \$47.90 per share (representing approximately 175% of the market price of the Company's stock on the grant date), all of which cliff vested in June 2010, the fifth anniversary of the grant date. In making this grant to Mr. Diller, the Committee considered that Mr. Diller received certain option grants from IAC in 1995 and 1997 and until 2005 had not received any subsequent equity grants from IAC. In connection with the August 2008 spin-offs, these options were split into options of all five post-transaction companies, with adjustments to the number of shares covered by each option and the exercise price based on the relative value at the time of the transaction, as set forth in the "Outstanding Equity Awards at 2010 Fiscal Year End" table. As part of this grant, Mr. Diller and the Committee agreed that Mr. Diller would not receive additional equity compensation for a five-year period.

In April 2011, the Committee awarded Mr. Diller 300,000 stock options with an exercise price of \$31.89, the closing price of the Company's common stock on the grant date. These options will vest in four equal annual installments, beginning on February 15, 2012. In making this grant to Mr. Diller, the Committee considered Mr. Diller's changed role at the Company and determined that it was in the best interests of the Company to continue to provide Mr. Diller with long-term incentives. In addition, the Committee acknowledged that Mr. Diller had not received additional Company equity awards, or any other long-term incentive compensation, since the 2005 grant.

Mr. Diller also holds a substantial number of Company shares, 2.25 and 1.6 million of which were acquired in 2005 and 2007, respectively, as a result of option exercises immediately prior to the expiration of such options (representing 100% of the shares remaining after payment of exercise price and associated taxes). In December 2010, Mr. Diller exchanged all of the shares of Company common stock he then owned for an equal number of shares of the Company's Class B common stock then held by Liberty Media Corporation.

New Employment Arrangement for Mr. Blatt. Effective December 1, 2010 (the "Effective Date"), Mr. Blatt entered into a new three-year employment arrangement with the Company, pursuant to which he became the Chief Executive Officer of the Company. Previously, Mr. Blatt served as Chief Executive Officer of Match. In connection with this change, Mr. Blatt's annual salary was increased from \$650,000 to \$1,000,000, to reflect his new responsibilities and general level of contribution to the

Table of Contents

Company. In addition, the Committee reviewed Mr. Blatt's outstanding IAC equity awards, noting that he surrendered 536,455 IAC stock options in exchange for Match options when he became Chief Executive Officer of Match, as more fully described below. In order to align Mr. Blatt's interests more closely with the Company's stockholders, and not have his long-term incentives heavily tied solely to Match, the Committee awarded Mr. Blatt: (i) a stock option to purchase 750,000 shares of IAC common stock (the "2010 IAC Stock Options"), with a per share exercise price of \$32.00 and a ten year term, vesting with respect to 50%, 25% and 25% of the shares, respectively, on the second, third and fourth anniversaries of the Effective Date; and (ii) a target award of 250,000 restricted stock units (the "2010 IAC RSUs"), with 50% vesting on the second anniversary of the Effective Date and 25% vesting on each of the third and fourth anniversaries of the Effective Date. The number of 2010 IAC RSUs actually earned on each of the three vesting dates (December 1, 2012, 2013 and 2014) will be determined by multiplying 125,000, 187,500 and 250,000 IAC RSUs, respectively, by the Market Ratio for each such date, and subtracting any 2010 IAC RSUs previously vested. The 2010 IAC RSUs are designed such that Mr. Blatt can earn no less than 125,000, and no more than 375,000, RSUs over the full vesting period. In connection with this new agreement, the Committee and Mr. Blatt agreed that any additional equity awards granted to Mr. Blatt shall vest no earlier than December 1, 2013, other than as a result of accelerated vesting upon a qualifying termination of employment as provided in the applicable equity award agreement or in his employment agreement.

"Market Ratio" means the average of the closing prices of IAC common stock on the twenty trading days immediately preceding the applicable vesting date (subject to a maximum of \$45.00 and a minimum of \$15.00) divided by \$29.97.

In the event of Mr. Blatt's termination of employment as a result of death or disability after December 1, 2011 and before December 1, 2012: (a) 25% of the 2010 IAC Stock Options will vest and (b) a number of 2010 IAC RSUs equal to 62,500 times the Market Ratio will vest.

In the event Mr. Blatt's employment is involuntarily terminated: (a) he shall be entitled to salary continuation for greater of the remaining term of his employment agreement or 12 months; (b) all Company equity awards outstanding as of November 30, 2010 shall vest; (c) the 2009 Match Options (as defined below) granted on February 19, 2009 shall vest and one-third of the 2010 Match Options (as defined below) granted on February 16, 2010 shall vest for each year of service from the grant date, plus an additional one-third; (d) all vested Company options shall remain exercisable for 18 months following the termination date; (e) 25% of the 2010 IAC Stock Options shall vest for each year of service from the grant date, plus an additional 25%; and (f) 25% of the target amount of 2010 IAC RSUs multiplied by the Market Ratio shall vest for each year of service from the grant date, plus an additional 25%. These severance benefits are intended to provide additional security to Mr. Blatt in consideration of his agreement to take on new, additional responsibilities.

In the event Mr. Blatt's employment is involuntarily terminated within two years of a change in control of the Company, the unvested portion of the 2010 IAC Stock Options shall vest and a number of the 2010 IAC RSUs shall vest equal to 250,000 times the Market Ratio reduced by any previously vested IAC RSUs. In addition, the agreements governing the Match Options (as defined below) provide for the acceleration of vesting of such options upon the earlier of (i) a change in control of Match or (ii) a change in control of the Company at a time during which Match is a controlled subsidiary of the Company.

In February 2009, in connection with his becoming Chief Executive Officer of Match, Mr. Blatt surrendered an aggregate of 536,455 options to purchase Company common stock in exchange for a grant of options to purchase 200 shares and 100 shares of Match common stock with exercise prices equal to the fair market value and 200% of the fair market value on the grant date, respectively, with these options vesting 50% in each of February 2011 and February 2012 (the "2009 Match Options"). In February 2010, Mr. Blatt was granted options to acquire an additional 32 shares of Match common

Table of Contents

stock with an exercise price equal to the fair market value on the grant date and vesting on the third anniversary of the grant date (the "2010 Match Options," and together with the 2009 Match Options, the "Match Options"). As long as Match is not a separate public company: (i) exercised Match Options will be settled in cash based on the difference between the exercise price and the fair market value of a share of Match; provided, that if Match is a controlled subsidiary of the Company, this obligation may be satisfied using shares of Company common stock; and (ii) the fair market value of a share of Match will be determined in good faith by the Company after consultation with Mr. Blatt, or under certain circumstances, through negotiation or arbitration.

To better align his overall incentive compensation with his new role as Chief Executive Officer of the Company, Mr. Blatt and the Company agreed that some reduction in Mr. Blatt's outstanding Match Options was desirable. Accordingly, the Company and Mr. Blatt agreed that Mr. Blatt would exercise upon vesting the portion of the 2009 Match Options that vested on February 18, 2011, subject to Mr. Blatt's continued employment with the Company through that date. The Committee, after receiving advice from an independent investment bank as to the fair market value of Match, determined that the aggregate fair market value of these vested 2009 Match Options (fair value of a share of Match common stock less the exercise price) was approximately \$15.5 million. The fair market value of the exercised options was paid to Mr. Blatt in shares of IAC common stock, which payment occurred on February 23, 2011. The remaining unvested 2009 Match Options, as well as the 2010 Match Options, continue to be subject to their existing terms.

Amended Employment Arrangement for Mr. McInerney. On December 1, 2010, the Company amended its employment agreement with Thomas McInerney, Executive Vice President and Chief Financial Officer of the Company, to provide that upon a termination of Mr. McInerney's employment by the Company or voluntary resignation by Mr. McInerney on or after January 1, 2011 and on or prior to March 31, 2012, Mr. McInerney shall be entitled to: (a) payment of twelve months of his current base salary; (b) acceleration of vesting of Company equity awards held by Mr. McInerney that were outstanding on the date of the amendment; and (c) the right of Mr. McInerney to exercise vested options for a period of eighteen months from the termination date. Receipt of such benefits is conditioned upon Mr. McInerney providing a reasonable transition period as requested by IAC. The other terms of Mr. McInerney's agreement remained the same.

Change of Control

In the past, we provided our executive officers other than Mr. Diller with full acceleration of their unvested equity in the event of a change of control. In December 2010, as a result of the transaction with Liberty Media Corporation which resulted in the Company no longer being a controlled company, and the senior management changes that took place at that time, the Committee determined to include so-called "double-trigger" change of control provisions in new award agreements for senior executives; these provisions provide for acceleration of vesting in connection with a change of control only when an award recipient suffers an involuntary termination of employment in connection with such change of control. The Committee believes that providing accelerated vesting after an involuntary termination will assist in the retention of our executives through a change of control transaction. Therefore, the awards made to Mr. Blatt in December 2010 in connection with his assumption of the role of Chief Executive Officer of the Company, and awards made to other executive officers in early 2011, provide for acceleration only upon an involuntary termination within two years of the change of control.

Severance

We generally provide executive officers with some amount of salary continuation and some amount of equity acceleration in the event of involuntary terminations of an executive officer's employment. Because we tend to promote our executive officers from within, after competence and commitment have generally been established, we believe the likelihood of equity acceleration is typically low, and yet

Table of Contents

we believe that through providing this benefit we increase the retentive effect of our equity program, which serves as our most important retention incentive. The Company generally does not provide acceleration of equity in the event an executive voluntarily resigns from the Company. For purposes of this discussion, we use the term "involuntary termination" to mean both a termination by the Company without "cause" and a resignation by the executive for "good reason" or similar construct.

Other Compensation

General. We provide Mr. Diller with various non-cash benefits as part of his overall compensation program. Under certain limited circumstances, other executive officers have also received non-cash benefits. The value of these benefits is calculated under appropriate rules and is taken into account as a component of compensation when establishing overall compensation levels. The value of all non-cash benefits are reported under the heading "All Other Compensation" in the Summary Compensation Table on page 28 pursuant to applicable rules. Our executive officers do not participate in any deferred compensation or retirement program other than the Company's 401(k) plan. We generally do not, and did not in 2010, gross-up any benefits provided to any executive officer. Other than those described specifically below, our executive officers do not partake in any benefit programs, or receive any significant perquisites, distinct from the Company's other employees.

Mr. Diller. Pursuant to Company policy, Mr. Diller is required to travel, both for business and personal purposes, on corporate aircraft. In addition to serving general security interests, this means of travel permits him to travel non-stop and without delay, to remain in contact with the Company while he is traveling, to change his plans quickly in the event Company business requires, and to conduct confidential Company business while flying, be it telephonically, by email or in person. These interests are similarly furthered on both business and personal flights, as Mr. Diller typically provides his services to the Company while traveling in either case. Nonetheless, the incremental cost to the Company of his travel for personal purposes is reflected as compensation to Mr. Diller from the Company, and taken into account in establishing his overall compensation package. For certain personal use of the corporate aircraft, Mr. Diller reimburses the Company at the maximum rate allowable under applicable rules of the Federal Aviation Administration.

Additionally, the Company provides Mr. Diller the use of certain automobiles for business and personal purposes, and provides certain Company-owned office space and IT equipment for use by certain individuals who work for Mr. Diller personally. These uses are valued by the Company at their incremental cost to the Company or, in the case of the use of office space, where there is no discernable incremental cost, at the cost used for internal allocations of office space for corporate purposes.

Mr. Kaufman. Mr. Kaufman is entitled to use corporate aircraft for a certain amount of personal travel annually. However, Mr. Kaufman reimburses the Company for the Company's incremental cost of such travel and therefore the value of such travel is not treated as compensation to Mr. Kaufman. Typically, Mr. Kaufman's spouse accompanies him on personal and business flights, at no incremental cost to the Company.

Mr. Blatt. Pursuant to Mr. Blatt's 2009 employment agreement, IAC reimbursed Mr. Blatt during 2010 for various living and travel expenses, which are reflected in the Summary Compensation Table on page 28. Additionally, it is possible that Mr. Blatt may use corporate aircraft for personal purposes under certain limited circumstances, in which case any incremental cost to the Company for such personal use will be reflected in the Summary Compensation Table.

Tax Deductibility

Whenever possible, we endeavor to structure our compensation program so that the compensation we pay is deductible by the Company for federal income tax purposes. Because of the use of performance conditions in connection with our equity awards and annual bonuses, and the fact that no salaries are in excess of \$1 million, these three components are generally deductible to the Company. However, under applicable IRS rules, the personal use of corporate aircraft leads to a disallowance of the deduction of certain airplane and related costs.

These amounts represent the grant date fair value of IAC stock options using the Black-Scholes option pricing model, assuming no dividends. The Black-Scholes option pricing model incorporates various assumptions, including expected volatility (based on historical volatility of our common stock and other relevant factors), risk-free interest rates and expected term (based on our historical experience and on the terms and conditions of the IAC stock options granted to employees). The assumptions used in calculating these amounts for named executives other than Mr. Blatt are incorporated herein by reference to Note 13 of the Company's audited financial statements for the fiscal year ended December 31, 2010 included in the Company's 2010 Annual Report on Form 10-K, which was filed with the Securities and Exchange Commission on March 1, 2011. In the case of the IAC stock options awarded to Mr. Blatt on December 22, 2010, the assumptions used in the Black-Scholes options pricing model were an expected volatility rate of 30.3%, a risk-free interest rate of 2.7% and an expected term of 7 years. Given the assumptions used in calculating these amounts, such amounts may not correspond to the actual value that will ultimately be recognized by the named executives.

(a)

Pursuant to the Company's Airplane Travel Policy, Mr. Diller is required to travel by Company-owned or chartered aircraft for both business and personal purposes. See the discussion regarding airplane travel under Compensation Discussion and Analysis on page 26. We calculate the incremental cost to the Company for personal use of Company aircraft based on the average variable operating costs to the Company, and the amounts presented in the table above for such use are net of payments made by Mr. Diller for certain personal use of aircraft. Variable operating costs include fuel, certain maintenance costs, navigation fees, on-board catering, landing fees, crew travel expenses and other miscellaneous variable costs. The total annual variable costs are divided by the annual number of miles the Company aircraft flew to derive an average variable cost per mile. This average variable cost per mile is then multiplied by the miles flown for personal use for which Mr. Diller did not reimburse the Company to derive the incremental cost. Incremental costs do not include fixed costs that do not change based on usage, such as pilots' salaries, the purchase costs of the Company-owned aircraft, insurance, scheduled maintenance and non-trip related hangar expenses. Mr. Diller occasionally had family members or other guests accompany him on business and personal trips. While travel by family members or other guests does not result in any incremental cost to the Company, such travel does result in the imputation of taxable income to Mr. Diller, the amount of which is calculated in accordance with applicable IRS regulations.

In addition, Mr. Blatt used a Company-chartered aircraft for personal use on one occasion. The cost shown above is the Company's variable cost for this flight and does not include monthly management fees for such aircraft.

In connection with the August 2008 Spin-Offs, all IAC stock options (vested and unvested) granted prior to 2008 were split into options to purchase shares of common stock of each of the post-transaction companies. In connection with the spin-off of the Company's travel related businesses in August 2005 (the "Expedia Spin-Off"), each then vested IAC stock option was converted into an option to purchase shares of IAC common stock and an option to purchase shares of Expedia, Inc. ("Expedia") common stock. In both cases, appropriate adjustments were made to the exercise prices and number of options to maintain pre- and post-transaction values and adjusted IAC, HSNi, Interval, Live Nation, Tree.com and Expedia options otherwise have the same terms and conditions, including exercise periods, as the corresponding IAC stock options outstanding immediately prior to the relevant transaction.

No Tree.com stock options were exercised by any named executive in 2010.

Estimated Potential Payments Upon Termination or Change in Control of IAC

Certain of our employment agreements, equity award agreements and/or omnibus stock and annual incentive plans entitle our named executives to continued base salary payments, the acceleration of the vesting of IAC equity awards and/or extended post-termination exercise periods for IAC stock options upon certain terminations of the named executive's employment or in the event of a change in control of IAC, among other events. These arrangements are described below as they apply to each named executive.

Certain amounts that would become payable to our named executives upon the events described above (as and if applicable), assuming that the relevant event occurred on December 31, 2010, are described and quantified in the table below. These amounts, which exclude the effect of any applicable taxes, are based on the named executive's base salary, the number of IAC RSU awards and/or stock options outstanding and the closing price of IAC common stock (\$28.70), in each case, on December 31, 2010. In addition to these amounts, certain other amounts and benefits generally payable and made available to other Company employees upon a termination of employment, including payments for accrued vacation time and outplacement services, will generally be payable to named executives.

Mr. Diller

Upon a termination without cause or due to death or disability or a resignation for good reason on December 31, 2010, in accordance with the agreement governing Mr. Diller's 2005 stock options, all of Mr. Diller's vested and outstanding IAC (1,899,855), HSNi (759,941), Interval (759,941), Live Nation (1,120,435) and Tree.com (126,644) stock options would have remained outstanding and exercisable through December 31, 2011. For Mr. Diller, "good reason" is defined as a reduction in base salary, a relocation outside of the metropolitan New York City area or a material and demonstrable adverse

change in the nature and scope of his duties from those in effect on June 7, 2005, in each case, without his written consent.

Mr. Blatt

Upon a termination without cause or resignation for good reason on December 31, 2010, pursuant to the terms of his employment agreement, Mr. Blatt would have been entitled to:

receive base salary for the balance of the three-year term of his employment agreement (through December 1, 2013), subject to compliance with post-termination confidentiality, non-competition (12 months), non-solicitation of employees (18 months), non-solicitation of business partners (12 months) and assignment of certain employee developments covenants, and subject to offset for any amounts earned from other employment during the applicable severance period;

in the case of all IAC RSUs and IAC stock options outstanding on November 30, 2010:

the full vesting of all such IAC RSUs and IAC stock options that were outstanding and unvested as of the date of such termination of employment; and

continue to have the ability to exercise all IAC stock options that were vested and outstanding as of the date of such termination of employment (including any IAC stock options, the vesting of which was accelerated pursuant to the clause above) through June 30, 2012;

in the case of the 2010 IAC RSUs, the vesting of a number of RSUs equal to 62,500 times the Market Ratio;

in the case of the 2010 IAC Stock Options, the vesting of 25% (187,500) of such options;

in the case of the 2009 Match Options, the full vesting of all such options that were outstanding and unvested as of the date of such termination of employment; and

in the case of the 2010 Match Options, the vesting of one-third of such options.

Upon a change in control of IAC on December 31, 2010, in accordance with our omnibus stock and annual incentive plans and his equity award agreements, the vesting of all then outstanding IAC RSU and stock option awards (other than the 2010 IAC RSUs and 2010 IAC Stock Options) held by Mr. Blatt would have been accelerated. In addition, pursuant to Mr. Blatt's employment agreement, upon a termination without cause or resignation for good reason during the two-year period following a change in control of IAC, Mr. Blatt is entitled to the vesting of a number of 2010 IAC RSUs equal to 250,000 times the Market Ratio and all unvested 2010 IAC stock options. In addition, the agreements governing the Match Options provide for the acceleration of the vesting of all such options upon the earlier of a change in control of Match or a change in control of IAC at a time during which Match is a controlled subsidiary of IAC.

For Mr. Blatt, "good reason" means actions taken by the Company resulting in a material negative change in the employment relationship, which include: (i) requiring Mr. Blatt to report to any person other than IAC's Chairman and Senior Executive or its Board of Directors; (ii) a material reduction in title or the assignment of duties and responsibilities to, or limitation on duties of, Mr. Blatt inconsistent with his position as Chief Executive Officer; (iii) Mr. Blatt ceasing to be the Chief Executive Officer of the ultimate parent entity in IAC's affiliated group of companies (other than pursuant to a termination of his employment due to death, disability or cause or a resignation for good reason); (iv) any material reduction in base salary; (v) the relocation of Mr. Blatt's principal place of employment outside of Dallas, Texas or New York, NY; (vi) the failure of IAC to nominate Mr. Blatt to stand for election to the Company's Board of Directors or his removal from the Company's Board of Directors (other than pursuant to a termination of his employment due to death, disability or cause or a resignation for good reason); or (iv) any other action or inaction that constitutes a material breach by IAC of the employment agreement or any of the agreements relating to Mr. Blatt's 2010 IAC RSUs, 2010 IAC Stock Options or the Match Options.

continue to have the ability to exercise his vested IAC stock options through June 30, 2012 or, if earlier, the scheduled expiration date of such IAC stock options.

Upon a change in control of IAC on December 31, 2010, in accordance with our omnibus stock and annual incentive plans and his equity award agreements, the vesting of all then outstanding IAC RSUs and IAC stock options held by Mr. Kaufman would have been accelerated. For Mr. Kaufman, "good reason" means a material breach of his employment agreement by the Company that it fails to remedy.

For Messrs. McInerney and Winiarski, in all cases, "good reason" includes: (i) a material reduction (or in the case of Mr. Winiarski, a material adverse change) in title, duties or level of responsibilities; (ii) a material reduction in base salary; (iii) a material relocation of the principal place of employment outside of the New York City metropolitan area; and (iv) the failure to report to the Company's Chief Executive Officer (or any successor to such person) and/or the Vice Chairman of the Company (or, in the case of Mr. Winiarski, a material adverse change in reporting structure such that he is no longer reporting to a Company officer with a title of Executive Vice President or above that reports to the

(1) No estimated value for the Match Options that would be accelerated upon a termination of employment or a change in control is presented in the table above, as the value would be determined through a valuation process pursuant to the terms of the awards which did not occur. However, in connection with Mr. Blatt assuming his new role, the Compensation and Human Resources Committee determined in December 2010 that the aggregate fair market value of 50% of Mr. Blatt's 2009 Match Options was approximately \$15.5 million (see the discussion under Compensation Discussion and Analysis under New Employment Arrangement for Mr. Blatt beginning on page 25). Based on this value, the estimated value that Mr. Blatt would have received upon the acceleration of the Match Options assuming a termination of employment or change in control of IAC on December 31, 2010 (in each case, inclusive of the approximately \$15.5 million he received on February 23, 2011 upon the settlement of 50% of his 2009 Match Options) is approximately \$31.8 million and \$33.2 million, respectively.
