PROXY STATEMENT

GENERAL INFORMATION REGARDING SOLICITATION AND VOTING

General

This proxy statement is furnished by the Board of Directors (the "Board") in connection with the solicitation of proxies for CoreSite Realty Corporation's 2016 Annual Meeting of Stockholders (the "Annual Meeting") to be held on Thursday, May 19, 2016, at 2:30 p.m., Mountain Time, at the Four Seasons Hotel Denver, 1111 14th Street, Denver, Colorado 80202, and at any postponements or adjournments thereof. Unless the context requires otherwise, references in this proxy statement to "CoreSite," "we," "our," "us" and "our company" refer to CoreSite Realty Corporation, a Maryland corporation, together with its consolidated subsidiaries, including CoreSite, L.P., a Delaware limited partnership, of which CoreSite Realty Corporation is the sole general partner (our "Operating Partnership"). This proxy statement will first be made available to stockholders on or about March 31, 2016.

Pursuant to rules adopted by the U.S. Securities and Exchange Commission ("SEC"), we have elected to provide access to our proxy materials via the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "Notice") to our stockholders entitled to notice of and to vote at the Annual Meeting and at any postponement or adjournment thereof. The Notice is being mailed to stockholders beginning on or about March 31, 2016. Stockholders will have the ability to access the proxy materials at www.proxyvote.com or request to receive a printed set of the proxy materials by mail or an electronic set of materials by email. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We believe these rules allow us to provide our stockholders with the information they need, while lowering the cost of delivery and reducing the environmental impact of our Annual Meeting.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 19, 2016. Our Proxy Statement and 2015 Annual Report are available at www.proxyvote.com.

Certain of our directors, officers and employees may solicit proxies by telephone, personal contact, or other means of communication. They will not receive any additional compensation for these activities. We also have retained Alliance Advisors to assist in the solicitation of proxies for an estimated fee of \$6,000, plus reimbursement of reasonable expenses. In addition, brokers, banks and other persons holding common stock on behalf of beneficial owners will be requested to solicit proxies or authorizations from beneficial owners. We will bear all costs incurred in connection with the preparation, assembly and mailing of the proxy materials and the solicitation of proxies and will reimburse brokers, banks and other nominees, fiduciaries and custodians for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of our common stock.

Table of Contents

No person is authorized to give any information or to make any representation not contained in this proxy statement, and, if it is given or made, you should not rely on that information or representation as having been authorized by us. The delivery of this proxy statement does not imply that the information herein has remained unchanged since the date of this proxy statement.

Purposes of the Annual Meeting

The purposes of the Annual Meeting are to: (1) consider and vote upon the election of seven members to the Board to serve until the next meeting of stockholders and until their successors are duly elected and qualify ("Proposal One"); (2) consider and vote upon the ratification of the appointment of KPMG LLP ("KPMG") as our independent registered public accounting firm for the fiscal year ending December 31, 2016 ("Proposal Two"); (3) consider and vote upon the advisory resolution to approve the compensation of our named executive officers ("Proposal Three"); and (4) transact such other business as may properly come before the Annual Meeting or any postponement or adjournment thereof. Our Board knows of no other matters to be brought before the Annual Meeting.

Stockholders Entitled to Vote

The close of business on March 23, 2016, has been fixed as the record date (the "Record Date") for the determination of stockholders entitled to receive notice of and to vote at the Annual Meeting. Only stockholders of record as of the close of business on the Record Date are entitled to vote at the Annual Meeting. On the Record Date, our outstanding voting securities consisted of 30,914,615 shares of common stock. Each share of common stock is entitled to one vote. Votes may not be cumulated in the election of directors.

How to Vote

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered the stockholder of record with respect to those shares, and the Notice was sent directly to you by us. You may authorize your proxy via the Internet by following the instructions provided in the Notice. If you request printed copies of the proxy materials by mail, you may also authorize your proxy by filling out the proxy card included with the materials or by calling the toll-free number found on the proxy card.

If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in "street name," and the Notice was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account. Those instructions are contained in a "vote instruction form." If you request printed copies of the proxy materials by mail, you will receive a vote instruction form. You should instruct your broker or nominee how to vote your shares by following the voting instructions provided by your broker or nominee.

In addition, you may vote in person at the Annual Meeting as described below under the heading "Attending and Voting at the Annual Meeting."

Attending and Voting at the Annual Meeting

Only stockholders as of the Record Date, or their duly appointed proxies, may attend the Annual Meeting. Stockholders may be asked to present valid picture identification such as a driver's license or passport and proof of stock ownership as of the Record Date. If you are not a stockholder of record but hold shares through a broker or nominee (i.e., in street name), you should provide proof of beneficial ownership on the Record Date, such as your most recent account statement, a copy of the

Table of Contents

voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership. The use of cell phones, smartphones, pagers, recording and photographic equipment and/or computers is not permitted in the meeting room at the Annual Meeting.

Shares held in your name as the stockholder of record may be voted in person at the Annual Meeting. If you are not a stockholder of record but hold shares through a broker or nominee (i.e., in street name), you may vote your shares in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares authorizing you to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also authorize your proxy or submit voting instructions prior to the meeting as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

Voting Without Attending the Annual Meeting

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may authorize your proxy to vote your shares, either by mail or via the Internet, or by calling the toll-free number found on the Notice and the proxy card.

Proxies authorized properly via one of the methods discussed above will be voted in accordance with the instructions contained therein. If the proxy is authorized but voting directions are not made, the proxy will be voted "FOR" each of the seven director nominees, "FOR" the ratification of the appointment of KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2016, "FOR" the advisory resolution to approve the compensation of our named executive officers as described in this proxy statement and in such manner as the proxy holders named on the proxy (the "Proxy Agents"), in their discretion, determine upon such other business as may properly come before the Annual Meeting or any postponement or adjournment thereof.

If your shares of common stock are held through a broker, bank or other nominee (collectively referred to as "brokers"), under applicable rules of the New York Stock Exchange (the "NYSE") (the exchange on which our common stock is traded), the brokers will vote your shares according to the specific instructions they receive from you. If a broker that holds shares of our common stock for a beneficial owner does not receive voting instructions from that owner, the broker may vote on the proposal if it is considered a "routine" matter under the NYSE's rules, including this year's ratification of the appointment of KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2016, or leave that owner's shares unvoted. Pursuant to the rules of the NYSE, the election of directors and the vote on the advisory resolution to approve the compensation of our named executive officers are not "routine" matters as to which brokerage firms may vote in their discretion on behalf of clients who have not furnished voting instructions.

The proposals set forth in this proxy statement constitute the only business that the Board intends to present at the Annual Meeting. The proxy does, however, confer discretionary authority upon the Proxy Agents or their substitutes, to vote on any other business that may properly come before the Annual Meeting. If the Annual Meeting is postponed or adjourned, the Proxy Agents can vote your shares on the new meeting date as well, unless you have revoked your proxy.

Quorum

Holders of a majority of our outstanding common stock entitled to vote must be present, in person or by proxy, at the Annual Meeting for a quorum to exist. If the shares present in person or by proxy at the Annual Meeting do not constitute a quorum, the Annual Meeting may be adjourned by the chairman of the Annual Meeting to a date not more than 120 days after the Record Date without notice other than announcement at the Annual Meeting. Shares that are voted "FOR," "AGAINST," "ABSTAIN," or, with respect to the election of directors, "WITHHOLD," will be treated as being

Table of Contents

present at the Annual Meeting for purposes of establishing a quorum. Accordingly, if you are a stockholder of record as of the Record Date and have returned a valid proxy or attend the Annual Meeting in person, your shares will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters at the Annual Meeting. "Broker non-votes" will also be counted as present for purposes of determining the presence of a quorum. A broker non-vote occurs when a bank, broker or other person holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received voting instructions from the beneficial owner.

Required Vote

With respect to Proposal One, you may vote "FOR" all nominees, "WITHHOLD" your vote as to all nominees, or "FOR" all nominees except those specific nominees from whom you "WITHHOLD" your vote. A properly executed proxy marked "WITHHOLD" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. Members of the Board are elected by a plurality of votes cast, in person or by proxy, at the Annual Meeting. This means that the seven nominees who receive the greatest number of "FOR" votes cast will be elected. Cumulative voting is not permitted. Neither broker non-votes nor votes marked "WITHHOLD" will have an effect with respect to the election of any nominee.

You may vote "FOR," "AGAINST" or "ABSTAIN" on Proposals Two and Three. To be approved, each of Proposals Two and Three must receive the affirmative vote of a majority of the votes cast, in person or by proxy, at the Annual Meeting on the proposal. Abstentions and broker non-votes, if any, will not be counted as votes cast on Proposals Two and Three and will have no effect on the result of either vote.

Board Recommendation

The Board recommends that you vote as follows:

"FOR" each of the seven director nominees set forth in Proposal One;

"FOR" Proposal Two, relating to the ratification of KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2016; and

"FOR" Proposal Three, relating to the advisory resolution to approve the compensation of our named executive officers.

Any properly authorized proxy as to which no instructions are given will be voted in accordance with the foregoing recommendations.

Revocation of Proxies

You may revoke your proxy at any time prior to it being exercised by (i) delivering a written notice of revocation to our Secretary, (ii) filing a duly executed proxy bearing a later date with us or (iii) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a duly executed proxy.

Voting Results

The voting results will be tallied by the inspector of election appointed for the meeting and filed with the SEC in a Current Report on Form 8-K within four business days following the Annual Meeting.

PROPOSAL ONE: ELECTION OF DIRECTORS

Currently, there are seven directors on our Board. The seven persons named below, each of whom currently serves on our Board, have been recommended by our Nominating/Corporate Governance Committee and nominated by our Board to serve on the Board until our 2017 Annual Meeting of Stockholders and until their respective successors are elected and qualify. The Board has no reason to believe that any of the persons named below as a nominee for our Board will be unable, or will decline, to serve as a member of the Board if elected. Each of the nominees has consented to being named in this proxy statement. In addition, the Board has determined that all of our directors, other than Mr. Ray, are independent under applicable SEC and NYSE rules. In making their independence determination, the Board considered the relationship of Messrs. Attwood and Stuckey with The Carlyle Group L.P. ("Carlyle"), a significant holder of our Operating Partnership. A plurality of votes cast is necessary for the election of a director. There is no cumulative voting in the election of directors.

The Nominating/Corporate Governance Committee has not set forth minimum qualifications for Board nominees. However, pursuant to its charter, in identifying candidates to recommend for election to the Board, the Nominating/Corporate Governance Committee considers the following criteria:

personal and professional integrity, ethics and values;

experience in corporate governance, including as an officer, board member or senior executive or as a former officer, board member or senior executive of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly traded company in today's business environment;

experience in our industry and taking into account the interests of our various stockholders;

experience as a board member of another publicly held company;

academic expertise in an area of our operations;

diversity of experience, profession, expertise, skill and background (including with respect to race and gender), both on an individual level and in relation to the Board as a whole;

practical and mature business judgment, including the ability to make independent analytical inquiries; and

the nature of and time involved in a director's service on other boards of directors and/or committees.

The Nominating/Corporate Governance Committee continually reviews Board composition and potential additions while striving to maintain and grow a diverse and broad skill set that complements the business. Although the Board does not have a formal policy specifying how diversity of background and personal experience should be applied in identifying or evaluating director candidates, to help ensure that the Board remains aware of and responsive to the needs and interests of our customers, stockholders, employees and other stakeholders, the Board believes it is important to identify otherwise qualified director candidates that would increase the gender, racial, ethnic and/or cultural diversity of the Board. Accordingly, the Nominating/Corporate Governance Committee makes an effort when nominating new directors to ensure that the composition of the Board reflects a broad diversity of experience, profession, expertise, skill, and background, including gender, racial, ethnic, and/or cultural diversity. The Nominating/Corporate Governance Committee does not assign a specific weight to the various factors it considers in evaluating potential new candidates to the Board, and no particular criteria is necessarily applicable to all prospective nominees. In the evaluation of potential new candidates, the Nominating/Corporate Governance Committee considers each candidate's qualifications in light of the then-current mix of Board attributes, including diversity. Continuing directors are

Table of Contents

evaluated by the Nominating/Corporate Governance Committee in the same way, including the continuing director's past contributions to the Board in such evaluation.

In identifying potential candidates for the Board, other than the director candidate nominated by Carlyle, the Nominating/Corporate Governance Committee generally relies on a variety of resources to identify potential candidates, which, among other things and depending on the circumstances, may include its and the Board's network of contacts, corporate search resources, and, if the Nominating/Corporate Governance Committee deems appropriate, a professional search firm. By utilizing a broad variety of resources as deemed appropriate by the Nominating/Corporate Governance Committee in light of the then-current mix of Board attributes and any previously identified potential candidates, the Nominating/Corporate Governance Committee believes it will be able to identify, evaluate and consider a diverse range of qualified candidates, including candidates that increase the gender, racial and/or cultural diversity of the Board.

Under the partnership agreement governing our Operating Partnership (the "Operating Partnership Agreement"), Carlyle, which directly or indirectly holds 35.1% ownership of our Operating Partnership, is currently entitled to nominate one director for election to our Board. (See "Information about our Board of Directors and its Committees" for more information about the circumstances under which Carlyle is entitled to appoint nominees to our Board.) Carlyle has exercised this right by nominating Robert G. Stuckey for election at the Annual Meeting.

James A. Attwood, Jr. was originally nominated to our Board pursuant to Carlyle's previous right to nominate two directors for election to our Board. In May 2015, Carlyle's right to nominate two directors was decreased to one director due to the decrease in Carlyle's ownership percentage of our Operating Partnership, at which time Carlyle decided to nominate Robert G. Stuckey for election as a director at our 2015 Annual Meeting of Stockholders. Upon consideration of the contributions of Mr. Attwood to our Board, our Nominating/Corporate Governance Committee and the Board approved the continued nomination of Mr. Attwood for election as a director at the 2015 Annual Meeting of Stockholders. Mr. Attwood was elected by approximately 98.5% of the votes cast in the election of directors at the 2015 Annual Meeting of Stockholders. Taking into account Mr. Attwood's continued relationship with Carlyle, the Nominating/Corporate Governance Committee and the Board continue to believe that Mr. Attwood is a valuable member of the Board due to, among other things, his experience with our Company and in our industry, and the Board, based on the recommendation of the Nominating/Corporate Governance Committee, has nominated Mr. Attwood to be elected as a director at the Annual Meeting.

PROPOSAL TWO: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board, which is composed entirely of independent directors, has appointed KPMG as our company's independent registered public accounting firm for the fiscal year ending December 31, 2016. KPMG has been our independent registered public accounting firm since our initial public offering in 2010. Although stockholder approval is not required, we desire to obtain from our stockholders an indication of their approval or disapproval of the Audit Committee's action in appointing KPMG as the independent registered public accounting firm of our company for 2016. If our stockholders do not ratify and approve this appointment, the appointment will be reconsidered by the Audit Committee and our Board.

A representative of KPMG will be present at our Annual Meeting, where the representative will be afforded an opportunity to make a statement and to respond to appropriate questions.

The affirmative vote of a majority of all votes cast on the proposal is necessary to ratify the appointment of KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2016.

Annual Evaluation and Selection of KPMG LLP

The Audit Committee annually evaluates the performance of its independent registered public accounting firm, including the senior audit engagement team, and determines whether to reengage the current independent auditors or consider other audit firms. Factors considered by the Audit Committee in deciding whether to retain include:

KPMG's capabilities considering the complexity of our business, and the resulting demands placed on KPMG in terms of technical expertise and knowledge of our industry and business;

the quality and candor of KPMG's communications with the Audit Committee and management;

KPMG's independence;

the quality and efficiency of the services provided by KPMG, including input from management on KPMG's performance and how effectively KPMG demonstrated its independent judgment, objectivity and professional skepticism;

external data on audit quality and performance, including recent Public Company Accounting Oversight Board (PCAOB) reports on KPMG and its peer firms; and

the appropriateness of KPMG's fees, tenure as our independent auditor, including the benefits of a longer tenure, and the controls and processes in place that help ensure KPMG's continued independence.

Based on this evaluation, the Audit Committee and the Board believe that retaining KPMG to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2016, is in the best interests of our Company and its stockholders.

The Audit Committee also oversees the process for, and ultimately approves, the selection of our independent registered public accounting firm's lead engagement partner at the five-year mandatory rotation period. Prior to the mandatory rotation period, at the Audit Committee's instruction, KPMG will select candidates to be considered for the lead engagement partner role, who are then interviewed by members of our Company's senior management. After considering the candidates recommended by KPMG, senior management makes a recommendation to the Audit Committee regarding the new lead engagement partner. After discussing the qualifications of the proposed lead engagement partner with the current lead engagement partner, the members of the Audit Committee, individually and/or as a group, will interview the leading candidate, and the Audit Committee then considers the appointment

and votes as an Audit Committee on the selection. The change in lead engagement partner after the current five-year rotation period will occur in February 2017.

Principal Accountant Fees and Services

The following table summarizes the fees billed by KPMG for professional services rendered to us for fiscal years 2015 and 2014.

	2015	2014
Audit Fees	\$ 771,200	\$ 791,000
Audit-Related Fees	82,620	5,000
Tax Fees		
All Other Fees		
Total	\$ 853,820	\$ 796,000

Audit Fees. Audit fees consisted of aggregate fees billed for professional services rendered for the audit of our consolidated annual financial statements, review of interim consolidated financial statements, consultations on accounting matters directly related to the audit, or services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements.

Audit-Related Fees. Audit-related fees consisted of aggregate fees billed for accounting consultations and other services that were reasonably related to the performance of audits or reviews of our financial statements and were not reported above under "Audit Fees." The amount for 2015 related to comfort letter services provided in connection with the sale of shares by Carlyle in registered public offerings, and the amount for 2014 related to services provided in connection with our Registration Statement on Form S-3.

Pre-Approval Policies and Procedures

The Audit Committee pre-approves all audit and non-audit services provided by our independent registered public accounting firm. For each proposed service, the independent registered public accounting firm is required to provide detailed supporting documentation at the time of approval to permit the Audit Committee to make a determination as to whether the provision of such services would impair the independent registered public accounting firm's independence, and whether the fees for the services are appropriate. The Audit Committee pre-approved all services performed by, and audits fees paid to, our independent registered accounting firm during fiscal years 2014 and 2015.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2016.

AUDIT COMMITTEE REPORT

The Audit Committee (the "Audit Committee") of the Board of Directors (the "Board") of CoreSite Realty Corporation (the "Company") assists the Board with its oversight responsibilities regarding the Company's financial reporting process. PROPOSAL THREE: ADVISORY RESOLUTION TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), our stockholders are entitled to cast an advisory vote at the Annual Meeting to approve the compensation of our named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules, including the "Compensation Discussion and Analysis" section of this proxy statement, or "CD&A," the compensation tables and accompanying narrative disclosures. While this stockholder vote on executive compensation is an advisory vote that is not binding on our company or the Board, we value the opinions of our stockholders and will consider the outcome of the vote when making future compensation decisions. The vote on the advisory resolution to approve the compensation of our named executive officers requires the affirmative vote of a majority of all the votes cast on the proposal. Our current policy is to provide stockholders with an opportunity to approve the compensation of our named executive officers each year at the annual meeting of stockholders until the next required stockholder vote on the frequency of such votes. We expect that the next such frequency vote will occur at the 2017 Annual Meeting of Stockholders.

As described more fully in the CD&A, our executive compensation program is designed to attract, motivate and retain individuals with the skills required to formulate and drive our strategic direction and achieve the annual and long-term performance necessary to create stockholder value. The program also seeks to align executive compensation with stockholder value on an annual and long-term basis through a combination of base pay, annual incentives and long-term incentives. Our practice of placing a significant portion of each executive's compensation at risk demonstrates this pay-for-performance philosophy.

We actively review and assess our executive compensation program in light of the industry in which we operate, the marketplace for executive talent in which we compete, and evolving compensation governance and best practices. We are focused on compensating our executive officers fairly and in a manner that promotes our compensation philosophy and is consistent with our annual and longer-term performance. Specifically, our compensation program for executive officers focuses on the following principal objectives:

align executive compensation with stockholder interests;

attract and retain talented personnel by offering competitive compensation packages;

motivate employees to achieve strategic and tactical corporate objectives and the profitable growth of our company; and

reward employees for individual, functional and corporate performance.

Our Board believes that our executive compensation program satisfies these objectives, properly aligns the interests of our executive officers with those of our stockholders, and is worthy of stockholder support. In determining whether to approve this proposal, we believe that stockholders should consider the following:

Independent Compensation Committee. Executive compensation is reviewed and established by a Compensation Committee of the Board consisting solely of independent directors. The Compensation Committee meets in executive session in determining annual compensation. The Compensation Committee receives data, analysis and input from an independent compensation consultant that is not permitted to perform any additional services for CoreSite management without the Compensation Committee's approval.

Performance-Based Incentive Compensation. Elements of performance-based, incentive compensation are largely aligned with financial and operational objectives established in the Board-approved annual operating plan.

Table of Contents

Limited Perquisites. Our executive officers do not receive any perquisites other than those that are offered to non-executive, salaried employees.

Equity Plans. Grants under our equity plans generally include time-based and performance-based vesting periods, and our plan prohibits repricing or exchange of outstanding option awards without consent of stockholders, and requires that options be granted with exercise prices at fair market value.

Accordingly, we ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the stockholders approve, on an advisory basis, the compensation of our named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion in this proxy statement."

***THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ADVISORY RESOLUTION
TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.***

Table of Contents

INFORMATION ABOUT OUR BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Our Board currently consists of seven directors. Our charter and bylaws provide that the number of directors constituting our Board may be increased or decreased by a majority vote of our entire Board, provided the number of directors may not be decreased to fewer than one, the minimum number required under the Maryland General Corporation Law nor, unless our bylaws are amended, more than 15 directors.

Our bylaws require that nominees for director, whether for election by the stockholders or by the Board, shall include such individuals as are entitled to be nominated pursuant to the Operating Partnership Agreement. The Operating Partnership Agreement provides that, for so long as the number of Operating Partnership units and shares of common stock held collectively by the real estate funds affiliated with Carlyle (the "Carlyle Funds") is less than 50% but at least 10% of the total number of shares of outstanding common stock (assuming all Operating Partnership units are exchanged for common stock), certain of the Carlyle Funds shall have the right to nominate the number of directors that is one less than the lowest whole number that would exceed 20% of the directors, but not less than one director. With the Board currently consisting of seven members, the Carlyle Funds presently are entitled to nominate one director. Such rights to nominate directors are subject to increase or decrease as follows (in each case assuming all Operating Partnership units are exchanged for common stock):

If the Carlyle Funds collectively own equal to or greater than 50% of the outstanding common stock, the Carlyle Funds would have the right to nominate the number of directors that is one less than the lowest whole number that would exceed one-third of the directors, but not less than one director. Assuming that the Board still had seven directors, then the Carlyle Funds would be entitled to nominate two directors under this scenario.

If the Carlyle Funds collectively own less than 10% of the outstanding common stock, then the Carlyle Funds would no longer be entitled to nominate any directors.

Board and Committee Meetings

During 2015, the Board held eight meetings. Each member of the Board attended or participated in 75% or more of the aggregate of (i) the total number of meetings of the Board (held during the period for which such person has been a director) and (ii) the total number of meetings held by all committees of the Board on which such person served (during the periods that such person served).

Board Leadership Structure

The Board does not have a policy regarding separation of the roles of Chief Executive Officer and Chairman of the Board. The Board believes it is in our best interests to make that determination based on current circumstances. The Board has determined that an independent director serving as Chairman is in our best interests at this time. The current Chairman of the Board is Robert G. Stuckey. This structure ensures a greater role of independent directors in the active oversight of our business, including risk management oversight, and in setting agendas and establishing Board priorities and procedures. This structure also allows the Chief Executive Officer to focus to a greater extent on the management of our day-to-day operations. In addition to an independent chairman, our bylaws also require us to have a lead independent director, who may preside over meetings of independent directors in the event of a potential conflict of interest that precludes our chairman from participating. The current lead independent director is Paul E. Szurek.

Table of Contents

Executive Sessions

Our non-employee directors met in a special executive session without management at each regularly scheduled Board meeting in 2015. Our non-employee directors also held a separate meeting of non-employee directors in December 2015. Robert G. Stuckey, as Chairman of the Board, chaired the non-employee director executive sessions held during 2015 and generally chairs any executive sessions held by non-employee directors. The Board expects to continue to conduct an executive session limited to non-employee directors at least annually and our non-employee directors may schedule additional executive sessions in their discretion.

Committees of the Board of Directors

Our Board has a standing Audit Committee, Compensation Committee and Nominating/Corporate Governance Committee. Each of these committees must be composed exclusively of independent directors. The Audit Committee and the Nominating/Corporate Governance Committee must each have at least three directors and the Compensation Committee must have at least two directors. Our Board may from time to time establish other committees to facilitate the management of our company. The Operating Partnership Agreement currently requires that, so long as the Carlyle Funds collectively own at least 10% of the outstanding common stock (assuming all Operating Partnership units are exchanged for common stock), the Carlyle Funds shall have the right to have at least one of their nominees on each committee, unless prohibited by law or the rules of the NYSE, other than any committee whose purpose is to evaluate or negotiate any transaction with the Carlyle Funds. The Carlyle Funds have exercised this right by requesting that Mr. Stuckey be appointed to the Nominating/Corporate Governance Committee, but have not requested that Mr. Stuckey be appointed to either the Audit Committee or the Compensation Committee.

The following table is a summary of our committee structure and members on each of our committees:

The Audit Committee, Compensation Committee and Nominating/Corporate Governance Committee each operate under written charters adopted by the Board. These charters are available on our website at www.coresite.com.

Audit Committee

The Audit Committee assists the Board with its oversight responsibilities regarding the integrity of our financial statements, the qualifications and independence of our independent auditor and the performance of our internal audit function and independent auditors. The Audit Committee selects, appoints, assists and meets with the independent auditor, oversees each annual audit and quarterly review, establishes and maintains our internal audit controls and prepares an annual report for

Table of Contents

inclusion in our annual proxy statement pursuant to federal securities laws. The Audit Committee is specifically responsible for oversight and evaluation of our independent auditor. The Audit Committee also works with management regarding risk assessment and risk management (including cybersecurity and other risks relevant to our computerized information system controls and security), and discusses with management our leverage and any issues that arise with respect to our leverage. The Board has determined that each member of the Audit Committee is "financially literate" as defined under the NYSE rules, that Mr. Wilson and Mr. Szurek each qualify as an "Audit Committee Financial Expert" as defined under SEC rules, and that each member of the Audit Committee is independent under applicable NYSE and SEC rules for purposes of membership on the Audit Committee. The Audit Committee met nine times in 2015.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee assists the Board in identifying qualified individuals to become directors, makes recommendations to the Board concerning the size, structure and composition of the Board and its committees, monitors the process to assess the Board's effectiveness and is primarily responsible for oversight of corporate governance, including implementing our Corporate Governance Guidelines. The Nominating/Corporate Governance Committee also oversees the development of a succession plan in the event of our Chief Executive Officer's retirement or an unexpected event, which it reviews on an annual basis.

In evaluating potential nominees to the Board, the Nominating/Corporate Governance Committee considers, among other things, independence, character, ability to exercise sound judgment, demonstrated leadership, skills, including financial literacy, and experience in the context of the needs of the Board, as well as criteria for Board nominees set forth under "Proposal One: Election of Directors" above. The Nominating/Corporate Governance Committee considers candidates proposed by stockholders and evaluates them using the same criteria as for other candidates. The Nominating/Corporate Governance Committee considers all recommended director candidates submitted to it in accordance with the established procedures, though it will only recommend to the Board as potential nominees those candidates it believes are most qualified. However, the Nominating/Corporate Governance Committee will not consider any director candidate if the candidate's candidacy or, if elected, Board membership, would violate controlling state or federal law.

The Board has determined that each member of the Nominating/Corporate Governance Committee is independent under applicable NYSE rules. The Nominating/Corporate Governance Committee met four times in 2015.

At least annually, the Nominating/Corporate Governance Committee evaluates the performance of each current director and considers the results of such evaluation when determining whether to recommend the nomination of such director for an additional term. At an appropriate time prior to each annual meeting at which directors are to be elected or re-elected, the Nominating/Corporate Governance Committee recommends to the Board for nomination by the Board such candidates as the Nominating/Corporate Governance Committee, in the exercise of its judgment, has found to be well qualified and willing and available to serve.

At an appropriate time after a vacancy arises on the Board or a director advises the Board of his or her intention to resign, the Nominating/Corporate Governance Committee will recommend to the Board for election by the Board to fill such vacancy, such prospective member of the Board as the Nominating/Corporate Governance Committee, in the exercise of its judgment, has found to be well qualified and willing and available to serve. In determining whether a prospective member is qualified to serve, the Nominating/Corporate Governance Committee will consider the factors listed above.

The foregoing notwithstanding, if we are legally required by contract or otherwise to permit a third party to designate one or more of the director nominees to be elected (for example, pursuant to rights

Table of Contents

contained in the Operating Partnership Agreement), then such legal requirements will be taken into consideration by the Nominating/Corporate Governance Committee.

Compensation Committee

The Compensation Committee reviews and approves the compensation and benefits of our executive officers, administers and makes recommendations to the Board regarding our compensation and stock incentive plans, produces an annual report on executive compensation for inclusion in our annual proxy statement and publishes an annual committee report for our stockholders. The Board has determined that each member of the Compensation Committee is independent under applicable NYSE and SEC rules for purposes of membership on the Compensation Committee. The Compensation Committee met five times in 2015. For a description of the Compensation Committee's processes and procedures, including the roles of our executive officers and independent compensation consultants in the Compensation Committee's decision-making process, see the section titled "Compensation Discussion and Analysis."

Board Oversight of Risk Management

The Board believes that overseeing how the executive team manages the various risks confronting the company is one of its most important areas of oversight. In carrying out this critical responsibility, the Board has designated the Audit Committee with primary responsibility for overseeing enterprise risk management (including cybersecurity and other risks relevant to our computerized information system controls and security). While the Audit Committee has primary responsibility for overseeing enterprise risk management, each of the other Board committees also considers risk within its area of responsibility. For example, the Nominating/Corporate Governance Committee reviews risks related to legal and regulatory compliance as they relate to corporate governance structure and processes, and the Compensation Committee reviews risks related to compensation matters. The Board is apprised by the committee chairs of significant risks and management's response to those risks via periodic reports. While the Board and its committees oversee risk management strategy, management is responsible for implementing and supervising day-to-day risk management processes and reporting to the Board and its committees on such matters.

With respect to risk related to compensation matters, the Compensation Committee considers, in establishing and reviewing our executive compensation program, whether the program encourages unnecessary or excessive risk taking and has concluded that it does not. Executives' base salaries are fixed in amount and thus do not encourage risk-taking. Bonuses are capped and are tied to overall corporate performance. Any other compensation provided to our executive officers is primarily in the form of long-term equity awards that are important to help further align executives' interests with those of our stockholders. The Compensation Committee believes that these awards do not encourage unnecessary or excessive risk-taking because the ultimate value of the awards is tied to our stock price and because awards are staggered and subject to long-term vesting schedules to help ensure that executives have significant value tied to long-term stock price performance.

The Compensation Committee also has reviewed our compensation programs for employees generally and has concluded that these programs do not create risks that are reasonably likely to have a material adverse effect on the company. The Compensation Committee believes that the design of our annual cash and long-term equity incentives provides an effective and appropriate mix of incentives to help ensure our performance is focused on long-term stockholder value creation and does not encourage the taking of short-term risks at the expense of long-term results. In general, bonus opportunities for our employees are capped, and we have discretion to reduce bonus payments (or pay no bonus) based on individual performance and any other factors we may determine to be appropriate in the circumstances.

Evaluation of Board Performance

The Nominating/Corporate Governance Committee coordinates an annual evaluation process by which the directors evaluate the Board's and the Board committees' performance and procedures. This self-evaluation leads to a full Board discussion of the results. Each committee of the Board also annually evaluates its performance and procedures.

Corporate Governance Guidelines

The Board has adopted a set of governance guidelines, the CoreSite Realty Corporation Corporate Governance Guidelines, which are designed to promote the continued vitality of the Board and excellence in the execution of its duties. Our Corporate Governance Guidelines establish the practices and procedures of the Board with respect to Board composition and member selection, Board independence, Board meetings and involvement of senior management, management succession planning, Board committees and the evaluation of senior management and the Board. The Board reviews our Corporate Governance Guidelines at least annually and updates them as necessary to reflect improved corporate governance practices and changes in regulatory requirements. A copy of the Corporate Governance Guidelines is available on our website at www.coresite.com.

Stock Ownership Guidelines

Effective January 1, 2014, the Board adopted stock ownership and retention guidelines for all of our executive officers and non-employee directors who are also not employees of Carlyle ("Non-Employee Directors") to further align their interests with our stockholders. The stock ownership and retention guidelines do not apply to directors who are employed by Carlyle because those directors do not receive compensation for their service as directors. Under these stock ownership and retention guidelines, each of our executive officers is expected to own common stock of our company with a market value equal to the following amounts for as long as he or she remains an executive officer:

Position	Stock Ownership Requirements
Chief Executive Officer	Five Times (5.0x) Base Salary
Other C-Level Executives (CFO, General Counsel)	Three Times (3.0x) Base Salary
Senior Vice Presidents	One and One-Half Times (1.5x) Base Salary

Non-Employee Directors are expected to own common stock of our company with a market value equal to five times (5.0x) the value of each Non-Employee Director's annual cash retainer (excluding any annual cash retainer for committee membership or chairmanship). Each executive officer and Non-Employee Director must hold 50% of all net settled shares received from the vesting, delivery or exercise of equity awards from our company until such executive officer's or Non-Employee Director's stock ownership equals or exceeds the applicable ownership threshold. Executive officers and Non-Employee Directors have until the later to occur of (i) January 1, 2019 or (b) the fifth anniversary of his or her first appointment or election as an executive officer or Non-Employee Director, as applicable, to meet the requirements of these stock ownership guidelines. Once the stock ownership guidelines are met by an executive officer or Non-Employee Director, any subsequent decreases in the market value of our common stock will not be considered for purposes of determining compliance with these stock ownership guidelines with respect to such executive officer's or Non-Employee Director's initial ownership threshold. These stock ownership guidelines were based on analysis of peer and market practices, as prepared by our independent compensation consultant. Each of our Non-Employee Directors and executive officers is currently in compliance with our stock ownership guidelines.

Our Insider Trading Policy prohibits our officers, directors and all other employees from (i) engaging in short sales, (ii) buying or selling put or call positions in our securities, (iii) buying financial instruments designed to hedge or offset any decrease in the market value of our securities, and (iv) frequent trading of our securities to take advantage of fluctuations in share price. In addition, all of our officers and directors are prohibited from pledging, purchasing or selling our securities in margin accounts.

2015 Director Compensation

Pursuant to our Amended and Restated Non-Employee Director Compensation Policy (the "Amended Directors Plan"), Non-Employee Directors received during 2015 an annual grant of restricted stock units ("RSUs") under our 2010 Equity Incentive Award Plan (As Amended and Restated) (the "2010 Plan") with a fair market value as of the date of grant equal to \$75,000 (each, an "Annual RSU Award") and an equal number of tandem dividend equivalents on the date of the annual meeting of stockholders. Dividend equivalents give holders the right to receive, upon payment of any ordinary cash dividend paid to holders of our common stock, an equivalent payment in the form of additional RSUs and dividend equivalents. The Annual RSU Award and corresponding dividend equivalents vest one year from the grant date, subject to such Non-Employee Director's continued service as of the vesting date. Each RSU entitles the director to one share of our common stock, and will be payable and settled at the time of vesting, unless a deferral election is made by a Non-Employee Director.

In addition, under the Amended Directors Plan, each Non-Employee Director received during 2015 an annual cash retainer of \$75,000 for services as a director. Non-Employee Directors who serve on our Audit, Nominating/Corporate Governance and/or Compensation Committees other than as chair of the committee received during 2015 an additional annual cash retainer fee of \$10,000 for each committee on which they serve. Non-Employee Directors who serve as the chair of our Audit Committee or Compensation Committee received during 2015 an additional annual cash retainer of \$20,000, and Non-Employee Directors who serve as the chair of our Nominating/Corporate Governance Committee received during 2015 an additional annual cash retainer of \$15,000. All annual cash retainers are paid in quarterly installments subject to such Non-Employee Director's continued service on the Board on each applicable payment date.

Directors who are employees of our company or our subsidiaries and those directors employed by Carlyle do not receive compensation for their service as directors.

Messrs. Stuckey, Attwood and Ray do not receive any compensation for their services as members of the Board. The following table presents information regarding the compensation paid during 2015 to Non-Employee Directors who served on the Board during the year. The compensation paid to Mr. Ray

2016 Director Compensation

After consultation with the Compensation Committee's independent compensation consultant, including an analysis of peer and market practices, in order to bring our Non-Employee Director compensation in line with market compensation, including the non-employee director compensation of our competitors, the Board further amended our Amended Directors Plan to be effective January 1, 2016 (the "2016 Directors Compensation Plan"). Under the 2016 Directors Compensation Plan, Non-Employee Directors will receive an annual grant of RSUs with a fair market value as of the date of grant equal to \$125,000 (the "2016 Director RSUs") and an equal number of tandem dividend equivalents in the same form as described above under 2015 Director Compensation. The 2016 Director RSUs and corresponding dividend equivalents will vest one year from the grant date, subject to such Non-Employee Director's continued service to us as of the vesting date. Each RSU entitles the director to one share of our common stock, and will be payable and settled at the time of vesting, unless a deferral election is made by a Non-Employee Director.

In addition, under the 2016 Directors Compensation Plan, each Non-Employee Director will continue to receive an annual cash retainer of \$75,000 for services as a director. Non-Employee Directors who serve on our Audit, Nominating/Corporate Governance and/or Compensation Committees other than as chair of the committee will receive an additional annual cash retainer fee of \$10,000 for each committee on which they serve. Non-Employee Directors who serve as the chair of our Audit Committee, Compensation Committee or Nominating/Corporate Governance Committee will

receive an additional annual cash retainer of \$20,000. All annual cash retainers will continue to be paid in quarterly installments subject to such Non-Employee Director's continued service on the Board on each applicable payment date.

Directors who are employees of our company or our subsidiaries and those directors employed by Carlyle will continue not to receive compensation for their service as directors.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis is designed to provide our stockholders with a clear understanding of our compensation philosophy and objectives, compensation-setting process, and the 2015 compensation of our named executive officers. For 2015, our named executive officers were:

Thomas M. Ray	President and Chief Executive Officer
Jeffrey S. Finnin	Chief Financial Officer
Derek S. McCandless	Senior Vice President, Legal, General Counsel and Secretary
Steven J. Smith	Senior Vice President, Sales and Marketing
Brian P. Warren	Senior Vice President, Engineering and Product

Executive Summary

Our compensation program for our named executive officers and other executive officers is designed to meet the following primary objectives:

Management Development and Continuity. Attract, retain and motivate individuals of superior ability and managerial talent to develop, grow and manage our business by offering competitive compensation opportunities with a significant long-term component;

Pay-for-Performance. Align executive officer compensation with the achievement of our short- and long-term corporate strategies and business objectives and with the long-term interests of our stockholders through the use of performance-based and variable compensation elements; and

Long-Term Focus on Stockholder Value. Align executives with stockholder value creation by delivering a significant portion of our executive officers' compensation in the form of equity-based awards that vest over multiple years.

We believe compensation should be structured to ensure that a significant portion of the total compensation opportunity for our named executive officers is directly related to our performance and other factors that directly and indirectly influence stockholder value. For 2015, our fixed compensation versus targeted variable compensation was structured as follows for our CEO and other named executive officers:

Our 2015 named executive officer compensation reflects the performance of our company in 2015. Our 2015 annual cash incentive program payouts were based on our above target performance in 2015 revenue, EBITDA and funds from operations (FFO). In addition, to further our commitment to a pay-for-performance compensation program, in March 2015, the Compensation Committee granted performance-based restricted stock to our senior leadership team, which vests based on the achievement of relative total shareholder return over a three-year period.

We also believe our executive compensation should be structured to appropriately balance annual cash compensation with long-term equity-based compensation. For 2015, our target annual cash versus

long-term equity-based compensation was structured as follows for our CEO and other named executive officers:

buildings in the Bay Area, additional capacity at VA2 in Northern Virginia, further build out of LA2 in Los Angeles, and expansion at BO1 in Boston. As part of these new developments, we began construction of the largest ground-up data center development in our history, our 230,000 square foot SV7 project in Santa Clara, California, with the first two phases of 160,000 square feet of turn-key data center capacity 73.8% pre-leased.

At our annual meeting of stockholders in May 2015, we held our annual vote on an advisory resolution to approve the compensation of our named executive officers ("say-on-pay"). The compensation of our named executive officers reported in our 2015 proxy statement was approved by 97.8% of the votes cast at the 2015 annual meeting. Our Compensation Committee believes this affirms our stockholders' support of our approach to executive compensation. The Compensation Committee will continue to consider the outcome of our say-on-pay votes when making future compensation decisions for our named executive officers.

Role of the Board of Directors, the Compensation Committee, Management and Consultant

Our Compensation Committee is charged with, among other things, the responsibility of reviewing executive officer compensation policies and practices to ensure adherence to our compensation philosophy and objectives and that the total compensation paid to our executive officers is consistent with our performance, fair, reasonable and competitive with companies within our industry. The Compensation Committee's primary responsibilities with respect to determining executive compensation are (i) setting performance targets under all annual bonus and long-term and management incentive compensation plans, including our 2010 Plan; (ii) verifying that performance targets used for any performance-based equity compensation plans have been met before payment of any executive bonus or compensation; (iii) approving all amendments to, and terminations of, all compensation plans and any awards under such plans; (iv) granting any awards under any performance-based annual bonus, long-term incentive compensation and equity compensation plans to executive officers; (v) approving which executive officers and other employees receive awards under our equity and incentive compensation plan(s), including the 2010 Plan; and (vi) conducting an annual review of all compensation plans. In some cases, the Compensation Committee makes recommendations that our Board approve these items or grant equity awards. All plan reviews include reviewing the plan's administrative costs, reviewing current plan features relative to any proposed new features, and assessing the performance of the plan's internal and external administrators if any duties have been delegated.

The Compensation Committee reviews and considers our Chief Executive Officer's recommendations with respect to compensation decisions for our named executive officers other than himself. The Compensation Committee believes it is valuable to consider the recommendations of our Chief Executive Officer with respect to these matters because, given his knowledge of our operations, the data center industry and the day-to-day responsibilities of our executive officers, he is in a unique position to provide the Compensation Committee perspective into the performance of our executive officers in light of our business at a given point in time. The Board (without the participation of our Chief Executive Officer) and Compensation Committee makes all compensation decisions with regard to our Chief Executive Officer.

As part of the 2015 compensation process, the Compensation Committee retained W.T. Haigh & Company, Inc. ("W.T. Haigh") as its independent compensation consultant. W.T. Haigh provides us advisory services only with respect to executive compensation, and works with management only with the approval and under the direction of the Compensation Committee. W.T. Haigh reviewed the compensation components of our 2015 program for our named executive officers and advised the Compensation Committee regarding the components and levels of the executive compensation program, including our incentive and equity-based compensation plans. A representative of W.T. Haigh attended three of the Compensation Committee meetings in 2015 and to date, all of the Compensation

Table of Contents

Committee meetings in 2016, and continues to make himself available on an ongoing basis to provide guidance to the Compensation Committee on compensation issues as they arise. The Compensation Committee has reviewed its and our company's relationships with W.T. Haigh and has not identified any conflicts of interest.

Peer Companies

The Compensation Committee uses peer company data to guide its review of the total compensation of our executive officers and generally reviews the compensation data of our peer companies and industry to understand market competitive compensation. The Compensation Committee focuses on ensuring that the elements of our executive compensation program are consistent with peer and industry trends. However, the Compensation Committee does not benchmark compensation to a specific percentile target or range of the compensation of peer companies.

For purposes of the 2015 compensation decisions, the Compensation Committee approved a peer group based on analysis and recommendations by W.T. Haigh. This peer group is comprised of 13 companies in the data center, special purpose real estate, hosting and colocation industries. The peer group was selected based primarily on similarity to our core business as well as a number of other criteria, including each company's revenue, market capitalization, number of employees and other key financial metrics. We believe these companies are broadly comparable to us, and appropriately reflect our size, complexity, growth prospects, operations, and the labor market for key leadership positions. Our peer group for 2015 compensation decisions did not change from the group of peer companies reviewed in 2014.

The 2015 peer companies are listed below:

Akamai Technologies, Inc.	Alexandria Real Estate Equities, Inc.	BioMed Realty Trust, Inc.
Cogent Communications Group, Inc.	CyrusOne Inc.	Digital Realty Trust, Inc.
DuPont Fabros Technology, Inc.	Equinix, Inc.	Internap Network Services Corp.
InterXion Holding N.V.	QTS Realty Trust, Inc.	Rackspace Hosting, Inc.
TelecityGroup plc		

In addition to the select peer companies above, compensation data was used that covers substantially all of the companies in the MSCI US REIT Index and the NASDAQ Internet Index.

The Compensation Committee reviews our peer group annually to determine whether changes are necessary to ensure that the peer companies continue to be comparable to us based on changing scope and growth characteristics.

Elements of 2015 Compensation

Our compensation program is made up of the following direct compensation elements:

Element	Fixed or Variable	Purpose
Base Salary	Fixed	To attract and retain executives by offering fixed compensation that is competitive with market opportunities and that recognizes each executive's position, role, responsibility and experience.
Annual Incentive	Variable	To motivate and reward the achievement of our annual performance, including objectives related to revenue, EBITDA and FFO.
Equity Awards	Variable	To align executives' interests with the interests of stockholders through equity-based compensation with performance-based and time-based vesting periods, and to promote the long-term retention of our executives and key management personnel.

Table of Contents

For 2015, the following was the targeted mix of compensation:

2015 Compensation Decisions

Base Salaries. In early 2015, the Compensation Committee reviewed base salaries to ensure that they generally were competitive with market levels and generally reflected our level of financial performance during the previous year. No formulaic base salary increases are provided to our named executive officers; however, annual merit increases are provided when the Compensation Committee determines that such increases are warranted in light of national salary increase levels, salary levels within our peer companies, individual performance and/or overall company performance.

The base salaries of our named executive officers in 2015, which were effective as of April 1, 2015, were as follows:

Named Executive Officer	2015 Base Salary	Increase Over 2014 Base Salary
Thomas M. Ray	\$ 550,000	4.8%
Jeffrey S. Finnin	\$ 385,000	2.7%
Derek S. McCandless	\$ 295,000	4.4%
Steven J. Smith	\$ 315,000	5.0%
Brian P. Warren	\$ 230,000	7.0%

For each of our named executive officers, 2015 salary increases were driven in large part by each named executive officer's relative position to mid-market salary levels when compared to the peer companies and broader market comparisons. Mr. Warren's base salary was also further increased due to his promotion to Senior Vice President, Engineering and Product as well as his promotion to Senior Vice President, Product and Marketing in March 2014.

Annual Cash Incentive Awards. An important component of our total compensation program is the annual cash incentive based on the achievement of preset, annual company performance objectives and individual executive performance, which is determined in the Compensation Committee's discretion.

Table of Contents

In March 2015, the Compensation Committee established the following 2015 target annual incentive amounts for each of our named executive officers under our 2015 annual cash incentive program (the "2015 Bonus Plan"):

Named Executive Officer	2015 Base Salary	Target Bonus as a Percentage of Salary	Target Bonus
Thomas M. Ray	\$ 550,000	100%	\$ 550,000
Jeffrey S. Finnin	\$ 385,000	65%	\$ 250,250
Derek S. McCandless	\$ 295,000	65%	\$ 191,750
Steven J. Smith	\$ 315,000	127%	\$ 400,000
Brian P. Warren	\$ 230,000	60%	\$ 138,000

In setting the 2015 target bonus amounts for each of our named executive officers, the Compensation Committee considered the following factors: (i) organizational level and expected impact on our annual operating results; (ii) the scope, level of expertise and experience required for the named executive officer's position; and (iii) competitive levels of target annual incentive opportunity. The 2015 target bonus percentages were increased from the target bonus percentages in 2014 for Messrs. Finnin, McCandless and Warren in an effort to better align their annual cash incentive awards with our peer companies. The 2015 target bonus percentage was increased for Mr. Smith due to a change in structure of his compensation away from a sales incentive model. In 2014, a significant portion of Mr. Smith's cash compensation resulted from payouts under a quarterly sales incentive program. For 2015, the Compensation Committee determined that Mr. Smith would no longer earn annual incentive compensation under the quarterly sales incentive program, but rather he would earn annual incentive compensation under our annual cash incentive program applicable to other executive officers of our company, with an adjustment to his target bonus amount to adjust for the termination of the previous quarterly sales incentive program. Participants under the 2015 Bonus Plan were eligible to receive between 0% and 175% of each participant's respective target bonus based on actual performance as discussed below.

Actual bonus amounts earned for 2015 were based on the level of company-wide achievement of revenue, EBITDA and FFO in 2015 versus targets established by the Compensation Committee at the beginning of the year. The total incentive bonus actually paid to each named executive officer is determined based on the extent to which specified weighted objective company performance goals are achieved, multiplied by a weighting and bonus factor. The bonus factors for each performance factor

Table of Contents

used to calculate the total incentive bonuses as approved by the Compensation Committee were as follows:

Results as a Percentage of Target			
Revenue	EBITDA	FFO	Multiplier
0% - 89.99%	0% - 87.99%	0% - 84.99%	0%

The Compensation Committee or the Board has the discretion to adjust the target or actual results based on extraordinary events and/or conditions that either positively or negatively impact our performance. For purposes of the 2015 Bonus Plan, target FFO for 2015 was adjusted from the number set at the beginning of the year to account for a change in the forecasted interest rate on our term loan. In addition, the Compensation Committee or the Board may further adjust the bonus payments in its discretion based on each named executive officer's achievement of departmental and individual goals, and overall job performance. The table below sets forth the calculation of the 2015 bonus payouts with respect to the objective company performance goals:

Performance Factor	2015 Target	2015 Actual	2015		Multiplier	Bonus Payout
			Actual as a Percentage of Target	Weighting		
Revenue	\$320.5 million	\$333.3 million	103.99%	33.3%	130%	43.3%
EBITDA	\$148.3 million	\$159.8 million	107.75%	33.3%	155%	51.7%
FFO	\$124.7 million	\$135.8 million	108.90%	33.3%	150%	50.0%

Funds from operations ("FFO") represents net income (computed in accordance with GAAP), excluding gains (or losses) from sales of property and impairment write-downs of depreciable real estate, plus real estate related depreciation and amortization (excluding amortization of deferred financing costs) and after adjustments for unconsolidated partnerships and joint ventures. EBITDA is defined as earnings before interest, taxes, depreciation and amortization ("EBITDA"). FFO and EBITDA are non-GAAP measures. See Appendix A for a reconciliation of these measures to GAAP.

In light of our performance in 2015 and the Board's discretionary evaluation of each named executive officer's job performance, with input from our Chief Executive Officer (except with respect to his own compensation) and upon recommendation from the Compensation Committee, we paid the following annual bonus amounts under the 2015 Bonus Plan:

Named Executive Officer	Target Bonus as a Percentage of Salary	Target Bonus	Actual Bonus Award	Actual Bonus Award as a Percentage of Target
Thomas M. Ray	100%	\$ 550,000	\$ 877,250	160%
Jeffrey S. Finnin	65%	\$ 250,250	\$ 250,000	100%
Derek S. McCandless	65%	\$ 191,750	\$ 250,000	130%
Steven J. Smith	127%	\$ 400,000	\$ 685,000	171%
Brian P. Warren	60%	\$ 138,000	\$ 220,000	159%

In determining the increased bonus amounts for Messrs. Ray, Smith and Warren, the Board considered the increase in transaction and sales volumes in 2015 directed by Mr. Smith, the improvements in data center, design and asset utilization in 2015 directed by Mr. Warren, and the overall Company performance in 2015 with respect to Mr. Ray.

Equity Compensation. Generally in the first quarter of each year, the Board or Compensation Committee grants equity-based awards to our named executive officers, other executives, key management personnel and other employees in order to align their interests with those of the stockholders and to provide a compensation element intended to retain our named executive officers and other executives over the long term. For 2015, the value of the long-term equity awards granted to each named executive officer was based on the Compensation Committee's assessment of each named executive officer's expected future contributions to our company, ability to impact our long-term results that drive stockholder value, each named executive officer's overall long-term performance and competitive levels of long-term equity compensation for similarly situated executives at our peer companies.

In March 2015, the Compensation Committee approved equity awards to our senior leadership team, including our named executive officers, with 60% of the value of the equity award in the form of time-based restricted stock and 40% of the value of the equity award in the form of performance-based restricted stock ("PSAs"). The Compensation Committee believes that time-based restricted stock awards offer a strong retention incentive to employees and are less dilutive to our current stockholders than stock options. The time-based restricted stock awards vest in three equal annual installments beginning on the first anniversary of the grant date, subject to continued employment with us.

In lieu of annual stock option grants which we granted to our named executive officers in the past, the Compensation Committee continued its practice of granting PSAs in 2015 (and continuing in 2016) to further our objective of a pay-for-performance compensation program to tie executive compensation to the achievement of our longer-term corporate strategies and business objectives and to the long-term interests of our stockholders. The Compensation Committee determined to grant the PSAs in the form of restricted stock in lieu of stock options to place greater emphasis on our performance relative to other REITs. In 2015, PSAs were granted only to our senior leadership team, including our named executive officers, while other employees of our company received equity awards solely in the form of time-based restricted stock. The PSAs granted in 2015 (the "2015 PSAs") vest in full on the third anniversary of the grant based on our achievement of relative total shareholder return ("TSR") measured versus the MSCI US REIT Index over a three-year performance period. After consultation with W.T. Haigh, the Compensation Committee approved a change in the minimum and maximum number of shares that may be earned under the PSAs granted in 2015. The number of shares that may be earned under the 2015 PSA grants ranges from 25% to 175% of target, rather than from 0% to 150% of target as with the PSAs granted in 2014 (the "2014 PSAs"). The change in the minimum and

Table of Contents

maximum number of shares that may be earned under the 2015 PSAs was implemented to create an upside incentive for relative TSR performance in the top quartile versus the MSCI US REIT Index balanced by a corresponding downside award that provides the opportunity to earn a small portion of the target award if relative TSR performance is below the 30th percentile.

The 2015 PSAs are earned as follows: (i) 20% of the PSAs are earned based on relative TSR achievement for each annual performance period during the three-year performance period (60% in total), and (ii) 40% of the PSAs are earned based upon a cumulative TSR achievement over the three-year performance period. Earned PSAs are released at the end of the three-year performance period provided that the executive officer continues to be employed by us at the end of the performance period. Holders of earned PSAs are also entitled to accrued cash dividends that will be paid at the end of the performance period. The table below sets forth the performance multipliers for each level of TSR achievement relative to the MSCI US REIT Index to be used for each vesting period of the PSAs:

Relative TSR Ranking Relative to the MSCI US REIT Index For the Performance Period	Performance Multiplier
Above the 75 th Percentile	175%
At the 75 th Percentile	150%
Between the 75 th Percentile and 50 th Percentile	Determined by linear interpolation
At the 50 th Percentile	100%
Between the 50 th Percentile and 30 th Percentile	Determined by linear interpolation
At the 30 th Percentile	50%
Below the 30 th Percentile	25%

The PSA grants developed and implemented for 2015 were based on analysis of peer company and broader market performance-based equity practices, as prepared by W.T. Haigh, and are consistent with our performance-based compensation philosophy.

The equity awards granted to our named executive officers in 2015 were as follows:

Name	Time-Based Restricted Stock Awards: Number of Shares of Restricted Stock(#)	Performance-Based Restricted Stock Awards: Number of Shares of Restricted Stock at Target#(1)
Thomas M. Ray	27,431	18,287
Jeffrey S. Finnin	7,481	4,987
Derek S. McCandless	6,234	4,156
Steven J. Smith	6,234	4,156
Brian P. Warren	3,741	2,494

(1) PSAs were issued in March 2015 at the maximum level of 175% of target, subject to forfeiture based on achievement of relative levels of TSR during the performance periods.

PSA Performance to Date

In March 2016, the Board and the Compensation Committee certified TSR achievement for 2015 of 175% for the 2015 PSAs and 150% for the 2014 PSAs, which resulted in earning and banking the maximum payout for the 2015 performance period based on our relative performance versus the MSCI US REIT Index above the 90th percentile.

Defined Contribution Plans. We have maintained a Section 401(k) Savings/Retirement Plan (the "401(k) Plan") for eligible employees of our company and any designated affiliate, including our named executive officers. The 401(k) Plan provides our named executive officers and other employees with the opportunity to save for their future retirement by deferring compensation up to IRS imposed limits. We currently make safe harbor contributions to the 401(k) Plan in an amount equal to three percent (3%) of the participant's annual salary and subject to certain other limits. Plan participants vest immediately in the amounts contributed by us. Our employees are eligible to participate in the 401(k) Plan following their first month of full employment, with safe harbor contributions beginning after six months of credited service.

Other Elements of Compensation and Perquisites. In addition to other elements of compensation, as described above, we provide the following other compensation and benefits to our named executive officers:

Medical Insurance. We offer to each named executive officer, the named executive officer's spouse and the named executive officer's children such health, dental and vision insurance programs as we make available to other eligible employees of our company.

Life and Disability Insurance. We provide each named executive officer such short-term and long-term disability and/or life insurance as we make available to other eligible employees of our company. Our company offers life insurance coverage equal to the annual salary of each employee, up to a designated maximum amount per employee.

Parking Allowance. We provide each named executive officer with the choice of paid parking at each company location or reimbursement of public transportation expenses, such as our company makes available to every other employee of our company.

Other Compensation Components

We believe that it is important to maintain flexibility to adapt our compensation structure to properly attract, motivate, and retain the top executive talent for which we compete. We may provide compensation components that are different from or in addition to the components described above to

our named executive officers, to ensure that we provide a balanced, comprehensive and competitive compensation structure, as deemed appropriate by the Compensation Committee.

Accounting Considerations

ASC Topic 718, *Compensation Stock Compensation* (referred to as ASC Topic 718), requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of stock options, restricted stock, restricted stock units and performance units under our equity incentive award plans will be accounted for under ASC Topic 718. Going forward, we expect to consider the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans and programs. As accounting standards change, we may revise certain programs to appropriately align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives.

Compensation Risk Assessment

As discussed in more detail above, the Compensation Committee has reviewed our compensation programs for all employees, including our named executive officers, and other executives and has concluded that these programs do not create risks that are reasonably likely to have a material adverse effect on our company.

COMPENSATION COMMITTEE REPORT

The Compensation Committee (the "Compensation Committee") of the Board of Directors (the "Board") of CoreSite Realty Corporation reviewed and discussed the Compensation Discussion and Analysis included in this proxy statement with management. Based on such review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement for filing with the Securities and Exchange Commission.

Employment Agreements

Thomas M. Ray In August 2010, we entered into an employment agreement with Mr. Ray, our President and Chief Executive Officer. The agreement has an initial one-year term, subject to automatic annual renewal, unless either party elects to terminate the agreement by providing at least 90 days' notice prior to the applicable anniversary date. The agreement provided for an initial annual base salary and target annual bonus amount, subject to adjustment by the Board, and contains other customary employment terms and benefits.

Table of Contents

Mr. Ray's employment agreement also provides for, among other things, severance payments and the continuation of certain benefits following certain terminations of employment by us or the termination of employment for "Good Reason" by Mr. Ray. Under these provisions, if Mr. Ray's employment is terminated by us without "Cause," or in connection with our non-renewal of the agreement, or Mr. Ray resigns for Good Reason, Mr. Ray will have the right to receive continued payment of his base salary and the continuation of health benefits at our expense for a period of 18 months following termination. In addition, Mr. Ray would receive a pro-rated lump sum payment upon termination in respect of his performance bonus amount for the year of termination. Mr. Ray also would be entitled to accelerated vesting of any outstanding unvested equity awards that would have vested based on the passage of time had he remained employed for 18 months after termination, and any of Mr. Ray's stock options would remain exercisable for at least a year following termination. Mr. Ray's employment agreement provides that if he is terminated by us without Cause, or in connection with our non-renewal of the agreement, or he resigns for Good Reason, in each case within 60 days prior to or 12 months following a change in control of our company, then in addition to the payments and benefits described above, he would also receive an additional payment equal to his target performance bonus amount for the year of termination. In addition, the salary continuation amount described above would be paid in a lump sum and Mr. Ray would receive accelerated vesting of all of his outstanding unvested equity awards. In addition, Mr. Ray's employment agreement provides that if his employment is terminated due to his death or disability, he will receive a pro-rated lump sum payment in respect of his target bonus amount for the year of termination and accelerated vesting of any of his outstanding unvested equity awards that would have vested based on the passage of time if he had remained employed with us for 12 months following his termination.

Mr. Ray's employment agreement also contains certain confidentiality covenants prohibiting Mr. Ray from, among other things, disclosing confidential information relating to us. The employment agreement also contains non-competition and non-solicitation restrictions, pursuant to which Mr. Ray will not be permitted to compete with us in certain circumstances for a period of 12 months following his termination of employment for any reason.

Jeffrey S. Finnin In January 2011, Mr. Finnin became our Chief Financial Officer and he entered into an executive employment agreement with us, with an initial one-year term, subject to automatic annual renewal, unless either party provides 90 days' notice of non-renewal. Mr. Finnin's employment agreement provided for an initial annual base salary and target annual bonus amount, subject to adjustment by the Board, and contains other customary employment terms and benefits.

Mr. Finnin's employment agreement also provides for severance payments and certain benefits following certain terminations of employment. If Mr. Finnin is terminated by us without "Cause," or in connection with our non-renewal of his employment agreement, or if he resigns for "Good Reason," he will have the right to receive continued payment of base salary and health benefits at our expense for 12 months after termination. In addition, Mr. Finnin would receive a pro-rated lump sum payment based on his performance bonus amount for the year of termination and accelerated vesting of his unvested equity awards that would have vested in the 12 months after such termination, and his stock options would remain exercisable for at least one year following termination. If such a termination occurs within 60 days prior to, or 12 months following, a change in control of our company, Mr. Finnin would receive a cash payment equal to 125% of his annual base salary on the termination date (subject to certain conditions), a payment equal to his target performance bonus amount for the year, a pro-rated lump sum payment based on his performance bonus amount for the year of termination, continued payment of health benefits at our expense for 12 months after termination and acceleration of all of outstanding unvested equity awards. In addition, Mr. Finnin's employment agreement provides that if his employment is terminated due to his death or disability, he will receive a pro-rated lump sum payment with respect to his target bonus amount for the year of termination and accelerated vesting of any of his outstanding unvested equity awards that would have vested based on the passage of time if

he had remained employed with us for 12 months following his termination. In addition, Mr. Finnin's employment agreement contains confidentiality, non-competition and non-solicitation covenants similar to those described above for Mr. Ray.

Derek S. McCandless In March 2011, Mr. McCandless became our Senior Vice President, Legal, General Counsel and Secretary, and he entered into an executive employment agreement with us, with an initial one-year term, subject to automatic annual renewal, unless either party provides 90 days' notice of non-renewal. Mr. McCandless's employment agreement provided for an initial annual base salary and target annual bonus amount, subject to adjustment by the Board, and contains other customary employment terms and benefits. Mr. McCandless's employment agreement also includes provisions for severance payments, the continuation of certain benefits, the accelerated vesting of equity awards and extended stock option exercise periods following certain terminations of employment that are substantially identical to those provided in Mr. Finnin's employment agreement. In addition, Mr. McCandless's employment agreement contains confidentiality, non-competition and non-solicitation covenants similar to those described above for Mr. Ray.

Steven J. Smith In January 2014, Mr. Smith became our Senior Vice President, Sales and Sales Operations, and he executed an employment offer letter in connection with his hiring, which provided for an initial annual base salary of \$300,000, subject to annual adjustment, and contains other customary employment terms and benefits. Pursuant to his employment offer letter, Mr. Smith received a signing bonus of \$150,000 and guaranteed cash compensation of at least \$650,000 in 2014. Mr. Smith also is entitled to participate in our Senior Management Severance and Change in Control Program. - (1) Based on a price of \$56.72 per share, which was the closing price of our common stock on the New York Stock Exchange on December 31, 2015.
- (2) The award vests in four equal annual installments beginning on the first anniversary of the grant date, provided that the award recipient remains in continuous service with us as of each vesting date.
- (3) The award vests in three equal annual installments beginning on the first anniversary of the grant date, provided that the award recipient remains in continuous service with us as of each vesting date.
- (4) Represents the 2014 PSAs granted by the Compensation Committee in March 2014. In February 2015, the Compensation Committee certified TSR achievement for 2014 of 26.65%, which resulted in earning and banking 87.2% of target PSAs, or a 17.44% weighted payout for the 2014 performance period based on our relative performance versus the MSCI US REIT Index at approximately the 44th percentile. Because the 2014 PSAs were granted to each named executive officer at the maximum achievement amount, PSAs were forfeited by each executive officer based on the difference between the earned PSAs at 87.2% to target for the 2014 performance period and the 150% issued amount of PSAs for the 2014 performance period. In March 2016, the Board and Compensation Committee certified TSR achievement for 2015 of 150%, which resulted in earning and banking the maximum payout for the 2015 performance period based on our relative performance versus the MSCI US REIT Index at approximately the 99th percentile. The amount of 2014 PSAs represents the amount of shares earned during the 2014 performance period of 87.2% to target, and the maximum payout for the 2015 performance period, with the remaining shares based on the achievement of maximum performance in future performance periods.

- (5) Represents the 2015 PSAs granted by the Compensation Committee in March 2015. See "Equity Compensation" above. As discussed above, in March 2016, the Board and Compensation Committee certified TSR achievement for 2015 of 175%, which resulted in earning and banking the maximum payout for the 2015 performance period based on our relative performance versus the MSCI US REIT Index at approximately the 99th percentile. The amount of 2015 PSAs represents the amount of shares earned during the 2015 performance period of the maximum payout, with the remaining shares also based on the achievement of maximum performance in future performance periods.

Potential Payments upon Termination or Change in Control

In September 2010, we adopted the Senior Management Severance and Change in Control Program (the "Severance Plan"), in which members of our senior membership team participate, other than Messrs. Ray, Finnin and McCandless. The Severance Plan provides that if a participant is terminated by us at any time without "Cause" or resigns for "Good Reason" (each as defined in the Severance Plan), the participant will be entitled to receive the following severance payments and benefits: (i) continued payment of his or her base salary for a period of time equal to three months, plus one additional month for each year of service with us (subject to a maximum of 12 months); (ii) continued payment of health insurance premiums for a similar period of time; and (iii) accelerated vesting of any unvested equity awards that would have vested solely based on the passage of time had the participant remained employed with us for 12 months following termination. If such a termination or resignation occurs within 60 days prior to or nine months following a change in control of our company, participants will receive (i) a lump sum payment on termination of one year of the participant's base salary, (ii) a lump sum payment on termination of the participant's target bonus amount for the year of termination, (iii) an additional lump sum payment amount equal to the participant's pro-rated bonus for the year of termination, (iv) continued payment of health insurance premiums for up to 12 months, subject to certain conditions, and (v) accelerated vesting of all outstanding and unvested equity awards held by the participant. Each of the foregoing benefits is conditioned on the participant executing a release of claims in favor of us following termination. The Severance Plan also contains certain confidentiality, non-solicitation and non-competition covenants. The non-competition and non-solicitation covenants take effect following termination for the period in which the participant would have received severance payments, based on an assumed termination (not in connection with a change in control) of the participant's employment by us without Cause on the date the participant's actual termination of employment occurs, and applies regardless of whether severance payments are actually received under the plan.

Messrs. Ray, Finnin and McCandless are entitled to severance payments pursuant to the terms of their employment agreements, as set forth under "Employment Agreements" above. The definitions of "Cause" and "Good Reason" in the Severance Plan, as applicable, are substantially similar to the definitions of those terms in Messrs. Ray's, Finnin's and McCandless's employment agreements, other than changes related to differences in reporting relationships.

In addition, notwithstanding the terms set forth in the Severance Plan or the employment agreements for Messrs. Ray, Finnin and McCandless, pursuant to the restricted stock award agreements for the PSAs granted to our senior leadership team, upon termination of employment with us at any time without "Cause" or resignation for "Good Reason" (each as defined in the PSA restricted stock award agreement), any PSAs that have been earned prior to and during the year of the employment termination date shall be accelerated. If such a termination or resignation occurs within 60 days prior to or twelve months following a change in control of our company, vesting of the PSAs shall be accelerated with respect to the number of shares equal to the greater of (i) the target amount of shares set forth in the applicable restricted stock award agreement or (ii) the target amount of shares multiplied by a performance multiplier, as determined by the Compensation Committee.

The following table sets forth an estimate of the payments to be made to our named executive officers in the event any of the terminations described above or a change in control occurs, assuming that the triggering event took place on December 31, 2015, and based on the closing market price of our common stock on December 31, 2015.
