INVESTMENT OBJECTIVE AND POLICY

MassMutual Corporate Investors (the "Trust"), a closed-end investment company, was offered to the public in September 1971 and its shares are listed on the New York Stock Exchange. The share price of Corporate Investors can be found in the financial section of most newspapers as "MassCp" or "MassMuInv" under the New York Stock Exchange listings. The Trust's New York Stock Exchange trading symbol is "MCI".

The Trust's investment objective is to maintain a portfolio of securities providing a fixed yield and at the same time offering an opportunity for capital gains. The Trust's principal investments are privately placed, below investment-grade, longterm corporate debt obligations with equity features such as warrants, conversion rights, or other equity features and, occasionally, preferred stocks. The Trust typically purchases these investments, which are not publicly tradable, directly from their issuers, which tend to be smaller companies. In addition, the Trust may temporarily invest, subject to certain limitations, in marketable investment-grade debt securities, other marketable debt securities (including highyield securities) and marketable common stocks.

David L. Babson & Company Inc. manages the Trust on a total return basis. The Trust distributes substantially all of its net income to shareholders each year. Accordingly, the Trust pays dividends to shareholders quarterly in January, May, August, and November. The Trust pays dividends to its shareholders in cash, unless the shareholder elects to participate in the Dividend Reinvestment and Share Purchase Plan.

In this report you will find a complete listing of the Trust's holdings. We encourage you to read this section carefully for a better understanding of the Trust. We cordially invite all shareholders to attend the MassMutual Corporate Investors Annual Meeting of Shareholders, which will be held on April 30, 2004 at 2:00 P.M. in Springfield, Massachusetts.

President of the Trust, effective as of the 2003 Annual Shareholders' Meeting in April.

Following Mr. Joyal's retirement, the Trust's Board of Trustees elected me to succeed him as President of the Trust. Currently, I lead the Corporate Securities Group at David L. Babson & Company Inc. ("Babson"), the Trust's investment adviser, where I oversee all corporate credit-related investments, including public and private bonds, bank loans, mezzanine and private equity investments, as well as structured credit products. Before joining Babson in 2000, I served for twelve years in the Investment Management Division of Massachusetts Mutual Life Insurance Company, Babson's parent company. I am pleased to share with you the Trust's Annual Report for the year ended December 31, 2003.

THE TRUST'S TOTAL PORTFOLIO RATE OF RETURN FOR 2003 WAS 22.61%, AS MEASURED BY THE CHANGE IN NET ASSET VALUE, ASSUMING THE REINVESTMENT OF ALL DIVIDENDS AND DISTRIBUTIONS.

THE TRUST'S 2003 PORTFOLIO PERFORMANCE

AT LEFT:
RICHARD C. MORRISON
VICE PRESIDENT

[PHOTO]

The Trust's total portfolio rate of return for 2003 was 22.61%, as measured by the change in net asset value, assuming the reinvestment of all dividends and distributions. The Trust's total net assets were \$193,786,114, or \$21.84 per share, as of December 31, 2003, compared to \$171,028,431, or \$19.40 per share, as of December 31, 2002. The Trust's quarterly dividend remained stable this year at 36 cents per share. In addition, the Trust declared a special year-end dividend of 40 cents per share as of December 31, 2003. We are pleased with the Trust's 2003 portfolio performance.

The following table lists the average annual returns of the Trust's portfolio, based on change in net assets, assuming the reinvestment of all dividends and distributions, compared to the average annual returns of selected equity and fixed income market indices for the 1, 3, 5 and 10 years ended December 31, 2003:

	THE TRUST	LEHMAN BROTHERS U.S.CORPORATE HIGH YIELD INDEX	LEHMAN BROTHERS INTERMEDIATE U.S.CREDIT INDEX*	STANDARD & POOR'S INDUSTRIAL COMPOSITE**	RUSSELL 2000 INDEX
1 Year	22.61%	28.97%	6.91%	28.34%	47.25%
3 Year	10.82%	10.21%	8.93%	-4.64%	6.27%

10 Year	13.96%	6.89%	7.19%	10.62%	9.47%

The U.S. economy and investment markets displayed signs of recovery during 2003, assisted by low interest rates and tax cuts. As the uncertainty of war in Iraq gave way to combat operations, equity and credit markets rallied strongly. As a result, many investors left the relative safety of bonds, which helped push yields higher.

MASSMUTUAL CORPORATE INVESTORS

Concurrent with the improving U.S. economy, corporate credit defaults declined. The speculativegrade issuer-weighted default rate fell from 8.4% in 2002 to 5.2% in 2003, as reported by Moody's Investors Service. The year 2003 witnessed a significant increase in the issuance of high-yield corporate bonds, with 496 new deals coming to market in 2003 compared with 262 in 2002, according to Credit Suisse First Boston. These factors, among others, spurred an overall increase in merger and acquisition activity, especially in the second half of the year,* which helped provide potential private placement investment opportunities for the Trust. Helped by these trends, the Trust was able to dispose of eight private investments in 2003 that contributed \$19.7 million in gains to the Trust. Assuming that the U.S. economy and investment markets continue to improve, and all other things being equal, the Trust's investment portfolio should benefit from the foregoing economic trends.

Edgar Filing: MASSMUTUAL CORPORATE INVESTORS - Form N-CSR

Overall, the Trust closed 11 new private placement transactions during the course of the year: Coeur, Inc., Dwyer Group, Inc., Euro-Pro Corporation, MedAssist, Inc., Neff Motivation, Inc., Royal Baths Manufacturing Company, Synventive Equity LLC, Tomah Holdings, Inc., Trustile Doors, Inc., U S M Holdings Corp., and Weasler Holdings LLC. In addition, the Trust added to existing investments in Evans Consoles, Inc., Olympic Sales, Inc., and Shelter Acquisition, Inc.

MASSMUTUAL CORPORATE INVESTORS

THE OUTLOOK FOR 2004

In 2003, the equity markets closed the year on a positive note for the first time since 1999, giving investors a breath of relief. Does that mean that we can anticipate markets continuing to rise next year? Not necessarily. While economic indicators such as unemployment levels, manufacturing activity and consumer confidence looked promising at year-end, no one can predict the future with any degree of certainty. The Trust continues to employ the investment philosophy that has served it well since its inception: investing in companies which we believe to have a strong business proposition, solid cash flow and experienced, ethical management. This philosophy, combined with Babson's seasoned investment-management team and the Trust's financial position, all contribute to the Trust's being well-positioned for future investment opportunities that meet its investment objectives and policies.

While past performance is not an indicator of future returns, we believe the Trust's investment objectives and historical portfolio rates of return should continue to earn it consideration in a well-diversified investment portfolio. As always, I realize that you have myriad investment selections available to you, and I thank you for your investment in the Trust.

Sincerely,

/s/ Roger W. Crandall

MASSMUTUAL CORPORATE INVESTORS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2003

1. HISTORY

MassMutual Corporate Investors (the "Trust") commenced operations in 1971 as a Delaware corporation. Pursuant to an Agreement and Plan of Reorganization dated November 14, 1985, approved by shareholders, the Trust was reorganized as a Massachusetts business trust under the laws of the Commonwealth of Massachusetts, effective November 28, 1985.

The Trust is a closed-end management investment company. David L. Babson & Company Inc. ("Babson"), a majority owned subsidiary of Massachusetts Mutual Life Insurance Company, ("MassMutual"), acts as its investment adviser. The

Edgar Filing: MASSMUTUAL CORPORATE INVESTORS - Form N-CSR

Trust's investment objective is to maintain a portfolio of securities providing a fixed yield while providing an opportunity for capital gains, by investing primarily in a portfolio of privately placed below investment-grade, long-term corporate debt obligations with equity features, such as warrants, conversion rights or other equity features and, occasionally, preferred stocks purchased directly from their issuers.

On January 27, 1998, the Board of Trustees authorized the formation of a wholly-owned subsidiary ("MMCI Subsidiary Trust") for the purpose of holding certain investments. The results of the MMCI Subsidiary Trust have been included in the accompanying consolidated financial statements. Footnote 2(D), below, discusses the Federal tax consequences of the MMCI Subsidiary Trust.

During 2003, the Trust's Board of Trustees considered whether changes to the Trust's Bylaws were necessary or appropriate in response to the Sarbanes-Oxley Act of 2002. At their July, 2003 meeting, the Trust's Trustees approved the following changes to the Trust's Bylaws:

SECTION 4.7

For the purposes of (1) any standard of care applicable to a Trustee in the discharge of his or her duties as a trustee and (2) indemnification of a Trustee pursuant to Article IV, Section 4.3 of the Declaration of Trust, the conduct of the Trustee shall be evaluated solely by reference to a hypothetical reasonable person, without regard to any special expertise, knowledge or other qualifications of the Trustee. In particular, and without limiting the generality of the foregoing, neither the determination that a Trustee is an "audit committee financial expert" nor the knowledge, experience or other qualifications underlying such a determination shall result in that Trustee being held to a standard of care that is higher than the standard that would be applicable in the absence of such a determination or such knowledge, experience or qualification, nor shall such a determination or such knowledge, experience or other qualification impose any duties, obligations or liabilities that are greater than would obtain in the absence of such a determination or such knowledge, experience or qualification.

SECTION 4.8

For the purposes of the determinations by the Trustees and/or opinion of independent legal counsel referred to in Article IV, Section 4.3 of the Declaration of Trust and for the purposes of the determinations by the Trustees and/or opinion of independent legal counsel referred to in Article IV, Section 4.4 of the Declarations of Trust, the Trustees acting on the matter, or the independent legal counsel, as the case may be, shall be entitled to rely on a rebuttable presumption that the relevant Trustee, officer, employee or agent (each a "Covered Person") (1) has acted in good faith and in the reasonable belief that his or her actions were in the best interests of the Trust and (2) has not engaged in willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of such Covered Person's office or agency.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Trust in the preparation of its consolidated financial statements in conformity with accounting principles generally accepted in the United States of America.

A. VALUATION OF INVESTMENTS:

Valuation of a security in the Trust's portfolio is made on the basis of market price whenever market quotations are readily available and all

Edgar Filing: MASSMUTUAL CORPORATE INVESTORS - Form N-CSR

securities of the same class held by the Trust can be readily sold in such market.

Nearly all securities which are acquired by the Trust directly from the issuers and shares into which such securities may be converted or which may be purchased on the exercise of warrants will be subject to legal or contractual delays in, or restrictions on, resale and will therefore be "restricted securities". Generally speaking, as contrasted with open-market sales of unrestricted securities which may be effected immediately if the market is adequate, absent an exemption from registration, restricted securities can be sold only in a public offering for which a registration statement is in effect under the Securities Act of 1933.

The value of restricted securities, and of any other assets for which there are no reliable market quotations, is the fair value as determined in good faith by the Trust's Board of Trustees (the "Trustees"). Each restricted security is valued by the Trustees at the time of its acquisition and at least quarterly thereafter. The Trustees have established guidelines to aid in the valuation of each security. Generally, restricted securities are initially valued at cost or less at the time of acquisition by the Trust. Values greater or less than cost are used thereafter for restricted securities in appropriate circumstances. Among the factors ordinarily considered are the existence of restrictions upon the sale of the security by the Trust; an estimate of the existence and extent of a market for the security; the extent of any discount at which the security was acquired; the estimated period of time during which the security will not be freely marketable; the estimated expenses of registering or otherwise qualifying the security for public sale; estimated underwriting commissions if underwriting would be required to effect a sale; in the case of a convertible security, whether or not it would trade on the basis of its stock equivalent; in the case of a debt obligation which would trade independently of any equity equivalent, the current yields on comparable securities; the estimated amount of the floating supply of such securities available for purchase; the proportion of the issue held by the Trust; changes in the financial condition and prospects of the issuer; the existence of merger proposals or tender offers affecting the issuer; and any other factors affecting fair value, all in accordance with the Investment Company Act of 1940. In making valuations, opinions of counsel may be relied upon as to whether or not securities are restricted securities and as to the legal requirements for public sale.

36

MASSMUTUAL CORPORATE INVESTORS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2003

When market quotations are readily available for unrestricted securities of an issuer, restricted securities of the same class are generally valued at a discount from the market price of such unrestricted securities. The Trustees, however, consider all factors in fixing any discount, including the filing of a registration statement for such securities under the Securities Act of 1933 and any other developments which are likely to increase the probability that the securities may be publicly sold by the Trust without restriction.

The Trust's Board of Trustees meets at least once in each quarter to value the Trust's portfolio securities as of the close of business on the last business day of the preceding quarter. This valuation requires the approval of a majority of the Trustees of the Trust, including a majority of the

Edgar Filing: MASSMUTUAL CORPORATE INVESTORS - Form N-CSR

Trustees who are not interested persons of the Trust or of Babson, the Trust's investment adviser. In making valuations, the Trustees will consider Babson's reports analyzing each portfolio security in accordance with the relevant factors referred to above. Babson has agreed to provide such reports to the Trust at least quarterly.

The consolidated financial statements include restricted securities valued at \$149,314,351 (77.05% of net assets) as of December 31, 2003 whose values have been estimated by the Board of Trustees in the absence of readily ascertainable market values. Due to the inherent uncertainty of valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material.

The values for corporate public securities are stated at the last reported sales price or at prices based upon quotations obtained from brokers and dealers as of December 31, 2003, subject to discount where appropriate, and are approved by the Trustees.

Short-term securities with more than sixty days to maturity are valued at fair value and short-term securities having a maturity of sixty days or less are valued at amortized cost which approximates market value.

B. ACCOUNTING FOR INVESTMENTS:

Investment transactions are accounted for on the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The Trust does not accrue income when payment is delinquent and when management believes payment is questionable.

The Trust has elected to accrue, for financial reporting purposes, certain premiums and discounts which are required to be accrued for federal income tax purposes.

Realized gains and losses on investment transactions and unrealized appreciation and depreciation of investments are reported for financial statement and federal income tax purposes on the identified cost method.

C. USE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

D. FEDERAL INCOME TAXES:

No provision for federal taxes on net investment income and short-term capital gains is considered necessary for the Trust because it is taxed as a "regulated investment company" under the Internal Revenue Code, and intends to maintain this qualification and to distribute substantially all of its net taxable income to its shareholders. In any year when net long-term capital gains are realized by the Trust, management, after evaluating the prevailing economic conditions, will recommend that Trustees either designate the net realized long-term gains as undistributed and pay the federal capital gains taxes thereon, or distribute all or a portion of such net gains.

The Trust is taxed as a regulated investment company and is therefore

Edgar Filing: MASSMUTUAL CORPORATE INVESTORS - Form N-CSR

limited as to the amount of non-qualified income that it may receive as the result of operating a trade or business, e.g. the Trust's pro rata share of income allocable to the Trust by a partnership operating company. The Trust's violation of this limitation could result in the loss of its status as a regulated investment company, thereby subjecting all of its net income and capital gains to corporate taxes prior to distribution to its shareholders. The Trust, from time-to-time, identifies investment opportunities in the securities of entities that could cause such trade or business income to be allocable to the Trust. The MMCI Subsidiary Trust (described in Footnote 1, above) was formed in order to allow investment in such securities without adversely affecting the Trust's status as a regulated investment company.

In 2003, the Trust reclassified (\$36,038) from undistributed net investment income to additional paid in capital and \$3,000,000 from undistributed net realized loss on investments to undistributed net investment income to more accurately portray the Trust's financial position. The reclass has no impact on net asset value.

The MMCI Subsidiary Trust is not taxed as a regulated investment company. Accordingly, prior to the Trust receiving any distributions from the MMCI Subsidiary Trust, all of the MMCI Subsidiary Trust's taxable income and realized gains, including non-qualified income and realized gains, is subject to taxation at prevailing corporate tax rates. For the year ended December 31, 2003, the MMCI Subsidiary Trust accrued federal and state income taxes in the amount of \$1,761,469 for net income and realized gains on investments held in the MMCI Subsidiary Trust.

3. INVESTMENT SERVICES FEE

Under an Investment Services Contract with the Trust dated July 1, 1988 Babson has agreed to use its best efforts to present to the Trust a continuing and suitable investment program consistent with the investment objectives and policies of the Trust. Babson has further agreed that it will request each issuer of securities which MassMutual is prepared to purchase in a private placement, and which would be consistent with the investment objectives and policies of the Trust, to also offer such securities to the Trust. Babson will use its best efforts to insure that issuers accede to such requests. MassMutual has agreed that, subject to such orders of the Securities and Exchange Commission as may apply, it will invest concurrently with the Trust in any such investment. Babson represents the Trust in any negotiations with issuers, investment banking firms, securities brokers or dealers and other institutions or investors relating to the Trust's investments. Under the contract, Babson provides administration of the day-to-day operations of the Trust and provides the Trust with office space and office equipment, accounting and bookkeeping services, and necessary executive, clerical and secretarial personnel for the performance of the foregoing services.

Under the Investment Services Contract, the Trust pays Babson a quarterly base rate (the "Base Fee Rate") of 5/16 of 1% of the value of the Trust's net assets as of the end of each fiscal quarter, approximately equivalent to 1.25% of the net asset value of the Trust on an annual basis, plus or minus a quarterly performance adjustment (the "Performance Adjustment") of up to 1/16 of 1%

Edgar Filing: MASSMUTUAL CORPORATE INVESTORS - Form N-CSR

approximately equivalent to .25% on an annual basis.

The Performance Adjustment is based on the Trust's performance as compared to a benchmark rate of return (the "Target Rate") equal to 5.0 percentage points plus an unweighted, arithmetic average of the rates of return on the Standard & Poor's Industrial Composite (formerly called the Standard & Poor's Industrial Price Index) and the Lehman Brothers Intermediate U.S. Credit Index (formerly called the Lehman Brothers Intermediate Corporate Bond Index) over a rolling three-year period (the "Measurement Period") comprising the twelve quarters ending on the last day of each quarter (the "Valuation Date"). The Performance Adjustment is equal to 5% of the difference between the Trust's actual rate of return over the Measurement Period and the Target Rate. If the Trust's actual rate of return exceeds the Target Rate, the Base Fee Rate is increased by an amount equal to the Performance Adjustment; if the Trust's actual rate of return is less than the Target Rate, the Base Fee Rate is reduced by the Performance Adjustment. The advisory fee payable by the Trust is equal to the Base Fee Rate (as adjusted by the Performance Adjustment) times the net asset value of the Trust as of the Valuation Date. The Performance Adjustments for the quarters ended March 31, June 30, September 30, and December 31, 2003 were as follows:

Quarters Ended -----	Performance Adjustment -----	Amount -----
March 31, 2003	0.0625%	\$ 113,048
June 30, 2003	0.0625%	\$ 116,310
September 30, 2003	0.0625%	\$ 122,721
December 31, 2003	0.0625%	\$ 122,006

4. SENIOR SECURED INDEBTEDNESS

A. NOTE PAYABLE

MassMutual holds the Trust's \$20,000,000 Senior Fixed Rate Convertible Note (the "Note") issued by the Trust in 1995. The Note, as amended, is due November 15, 2007 and accrues at 7.39% per annum. MassMutual, at its option, can convert the principal amount of the Note into common shares. The dollar amount of principal would be converted into an equivalent dollar amount of common shares based upon the average price of the common shares for ten business days prior to the notice of conversion. For the year ended December 31, 2003, the Trust incurred total interest expense on the Note of \$1,478,000.

The Trust may redeem the Note, in whole or in part, at the principal amount proposed to be redeemed together with the accrued and unpaid interest thereon through the redemption date plus a Make Whole Premium. The Make Whole Premium equals the excess of (i) the present value of the scheduled payments of principal and interest which the Trust would have paid but for the proposed redemption, discounted at the rate of interest of U.S. Treasury obligations whose maturity approximates that of the Note plus 0.50% over (ii) the principal of the Notes proposed to be redeemed.

B. REVOLVING CREDIT AGREEMENT

The Trust entered into a Revolving Credit Agreement with Fleet National Bank as of June 29, 2000, in the principal amount of \$25,000,000, maturing on May 31, 2005. The interest rate on the outstanding revolving loan is determined for periods of one, three or six months (as selected by the Trust) and is set at an annual rate equal to LIBOR (London Interbank

Edgar Filing: MASSMUTUAL CORPORATE INVESTORS - Form N-CSR

Offered Rate) plus 0.37%. The Trust also agreed to pay an up-front fee equal to 0.10% on the total commitment. The facility fee is 0.15% per annum of the total commitment.

As of December 31, 2003, there were no outstanding loans drawn against the revolving credit facility. For the year ended December 31, 2003, the Trust incurred \$37,500 in expense related to the undrawn portion.

7. AGGREGATE REMUNERATION PAID TO OFFICERS, TRUSTEES AND THEIR AFFILIATED PERSONS

During 2003, the Trust paid its Trustees aggregate remuneration of \$133,060. The Trust does not pay any compensation to any of its Trustees who are "interested persons" (as defined by the Investment Company Act of 1940, as amended (the "40 Act")) of the Trust. Mr. Reese is an interested person due to his employment by MassMutual and Babson. Mr. Joyal retired from Babson as of June 1, 2003 and, prior to his retirement, served as Babson's President. Accordingly, the Trust classifies Messers. Reese and Joyal as "interested persons" of the Trust.

All of the Trust's officers are employees of Babson or MassMutual. Pursuant to the Investment Services Contract, the Trust does not compensate its officers who are employees of Babson or MassMutual.

MassMutual and Babson are "affiliated persons" (as defined by the 40 Act) of Mr. Reese, one of the Trust's Trustees. The Trust did not make any payments to Babson during 2003, other than amounts payable to Babson pursuant to the Investment Services Contract. During 2003, the Trust paid the following amounts to MassMutual, exclusive of interest expense on the Note explained in Footnote 4A:

Preparation of the Trust's Quarterly Reports to Shareholders	\$	2,262
Preparation of Certain of the Trust's Shareholder communications		1,630
Preparation of the Trust's Annual Proxy Statements		373

	\$	4,265

8. CONTINGENCIES

The Trust, together with other investors including MassMutual, is a plaintiff in litigation connected with private placement investments made by the Trust in Sharp International Corporation ("Sharp"). Three managing shareholders of Sharp, which is currently being liquidated in Chapter 7 liquidation proceedings, have pleaded guilty to criminal fraud charges. Initially, two separate civil lawsuits were brought in New York State court in an attempt to recover damages for lost investment funds from Sharp's working capital lender and auditors. The first lawsuit involving Sharp's working capital lender was dismissed prior to trial. An appeal of this dismissal was unsuccessful. The second lawsuit against Sharp's auditors, KPMG LLP, is in its preliminary stages. The parties to this lawsuit, including the Trust, have recently agreed to submit the matters which are the subject of the lawsuit to a non-binding mediation proceeding. The Trust is

Edgar Filing: MASSMUTUAL CORPORATE INVESTORS - Form N-CSR

unable to estimate any potential recovery from this lawsuit as of December 31, 2003.

40

MASSMUTUAL CORPORATE INVESTORS

CHANGE IN INDEPENDENT ACCOUNTANTS

During 2003, the Trust, Babson and MassMutual solicited proposals for their independent audit and tax engagements from the four nationally recognized public accounting firms (including Deloitte & Touche LLP ("D&T") and KPMG LLP ("KPMG")). The Trust's Audit Committee and its Board of Trustees determined that, based on KPMG's more favorable fee structure, engaging KPMG was in the best interests of the Trust. Effective January 1, 2004, and for the fiscal year ending December 31, 2004, the Trust's Audit Committee and Board of Trustees have appointed KPMG as the Trust's independent auditors replacing D&T. Babson and MassMutual also engaged KPMG to perform certain audit, tax and other services for them.

During its two most recently completed fiscal years, the Trust had no disagreements with D&T concerning any matter of accounting principles or practices, consolidated financial statement disclosure or auditing scope and procedure and D&T never advised the Trust that: (1) the Trust's internal controls were unreliable; (2) the representations of the Trust's management were unreliable or that D&T was unwilling to be associated with the consolidated financial statements prepared by the Trust's management; (3) D&T needed to expand significantly the scope of its audits (and D&T never, in fact, so expanded such audit scope); (4) D&T became aware of any information that materially impacted the fairness or reliability of either a previously issued audit report or such report's underlying consolidated financial statements or that caused D&T to cease reliance on the assertions of the Trust's management related to such consolidated financial statements; and (5) an issue existed related to any of D&T's audit reports or their underlying consolidated financial statements were resolved other than to the satisfaction of D&T.

INDEPENDENT AUDITORS' REPORT

TO THE SHAREHOLDERS AND BOARD OF TRUSTEES
OF MASSMUTUAL CORPORATE INVESTORS

We have audited the accompanying consolidated statement of assets and liabilities of MassMutual Corporate Investors (the "Trust"), as of December 31, 2003 (including the consolidated schedule of investments as of December 31, 2003), and the related consolidated statements of operations and cash flows for the year then ended, changes in net assets for each of the two years in the period then ended and the consolidated selected financial highlights for each of the five years in the period then ended. These consolidated financial statements and consolidated selected financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these consolidated financial statements and consolidated selected financial highlights based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements and consolidated selected financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. Our procedures included confirmation of securities owned as of December 31, 2003 by correspondence with the custodian and brokers. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements and consolidated selected financial highlights referred to above present fairly, in all material respects, the financial position of MassMutual Corporate Investors as of December 31, 2003, the results of its operations and its cash flows for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the consolidated selected financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

DIVIDEND REINVESTMENT AND SHARE PURCHASE PLAN

MassMutual Corporate Investors offers a Dividend Reinvestment and Share Purchase Plan. The Plan provides a simple way for shareholders to add to their holdings in the Trust through the receipt of dividend shares issued by the Trust or through the reinvestment of cash dividends in Trust shares purchased in the open market. A shareholder may join the Plan by filling out and mailing an authorization card to Shareholder Financial Services, Inc., the Transfer Agent.

Participating shareholders will continue to participate until they notify the Transfer Agent, in writing, of their desire to terminate participation. Unless a

Edgar Filing: MASSMUTUAL CORPORATE INVESTORS - Form N-CSR

shareholder elects to participate in the Plan, he or she will, in effect, have elected to receive dividends and distributions in cash. Participating shareholders may also make additional contributions to the Plan from their own funds. Such contributions may be made by personal check or other means in an amount not less than \$10 nor more than \$5,000 per quarter.

Whenever the Trust declares a dividend payable in cash or shares, the Transfer Agent, acting on behalf of each participating shareholder, will take the dividend in shares only if the net asset value is lower than the market price plus an estimated brokerage commission as of the close of business on the valuation day. The valuation day is the last day preceding the day of dividend payment. When the dividend is to be taken in shares, the number of shares to be received is determined by dividing the cash dividend by the net asset value as of the close of business on the valuation date or, if greater than net asset value, 95% of the closing share price. If the net asset value of the shares is higher than the market value plus an estimated commission, the Transfer Agent, consistent with obtaining the best price and execution, will buy shares on the open market at current prices promptly after the dividend payment date.

The reinvestment of dividends does not, in any way, relieve participating shareholders of any federal, state or local tax. For federal income tax purposes, the amount reportable in respect of a dividend received in newly-issued shares of the Trust will be the fair market value of the shares received, which will be reportable as ordinary income and/or capital gains.

As compensation for its services, the Transfer Agent receives a fee of 5% of any dividend and cash contribution (in no event in excess of \$2.50 per distribution per shareholder).

Any questions regarding the Plan should be addressed to Shareholder Financial Services, Inc., Agent for MassMutual Corporate Investors' Dividend Reinvestment and Share Purchase Plan, P.O. Box 173673, Denver, CO 80217-3673.

The category "Audit Related Fees" reflects fees billed by Deloitte & Touche LLP for services related to the audit and other assurance services performed in connection with the audit engagements of the Registrant, Babson and MassMutual. Preparation of Federal, state and local income tax and compliance work are representative of the fees billed in the "Tax Fees" category. Edgar Filing: MASSMUTUAL CORPORATE INVESTORS - Form N-CSR

The Sarbanes-Oxley Act of 2002 and its implementing regulations allows the Registrant's Audit Committee to establish a pre-approval policy for certain services rendered by the Registrant's independent accountants. During 2003, the Registrant's Audit Committee approved all of the services rendered to the Registrant by D&T and did not rely on such a pre-approval policy for any such services.

The Audit Committee reviewed the aggregate fees billed for professional services rendered by D&T for the Registrant and for the non-audit services provided to Babson, and Babson's parent, MassMutual. As part of this review, the Audit Committee considered whether the provision of such non-audit services were compatible with maintaining the principal accountant's independence.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

The Registrant maintains an audit committee composed exclusively of the Registrant's Trustees who qualify as "independent" Trustees under the current listing standards of the New York Stock Exchange and the rules of U.S. Securities and Exchange Commission. The Committee operates pursuant to a written Charter, which is available on the Registrant's website, www.massmutual.com/mci. The present members of the Audit Committee are Donald E. Benson and Martin T. Hart, and Corine T. Norgaard.

ITEM 6. [Reserved].

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED END MANAGEMENT INVESTMENT COMPANIES.

The Registrant's Board of Trustees delegated proxy voting responsibilities relating to voting securities held by the Registrant to its investment adviser, David L. Babson & Company Inc. ("Babson") at the July 18, 2003 meeting of the Registrant's Board of Trustees. A summary of Babson's proxy voting policies and procedures is set forth below.

Summary of Babson's Proxy Voting Policy

Babson views the voting of proxies as an integral part of its investment management responsibility and believes, as a general principle, that proxies should be voted solely in the best interests of its clients (i.e. prudently and in a manner believed by Babson to best protect and enhance an investor's returns). To implement this general principle, it is Babson's policy to generally vote proxies in accordance with the recommendations of Institutional Shareholder Services ("ISS"), a recognized authority on proxy voting and corporate governance, or, in cases where ISS has not made any recommendations with respect to a proxy, in accordance with ISS's proxy voting guidelines.

Babson recognizes, however, that there may be times when Babson believes that it will be in the best interests of clients holding the securities to (1) vote against ISS's recommendations or (2) in cases where ISS has not provided Babson with any recommendations with respect to a proxy, vote against ISS's proxy voting guidelines. Babson may vote, in whole or part, against ISS's recommendations or ISS's proxy voting guidelines, as applicable, if such vote is authorized by the Policy. The procedures set forth in the Policy are designed to ensure that votes against ISS's recommendations or proxy voting guidelines

Edgar Filing: MASSMUTUAL CORPORATE INVESTORS - Form N-CSR

have been made in the best interests of clients and are not the result of any material conflict of interest (a "Material Conflict").

Summary of Babson's Proxy Voting Procedures

Babson has (1) established a Proxy Committee that is responsible for the implementation and governance of the Policy and (2) designated Proxy Administrators who will receive and post proxies for voting with ISS. In accordance with the Policy, Babson will generally vote all client proxies in accordance with ISS's recommendation or proxy voting guidelines, unless a person authorized by the Proxy Committee (each a "Proxy Analyst") determines that it is in its clients' best interest to vote against ISS's recommendation or proxy voting guidelines. In these cases, Babson will vote against ISS's recommendation or proxy voting guidelines, so long as no other Proxy Analyst reviewing such proxy disagrees with such recommendation, and no known Material Conflict is identified by the Proxy Analyst(s) or the Proxy Administrator. Otherwise, the proxy is to be submitted to a member of the Proxy Committee, who shall determine how to vote the proxy unless (i) the Proxy Administrator has identified a Babson Material Conflict or (ii) said Proxy Committee member has identified a Material Conflict. In such cases, the proxy shall be submitted to the Proxy Committee, which may authorize a vote against ISS's recommendation or proxy voting guidelines only if the Proxy Committee determines that such vote is in the clients' best interests.

No employee, officer or director of Babson or its affiliates (other than those assigned such responsibilities under the Policy) may influence how Babson votes any proxy, unless such person has been requested to provide such assistance by a Portfolio Manager or Proxy Committee member and has disclosed any known Material Conflict. Any pre-vote communications prohibited by the Policy shall be reported to the Proxy Committee member prior to voting and to Babson's General Counsel.

Obtaining a Copy of the Policy

The full text of Babson's Policy is available (1) without charge, upon request, by calling 1-866-399-1516 or (2) on the Registrant's website, www.massmutual.com/mci.

ITEM 11. EXHIBITS.
