On May 8, 2003, Microvision, Inc. issued a press release announcing its financial results for the quarter ended March 31, 2003. A copy of the press release is attached as Exhibit 99.1.

Exhibit 99.1 to the report contains a non-GAAP financial measure as defined in Item 10 of Regulation S-K of the Securities Exchange Act of 1934, as amended. The non-GAAP financial measure is Net loss per share before non-cash compensation expense. Management believes that Net loss per share before non-cash compensation expense, which information has been requested by investors, presents useful information to investors by showing the operating results before inclusion of a material non-cash expense that may be subject to substantial fluctuation from quarter to quarter as a result of the application of variable accounting treatment to non-cash compensation rather than changes in operating performance.
