Report of Independent Registered Public Accounting Firm

401(k) Plan Committee

Papa John's International, Inc.

We have audited the accompanying statements of net assets available for benefits of the Papa John's International, Inc. 401(k) Plan (the Plan) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005 and 2004, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2005, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Papa John's International, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2005

1. Description of Plan

Papa John's International, Inc. (the Company) established the Papa John's International, Inc. 401(k) Plan (the Plan) on October 1, 1995. The Plan is a defined contribution plan available to all employees of the Company and its subsidiaries, who have attained the age of twenty-one, completed one year of service and who work at least 1,000 hours annually. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2005, participants could voluntarily elect to contribute from 1 to 20 percent of annual eligible wages to their accounts within the Plan. Beginning March 1, 2006, participants may voluntarily elect to contribute from 1 to 75 percent of annual eligible wages to their accounts within the Plan. The Company may, at its discretion, make matching or profit sharing contributions to the Plan. During 2005, the Company contributed, to participants actively employed on the last day of the plan year, an amount equal to 25 cents for every dollar contributed by the participants up to a maximum of the first 6 percent of the participants' contributions. There was no matching contribution for the 2004 plan year.

The contributions are allocated at the direction of the participant among selected investment funds. Each fund's investment income or loss, less any investment management fee, is allocated to participants' accounts based on their proportionate interest in the fund. The value of participants' accounts will fluctuate with the market value of the securities in which the fund is invested. Participant contributions and the earnings on those contributions are immediately vested to the participant. Company discretionary contributions vest subject to a five-year graded vesting schedule. In order to receive vesting credit in a Plan year, participants must have had at least 1,000 hours of service in the Plan year. Vested contributions are payable upon retirement, death or disability, termination of employment, or earlier for hardship reasons. Participants may also borrow from their accounts through participant loans. Forfeited balances of terminated participants' non-vested accounts, which approximated \$17,000 at December 31, 2005, are used to reduce future Company contributions. The Summary Plan Description provides a more complete description of the Plan's provisions.

Certain Plan professional expenses are paid directly by the Company.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Papa John's International, Inc. 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies

Investments

Papa John's International, Inc. common stock is stated at fair value as determined by the last reported sales price on the last business day of the plan year. Mutual funds are stated at fair value as determined by quoted market prices. Outstanding participant loan balances are stated at cost, which approximates fair value.

The Plan's investment options include a guaranteed investment contract with MetLife, which is a benefit-responsive investment contract. MetLife maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The average yield and crediting interest rate on such investments was 4.2% in both 2005 and 2004. The crediting interest rate changes annually and is based on an agreed upon formula with the issuer. The contract is included in the accompanying financial statements at contract value as reported to the Plan by MetLife. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Contributions

Contributions from participants are recorded when the Company makes payroll deductions. Discretionary employer contributions are determined, funded and recorded annually. Contributions receivable represent amounts not yet deposited into the participants' individual accounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual results could differ from those estimates.

Papa John's International, Inc. 401(k) Plan

Notes to Financial Statements (continued)

3. Investments

The Plan's investments (including investments bought, sold, and held during the year) appreciated in fair value during the years as follows:

	2005	2004
Common stock	\$ 518,424	\$ 19,018
Mutual funds	477,425	1,080,604
Guaranteed investment contract	97,476	88,878
	\$ 1,093,325	\$ 1,188,500

Individual investments that represent 5% or more of the Plan's net assets are as follows:

	December 31 2005	2004	
Common stock:			
Papa John's International, Inc.	\$ 1,300,549	\$ 630,356	*
Mutual funds:			
Davis New York Venture Fund	3,176,102		
Janus Adviser Mid Cap Growth Fund	2,473,662	2,300,457	
Harris Associates - Oakmark International Fund II	1,631,464	1,193,700	
American Beacon Small Cap Value Fund	1,618,756		
American Funds Growth Fund of America	1,260,604	166,854	*
Harris Associates - Oakmark Equity and Income Fund II	1,222,645		
Henssler Equity Fund	1,141,470	1,168,100

Janus Adviser Balanced Fund	3	*	1,023,298
Fidelity Advisor Growth & Income Fund			3,164,330
State Street Research Aurora Fund			1,680,511
Investment at contract value:			
MetLife Guaranteed Investment Contract	2,267,505	2,567,762	

* Investment balance is less than 5% of the Plan's net assets and is presented for comparative purposes only.

Papa John's International, Inc. 401(k) Plan

Notes to Financial Statements (continued)

4. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 3, 2005 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to the determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Reconciliation to the Form 5500

The Form 5500, Annual Return/Report of Employee Benefit Plan (Form 5500), which is filed with the Department of Labor is prepared on the cash basis of accounting for the year ended December 31, 2005. The enclosed financial statements are prepared on the accrual basis of accounting. The following is a reconciliation of net assets available for benefits from the Form 5500 to the enclosed financial statements:

	December 31, 2005
Net assets available for benefits per Form 5500	\$ 19,799,815
Add: Contributions receivable from participants	34,879
Add: Contributions receivable from employer	327,417
Less: Excess contributions refundable to participants	(187,274)
Net assets available for benefits per the financial statements	\$ 19,974,837
