BIO-key Responds to L-1's Revised Proposal to Acquire ComnetiX Inc.

Wall, N.J. January 12, 2007 - BIO-key International Inc. (OTC Bulletin Board: BKYT), a leader in wireless public safety solutions and finger based biometric identification, responded today to L-1 Identity Solutions' revised proposal to acquire all the issued and outstanding common shares of ComnetiX Inc. (ComnetiX) (TSX: CXI) for US \$1.05 per share.

Notwithstanding L-1's revised proposal, Bio-key still intends to make an offer to acquire all the issued and outstanding common shares of ComnetiX on terms previously announced. Bio-key is in the process of finalizing its offer and securities exchange takeover bid circular and is on track for mailing this documentation in mid-January as previously targeted. As previously announced, BIO-key will offer common shares of BIO-key for each ComnetiX share at a share exchange ratio to be determined that will value ComnetiX shares at US \$1.29 per share, which represents a 65% premium to the closing price for ComnetiX shares on December 20, 2006.

Bio-key believes that its proposed offer to acquire all the issued and outstanding common shares of ComnetiX is still superior to L-1's revised proposal because of the long-term potential of the combined company. BIO-key believes a combination of the two companies will result in a strong company with the industry's most complete end-to-end solution offering to the law enforcement market and also enable the companies to: share and cross-sell more than 3000 customers; and become a platform company for further business combinations that will uniquely serve the robust and growing state, provincial and local public safety markets.

In addition, Bio-key believes that industry comparables are currently commanding a multiple of 4 to 5 x revenue while the L-1 offer for ComnetiX is far below this market range. BIO-key believes that the longterm potential of the combined company should be able to command a premium in accordance with industry comparables.

At this time, Bio-key believes that an exemption from registration under the US federal securities laws is available to it in connection with this transaction.

Full details of the offer will be included in the take-over bid documents to be mailed to ComnetiX shareholders. The offer will be subject to certain conditions that are customary for transactions of this nature including the valid tender and non-withdrawal of a majority of the issued and outstanding shares of ComnetiX and receipt of required regulatory approvals.
