**Item 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.**

On July 10, 2007, InsWeb Corporation and NetQuote, Inc. entered into a one year agreement concerning the delivery of insurance leads. This agreement replaces an existing agreement between the parties that was due to expire on September 30, 2007. NetQuote represented 15% of InsWeb's automobile transaction fee revenues for the three months ended March 31, 2007.

Under the terms of the new agreement, InsWeb and NetQuote will deliver automobile and homeowners insurance leads to the other party in exchange for a share of the revenue the recipient collects from distributing the lead to its network of agents and insurance providers. The new agreement also increases the number of times a lead may be distributed and promotes the use of the other party as the primary purchaser of unsold leads.

In addition, NetQuote may participate as an advertiser in InsWeb's pay-per-click program for automobile, homeowners, health, renters and small business insurance. Under the pay-per-click program, NetQuote will pay InsWeb a fee each time a consumer clicks on a NetQuote advertisement located on the InsWeb website. The agreement does not specify a minimum or maximum number of leads or clickthroughs that must be supplied or purchased during the one year term.
