**Report of Independent Registered Public Accounting Firm**

The Plan Administrator of the  
CIBER, Inc. Savings 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of CIBER, Inc. Savings 401(k) Plan as of December 31, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2007 and 2006, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2007 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

See accompanying notes to financial statements.

CIBER, INC. SAVINGS 401(k) PLAN

Notes to Financial Statements

December 31, 2007

(1) Description of the Plan

The following description of the CIBER, Inc. Savings 401(k) Plan (the "Plan") provides only general information. For a more complete description of the Plan, participants should refer to the Summary Plan Description or the Plan Agreement, which are available from the plan administrator.

(a) General

The Plan is a defined contribution plan covering substantially all employees of CIBER, Inc. and certain of its subsidiaries ("CIBER" or the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The service provider who executes the investment transactions for the Plan is Principal Life Insurance Company ("Principal").

(b) Contributions and Vesting

Participants may contribute up to 75% (25% through March 31, 2007) of pre-tax annual compensation, with the exception of employees considered highly compensated. Highly compensated employees are restricted to a maximum contribution of 9% of pre-tax compensation. In addition, qualifying participants may make "catch-up" contributions. Contributions are subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined contribution or benefit plans (rollovers). Participants can change their contribution percentage at any time. Company cash contributions are based on the participant's years of service and the participant's contribution and range from 0.5% to 3% of qualified compensation. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution plus actual earnings thereon is based on years of service as follows:

| Completed Years of Service | Vested Percentage |
|----------------------------|-------------------|
| Less than two years        | 0%                |
| Two years                  | 20%               |
| Three years                | 40%               |
| Four years                 | 60%               |
| Five years                 | 80%               |
| Six years                  | 100%              |

CIBER, INC. SAVINGS 401(k) PLAN

**Notes to Financial Statements (continued)**

**(1) Description of the Plan (continued)**

Participants reach 100% vesting in the Company's matching contribution plus actual earnings thereon after six years of service. If a participant terminates prior to vesting, unvested amounts are forfeited and are used to reduce future employer contributions. At December 31, 2007 and 2006, unallocated forfeited accounts totaled \$30,808 and \$80,062, respectively. In 2007 and 2006, employer contributions were reduced by \$927,648 and \$865,453, respectively, from forfeited accounts.

**(c) Investment Options**

The Plan's assets are invested in various investment options offered by Principal and in CIBER common stock, as directed by the participants. Participants may invest their account balance in the various investment options in 1% increments. Participants may change their investment options on a daily basis.

**(d) Distributions and Loans**

Participants are generally entitled to a distribution from the Plan upon termination of employment, retirement, disability or death. Terminated participants are entitled to receive only the vested percentage of their account balance and the remainder of the account is forfeited. For other situations there are various methods by which benefits may be distributed depending on date of employment, marital status and participant elections. Distributions are recorded when paid. Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Interest on loans is charged at the prime rate as of the processing date of the loan, plus 1% and ranged from 4.00% to 10.50% as of December 31, 2007. Loans are generally repaid through payroll deductions. Loans require minimum per paycheck payment amounts. Loans must be repaid within five years, except that the plan administrator may approve a longer term for loans to acquire a principal residence. Participants pay a loan origination fee of \$50 per loan to Principal.

**(e) Expenses**

In general, plan expenses, other than broker commissions, portfolio transaction fees and administrative service fees on the accounts of non-employee participants, are paid by the Company.

CIBER, INC. SAVINGS 401(K) PLAN

Notes to Financial Statements (continued)

(1) Description of the Plan (continued)

(f) Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it retains the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Investments

Investments are stated at fair value. The fair values of marketable securities are determined based on quoted market values. Investments in pooled separate accounts are stated at estimated fair values. The fair value of mutual funds are valued at the net asset value per share as quoted by the investment company and is generally determined based on the market values of the securities included in the underlying funds. Participant loans are valued at cost, which approximates fair value. Investment transactions are recorded on the date of purchase or sale ( trade-date ). Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

(c) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes to the financial statements. Actual results could differ from those estimates.

*(d)* New Accounting Pronouncement

In September 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards ( SFAS ) No. 157, Fair Value Measurements, which is effective for financial statements issued for fiscal years beginning after November 15, 2007. SFAS No. 157 establishes a single authoritative definition of

F-7

---

## CIBER, INC. SAVINGS 401(K) PLAN

## Notes to Financial Statements (continued)

**(2) Summary of Significant Accounting Policies (continued)**

*fair* value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurements. The Plan will adopt the provisions of SFAS No. 157 for its December 31, 2008 financial statements. The Plan is currently evaluating the potential impact of adoption of SFAS No. 157; however, management does not believe adoption will have a material impact on the Plan's financial statements.

**(3) Investments**

Investments greater than 5% of net assets at December 31 were:

CIBER, INC. SAVINGS 401(K) PLAN

Notes to Financial Statements (continued)

**(4) Tax Status**

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service ( IRS ) dated August 7, 2001, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code ( Code ), and therefore, the related trust is exempt from taxation. In accordance with Revenue Procedure 2006-6 and Announcement 2005-16, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Subsequent to this opinion letter by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan has been designed to comply with the requirements of the Code and has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

**(5) Risks and Uncertainties**

The Plan provides for various investment options. Investments, in general, are exposed to various risks, such as interest rates, credit and overall market volatility. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**(6) Party-in-Interest Transactions**

Certain plan investments are shares of stock of CIBER or units of pooled separate accounts, managed either by Principal or by outside fund managers hired by Principal. Principal is the service provider who executes the investment transactions for the Plan and, therefore, these transactions are considered party-in-interest transactions for which a statutory exemption exists.
