REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Members of

National CineMedia, LLC

Centennial, Colorado

We have audited the accompanying balance sheets of National CineMedia, LLC (the Company) as of December 29, 2011 and December 30, 2010, and the related statements of income, comprehensive income, members' equity (deficit), and cash flows for the years ended December 29, 2011, December 30, 2010 and December 31, 2009. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of the Company as of December 29, 2011 and December 30, 2010, and the results of its operations and its cash flows for the years ended December 29, 2011, December 30, 2010 and December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

NATIONAL CINEMEDIA, LLC

NOTES TO FINANCIAL STATEMENTS

1. THE COMPANY

Description of Business

National CineMedia, LLC (NCM LLC or the Company) commenced operations on April 1, 2005 and operates the largest digital in-theatre network in North America, allowing NCM LLC to distribute advertising, Fathom entertainment programming events and corporate events (the Services) under long-term exhibitor services agreements (ESAs) with American Multi-Cinema, Inc. (AMC), a wholly owned subsidiary of AMC Entertainment, Inc. (AMCE), Regal Cinemas, Inc., a wholly owned subsidiary of Regal Entertainment Group (Regal), and Cinemark USA, Inc. (Cinemark USA), a wholly owned subsidiary of Cinemark Holdings, Inc. (Cinemark). AMC, Regal and Cinemark and their affiliates are referred to in this document as founding members. NCM LLC also provides the Services to certain third-party theatre circuits under network affiliate agreements, which expire at various dates.

At December 29, 2011, NCM LLC had 110,814,569 common membership units outstanding, of which 53,934,605 (48.7%) were owned by National CineMedia, Inc. (NCM, Inc. , manager or managing member), 22,060,262 (19.9%) were owned by Regal, 17,495,920 (15.8%) were owned by Cinemark, and 17,323,782 (15.6%) were owned by AMC. The membership units held by the founding members are exchangeable into NCM, Inc. common stock on a one-for-one basis.

Basis of Presentation

The Company has prepared its financial statements and related notes of NCM LLC in accordance with accounting principles generally accepted in the United States of America (GAAP) and the rules and regulations of the Securities and Exchange Commission (SEC).

The Company s business is seasonal and for this and other reasons operating results for interim periods may not be indicative of the Company s full year results or future performance. As a result of the various related-party agreements discussed in Note 5, the operating results as presented are not necessarily indicative of the results that might have occurred if all agreements were with non-related third parties.

Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include those related to the reserve for uncollectible accounts receivable and equity-based compensation. Actual results could differ from those estimates.

Reclassifications Certain reclassifications of previously reported interest income and other within the statements of income, share based compensation within the statement of members' equity (deficit), other accrued expenses within accrued expenses and within network, administrative and unallocated costs in segment reporting have been made to conform to the current year presentation.

Significant Accounting Policies

Accounting Period The Company operates on a 52-week fiscal year, with the fiscal year ending on the first Thursday after December 25, which, in certain years, results in a 53-week year.

Segment Reporting Advertising is the principal business activity of the Company and is the Company's reportable segment under the requirements of ASC 280, *Segment Reporting*. Fathom Consumer Events and Fathom Business Events are operating segments under ASC 280, but do not meet the quantitative thresholds for segment reporting. The Company does not evaluate its segments on a fully allocated cost basis, nor does the Company track segment assets separately. Therefore, the measure of segment operating income net of direct expenses presented

Table of Contents

herein is not prepared on the same basis as operating income in the statements of income and the results are not indicative of what segment results of operations would have been had it been operated on a fully allocated cost basis. The Company cautions that it would be inappropriate to assume that unallocated operating costs are incurred proportional to segment revenue or any directly identifiable segment expenses. Refer to Note 12.

Revenue Recognition Advertising revenue is recognized in the period in which an advertising contract is fulfilled against the contracted theatre attendees. Make-good provisions are made to defer contracted revenue to future periods when attendance is delivered and is included in accrued expenses. Deferred revenue refers to the unearned portion of advertising contracts. All deferred revenue is classified as a current liability. Fathom Events revenue is recognized in the period in which the event is held.

Barter Transactions The Company enters into barter transactions that exchange advertising program time for products and services used principally for selling and marketing activities. The Company records barter transactions at the estimated fair value of the advertising exchanged based on fair value received for similar advertising from cash paying customers. Revenues for advertising barter transactions are recognized when advertising is provided, and products and services received are charged to expense when used. The Company limits the use of such barter transactions to items and services for which it would otherwise have paid cash. Any timing differences between the delivery of the bartered revenue and the use of the bartered expense products and services are recorded through deferred revenue. Revenue and expense from barter transactions for the year ended December 29, 2011 were \$1.6 million and \$1.1 million, respectively, were \$1.5 million and \$1.1 million for the year ended December 30, 2010, respectively and were not material to the Company's statements of income for the year ended December 31, 2009.

Operating Costs Advertising related operating costs primarily include personnel and other costs related to advertising fulfillment, payments due to unaffiliated theatre circuits under the network affiliate agreements, and to a lesser extent, production costs of non-digital advertising.

Fathom Events operating costs include revenue share under the amended and restated ESAs to the founding members and revenue share to affiliate theatres under separate agreements, payments to event content producers and other direct costs of the meeting or event, including equipment rental, catering and movie tickets acquired primarily from the founding members.

Payment to the founding members of a theatre access fee is comprised of a payment per theatre attendee and a payment per digital screen, both of which escalate over time.

Network costs include personnel, satellite bandwidth, repairs, and other costs of maintaining and operating the digital network and preparing advertising and other content for transmission across the digital network. These costs are not specifically allocated between the advertising business and the Fathom Events business.

Leases The Company leases various office facilities under operating leases with terms ranging from five to 16 years. The Company calculates straight-line rent expense over the initial lease term and renewals that are reasonably assured.

Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-K/A

Advertising Costs Costs related to advertising and other promotional expenditures are expensed as incurred. Due to the nature of the business, the Company has an insignificant amount of advertising costs included in selling and marketing costs on the statements of income.

Cash and Cash Equivalents All highly liquid debt instruments and investments purchased with an original maturity of three months or less are classified as cash equivalents and are considered available-for-sale securities. There are cash balances in a bank in excess of the federally insured limits or in the form of a money market demand account with a major financial institution.

Restricted Cash At December 29, 2011 and December 30, 2010, other non-current assets included restricted cash of \$0.3 million, which secures a letter of credit used as a lease deposit on NCM LLC's New York office.

Receivables Bad debts are provided for using the allowance for doubtful accounts method based on historical experience and management's evaluation of outstanding receivables at the end of the period. Receivables are written off when management determines amounts are uncollectible. Trade accounts receivable are uncollateralized and represent a large number of geographically dispersed debtors. At December 29, 2011, there was one advertising agency group through which the Company sources national advertising revenue representing approximately 15% of the Company's outstanding gross receivable balance; however, none of the individual contracts related to the advertising agency were more than 10% of advertising revenue. At December 30, 2010, there were two advertising agency groups through which the Company sources national advertising revenue representing

Table of Contents

approximately 21% and 17% of the Company's outstanding gross receivable balance; however, none of the individual contracts related to the advertising agencies were more than 10% of advertising revenue. The collectability risk is reduced by dealing with large, national advertising agencies who have strong reputations in the advertising industry and clients with stable financial positions.

Receivables consisted of the following, in millions:

	As of December 29, 2011		As of December 30, 2010
Trade accounts	\$	98.4	\$ 100.9
Other		2.5	2.9
Less allowance for doubtful accounts		(4.3)	(3.7)
Total	\$	96.6	\$ 100.1

Long-lived Assets Property and equipment is stated at cost, net of accumulated depreciation or amortization. Refer to Note 2. Major renewals and improvements are capitalized, while replacements, maintenance, and repairs that do not improve or extend the lives of the respective assets are expensed currently. In general, the equipment associated with the digital network of the founding member theatres is owned by the founding members, while the equipment associated with network affiliate theatres is owned by the Company. The Company records depreciation and amortization using the straight-line method over the following estimated useful lives:

Equipment	4-10 years
Computer hardware and software	3-5 years
Leasehold improvements	Lesser of lease term or asset life

Software and web site development costs developed or obtained for internal use are accounted for in accordance with ASC Subtopic 350-40 *Internal Use Software* and ASC Subtopic 350-50 *Website Development Costs*. The subtopics require the capitalization of certain costs incurred in developing or obtaining software for internal use. The majority of software costs and website development costs, which are included in equipment, are depreciated over three to five years. As of December 29, 2011 and December 30, 2010, the Company had a net book value of \$9.3 million and \$9.2 million, respectively, of capitalized software and website development costs. Approximately \$4.8 million, \$6.5 million and \$6.7 million was recorded for the years ended December 29, 2011, December 30, 2010 and December 31, 2009, respectively, in depreciation expense. For the years ended December 29, 2011, December 30, 2010 and December 31, 2009, the Company recorded \$0.9 million, \$1.2 million and \$1.6 million in research and development expense, respectively.

Construction in progress includes costs relating to installations of equipment into affiliate theatres. Assets under construction are not depreciated until placed into service.

The Company assesses impairment of long-lived assets pursuant with ASC 360 *Property, Plant and Equipment*. This includes determining if certain triggering events have occurred that could affect the value of an asset. Thus far, we have recorded no impairment charges related to long-lived assets.

Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-K/A

Intangible assets Intangible assets consist of contractual rights and are stated at cost, net of accumulated amortization. Refer to Note 3. The Company records amortization using the straight-line method over the contractual life of the intangibles, corresponding to the term of the ESAs or the term of the contract with the network affiliate. During the year ended December 29, 2011, the Company recorded net intangible assets of \$10.4 million, which are amortized over a weighted average amortization period of 16.1 years. As of December 29, 2011, the gross carrying amount of the intangible assets is \$295.7 million, with a remaining weighted average amortization period of 24.9 years.

Amounts Due to/from Founding Members Amounts due to/from founding members in the 2011 and 2010 periods include amounts due for the theatre access fee, offset by a receivable for advertising time purchased by the founding members on behalf of their beverage concessionaire, as well as revenue share earned for Fathom Events plus any amounts outstanding under other contractually obligated payments. Payments to or received from the founding members against outstanding balances are made monthly.

Table of Contents

Amounts Due to Managing Member Amounts due to the managing member include amounts due under the NCM LLC operating agreement and other contractually obligated payments. Payments to or received from the managing member against outstanding balances are made monthly.

Income Taxes As a limited liability company, NCM LLC's taxable income or loss is allocated to the founding members and managing member and, therefore, the only provision for income taxes included in the financial statements is for income-based state and local taxes.

NCM LLC's calendar years 2007 and 2008 tax returns are currently under examination by the Internal Revenue Service (IRS). In September 2011, NCM LLC received a Notice of Proposed Adjustment (NOPA) for the calendar year 2007 examination primarily related to characterization of the cash received by the founding members at or around the date of NCM, Inc.'s initial public offering (IPO). As NCM LLC is a pass-through entity for federal income tax purposes, there will be no direct impact to the financial statements of NCM LLC. NCM LLC strongly disagrees with, and will contest, the IRS' positions.

Accumulated Other Comprehensive Loss Accumulated other comprehensive loss is composed of the following (in millions):

	December 29, 2011	Years Ended December 30, 2010	December 31, 2009
Beginning Balance	\$ (58.3)	\$ (47.4)	\$ (73.5)

Debt Issuance Costs In relation to the issuance of long-term debt discussed in Note 6, there is a balance of \$12.6 million and \$7.3 million in deferred financing costs as of December 29, 2011 and December 30, 2010, respectively. These debt issuance costs are being straight-line amortized over the terms of the underlying obligation and are included in interest on borrowings, which approximates the effective interest method. In 2011, NCM LLC recorded a \$1.5 million non-cash charge for deferred loan fees associated with the balance of the senior secured credit facility that was prepaid and paid \$9.1 million in debt issuance costs in relation to the debt restructuring discussed in Note 6. For each of the years ended December 29, 2011, December 30, 2010, and December 31, 2009 the Company amortized \$2.3 million, \$1.9 million, and \$1.9 million, respectively.

Other Investment Through March 15, 2010, the Company accounted for its investment in RMG Networks, Inc., (RMG) under the equity method of accounting as required by ASC 323-10 *Investments - Equity Method and Joint Ventures*. During the first quarter of 2010, RMG sold additional common stock to other third party investors for cash, which reduced the Company's ownership in RMG resulting in cost method accounting. During the fourth quarter of 2011, the Company recorded an impairment to the value of the investment and the carrying value was adjusted to zero due to the potential of the Company being further diluted by a new round of preferred equity that was senior to the Company's investment, which occurred in early 2012. At December 29, 2011 and December 30, 2010, the Company's ownership in RMG was approximately 19%, respectively, of the issued and outstanding preferred and common stock of RMG. Refer to Note 10 for additional discussion.

During the fourth quarter of 2011, the Company received equity securities in a privately held company as consideration for an advertising contract, which the Company accounted for as a cost method investment. Refer to Note 10 for additional discussion.

Share-Based Compensation NCM, Inc. issues two types of share-based compensation awards: stock options and non-vested (restricted) stock. Compensation cost of non-vested stock is valued based on the market price on the grant date, the probability of vesting and is expensed over the vesting period. Compensation cost of stock options is based on the estimated grant date fair value using the Black-Scholes option pricing model, which requires that NCM, Inc. make estimates of various factors. Under the fair value recognition provisions of ASC 718

Table of Contents

Compensation *Stock Compensation*, the Company recognizes share-based compensation net of an estimated forfeiture rate, and therefore only recognizes compensation cost for those shares expected to vest over the requisite service period of the award. The recognized expense, including equity based compensation costs of NCM, Inc. employees, is included in the operating results of NCM LLC. Refer to Note 7.

Derivative Instruments NCM LLC has interest rate swap agreements with four counterparties that, at their inception, qualified for and were designated as cash flow hedges against interest rate exposure on the entire \$550.0 million of currently outstanding debt obligations under the senior secured credit facility. The interest rate swap agreements have the effect of converting a significant portion of the Company's variable rate debt to a fixed rate of 6.484%. All interest rate swaps were entered into for risk management purposes. The Company has no derivatives for other purposes.

During 2008, cash flow hedge accounting was discontinued for one of the interest swap agreements. The Company did not elect cash flow hedge accounting and the interest rate swap with the new counterparty is recorded at fair value with any change in the fair value recorded in the statements of income. In accordance with ASC 815 *Derivatives and Hedging*, the net derivative loss related to the discontinued cash flow hedge is being amortized to interest expense over the remaining term of the interest rate swap.

Both at inception and on an on-going basis the Company performs an effectiveness test using the hypothetical derivative method. The fair values of the interest rate swaps with the counterparties on which the Company has elected and qualifies for cash flow hedge accounting (representing notional amounts of \$412.5 million associated with a like amount of the variable rate debt) are recorded on the Company's balance sheet as a liability with the change in fair value recorded in other comprehensive income since the instruments were determined to be perfectly effective at December 29, 2011 and December 30, 2010.

The fair value of the Company's interest rate swaps are based on dealer quotes, and represents an estimate of the amount the Company would receive or pay to terminate the agreements taking into consideration various factors, including current interest rates and the forward yield curve for 3-month LIBOR. Refer to Note 11.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04), which amends certain fair value measurements and disclosures. The Company adopted ASU 2011-04 effective December 15, 2011 with no impact on its financial statements.

In June 2011, the FASB issued Accounting Standards Update 2011-05, *Presentation of Comprehensive Income* (ASU 2011-05), which is an amendment to ASC 220 *Comprehensive Income*. Under ASU 2011-05, all items that are required to be recognized under current accounting standards as components of comprehensive income shall be reported in a financial statement that is displayed with the same prominence as other financial statements. The Company adopted ASU 2011-05 effective December 15, 2011. Since the provisions of ASU 2011-05 are presentation related only, the adoption of ASU 2011-05 does not have a material effect on the Company's financial statements.

Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-K/A

In December 2011, the FASB issued Accounting Standards Update 2011-12, *Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Items Out of Accumulated Other Comprehensive Income in ASU 2011-05* (ASU 2011-12). ASU 2011-12 defers the specific requirement within ASU 2011-05 to present on the face of the financial statements items that are reclassified from accumulated other comprehensive income to net income separately with their respective components of net income and other comprehensive income. The effective dates for ASU 2011-12 are consistent with the effective dates for ASU 2011-05 and, similar to the Company's evaluation for the adoption of ASU 2011-05, the adoption of this guidance does not have a material effect on the Company's financial statements.

The Company has considered all other recently issued accounting pronouncements and does not believe the adoption of such pronouncements will have a material impact on its financial statements.

6. BORROWINGS

Senior Secured Credit Facility On February 13, 2007, concurrently with the closing of the IPO of NCM, Inc., NCM LLC entered into a senior secured credit facility with a group of lenders. The facility consisted of a six-year \$80.0 million revolving credit facility and an eight-year, \$725.0 million term loan facility. The revolving credit facility portion was available, subject to certain conditions, for general corporate purposes of the Company in the ordinary course of business and for other transactions permitted under the credit agreement, and a portion is available for letters of credit. The obligations under the credit facility are secured by a lien on substantially all of the assets of NCM LLC.

On July 5, 2011, NCM LLC completed an amendment to NCM LLC's senior secured credit facility primarily to replace \$66.0 million of the \$80.0 million revolving credit facility that would have terminated on February 13, 2013, with a new \$105.0 million revolving credit facility that will terminate on December 31, 2014, and to amend certain covenants and administrative items. The unused line fee increased from 0.375% per annum to 0.50% per annum. The \$14.0 million portion of the \$80.0 million revolving credit facility that was outstanding from Lehman Brothers Holdings, Inc. (Lehman) (not subject to pro rata prepayment or re-borrowing) remains in place but will also mature on December 31, 2014, for a total revolving credit facility of \$119.0 million. As discussed in further detail below, on July 5, 2011, NCM LLC prepaid \$175.0 million of the term loan facility. There were no breakage costs associated with the \$175.0 million prepayment or the replacement of the revolving credit facility. NCM LLC recorded a \$1.5 million non-cash charge for deferred loan fees associated with the balance of the term loan facility that was prepaid. In addition, the applicable margin, currently at 150 basis points over LIBOR, was not changed.

The outstanding balance of the term loan facility at December 29, 2011 and December 30, 2010 was \$550.0 million and \$725.0 million, respectively. The outstanding balance under the revolving credit facility at December 29, 2011 and December 30, 2010 was \$44.0 million and \$50.0 million, respectively. As of December 29, 2011, the interest rate swaps hedged the entire \$550.0 million term loan at a fixed interest rate of 6.484% (both those accounted for as hedges and those that are not). The applicable margin on the term loan was lowered to 1.5% from 1.75% as a result of an upgrade of the corporate credit rating by the credit rating agencies specified in the credit agreement, in the first quarter of 2011. The weighted-average interest rate on the unhedged revolver was 2.01%. Commencing with the fourth fiscal quarter in fiscal year 2009, the applicable margin for the revolving credit facility is determined quarterly and is subject to adjustment based upon a consolidated net senior secured leverage ratio for NCM LLC (the ratio of secured funded debt less unrestricted cash and cash equivalents, over a non-GAAP measure defined in the credit agreement). The senior secured credit facility also contains a number of covenants and financial ratio requirements, with which the Company was in compliance at December 29, 2011, including the consolidated net senior secured leverage ratio. There are no borrower distribution restrictions as long as the Company's consolidated net senior secured leverage ratio is below 6.5 times and the Company is in compliance with its debt covenants. As of December 29, 2011, the Company's consolidated net senior secured leverage ratio was 2.7 times (versus a covenant of 6.5 times). See Note 11 for an additional discussion of the interest rate swaps.

NCM LLC, Lehman and Barclays Bank PLC (Barclays) entered into an agreement in March 2010 whereby Lehman resigned its agency function and restructured its outstanding \$14.0 million revolving credit loan. NCM LLC and the remaining revolving credit lenders consented to the appointment of Barclays as successor administrative agent and swing line lender under the credit agreement. Additionally, the revolving credit commitments of Lehman were reduced to zero and the aggregate revolving credit commitments were reduced to \$66.0 million. The \$14.0 million outstanding principal of the revolving credit loans held by Lehman will not be repaid in connection with any future prepayments of revolving credit loans, but rather Lehman's share of the revolving credit facility will be paid in full by NCM LLC, along with any accrued and unpaid fees and interest, on the revolving credit termination date, December 31, 2014.

Senior Notes due 2021 On July 5, 2011 NCM LLC completed a private placement of \$200.0 million in aggregate principal amount of 7.875% Senior Unsecured Notes due in 2021 (Senior Notes). The Senior Notes have a maturity date of July 15, 2021 and pay interest semi-annually in arrears on January 15 and July 15 of each year, commencing January 15, 2012. The proceeds were used to prepay \$175.0 million of NCM LLC's outstanding indebtedness under its existing senior secured credit facility discussed above, as well as pay \$21.0 million on the existing revolving

Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-K/A

line of credit and pay offering costs. The outstanding balance of the Senior Notes at December 29, 2011 was \$200.0 million. The notes are subordinated to all existing and future secured debt, including indebtedness under the Company's existing senior secured credit facility.

Minimum Revenue Guarantees As part of the network affiliate agreements entered in the ordinary course of business under which the Company sells advertising for display in various network affiliate theatre chains, the Company has agreed to certain minimum revenue guarantees on a per attendee basis. If a network affiliate achieves the attendance set forth in their respective agreement, the Company has guaranteed minimum revenue for the network affiliate per attendee if such amount paid under the revenue share arrangement is less than its guaranteed amount. The amount and term varies for each network affiliate, but terms range from three to 20 years, prior to any renewal periods of which some are at the option of the Company. The maximum potential amount of future payments the Company could be required to make pursuant to the minimum revenue guarantees is \$17.3 million over the remaining terms of the network affiliate agreements. As of December 29, 2011 and December 30, 2010, the Company had no liabilities recorded for these obligations as such guarantees are less than the expected share of revenue paid to the affiliate.

10. FAIR VALUE MEASUREMENTS

Fair Value of Financial Instruments The carrying amount of the revolving credit facility is considered a reasonable estimate of fair value due to its floating-rate terms and the fact that it was recently amended during 2011. The carrying amounts and fair values of interest rate swap agreements are the same since the Company accounts for these instruments at fair value.

The Company has estimated the fair value of its term loan based on an average of at least two non-binding broker quotes and the Company's analysis to be \$530.6 million and \$713.3 million at December 29, 2011 and December 30, 2010, respectively (Level 2). The carrying value of the term loan was \$550.0 and \$725.0 million as of December 29, 2011 and December 30, 2010, respectively.

The carrying value of the Company's Senior Notes as of December 29, 2011 was \$200.0 million and the estimated fair value was \$198.4 million based on an average of at least two non-binding broker quotes and the Company's analysis (Level 2).

Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-K/A

During the fourth quarter of 2011, the Company received equity securities in a privately held company as consideration for an advertising contract. The fair value of the investment has not been estimated at December 29, 2011 as there were no identified events or changes in circumstances that had a significant adverse effect on the fair value of the investment and it is not practicable to do so because the equity securities are not in a publicly traded company. The carrying amount of the Company's investment was \$0.2 million as of December 29, 2011. Refer to Note 1 - Other Investment.

During the fourth quarter of 2011, the Company recorded an impairment to the value of its investment in RMG due to the Company being further diluted by a new round of preferred equity financing that was senior to the Company's investment. The Company determined the impairment was other-than-temporary and the unrealized loss was reported as an impairment loss in the statements of income since the fair value was determined to be

Table of Contents

significantly below cost and recoverability was deemed unlikely. The key factor identified by management in making these assessments and determining the amount was due to a recapitalization of RMG that was completed in early 2012. The carrying amount of the Company's investment was \$0.0 million and \$6.7 million as of December 29, 2011 and December 30, 2010, respectively. Refer to Note 1 - Other Investment.

11. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

NCM LLC has interest rate swap agreements with four counterparties that, at their inception, qualified for and were designated as cash flow hedges against interest rate exposure on the entire \$550.0 million of currently outstanding debt obligations under the senior secured credit facility. The interest rate swap agreements have the effect of converting all of the Company's variable rate debt to a fixed rate of 6.484%.

Cash flow hedge accounting was discontinued on September 15, 2008 for one of the interest rate swap agreements due to the event of default created by the bankruptcy of Lehman and the inability of the Company to continue to demonstrate the swap would be effective. The Company did not elect cash flow hedge accounting and the interest rate swap with Barclays is recorded at fair value with any change in the fair value

Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-K/A

recorded in the statements of income. There was no change, \$4.0 million increase and \$8.3 million decrease in the fair value of the liability for the years ended December 29, 2011, December 30, 2010 and December 31, 2009, respectively, which the Company recorded as a change in derivative fair value.

In accordance with ASC 815 *Derivatives and Hedging*, the net derivative loss as of September 14, 2008 related to the discontinued cash flow hedge shall continue to be reported in accumulated other comprehensive income unless it is probable that the forecasted transaction will not occur by the end of the originally specified time period. Accordingly, the net derivative loss is being amortized to interest expense over the remaining term of the interest rate swap through February 13, 2015. The amount amortized during the years ended December 29, 2011, December 30, 2010 and December 31, 2009 was \$1.3 million per year. The Company estimates approximately \$1.3 million will be amortized to interest on borrowings in the next 12 months.

The fair values of the interest rate swaps with the counterparties on which we have elected and qualify for cash flow hedge accounting (representing notional amounts of \$412.5 million associated with a like amount of the variable rate debt) are recorded on the Company's balance sheet as a liability with the change in fair value recorded in other comprehensive income since the instruments were determined to be perfectly effective at December 29,

15. SUBSEQUENT EVENTS

During early 2012, the Company restructured Fathom Events to place more focus on the Fathom Consumer division. Based on historical and expected future trends the Company believes the Fathom Consumer division has greater future growth prospects and is more in aligned with the movie exhibition business and the Company's strategy of becoming a more powerful digital media platform. The Company will continue to operate the Fathom Business division for a portion of the first quarter of 2012 to satisfy contractual obligations for events. Despite the revenue loss (\$14.2 million in 2011), due to the reduction in direct expenses as well as indirect expenses such as operating, selling and marketing and administrative costs, the impact on the Company's future operating income is not expected to be material.

During the first quarter of 2012, NCM LLC issued 651,612 common membership units to its founding members, which is an adjustment to the previously issued common membership units issued in exchange for the rights to exclusive access, in accordance with the ESAs, to net new theatre screens and attendees added by the founding members to NCM LLC's network. A cash payment of approximately \$0.2 million will be received from AMC in lieu of surrendering 16,727 whole units and one partial unit. As a result, NCM LLC recorded an intangible asset at fair value of the common membership units of \$9.9 million. The Company based the fair value of the intangible asset on the market value of the common membership units when issued, which are freely convertible into the Company's common stock. Pursuant to ASC 350-10 *Intangibles Goodwill and Other*, the intangible asset has a finite useful life and the Company will amortize the asset over the remaining useful life corresponding with the ESAs.
