Plan Administrator

The Manitowoc Company, Inc.

401(k) Retirement Plan

Manitowoc, Wisconsin

We have audited the accompanying statements of net assets available for benefits of The Manitowoc Company, Inc. 401(k) Retirement Plan (the Plan) as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Manitowoc Company, Inc. 401(k) Retirement Plan as of December 31, 2011 and 2010, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2011, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Table of Contents

The Manitowoc Company, Inc.

401(k) Retirement Plan

Notes to Financial Statements

Note 1 **Plan Description (Continued)**

Participants' Accounts

All investments in participants' accounts are participant-directed. The Plan allows participants to select from a variety of investment options including common/collective trust funds, mutual funds, and a money market fund.

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of plan earnings/losses and is reduced for withdrawals and an allocation of investment expenses (based on account balances and participant investment elections). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All employer matching contributions prior to August 22, 2009, all employee contributions, and related earnings are 100% vested immediately. Participants vest in the Company's profit sharing and nonsafe harbor contributions at the rate of 20% per year, with the participant becoming fully vested after five years of service. Participants who leave the Company because of normal retirement, disability, or death are considered to be 100% vested.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime plus 1%. Interest rates on existing loans as of December 31, 2011, range from 4.25% to 9.25%. Notes are repaid through payroll deductions over a period not to exceed five years, except for the purchase of a primary residence.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to participant contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15, 2012 and 2011.

Table of Contents

The Manitowoc Company, Inc.

401(k) Retirement Plan

Notes to Financial Statements

Note 1 **Plan Description (Continued)**

Payment of Benefits

Plan benefits are available at normal retirement (age 65), disability retirement, death, and termination of employment with vested interests. Benefits are payable in one lump sum, direct rollover, equal installments over a period of years, or an insurance company single premium nontransferable annuity contract. Distributions may be made as soon as administratively feasible.

Forfeitures

At December 31, 2011 and 2010, forfeited nonvested accounts totaled \$1,824 and \$120,881, respectively. Of these accounts, \$1,824 and \$3,320 at December 31, 2011 and 2010, respectively, will be used to reduce future employer contributions. During 2011 and 2010, employer contributions were reduced by \$354,291 and \$2,021,286, respectively, from forfeited nonvested accounts. In addition, \$38,083 and \$330,585 in forfeitures from Enodis Corporation 401(k) Plan was used to pay administrative expenses in 2011 and 2010, respectively, as per the Plan's provisions.

Transfers To/From Other Plan

The Plan and the Company allow participants to transfer account balances between another plan sponsored by the Company when they transfer to a new division or their job status changes (i.e., union versus nonunion).

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Table of Contents

The Manitowoc Company, Inc.

401(k) Retirement Plan

Notes to Financial Statements

Note 2 **Summary of Significant Accounting Policies** (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are commingled with other plans of The Manitowoc Company, Inc. in the Master Trust. Upon enrollment in the Plan, a participant may direct contributions in 1% increments in any of the defined investment options.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Pending Distributions Payable

Pending distributions payable on the statements of net assets available for benefits include distributions requested prior to year-end, but completed subsequent to year-end.

Administrative Expenses

Administrative expenses of the Plan are paid from the assets of The Manitowoc Company, Inc. Employees Profit Sharing Trust (the Master Trust).

Table of Contents

The Manitowoc Company, Inc.

401(k) Retirement Plan

Notes to Financial Statements

Note 2 **Summary of Significant Accounting Policies** (Continued)

Subsequent Events

Subsequent events have been evaluated through the date the financial statements were issued.

Note 3 **Investments in the Master Trust**

The Plan's investments are in the Master Trust which was established for the investment of assets of the Plan and other retirement plans sponsored by The Manitowoc Company, Inc. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by Marshall & Ilsley Trust Company, N.A. (M&I).

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income (loss), actual distributions, and allocated administrative expenses. At December 31, 2011 and 2010, the Plan's interest in the net assets of the Master Trust was approximately 77% and 76%, respectively.

Transfers in and out of the Master Trust and certain administrative expenses are specifically identified with the particular plan. Investment income (loss) and certain administrative expenses relating to the Master Trust are allocated to the individual plans based on the ratio of the investment balances of the plans.

Notes to Financial Statements

Note 3 Investments in the Master Trust (Continued)

During 2011 and 2010, the Master Trust's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in value as follows:

	2011	2010
Common/collective trust funds	\$ (21,115,393)	\$ 31,372,269
Mutual funds	(8,108,209)	26,135,339
Net appreciation (depreciation)	\$ (29,223,602)	\$ 57,507,608

Investments that represent 5% or more of the Master Trust's net assets as of December 31, 2011 and 2010, are as follows:

	2011	2010
Capital Preservation Fund*	\$ 123,701,431	\$ 123,930,787
Fidelity Contrafund	34,652,659	**
Manitowoc Moderate Growth Fund*	46,692,750	45,792,413
PIMCO Funds Total Return Fund	43,839,392	45,517,445
The Manitowoc Company, Inc. Common Stock Fund	70,592,737	94,177,770
Vanguard Institutional Index Fund	39,222,899	32,791,016

*Investment shown at contract value which is the relevant measurement attribute for fully benefit-responsive investment contracts.

**Represents less than 5% of the Master Trust's net assets for this year.

Note 4 Fair Value Measurements

Edgar Filing: MANITOWOC CO INC - Form 11-K

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Table of Contents

The Manitowoc Company, Inc.

401(k) Retirement Plan

Notes to Financial Statements

Note 4 **Fair Value Measurements** (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Table of Contents

The Manitowoc Company, Inc.

401(k) Retirement Plan

Notes to Financial Statements

Note 4 **Fair Value Measurements** (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2011 and 2010.

Common/collective trust funds: Valued at the net asset value (NAV) of units held by the Plan at year-end, provided by the administrator of the fund. The NAV is based on the value of the underlying assets of the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. The Capital Preservation Fund is a common/collective trust that holds a guaranteed investment contract. The guaranteed investment contract is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The Manitowoc Aggressive Growth Fund, Manitowoc Conservative Growth Fund, and Manitowoc Moderate Growth Fund each hold units of the Capital Preservation Fund.

Mutual funds: Valued at the quoted NAV of shares held by the plan at year-end. The NAV is a quoted price in an active market.

Money market fund: Valued using \$1 for the NAV. The NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Table of Contents

The Manitowoc Company, Inc.

401(k) Retirement Plan

Notes to Financial Statements

Note 5 **Net Asset Value Per Share (Continued)**

a) The strategy of this investment is to diversify investments equally between fixed income and equity securities. The strategy invests 45% of its assets in fixed income securities and 55% of the assets in equity securities. The objective of this asset class is balanced between capital appreciation and preservation of principal. Periodically, this fund will be rebalanced back to its stated Investment Policy objective of 45% fixed income securities and 55% equity securities.

b) This is a single stock portfolio that tracks the performance of The Manitowoc Company, Inc. Common Stock. The price of the stock can fluctuate from day to day or month to month and is designed for individuals who invest for the long term and can tolerate short-term volatility.

c) The strategy of this investment is the preservation of capital, as well as to provide a competitive level of income over time with the preservation of capital. To achieve its investment objectives, the manager will invest primarily in the Fidelity Managed Income Portfolio II (MIP II) Fund. MIP II will be supplemented with the Marshall Money Market Fund (Class Y) to help to provide additional liquidity in order to meet regular withdrawals.

Note 6 **Party-in-Interest Transactions**

Transactions involving The Manitowoc Company, Inc. common stock and notes receivable from participants are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of ERISA regulations.

Certain plan investments are common/collective trust funds, money market fund, and guaranteed investment contracts managed by M&I. M&I is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan pays certain administrative expenses to M&I, as described in Note 1. Fees paid by the Plan to the trustee for administrative expenses amounted to \$527,466 and \$493,062 for 2011 and 2010, respectively.

Notes to Financial Statements

Note 7 Plan Termination

The employer intends to continue the Plan indefinitely; however, the employer reserves the right to terminate the Plan at any time. In the event of termination, all amounts credited to participants' accounts shall become 100% vested and distributed to participants in accordance with the Plan's provisions.

Note 8 Tax-Exempt Status of the Plan

On June 2, 2004, the Internal Revenue Service (IRS) declared that the Plan is qualified pursuant to Section 401 of the IRC. Plan management believes any amendments and events since the effective date of the last IRS determination letter do not affect the qualified status of the Plan. Accordingly, the Plan is exempt from federal and state income taxes under current provisions of their respective laws.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 9 Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010, to Form 5500:

	2011	2010
Net assets available for benefits per the financial statements	\$ 373,880,144	\$ 411,480,188
Deemed distributions on defaulted loans	(191,199)	(186,952)
Net assets available for benefits per Form 5500	\$ 373,688,945	\$ 411,293,236

Note 9 Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of the change in net assets available for benefits per the financial statements at December 31, 2011 and 2010, to Form 5500:

	2011	2010
Net increase (decrease) in net assets available for benefits per the financial statements	\$ (37,600,044)	\$ 26,132,429
Deemed distributions on defaulted loans	(4,247)	(186,952)
Change in net assets per Form 5500	\$ (37,604,291)	\$ 25,945,477

Note 10 Risks and Uncertainties

The Master Trust's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 Voluntary Correction Program

The Company filed a Voluntary Correction Program (VCP) submission with the IRS on January 31, 2011, to address the manner in which Plan hardship and in-service distributions were approved for Plan participants. These items did not have a material impact on the Plan's net assets available for benefits, and the Company does not expect the VCP submission to affect the Plan's tax status. As of December 31, 2011, the submission is still outstanding.

Note 12 Reclassifications

Certain reclassifications have been made to the 2010 financial statements to conform to the 2011 classifications.
