Item 2.02. Results of Operations and Financial Condition

As described in this Current Report, during the first quarter of 2013, 3M completed a realignment of its business groups (segments) to better serve its global markets and customers. In addition, 3M realigned its geographic area reporting to include Puerto Rico in the United States, rather than in the Latin America/Canada region. This Current Report includes supplemental unaudited historical business segment sales and operating income information to reflect the business segment realignments on both an annual and quarterly basis for the years ended December 31, 2012, 2011 and 2010 and supplemental unaudited historical geographic area sales and operating income information to reflect the geographic area realignment on an annual basis for the years ended December 31, 2012, 2011 and 2010 (all furnished hereunder as Exhibit 99 and incorporated herein by reference). The Company did not operate under the realigned business segment or geographic area structure for any of these prior periods and will begin to report comparative results under the new structure with the filing of its Quarterly Report on Form 10-Q for the quarter ending March 31, 2013.

The information contained in this Current Report shall not be deemed to be filed for the purposes of Section 18 of the Securities Exchange Act of 1934 (the Exchange Act ) or otherwise subject to the liabilities of that section, nor shall it be incorporated by reference into a filing under the Securities Act of 1933, or the Exchange Act.
