On February 13, 2018, Laurie Smaldone Alsup, M.D. was appointed by the Board of Directors of Theravance Biopharma, Inc. (the Company) to serve as a Class I member of the Board of Directors. The Company's Board of Directors (the Board) has determined that Dr. Smaldone Alsup is independent within the meaning of the independent director standards of the Securities and Exchange Commission and Nasdaq Stock Market, Inc.

In connection with her appointment to the Board, Dr. Smaldone Alsup will be entitled to receive cash and equity compensation pursuant to the Company's non-employee director compensation program, including a \$55,000 annual retainer, a fee of \$1,000 per meeting for each Board meeting attended or \$500 per meeting for each in person Board meeting attended by video or teleconference and an additional \$1,500 fee for in-person attendance at Board meetings held outside of the United States, as well as automatic grants of equity awards under the Company's 2013 Equity Incentive Plan. Pursuant to the non-employee director compensation program, Dr. Smaldone Alsup was automatically granted the following equity awards: (i) an initial option to acquire 12,000 ordinary shares vesting monthly over 24 months of service, (ii) a pro-rated annual option to acquire 1,500 ordinary shares vesting monthly over three months of service and in full on the date of the Company's 2018 annual meeting of shareholders and (iii) a pro-rated annual RSU award covering 1,776 ordinary shares that will vest in full upon the earlier of the three-month anniversary of Dr. Smaldone Alsup's appointment to the Board or the date of the Company's 2018 annual meeting of shareholders. All automatic equity awards granted pursuant to the non-employee director compensation program vest in full upon the director's death or disability or upon the occurrence of a change in control before the director's service terminates.

During 2017, the Company engaged NDA Group, of which Dr. Smaldone Alsup is the Chief Operating Officer and Chief Scientific Officer, to perform consulting services related to the regulatory plans for one of the Company's drug candidates.
