SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-K

(Mark One)

ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the fiscal year ended December 31, 2010

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

Commission File Number 1-31987

Hilltop Holdings Inc.

(Exact name of registrant as specified in its charter)

Edgar Filing: Hilltop Holdings Inc. - Form 10-K

MARYLAND
(State or other jurisdiction of
incorporation or organization)

84-1477939
(I.R.S. Employer
Identification No.)

200 Crescent Court, Suite 1330
Dallas, Texas
(Address of principal executive offices)

75201
(zip code)

(214) 855-2177

(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Name of each exchange on which registered
Common Stock, par value \$0.01 per share	New York Stock Exchange

Securities registered pursuant to Section 12(g) of the Act: **None**

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (§229.405 of this chapter) is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act.

Edgar Filing: Hilltop Holdings Inc. - Form 10-K

Large accelerated filer

Accelerated filer

Non-accelerated filer
(Do not check if smaller reporting company)

Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes No

The aggregate market value of the common stock of the registrant held by non-affiliates of the registrant, computed by reference to the price at which the common stock was last sold on the New York Stock Exchange on June 30, 2010, was approximately \$398 million. For purposes of this computation, all officers, directors and 10% stockholders were deemed to be affiliates. This determination should not be construed as an admission that such officers, directors and 10% stockholders are affiliates. The number of shares of the registrant's common stock outstanding at March 11, 2011 was 56,496,619.

DOCUMENTS INCORPORATED BY REFERENCE

The Registrant's definitive Proxy Statement pertaining to the 2011 Annual Meeting of Stockholders, filed or to be filed not later than 120 days after the end of the fiscal year pursuant to Regulation 14A, is incorporated herein by reference into Part III.

MARKET AND INDUSTRY DATA AND FORECASTS

Market and industry data and other statistical information and forecasts used throughout this Annual Report on Form 10-K are based on independent industry publications, government publications and reports by market research firms or other published independent sources. We have not sought or obtained the approval or endorsement of the use of this third-party information. Some data also is based on our good faith estimates, which are derived from our review of internal surveys, as well as independent sources. Forecasts are particularly likely to be inaccurate, especially over long periods of time.

Table of Contents

Unless the context otherwise indicates, all references in this Annual Report on Form 10-K to the Company, Hilltop, HTH, we, us, our or ours or similar words are to Hilltop Holdings Inc.(formerly known as Affordable Residential Communities Inc.) and its direct and indirect wholly-owned subsidiaries.

FORWARD-LOOKING STATEMENTS

This Annual Report on Form 10-K and the documents incorporated by reference into this report include forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, or Securities Act, and Section 21E of the Securities Exchange Act of 1934, or Exchange Act, as amended by the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical fact, included in this Annual Report on Form 10-K that address results or developments that we expect or anticipate will or may occur in the future, where statements are preceded by, followed by or include the words believes, expects, may, will, would, could, should, seeks, approximately, plans, projects, estimates or anticipates or the negative of these words and phrases or similar words or phrases, including such things as our business strategy, our financial condition, our litigation, our efforts to make strategic acquisitions, our liquidity and sources of funding, our capital expenditures, our products, market trends, operations and business, are forward-looking statements.

These forward-looking statements are based on our beliefs, assumptions and expectations of our future performance taking into account all information currently available to us. These beliefs, assumptions and expectations are subject to risks and uncertainties and can change as a result of many possible events or factors, not all of which are known to us. If an event occurs or further changes, our business, business plan, financial condition, liquidity and results of operations may vary materially from those expressed in our forward-looking statements. Certain factors that could cause actual results to differ include, among others:

- changes in the acquisition market;
- our ability to find and complete strategic acquisitions with suitable merger or acquisition candidates or find other suitable ways in which to invest our capital;
- the adverse impact of external factors, such as changes in interest rates, inflation and consumer confidence;
- the condition of capital markets;
- actual outcome of the resolution of any conflict;
- our ability to use net operating loss carryforwards to reduce future tax payments;
- the impact of the tax code and rules on our financial statements;
- failure of NLASCO, Inc.'s insurance subsidiaries to maintain their respective A.M. Best ratings;
- failure to maintain NLASCO, Inc.'s current agents;
- lack of demand for insurance products;

Edgar Filing: Hilltop Holdings Inc. - Form 10-K

- cost or availability of adequate reinsurance;
- changes in key management;
- severe catastrophic events in our geographic area;
- failure of NLASCO, Inc. s reinsurers to pay obligations under reinsurance contracts;
- failure of NLASCO, Inc. to maintain sufficient reserves for losses on insurance policies;
- failure to successfully implement NLASCO, Inc. s new information technology system; and
- failure of NLASCO, Inc. to maintain appropriate insurance licenses.

For a further discussion of these and other risks and uncertainties that could cause actual results to differ materially from those contained in our forward-looking statements, please refer to **Risk Factors** in this report. Consequently, all of the forward-looking statements made in this report are qualified by these cautionary statements, and there can be no assurance that the actual results or developments anticipated by us will be realized, or even substantially realized, and that they will have the expected consequences to, or effects on, us and our business or operations. Forward-looking statements made in this report speak as of the date of this report or as of the date specifically referenced in any such statement set forth in this report. We undertake no obligation to update or revise any forward-looking statements in this report.

Table of Contents

PART I

ITEM 1. BUSINESS

General Information

We are a holding company that is endeavoring to make opportunistic acquisitions or effect a business combination. In connection with that strategy, we are identifying and evaluating potential targets across all industries on an ongoing basis. At December 31, 2010, we had approximately \$600 million aggregate available cash and cash equivalents that may be used for this purpose. No assurances, however, can be given that we will be able to identify suitable targets, consummate acquisitions or effect a combination or, if consummated, successfully integrate or operate the acquired business.

The Company originally received its shelf charter in November 2008. Given the amount of time elapsed since the original application and various other changes, the Office of the Comptroller of the Currency requested that a full, updated application be re-filed. Accordingly, the Company withdrew the original shelf charter application and re-filed an application that reflects updates and other changes made since the original application. No assurances, however, can be given that the regulatory authorities will grant the shelf charter.

We also provide fire and homeowners insurance to low value dwellings and manufactured homes primarily in Texas and other areas of the south, southeastern and southwestern United States through our wholly-owned property and casualty insurance holding company, NLASCO, Inc., or NLASCO. We acquired NLASCO in January 2007. NLASCO operates through its wholly-owned subsidiaries, National Lloyds Insurance Company, (NLIC), and American Summit Insurance Company, (ASIC).

NLASCO targets underserved markets that require underwriting expertise that many larger carriers have been unwilling to develop given the relatively small volume of premiums produced by local agents. Within these markets, NLASCO attempts to capitalize on its superior local knowledge to identify profitable underwriting opportunities. NLASCO believes that it distinguishes itself from competitors by delivering products that are not provided by many larger carriers, providing a high level of customer service and responding quickly to the needs of its agents and policyholders. NLASCO applies a high level of selectivity in the risks it underwrites and uses a risk-adjusted return approach to capital allocation, which NLASCO believes allows it to consistently generate underwriting profits.

NLIC and ASIC carry a financial strength rating of A (Excellent) by A.M. Best. An A rating is the third highest of 16 rating categories used by A.M. Best. Many insurance buyers, agents and brokers use the ratings assigned by A.M. Best and other rating agencies to assist them in assessing the financial strength and overall quality of the companies from which they purchase insurance. This rating is intended to provide an independent opinion of an insurer's ability to meet its obligations to policyholders and is not an evaluation directed at investors. This rating assignment is subject to the ability to meet A.M. Best's expectations as to performance and capitalization on an ongoing basis, including with respect to management of liabilities for losses and loss adjustment expenses, and is subject to revocation or revision at any time at the sole discretion of A.M. Best.

Edgar Filing: Hilltop Holdings Inc. - Form 10-K

Our common stock is listed on the New York Stock Exchange, or NYSE, under the symbol HTH.

Our principal office is located at 200 Crescent Court, Suite 1330, Dallas, Texas 75201, and our telephone number at that location is (214) 855-2177. Our internet address is www.hilltop-holdings.com.

We currently are subject to the reporting requirements of the Exchange Act and, therefore, file annual, quarterly and current reports, proxy statements and other information with the Securities and Exchange Commission, or the SEC. These filings, and amendments to these filings, may be accessed, free of charge, on the investor relations page of our website as soon as reasonably practicable after they are electronically filed with, or furnished to, the SEC. Additionally, any materials that we file with, or furnish to, the SEC may be read and copied at the SEC's Public Reference Room at 100 F Street, NE, Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for more information regarding the operations of the SEC Public Reference Room. The SEC also maintains a website, www.sec.gov, which contains reports, proxy and information statements and other information regarding issuers, such as ourselves, that file electronically with the SEC. Our codes of conduct and ethics, including amendments to, and waivers of, those codes, our corporate governance guidelines, director independence criteria and board committee charters can be accessed, free of charge, on our website, as well. We will provide, at no cost, a copy of these documents upon request by telephone or in writing at the above phone number or address, attention: Investor Relations. The references to our website address do not constitute incorporation by reference of the information contained on our website into, and should not be considered a part of, this Annual Report on Form 10-K.

Table of Contents

In 2010, our Chief Executive Officer certified to the NYSE, pursuant to Section 303A.12 of the NYSE's listing standards, and that he is unaware of any violation by us of the NYSE's corporate governance listing standards.

Company Background

We were formed in 1998 under the name Affordable Residential Communities Inc. as a Maryland corporation that elected to be taxed as a real estate investment trust, or REIT. Until July 2007, we primarily engaged in the acquisition, renovation, repositioning and operation of all-age manufactured home communities, the retail sale and financing of manufactured homes, the rental of manufactured homes and other related businesses, including acting as agent in the sale of homeowners' insurance and related products, to residents and prospective residents of those communities. Our primary operations previously were conducted through an operating partnership, in which we owned a general partnership interest.

On February 18, 2004, we completed our initial public offering, or IPO. Through the year ended December 31, 2005, we operated as a fully integrated, self-administered and self-managed equity REIT for U.S. federal income tax purposes. In 2006, we revoked our election as a REIT for U.S. federal income tax purposes.

In January 2007, we acquired NLASCO. NLASCO was incorporated in Delaware in 2000, but its origins trace back to 1948 through one of its subsidiaries, NLIC.

On July 31, 2007, we sold substantially all of the operating assets used in our manufactured home communities business and our retail sales and financing business to American Residential Communities LLC. We intend to make opportunistic acquisitions with certain of the remaining proceeds from this transaction and, if necessary or appropriate, from additional equity or debt financing sources. In conjunction with this transaction, we transferred to the buyer the rights to the Affordable Residential Communities' name, changed our name to Hilltop Holdings Inc., and moved our headquarters to Dallas, Texas.

Following the completion of the sale of our manufactured home communities businesses, our current operations have consisted solely of those of NLASCO and its subsidiaries. Therefore, the remainder of our discussion focuses on the property and casualty insurance operations of NLASCO and its subsidiaries.

Insurance Operations

NLASCO specializes in providing fire and limited homeowners insurance for low value dwellings and manufactured homes primarily in Texas and other areas of the south, southeastern and southwestern United States. NLASCO targets underserved markets that require underwriting expertise that many larger carriers have been unwilling to develop given the relatively small volume of premiums produced by local agents. Within these markets, NLASCO attempts to capitalize on its superior local knowledge to identify profitable underwriting opportunities. NLASCO believes that it distinguishes itself from competitors by delivering products that are not provided by many larger carriers, providing a high level of customer service and responding quickly to the needs of its agents and policyholders. NLASCO applies a high level of selectivity

Edgar Filing: Hilltop Holdings Inc. - Form 10-K

in the risks it underwrites and uses a risk-adjusted return approach to capital allocation, which NLASCO believes allows it to consistently generate underwriting profits.

Many insurance buyers, agents and brokers use the ratings assigned by A.M. Best and other rating agencies to assist them in assessing the financial strength and overall quality of the companies from which they purchase insurance. Both NLIC and ASIC carry a financial strength rating of A (Excellent) by A.M. Best.

The Insurance Industry

The property and casualty insurance industry provides protection from pre-specified loss events, such as damage to property or liability claims by third parties. Property and casualty insurance can be broadly classified into two lines; personal lines, in which insurance is provided to individuals, and commercial lines, in which insurance is provided to business enterprises. In the U.S., personal and commercial insurance products are written in admitted and non-admitted markets, also known as the excess and surplus lines market. NLASCO provides insurance products in the personal line and the commercial line markets.

Table of Contents

In the admitted market, insurers are authorized by state insurance departments to do business, insurance rates and forms are generally highly regulated and coverage tends to be standardized. Within the admitted market, NLASCO focuses on underserved segments that do not fit into the standard underwriting criteria of national insurance companies due to several factors, such as type of business, location and the amount of premium per policy. This portion of the market tends to have limited competition. Therefore, NLASCO believes it has greater flexibility in pricing and product design relative to most admitted market risks.

The non-admitted market focuses on harder-to-place risks that admitted insurers typically do not write. In this market, risks are underwritten with more flexible policy forms and rates, resulting in more restrictive and expensive coverage. NLASCO writes in this market for its dwelling fire, homeowner, and mobile home business in Louisiana.

The property and casualty insurance industry, historically, has been subject to cyclical fluctuations in pricing and availability of insurance coverage. Soft markets are often characterized by excess underwriting capital and involve intense price competition, erosion of underwriting discipline and poor operating performance. These market conditions usually lead to a period of diminished underwriting capacity after insurance companies exit unprofitable lines and exhibit greater underwriting discipline and increase premium rates. This latter market condition is called a hard market. The insurance market may not always be hard or soft; rather, it could be hard for one line of business and soft for another. The market at the start of 2011 is likely to be characterized as soft for property risks in NLASCO's operating area; however, in coastal areas, due to the hurricane activity in recent years, those markets are considered hard.

Product Lines

Personal and Commercial Lines

The NLASCO companies specialize in writing fire and homeowners insurance coverage for low value dwellings and manufactured homes. The vast majority of NLASCO's property coverage is written on policies that provide actual cash value payments, as opposed to replacement cost. Under actual cash value policies, the insured is entitled to receive only the cost of replacing or repairing damaged or destroyed property with comparable new property, less depreciation. Additionally, most of NLASCO's property policies exclude coverage for water and mold damage.

In 2010, NLASCO expanded its homeowners insurance products to include replacement cost coverage, which also includes limited water coverage. These new products are being marketed and sold in various states; however, the primary market is Texas. The development and implementation of these new products has contributed to the premium growth at NLASCO in 2010.

NLASCO's business is conducted with two product lines, its personal lines and its commercial lines. The personal lines include homeowners, dwelling fire, manufactured home, flood and vacant policies. The commercial lines include commercial, builders risk, builders risk renovation, sports liability and inland marine policies.

Edgar Filing: Hilltop Holdings Inc. - Form 10-K

Table of Contents

Set forth below is certain financial data broken down by line of business (in millions):

	For The Year Ended December 31,		
	2010	2009	2008
Gross Premiums Written			
Personal lines	\$ 136.5	\$ 129.5	\$ 131.8
Commerical lines	7.9	6.7	6.2
Total	\$ 144.4	\$ 136.2	\$ 138.0

All other states	1.2	1.2	1.3
TOTAL	\$ 144.4	\$ 136.2	\$ 138.0

Edgar Filing: Hilltop Holdings Inc. - Form 10-K

NLASCO underwrites insurance coverage primarily in Texas, as well as other states in the south and southwest regions.

Table of Contents

Distribution

NLASCO distributes its insurance products through a broad network of independent agents in 23 states and a select number of managing general agents, referred to as MGAs. NLASCO has a preference for doing business with agents that desire a long-term relationship that will result in mutual profitability and value for both parties. NLASCO believes that relationship agents are more oriented to the long-term and desire a meaningful relationship with their customers and the insurers they represent. NLASCO's top ten agents accounted for only 9.9%, 9.9% and 10.1% of direct premiums written in 2010, 2009 and 2008, respectively, and as of December 31, 2010, the average tenure of the top 25 agencies was over 12 years.

Underwriting and Pricing

NLASCO applies its regional expertise, underwriting discipline and a risk-adjusted, return-on-equity based approach to capital allocation to primarily offer short-tail insurance products in its target markets. NLASCO's underwriting process involves securing an adequate level of underwriting information from its independent agents, identifying and evaluating risk exposures and then pricing the risks it chooses to accept.

NLASCO employs a disciplined underwriting approach that incorporates the continuously refined stratification of its target markets to permit it to tailor its policies to individual risks and adopt pricing structures that will be supported in the applicable market. NLASCO utilizes underwriting principles and processes that reflect the knowledge and experience it has acquired during its 40-plus year history of underwriting risks. NLASCO believes that this comprehensive process capitalizes on its knowledge and expertise and results in better underwriting decisions.

Pricing levels are established by NLASCO's senior management with the assistance of a consulting actuary. Pricing balances NLASCO's return requirements along with the legal/regulatory environment in each particular geographic region. Management reviews pricing on a quarterly basis to monitor any emerging issues, such as the mold crisis that hit Texas in 2003. NLASCO's statistical database allows this analysis to be performed on a specific coverage or geographic territory. In 2010, ASIC increased premium rates in Arizona and Louisiana and NLIC increased rates in Georgia, Oklahoma, Texas and Tennessee.

Catastrophe Exposure

NLASCO maintains a comprehensive risk management strategy, which includes actively monitoring its catastrophe prone territories by zip code to ensure a diversified book of risks. NLASCO utilizes software and risk support from its reinsurance brokers to analyze its portfolio and catastrophe exposure. Biannually, NLASCO has its entire portfolio analyzed by its reinsurance broker who utilizes hurricane models to predict risk. Based on this information and management's active role in risk management, NLASCO makes decisions on what geographic areas to write risks. Over the years, NLASCO has adjusted its business based on its perceived risk of catastrophe losses. For example, in 2005, ASIC withdrew from the Mississippi market to mitigate its catastrophe exposure in that area, and in 2006, it stopped writing new policies that cover wind damage along the seacoast of Louisiana. In 2009, NLASCO decided not to renew wind policies for properties within the Texas seacoast. All policies in catastrophe prone areas will exclude wind by the end of February 2011.

Edgar Filing: Hilltop Holdings Inc. - Form 10-K

In recent years, NLASCO's catastrophe exposure primarily resulted from property policies in Cameron, Harris, Jefferson and Nueces Counties in Texas, which include the densely populated Houston metropolitan area and the cities extending from the northern tip to the southern point on the Texas Gulf Coast. All of this territory is exposed to potential wind storm activity from the Gulf of Mexico. By not renewing wind policies on the Texas seacoast, which is exposed to the majority of potential wind storm activity, NLASCO's primary catastrophe exposure will be limited to property policies in Harris County. NLASCO also is exposed to hail and other catastrophic events in the Texas panhandle and plains states.

In 2010, the coastal area represented 12% of Texas state-wide premiums; however, less than 1% of these coastal policies included full wind coverage. The panhandle represents 7% of Texas state-wide premiums.

Table of Contents

Terrorism Risk Insurance Act of 2002, Terrorism Risk Insurance Extension Act of 2005 and Terrorism Risk Insurance Program Reauthorization Act of 2007

On November 26, 2002, the Terrorism Risk Insurance Act of 2002 was enacted into Federal law and established the Terrorism Risk Insurance Program, or the Program. The Program is a Federal program that provides for a system of shared public and private compensation for insured losses resulting from acts of terrorism or war. The Program was scheduled to terminate on December 31, 2005. On December 22, 2005, the Terrorism Risk Insurance Extension Act of 2005 was enacted into Federal law, reauthorizing the Program through December 31, 2007, while reducing the Federal role under the Program. On December 26, 2007, the Terrorism Risk Insurance Program Reauthorization Act, or the Reauthorization Act, was enacted into Federal law, reauthorizing the Program through December 31, 2014 and implementing several changes to the Program.

In order for a loss to be covered under the Program, as presently constituted, aggregate industry losses of \$100 million must be satisfied. Further, the losses must be the result of an event that is certified as an act of terrorism by the U.S. Secretary of the Treasury, Secretary of State and Attorney General. The original Program excluded from participation certain of the following types of insurance: Federal crop insurance, private mortgage insurance, financial guaranty insurance, medical malpractice insurance, health or life insurance, flood insurance and reinsurance. The 2005 Act exempted from coverage certain additional types of insurance, including commercial automobile, professional liability (other than directors and officers), surety, burglary and theft and farm-owners multi-peril. In the case of a war declared by Congress, only workers' compensation losses are covered by the Program. The Program generally requires that all commercial property and casualty insurers licensed in the United States participate in the Program. Under the Program, a participating insurer is entitled to be reimbursed by the Federal government for a percentage of subject losses, after an insurer deductible, subject to an annual cap. The Federal reimbursement percentage was fixed by the Reauthorization Act at 85%. The deductible is calculated by applying the deductible percentage to the insurer's direct earned premiums for covered lines. The deductible under the Program is fixed at 20%. NLASCO's deductible under the Program was \$1.4 million for 2010 and is estimated to be \$1.6 million in 2011. The annual cap limits the amount of aggregate subject losses for all participating insurers to \$100 billion. Once subject losses have reached \$100 billion aggregate amount during a Program year, there is no additional reimbursement from the U.S. Treasury and an insurer that has met its deductible for the program year is not liable for any losses that exceed the \$100 billion cap. When insured losses under the Program exceed the \$100 billion cap, the insured losses are subject to pro-rata sharing based upon regulations promulgated by the U.S. Treasury. Additionally, under the Reauthorization Act, the timing of mandatory recoupment of the Federal reimbursement through policyholder surcharges was accelerated.

On December 14, 2009, two final rules with respect to the Program were published in the Federal Register. The first rule describes how the Treasury will calculate the amounts to be recouped from insurers and establishes procedures for insurers to use in collecting Federal Terrorism Policy Surcharges and remitting them to the Treasury. The second rule describes how the Treasury intends to determine the pro rata share of insurance losses under the Program when losses otherwise would exceed the annual monetary cap. NLASCO had no terrorism-related losses in 2010.

Reinsurance

NLASCO purchases reinsurance to reduce its exposure to liability on individual risks and claims and to protect against catastrophe losses. NLASCO's management believes that less volatile, yet reasonable returns are in the long-term interest of NLASCO and, as a result, maintains a conservative reinsurance program. NLASCO generated direct premiums written totaling \$138.5 million, net of flood policies, in 2010 and paid approximately \$13.7 million in catastrophe reinsurance premiums prior to any reinstatement premiums.

Edgar Filing: Hilltop Holdings Inc. - Form 10-K

Reinsurance involves an insurance company transferring, or ceding, a portion of its risk to another insurer, the reinsurer. The reinsurer assumes the exposure in return for a portion of the premium. The ceding of risk to a reinsurer does not legally discharge the primary insurer from its liability for the full amount of the policies on which it obtains reinsurance. Accordingly, the primary insurer remains liable for the entire loss if the reinsurer fails to meet its obligations under the reinsurance agreement, and as a result, the primary insurer is exposed to the risk of non-payment by its reinsurers.

We believe that NLASCO's financial stability is substantially protected from catastrophic events through several excess of loss reinsurance contracts that combine to provide a mix of coverage against various types and combinations of catastrophe losses. As noted in the section titled Risk Factors, NLASCO is exposed to catastrophic losses that could exceed the limits of reinsurance and negatively impact its financial position and results of operations. The Company purchases catastrophe excess of loss reinsurance to a limit that exceeds the Hurricane 500-year return time, as modeled by RMS Risk Link v. 10.0 and AIR v 12.0.

Table of Contents

In formulating its reinsurance programs, NLASCO believes that it is selective in its choice of reinsurers and considers numerous factors, the most important of which are the financial stability of the reinsurer, its history of responding to claims and its overall reputation. In an effort to minimize exposure to the insolvency of reinsurers, NLASCO evaluates the acceptability, and continuously monitors the financial condition, of each reinsurer. NLASCO enters into reinsurance agreements only with reinsurers that have an A.M. Best financial strength rating of A- (Excellent) (fourth highest of 16 categories) or better, or at least an A rating by Standard & Poors. If a reinsurer rating subsequently drops below A- (Excellent), NLASCO can cancel or replace the reinsurer. As of December 31, 2010, 100% of NLASCO's paid loss recoverables were from reinsurers rated A- (Excellent) or better by A.M. Best. To further minimize exposure to reinsurer insolvency, NLASCO spreads reinsurance treaties among many reinsurers. NLASCO reviews retention levels each year to maintain a balance between the growth in surplus and the cost of reinsurance. NLASCO had no losses from unrecoverable reinsurance in 2010.

NLASCO's ten largest net receivable balances from reinsurers as of, and for the year ended, December 31, 2010 were as follows (in millions):

	A.M. Best Financial Strength Rating	Year Ended December 31, 2010			
		Ceded Premiums	Balances Due from Reinsurance Companies	Prepaid Reinsurance Premiums	Net Receivable Balance(1)
Federal Emergency Management Agency Endurance Specialty Insurance Ltd	N/A	\$ 5.9	\$ 1.1	\$ 4.9	\$ 6.0
Ariel Reinsurance Company Limited	A	0.3	5.6		5.6
Platinum Underwriters Reinsurance, Inc.	A-	1.3	4.7		4.7
Arch Reinsurance Company	A	1.8	4.3		4.3
MS Frontier Reinsurance Limited	A	1.5	3.0		3.0
Munich Reinsurance America, Inc.	A	0.5	2.8		2.8
Validus Reinsurance Ltd	A+	1.3	2.8		2.8
Amlin Bermuda Limited	A-	0.1	2.0		2.0
Transatlantic Reinsurance Company	A	0.7	1.9		1.9
	A	0.5	1.5		1.5

(1) The net receivable balance includes balances due from reinsurance companies, contingent commissions, prepaid reinsurance premiums and ceded contingent commissions, less balances due to reinsurance companies.

As of December 31, 2010, NLIC had reinsurance for up to \$164 million of losses per event in excess of \$6 million retention by NLIC. This reinsurance is comprised of four layers of protection: \$19 million in excess of \$6 million retention; \$25 million in excess of a \$25 million loss; \$90 million in excess of a \$50 million loss; and \$30 million in excess of a \$140 million loss (the two upper layers also comprise a \$120 million in excess of \$50 million layer). NLIC retains no participation in any of the layers, other than the first \$6 million retention.

As of December 31, 2010, ASIC had reinsurance for up to \$169 million of losses per event in excess of a \$1 million retention by ASIC. This reinsurance is comprised of five layers of protection: \$5 million in excess of \$1 million retention; \$19 million in excess of \$6 million retention; \$25 million in excess of a \$25 million loss; \$90 million in excess of a \$50 million loss; and \$30 million in excess of a \$140 million loss (the two

upper layers also comprise a \$120 million in excess of \$50 million layer). ASIC retains no participation in any of the layers, other than the first \$1 million retention.

As of January 1, 2011, the Company renewed its reinsurance contract for its first and second layers of reinsurance. Per the contract renewal, the Company increased its retention at NLIC to \$8 million; therefore, NLIC will have reinsurance for up to \$162 million in losses per event in excess of \$8 million retention. ASIC expanded its underlying coverage to \$7 million excess of \$1 million retention to correspond with the increased NLIC retention. The reinsurance in excess of \$8 million is comprised of four layers of protection: \$17 million in excess of \$8 million retention; \$25 million in excess of \$25 million loss; \$90 million in excess of a \$50 million loss; and \$30 million in excess of a \$140 million loss (the two upper layers also comprise a \$120 million in excess of \$50 million layer). NLIC and ASIC retains no participation in any of the layers, other than the first \$8 million and \$1 million retention, respectively. The projected premiums on these treaties for NLIC and ASIC are \$9.8 and \$1.7 million, respectively, in 2011.

As of December 31, 2010, total retention for any one catastrophe that affects both NLIC and ASIC is limited to \$6 million in the aggregate.

Table of Contents

In addition to the catastrophe reinsurance noted above, both NLIC and ASIC participate in an excess of loss program with General Reinsurance Corporation. The General Reinsurance Corporation program is limited to each risk with respect to property and liability in the amount of \$800,000 for each of NLIC and ASIC. Each of NLIC and ASIC retain \$200,000 in this program.

Liabilities for Unpaid Losses and Loss Adjustment Expenses

NLASCO's liabilities for losses and loss adjustment expenses include liabilities for reported losses, liabilities for incurred but not reported, or IBNR, losses and liabilities for loss adjustment expenses, or LAE, less a reduction for reinsurance recoverables related to those liabilities. The amount of liabilities for reported claims is based primarily on a claim-by-claim evaluation of coverage, liability, injury severity or scope of property damage, and any other information considered relevant to estimating exposure presented by the claim. The amounts of liabilities for IBNR losses and LAE are estimated on the basis of historical trends, adjusted for changes in loss costs, underwriting standards, policy provisions, product mix and other factors. Estimating the liability for unpaid losses and LAE is inherently judgmental and is influenced by factors that are subject to significant variation. Liabilities for LAE are intended to cover the ultimate cost of settling claims, including investigation and defense of lawsuits resulting from such claims. Based upon the contractual terms of the reinsurance agreements, reinsurance recoverables offset, in part, NLASCO's gross liabilities.

Significant periods of time can elapse between the occurrence of an insured loss, the reporting of the loss to the insurer and the insurer's payment of that loss. NLASCO's liabilities for unpaid losses represent the best estimate at a given point in time of what it expects to pay claimants, based on facts, circumstances and historical trends then known. During the loss settlement period, additional facts regarding individual claims may become known and, consequently, it often becomes necessary to refine and adjust the estimates of liability.

The table below presents one-year development information on changes in the liability for losses and LAE and a reconciliation of liabilities on a direct premiums written and net premiums written basis for the twelve months ended December 31, 2010 and 2009 (in thousands):

	2010	2009
Balance at January 1,	\$ 33,780	\$ 34,023
Less reinsurance recoverables	(21,102)	(14,613)
Net balance at January 1,	12,678	19,410
