in a local sales or manufacturing annual incentive plan. Funding of the 2006 Plan is determined by the Company's attainment of certain financial goals related to sales growth (10% weighting), earnings per share (50% weighting) and cash flow (40% weighting) and the determination by the People and Compensation Committee that such attainment satisfies certain subjective performance criteria as determined by the Committee. Various performance levels are approved by the People and Compensation Committee with a payout level (as a percentage of target annual incentive opportunity) associated with each level of performance as follows: (i) threshold, 35%, (ii) budget, 100%, and (iii) outstanding, 200%. The incentive pool will be funded at no less than 20% of budget level funding in the event the Company pays dividends with respect to each of its financial quarters ending during the performance period.

A summary of the 2006 Plan can be found in Exhibit 10 filed herewith and is incorporated herein by reference.
