The Audit Committee, which held nineteen (19) meetings in Fiscal 2002 (eleven (11) by telephone), consists of Richard Nolan, as Chair, Bobbie Gaunt, Dan Kourkoumelis and Maureen Tart-Bezer. The Audit Committee (i) reviews annual financial statements prior to submission to the Board of Directors and reports thereon, (ii) reviews quarterly results prior to release, (iii) at its discretion, examines and considers matters relating to the internal and external audit of the Company's accounts and financial affairs, (iv) recommends the employment of outside accountants, (v) determines the compensation of, and oversees, the outside accountants, and (vi) as appropriate, meets with Company personnel in the performance of its functions.

The Governance Committee considers director nominees recommended by stockholders. To submit a recommendation for the Company's next annual meeting, to be held in July, 2004, please provide the recommended nominee's name, biographical data and qualifications, accompanied by the written consent of such recommended nominee, to the Corporate Secretary of the Company by February 1, 2004.

BOARD OF DIRECTOR COMPENSATION

The Company does not pay directors who are also officers of the Company any additional compensation or benefits for serving on the Board of Directors. The Company pays non-employee directors an annual retainer of \$32,000, plus an attendance fee of \$1,000 for each Board of Directors meeting attended and \$1,000 for each Committee meeting attended if substantial time or effort is involved, plus expenses of attendance. If two (2) compensable meetings are held on the same day, the fee for the second meeting is limited to \$500. The Company pays the Chair of each Committee, except the Executive Committee, an additional \$5,000 per year. Under the 1994 Stock Option Plan for Non-Employee Directors, non-employee directors are entitled to an initial stock option grant of 2,000 shares and an additional grant of 500 shares after each annual meeting thereafter. These shares vest in one-third increments on succeeding annual meeting dates.

Effective May 1, 1996, the Company revised the compensation program for its non-employee directors. In conjunction therewith, the Company suspended the retirement plan pursuant to which directors, after serving five (5) years and attaining age seventy (70), were entitled upon retirement from the Board of Directors to an annual benefit equal to the highest annual retainer paid during their tenure (currently \$32,000) for a period equal to their years of service up to fifteen (15) years. The directors had a one-time election to transfer the present value of their accrued benefits to the new plan. Under the Directors' Deferred Payment Plan adopted May 1, 1996, the Company contributes to the deferred payment accounts of all directors with less than fifteen (15) years of service an amount equal to 75% of the current retainer. Up to all and at least 50% of these deferred payments will be credited to a Company common stock equivalent account. The balance, at the director's election, in increments of 25% will be credited to a 10-year U. S. Treasury bond equivalent account. The directors are fully vested in their accounts. Accruals will be made to these accounts through the fifteenth anniversary of service on the Board of Directors. Upon termination from service as a director, the value of the Company common stock equivalent account will be determined using the final average market value of the Company's shares for the prior 180 calendar days, inclusive of appreciation for the effect of dividends. The value of the bond equivalent account will be the sum of the credits and interest to the date of termination. Benefits will then be paid to the retired director equally over the subsequent 180 months or the length of service, whichever is shorter. However, in the event of death, benefits will continue to be paid to the director's beneficiary for a maximum of ten (10) years, which includes any period of payment before death.

Employment and Termination Agreements

The Company is a party to employment agreements with each of Mr. Costantini, Mr. Goldstein and Mr. Piwek (the Employment Agreements) which provide for minimum base annual salaries of \$355,000, \$340,000 and \$500,000, respectively. The Employment Agreements for Mr. Costantini, Mr. Goldstein and Mr. Piwek have initial termination dates of October 31, 2003, February 23, 2005 and November 10, 2005, respectively; provided, however, that each Employment Agreement provides for a rolling eighteen (18) month term commencing May 1, 2002 for Mr. Costantini, August 24, 2004 for Mr. Goldstein and May 11, 2004 for Mr. Piwek. The Employment Agreements also provide for participation in Company benefit programs (including bonus programs) and services, facilities and perquisites appropriate to their positions, including without limitation, the Executive Medical Plan.

Following termination other than for cause, permanent total disability, death or a resignation not for Good Reason and in the absence of a Change of Control (as such terms are defined in the Employment Agreements), each executive is entitled to receive (i) eighteen (18) equal monthly payments of one-twelfth of annual base salary plus average bonus and (ii) continued insurance coverage for such eighteen (18) month period. In addition, the Employment Agreements provide for a pro rata bonus for the year of termination.

Under the Change of Control provisions of the Employment Agreements, the separation pay is increased to three (3) times the executive's final base salary plus the bonus amount and is payable in lump sum. Additionally, the insurance continuation is extended to three (3) years. These provisions apply to terminations without cause or resignations for Good Reason occurring within thirteen (13) months following a Change of Control and for any reason during the thirty (30) days beginning on the first anniversary of a Change of Control. The Employment Agreements also provide for gross-up payments to the executive in the event that any payment or distribution made, or benefit provided, to or for the benefit of the Employee is subject to an excise tax.

Ms. Culligan resigned as an officer and employee of the Company and a member of the Company's Board of Directors as of December 19, 2002. Ms. Culligan became, in conjunction with her resignation, entitled to eighteen (18) months of severance benefits and other benefits provided under her employment agreement, which are the same as those indicated in the Employment Agreements above.

Option Tables

The following tables provide information with respect to stock options granted to the Named Executive Officers during Fiscal 2002 and the fiscal year-end value of options held by such officers.

Option Grants in Last Fiscal Year

(1) The options vest ratably over four (4) years beginning on the first anniversary of the grant date. All grants have a ten-year term.

(2) Based on total grants during Fiscal 2002 of 2,080,715.

(3) These values were calculated using the Black-Scholes option pricing model. The Black-Scholes model is a complicated mathematical formula which is widely used and accepted for valuing traded stock options. The model is premised on immediate exercisability and transferability of the options. This is not generally true for the Company's options granted to executive officers and other employees. Therefore, the values shown are purely theoretical and do not reflect the market value of the Company's stock at a future date. In addition to the stock prices at time of grants and exercise prices, which are identical, and the ten-year term of each option, the following assumptions were used to calculate the values shown for options granted during Fiscal 2002, expected dividend yield of 0.0, expected stock price volatility of 47%, risk-free rate of return of 3.33% to 5.18% and a weighted average of seven (7) years from date of grant to date of exercise. If the Named Executive Officers realize the grant date values shown in the table, such values will be less than 1% of the total stockholder appreciation.

The table above indicates the amount of annual benefit payable to a person at age 65 in the specified final average remuneration and years-of-service classifications under the SERP, except that such benefits do not reflect the requisite reduction for any applicable Social Security, or other Company retirement benefits. SERP is an unfunded defined benefit final average pay plan that covers, among the Named Executive Officers, Mr. Piwek.

The compensation covered by SERP is base salary, the Annual Salary reflected in the Summary Compensation Table, computed as an average of such base salary over the highest compensated five (5) years of employment during the last ten (10) years. The benefit is computed at the rate of 3% for up to twenty (20) years of service with a maximum benefit of up to 60% of such average base salary. Estimated credited years of service at retirement for Mr. Piwek is fifteen (15) years.

PERFORMANCE GRAPH

The following performance graph compares the five-year cumulative total stockholder return (assuming reinvestment of dividends) of the Company's Common Stock to the Standard & Poor's 500 Index and the UBS Warburg Dillon Read Index of Supermarkets, which consists of the Company, Albertson's, Inc., The Kroger Co., Safeway, Inc. and Winn-Dixie Stores, Inc., as its peer group. The performance graph assumes \$100 is invested in the Company's Common Stock, the Standard & Poor's 500 Index and the UBS Warburg Dillon Read Index on February 27, 1998, and that dividends paid during the period were reinvested to purchase additional shares.

REPORT OF THE COMPENSATION AND GOVERNANCE COMMITTEES

The Company's Compensation Committee approves the compensation of all executive officers and other key employees and acts as the Committee for the Company's stock option and long-term incentive plans. The Governance Committee approves the compensation of the CEO. The Compensation and Governance Committees operate pursuant to written charters which outline their respective duties and responsibilities.

Overview of Compensation Philosophy and Program

The Compensation Committee, which consists entirely of independent directors, establishes the salaries and other compensation of the executive officers and other key employees of the Company, including, with the exception of the CEO, the Named Executive Officers. The Governance Committee is responsible for recommending and approving the compensation level of the CEO.

The Company's executive compensation program consists of salaries, annual incentives and long-term incentive compensation. It is designed to:

- for both the short and long-term, retain and motivate executive officers, compensate them competitively; and reward them for their contributions to the Company;
- link each executive officer's compensation to the performance of the Company and the leadership demonstrated by the individual executive; and
- recognize consistently the level of performance with the appropriate level of compensation.

Evaluation of Executive Officer Performance in Fiscal 2002

Although the Compensation Committee considers performance against both financial and non-financial objectives to establish executive compensation levels, it does not rely solely on predetermined formulae or a limited set of criteria when it evaluates the performance of the Company's executives. There are three primary financial measures reviewed: sales; income before tax; and Return on Capital Employed (ROCE). In addition to these three financial measurements, the Compensation Committee considers the executives' performance against the following:

- achievement of operational excellence;
- implementation of the business process initiatives;
- reduction of costs;
- identification and execution of profitable growth opportunities;
- aligning and strengthening the organization through implementation of performance management; and
- growing stockholder value through improving profitability, EPS growth and liquidity.

The Compensation Committee has concluded after a thorough review of the measurements that, notwithstanding the fact that executive management recently reorganized the Company and reduced overhead, most of the short-term financial objectives were not met.

Total Compensation

To establish target total compensation levels for the Company's executives, the Compensation Committee considers competitive market total compensation. The Company periodically examines competitors' pay practices to ensure that the Company's compensation policies continue to enable it to attract outstanding new people with critical skill sets, and motivate and retain current valuable employees. The total compensation package for each executive consists of three (3) components: salary; an annual incentive; and a long-term incentive. A detailed discussion of each follows. The target salary and annual incentive levels are set at the median of the individual executive's competitive peer group.

The Compensation Committee intends to continue its practice of compensating executives based on performance against designated goals and strategies -- Pay for Performance -- consistent with compensation practices throughout the Company.

Salaries

The Compensation Committee considers several criteria in establishing salaries for the Company's executives, including the Named Executive Officers. Key factors affecting the Compensation Committee's judgment include the nature and scope of the executives' responsibilities, and their effectiveness in leading the Company's initiatives. The Compensation Committee also considers the compensation practices and performances of other major corporations that are most likely to compete with the Company for the services of executives. In addition, business unit performance is a factor used to determine the salaries of executives with responsibility for business units.

Annual Incentive

The Company's Annual Incentive Plan provided target annual incentive awards for Fiscal 2002 contingent upon the attainment of the following performance goals: sales; profitability; ROCE; and the executive's individual performance objectives. Twenty percent of each executive's incentive was based on the attainment of sales goals, 20% on the attainment of profit goals, 35% on the attainment of ROCE goals and 25% on achieving individual performance goals.

Long Term Incentive

The Company's 1994 Stock Option Plan authorizes grants through March 17, 2004 of up to 1,500,000 shares for stock options and tandem or independent Stock Appreciation Rights (SARs). The 1998 Long Term Incentive Plan and Share Award Plan authorizes grants through July 13, 2008 of up to 5,000,000 shares for stock options, SARs, restricted stock and other stock based awards.

Discussion of Fiscal 2002 Compensation for the Chief Executive Officer

During Fiscal 2002, the Governance Committee, which is composed totally of independent directors, assumed responsibility for recommending the compensation level of the CEO. In Fiscal 2002, the CEO did not receive a salary increase. The CEO's salary remains at the \$752,000 annual rate that became effective October 1, 2001, with an annual performance incentive target of \$409,000. Because of the financial performance of the Company, the CEO declined to receive an incentive award for Fiscal 2002.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code, enacted in 1993, subject to certain exceptions, disallows a tax deduction to public companies for compensation over \$1,000,000 paid to the CEO and the five (5) other most highly compensated executives at fiscal year end. The exceptions to the \$1,000,000 deduction limit include compensation paid under preexisting employment agreements and performance-based compensation meeting certain requirements. The Company expects the salary and bonus of each Named Executive Officer for the 2003 fiscal year to be less than \$1,000,000 and the compensation payable to such officers therefore should be fully deductible. The Company's 1994 Stock Option Plan and the 1998 Long Term Incentive and Share Award Plan have been tailored to comply with the provisions of Section 162(m) so that amounts received upon the exercise of options and SARs thereunder should be exempt from Section 162(m) limitations.

As a matter of practice, the Compensation Committee intends to set performance-based goals annually under the Company's variable compensation plans and to deduct compensation paid under these plans to the extent consistent with the provisions of Section 162(m). However, if complying with Section 162(m) conflicts with what the Compensation Committee believes is in the best interest of the Company and its stockholders, the Committee may conclude that paying non-deductible compensation is more consistent with the stockholders' best interests.

AUDIT COMMITTEE

The Audit Committee of the Board of Directors consists of Richard Nolan, as Chair, Bobbie Gaunt, Dan Kourkouvelis, Maureen Tart-Bezer all of whom are outside non-employee directors and who, as determined by the Board of Directors, meet the independence and experience requirements of the New York Stock Exchange. The Audit Committee operates pursuant to a written charter which outlines its duties and responsibilities, a copy of which is attached as Appendix A to this proxy statement.

Report of the Audit Committee

In Fiscal 2002, the Audit Committee approved the appointment of PricewaterhouseCoopers LLP (PwC) to audit the Company s financial statements starting with the financial statements for Fiscal 2002. The Audit Committee has reviewed and discussed the Company s audited financial statements for Fiscal 2002 and the performance and fees of PwC with management. The Audit Committee has also met and discussed with PwC (i) the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU 380), as may be modified or supplemented, relating to the conduct of the audit and (ii) PwC s independence. The Audit Committee has received the written disclosures and the letter from PwC required by Independence Standards Board No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committee), confirming PwC s independence. Lastly, the Audit Committee has met with the internal auditors to assure that PwC, management and the internal auditors were carrying out their respective responsibilities. Both PwC and the internal auditors have full access to the Audit Committee, including regular meetings without management present. Based on the review of the audited financial statements and the discussions and review with the independent public accountants mentioned above, the Audit Committee recommended to the Board of Directors that the audited financial statements for Fiscal 2002 be included in the Company s Annual Report on Form 10-K for Fiscal 2002.

INDEPENDENT PUBLIC ACCOUNTANTS

Change in Independent Public Accountants

As previously disclosed by the Company in its current report on Form 8-K filed with the SEC on September 18, 2002, the Board of Directors, upon the recommendation of its Audit Committee, on September 11, 2002 authorized and approved the appointment of PwC to serve as the Company's independent public accountants for Fiscal 2002, replacing Deloitte & Touche LLP (D&T).

D&T's reports on the Company's consolidated financial statements for Fiscal 2001 and for the fiscal year ended February 24, 2001 (Fiscal 2000) neither contained an adverse opinion or disclaimer of opinion, nor were qualified or modified as to uncertainty, audit scope or accounting principles. During Fiscal 2001 and Fiscal 2000, and the period from February 24, 2002 through September 11, 2002, there were no disagreements with D&T on any matter of accounting principle or practice, financial statement disclosure or auditing scope or procedure which, if not resolved to D&T's satisfaction, would have caused them to make reference to the subject matter in connection with their report on the Company's consolidated financial statements for such years.

On September 10, 2002, D&T orally informed management of the Company that a reportable condition existed with respect to the Company's internal controls relating to the timing of the recognition of certain vendor allowances, and on September 12, 2002, D&T informed management that on August 21, 2002 it had informed the Chair of the Audit Committee of the same reportable condition. A reportable condition is defined under Generally Accepted Auditing Standards as a matter coming to an auditor's attention that represents significant deficiencies in the design or operation of internal controls that could adversely affect the entity's ability to initiate, record, process and report financial data consistent with the assertions of management in the financial statements. The Company had previously disclosed that it conducted a review that related in part to certain irregularities relating to the timing of recognition of vendor allowances. Such review considered internal control matters relating to vendor allowance accounting. The Company's restatement of its audited financial statements for the fiscal year ended February 26, 2000 and Fiscal 2000, and supplementary unaudited financial information for the first, second and third quarters of Fiscal 2001, as included in its annual report on Form 10-K for Fiscal 2001, resulted in part from that review. The Company has authorized D&T to respond fully to inquiries of PwC concerning such reportable condition.

The Company provided D&T with a copy of these disclosures and D&T provided the Company with a letter addressed to the SEC dated September 18, 2002, stating its agreement with such statements. A copy of D&T's September 18, 2002 letter was filed as an exhibit to the Company's current report on Form 8-K dated September 18, 2002, reporting the change in certifying accountant. On September 24, 2002, the Company filed a Form 8-K/A, amending its Form 8-K filed on September 18, 2002. The Form 8-K/A was comprised solely of a revised letter from D&T to the Company, which broadened the breadth of D&T's concurrence with certain statements made by the Company in its Form 8-K filed on September 18, 2002.

During Fiscal 2001 and Fiscal 2000 and the period from February 24, 2002 through September 11, 2002, the Company did not consult PwC with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

The Board of Directors, upon the Audit Committee's recommendation, has reappointed PwC, independent auditors, as the Company's independent auditors for the fiscal year ending February 28, 2004. One or more representative(s) of PwC will be present at the Annual Meeting, will be given an opportunity to make a statement and will be available to respond to questions.

Audit Fees

The aggregate fees billed by PwC for professional services rendered for the audit of the Company's annual financial statements for Fiscal 2002 and for the reviews of the financial statements included in the Company's quarterly reports on Form 10-Q for Fiscal 2002 were approximately \$1,200,000.

In addition, the Company paid D&T approximately \$89,000 for professional services rendered in connection with its review of the financial statements included in the Company's Quarterly Report on Form 10-Q for the first quarter of Fiscal 2002, which were also subsequently reviewed by PwC.

Financial Information Systems Design and Implementation Fees

PwC rendered no professional services to the Company for information technology services relating to the financial information systems design and implementations in Fiscal 2002.

All Other Fees

PwC rendered no professional services to the Company other than the services described above under "Audit Fees" for Fiscal 2002.

The aggregate fees billed by D&T for services rendered to the Company, other than services described above under "Audit Fees", for Fiscal 2002, were approximately \$258,000, including audit related services of approximately \$181,000 and non-audit related services of approximately \$77,000. Audit related services include fees for audits of employee benefit plans and, audits for German GAAP purposes. Non-Audit related services includes fees for reviews of tax returns, and tax consulting.

Relationship with Independent Auditors

As part of its duties, the Audit Committee also considered and determined that the provision of services, other than audit services, during Fiscal 2002 by PwC is compatible with maintaining the independence of PwC.

ITEM 2 STOCKHOLDER PROPOSALS

Stockholder Proposal No. 1 Stockholder Vote on Poison Pills

Mr. John Chevedden, as legal proxy for Chris Rossi, P.O. Box 249, Boonville, CA 95415, who holds 1,705 shares of Common Stock, has notified the Company of his intention to propose the following resolution at the Annual Meeting:

This topic won an average 60%-yes vote at 50 companies in 2002.

This is to recommend that the Board of Directors redeem any poison pill previously issued (if applicable) and not adopt or extend any poison pill unless such adoption or extension has been submitted to a shareholder vote.

Harvard Report

A 2001 Harvard Business School study found that good corporate governance (which took into account whether a company has a poison pill) was positively and significantly related to company value. This study, conducted with the University of Pennsylvania's Wharton School, reviewed the relationship between the corporate governance index for 1,500 companies and company performance from 1990 to 1999.

Some believe that a company with good governance will perform better over time, leading to a higher stock price. Others see good governance as a means of reducing risk, as they believe it decreases the likelihood of bad things happening to a company.

Since the 1980s Fidelity, a mutual fund giant with \$800 billion invested, has withheld votes for directors at companies that have approved poison pills, *Wall Street Journal*, June 12, 2002.

Council of Institutional Investors Recommendation

The Council of Institutional Investors www.cii.org, an organization of 120 pension funds which invests \$1.5 trillion, called for shareholder approval of poison pills. In recent years, various companies have been willing to redeem existing poison pills or seek shareholder approval for their poison pill. This includes Columbia/HCA, McDermott International and Bausch & Lomb. I believe that our company should follow suit and allow shareholder participation.

Shareholder Vote on Poison Pills Yes

The Board of Directors, having considered this stockholder proposal, believes that it is not in the best interests of the Company's stockholders and accordingly, recommends that you vote AGAINST the proposal for the following reasons:

The term "poison pill," as used herein, refers to the type of stockholder rights plan that some companies adopt to hinder a hostile takeover of their company. The Company does not have a poison pill and it has no intention of adopting a poison pill at this time. To require the Company to obtain stockholder approval prior to adopting any poison pill, however, is unnecessary and impractical. It is the responsibility of the Board of Directors, which is elected annually by the stockholders, to adopt and maintain sound governance practices in order to protect and enhance stockholder value. The adoption of this proposal, in contrast, would create a situation that would inhibit the ability of current and future Boards of Directors to conduct a thorough analysis of, and thereafter evaluate and pursue, a potential transaction on a timely basis. Additionally, over 56% of the equity securities of the Company are held by one stockholder and, therefore, the possibility of a hostile takeover is implausible.

The persons named in the enclosed form of proxy have indicated they intend to vote AGAINST this proposal unless directed otherwise. **In light of the above and because the Company has no current intention of adopting a poison pill, the Board of Directors recommends a vote AGAINST this stockholder proposal.**

Stockholder Proposal No. 2 Stockholder Vote on Annual Meeting Location

Mrs. Evelyn Y. Davis, 2600 Virginia Avenue, N.W. Suite 215, Washington, D.C. 20037, who holds 400 shares of Common Stock, has notified the Company of her intention to propose the following resolution at the Annual Meeting:

Resolved: That the stockholders of Great A&P [sic] recommend that the Board of Directors take the necessary steps to rotate the annual meeting between Major [sic] cities such as New York, Philadelphia, Richmond, Boston, Baltimore and other large cities where the Company either does business (and/or has a large concentration of shareholders [sic]).

During [sic] 2002 the Company met on Nantucket Island, Mass. Which [sic] is very difficult to reach, unless one has a private plane to which the Board of Directors and senior officers have access. Airline service otherwise is severely limited, as are other ways of public transportation.

During [sic] 2001 Rehoboth Beach, Delaware was the location for the annual meeting, which also has very limited public transportation.

Many major corporations meet in large accessible cities, including Xerox, A.T.T., Verizon, IBM, GE, J.P. Morgan Chase, and numerous others. Great A&P [sic] should do the same.

If you agree, please mark your proxy for this [sic] resolution.

The Board of Directors, having considered this stockholder proposal, believes that it is not in the best interests of the Company's stockholders and accordingly, recommends that you vote AGAINST the proposal for the following reasons:

The Company's by-laws provide that the annual meeting of stockholders shall be held at such date, time and place between the thirtieth day of June and the thirty-first day of July as fixed by the Board of Directors. The Board of Directors believes that it should retain the flexibility provided by the by-laws to determine the place of the annual meeting. In general, the Board of Directors seeks to rotate the place of the annual meeting between the various locations in which the Company has stores, and specifically, those locations where the Company either has a large cluster of stores or has a few prominent and valuable stores. The Company encourages all stockholders to attend the annual meeting in person. In addition, by holding the meeting in a location which also has the Company's assets, representatives of the Company and the stockholders are able to both attend the annual meeting and visit the stores at the same time. Due to the number of stockholders it is inevitable that any place selected will be convenient for some stockholders and pose a conflict for others. The Board of Directors believes, however, that the flexibility provided by the by-laws serves the best interests of the Company and its stockholders, and that the Company should not be limited to specific annual meeting places such as those specified in the proposal.

The Board of Directors believes that this stockholder proposal, if adopted, would impede the Board of Directors' ability to exercise its business judgment. The persons named in the enclosed form of proxy have indicated they intend to vote AGAINST this proposal unless directed otherwise. **For the reasons indicated above, the Board of Directors recommends a vote AGAINST this stockholder proposal.**

STOCKHOLDER PROPOSALS

The Company will consider including a stockholder's proposal in the proxy statement and form of proxy for the Annual Meeting of Stockholders for the fiscal year ending February 28, 2004 if it receives such proposal at the principal office of the Company no later than January 25, 2004. In order for a proposal submitted outside of Rule 14a-8 of the Exchange Act to be considered timely within the meaning of Rule 14a-14(c), such proposal must be received by April 9, 2004.

OTHER MATTERS

No business other than that set forth in the attached Notice of Annual Meeting is expected to come before the Annual Meeting. However, should any other matters requiring a vote of stockholders arise, including the question of adjourning the Annual Meeting, the persons named in the accompanying proxy will vote thereon according to their best judgment in the interest of the Company. In the event that any of the above-named nominees for the office of director shall withdraw or otherwise become unavailable, the persons named as proxies may vote for other persons in their place in the best interest of the Company.

By Order of the Board of Directors

WILLIAM P. COSTANTINI

Senior Vice President, General Counsel
& Secretary

Dated: May 22, 2003

Each person solicited by this proxy statement, including any person who on May 22, 2003 is a beneficial owner of the Company's Common Stock, may request a copy of the Company's annual report on Form 10-K for the last fiscal year.

Such written requests should be directed to the Secretary of the Company at its address aforesaid.

4. Obtain from the independent auditors each year a formal written statement delineating all relationships between the independent auditors and the Company, periodically engage in a dialogue with the independent auditors regarding any relationships or services that may impact the objectivity and independence of the auditors, and recommend that the Board of Directors take appropriate action in response to the independent auditors' report to oversee and satisfy itself of the auditors' independence.
5. Review and discuss with the independent auditors the Company's annual audited financial statements and quarterly financial statements and the matters required to be discussed by Statement on Auditing Standards No. 61, as amended.
6. Review with the independent auditors all critical accounting policies used by the Company, alternative accounting treatments discussed with management along with the potential ramifications of using those alternatives, and other written communications provided by the independent auditors to management, including a schedule of unadjusted audit differences.

The Audit Committee shall submit the minutes of all meetings of the Audit Committee to, or review the matters discussed at each Audit Committee meeting with, the Board of Directors.

In addition to the responsibilities outlined above, the Audit Committee shall examine and consider such other matters in relation to the internal and external audit of the Company's accounts and in relation to the financial affairs of the Company and its books of account as the Audit Committee determines to be desirable or as requested by the Board of Directors.
