- (a) Voluntary termination or termination for Due Cause makes an executive ineligible for any employment agreement benefits other than any rights he may have under the normal terms of other benefit plans. Executives must exercise vested long-term incentives within 90 days after the date of termination. The term "Due Cause" is defined in the agreements as (i) a material breach of the executive's obligations under the agreement or a material violation of any code or standard of conduct applicable to the Company's officers that is willful and deliberate and committed in bad faith and that has not been cured; (ii) a material violation of the loyalty obligations as provided in the agreement; (iii) the executive's willful engagement in bad faith conduct that is demonstrably and materially injurious to the Company (iv) a conviction of a crime of moral turpitude or a felony involving fraud, breach of trust, or misappropriation; or (v) a determination that the executive is in material violation of the Company's Substance Abuse Policy.
- (b) The employment agreements provide that the executive's employment is deemed to be terminated by the Company without Due Cause if the executive elects to terminate his employment for Good Reason. The term "Good Reason" is defined in the agreement as: (i) a material diminution in the executive's total direct compensation; (ii) material diminution in the executive's authority, duties or responsibilities or those of his supervisors, (iii) the termination of the Executive Incentive Plan without a replacement plan or the material reduction of the executive's benefits without a similar reduction for other executives; or (iv) requiring the executive to be based more than 60 miles from the Company's office at which he was principally employed immediately prior to the date of the relocation. For Mr. Jackson, the definition of "Good Reason" includes failure of the Nominating Committee of the Board to renominate him for election as a director or the Board requiring that he no longer report to the Board. Upon termination of employment by the Company other than for Due Cause or by the executive for Good Reason, the executive is entitled to receive a cash "termination payment" which equals the sum of the executive's annual base salary, target bonus amount, and the prorated value of the annual Executive Choice Plan. The value of the target bonus amount included in the cash severance payment is the 2008 target bonus amount for each executive. In addition, the executive will receive outplacement services and certain medical benefits coverage.
- (c) If, within 12 months of a change in control (as defined in our 2004 LTIP), the executive's employment is terminated by the Company other than for Due Cause or by the executive for Good Reason, the employment agreements provide that the executive will be entitled to a Change in Control Termination Payment equal to two times his base salary and two times his target bonus and the prorated value of the annual Executive Choice Plan. The value of the target bonus amount included in the cash severance payment is the 2008 target bonus amount for each executive. In addition, the executive will be entitled to a tax gross-up payment in the event that an excise tax is levied on the Change in Control payment.
- (d) In the case of voluntary termination or termination for Due Cause, the executive would be ineligible to receive a cash severance payment because he would not have been actively employed on the date of distribution. In accordance with the employment agreements, if the executive's employment is terminated on account of death, the executive's beneficiary or estate is entitled to receive a lump sum payment equivalent to the executive's annual base salary and target bonus amount. In the event that employment is terminated on account of disability, the employment agreements provide that the executive is entitled to receive a cash severance amount equivalent to 30 percent of his annual base salary and his target bonus amount. The value of the target bonus amount included in the cash severance payment is the 2008 target bonus amount for each executive.
- (e) Amounts shown here are calculated as the differences between the exercise price of the outstanding long-term stock-based incentives and the closing price of our stock at the end of our fiscal year (\$34.14).
- (f) The terms of executives' stock option and SAR agreements provide that all long-term stock-based incentives are 100 percent vested when a change in control occurs.
- (g) The terms of executives' restricted stock awards provide that restricted stock becomes 100 percent vested when a change in control occurs.
- (h) Amounts provided here represent the Company's cost of providing one year of healthcare coverage to the executive.
- (i) Disability amounts shown consist of the amount the executives receive under the Company's qualified plan, and the cash severance.
- (j)

Mr. Moore's employment terminated prior to January 3, 2009. The amounts shown were paid to him in connection with his separation from employment in 2008.

NON-MANAGEMENT DIRECTOR COMPENSATION

Under our director compensation program, each non-management director receives annual compensation that is comprised of a combination of cash and equity-based compensation. Management directors do not receive any additional compensation for services as a director. Non-management directors receive an annual retainer of \$25,000 and all additional applicable retainers or fees as set forth in the following table. Specific committee member information is provided in the “Corporate Governance” section of this proxy statement.

Board Participation Type	Retainer/Fee
Chair	\$100,000
Audit Committee Chair	\$ 15,000
Compensation Committee Chair	\$ 10,000

Committee Meeting Attendance	\$ 1,000
Telephonic Committee Meeting Attendance	\$ 750

Each non-management director may elect to receive all or a portion of his or her annual retainer on a deferred basis in the form of DSUs. Each DSU is equivalent to one share of our common stock. Dividends paid by the Company are credited toward the purchase of additional DSUs. DSUs are payable in the form of common stock to participating

directors over a specified period of time as elected by the participating director, or whenever their Board service ends, whichever is sooner.

In addition, each non-management director receives long-term equity incentives valued at \$120,000 per year. The long-term incentives are awarded annually in the form of 50 percent in SARs and 50 percent in DSUs. Newly appointed Board members receive an initial grant valued at \$120,000. Thereafter, annual stock-based compensation is granted to a

director shortly after the date of the annual stockholder meeting. Each new director's first annual grant will be prorated based upon the number of days served as a director during the year preceding the first annual grant. SARs vest in three equal annual installments commencing on the first anniversary of the grant and expire after seven years. In May 2008, each director received long-term incentives valued at \$120,000, which were granted in the form of 5,709 SARs and 1,541 DSUs. The SARs will vest in three equal annual installments commencing on the first anniversary of the grant date and expire after seven years. DSUs are fully vested upon grant but will not be available for distribution until the director's service on the Board ends.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information known to us regarding the ownership of our common stock as of March 30, 2009 by:

each person or entity that beneficially owns more than 5 percent of our common stock;
each member of our Board;
each of our executive officers named in the “Summary Compensation Table” included in the “Executive Compensation” section of this proxy statement; and
all directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. In computing the number of shares beneficially owned by a person and the percentage of ownership held by that person, shares of common stock subject to options and warrants held by that person that are currently exercisable or will become exercisable within 60 days after March 30, 2009 are deemed outstanding, while these shares are not deemed outstanding for computing percentage ownership of any other person. The address of each beneficial owner for which an address is not otherwise indicated is: c/o Advance Auto Parts, Inc., 5008 Airport Road, Roanoke, Virginia 24012. Unless otherwise indicated in the footnotes to the table, the persons and entities named in the table have sole voting and investment power with respect to all shares beneficially owned, subject to community property laws where applicable. We know of no agreements among our stockholders which relate to voting or investment power over our common stock or any arrangement that may at a subsequent date result in a change in control of the Company.

STOCK OWNERSHIP GUIDELINES FOR DIRECTORS AND EXECUTIVE COMMITTEE

In an effort to align the interests of non-employee directors and members of management's Executive Committee more closely with the interests of stockholders, the Company's Board has adopted Stock Ownership Guidelines as follows:

Directors	Stock valued at 3 times their annual retainer
Chairman, President and CEO	Stock valued at 3 times their annual base salary
Other Executive Committee Members	Stock valued at 1 times their annual base salary

Incumbent Directors and Executive Committee Members are expected to achieve this level of stock ownership by the end of year 2012. Current Executive Committee Members who have been in their current positions for less than two years will be given an additional two years to reach the target ownership levels. Those individuals who do not achieve the required levels of ownership within the prescribed amount of time will be required to retain a designated percentage of the net shares received upon the exercise of any stock options or SARs until the guideline ownership levels have been reached.

Shares or units held by a director or an executive officer in any deferral plan are included in calculating the value of ownership to determine whether the minimum ownership requirement has been met. Currently, each director receives a portion of his or her annual retainer in the form of DSUs and is permitted to defer a portion of his or her cash retainer in the form of DSUs.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires "insiders," including our executive officers, directors and beneficial owners of more than 10 percent of our common stock, to file reports of ownership and changes in ownership of our common stock with the SEC and the NYSE, and to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of copies of such forms received by us, or written representations from reporting persons that no Forms 5 were required for those persons, we believe that our insiders complied with all applicable Section 16(a) filing requirements during fiscal 2008, with the following exceptions:

One transaction involving the acquisition of 5 DSU's by Mr. Oreson as a result of dividend reinvestment was reported late on a Form 5 filed after the end of fiscal 2008. One Form 4 to report two option exercises and 27 related sales of the underlying shares by Mr. Wade on the same day was filed three days late.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT BY THE AUDIT COMMITTEE OF
DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM FOR 2009

Our Audit Committee has selected Deloitte & Touche LLP (“Deloitte”) as our independent registered public accounting firm for fiscal 2009. Deloitte also served as our independent registered public accounting firm for fiscal 2008. You are being asked to ratify the appointment by our Audit Committee of Deloitte as our independent registered public accounting firm for fiscal 2009.

Members of Deloitte will be present at the Annual Meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions. If Deloitte should decline to act or otherwise become incapable of acting, or if Deloitte’s engagement is discontinued for any reason, our Audit Committee will appoint another accounting firm to serve as our independent registered public accounting firm for fiscal 2009.

2008 and 2007 Audit Fees

The following table summarizes the aggregate fees billed by Deloitte for 2008 and 2007 for the following professional services:

	2008 (\$ in thousands)	2007 (\$ in thousands)
Audit Fees (a)	\$1,588	\$1,968
Audit-Related Fees	370	-
Tax Fees	-	-
All Other Fees	-	-
Total	\$1,958	\$1,968

(a) Fees for audit services billed in 2008 and 2007 consisted of:

audit of our annual financial statements
reviews of our quarterly financial statements
attestation of management’s assessment and effectiveness of internal controls as required by the Sarbanes-Oxley Act of 2002, Section 404
statutory and regulatory audits, consents and other services related to SEC matters

The total fees we paid to Deloitte in 2008 were consistent with those amounts we paid in 2007. However, our audit fees decreased about 20 percent to \$1,588,000. This decrease was primarily due to a reduction in our annual audit fee as well as services provided by Deloitte in 2007 pertaining to a financial systems upgrade and the adoption of Financial Interpretations No. 48, “Accounting for Uncertainty in Income Taxes.” In 2008, Deloitte also provided audit-related due diligence services totaling \$370,000 pertaining to a potential acquisition.

The Audit Committee is required by its charter to pre-approve audit services and permitted non-audit services to be performed by our independent registered public accounting firm. The Audit Committee approved all services provided by Deloitte during 2008.

In considering the nature of the services provided by Deloitte, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with

Deloitte and management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

OUR BOARD RECOMMENDS A VOTE FOR RATIFICATION OF
DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM FOR 2009.

AUDIT COMMITTEE REPORT

We are responsible for providing independent, objective oversight of Advance's accounting functions and internal controls and operate pursuant to a written charter approved by Advance's Board. We are comprised entirely of three independent directors who meet independence, experience and other qualification requirements of the NYSE listing standards, Section 10A(m)(3) of the Securities Exchange Act of 1934 and the rules and regulations of the SEC. Advance's Board has determined the committee's current chair, Mr. Saladrigas, is the Audit Committee "financial expert," as defined by SEC rules.

Management is responsible for Advance's financial reporting process, including Advance's system of internal control, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. Advance's independent registered public accounting firm, or "independent accountants," are responsible for auditing its consolidated financial statements and providing an opinion as to their conformity with accounting principles generally accepted in the United States as well as attesting and reporting on the effectiveness of its internal controls over financial reporting. Our responsibility is to monitor and review these processes. It is not our duty or responsibility to conduct auditing or accounting reviews or procedures. Consequently, in carrying out our oversight responsibilities, we shall not be charged with, and are not providing, any expert or special assurance as to Advance's financial statements, or any professional certification as to the independent accountants' work. In addition, we have relied on management's representation that the financial statements have been prepared with integrity and objectively in conformity with accounting principles generally accepted in the United States, and on the representations of independent accountants included in their report on Advance's financial statements.

During 2008 we met nine times, including five times via conference call. We schedule our meetings to ensure we have sufficient time to devote attention to all of our tasks. During 2008 and subsequent to the end of the year, we:

- appointed Deloitte & Touche LLP as the independent registered public accounting firm for fiscal year 2008;
- met with management and the independent accountants to review and discuss Advance's critical accounting policies and significant estimates;
- met with management and the independent accountants to review and approve the fiscal year 2008 audit plan;
- met regularly with both the independent accountants and members of internal audit outside the presence of management;
- met with management and the independent accountants to review the audited financial statements for the year ended January 3, 2009, and internal controls over financial reporting as of January 3, 2009;
- reviewed and discussed the quarterly and annual reports prior to filing with the SEC;
- reviewed and discussed the quarterly earnings press releases and other financial press releases;
- met with the Chief Internal Audit Executive to review, among other things, the audit plan, test work, findings and recommendations, and staffing;
- reviewed the processes by which risk is assessed and mitigated; and
- completed all other responsibilities under the Audit Committee charter.

We have discussed with the independent accountants the matters required by PCAOB AU 380, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board, and SEC Rule 2-07 of Regulation S-X, which includes a review of significant accounting estimates and Advance's accounting practices. In addition, we have received written disclosures and the letter from the independent accountants required by PCAOB Ethics and Independence Rule 3526, Communications with Audit Committees Concerning Independence, and discussed with the independent accountants their firm's independence.

Based upon our discussion with management and the independent accountants, and our review of the representations of management and the independent accountants, we recommended to the Board that the audited consolidated

financial statements be included in Advance's annual report on Form 10-K for the year ended January 3, 2009.

We considered whether the independent accountants' provision of non-audit services to Advance is compatible with maintaining the independent accountants' independence, and have determined the provision of the non-audit services are compatible with the independent accountants' independence. Accordingly, we have approved retention of Deloitte as Advance's independent registered public accounting firm for fiscal year 2009.

We reviewed and reassessed the adequacy of the Audit Committee Charter and recommended changes, which were approved by the Board.
