As specified in its charter, the Nomination and Governance Committee is appointed by the board of directors of the Company to assist the board of directors in identifying qualified individuals to become members of the board of directors, consistent with criteria approved by the board of directors, and to recommend to the board of directors the director nominees for the annual meetings of stockholders. The Nomination and Governance Committee will utilize the same standards for evaluating director candidates recommended by stockholders as it does for candidates proposed by the board of directors or members thereof.

The Nomination and Governance Committee considers many factors in nominating individuals to serve on the board of directors, including the following:

- independence determination;

- the age of a nominee; and
- the extent to which a nominee may add diversity to the board of directors.

The Company's Corporate Governance Guidelines require all directors who are age seventy-five or older at the time of an annual meeting to retire.

Nominations, other than those made by or at the direction of the board of directors or by the Nomination and Governance Committee, may only be made pursuant to timely notice in writing to the Secretary of the Company. To be timely, a stockholder's notice must be received at the principal executive offices of the Company (i) in the case of an annual meeting of the stockholders, not less than 100 days, nor more than 120 days, prior to the anniversary of the immediately preceding annual meeting of the stockholders; provided, however, that in the event that the date of the annual meeting of stockholders is more than 30 days before or after such anniversary date, notice by the stockholder to be timely must be so received not later than the close of business on the tenth day following the earlier of the date on which notice or public announcement of the date of the annual meeting of stockholders was first given or made by the Company, and (ii) in the case of a special meeting of the stockholders called for the purpose of electing directors, not later than the close of business on the tenth day following the earlier of the date on which notice or public announcement of the date of the special meeting was first given or made by the Company.

A stockholder's written nomination notice to the Secretary of the Company must set forth: (a) as to each person whom the stockholder proposes to nominate for election or reelection as a director, (i) the name, age, business address and residence address of the person, (ii) the principal occupation or employment of the person, (iii) the class and number of shares of capital stock of the Company that are beneficially owned by the person and (iv) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to Section 14(a) of the Exchange Act and the rules and regulations of the SEC promulgated thereunder; and (b) as to the stockholder giving the notice, (i) the name and record address of the stockholder and (ii) the class and number of shares of capital stock of the Company that are beneficially owned by the stockholder. The Company may require any proposed nominee to furnish such other information as may reasonably be required by the Company to determine the eligibility of such proposed nominee to serve as a director of the Company. No person nominated by a stockholder shall be eligible for election as a director of the Company unless nominated in accordance with the procedures for the same, which are set forth in full in the Company's bylaws. The chairman of the meeting shall, if the facts warrant, determine that a nomination was not made in accordance with the applicable procedures, and, if he should so determine, he shall so declare at the meeting, and the defective nomination shall be disregarded.

The board of directors will submit to the stockholders for their vote at the 2016 annual meeting of stockholders a slate of directors comprised of nine nominees to serve until the close of the proposed merger with Wilshire Bancorp, Inc. or, if the merger is not completed, until the next annual meeting of stockholders and until their successors are elected and have been qualified. Independent Oversight. All of our directors are independent, except for Kevin S. Kim, Chairman, President and Chief Executive Officer of the Company. Our board of directors has affirmatively determined that the other 10 directors are independent under SEC and Nasdaq Stock Market corporate governance rules, as applicable.

Chairman of the Board. The Chairman of the Board is appointed annually by our board of directors. Kevin S. Kim has served in the capacity of Chairman since May 31, 2012 and his responsibilities include, among others, presiding at and calling board and stockholder meetings and preparing meeting schedules, agendas and materials in collaboration with the Lead Independent Director.

Lead Independent Director. In the case where the Chairman of the Board is not deemed to be independent, we believe an independent director should be designated to serve in a lead capacity as a liaison between the independent directors and the Chairman. Dale S. Zuehls was appointed Lead Independent Director effective June 26, 2014 and his responsibilities include, among others, coordinating the evaluation process of and providing feedback to the Chairman related to his performance, in collaboration with the Chair of the Human Resources and Compensation Committee, and presiding over executive sessions of independent directors, which are held regularly after each scheduled in-person board meeting.

We believe our board structure serves the interests of the stockholders by balancing the practicalities of running the Company with the need for director accountability.

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Exchange Act, our executive officers and directors, and persons who own more than 10% of the Company's common stock, are required to file reports of ownership and changes in ownership with the SEC. The SEC requires executive officers, directors and greater than 10% beneficial owners to furnish to us copies of all Section 16(a) forms they file. Based solely on our review of these reports and of certifications furnished to us, we believe that during the fiscal year ended December 31, 2015, all executive officers, directors and greater than 10% beneficial owners complied with all applicable Section 16(a) filing requirements.

Board Diversity

Our board of directors does not have a formal written policy with regard to the consideration of diversity in identifying director nominees. Our Nomination and Governance Committee Charter, however, requires the Nomination and Governance Committee to review the qualifications of candidates to our board of directors. This assessment includes the consideration of the following factors, among others:

- Personal and professional ethics and integrity, including personal prominence and reputation, and ability to enhance the reputation of the Company;
- Diversity among the existing board members, specific business experience and competence, including an assessment of whether the candidate has experience in, and possesses an understanding of, business issues applicable to the success of the banking industry;
- Financial acumen, including whether the candidate, through education or experience, has an understanding of financial statement matters and the preparation and analysis of financial statements;
- Professional and personal accomplishments, including involvement in civic and charitable activities;
- Educational background; and

- Whether the candidate has expressed a willingness to devote sufficient time to carrying out his duties and responsibilities effectively and is committed to service on the board of directors.

As currently comprised, our board of directors is a group of individuals who are drawn from various market sectors and industry groups with a presence in the Company's markets, as well as a wealth of banking experience. Board members are individuals with knowledge and experience who serve and represent the communities we serve. Current board representation provides backgrounds in accounting, auditing, banking, Internet marketing, retail and wholesale, printing, transportation/trucking, international trade and IT solutions. The expertise of these individuals covers accounting, audit and financial reporting, corporate management, strategic planning, business acquisitions, bank risk and compliance, enterprise risk management, IT operations, corporate governance, credit review and administration, marketing, international operations, and retail and small business operations. The Nomination and Governance Committee believes that the backgrounds and qualifications of the directors, considered as a group, provide a significant composite mix of experience, knowledge and abilities, as discussed above, which will allow our board of directors to fulfill its responsibilities and fiduciary duties. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis.

Every effort is made to ensure that the views of stockholders are heard by our board of directors or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner.

Equity Ownership Guidelines

We believe the ownership of our Company's stock by our directors ensures a strong alignment of the interests of our board of directors with that of its stockholders. As stated in the Company's Corporate Governance Guidelines, each independent director of our board of directors must own at least two times the value of their annual director cash compensation in Company common stock within three years of their appointment. The requirements of these provisions may be met by the vesting of performance units, the exercise of stock options or the purchase of our Company's common stock in the open market.

Hedging and Pledging Prohibition

The Company's Insider Trading Policy, as amended and approved by our board of directors on February 19, 2015, explicitly prohibits directors and employees from engaging in hedging transactions involving the Company's stock. Directors and employees are further prohibited from pledging their securities in the Company as collateral for a loan, and the Company's stock may not be held in margin accounts. Exceptions to the pledging prohibition may be granted by the Company's Legal Department in cases where the director or employee clearly demonstrates the financial capacity to repay the loan without resort to the pledged securities.

Board's Role in Risk Oversight

Our board of directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives in the areas of strategy, operations, reporting, and compliance without exposing the organization to undue risk. Our board of directors recognizes that these objectives are important to improve and sustain long-term organizational performance and stockholder value. A fundamental part of risk management is not only identifying the risks our Company faces and implementing steps to manage those risks, but also determining what constitutes the appropriate level of risk based upon our Company's activities.

Our board of directors participates in the Company's annual enterprise risk management assessment, which is led by the Company's Chief Risk Officer, Johann Minkyun You. In this process, risk is assessed throughout the Company by focusing on nine areas of risk, including risks relating to: credit, liquidity, interest rates, foreign exchange, operational, country, compliance/legal, strategic and reputation. Risks that simultaneously affect different parts of the Company are identified, and an interrelated response is made. Our board of directors provides ongoing oversight of enterprise-wide risks through a periodic enterprise risk assessment update.

While our board of directors has the ultimate oversight responsibility for the risk management process, various committees of our board of directors also have responsibility for risk management. In particular, the Board Risk and Compliance Committee assists our board of directors in fulfilling its oversight responsibility with respect to regulatory, compliance and operational risk and enterprise risk management issues that affect the Company and works

closely with the Company's legal and risk departments. The Audit Committee helps our board of directors monitor financial risk and internal controls from a risk-based perspective and oversees the annual audit plan. It also reviews reports from the Company's internal audit department. The Director's Loan Committee oversees credit risk by identifying, monitoring, and controlling repayment risk associated with the Bank's lending activities. The Business

Development/Strategic Planning committee oversees risks associated with the planned short- and long-term direction of the Company and ensures ongoing board involvement with and oversight of the Company's three-year strategic plan.

The Asset/Liability Committee oversees the implementation of an effective process for managing the Bank's interest rate, liquidity, and similar market risks relating to the Bank's balance sheet and associated activities.

In overseeing compensation, the Human Resource and Compensation Committee strives to design incentives that encourage a conservative level of risk-taking behavior consistent with the Company's business strategy and in compliance with all laws and the Interagency Guidance on Incentive Compensation.

Finally, the Company's Nomination and Governance Committee approves the code of conduct and business ethics policies relating to employees and directors, respectively. In addition, it conducts an annual assessment of corporate governance policies and potential risk associated with governance and related party matters.

Executive Summary

2015 Financial and Strategic Business Performance

BBCN continued to fortify its foundation for sustainable growth in 2015, marked by strong profitability, robust loan origination volumes, disciplined cost management and positive asset quality trends, as demonstrated by the following achievements:

- Net income increased 4% to \$92.3 million, or \$1.16 per diluted common share
- Return on average assets of 1.25%
- Return on average equity of 10.11%
- Efficiency ratio of 48.43%
- \$1.69 billion in new loans, representing a 27% increase over origination volumes in the prior year
- 12.3% growth in total loans
- 11.4% growth in total deposits
- 12.0% decline in nonaccrual loans and 9.1% decline in classified loans, with declines driven by payoffs and loan upgrades
- Total stockholder return of 23%

In addition to the strong progress made to date in transforming BBCN to a more diversified financial institution, the Company embarked on a new journey with the announcement of a merger of equals with Wilshire Bancorp, creating the only super regional Korean-American bank in the United States. The combined entity will enjoy a significantly stronger competitive position, with unrivaled leadership among our niche peers and unparalleled opportunity to cross-sell a comprehensive offering of products and services-further improving upon the value proposition BBCN is providing to its customers, employees and stockholders.

2015 Stockholder Feedback and Program Changes

Each year, we carefully consider the results of our stockholder say-on-pay vote from the preceding year. At the May 2015 annual stockholders' meeting, 45.8% of the votes cast supported our executive compensation decisions. We interpreted the results of our 2015 vote as a signal to expand our dialogue with stockholders to help us understand their perspectives on compensation and take steps to ensure that we make future changes to our program that are aligned with competitive practices and in the best interests of both our stockholders and executives.

Following are highlights of the changes we have either made or are in the process of making:

- A more structured approach to Annual Cash Incentive Awards for the Chief Executive Officer. The Compensation Committee adopted an approach that uses a formulaic structure preferred by many of our investors. This program replaces the prior structure, which involved a greater degree of discretion. This new design structure is described further in the section titled "Elements of Compensation" below.

- A new independent compensation consultant. As part of our increased effort to continually improve to our compensation practices, the Compensation Committee engaged Pearl Meyer, an independent compensation consultant, in June 2015. The Committee directed Pearl Meyer to perform a comprehensive review of our executive compensation structure, its competitiveness relative to comparable banking organizations, and our related governance practices. Pearl Meyer provided the Committee with recommendations for potential changes to our practices going forward and the Committee is currently taking these recommendations under consideration.

- A new set of stockholder-friendly features. In early 2016, the Compensation Committee approved a formal clawback policy. In addition, a stock ownership guideline for our CEO was adopted and our guidelines for non-employee directors was enhanced to bolster our current compensation governance practices and further strengthen the alignment of stockholder and executive interests.

- Commitment to greater transparency and dialogue with stockholders. Beginning with this CD&A, we have made a commitment to explain more fully the Compensation Committee's thought process as it relates to establishing
- executive compensation levels and design. We are also in the process of launching a more formalized stockholder outreach program to not only share more openly our rationale for executive compensation decisions, but to be just as intentional about listening to our stakeholders to obtain and understand their thoughts and concerns.

Chief Executive Officer (“CEO”) Pay at a Glance

The independent members of the board of directors selected Kevin S. Kim to serve as President and CEO of BBCN Bancorp on March 7, 2013, and in April of 2014 expanded his responsibilities to include President and CEO of BBCN Bank, based on their belief that Mr. Kim was the leader BBCN needed to successfully guide the Company through its longer-term growth objective to be the premier Korean-American bank in the United States with total assets in excess of \$10 billion. As such, the Company entered into a new employment agreement with Mr. Kim effective April 2014 that was designed to be commensurate with his significantly increased responsibilities and leadership role within the Company. The new employment agreement provided Mr. Kim with an initial annual base salary of \$650,000, target annual cash incentive opportunity of 75% of his annual base salary, time-based vesting stock options and time-based vesting restricted stock. In entering into the new employment agreement with Mr. Kim, the Compensation Committee’s prior consultant reviewed the terms of the agreement, including the compensation components and found them to be within competitive practices of comparable banks. Previously, upon his appointment as President and CEO of the Bancorp, Mr. Kim was granted restricted stock units.

The Compensation Committee believes the time-based vesting equity awards, in particular, were critical to retaining Mr. Kim for the long term during a critical time in the Company’s growth and transition and aligning his interests with the long-term interests of our stockholders. The restricted stock awards were designed to be the primary retention vehicle, ensuring that Mr. Kim had immediate unvested equity, while the stock options were designed primarily to motivate and reward growth in the value of the Company. The nature of these equity awards were unique to the Company’s specific needs during the leadership transition and are not necessarily indicative of the Committee’s plans for future awards to Mr. Kim, which will be evaluated and developed during 2016. No equity awards were granted to Mr. Kim in 2015.

Because we view the 2013 and 2014 equity awards granted to Mr. Kim as special multi-year hire-on awards, the Committee’s assessment of his actual total annual compensation does not directly correlate with annual amounts disclosed in the Summary Compensation Table found below. Rather than inclusion of the awards at full market value on the date of grant (which results in significant swings between 2013, 2014 and 2015), the Compensation Committee evaluates his total annual compensation opportunity by including a normalized value of his hire-on awards, spreading the grant date fair market value over the intended service periods—the periods over which the hire-on awards vest. The chart below illustrates Mr. Kim’s “normalized” total compensation each year, relative to the cumulative total return to stockholders since his date of hire:

* Reflects equity award values granted pursuant to Employment Agreement, normalized over intended service period (vesting period).

2015 Compensation Decisions

The Compensation Committee made the following compensation decisions for fiscal 2015:

- Base Salaries: Increased base salaries of NEOs consistent with Company-wide salary adjustment rates (ranging between 3% and 4%)

Annual Cash Incentive Awards: The Compensation Committee awarded Mr. Kim 118% of his target award opportunity. The other NEOs received between 79% and 86% of their respective target award opportunities. For more information, please see the section titled “Elements of Compensation” below.

- Long-Term Equity Incentive Awards: The Compensation Committee did not grant any equity awards to any of the NEOs in 2015.

Long-Term Cash Incentive Plan (“LTIP”): The Company met required performance targets and the Company contributed \$50,000 and \$30,000 to deferred compensation accounts of Kevin S. Kim and Kyu S. Kim, respectively, in accordance with the terms of their respective plans.

What Guides Our Executive Compensation Program

Compensation Philosophy and Objectives

We believe that the most effective executive compensation programs are those that align the interests of our executive officers with those of our stockholders. A properly structured compensation program will reinforce and support the development of a strong performance-oriented culture within the Company to achieve specific short and long-term strategic objectives while taking into consideration potential risk implications, such as not encouraging imprudent risk-taking that threatens the long-term value of the Company. Although we believe that a significant percentage of executive compensation should be based on the principles of pay for performance, we also recognize that we must have the ability to attract and retain highly talented executive officers by offering competitive base salaries.

The Company’s executive compensation programs are designed to provide:

- levels of base salary that are competitive with companies in our peer group;
- annual cash incentive bonuses that are tied to our financial results, achievement of our yearly strategic goals and achievement of individual performance objectives;

- long-term incentive equity awards, that are designed to encourage executive officers to focus their efforts on building stockholder value by meeting longer-term financial and strategic goals; and
- long-term cash incentives that deliver opportunities for performance-based contributions to select executive officers' deferred compensation accounts.

The Compensation Committee attempts to strike a balance among these elements, each of which is discussed in greater detail below, in designing and administering the Company's executive compensation programs. With respect to performance-based compensation, the Compensation Committee believes that executive compensation should be closely tied to the financial and operational performance of the Company, individual performance and the officer's level of responsibility, as well as risk management. The Compensation Committee believes that the equity-based portion of our executive compensation should also include meaningful retention features that encourage key employees to remain in the employment of the Company.

Roles and Responsibilities of the Human Resources and Compensation Committee

The Compensation Committee has strategic and oversight responsibility for the compensation and benefits programs of the Company. The Compensation Committee reviews the compensation recommendations made by the Chief Executive Officer for employees at the Executive Vice President level and above and any other Chief Officers who are not Executive Vice Presidents (the Chief Internal Auditor is a Senior Vice President) to determine whether the compensation paid to such employees is reasonable and competitive and whether such compensation serves the interests of the Company's stockholders. The Chief Risk Officer reports directly to the Board Risk and Compliance Committee (also referred to as "BRCC") and the Chief Internal Auditor reports directly to the Audit Committee. The Chairs of the BRCC and Audit Committee provide input on compensation decisions for the Chief Risk Officer and Chief Internal Auditor, respectively, in conjunction with the Compensation Committee.

The Compensation Committee is also responsible for establishing, implementing, and monitoring the compensation structure, policies, and programs of the Company subject to the overall authority of the board of directors, including assessment of the risk profile of each compensation policy and practice, and for assessing and recommending to the board for approval of the total compensation paid to the Chief Executive Officer and Executive Vice Presidents of the Company. The Compensation Committee periodically reviews the pay practices of companies in our peer group to determine the appropriate compensation mix and levels for our executive officers. The Compensation Committee may engage the advice of outside experts, including compensation consultants. It is the Compensation Committee's policy to engage only advisors that the Compensation Committee determines to be sufficiently independent. The Compensation Committee meets at least four times a year and also holds special or telephonic meetings to discuss extraordinary items, such as the hiring or dismissal of employees at the Executive Vice President level or above. For fiscal year 2015, the Compensation Committee met a total of nine times, including regularly scheduled Compensation Committee meetings, special meetings and telephonic meetings. The Chair of the Compensation Committee regularly reports to the board of directors on the Compensation Committee's actions and recommendations. A copy of the Compensation Committee's charter may be found in the Corporate Governance section of our website at www.BBCNbank.com.

The Role of the Independent Compensation Consultant

In 2014, the Compensation Committee retained EW Business Partners to review the employment agreement entered into with our President and CEO.

The Compensation Committee elected to engage a new independent compensation consultant in June 2015 to provide expertise on competitive pay practices and program design. The independent compensation consultant serves as an objective third-party advisor in assessing the reasonableness of compensation levels and the appropriateness of the design of the Company's evolving executive compensation program structure.

Pursuant to authority granted to it under its charter, the Compensation Committee engaged Pearl Meyer as its independent consultant. Pearl Meyer reports directly to the Compensation Committee. The Compensation Committee has conducted an independence assessment of Pearl Meyer in accordance with the SEC rules and has determined that work performed by Pearl Meyer does not create a conflict of interest.

The Role of Peer Groups

The Company has historically conducted internal analyses of our executive pay practices relative to a peer group of U.S. public commercial banks similar in size (total assets) and structure (deposit mix and loan portfolio). With Pearl Meyer's

engagement in 2015, the Compensation Committee revised the peer group to be used in making compensation decisions. Pearl Meyer recommended, and the Committee approved, the following general criteria for selecting peers:

- total assets one-half to two times the Bank's total assets;
- operating revenue one-half to two times the Bank's operating revenue;
- market capitalization one-third to three times the Bank's market capitalization;
- loan mix with emphasis on commercial real estate loans; and
- Ratio of noninterest income to operating revenue less than 30%

The resulting peer group approved by the Compensation Committee is as follows:

- | | |
|--------------------------------------|-------------------------------------|
| • Banner Corporation | • Glacier Bancorp, Inc. |
| • Capital Bank Financial Corp. | • Hanmi Financial Corporation |
| • Cathay General Bancorp | • Pinnacle Financial Partners, Inc. |
| • Columbia Banking System, Inc. | • Sterling Bancorp |
| • CVB Financial Corp. | • Union Bankshares Corporation |
| • First Commonwealth Financial Corp. | • United Bankshares Inc. |
| • First Financial Bancorp | • United Community Banks, Inc. |
| • First Interstate BancSystem, Inc. | • Western Alliance Bancorporation |
| • First Merchants Corp. | • Wilshire Bancorp Inc. |
| • First Midwest Bancorp Inc. | |

As of August 2015, BBCN Bancorp's total assets were positioned at approximately the 38th percentile of peer banks, operating revenue at the 58th percentile and market capitalization at the 35th percentile.

Pearl Meyer reviewed our executive officers' 2015 target compensation relative to compensation of similarly positioned executives among the peer banks and presented findings from the review to the Compensation Committee in September 2015. The Compensation Committee will consider the findings from the Pearl Meyer report when making executive compensation decisions for 2016.

Elements of Compensation

The four primary elements of our executive compensation structure are base salaries, annual cash incentives, long-term equity incentive awards and long-term cash incentives. The following describes the objectives and policies underlying each of the elements of our executive compensation program.

Base Salary

Base salary is the fixed component of total direct compensation. We believe that base salaries should be competitive with the salaries paid by comparable banking institutions based on each individual's experience, performance and geographic location. The Compensation Committee considers a wide variety of factors in determining base salary levels, including individual performance, Company performance, the business or corporate function for which the executive is responsible, the nature and importance of the executive officer's position and role within the Company, the

scope of the executive officer's responsibility or internal relationships and the current compensation package in place for the executive officer, including the executive officer's current annual base salary. In setting base salaries, the Compensation Committee also takes into account that target bonuses under our annual incentive program generally are set as a percentage of base salary. In 2015, each of the named executive officers

received base salary increases between 3% and 4%, consistent with annual merit adjustments for employees Company-wide. The compensation analysis performed by Pearl Meyer in September of 2015 found our CEO's 2015 base salary and the average base salaries to our other executive officers were within +/-10% of peer bank 50th percentile salaries.

The 2015 and 2014 base salaries for the NEOs were as follows:

NEO	2014 Base Salary	2015 Base Salary	Year-over-Year % Change	
Kevin S. Kim	\$ 650,000	\$ 675,000	4	%
Douglas J. Goddard	\$ 291,500	\$ 301,000	3	%
Kyu S. Kim	\$ 315,000	\$ 325,000	3	%
Johann Minkyun You	\$ 280,000	\$ 290,000	4	%
Mark H. Lee	\$ 275,400	\$ 284,000	3	%
Cha Y. Park	\$ 315,000	\$ 325,000	3	%

Annual Cash Incentive Bonus

We believe performance-based incentive compensation programs, with incentive criteria primarily tied to the Bank's performance, aligns the interest of our executive officers with those of our stockholders.

The following sections discuss the Compensation Committee's criteria used to determine 2015 annual cash incentive awards for the Chief Executive Officer and other NEOs.

Chief Executive Officer Award: Performance Measures and Results

In early 2015, the annual cash incentive award opportunity for our Chief Executive Officer was approved by the Compensation Committee. Mr. Kim's annual cash incentive opportunity is based on profitability, balance sheet, regulatory and strategic goals. His target 2015 annual cash incentive award opportunity was 75% of salary. The Compensation Committee established threshold and maximum award opportunities and goals, which set Mr. Kim's threshold opportunity at 50% of salary and maximum opportunity at 125% of salary. In early 2016, the Compensation Committee reviewed the Bank's actual financial and regulatory performance relative to approved goals to determine the 2015 annual incentive payout for the CEO. The Compensation Committee approved an annual incentive payout to the CEO equal to 88.63% of his salary or \$598,224, as illustrated in the table below.

Performance Measures	Weight	2015 Performance Goals						Actual Results	Bonus Earned

(a) We are not permitted to disclose regulatory ratings, and the nature of the strategic goals is such that they are not quantifiable.

Other NEOs' Awards: Performance Objectives and Results

Annual cash incentive bonuses for all other senior employees with a title of First Vice President and above, including NEOs other than the Chief Executive Officer, are paid under the Company's Performance Incentive Plan ("PIP"). The PIP was developed to recognize and reward senior officers, who help enhance stockholder value, profitability and customer satisfaction and help meet the strategic goals of the Company. The program also measures performance against agreed-upon goals in determining an incentive award. The PIP is administered by the Chief Executive Officer and approved by the Compensation Committee.

The PIP defines Bank performance and individual goals and establishes incentive award opportunities for each level of management. In early 2015, the Chief Executive Officer recommended the allocation of incentive opportunities to each NEO (excluding himself) and the award basis for 2015 to the Compensation Committee, which then approved the recommendations. The allocation of each year's PIP accrual, to be paid in the following year, is determined by the relative performance and contribution to the financial results of the Company by each NEO and achievement of individual performance goals under each NEO's PIP.

The following table summarizes award opportunities and performance basis for each level of management (excluding the Chief Executive Officer).

Level	Target Incentive as a Performance Basis					
	Percentage of Salary		Bank		Individual	
Senior Executive Vice President	45	%	80	%	20	%

Upon the recommendation of the Chief Executive Officer, the Compensation Committee approved the following annual cash incentive awards to the following PIP participants, based on the combined achievement of Bank and individual performance in 2015: Ms. Kyu S. Kim \$123,000, or 84% of target; Mr. Goddard \$95,000, or 79% of target; Mr. You \$100,000, or 86% of target; and Mr. Lee 92,000, or 81% of target. The payouts of annual cash incentive bonuses for 2015 to the NEOs were lower than target levels, reflecting a flat budget for such bonuses accrued during the calendar year and a greater-than-budgeted level of participation in the Company's Performance Incentive Plan.

Long-Term Equity Incentive Awards

Long-term incentive equity awards are an additional component of the Company's total compensation package for retaining and motivating executive officers. The Compensation Committee believes that equity-based compensation, including stock options and performance units, ensures that the Company's officers have a personal stake in the long-term success of the Company without encouraging such officers to take inappropriate or unnecessary risks. During the Company's history, long-term incentive equity awards have been granted from time to time to help retain officers and secure their ongoing commitment to the Company. These long-term incentive awards have been granted under the BBCN Bancorp, Inc. 2007 Equity Incentive Plan (also referred to as the "2007 Plan") and, prior to the merger of Nara Bancorp Inc. and Center Financial Corporation, under the 2006 Center Stock Incentive Plan (also referred to as the "2006 Plan").

The Compensation Committee did not grant any equity awards to any of the NEOs in 2015.

The Compensation Committee intends to develop a long-term incentive strategy following completion of the merger, which will deliver long-term incentive awards based on the achievement of longer term financial performance objectives. In addition, the Compensation Committee will reevaluate the frequency of grants in light of practices by peer banks in a manner that is consistent with the compensation philosophy of the Company and stockholders' interests.

Long-Term Cash Incentive Plan

The Company has a Long Term Incentive Plan (also referred to as "LTIP"), which is intended to incentivize executive officers to remain employed by the Bank for the long term and to provide a vehicle for executive officers to build a retirement fund beyond the Company's 401(k) plan. We believe that stability of our executive management team is a key component to the Company's future success and growth.

Kyu S. Kim became an LTIP participant in 2008. According to the terms of her individual LTIP agreement, Kyu S. Kim is entitled to have up to \$30,000 per year, for a ten-year period beginning in 2008, credited to a deferred compensation account which accrues interest at an annual rate of 6.25%, to be paid out starting when she reaches 65 years of age. The agreement has a five-year vesting cliff of 50% of her total potential contribution amount plus accrued interest in her deferred compensation account, with an additional 10% vesting of the total potential contributions plus accrued interest in each of years six through ten.

Kevin S. Kim became an LTIP participant in 2014. According to the terms of his individual LTIP agreement, Kevin S. Kim is entitled to have up to \$50,000 per year, for a five-year period beginning in 2014, credited to a deferred compensation account which accrues interest at an annual rate of 6.25%, to be paid out starting when he reaches 65 years of age. The agreement has a three-year vesting cliff of 50% of his total potential contribution amount plus accrued interest in his deferred compensation account, with an additional 25% vesting of the total potential contributions plus accrued interest in each of years four and five.

The LTIP requires the satisfaction of certain performance criteria by each participant each year in order for the executive officer to receive full credit for his or her potential yearly contribution. Performance criteria are determined in advance by our board of directors each year. Since 2008, the performance criteria have been that the Company must meet at least 80% of its budgeted return on assets and return on equity targets to be eligible for any contribution to an executive officer's LTIP account. Based on discussions during strategic planning sessions between the board of directors and management during the course of 2014, a financial budget was presented to the board in December 2014, which forecasted balanced prudent growth of earning assets with the desire to continue to invest the Bank's new initiatives in mortgage lending, wealth management and enhanced credit card offerings. The final budget was approved by the board of directors in January 2015.

In 2015, the Company's return on assets and return on equity exceeded 80% of target, and, as a result, the Company credited \$50,000 and \$30,000 to Kevin S. Kim and Kyu S. Kim's deferred accounts, respectively.

Performance Criteria	Target	80% of Target	Actual Results
Return on Assets	1.17 %	0.936 %	1.25 %
Return on Equity	9.56 %	7.648 %	10.11 %

The LTIP provides for full vesting of a participant's then-current account balance in the event of the participant's death during employment. The LTIP provides for partial accelerated vesting of the total potential contribution amount plus accrued interest in the deferred compensation accounts upon the occurrence the executive's separation from service for good reason within 12 months following a change in control event. Kevin S. Kim's employment agreement provides for accelerated vesting of his LTIP account balance upon termination of his employment in circumstances described below.

Other Practices, Policies and Guidelines

Stock Ownership Guidelines

At the recommendation of the Compensation Committee, in 2016 our board of directors adopted stock ownership guidelines for our Chief Executive Officer and enhanced guidelines in place for the non-employee directors. The individuals subject to the guidelines generally have five years from the date the guidelines were adopted, their election to the board or their appointment as Chief Executive Officer to meet the guidelines. If guidelines have not been met, such individuals must retain 100% of the net shares received pursuant to any equity incentive award, after shares are sold or withheld, as the case may be, to pay any exercise price or satisfy any tax obligations arising in connection with the exercise, vesting or payment of the award. Adopted guidelines are as follows:

Role	Guideline
Chief Executive Officer	5x base salary
Non-Employee Directors	3x annual cash retainer*

*Increased from two times annual cash compensation

Currently, our CEO ownership level exceeds the above stated guideline.

Clawback Policy

At the recommendation of the Compensation Committee, in 2016 our board of directors adopted a clawback policy. The clawback policy provides for the recoupment of certain incentive based compensation which was earned, vested and granted to our executive officers, including former executive officers, based on any financial reporting measure, our stock price or total stockholder return. Incentive compensation is subject to recoupment if received within any of the three fiscal years prior to the determination that a material error in our financial statements has occurred requiring an accounting restatement. This policy is intended to comply with Section 954 of the Dodd-Frank Act and any applicable stock exchange rules that may be adopted under such act.

Other Benefits

The NEOs are entitled to participate in the same benefits programs that are available to all full-time employees. These benefits include health, dental, vision, and life insurance, paid vacation and the Company contributions to the 401(k) Plan, if any. The Company provides limited perquisites to its NEOs, such as club dues, where the club enhances opportunities to meet and network with prospective customers and other business leaders. Please see the footnotes to the Summary Compensation Table for further information.

CEO Employment Agreement

Upon the recommendation of the Special Committee and in collaboration with the Compensation Committee, our board of directors appointed Kevin S. Kim as President and Chief Executive Officer of both the Bank and the Company on April 21, 2014 and entered into an Amended and Restated Employment Agreement (the "Agreement"), dated as of July 11, 2014, which replaced Mr. Kim's existing employment agreement entered into with the Company on May 31, 2013. The following summary presents the material terms of the Agreement and is qualified in its entirety by reference to the Form 8-K previously furnished to the SEC on July 11, 2014.

Term. Under the terms of the Agreement, Mr. Kim became employed as the Chief Executive Officer and President of the Company and the Bank for an initial term of five years, commencing as of April 11, 2014 (the "Commencement Date"), which term is subject to annual twelve-month extensions. The Agreement specifies that

- Mr. Kim's employment is "at will," meaning that either he may terminate his employment on 90 days' notice given at any time or the Company may terminate his employment at any time, in either case with or without any specified reason. The Agreement provides for certain payments to Mr. Kim, described below, upon termination of his employment.

Non-equity Compensation. Mr. Kim is to receive an annual base salary at an initial rate of \$650,000 per year, which may be adjusted at the discretion of the Company's board of directors based on annual reviews required by the Agreement. The Agreement also provides for annual discretionary cash bonuses based on the reasonable determination of the Company's and Bank's board of directors, or applicable committees of such boards, regarding Mr. Kim's performance of his responsibilities in accordance with specified performance criteria. Such bonuses may range between 50% and 125% of his annual base salary with the target bonus amount at 75% of his annual base salary, depending on the board of directors' reasonable determination of the degree to which he has achieved the specified performance criteria and has an acceptable overall performance evaluation. In addition, Mr. Kim is entitled to an automobile allowance of \$1,450 a month, reimbursement of the cost of monthly membership fees and dues at a specified social club and a specified country club, perquisites and benefit plans available to other executive employees of the Company, and reimbursement of reasonable business-related expenses.

Equity Compensation. Pursuant to the Agreement, Mr. Kim received a grant of 30,000 shares of common stock that are subject to forfeiture and are not transferable by Mr. Kim until vested, commonly referred to as “restricted stock,” and nonqualified stock options to purchase 200,000 shares of common stock of the Company. Each of these grants vests in five equal annual installments commencing on the first anniversary of the Commencement Date. Both of such grants are subject to the terms and conditions of the 2007 Plan. The Agreement also confirms that the previous grant by the Company of 20,000 restricted stock units to Mr. Kim on March 6, 2013 under the 2007 Plan remains in effect. Pursuant to the Agreement, the Company has also undertaken to adopt and implement the 2008 Long-Term Incentive Plan (“LTIP”) for Mr. Kim, the material terms of which are discussed in the section titled “Long-Term Cash Incentive Plan” above. On February 24, 2016, the Compensation Committee (with Mr. Kim’s consent) recommended, and on February 25, 2016, the board of directors approved a 30,000 share reduction in the number of shares subject to the June 27, 2014 stock option grant to Mr. Kim. Such reduction is being made to bring the total equity grants to Mr. Kim within the individual annual grant limit under the 2007 Plan. The remaining 170,000 stock options vest and become exercisable 40,000 stock options each on the first four anniversaries of the grant date and 10,000 stock options on the fifth anniversary.

Termination Clauses. The Agreement provides that upon termination of Mr. Kim’s employment for any reason he will be entitled to receive, to the extent not previously paid, all salary earned or accrued through the date of termination, all annual bonuses earned for calendar years completed prior to the date of termination, reimbursement for reasonable and necessary business expenses incurred by him through the date of termination and any other payments and benefits to which he is entitled under applicable compensation arrangements or benefit plans, such as accrued vacation pay, but not including any severance payment provided for in the Company’s severance policies applicable to its salaried employees generally. In addition, if Mr. Kim’s employment is terminated by the Company without cause or is terminated by Mr. Kim for good reason, as defined in the Agreement, or is terminated as a result of Mr. Kim’s death or permanent disability, Mr. Kim may, in the discretion of the Company’s board of directors, be paid an amount equal to a pro rata portion of his annual bonus for the portion of the year completed up to the effective date of his termination, using for this purpose the amount of the annual bonus earned by him in the preceding year. The foregoing amounts are collectively referred to in the Agreement as the (“Accrued Benefits”).

Termination Pay. If Mr. Kim’s employment is terminated by the Company without cause or by Mr. Kim with good reason before a change in control of the Company, he will be entitled to receive, in addition to the Accrued Benefits, a lump-sum severance payment in an amount equal to 150% of his then current annual base salary. In addition, all unvested awards granted to Mr. Kim pursuant to the 2007 Plan will vest, subject to certain limitations, and his then-accrued LTIP account balance will vest in full. If Mr. Kim’s termination of employment under the foregoing circumstances occurs within one year after a change in control of the Company, he will be entitled to receive, as his exclusive remedy in respect of such termination, the Accrued Benefits, a lump-sum severance payment in an amount equal to 250% of his then current annual base salary, full vesting of all unvested awards granted or issued to him under the 2007 Plan, and full vesting of his then-accrued LTIP account balance.

Limitations on Payments. The amounts payable to Mr. Kim upon termination of employment will be subject to certain limitations intended to result in such payments not being subject to the penalties imposed on “parachute payments” or on certain nonqualified deferred compensation pursuant to the Internal Revenue Code. In addition, Mr. Kim’s entitlement to such amounts will be subject to the requirement that he execute a release of all claims against the Company, the Bank and certain related persons arising out of or relating to his employment, the Agreement, his compensation, the circumstances of his termination and other specified matters.

- Clawback Features. The Agreement provides that the Company may, subject to the discretion and approval of the boards of directors of the Company and the Bank, as applicable, and to the extent permitted by governing law, require the reimbursement (with interest) or cancellation of any bonus or other incentive compensation, including stock-based compensation, awarded to Mr. Kim if all of the following factors are present: (a) the award was predicated upon achievement of financial results that were subsequently the subject of a material restatement,

(b) the board of directors of the Company or the Bank, as applicable, determines that Mr. Kim has engaged in fraud or intentional misconduct that was a substantial contributing cause to the need for the restatement, and (c) a lower award would have been made to Mr. Kim based upon the restated financial results. The Agreement further provides that in no event shall the total compensation paid upon departure of Mr. Kim from the Company be in an amount that exceeds the level of compensation that applicable bank regulatory authorities consider to constitute safe and sound at the time of such payment, taking into account applicable laws, regulations and regulatory guidance.

Compensation Risk Considerations

The Compensation Committee has concluded that the Company's compensation arrangements do not encourage employees to take unnecessary and excessive risks. We do not believe that any risks arising from our compensation policies and practices are reasonably likely to have a material adverse effect on the Company.

Tax, Accounting and Regulatory Considerations

We take tax, accounting and regulatory requirements into consideration in choosing the particular elements of our compensation and in the procedures we use to set and pay those elements. We seek to pay compensation in the most tax-effective manner where reasonably possible, and, therefore, we take tax considerations into account.

In doing so, we consider the requirements of Section 162(m) of the Internal Revenue Code. Section 162(m) provides that payments of compensation in excess of \$1,000,000 annually to a covered employee (the Chief Executive Officer and each of the three-highest paid executive officers other than the Chief Financial Officer) will not be deductible for purposes of U.S. corporate income taxes unless it is "performance-based" compensation and is paid pursuant to a plan and procedures meeting certain requirements of the Internal Revenue Code. Under our stockholder approved 2007 Plan and 2015 Executive Annual Incentive Compensation Program our Compensation Committee may issue awards which qualify as deductible performance-based compensation under Section 162(m). However, we may pay compensation that does not satisfy the requirements of Section 162(m) where we believe that it is in the best overall interests of the Company. We believe that the Chief Executive Officer's 2015 Annual Cash Incentive award is performance-based for purposes of Section 162(m), and that the balance of his compensation taxable in 2015 is within the \$1,000,000 annual deduction limit under Section 162(m).

Section 409A of the Internal Revenue Code provides that an employee receiving deferred compensation (including certain types of equity awards) is subject to additional income tax and interest charges unless the deferred compensation is paid pursuant to a plan and procedures meeting certain requirements of Section 409A. It is our intention to deliver compensation which complies with the requirements under Section 409A.

Compensation Committee Interlocks and Insider Participation

The members of our Human Resources and Compensation Committee are Messrs. Scott Yoon-Suk Whang (Chair), Peter Y.S. Kim, David P. Malone and Dale S. Zuehls, all of whom satisfy the Nasdaq Stock Market listing requirements and relevant Internal Revenue Service and SEC regulations on director independence. None of the members of the Compensation Committee have ever been an officer or employee of the Company or any of its subsidiaries. The 2007 Plan provides for vesting of all performance units and stock options upon a change in control, death or the finding of permanent disability. This calculation assumes that each NEO's performance units and restricted (1) stock were paid out in stock at the closing price on December 31, 2015, of \$17.22 per share, and that Kevin S.

Kim's unvested stock options were paid out in the amount of the difference between the stock closing price on December 31, 2015, of \$17.22 per share, and the option exercise price of \$15.88 per share.

Pursuant to the terms of Kevin S. Kim's employment agreement, which is described in more detail in the section titled "CEO Employment Agreement " above, Mr. Kim would have been entitled to 150% of his annual base salary (2) for involuntary termination occurring on December 31, 2015, other than for cause and not in connection with a change in control of the Company, and 250% of his annual base salary for involuntary termination occurring on December 31, 2015 within one year following a change in control.

(3) The LTIP allows for payment of a portion of the LTIP benefits upon good reason termination of employment within 12 months following a change of control. Mr. Kim would have been entitled to a benefit of \$86,056, equal to 33.34% of the sum of his account balance on December 31, 2015 and his potential contributions for years thereafter, upon a change in control occurring on December 31, 2015, payable in accordance with the terms of his LTIP. Ms. Kim would not have been entitled to any additional LTIP benefit, other than her then-vested benefit, as the result of a change in control or termination of employment occurring on December 31, 2015.

(4) The LTIP allows for payment of 100% of a participant's account balance upon the death of the participant. Kevin S. Kim and Kyu S. Kim are participants in the LTIP, and currently have vested rights to LTIP benefits of \$0 and \$193,240, respectively. The amounts included in the table are \$108,117 for Kevin S. Kim and \$0 for Kyu S. Kim, which reflect the excess of the amounts payable in the event of death occurring on December 31, 2015 over the then-vested benefit amounts.

(5) Pursuant to the terms of Mark H. Lee's employment agreement, Mr. Lee would have been entitled to payment of his then current annual base salary through the agreement term date of August 20, 2016.

DIRECTOR COMPENSATION

The Company provides cash compensation to its directors commensurate with their positions on the board of directors and the board committees. From time-to-time, the Company also uses stock-based incentive compensation to attract and retain qualified candidates to serve on our board of directors. The Company's compensation and benefits programs are designed to pay directors fairly for work required for an organization of the size and scope of the Company, align the directors' interest with the long-term interests of stockholders, and provide compensation that is transparent and straightforward for stockholders to understand. In setting director compensation, the Company considers the amount of time that directors expend in fulfilling their duties to the Company as well as the skill level and experience required by our board of directors. The Company also considers board compensation practices at similarly situated banks, while keeping in mind the compensation philosophy of the Company and the stockholders' interests.

Item 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE
Policies and Procedures for Approving Related Party Transactions

We conduct a review of all related party transactions for potential conflict of interest situations on an ongoing basis, and all such transactions must be reviewed by the Nomination and Governance Committee and ultimately reviewed and approved by our board of directors. As required under its charter, the Nomination and Governance Committee is responsible for reviewing each director's independence (according to the Nasdaq Stock Market, IRS and the SEC standards) and for making recommendations to the board of directors based on its findings.

Our Code of Ethics and Business Conduct for employees requires employees who may have a potential or apparent conflict of interest to notify their supervisor or the Ethics Officer. Our Director Code of Ethics and Business Conduct requires directors to notify the chair of the Nomination and Governance Committee. A potential conflict is considered to exist whenever an individual has an outside interest, direct or indirect, which could conflict with the individual's duty to the Company or adversely affect the individual's judgment in the discharge of his or her responsibilities at the Company. Prior to consideration of a related party transaction, our board of directors requires full disclosure of all material facts concerning the relationship and financial interest of the relevant individuals in the transaction. The board of directors then determines whether the terms and conditions of the transaction are more or less favorable to the Company than those offered by unrelated third parties. Once the board of directors determines that the terms and conditions are substantially similar to those offered by unrelated parties, the transaction may be permitted if it is approved by a majority of the independent directors entitled to vote on the matter with the interested director abstaining.

All of the transactions reported below were approved by our board of directors in accordance with these policies and procedures, and we believe that the terms of these transactions were not less favorable to us as those we could have obtained from unrelated third parties. The employee and director Code of Ethics and Business Conduct can be found in the Corporate Governance section of our website at www.BBCNbank.com. By including the foregoing website address link, we do not intend to, and shall not be deemed to, incorporate by reference any material contained therein.

To identify related party transactions, each year we require our directors and executive officers to complete director and officer questionnaires identifying any transaction with us or any of our subsidiaries in which the officer or director or their family members have an interest. In addition, director independence is discussed on a regular basis at the Nomination and Governance Committee, and the Bank tracks all deposit accounts on a daily basis and loan accounts on a quarterly basis. Directors and executive officers are required to notify the Legal Department of any updates to the information supplied in the questionnaire occurring after the date of its completion.

There are no existing or proposed material transactions between the Company or the Bank and any of our officers, directors, nominees or principal stockholders or the immediate family or associates of the foregoing persons, except as indicated below.

Transactions Considered

Some of the directors and officers of the Company and/or the Bank and the immediate families and the business organizations with which they are associated, are customers of, and have had banking transactions with, the Bank in the ordinary course of our business and we expect to have banking transactions with such persons in the future. All loans made to such persons have been made in the ordinary course of business; on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable loans to persons not related to the Bank; and do not involve more than a normal risk of collectability or present other unfavorable features.

Board Independence

The Nasdaq Stock Market listing standards require that a majority of the members of a listed company's board of directors qualify as "independent," as affirmatively determined by the board of directors. Our board of directors consults with our legal counsel to ensure that our board of directors' determinations of independence are consistent with all relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of the Nasdaq Stock Market, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management the Company's independent registered accounting firm, BDO, our board of directors affirmatively has determined that all of our directors, other than Kevin S. Kim, our Chairman, President and Chief Executive Officer, are independent directors within the meaning of the applicable Nasdaq Stock Market listing standards and SEC rules and regulations. For further discussion, please see Item 10 "Directors, Executive Officers and Corporate Governance -Board Leadership Structure" and Item 10 "Directors, Executive Officers and Corporate Governance -Committees of the Board" above.
