Section 1 — Registrant’s Business and Operations

Item 1.01. Entry into a Material Definitive Agreement

On February 12, 2008, Callon Petroleum Company announced that it has executed a Purchase and Sale Agreement for the sale of a 50% working interest in the Entrada Field to CIECO Energy (US) Limited, a subsidiary of Tokyo-based ITOCHU Corporation. The transaction will have an effective date of January 1, 2008 and is expected to close by February 29, 2008. Terms of the agreement include the following:

- A cash payment of \$155 million due at closing plus an additional \$20 million future cash payment which is contingent upon reaching certain cumulative production milestones.
- At closing, CIECO will also reimburse Callon for 50% of capital expenditures incurred in the Entrada Field prior to closing which is estimated to be approximately \$18 million.
  - CIECO has also agreed to pay Callon an additional \$2.50 per barrel of oil equivalent after gross field production has reached 30 million barrels of oil equivalent through December 31, 2018.
- As part of the transaction, CIECO has agreed to provide a non-recourse loan of \$150 million to Callon for the financing of Callon’s 50% share of the estimated \$300 million future development costs. The loan is expected to bear interest at LIBOR plus 375 basis points and mature within five years of first production from the property. The final terms of the loan are still being negotiated by the parties and entry into any loan may require prior consent from Callon’s noteholders and lenders.

The foregoing description of the Purchase and Sale Agreement is not complete and is qualified in its entirety by reference to the full text of the Purchase and Sale Agreement, a copy of which is filed as Exhibit 1.1 to this Current Report on Form 8-K and is incorporated herein by reference.
