Item 2.05 Costs Associated with Exit or Disposal Activities

On December 2, 2004, the Board of Directors of Raytech Corporation decided to relocate the corporate office functions from Shelton, Connecticut to the existing manufacturing and development facilities located in Crawfordsville, Indiana. The relocation process will begin immediately and is expected to be completed by September 2005.

Management estimates that the one-time termination benefits associated with the transition to Indiana will be approximately \$900,000 with additional costs of closing the Shelton office estimated at \$50,000, all of which are expected to be paid in cash during 2005 and 2006. These estimates do not include any costs associated with terminating the Shelton, Connecticut lease, which are not anticipated to be material. Management does not anticipate any significant contract termination costs associated with the closing.

Management's estimates are based on currently available information and are subject to change.
