INFORMATION ABOUT VOTING

Who Can Vote at the Meeting. You are entitled to vote the shares of Tri-County Financial common stock that you owned as of the close of business on March 12, 2010. As of the close of business on March 12, 2010, a total of 2,990,468 shares of Company common stock were outstanding. Each share of common stock has one vote.

Ownership of Shares; Attending the Meeting. You may own shares of Tri-County Financial in one of the following ways:

- Directly in your name as the stockholder of record;
- Indirectly through a broker, bank or other holder of record in “street name”; or

- Indirectly in the Community Bank of Tri-County Employee Stock Ownership Plan.

If your shares are registered directly in your name, you are the holder of record of these shares and we are sending these proxy materials directly to you. As the holder of record, you have the right to give your proxy directly to us or to vote in person at the annual meeting.

If you hold your shares in street name, your broker, bank or other holder of record is sending these proxy materials to you. As the beneficial owner, you have the right to direct your broker, bank or other holder of record how to vote by filling out a voting instruction form that accompanies your proxy materials. Your broker, bank or other holder of record may allow you to provide voting instructions by telephone or via the Internet. Please see the voting instruction form provided by your broker, bank or other holder of record that accompanies this proxy statement. If you hold your shares in street name, you will need proof of ownership to be admitted to the annual meeting. A recent brokerage statement or letter from a bank or broker are examples of proof of ownership. If you want to vote your shares of Tri-County Financial common stock held in street name in person at the annual meeting, you must obtain a written proxy in your name from the broker, bank or other nominee who is the record holder of your shares.

Quorum. We will have a quorum and will be able to conduct the business of the annual meeting if the holders of a majority of the outstanding shares of common stock entitled to vote are represented at the meeting.

Votes Required for Proposals. In voting on the election of directors, the approval of the non-binding advisory vote on executive compensation and on the ratification of the appointment of Stegman & Company as the Company's independent registered public accounting firm, you may vote in favor of the proposal, vote against the proposal or abstain from voting. These proposals will be decided by the affirmative vote of a majority of the shares cast at the annual meeting. Abstentions will have the same effect as a negative vote, while broker non-votes will have no impact on the proposals.

Effect of Not Casting Your Vote. If you hold your shares in street name it is critical that you cast your vote if you want it to count in the election of directors (Item 1 of this proxy statement) and for the non-binding advisory vote on executive compensation (Item 2 of this proxy statement). In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted in the election of directors or on the non-binding advisory vote on executive compensation, your bank or broker was allowed to vote those shares on your behalf in the election of directors or on the non-binding advisory vote on executive compensation, as they felt appropriate.

Recent changes in regulation were made to take away the ability of your bank or broker to vote your uninstructed shares in the election of directors or on the non-binding advisory vote on executive compensation on a discretionary basis. Thus, if you hold your shares in street name and you do not instruct your bank or broker how to vote in the election of directors or on the non-binding advisory vote on executive compensation, no votes will be cast on your behalf. These are referred to broker non-votes. Your bank or broker will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of the Company's independent registered public accounting firm (Item 3 of this proxy statement). If you are a shareholder of record and you do not cast your vote, no votes will be cast on your behalf on any of the items of business at the annual meeting.

How We Count Votes. If you return valid proxy instructions or attend the meeting in person, we will count your shares to determine whether there is a quorum, even if you abstain from voting. Broker non-votes also will be counted to determine the existence of a quorum.

Voting by Proxy. This proxy statement is being sent to you by the Board of Directors of Tri-County Financial to request that you allow your shares of Tri-County Financial common stock to be represented at the annual meeting by the persons named in the enclosed proxy card. All shares of Tri-County Financial common stock represented at the meeting by properly executed, dated proxies will be voted according to the instructions indicated on the proxy card. If you sign, date and return a proxy card without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors. The Board of Directors recommends that you vote "FOR" each of the nominees for director, "FOR" the non-binding advisory vote on executive compensation and "FOR" ratification of the appointment of Stegman & Company as the Company's independent registered public accounting firm.

If any matters not described in this proxy statement are properly presented at the annual meeting, the persons named in the proxy card will use their judgment to determine how to vote your shares. This includes a motion to adjourn or postpone the meeting to solicit additional proxies. If the annual meeting is postponed or adjourned, your Tri-County Financial common stock may also be voted by the persons named in the proxy card on the new meeting date, unless you have revoked your proxy. The Company does not know of any other matters to be presented at the annual meeting.

Stockholders who execute proxies retain the right to revoke them at any time. Unless so revoked, the shares represented by such proxies will be voted at the annual meeting and all adjournments thereof. Proxies may be revoked by written notice delivered in person or mailed to the Secretary of the Company, by delivering a later-dated proxy or by attending the annual meeting and voting in person. Attendance at the annual meeting will not in and of itself constitute revocation of your proxy.

Participants in the Bank's Employee Stock Ownership Plan. If you participate in the Community Bank of Tri-County Employee Stock Ownership Plan, you will receive a voting instruction card that reflects all shares you may direct the plan trustees to vote on your behalf under the plan. Under the terms of the employee stock ownership plan, all allocated shares of Tri-County Financial held by the plan are voted by the trustees, as directed by plan participants. All unallocated shares of Company common stock held by the plan, and allocated shares for which no voting instructions are received, are voted by the trustees in the same proportion as shares for which the trustees have received timely voting instructions. The deadline for returning your voting instructions to the Employee Stock Ownership Plan trustees is April 30, 2010.

CORPORATE GOVERNANCE

Director Independence. The Company's Board of Directors currently consists of nine members, all of whom are independent under the listing requirements of The NASDAQ Stock Market, except for C. Marie Brown, who was an employee of the Company and the Bank until February 8, 2008 and Michael L. Middleton, who is currently an employee of the Company and the Bank. Because the Company is traded on the OTC Electronic Bulletin Board, there is no independence requirement for the Company's directors. However, the Company chooses to apply the current listing requirements of The NASDAQ Stock Market. In determining the independence of its directors, the Board considered transactions, relationships and arrangements between the Company and its directors that are not required to be disclosed in this proxy statement under the heading "Relationships and Transactions with the Company and the Bank," including: (1) legal services performed by the Jenkins Law Firm, LLC, in which Louis P. Jenkins, Jr. is a principal; (2) engineering services performed by D. H. Steffens Company, in which Herbert N. Redmond, Jr. is President; and (3) loans or lines of credit that the Bank has directly or indirectly made to each of the directors on the Board.

Board Leadership Structure and the Board's Role in Risk Oversight. The Chief Executive Officer also serves as Chairman of the Board, due in part to the Chief Executive's long-standing tenure with the Company, which provides unique and intimate knowledge regarding the history, strategy, business and operations of the Company and the Bank. However, the Board has created a Lead Director position to enhance Board independence and oversight. H. Beaman Smith is currently the Lead Director of the Board of Directors. Among other things, the Lead Director: (1) presides at meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the independent directors; and (2) may call meetings of the independent directors.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputation risk. Management is responsible for the day-to-day management of risks the Company faces, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. To do this, the Chairman of the Board meets regularly with management to discuss strategy and risks facing the Company. Senior management attends the board meetings and is available to address any questions or concerns raised by the Board on risk management and any other matters. The Chairman of the Board and independent members of the Board work together to provide strong, independent oversight of the Company's management and affairs through its standing committees and, when necessary, special meetings of independent directors.

Committees of the Board of Directors. The following table identifies the members of the Board's Audit and Governance Committees as of December 31, 2009. All members of each committee are independent in accordance with the listing requirements of The NASDAQ Stock Market. Each committee operates under a written charter, that is approved by the Board of Directors, that governs its composition, responsibilities and operation. Each committee reviews and reassesses the adequacy on its charter at least annually. The charters of the two committees are available in the Shareholder Information portion of the "About Community Bank" section of the Company's Web site (www.cbtc.com).

Audit Committee. The Company's Audit Committee engages the Company's independent auditors and meets with them in connection with their annual audit and reviews the Company's accounting and financial reporting policies and practices. The Board of Directors has determined that the Audit Committee does not have a member who is an "audit committee financial expert" as defined under the rules and regulations of the Securities and Exchange Commission. While the Board has not designated any individual Board member as an "audit committee financial expert," the Board believes the level of financial knowledge and experience of the current members of the Audit Committee, including the ability to read and understand fundamental financial statements, is cumulatively sufficient to discharge adequately the Audit Committee's responsibilities.

Governance Committee. The Company does not have a separate compensation committee. However, the Governance Committee approves the compensation objectives for the Company and the Bank and establishes the compensation for the Chief Executive Officer and other executives and for the directors. The role of management in the Company's compensation decisions is limited to that of an information resource. Decisions by the Governance Committee with respect to the compensation of executive officers are approved by the full Board of Directors.

Director Nomination Process. The Governance Committee also selects nominees for election as directors. The Governance Committee seeks to create a Board that is strong in its collective knowledge and has a diversity of skills and experience with respect to accounting and finance, management and leadership, vision and strategy, business operations, business judgment, industry knowledge and corporate governance. To accomplish this, in its deliberations, the Governance Committee considers a candidate's knowledge of the banking business and involvement in community, business and civic affairs, and also considers whether the candidate would adequately represent the Company's market area. Any nominee for director made by the Governance Committee must be highly qualified with regard to some or all the attributes listed in the preceding sentence. In searching for qualified director candidates to fill vacancies on the Board, the Governance Committee solicits its current directors for the names of potential qualified candidates. The Governance Committee may also ask its directors to pursue their business contacts for the names of potentially qualified candidates. The Governance Committee would then consider the potential pool of director candidates, select the top candidates based on the candidates' qualifications and the Governance Committee's needs, and conduct a thorough investigation of each proposed candidate's background to ensure there is no past history that would cause the candidate not to be qualified to serve as a director of the Company. If a stockholder has submitted a proposed nominee in accordance with the procedures specified below, the Governance Committee would consider the proposed nominee, along with any other proposed nominees recommended by individual directors, in the same manner in which the Governance Committee would evaluate nominees for director recommended by the Board of Directors.

Consideration of Recommendations by Stockholders. The Governance Committee will consider recommendations for directors submitted by stockholders. Stockholders who wish the Governance Committee to consider their recommendations for nominees for director should submit their recommendations in writing to the Governance Committee in care of the Secretary, Tri-County Financial Corporation, 3035 Leonardtown Road, Waldorf, Maryland 20601. Each written recommendation must set forth (1) the name of the recommended candidate, (2) the number of shares of stock of the Company that are beneficially owned by the stockholder making the recommendation and by the recommended candidate, and (3) a detailed statement explaining why the stockholder believes the recommended candidate should be nominated for election as a director. In addition, the stockholder making such recommendation must promptly provide any other information reasonably requested by the Governance Committee. To be considered by the Governance Committee for nomination for election at an annual meeting of stockholders, the recommendation must be received by the January 1st preceding that annual meeting. Recommendations by stockholders that are made in accordance with these procedures will receive the same consideration given to other candidates recommended by directors.

Board and Committee Meetings. During 2009, the Board of Directors of the Company held seven meetings and the Board of Directors of the Bank held 14 meetings. No director attended fewer than 75% of the meetings of the Board of Directors and Board committees on which they served in 2009.

Director Attendance at Annual Meeting of Stockholders. The Company does not have a policy regarding Board member attendance at annual meetings of stockholders. All of the Company's directors attended the Company's 2009 annual meeting of stockholders.

Code of Ethics. Tri-County Financial maintains a Code of Ethics that is designed to ensure that the Company's directors and employees meet the highest standards of ethical conduct. The Code of Ethics, which applies to all employees and directors, addresses conflicts of interest, the treatment of confidential information, general employee conduct and compliance with applicable laws, rules and regulations. In addition, the Code of Ethics is designed to deter wrongdoing and promote honest and ethical conduct, the avoidance of conflicts of interest, full and accurate disclosure and compliance with all applicable laws, rules and regulations. Under the terms of the Code of Ethics, violations of the Code of Ethics are required to be reported to the Audit Committee of the Board of Directors. A copy of the Code of Ethics was filed as an exhibit to the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005.

Cash Retainer and Meeting Fees for Directors. The following tables set forth the applicable retainers and fees that will be paid to directors for their service on the Board of Directors of the Company and the Board of Directors of the Bank during 2010.

Board of Directors of Tri-County Financial:

Annual Retainer	\$	15,000
Fee per Board Meeting (Regular or Special)	\$750 (\$225 per telephone meeting)	
Fee per Committee Meeting	\$500 (\$225 per telephone meeting)	
Annual Retainer for Audit Committee Chairman and Governance Committee Chairman	\$	1,200

Board of Directors of the Bank:

Annual Retainer	\$	3,500
Fee per Board Meeting (Regular or Special)	\$650 (\$225 per telephone meeting)	
Fee per Committee Meeting	\$425 (\$225 per telephone meeting)	

If more than one meeting of the Bank, the Company or any committee is held on any given day, the aggregate fees cannot exceed \$1,400 per day. Employee directors receive only the annual retainer and Board meeting fees; they do not receive fees for committee meetings.

Directors Retirement Plan. The Bank maintains a retirement plan for members of the Board of Directors of the Bank (the "Directors' Plan"). Under the Directors' Plan, each director of the Bank will receive an annual retirement benefit for ten years following his termination of service on the Bank's Board in an amount equal to the product of his "Benefit Percentage," his "Vested Percentage," and \$3,500. A participant's "Benefit Percentage" is 0% for less than five years of service, 331/3% for five to nine years of service, 662/3% for 10 to 14 years of service, and 100% for 15 or more years of service. A participant's "Vested Percentage" equals 331/3% if the participant was serving on the Board on January 1, 1995 (the "Effective Date"), increases to 662/3% if the participant completes one year of service after the Effective Date, and becomes 100% if the participant completes a second year of service after the Effective Date. If a participant terminates service on the Board due to disability, the Bank will pay the participant each year for ten years an amount equal to the product of his Benefit Percentage and \$3,500. If a participant dies before collecting either his or her retirement or disability benefit, the participant's surviving spouse or estate, will receive a lump sum payment having a present value equal to five times the annual retirement benefit to which the participant was entitled, assuming the participant separated service on the date of death and had a Vested Percentage of 100%. If the participant dies after beginning to receive his or her retirement or disability benefits, the participant's surviving spouse or estate, will receive a lump sum payment having a present value equal to the remaining benefits to which the participant was entitled from the date of death through the fifth annual payment thereafter. A participant's Vested Percentage will become 100% in the event of a "change in control" (as defined in the Directors' Plan) or upon separation from service on the Board after attaining the age 72 or incurring a disability.

The Directors' Plan also establishes a deferred compensation program for participants, under which they may elect to defer all or any portion of the fees and/or salary otherwise payable. Deferred amounts will be credited annually with a rate of return equal to the Company's return on equity for the calendar year, as determined under generally accepted accounting principles.

AUDIT RELATED MATTERS

Report of the Audit Committee. The Company's management is responsible for the Company's internal controls and financial reporting process. The Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and issuing an opinion on the conformity of those financial statements with generally accepted accounting principles. The Audit Committee oversees the Company's internal controls and financial reporting process on behalf of the Board of Directors.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380) as adopted by the Public Company Accounting Oversight Board in Rule 3200T, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements.

In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and has discussed with the independent registered public accounting firm the independent registered public accounting firm's independence from the Company and its management. In concluding that the registered public accounting firm is independent, the Audit Committee considered, among other factors, whether the non-audit services provided by the firm were compatible with its independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for its audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of its examination, its evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.

In performing all of these functions, the Audit Committee acts only in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm that, in its report, expresses an opinion on the conformity of the Company's financial statements to generally accepted accounting principles. The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions with management and the independent registered public accounting firm do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or that the Company's independent registered public accounting firm is "independent."

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009 for filing with the Securities and Exchange Commission.

The Audit Committee may delegate to one or more members of the Audit Committee the authority to grant pre-approvals for auditing and allowable non-auditing services, which decision shall be presented to the full Audit Committee at its next scheduled meeting for ratification. Item 2 – Advisory Vote On Executive Compensation.

The American Recovery and Reinvestment Act of 2009 requires the Company to submit a non-binding advisory vote on the compensation of the Company's named executive officers, as described in the tabular disclosure regarding named executive officer compensation and the accompanying narrative disclosure in this proxy statement, during the period in which any obligation arising from the Company's participation in the Troubled Asset Relief Program ("TARP") Capital Purchase Program remains outstanding.

This proposal, commonly known as a “say-on-pay” proposal, gives the Company’s shareholders the opportunity to endorse or not endorse the Company’s executive pay program and policies through the following resolution:

“Resolved, that the shareholders approve the compensation of the named executive officers, as described in the tabular disclosure regarding named executive officer compensation, and the accompanying narrative disclosure in this proxy statement.”

This vote is not binding on the Board of Directors and will not be construed as overruling a decision by the Board nor create or imply any additional fiduciary duty by the Board. However, the Governance Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

RETIREMENT BENEFITS

The Bank maintains salary continuation agreements with each of the named executive officers to provide the executives with additional compensation at retirement or upon termination of employment due to death, disability or a change in control. Mr. Middleton, Mr. Pasenelli and Mr. Cockerham are entitled to a total annual benefit for a period of 15 years of \$128,048, \$92,212 and \$77,035, respectively, upon normal retirement at or after age 62 for Mr. Middleton and 65 for Mr. Pasenelli and Mr. Cockerham. A reduced benefit is payable if the executive retires before normal retirement age. The annual benefits are payable on a monthly basis to the executives or their designated beneficiaries. Benefits payable under the salary continuation agreements are reduced by any benefits paid under the

executives' split-dollar life insurance agreements.

Under the Directors' Plan, Mr. Middleton will receive an annual retirement benefit of \$3,500 for ten years following his termination of service on the Bank's Board.

The Bank maintains an Executive Deferred Compensation Plan under which Mr. Middleton and Mr. Pasenelli may defer all or any portion of their base salary. Deferred amounts will be credited annually with interest at a rate equal to the Company's return on equity for the calendar year. The executive's account balance under the plan will be distributed to the executive following the executive's termination of service in either a lump sum or over a period of one to five years, as elected by the executive.

OTHER POTENTIAL POST-TERMINATION BENEFITS

In connection with the Company's participation in the Troubled Asset Relief Program ("TARP") Capital Purchase Program, each of Messrs. Middleton, Pasenelli and Cockerham executed an agreement with the Company (1) agreeing to comply with the TARP Capital Purchase Program rules on senior executive officer compensations and benefits; and (2) acknowledging that in the event of a change in control, any severance payments paid to the executive (including "golden parachute" agreements) may be reduced as necessary to comply with the TARP Capital Purchase Program limits.

Further, the American Recovery and Reinvestment Act of 2009 required the Department of the Treasury to establish additional standards for executive compensation for participants in the TARP Capital Purchase Program, as the Company. These standards must include a prohibition on making any severance payment to a named executive officer or any of the next five most highly compensated employees and a prohibition on paying or accruing any bonus, retention award or incentive compensation to, in the case of the Company, at least the most highly compensated employee, other than certain restricted stock awards. These new compensation standards may require the named executive officers to forego all of the payments described below or to receive a lesser amount than what is permitted under the existing contracts or plans.

Payments Made Upon Termination with Cause. Each of Mr. Middleton's, Mr. Pasenelli's and Mr. Cockerham's employment agreements contains a narrow definition of cause for which the executive's employment may be terminated. If the executive's employment is terminated for cause, he will receive his base salary or other compensation earned through the date of termination and retain the rights to any vested benefits subject to the terms of the plan or agreement under which those benefits are provided.

Under the 1995 Stock Option and Incentive Plan, if an executive is terminated for just cause (as defined in the plan), any stock option granted under the plan and held by the terminated employee is cancelled upon the date of termination.

Pursuant to the 2005 Equity Compensation Plan, if an executive is terminated for cause, all rights to any stock award granted under the plan and held by the terminated employee will expire as of the effective date of termination.

Payments Made Upon Termination Without Cause. If Mr. Middleton's employment is terminated without cause, he will be entitled to: (1) his base salary or other compensation earned through the date of termination, a pro rata share of the average bonus or other cash compensation for the three years preceding the termination and retain the rights to any vested benefits subject to the terms of the plan or agreement under which those benefits are provided; and (2) a lump sum payment equal to his base salary for the remaining term of the agreement and five times his most recent annual incentive compensation payment. We would also continue Mr. Middleton's medical, dental and life insurance benefits for a period of 60 months.

Under their employment agreements, if either Mr. Pasenelli or Mr. Cockerham is terminated without cause, he would receive a lump sum payment equal to two times his base salary and most recent annual incentive compensation payment. We would also continue the executive's medical, dental and life insurance benefits for a period of 36 months.

Pursuant to the 2005 Equity Compensation Plan, if an executive is terminated without cause and unless otherwise determined by the Governance Committee, all unvested shares of common stock are forfeited as of the termination date of the executive.

Payments Made Upon Termination by Executive with Good Reason. If Mr. Middleton voluntarily terminates his employment under circumstances that would constitute good reason (as defined in his employment agreement), he will be entitled to: (1) his base salary or other compensation earned through the date of termination, a pro rata share of the average bonus or other cash compensation for the three years preceding the termination and retain the rights to any vested benefits subject to the terms of the plan or agreement under which those benefits are provided; and (2) a lump sum payment equal to his base salary for the remaining term of the agreement and five times his most recent annual incentive compensation payment. We would also continue Mr. Middleton's medical, dental and life insurance benefits for a period of 60 months.

Pursuant to the 2005 Equity Compensation Plan, if an executive voluntarily terminates his or her employment and unless otherwise determined by the Governance Committee, all unvested shares of common stock are forfeited as of the termination date of the executive.

Payments Made Upon Disability. Under Mr. Middleton's employment agreement, if he becomes disabled and his employment is terminated, he will be entitled to receive his base salary or other compensation earned through the date of termination and retain the rights to any vested benefits subject to the terms of the plan or agreement under which those benefits are provided. In addition, Mr. Middleton will be entitled to disability pay equal to 100% of his base salary in effect at the date of termination. He would continue to receive disability payments until the earlier of: (1) 180 days after his termination of employment; (2) the date on which long-term disability insurance benefits are first paid to Mr. Middleton; (3) his death; or (4) the date his employment agreement would have terminated had his employment not terminated because of disability. If the disability benefits terminate because 180 days have lapsed or because the date his employment agreement would have terminated had his employment not terminated because of disability is reached, Mr. Middleton will receive disability pay equal to 60% of his base salary during an additional period ending on the earliest of: (1) the date on which long-term disability insurance benefits are first paid to Mr. Middleton; (2) his death; or (3) the date his employment agreement would have terminated had his employment not terminated because of disability. While receiving benefits under any long-term disability insurance plan, the Company will supplement any disability benefits received by Mr. Middleton to ensure that the aggregate amount received by Mr. Middleton equals 60% of his base salary. Mr. Middleton would continue to participate in our benefit plans until the date his employment agreement would have terminated had his employment not terminated because of disability.

Under Mr. Pasenelli's and Mr. Cockerham's employment agreements, if an executive is terminated due to disability, as defined in the agreements, the executive will be entitled to the compensation and benefits provided for under the agreement for (1) any period during the term of the agreement and before the establishment of the executive's disability; or (2) any period of disability before the executive's termination of employment due to disability.

Under the Directors' Plan, if Mr. Middleton terminates service on the Board due to disability, the Bank will pay him \$3,500 annually for ten years.

Under the salary continuation agreements dated September 6, 2003, as amended, upon termination of employment as a result of disability, Mr. Middleton, Mr. Pasenelli and Mr. Cockerham are entitled to an annual benefit for a period of 15 years of \$128,048, \$74,112 and \$72,235, respectively, commencing with the month following the executive attaining age 65. Under the salary continuation agreements dated August 21, 2006, as amended, Mr. Pasenelli and Mr. Cockerham are entitled to an annual disability benefit ranging from \$4,595 to \$18,100 and \$1,418 to \$4,800, respectively, depending on the date of termination, commencing with the month following the executive attaining age

65.

20

Under the 1995 Stock Option and Incentive Plan, if an executive is terminated due to a disability, outstanding stock options will vest and remain exercisable until the earlier of one year from the date of termination or the expiration date of the stock options.

Pursuant to the 2005 Equity Compensation Plan, if an executive is terminated due to a disability, outstanding restricted stock awards will immediately vest as of the date of termination.

Payments Made Upon Death. Under Mr. Middleton's employment agreement, upon Mr. Middleton's death, Mr. Middleton's beneficiary is entitled to any base salary compensation earned through the date of death, plus any other compensation or benefits to be provided in accordance with the terms and provisions of the Company's benefit plans and programs.

Under Mr. Pasenelli's and Mr. Cockerham's employment agreements, upon the executive's death, the Company will pay his or her beneficiary or estate any compensation due to the executive through the end of the month in which death occurred, plus any other compensation or benefits to be provided in accordance with the terms and provisions of the Company's benefit plans and programs.

Under their salary continuation agreements, if the executive dies while in active service with the Bank, Mr. Middleton's, Mr. Pasenelli's and Mr. Cockerham's designated beneficiaries are entitled to a total annual benefit for a period of 15 years of \$128,048, \$92,212 and \$77,035, respectively, commencing with the month following the executive's death. If the executive dies after employment was terminated but before payments under the agreement has commenced, their designated beneficiary will be entitled to the same payments beginning on the first day of the month after the executive's death.

Under the Directors' Plan, if Mr. Middleton dies before collecting either his retirement or disability benefit, his surviving spouse or estate, will receive a lump sum payment having a present value equal to five times the annual retirement benefit to which the participant was entitled assuming the participant separated service on the date of death and had a Vested Percentage of 100%. If Mr. Middleton dies after beginning to receive his retirement or disability benefits, his surviving spouse or estate, will receive a lump sum payment having a present value equal to the remaining benefits to which he was entitled from the date of death through the fifth annual payment thereafter.

Under the 1995 Stock Option and Incentive Plan, if an executive dies, outstanding stock options will vest and remain exercisable until the earlier of two years from the date of death or the expiration date of the stock options.

Pursuant to the 2005 Equity Compensation Plan, if an executive dies, outstanding awards vest immediately.

Payments Made Upon a Change in Control. Mr. Middleton's employment agreement provides that if during the two-year period following a change in control (as defined in the agreement), Mr. Middleton terminates employment for any reason, he will be entitled to: (1) his base salary or other compensation earned through the date of termination, a pro rata share of the average bonus or other cash compensation for the three years preceding the termination and retain the rights to any vested benefits subject to the terms of the plan or agreement under which those benefits are provided; and (2) a lump sum payment equal to his base salary for the remaining term of the agreement and five times his most recent annual incentive compensation payment. We would also continue Mr. Middleton's medical, dental and life insurance benefits for a period of 60 months. Mr. Middleton would also be entitled to these payments and benefits if Mr. Middleton's employment is terminated due to death or disability and either (1) such termination occurs within one year after a change in control; or (2) such termination occurred within one year after a preliminary change in control (as defined in the agreement) and a change in control occurs within two years after such termination. Section 280G of the Internal Revenue Code provides that payments related to a change in control that equal or exceed three times the individual's "base amount" (defined as average annual taxable compensation over the five preceding calendar years) constitute "excess parachute payments." Individuals who receive excess parachute payments are subject to a 20% excise tax on the amount that exceeds the base amount, and the employer may not deduct such amounts. Mr. Middleton's employment agreement provides for an additional tax indemnification payment if payments under the agreement exceed three times his base amount ("280G Limit"). The indemnification payment provides the executive with a net amount sufficient to pay the excise tax.

Mr. Pasenelli's and Mr. Cockerham's employment agreements provide that if (1) the executive's employment is terminated without cause or without the executive's consent and for a reason other than cause in connection with or within 12 months after a change in control (as defined in the agreement); or (2) the executive voluntarily terminates employment within 12 months following a change in control upon the occurrence of events described in the agreement, he will be entitled to a lump sum payment equal to two times his annual base salary and most recent annual incentive compensation payment, plus continued health and welfare benefits for 36 months following termination. Mr. Pasenelli's and Mr. Cockerham's employment agreements provide that if the value of the benefits provided in connection with a change in control exceed his 280G Limit, his payment will be reduced or revised so that the aggregate payments do not exceed his 280G Limit.

Under the salary continuation agreements dated September 6, 2003, as amended, upon the termination of employment within 12 months (24 months in the case of Mr. Middleton) subsequent to a change in control and before age 65 (62 in the case of Mr. Middleton), Mr. Middleton, Mr. Pasenelli and Mr. Cockerham are entitled to an annual benefit for a period of 15 years of \$128,048, \$74,112 and \$72,235, respectively, commencing with the month following the executive attaining age 65. Mr. Middleton's salary continuation agreement provides for an additional tax indemnification payment if payments under the agreement exceed his 280G Limit. The indemnification payment provides the executive with a net amount sufficient to pay the excise tax. Each of Mr. Pasenelli's and Mr. Cockerham's salary continuation agreements dated September 6, 2003, as amended, provide that if the value of the benefits provided in connection with a change in control exceed his 280G Limit, his payment will be reduced or revised so that the aggregate payments do not exceed his 280G Limit. Under the salary continuation agreement dated August 21, 2006, as amended, Mr. Pasenelli is entitled to an additional annual benefit ranging from \$8,816 to \$18,100 (based on the date of termination) if his employment is terminated within 12 months subsequent to a change in control and before age 65. Under the salary continuation agreement dated August 21, 2006, as amended, Mr. Cockerham is entitled to an additional annual benefit equal to the present value of \$4,800 using an interest factor of 5% upon the termination of employment within 12 months subsequent to a change in control and before age 65.

In the event of a change in control of Tri-County Financial or Community Bank of Tri-County, outstanding stock options granted pursuant to our 1995 Stock Option and Incentive automatically vest and, unless otherwise provided for by the committee administering the plan, the option holder will receive in cash an amount equal to the difference between the fair market price of the securities and the exercise price of the option for each option held. Under the

Company's 2005 Equity Compensation Plan, a change in control accelerates the vesting of all outstanding stock options. The value of the accelerated options count toward the executive's 280G Limit.
