Revised segmental information for prior reporting periods

On 25 May 2011 Diageo announced changes to its reporting regional structure. From 1 July 2011 two autonomous regions, Diageo Latin America and Caribbean and Diageo Africa, replaced the International region. The Global Travel and duty free operations are now reported within the five geographical regions in which the external sales take place. The Middle East business has become part of Asia Pacific.

As a result of this change Diageo now reports the following operating segments externally:

- North America
- Europe
- Africa
- Latin America and Caribbean
- Asia Pacific
- Corporate

In addition, for the year ending 30 June 2012, changes have been made to the allocation of specific corporate items better reflecting the geographic segments for which they are in respect of.

As a consequence of these changes the figures for the operating segments for prior periods have been restated.

Revised segmental information for the years ended 30 June 2011 and 2010 and the six month period ended 31 December 2010 are provided below.

In addition, organic growth percentages by segment have been restated for the year ended 30 June 2011.
