The relevant resolutions in respect of the Resolution of Non-public A Share Issue and the Proposal for the Non-public A Share Issue of China Southern Airlines Company Limited (the “Issue Proposal”) were considered and passed on the seventh meeting of the sixth session of Board held by China Southern Airlines Company Limited (the “Company”) on 11 June 2012. Pursuant to the Board resolutions and the Issue Proposal, the Company proposes to raise funds not exceeding RMB 2 billion by way of a non-public issue, and the total numbers of A shares to be issued to China Southern Air Holding Company (“CSAHC”), the controlling shareholder of the Company will be not more than 465,116,279 shares at an issue price of RMB 4.30. Pursuant to the Board resolutions and the Issue Proposal, the issue price of the A shares under the Non-public A Share Issue (the “Non-public A Share Issue”) shall be adjusted accordingly in case of ex-right or ex-dividend including distribution of dividend, bonus share, transfer to share capital from capital reserve or placing during the period from the Pricing Base Day (the “Pricing Base Day”) (the Pricing Base Day of the Non-public A Share Issue was the date of publishing the announcement of the board resolution in relation to the Non-public A Share Issue, which is 12 June 2012) to the date of issuance. The number of A shares to be issued under the Non-public A Share Issue will be adjusted accordingly based on the issue price adjusted for the ex-rights and ex-dividends.

The profit distribution proposal of the Company for the Year 2011 was considered and passed at the 2011 Annual General Meeting held on 31 May 2012. The proposal stated that it was proposed to distribute a cash dividend of RMB2.00 per 10 shares (inclusive of applicable tax) based on the total number of 9,817,567,000 shares of the Company on 31 December 2011. The Company made an announcement on 2 July 2012 in respect of the distribution of dividend for the year 2011. The record date for the distribution of dividend for the year 2011 is 6 July 2012; ex-dividend date will be 9 July 2012 and cash dividends will be paid on 13 July 2012.

Pursuant to the Board resolutions and the Issue Proposal, the Company will make corresponding adjustments to the issue price and number of shares to be issued under the Non-public A Share Issue with reference to the profit distribution proposal for the Year 2011, details of which are as follows:

1. Adjustment to the Issue Price:

Pursuant to the resolutions passed on the seventh meeting of the sixth session of the Board and the Issue Proposal, the Pricing Base Day of the Non-public A Share Issue was the date of publishing the announcement of the board resolution in relation to the Non-public A Share Issue, which is 12 June 2012. The issue price per A share under the Non-public A Share Issue is RMB4.30, which is not less than 90% of the average trading prices of A shares for the 20 trading days preceding the Pricing Base Day.

The issue price per A share under the Non-public A Share Issue of the Company shall be adjusted according to the following formula in case of ex-right or ex-dividend including distribution of dividend, bonus share, transfer to share capital from capital reserve or placing during the period from the Pricing Base Day to the date of issuance:

Assuming the subscription price before the adjustment as P_0 , the number of bonus shares or shares being issued upon transfer to share capital from capital reserve of each share as N, the number of new shares or allotments of each share as K, the price of the new shares or allotments as A, distribution of dividends for each share as D, the issue price after the adjustment as P_1 (the adjustment value are reserved up to two digits after the decimal place, and rounding the last figure and the subscription price for A shares shall not be less than its nominal value of RMB 1.00 per A share), then

Dividends distribution: $P_1 = P_0 - D$

According to the above formula, the adjusted issue price = (issue price before adjustment – cash dividend per share) = (RMB 4.30 per share – RMB 0.20 per share) = RMB 4.10 per share.

2. Adjustment to the Number of Shares to Be Issued

Pursuant to the resolutions passed on the seventh meeting of the sixth session of the Board and the Issue Proposal, the total number of A shares to be issued under the Non-public A Share Issue is not more than 465,116,279 shares. Upon implementation of the profit distribution proposal of the Company for the Year 2011, the maximum number of shares to be issued under this issue will increase to 487,804,878 shares, calculation of which is as follows:

Adjusted maximum number of shares to be issued = total proceeds raised under this issue / adjusted issue price = RMB 2,000,000,000 / RMB 4.10 per share = 487,804,878 shares.

Save as the above adjustments, other details of Non-public A Share Issue remain the same. In case of another ex-right or ex-dividend during the period from the Pricing Base Day to the date of issuance, the issue price and the maximum number of shares to be issued shall be further adjusted in accordance with the Board resolutions and the Issue Proposal.
