## **SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS**

This document contains certain statements of a forward-looking nature. Such forward-looking statements, including but not limited to projected growth, trends and strategies, future operating and financial results, financial expectations and current business indicators are based upon current information and expectations and are subject to change based on factors beyond the control of the Company. Forward-looking statements typically are identified by the use of terms such as “look,” “may,” “will,” “should,” “might,” “believe,” “plan,” “expect,” “anticipate,” “estimate” and similar words, although forward-looking statements are expressed differently. The accuracy of such statements may be impacted by a number of business risks and uncertainties that could cause actual results to differ materially from those projected or anticipated, including but not limited to the following:

- the ability to timely and properly deliver shipping agency, shipping and chartering and inland transportation management services;
- its dependence on a limited number of major customers and related parties;
- political and economic factors in the Peoples’ Republic of China (“PRC”);
- the Company’s ability to expand and grow its lines of business;
- unanticipated changes in general market conditions or other factors, which may result in cancellations or reductions in the need for the Company’s services;
- a weakening of economic conditions which would reduce demand for services provided by the Company and could adversely affect profitability;
- the effect of terrorist acts, or the threat thereof, on consumer confidence and spending, or the production and distribution of product and raw materials which could, as a result, adversely affect the Company’s shipping agency services, operations and financial performance;
- the acceptance in the marketplace of the Company’s new lines of services;
- foreign currency exchange rate fluctuations;
- hurricanes or other natural disasters;
- the Company’s ability to identify and successfully execute cost control initiatives;
- the impact of quotas, tariffs, or safeguards on the importation or exportation of the Company’s customer’s products; or
- other risks outlined above and in the Company’s other filings made periodically by the Company.

Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. The Company undertakes no obligation to update this forward-looking information. Nonetheless, the Company reserves the right to make such updates from time to time by press release, periodic report or other method of public disclosure without the need for specific reference to this Report. No such update shall be deemed to indicate that other statements not addressed by such update remain correct or create an obligation to provide any other updates.

Actual results and the timing of selected events could differ materially from those anticipated in these forward-looking statements as a result of various factors.*

#### Overview

Founded in the United States of America ("US") in 2001, Sino-Global Shipping America, Ltd. ("Sino-Global" or the "Company") is a Virginia corporation with its primary US operations in New York. We provide our customers with comprehensive yet customized shipping agency, shipping and chartering, and inland transportation management services. As a general agent, the Company serves ships coming to and departing from a number of countries and regions, including China, Australia, South Africa, Brazil, Hong Kong, Canada and the US.

Our principal geographic market has historically been the People's Republic of China ("PRC"). As PRC laws and regulations restrict foreign ownership of shipping agency service businesses, we operate our business in the PRC through Sino-Global Shipping Agency, Ltd. ("Sino-China"), a PRC limited liability company founded by our Chief Executive Officer, Mr. Lei Cao, who is a PRC citizen. Sino-China holds the licenses and permits necessary to provide shipping services in the PRC. Sino-China is headquartered in Beijing and has branches in Qingdao, Xiamen and Fangchenggang. Through Sino-China, we provide general shipping agency services in all commercial ports in the PRC.

Our wholly-owned subsidiary, Trans Pacific Shipping Limited ("Trans Pacific Beijing"), a wholly foreign-owned enterprise, is invested in one 90%-owned subsidiary, Trans Pacific Logistics Shanghai Limited ("Trans Pacific Shanghai"). Trans Pacific Beijing and Trans Pacific Shanghai are referred to collectively as "Trans Pacific"). Trans Pacific Beijing and Sino-China do not have a parent-subsidiary relationship. Trans Pacific Beijing has contractual arrangements with Sino-China and its shareholders that enable us to substantially control Sino-China. Operationally, Trans Pacific Beijing is set up to deliver inland transportation management services for the Company.

To support the Company's integrated international and domestic shipping agency network and broaden our service platform into other related businesses, we have established the following wholly-owned subsidiaries:

- ***Sino-Global Shipping Australia:*** This entity serves the needs of customers shipping into and out of Western Australia. Through the Company's relationship with Monson Agencies Australia (one of the largest shipping agency service providers in Australia), we are able to provide general shipping agency services to all ports in Australia.
- ***Sino-Global Shipping Hong Kong:*** This is the Company's control and management center for southern Chinese ports. It gives us the ability to offer comprehensive shipping agency services to vessels going to and from the PRC as well as customized shipping and chartering services. Through our relationship with Forbes & Company Limited ("Forbes"), a listed company on the Bombay Stock Exchange and one of the largest shipping and chartering service providers in India, we are able to provide general shipping agency services to

all ports in India.

- ***Sino-Global Shipping Canada:*** This entity provides services for ships loading commodities at Canadian ports and delivering them to the PRC. It currently provides shipping agency services to Baosteel's vessels in Canada.
- ***Sino-Global Shipping New York:*** This entity is established to facilitate the development of an integrated international and local shipping agency network and help generate new business referral activities.

## Business Segments

The Company is engaged in the delivery of the following services: shipping agency services, shipping and chartering services, and inland transportation management services. Historically, we have been in the business of providing shipping agency services, but during fiscal 2014 (and with the support of our largest shareholder), we have expanded our service delivery platform to include shipping and chartering services (launched during the quarter ended September 30, 2013) and inland transportation management services (launched during the quarter ended December 31, 2013). These new services are part of the Company's strategic initiatives to diversify its service offering, broaden its service platform, and improve its operating profit.

The following tables present summary information by segment for the six and three months ended December 31, 2013 and 2012:

## Revenues

### (1) Revenues from Shipping Agency Business

We provide two types of shipping agency services: loading/discharging services and protective services. For protective agency services, we charge fixed fees while our customers are responsible for the payment of port costs and expenses. For loading/discharging agency services, we receive the total amount from our customers and pay the port charges on our customers' behalf. Under these circumstances, we generally require payments in advance from customers and bill them the balances within 30 days after the transactions are completed. We believe the most significant factors that directly or indirectly affect our shipping agency service revenues are:

- the number of ships to which we provide port loading/discharging services;
- the size and types of ships we serve;

Edgar Filing: Sino-Global Shipping America, Ltd. - Form 10-Q

- .. the type of services we provide, for example loading/discharging, protective, owner's affairs, shipping and chartering service;
- .. the rate of service fees we charge;
- .. the number of ports at which we provide services; and the number of customers we serve.

Our shipping agency business continued to be negatively impacted by the softening of the Chinese economy and its import of iron ore as well as the decline in the number of loading/discharging agency services we provided in 2013. As a result, our shipping agency revenues decreased from \$14.3 million for the six months ended December 31, 2012 to \$3.4 million for the same period in 2013; and decreased from \$6.4 million for the three months ended December 31, 2012 to approximately \$2.0 million for the same period in 2013. In addition, the number of ships we served decreased from 223 to 160 for the six months ended December 31, 2012 and 2013, respectively.

	For the six months ended December 31,				For the three months ended December 31,			
	2013	2012	Change	%	2013	2012	Change	%
Number of ships served								
Loading/discharging	40	132	(92)	(69.7)	26	59	(33)	(55.9)
Protective	120	91	29	31.9	70	40	30	75.0
Total	160	223	(63)	(28.3)	96	99	(3)	(3.0)

Historically, our revenues have been primarily driven by the number of ships and customers we serve, provided that the service fees are determined by market competition. To stabilize our shipping agency business, we have shifted our focus to protective agency services, initiated actions to streamline our operations and reduce our overhead. We believe our current efforts to formalize and broaden our integrated international and domestic shipping agency network will strengthen our service revenues and raise our overall profit margin.

### ***(2) Revenues from Shipping and Chartering Services***

During September 2013, we executed our first shipping and chartering service agreement with Tianjin Zhi Yuan Investment Group Co., Ltd. (“Zhiyuan”), a company that is owned by Mr. Zhong Zhang, the largest shareholder of our Company. In accordance with the agreement, we assisted Zhiyuan in the transportation of approximately 51,000 tons of chromite ore from South Africa to China.

The Zhiyuan shipping and chartering service agreement resulted in revenues in excess of \$1.9 million and gross profit of approximately \$0.6 million for the six months ended December 31, 2013.

### ***(3) Revenues from Inland Transportation Management Services***

In September 2013, we executed an inland transportation management service contract with Zhiyuan whereby we would provide certain advisory services and help control its potential commodities loss during the transportation process. During the quarter ended December 31, 2013, the inland transportation management services generated approximately \$450,000 of service fees, net of taxes.

### **Operating Costs and Expenses**

Our operating costs and expenses consist of cost of revenues, general and administrative expenses, and selling expenses. In light of our budgetary control, we were able to reduce our total operating costs and expenses by approximately \$9.6 million for the six months and approximately \$4.7 million for three months ended December 31, 2013 as compared to the same period of last year.

Edgar Filing: Sino-Global Shipping America, Ltd. - Form 10-Q

The following tables set forth the components of our Company's costs and expenses for the periods indicated.

	For the six months ended December, 31		2012		Change

Total Costs and Expenses	2,417,883	97.8	7,111,319	110.6	(4,693,436)	-66.0	%	

**Cost of Revenues**

Our cost of revenues as a percentage of our total revenues decreased from 91.7% to 71.3% for the six months and from 93.4% to 70.4% for the three months ended December 31, 2012 and 2013, respectively. Consequently, our gross margin increased from 8.3% to 28.7% for the six months and from 6.6% to 29.6% for the three months ended on December 31, 2012 and 2013, respectively. The improvement in our overall gross margin was due mainly to the launch of the shipping and chartering service and the inland transportation management services during the first and second quarter of fiscal 2014, with the support of our largest shareholder and Zhiyuan.

**General and Administrative Expenses**

Our general and administrative expenses primarily consist of salaries and benefits for our staff (both operating and administrative personnel), business promotion, office rental, meeting fees, expenses for legal, accounting and other professional services. The decline in our general and administrative expenses for the six and three months ended December 31, 2013 as compared to the same period of 2012 was due primarily to tight budgetary control and lower overhead (and lower headcount) as we reorganized and streamlined the core shipping agency business.

**Selling Expenses**

Our selling expenses primarily consist of commissions for our operating staff to the ports at which we provide services. In line with our decline in revenues from the shipping agency business, our selling expenses decreased by approximately \$55,000 for the six months and \$20,000 for the three months ended December 31, 2013 as compared with the comparable period of 2012.

### **Critical Accounting Policies**

We prepare the condensed unaudited consolidated financial statements in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). These accounting principles require us to make judgments, estimates and assumptions on the reported amounts of assets and liabilities at the end of each fiscal period, and the reported amounts of revenues and expenses during each fiscal period. We continually evaluate these judgments and estimates based on our own historical experience, knowledge and assessment of current business and other conditions, our expectations regarding the future based on available information and assumptions that we believe to be reasonable.

There have been no material changes during the quarter ended December 31, 2013 in the Company's significant accounting policies to those previously disclosed in the June 30, 2013 annual report.

## 2014 Trends

Fiscal 2014 is a transition year as we reorganized and streamlined our core shipping agency business and leveraged our relationship with Zhiyuan to expand our service platform. Our top priority in fiscal 2014 is to cut costs and focus on earnings and profitability. In accordance with our revised strategic plan, we have implemented various programs and are in the process of developing other business initiatives designed to strengthen our working capital and operating cash flows as well as our ability to deliver sustainable quarterly earnings. During the six months ended December 31, 2013, we have:

- diversified our business and expanded our service platform to include the following services: shipping and chartering services, and inland transportation management services;
- monetized our business relationship with Zhiyuan and executed our first shipping and chartering service agreement during the fiscal first quarter and launched our inland transportation management service during the fiscal second quarter;
- reduced our general and administrative expenses; and
- increased our gross margin and operating profit.

As we continue to streamline our business and make our business more scalable, we expect to continue to improve our cash earnings and profitability in fiscal 2014.

## Results of Operations

### *Six Months Ended December 31, 2013 Compared to Six Months Ended December 31, 2012*

**Revenues.** Our shipping agency business continued to be negatively impacted by the softening of the Chinese economy and its import of iron ore. Our total revenues decreased by \$8,521,979 or 59.5% from \$14,311,829 for the six months ended December 31, 2012 to \$5,789,850 for the comparable six months period in 2013. The number of ships we served decreased from 223 to 160 for the six months ended December 31, 2012 and 2013, respectively.

For the six months ended December 31, 2013, we provided protective services to 120 ships, as compared to 91 ships for the same period in 2012. In contrast, we only provided loading/discharging services to 40 ships for the six months ended December 31, 2013 as compared to 132 ships for the same period in 2012.

The revenue decline, however, was partially offset by revenues from our shipping and chartering services and inland transportation management services that were launched in the first and second quarter, respectively. During the six months ended December 31, 2013, we recognized revenues of approximately:

- \$1.94 million from our shipping and chartering business; and
- \$450,000 from our inland transportation management business.

**Total Operating Costs and Expenses.** Our total operating costs and expenses decreased by \$9,559,325 or 62.4% from \$15,312,263 for the six months ended December 31, 2012 to \$5,752,938 for the six months ended December 31, 2013. This decrease was primarily due to decrease in our costs of revenues and general and administrative expenses, as discussed below.

**Cost of Revenues.** Our cost of revenues decreased by 68.5% from \$13,124,226 for the six months ended December 31, 2012 to \$4,128,571 for the six months ended December 31, 2013. The decline was primarily driven by lower cost generated from the shipping agency business, partially offset by the launch of the shipping and chartering services in the first quarter and inland transportation management services in the second quarter.

**General and Administrative Expenses.** Our general and administrative expenses decreased by \$508,769 or 25.4% from \$2,004,611 for the six months ended December 31, 2012 to \$1,495,842 for the six months ended December 31, 2013. This decrease was driven mainly by a reduction in salaries and benefits of approximately \$292,000, reduction in professional service fees of approximately \$131,000 and a decrease in the conference fees of approximately \$66,000.

**Selling Expenses.** Our selling expenses decreased by \$54,901 or 29.9% from \$183,426 for the six months ended December 31, 2012 to \$128,525 for the six months ended December 31, 2013, mainly due to lower commission payments related to the decline in revenues.

**Operating Income.** We had an operating income of \$36,912 for the six months ended December 31, 2013, compared to operating loss of \$1,000,434 for the comparable six months in 2012. The turnaround was due mainly to (a) net profit from the newly developed shipping and chartering services as well as the inland transportation management services, and (b) reduction in general and administrative expenses.

**Financial Income, net.** Our net financial income was \$39,722 for the six months ended December 31, 2013, compared to \$29,734 for the six months ended December 31, 2012. The net financial income was derived largely from the foreign exchange gains recognized in the financial statement consolidation.

**Taxation.** Our income tax benefits were \$4,733 for the six months ended December 31, 2013, compared to income tax expense of \$79,100 for the six months ended December 31, 2012. The income tax benefit was due to the valuation allowance for deferred tax assets.

**Net Income.** As a result of the foregoing, we had net income of \$111,739 for the six months ended December 31, 2013, compared to net loss of \$1,008,011 for the six months ended December 31, 2012. After deduction of non-controlling interest, net income attributable to Sino-Global was \$774,517 for the six months ended December 31, 2013, as compared to net loss of \$481,819 for the six months ended December 31, 2012. With other comprehensive loss foreign currency translation, comprehensive income attributable to Sino-Global was \$781,937 for the six months ended December 31, 2013, as compared to comprehensive loss of \$484,267 for the six months ended December 31, 2012.

### **Three Months Ended December 31, 2013 Compared to Three Months Ended December 31, 2012**

**Revenues.** Our total revenues decreased by 61.6% from \$6,429,761 for the three months ended December 31, 2012 to \$2,472,189 for the comparable three months in 2013. The number of ships that generated revenues for us decreased from 99 for the three months ended December 31, 2012 to 96 for the comparable period of fiscal 2013. The revenue decline was due to the delivery of protective agency services for more ships, which generate significantly lower revenues per ship than our loading/discharging services. For the three months ended December 31, 2013, we provided protective services to 70 ships, compared to 40 ships for the same period of 2012. We provided loading/discharging service to 26 and 59 ships for the three months ended December 31, 2013 and 2012, respectively. However, the decline in revenues generated from the shipping agency services was partially offset by revenues from our inland transportation management service agreement with Zhiyuan that brought us revenue of approximately \$450,000 for the three months ended December 31, 2013.

**Total Operating Costs and Expenses.** Our total operating costs and expenses decreased by \$4,693,436 or 66.0% from \$7,111,319 for the three months ended December 31, 2012 to \$2,417,883 for the three months ended December 31, 2013. This decrease was primarily due to decreases in our costs of revenues and general and administrative expenses, as discussed below.

**Cost of Revenues.** Our cost of revenues decreased by \$4,265,295 or 71.0% from \$6,006,063 for the three months ended December 31, 2012 to \$1,740,768 for the three months ended December 31, 2013. The decline was primarily driven by lower cost generated from the shipping agency business, partially offset by the launch of the inland transportation management services in the fiscal second quarter.

**General and Administrative Expenses.** Our general and administrative expenses decreased by \$408,660 or 40.5% from \$1,008,338 for the three months ended December 31, 2012 to \$599,678 for the three months ended December 31, 2013. This decrease was mainly due to (1) decreased salaries and benefits for our staff of \$110,322, (2) a decrease of \$65,647 in entertainment fees (3) decreased meeting expense of \$64,741.

**Selling Expenses.** Our selling expenses decreased by \$19,481 or 20.10% from \$96,918 for the three months ended December 31, 2012 to \$77,437 for the three months ended December 31, 2013, mainly due to lower commission payments related to the sales decrease.

**Operating Income.** We had an operating income of \$54,306 for the three months ended December 31, 2013, compared to operating loss of \$681,558 for the comparable three months in 2012. The turnaround was due mainly to (a) net income from the newly developed inland transportation management services business, and (b) reduction in general and administrative expenses.

**Financial Income, net.** Our net financial income was \$15,855 for the three months ended December 31, 2013, compared to \$32,302 for the three months ended December 31, 2012. The net financial income was derived largely from the foreign exchange gains recognized in the financial statements consolidation.

**Taxation.** Our income tax expense was \$17,767 for the three months ended December 31, 2013, compared to income tax benefits of \$78,100 for the three months ended December 31, 2012. The income tax expense in 2013 was a direct result of profits generated from the shipping and chartering business and the inland transportation management services.

**Net Income.** As a result of the foregoing, we had a net income of \$82,766 for the three months ended December 31, 2013, compared to net loss of \$565,854 for the three months ended December 31, 2012. After deduction of non-controlling interest, net income attributable to Sino-Global was \$499,122 for the three months ended December 31, 2013, compared to net loss of \$291,586 for the three months ended December 31, 2012. With other comprehensive income foreign currency translation, comprehensive income attributable to Sino-Global was \$518,428 for the three months ended December 31, 2013, compared to comprehensive loss of \$285,251 for the three months ended December 31, 2012.

## Liquidity and Capital Resources

### Cash Flows and Working Capital

We have financed our operations primarily through cash flows from operations and a common stock transaction in April 2013. As of December 31, 2013, we had \$2,465,342 in cash and cash equivalents. Our cash and cash equivalents primarily consist of cash on hand and cash in banks. We deposited approximately 51.3% of our cash in banks located in New York, Canada and Hong Kong and deposited 47.4% of cash in banks located in China.

The following table sets forth a summary of our cash flows for the periods indicated:

	For the six months ended December 31,	
	2013	2012
Net cash used in operating activities	\$ (342,535)	\$ (3,492,864)

***Operating Activities***

Net cash used in operating activities was \$342,535 for the six months ended December 31, 2013, as compared to net cash used in operating activities of \$3,492,864 for the comparable period in 2012. The decrease in our operating cash outflows was attributable mainly to the reorganization of our shipping agency business and the launch of the shipping and chartering business and the inland transportation management business during the six months ended December 31, 2013.

***Investing Activities***

Net cash used in investing activities was \$193,369 compared to net cash used in investing activities of \$50,066 for the six months ended December 31, 2013 and 2012, respectively. The addition to fixed assets of \$193,369 and \$50,066 for the six months ended December 31, 2013 and 2012, representing 4.1% and 0.6% of our total assets, respectively.

***Financing Activities***

There are no cash flows used in financing activities for the six months ended December 31, 2013. We used \$4,776 in financial activities for the six months ended December 31, 2012.

***Working Capital***

Total current assets decreased by \$3,161,770 or 44.3% from \$7,145,165 as at June 30, 2013 to \$3,983,395 as at December 31, 2013. Total current liabilities decreased by \$3,093,211 or 70.2% from \$4,404,905 as at June 30, 2013 to \$1,311,694 as at December 31, 2013. The decrease was due mainly to the settlement of approximately \$2.28 million of accounts receivable and related payable as payments were made directly by our customer to the local shipping agents. Our working capital of approximately \$2.67 million was about \$70,000 or 2.50% lower than the \$2.74 million as at June 30, 2013.

Our current ratio increased from 1.62 at June 30, 2013 to 3.04 at December 31, 2013. The increase in current ratio was mainly attributable to initiatives to strengthen our working capital, the introduction of new services, and the settlement of related accounts receivable and payable during the six months ended December 31, 2013.

We believe that current cash, cash equivalents, and anticipated cash flow from operations will be sufficient to meet our anticipated cash needs, including cash needs for working capital and capital expenditures, for at least the next 12 months. We may, however, require additional cash due to changing business conditions or other future developments, including any investments or acquisitions we may decide to pursue. If our existing cash is insufficient to meet our requirements, we may seek to sell additional equity securities or borrow from banks. However, financing may not be available in the amounts we need or on terms acceptable to us, if at all. The sale of additional equity securities, including convertible debt securities, would dilute our shareholders. The incurrence of debt would divert cash from working capital and capital expenditures to service debt obligations and could result in operating and financial covenants that would restrict our operations and our ability to pay dividends to our shareholders.

**Contractual Obligations and Commercial Commitments**

We have leased certain office premises and apartments for employees under operating leases through September 30, 2014. Below is a summary of our company's contractual obligations and commitments as of December 31, 2013:

	Payment Due by Period		
Total	Less than 1 year	1 to 2 years	More than 2 years

Contractual Obligations

Operating leases	\$ 180,635	\$ 140,167	\$ 40,468	\$
------------------	------------	------------	-----------	----

**Company Structure**

We conduct our operations primarily through our subsidiaries, Trans Pacific Beijing, Sino-Global Shipping Australia and Sino-Global Shipping Hong Kong and our variable interest entity, Sino-China. As a result, our ability to pay dividends and to finance any debt we may incur depends upon dividends paid by our subsidiaries and management fees paid by Sino-China. If our subsidiaries incur debt on their own behalf in the future, the instruments governing their debt may restrict their ability to pay dividends to us. In addition, Trans Pacific is permitted to pay dividends to us only out of its retained earnings, if any, as determined in accordance with PRC accounting standards and regulations. Under PRC law, wholly foreign-owned enterprises like Trans Pacific are required to set aside at least 10% of their after-tax profit each year to fund a statutory reserve until the amount of the reserve reaches 50% of such entity's registered capital.

To the extent Trans Pacific does not generate sufficient after-tax profits to fund this statutory reserve, its ability to pay dividends to us may be limited. Although these statutory reserves can be used, among other ways, to increase the registered capital and eliminate future losses in excess of retained earnings of the respective companies, these reserve funds are not distributable as cash dividends except in the event of a solvent liquidation of the companies. Other than as described in the previous sentences, China's State Administration of Foreign Exchange ("SAFE") has approved the company structure between our company and Trans Pacific, and Trans Pacific is permitted to pay dividends to our company.

#### **Off-Balance Sheet Commitments and Arrangements**

We have not entered into any financial guarantees or other commitments to guarantee the payment obligations of any third parties. We have not entered into any derivative contracts that are indexed to our shares and classified as shareholders' equity or that are not reflected in our condensed consolidated financial statements. Furthermore, we do not have any retained or contingent interest in assets transferred to an unconsolidated entity that serve as credit, liquidity or market risk support to such entity. We do not have any variable interest in any unconsolidated entity that provides financing, liquidity, market risk or credit support to us or engages in leasing, hedging or research and development services with us.

#### **Item 3. Quantitative and Qualitative Disclosures about Market Risk**

This Item is not applicable because we are a smaller reporting company.

#### **Item 4/4T. Controls and Procedures**

##### **Evaluation of Disclosure Controls and Procedures**

Our Company maintains a system of controls and procedures designed to ensure that information required to be disclosed by the issuer in the reports that it files or submits under the Act (15 U.S.C. 78a *et seq.*) is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Act is accumulated and communicated to the issuer's management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

As of December 31, 2013, our Company carried out an evaluation, under the supervision of and with the participation of management, including our Company's chief executive officer and acting chief financial officer, of the effectiveness of the design and operation of our company's disclosure controls and procedures. Based on the foregoing, the chief executive officer and acting chief financial officer concluded that our Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) were effective in timely alerting them to information required to be included in the Company's periodic Securities and Exchange Commission filings.

##### **Changes in Internal Control over Financial Reporting**

There were no changes in our Company's internal control over financial reporting (as defined in Rule 13a-15(f) of the Securities Exchange Act of 1934) during the three months ended December 31, 2013 that have materially affected, or are reasonably likely to materially affect, our Company's internal control over financial reporting.

## **PART II. OTHER INFORMATION**

**Item 1. Legal Proceedings**

We are periodically involved in legal proceedings in the ordinary course of business. During the three months ended December 31, 2013, neither we nor any of our subsidiaries or affiliate was involved in any material pending legal proceedings. Nor was any of our property subject to any such material pending legal proceedings.

## SINO-GLOBAL SHIPPING AMERICA, LTD. AND AFFILIATES

### NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

#### 1. ORGANIZATION AND NATURE OF BUSINESS

Founded in the United States of America in 2001, Sino-Global Shipping America, Ltd. (“Sino-Global” or the “Company”) is a Virginia corporation with its primary US operations in New York. Sino-Global provides its customers with comprehensive yet customized shipping agency, shipping and chartering, and inland transportation management services. As a general agent, the Company serves ships coming to and departing from a number of countries and regions, including China, Australia, South Africa, Brazil, Hong Kong, Canada and the United States.

Sino-Global’s principal geographic market is in the People’s Republic of China (“PRC”). As PRC laws and regulations restrict foreign ownership of shipping agency service businesses, the Company provides its shipping agency services in the PRC through Sino-Global Shipping Agency Ltd. (“Sino-China”), a Chinese legal entity, which holds the licenses and permits necessary to operate shipping services in the PRC. Sino-China is located in Beijing with branches in Qingdao, Xiamen and Fangchenggang. Through Sino-China, the Company provides general shipping agency services in all commercial ports in the PRC.

The Company’s subsidiary, Trans Pacific Shipping Limited (“Trans Pacific Beijing”), a wholly owned foreign-owned enterprise, which invested in one 90%-owned subsidiary, Trans Pacific Logistics Shanghai Limited (“Trans Pacific Shanghai”. Trans Pacific Beijing and Trans Pacific Shanghai are referred to collectively as “Trans Pacific”). Trans Pacific Beijing and Sino-China do not have a parent-subsidiary relationship. Trans Pacific Beijing has contractual arrangements with Sino-China and its shareholders that enable the Company to substantially control Sino-China. Operationally, Trans Pacific Beijing is set up to deliver inland transportation management services for the Company.

To support the Company’s integrated international and domestic shipping agency network and broaden its service platform into other related businesses, Sino-Global has established the following wholly-owned subsidiaries:

- ***Sino-Global Shipping Australia:*** This entity serves the needs of customers shipping into and out of Western Australia. Through the Company’s relationship with Monson Agencies Australia (one of the largest shipping agency service providers in Australia), Sino-Global is able to provide general shipping agency services to all ports in Australia.
- ***Sino-Global Shipping Hong Kong:*** This is the Company’s control and management center for southern Chinese ports. It enables Sino-Global the ability to offer comprehensive shipping agency services to vessels going to and from the PRC as well as customized shipping and chartering services.
- ***Sino-Global Shipping Canada:*** This entity provides services for ships loading commodities at Canadian ports and delivering them to the PRC. It currently provides shipping agency services to Baosteel's vessels in Canada
- ***Sino-Global Shipping New York:*** This entity is established to facilitate the development of an integrated overseas and local shipping agency network and help generate new business referral activities.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### (a) Basis of presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“US GAAP”) for interim financial information pursuant to the rules and regulations of the Securities Exchange Commission (“SEC”). The financial statements include the accounts of all directly, indirectly owned subsidiaries and variable interest entity. All material intercompany transactions and balances have been eliminated in consolidation. In the opinion of management, all adjustments, consisting only of normal recurring adjustments, considered necessary to give a fair presentation have been included. Interim results are not necessarily indicative of results of a full year. The information in this Form 10-Q should be read in conjunction with information included in the 2013 annual report in the Form 10-K filed on September 27, 2013.

### (b) Basis of consolidation

The unaudited condensed consolidated financial statements include the accounts of the Company, its subsidiaries, and its affiliates. All significant intercompany transactions and balances are eliminated in consolidation. Sino-China is considered a variable interest entity (“VIE”), and the Company is the primary beneficiary. The Company through Trans Pacific Beijing entered into agreements with Sino-China, pursuant to which the Company receives 90% of Sino-China’s net income. The Company does not receive any payment from Sino-China unless Sino-China recognizes net income during its fiscal year. These agreements do not entitle the Company to any consideration if Sino-China incurs a net loss during its fiscal year. In accordance with these agreements, Sino-China pays consulting and marketing fees equal to 85% and 5%, respectively, of its net income to the Company’s wholly owned foreign subsidiary, Trans Pacific Beijing, and Trans Pacific Beijing supplies the technology and personnel needed to service Sino-China. Sino-China was designed to operate in China for the benefit of the Company.

As a VIE, Sino-China’s revenues are included in the Company’s total revenues, and its loss from operations is consolidated with the Company’s. Because of the contractual arrangements, the Company had a pecuniary interest in Sino-China that requires consolidation of the Company’s and Sino-China’s financial statements.

The Company has consolidated Sino-China’s operating results because the entities are under common control in accordance with ASC 805-10, “Business Combinations”. The agency relationship between the Company and Sino-China and its branches is governed by a series of contractual arrangements pursuant to which the Company has substantial control over Sino-China. For this reason, the Company has included 90% of Sino-China’s operating results in the Company’s statements of operations. Management makes ongoing reassessments of whether the Company is the primary beneficiary of Sino-China.

F-5

The carrying amount and classification of Sino-China's assets and liabilities included in the Company's Unaudited Condensed Consolidated Balance Sheets are as follows:

	December 31, 2013	June 30, 2013
Total current asstes	\$ 245,321	\$ 145,307
Total assets	571,360	326,480
Total current liabilities	318,252	324,334
Total liabilities	318,252	324,334

**(c) Revenue Recognize Policy**

Revenues from shipping agency services are recognized upon completion of services, which coincides with the date of departure of the relevant vessel from port. Advance payments and deposits received from customers prior to the provision of services and recognition of the related revenues are presented as advances from customers.

Revenues from shipping and chartering services are recognized upon performance of services as stipulated in the underlying contract.

Revenues from inland transportation management services are recognized when commodities are being released from the customer's warehouse.

**(d) Translation of Foreign Currency**

The accounts of the Company and its subsidiaries, including Sino-China and each of its branches are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The Company's functional currency is the US dollars ("USD") while Sino-China reports its financial position and results of operations in Renminbi ("RMB"). The accompanying unaudited consolidated financial statements are presented in US dollars. Foreign currency transactions are translated into US dollars using the fixed exchange rates in effect at the time of the transaction. Generally foreign exchange gains and losses resulting from the settlement of such transactions are recognized in the condensed consolidated statements of operations. The Company translates foreign currency financial statements of Sino-China, Sino-Global Shipping Australia, Sino-Global Shipping Hong Kong, Sino-Global Shipping Canada and Trans Pacific Beijing in accordance with ASC 830-10, "Foreign Currency Matters". Assets and liabilities are translated at current exchange rates quoted by the People's Bank of China at the balance sheet dates and revenues and expenses are translated at average exchange rates in effect during the year. Resulting translation adjustments are recorded as other comprehensive income (loss) and accumulated as a separate component of equity of the Company and also included in non-controlling interest.

The exchange rates as at December 31, 2013 and June 30, 2013 and for the six months ended December 31, 2013 and 2012, and for the three months ended December 31, 2013 and 2012 are as follows:

**(e) Accounts receivable**

Accounts receivable are presented at net realizable value. The Company maintains allowances for doubtful accounts for estimated losses. The Company reviews the accounts receivable on a periodic basis and makes general and specific allowances when there is doubt as to the collectability of individual balances. In evaluating the collectability of individual receivable balances, the Company considers many factors, including the age of the balances, customers' historical payment history, their current credit-worthiness and current economic trends. Receivables are considered past due after 365 days. Accounts are written off after exhaustive efforts at collection. As of December 31, 2013 and June 30, 2013, the allowance for doubtful accounts totaled \$636,028 and \$690,065, respectively.

**(f) Earnings (loss) per share ("EPS")**

Basic earnings (loss) per share is computed by dividing net income (loss) attributable to holders of common shares by the weighted average number of common shares outstanding during the applicable period. Diluted earnings (loss) per share reflect the potential dilution that could occur if securities or other contracts to issue common shares were exercised or converted into common shares. Common share equivalents are excluded from the computation of diluted earnings (loss) per share if their effects would be anti-dilutive.

**(g) Risks and Uncertainties**

The operations of the Company are primarily located in the PRC. Accordingly, the Company's business, financial condition, and results of operations may be influenced by the political, economic, and legal environments in the PRC, as well as by the general state of the PRC economy. The Company's operations in the PRC are subject to special considerations and significant risks not typically associated with companies in North America and Western Europe. These include risks associated with, among others, the political, economic and legal environment and foreign currency exchange. The Company's results may be adversely affected by exchanges in the political, regulatory and social conditions in the PRC, and by changes in governmental policies or interpretations with respect to laws and regulations, anti-inflationary measures, currency conversion, remittances abroad, and rates and methods of taxation, among other things. In addition, the Company only controls Sino-China through a series of agreements. If such agreements were cancelled, modified or otherwise not complied with, the Company may not be able to retain control of this consolidated entity and the impact could be material to the Company's operations.

**(h) Recent Accounting Pronouncements**

There have been no new accounting pronouncements that would have a material impact on the financial position of the Company.

**3. ACCOUNTS RECEIVABLE / ACCOUNTS PAYABLE**

In July and December 2013, the Company executed a total of four agreements (the "settlement agreements") with a major customer to settle the related accounts receivable and payable that were associated with the Company's shipping agency business. In connection with the settlement agreements, the Company will reduce the amount of receivable from this major customer based on payments made by such customer directly to the related local shipping agents. During the six months ended December 31, 2013, such customer made a total payment of \$2,283,641 to the related local shipping agents; and the Company reduced its reported accounts receivable and payable accordingly.

**4. OTHER RECEIVABLES / OTHER CURRENT LIABILITIES**

(a) Other Receivables

Other receivables represent mainly guarantee deposit for ship owner, amounts to be received from customers for advance payments made to the port agent for reimbursable charges to be incurred in connection with the costs of services; as well as loans, travel and business advances to employees.

(b) Other Current Liabilities

Other current liabilities represent mainly advance payments received from customers for reimbursable port agent charges to be incurred and miscellaneous accrued liabilities.

## 10. SEGMENT REPORTING

ASC 280, "Segment Reporting", establishes standards for reporting information about operating segments on a basis consistent with the Company's internal organizational structure as well as information about geographical areas, business segments and major customers in financial statements for details on the Company's business segments.

The Company's chief operating decision maker has been identified as the Chief Executive Officer who reviews the financial information of separate operating segments when making decisions about allocating resources and assessing performance of the group. Based on management's assessment, the Company has determined that it has three operating segments: shipping agency service, shipping and chartering services, and inland transportation management services.

Historically, the Company engages primarily in the delivery of shipping agency services but during fiscal 2014 (and with the support of our largest shareholder), it has expanded its service delivery platform to include shipping and chartering services (launched during the quarter ended September 30, 2013); and inland transportation management services (launched during the quarter ended December 31, 2013). These new services are part of the Company's strategic initiatives to diversify its service offering, broaden its service platform, and improve its operating profit.

## **11. RELATED PARTY TRANSACTIONS**

In June 2013, the Company signed a 5-year global logistic service agreement with TEWOO Chemical & Light Industry Zhiyuan Trade Co., Ltd. and TianJin Zhi Yuan Investment Group Co., Ltd. (together “Zhiyuan”). TianJin Zhi Yuan Investment Group Co., Ltd. is owned by Mr. Zhong Zhang, the largest shareholder of the Company. During the quarter ended September 30, 2013, the Company executed its first shipping and chartering services agreement with Zhiyuan whereby it assisted in the transportation of approximately 51,000 tons of chromite ore from South Africa to China. In September 2013, the Company executed an inland transportation management service contract with Zhiyuan whereby it would provide certain advisory services and help control its potential commodities loss during the transportation process. As of December 31, 2013, the net amount due from Zhiyuan was \$265,180, inclusive of a cash advance of \$180,000 during October 2013 for transportation costs and/or chartering fees.

As of December 31, 2013, the Company is owed \$372,642 from Sino-G Trading Inc. (“Sino-G”), an entity that is owned by the brother-in-law of the Company’s CEO. Sino-G used to act as a funds transfer agent for the Company’s services in Tianjin, PRC. In accordance with a repayment agreement between the Company and Sino-G, the amount due will be repaid in two installments of approximately \$170,000 each during 2014.

## **12. SUBSEQUENT EVENT**

On January 21, 2014, the shareholders of the Company approved the amendment of the articles of incorporation of the Company to increase the authorized number of shares of common stock from 10,000,000 to 50,000,000 and shares of preferred stock from 1 million to 2 million. The amendment was filed with the Virginia State Corporation Commission on February 5, 2014.
