PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS

To Be Held June 16, 2014

SOLICITATION AND REVOCABILITY OF PROXIES

Our board of directors is soliciting your proxy to be voted at our annual meeting of stockholders to be held on June 16, 2014, at 9:00 a.m., Eastern Time, at The Westin New York Grand Central Hotel, 212 East 42nd Street, New York, New York 10017, for the purposes set forth in the accompanying notice of annual meeting of stockholders, and at any adjournment(s) of the annual meeting. If the accompanying proxy is properly executed and returned, the shares it represents will be voted at the annual meeting in accordance with the directions noted thereon or, if no direction is indicated, it will be voted in favor of the proposals described in this proxy statement. In addition, the proxy confers discretionary authority to the persons named in the proxy authorizing those persons to vote, in their discretion, on any other matters properly presented at the annual meeting. Our board of directors is not currently aware of any such other matters.

Each of our stockholders has the unconditional right to revoke his or her proxy at any time prior to its exercise, either in person at the annual meeting or by written notice to our Secretary at Repros Therapeutics Inc., 2408 Timberloch Place, Suite B-7, The Woodlands, Texas 77380. No revocation by written notice will be effective unless such notice has been received by our Secretary prior to the day of the annual meeting or by the inspector of election at the annual meeting. If you are present at the annual meeting, in order to be able to have your vote counted at the annual meeting and thus, to revoke your prior valid vote, you need to have written documentation that you are a record holder or, if you own your shares through a brokerage or other type account, written documentation from the holder of record that you are the beneficial owner of the shares you are voting.

Our principal executive offices are located at 2408 Timberloch Place, Suite B-7, The Woodlands, Texas 77380. This proxy statement and the accompanying notice of annual meeting of stockholders and proxy are being mailed to our stockholders on or about April 29, 2014.

We have retained Morrow & Co., LLC, a proxy solicitor, to solicit proxies by mail, in person or by telephone, at an estimated cost of \$5,500 plus reimbursement of reasonable out of pocket expenses. In addition to the solicitation of proxies by use of this proxy statement, our directors, officers and employees may solicit the return of proxies by mail, personal interview, telephone or the internet. Our officers and employees will not receive additional compensation for their solicitation efforts, but they will be reimbursed for any out-of-pocket expenses incurred. Brokerage houses and other custodians, nominees and fiduciaries will be requested, in connection with the stock registered in their names, to forward solicitation materials to the beneficial owners of such stock.

We will bear all costs of preparing, printing, assembling and mailing the notice of annual meeting of stockholders, this proxy statement, the enclosed form of proxy and any additional materials, as well as the cost of forwarding solicitation materials to the beneficial owners of stock and all other costs of solicitation.

PURPOSES OF THE MEETING

At the annual meeting, our stockholders will be asked to consider and act on the following matters:

1. Electing a board of six directors, each to serve until our next annual meeting of stockholders or until their respective successors have been duly elected and qualified;
2. Ratifying and approving the appointment of PricewaterhouseCoopers LLP as our registered independent public accounting firm for our fiscal year ending December 31, 2014;
3. To approve, on an advisory basis, the compensation of our named executive officers; and
4. Acting on such other business as may properly come before the annual meeting or any adjournments thereof.

QUORUM AND VOTING

The close of business on April 21, 2014 has been fixed as the record date for the determination of stockholders entitled to vote at the annual meeting and any adjournment(s) thereof. As of the record date, we had 23,097,412 shares of common stock issued and outstanding.

Each stockholder of record of common stock will be entitled to one vote per share on each matter that is called to vote at the annual meeting. Shares of common stock may not be voted cumulatively.

The presence, either in person or by proxy, of holders of shares representing a majority of the common stock entitled to be cast at the annual meeting is necessary to constitute a quorum at the annual meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Broker non-votes occur when a broker or other nominee does not have discretionary authority to vote the shares with respect to a particular matter and has not received voting instructions from the beneficial owner with respect to that matter. A plurality vote is required for the election of directors. Accordingly, if a quorum is present at the annual meeting, the six persons receiving the greatest number of votes cast at the annual meeting will be elected to serve as directors. Thus, abstentions and broker non-votes will not affect the outcome of the election of directors.

All other matters to be voted on will be decided by the vote of the holders of shares representing a majority of the votes present or represented by proxy at the annual meeting and entitled to vote on such matter. Shares present or represented by proxy at the meeting but that abstain with respect to Proposal Number 2 or 3 will be considered present and entitled to vote on such matter and will therefore have the effect of a “no” vote on such matter. Broker non-votes will not be treated as shares present or represented by proxy at the meeting, and therefore will have no effect.

All proxies that are properly completed, signed and returned prior to the annual meeting will be voted. Any proxy given by a stockholder may be revoked at any time before it is exercised by the stockholder by (i) filing with our Secretary an instrument revoking it, (ii) executing and returning a proxy bearing a later date or (iii) attending the annual meeting and expressing a desire to vote his or her shares of common stock in person. If you wish to vote in person at the meeting but hold your stock in street name (that is, in the name of a broker, bank or other institution), then you must have a proxy from the broker, bank or institution in order to vote at the meeting. Votes will be counted by Computershare Trust Company, N.A., our transfer agent and registrar.

corporate governance

Board Meetings

Our operations are managed under the broad supervision of the board of directors, which has ultimate responsibility for the establishment and implementation of our general operating philosophy, objectives, goals and policies. The positions of chair of the board of directors and the chief executive officer of the Company are currently held by different individuals, Nola E. Masterson and Joseph Podolski, respectively. The Company believes that this structure provides the Company with the appropriate level of risk oversight. Our board of directors is currently comprised of a majority of independent directors. The board of directors has determined that current directors, Mr. Cain, Ms. Masterson, Ms. Ramasastry, Mr. Suesserman and Dr. Wyllie, are “independent” as independence is defined under the listing standards for The NASDAQ Stock Market. The board based these determinations primarily on a review of the responses our directors provided to questions regarding employment and compensation history, affiliations and family and other relationships. During 2013, the board of directors convened on five occasions. All directors attended 100% of the meetings held by the board and any committee of the board on which he or she served during his or her tenure in 2013. Our current policy is to have our directors attend our annual meeting of stockholders, and each of our then current directors attended our 2013 meeting of stockholders telephonically.

Board Committees

Pursuant to delegated authority, various board functions are discharged by the standing committees of the board. The board of directors has appointed three principal standing committees: the compensation and option committee, the nominating and corporate governance committee and the audit committee. Copies of the audit committee charter, the compensation and option committee charter and the nominating and corporate governance committee charter are available in the Corporate Governance section of our web site at www.reprosrx.com. The current members of the committees are identified in the following table:

Director	Audit	Compensation and Option	Nominating and Corporate Governance
Daniel F. Cain	√ (Chair)	√	√
Nola E. Masterson	√	√(Chair)	√
Saira Ramasastry.	√	√	√
Michael Suesserman			√
Michael G. Wyllie, Ph.D., DSC.			√ (Chair)

Audit Committee. The audit committee, which is currently comprised of Mr. Cain, as chair, Ms. Masterson and Ms. Ramasastry, provides assistance to the board of directors in fulfilling its responsibilities relating to corporate

accounting and reporting practices, recommends to the board of directors the engagement by us of our independent public accountants, approves services performed by our independent public accountants, including fee arrangements and the range of audit and non-audit services, maintains a direct line of communication between the board of directors and our independent public accountants and performs such other functions as may be prescribed with respect to audit committees under applicable rules, regulations and policies of The NASDAQ Stock Market. The audit committee also evaluates our system of internal controls, the internal audit function and other related areas. The audit committee holds a private executive session with our independent auditors following every audit committee meeting. This executive session excludes management. The audit committee meets quarterly and convened four times in 2013.

As required by The NASDAQ Stock Market and SEC rules regarding audit committees, the board of directors has reviewed the qualifications of its audit committee and has determined that none of the current members of the audit committee have a relationship with us that might interfere with the exercise of their independence from us or management and has determined that each member of the audit committee is independent, as independence is defined in the listing standards for The NASDAQ Stock Market. The board of directors has determined that Mr. Cain, chair of the audit committee, is an audit committee financial expert as described in Item 401(h) of Regulation S-K.

Compensation and Option Committee. The compensation and option committee, which is currently comprised of Ms. Masterson, as chair, Mr. Cain and Ms. Ramasastry, establishes the compensation for our President and Chief Executive Officer, including applicable bonus milestones and equity/option grants. The committee also may be involved or may approve, depending on the availability of the board of directors, grants of awards to other employees, may determine the terms and conditions provided for in each option grant, and may, as requested by our President and Chief Executive Officer, review and recommend to the board of directors the amount of compensation to be paid to our officers. The compensation committee generally convenes on an as needed basis. The compensation and option committee met twice in 2013. The board of directors has determined that each member of the compensation and option committee is independent, as independence is defined in the listing standards for The NASDAQ Stock Market.

Nominating and Corporate Governance Committee. The nominating and corporate governance committee is currently comprised of Dr. Wyllie, as chair, Mr. Cain, Ms. Masterson, Ms. Ramasastry and Mr. Suesserman. The nominating and corporate governance committee investigates and makes recommendations to the board with respect to qualified candidates to be nominated for election to the board and reviews and makes recommendations to the board of directors with regard to candidates for directors nominated by stockholders in accordance with our bylaws. This committee also investigates and makes recommendations to the board with regard to all matters of corporate governance, including the structure, operation and evaluation of the board and its committees. The nominating and corporate governance committee met twice during 2013. The board of directors has determined that each current member of the nominating and corporate governance committee is independent, as independence is defined in the listing standards for The NASDAQ Stock Market.

Executive Sessions of the Board of Directors. Our policy is to have non-management directors meet regularly in executive sessions following each of our regularly scheduled meetings of the board of directors in a calendar year. A non-management director is any director who is not an employee and does not include any director who is not independent as determined by the board of directors. Non-management directors presently consist of all current directors except Mr. Podolski. The non-management directors met a total of four times during calendar year 2013.

Communications with Directors. Our security holders and other interested parties may communicate with any of our directors (including any presiding director or the non-management directors as a group) by mail to our Secretary, Repros Therapeutics Inc., 2408 Timberloch Place, Suite B-7, The Woodlands, Texas 77380. Such communications should specify the intended recipient or recipients. All such communications, other than commercial solicitations or communications will be forwarded to the appropriate director or directors.

Stockholder Nominations. The nominating and corporate governance committee will consider stockholder proposals for director nominees. In order to nominate a director at the annual meeting, a stockholder must follow the procedures set forth in Section 2.12 of our bylaws (available on our web site at www.reprosrx.com). In order to recommend a nominee for a director position, a stockholder must be a stockholder of record at the time the stockholder gives notice of its recommendation and the stockholder must be entitled to vote for the election of directors at the meeting at which such nominee will be considered. Stockholder recommendations must be made pursuant to written notice delivered to our principal executive offices no less than 50 days nor more than 75 days prior to the date of the annual or special

meeting at which directors are to be elected; provided, that if the date of the annual or special meeting was not publicly announced more than 65 days prior to the annual or special meeting, such notice by the stockholder will be timely if delivered to the Secretary no later than the close of business on the 15th day following the day on which such announcement of the date of the meeting was communicated to the stockholders.

The stockholder notice must set forth the following:

1. As to each person the stockholder proposes to nominate for election as a director, all information relating to such person that would be required to be disclosed in solicitations of proxies for the election of such nominees as directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, or the Exchange Act;
2. The written consent to serve as a director if elected by each person nominated;
3. Name and address of the stockholder as they appear on our books; and
4. The class and number of shares of common stock beneficially owned by such stockholder.

In addition to complying with the foregoing procedures, any stockholder nominating a director must also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder.

Nominating and Corporate Governance Committee Nominations. The nominating and corporate governance committee selects each nominee based on the nominee's skills, achievements and experience. The Company seeks directors who represent a diversity of backgrounds and experiences and believes that such diversity will enhance the quality of the board's deliberations and decisions. In selecting candidates, the following will be considered, among other things: knowledge, experience and skills in areas critical to understanding us and our business (including financial expertise); personal characteristics, such as integrity and judgment; and candidates' commitments to the boards of other companies. As part of its periodic self-assessment process, the board determines the diversity of specific skills and characteristics necessary for the optimal functioning of the board.

When seeking candidates for director, the nominating and corporate governance committee may solicit suggestions from incumbent directors, management, stockholders or others. While the committee has authority under its charter to retain a search firm for this purpose, no such firm was utilized in 2013. After conducting an initial evaluation of a potential candidate, the committee will interview that candidate if it believes such candidate might be suitable to be a director. The committee may also ask the candidate to meet with management. If the committee believes a candidate would be a valuable addition to the board of directors, it will recommend to the full board of directors that candidate's election. All of our current directors are standing for re-election at the annual meeting. Michael Suesserman was elected to the board of directors on December 18, 2013 and is a first-time nominee for election at this annual meeting.

Code of Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics for directors, officers and employees and a Code of Ethics for Senior Financial Officers, which are available on the Corporate Governance section of our website at www.reprosr.com. If any substantive amendments are made to either code, the nature of such amendment will be disclosed on our website. In addition, if a waiver from either code is granted to an executive officer, director or principal accounting officer, the nature of such waiver will be disclosed on our website.

Compensation Committee Interlocks and Insider Participation

All members of the compensation and option committee are independent directors, and none of them are present or past employees or officers of ours. No member of the compensation and option committee has had any relationship with us requiring disclosure under Item 404 of Regulation S-K under the Exchange Act. None of our executive officers has served on the board or compensation committee (or other committee serving an equivalent function) of any other entity which has one of their executive officers who served on our board or compensation and option

committee.

The Board's Role in Risk Oversight

The board of directors' role in the Company's risk oversight process includes regular discussions and meetings with members of senior management on areas of material risk to the Company, including operational, financial, legal, regulatory, strategic and reputational risks. In addition, several members of the Company's board are actively involved in several key areas of risk to the Company, namely, regulatory strategy and interactions with the U.S. Food and Drug Administration, and financing matters. Due to the relatively small size of the board, and the centralized management at the Company, senior management is able to frequently interact with the full board (or the appropriate Committee in the case of risks that are under the purview of a particular Committee). This structure enables the board and its Committees to be heavily involved in the risk oversight role.

AUDIT COMMITTEE REPORT

The audit committee is currently comprised of three directors who are independent, as defined by the standards of The NASDAQ Stock Market. The audit committee assists the board in overseeing matters relating to our accounting and financial reporting practices, the adequacy of our internal controls and the quality and integrity of our financial statements. A copy of the audit committee's charter is available on our web site at www.reprosrx.com in the Corporate Governance section.

The audit committee met four times during the year ended December 31, 2013. The audit committee reviewed with management and the independent auditors the interim financial information included in our quarterly reports on Form 10-Q for the fiscal quarters ended March 31, June 30 and September 30, 2013 prior to their being filed with the SEC and reviewed in a meeting held in 2014 the financial information for the fiscal quarter and year ended December 31, 2013, as filed with our Form 10-K for the year ended December 31, 2013.

The independent auditors provided the audit committee with a written statement describing all the relationships between us and our auditors that might bear on the auditors' independence consistent with Public Company Accounting Oversight Board Rule 3526 (Communication with Audit Committees Concerning Independence). The audit committee also discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence.

The audit committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement of Auditing Standards No. 61, as amended, "Communication with Audit Committees."

With and without management present, the audit committee discussed and reviewed the results of the independent auditors' examination of our December 31, 2013 financial statements. The discussion included matters related to the conduct of the audit, such as the selection of and changes in significant accounting policies, the methods used to account for significant or unusual transactions, the effect of significant accounting policies in emerging areas, the process used by management in formulating significant accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates, significant adjustments arising from the audit and disagreements, if any, with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The audit committee reviewed our audited financial statements as of and for the year ended December 31, 2013, and discussed them with management and the independent auditors. Based on such review and discussions, the audit committee recommended to the board that our audited financial statements be included in our Annual Report on Form

10-K for the fiscal year ended December 31, 2013 for filing with the SEC.

The foregoing report is given by the members of the audit committee:

Compensation Discussion and Analysis

Philosophy

We have designed our compensation programs to attract and retain key employees, motivate all of our employees to be productive and reward our employees, officers and directors for exceptional performance. We have implemented different types of compensation programs to motivate performance both in the short-term and in the long-term, with the ultimate goal of long-term increased value for our stockholders.

We believe that our executive compensation programs are essential to our ultimate success and also impact the environment of compensation for all employees. Executive compensation programs set the general level of expectations for us and also demonstrate the types of goals we expect all employees to reach.

In setting executive compensation, we first determine the goals that will ultimately make the Company successful. Generally, for the past three years, our success has been dependent upon two key factors:

- the successful continued clinical development of our two products, Androxal[®] and Proellex[®]; and
- our ability to raise capital to allow us to continue such development.

Because these are goals that are best measured over the long term, we believe that the most effective means of motivating our executives is by providing compensation that will reward long-term success with competitive short-term compensation being used to retain our key executives. We have utilized traditional long-term compensation programs, namely, stock option programs, to effectuate these goals.

Overview of Compensation and Process

Our compensation programs consist of the following:

- Base cash salary;

Annual cash incentive payments and cash bonuses;

Equity incentives; and

· General employee benefits available to all employees (Simple IRA matching program, life and health insurance).

The board of directors establishes and oversees compensation for all our executive officers through the Company's compensation and option committee or its chief executive officer as applicable. The compensation and option committee is responsible for determining the compensation for our chief executive officer (Mr. Podolski), reviewing the proposed compensation of other senior management persons and key employees, and for administering our incentive plans under which grants may be made to all of our employees as well as directors. This includes establishing performance based milestones for purposes of our chief executive officer's bonus compensation. The committee also determines whether any potential bonus was earned by our chief executive officer, how any potential bonus will be paid and reviews and approves the proposed bonus payments for all other officers and key employees. Our chief executive officer does not participate in deliberations relating to these determinations. The chief executive officer provides recommendations to the compensation and option committee regarding the compensation of the other officers in the Company, namely Dr. Ronald Wiehle, Katherine A. Anderson, Dr. Joachim F. Wernicke and Dr. Jaye Thompson, and the compensation and option committee then meets with our chief executive officer concerning their compensation and makes its final determination of the appropriate compensation amounts for each of them.

In determining the level and composition of the compensation of our chief executive officer and our other executives, the compensation and option committee or our chief executive officer takes into account various qualitative and quantitative indicators, including comparisons with the compensation awarded to the officers of other companies of similar size, revenue and market capitalization in the biotechnology and pharmaceutical industries.

Due to the time consuming and extensive clinical trials necessary for approval of our drug candidates by the FDA and the setbacks that may be encountered from time to time during this process, we have, from time to time, experienced difficulty in raising the capital needed on satisfactory terms. As a result, conservation of our limited cash is paramount. This has impacted the Company's philosophy on compensating our executive officers and other employees, using equity awards from time to time to incentivize the Company's employees.

In order to facilitate the use of equity compensation as a primary component of our overall compensation program, the compensation and option committee adopted the 2011 Equity Incentive Plan in early 2011 on behalf of the board of directors in order to provide a more comprehensive equity incentive program for the employees, directors and consultants of the Company. The 2011 Equity Incentive Plan provides a variety of equity based compensation incentives such as stock appreciation rights, performance based stock awards, incentive and non-qualified stock options, restricted stock and restricted stock units, and other awards that will provide the compensation and option committee with more responsive methods of rewarding and incentivizing management as the Company progresses. Such 2011 Equity Incentive Plan also operates to simplify the Company's equity compensation structure by combining all prior and pending equity plans into one comprehensive plan.

Section 162(m) of the Internal Revenue Code of 1986, or the Code, places a \$1 million annual cap on the deductible compensation that can be paid to certain executives of publicly-traded corporations. Amounts that qualify as "performance based" compensation under Section 162(m)(4) of the Code are exempt from the cap and do not count toward the \$1 million limit. Generally, stock options will qualify as performance based compensation. The committee has discussed and considered and will continue to evaluate the potential impact of Section 162(m) on us in making compensation determinations, but has not established a set policy with respect to future compensation determinations.

The Company does not believe that its compensation policies and practices for its employees are reasonably likely to have a material adverse effect on the Company.

The compensation committee notes that at our 2013 annual meeting of stockholders, the compensation of our named executive officers was approved by 87.0% of the votes cast. The compensation committee believes that this signifies our stockholders' support of our approach to executive compensation. Based on the substantial stockholder support of our executive compensation programs, the compensation committee elected not to make significant changes to our program in 2013. The compensation committee remains open to any concerns expressed by our stockholders and will continue to consider the outcome of future say-on-pay votes when making compensation decisions for our named executive officers.

The Summary Compensation Table on page 18 of this proxy sets forth the compensation that our named executive officers were paid in 2013 in accordance with SEC rules. Base Salary

Salaries are provided to employees as compensation for basic services to the Company and to meet the objective of attracting and retaining talent. The board of directors initially approves the hiring and promotion of any of our executive officers, including their compensation and option package. The base salary for Mr. Podolski is normally reviewed on an annual basis by the compensation and option committee. The base salaries for Dr. Wiehle, Ms. Anderson, Dr. Wernicke and Dr. Thompson are recommended to our compensation and option committee by our chief executive officer, and the compensation and option committee then meets with our chief executive officer concerning his recommendations and makes its final determination of the appropriate compensation amounts for each of such officers.

When establishing or reviewing base compensation levels for Mr. Podolski, the compensation and option committee, in accordance with its general compensation policy, considers or considered, as applicable, numerous factors, including:

- the responsibilities relevant to the position;
- the qualifications of the executive and the relevant experience of the particular individual;
- strategic goals for which the executive has responsibility; and
- general compensation surveys and data available in the industry.

No pre-determined weights are given to any one of such factors.

Based on the foregoing factors, including a Peer Group comparison, the Board reviewed the salaries of Mr. Podolski, Ms. Anderson and Dr. Wiehle, during the first quarter of 2014. Given the achievements of these executives during the past year and progress toward commercialization of the Repros' two product candidates, the Board has approved the following new salaries for the Company's executives from 2013:

Name	Salary
Katherine A. Anderson, C.P.A.	\$325,000
Ronald D. Wiehle, Ph.D.	\$190,000

Dr. Wiehle's salary increase was effective as of October 2013 and Ms. Anderson's salary increase was effective as of January 2014. Mr. Podolski's salary will remain \$495,000 for 2014. In 2013, Dr. Wernicke and Dr. Thompson joined the Company as the Chief Medical Officer and the Senior Vice President for Clinical and Regulatory, respectively, with starting base salaries of \$200,000 for Dr. Wernicke and \$250,000 for Dr. Thompson.

Annual Cash Incentives and Bonus

The Company awards annual cash incentive awards as it deems appropriate in order to align employees' goals with the Company's objectives. In 2013, Mr. Podolski was eligible to receive, upon the decision of the compensation and option committee, a cash incentive award to the extent to which certain defined personal and corporate performance goals were achieved. Although, Mr. Podolski's employment agreement does not provide for a maximum cash incentive target percentage, the Board has traditionally established 35% of base salary as his maximum potential cash incentive. Each year, the compensation and option committee meets with Mr. Podolski to establish suitable incentive milestones for him according to our needs and his particular job responsibilities. For calendar year 2013, the compensation and option committee established applicable value weights or percentages for each particular milestone, for purposes of earning his annual cash incentive award. These milestones included, with applicable weights: completion of first pivotal efficacy study for Androxal, 10%; complete enrollment of two Phase 3 safety studies for Androxal, 20%; pre-NDA meeting requested for Androxal by December 31, 2013, 10%; report top line results from Phase 2 endometriosis study by December 31, 2013, 10%; completion of end of Phase 2 meeting with the FDA related to vaginal Proellex, 10%; completion of a public offering, 20%; operating expenditures held to within 15% of approved budget, 10%; and obtain two terms sheets for a strategic transaction related to Androxal by December 31, 2013, 10%. The compensation and option committee usually meets around the end of the calendar year to review the performance of Mr. Podolski and make a recommendation as to the achievement of such milestone targets. For 2013, the committee determined, based on the pre-determined incentive milestones, to award Mr. Podolski 70% of his bonus and also awarded him an additional discretionary bonus in the amount of \$25,990, which was paid in January 2014.

Equity Compensation

All of our employees, including executive officers, are eligible to receive long-term stock-based incentive awards under our 2011 Equity Incentive Plan as a means of providing such individuals with a continuing proprietary interest. We believe that such grants further the mutuality of interest between our employees and our stockholders by providing significant incentives for such employees to achieve and maintain high levels of performance. The equity incentive plan enhances our ability to attract and retain the services of qualified individuals. We consider this plan to be the primary means of providing long-term equity compensation to our employees and officers. The compensation and option committee, which acts as administrator of this plan, considers several factors in determining whether such awards are granted to an executive officer, including the following:

- the executive officer's position and his or her performance and responsibilities;
- the amount of stock options, if any, currently held by the officer;
- the vesting schedules of any such options;
- the executive officer's other compensation; and
- similar equity percentages of peer companies.

While the compensation and option committee does not adhere to any firmly established formulas or schedules for the issuance of awards such as options, the committee will generally tailor the terms of any such grant to achieve its goal as a long-term incentive award by providing for a vesting schedule encompassing several years or tying vesting to particular corporate or job performance milestones, particularly milestones related to the two key factors mentioned under “Compensation Discussion and Analysis – Philosophy” above: drug development and fund raising.

During 2013, we granted options to purchase 505,000 shares to all of our employees and officers, which represented 2% of our outstanding common stock at December 31, 2013 and, of such amount, we granted options to purchase 200,000 shares to our executive officers (100,000 each to Dr. Thompson and Dr. Wernicke), representing 40% of the total number of shares granted to our employees and officers.

Perquisites

We match employee contributions to a simple IRA on a dollar for dollar basis up to 3% of salary and bonus after one year of continued employment with the Company. These contributions are available to all employees. We provide health, dental and life insurance benefits to all of our employees. These benefits are provided to attract and retain talent.

Options Exercised and Stock Vested

None of our named executive officers exercised any of their exercisable options during fiscal 2013 nor did any of our named executive officers receive or vest in any stock awards during fiscal 2013.

Post-Employment Compensation

Mr. Podolski's employment agreement provides for a fixed term of employment until May 31, 2014, with the result that his compensation and benefits will be paid through such date if he is terminated without cause prior thereto. Any unvested options held by Mr. Podolski will also become fully exercisable in the event he is terminated without cause, and he will be entitled to a 2 year period post termination of employment in which to exercise all options regardless of the reason from termination (unless due to cause).

In addition, Mr. Podolski's employment agreement provides that he is entitled to severance payments in the event he is terminated without cause or resigns for good reason within 12 months following a change of control. The specific amount of these payments was revised during March of 2010, when the Fourth Amendment to Mr. Podolski's employment agreement was adopted. Under his amended agreement, Mr. Podolski is entitled to a cash lump sum payment equal to the present value of the aggregate amount of payments set forth below, in which the present value is determined as of the closing date of the change of control transaction (as if he was terminated or had resigned on such date and without reduction for any salary waiver then in effect). Mr. Podolski has agreed to defer payment of such amount, and in lieu of such lump sum payment, he will receive the payments listed in the following table. All of the payments listed below, other than the first payment made at the closing of a change of control, would be made out of an irrevocable Rabbi Trust which would be funded by us immediately prior to the closing of a change of control transaction:

Amount of payment	Payment due date
Current annual base salary	On the closing of the change of control transaction
50% of base salary	1 st anniversary after closing
50% of base salary	2 nd anniversary after closing
50% of base salary	3 rd anniversary after closing
50% of base salary	4 th anniversary after closing
50% of base salary	5 th anniversary after closing
35% of base salary	6 th anniversary after closing

Dr. Thompson who joined the Company in 2013 is also entitled to severance payments equal to six (6) months of her base salary in the aggregate and certain employment benefits, in the event she is terminated without cause or resigns for good reason. Dr. Thompson's employment agreement expires in March 2015, with automatic annual renewals unless otherwise terminated.

Ms. Anderson's employment agreement expires in August 2014 with automatic annual renewals unless otherwise terminated by either party. If terminated for reasons other than cause or if Ms. Anderson resigns for good reason, Ms. Anderson is entitled to salary and certain employment benefits for six (6) months following termination.

For purposes of the previous descriptions, the term "cause" means: (i) the conviction of such officer by a court of competent jurisdiction of a crime involving moral turpitude; (ii) the commission, or attempted commission, on us by such officer of an act of fraud; (iii) the misappropriation, or attempted misappropriation, by such officer of any of our funds or property; (iv) the continued and unreasonable failure by such officer to perform in any material respect his or her obligations under the terms of his or her employment agreement; (v) the knowing engagement by such officer, without the written approval of the board of directors, in any direct, material conflict of interest without compliance with our conflict of interest policy; (vi) the knowing engagement by such officer, without the written approval of the board of directors, in any activity which competes with our business or which would result in a material injury to us; or (vii) the knowing engagement by such officer in any activity that would constitute a material violation of the provisions of our insider trading policy or business ethics policy then in effect. The term "good reason" as used hereunder means a material diminution in the title, powers, duties, responsibilities or functions of such officer within one year following the occurrence of a change of control.

Overview of Compensation and Procedures

We periodically review the level of compensation paid to our non-employee directors. In determining the level of compensation for our non-employee directors, we have obtained data from a number of different sources, including:

Publicly available peer group information; and

Independent private surveys of non-executive director compensation in the biotechnology community.

Employee directors do not receive additional compensation for service on the board of directors or its committees. We reimburse each non-employee director for travel expenses incurred in connection with attendance at board meetings. Through the first quarter of 2013, each non-employee director was paid a \$10,000 annual retainer for service on the board, payable quarterly in advance, and \$2,000 per meeting in cash for regular board and committee meetings attended in person or telephonically. In addition, the chairs of committees received \$3,000 per meeting. Non-regular meetings were compensated at the rate of \$250 per hour with a minimum compensation of two hours per meeting. Employee directors and non-employee directors are eligible to participate in the 2011 Equity Incentive Plan. Additionally, during 2013 the chair of the board received an annual \$25,000 stipend paid monthly through March 2013.

During the last quarter of 2012, the Board, in conjunction with its efforts to attract and recruit qualified board members, reviewed and evaluated its cash compensation for all independent directors and determined that the amounts being paid were below the Peer Group companies. Following this review, the Board decided that effective April 1, 2013, the following compensation would be appropriate for serving as members of the Board, or on a committee, or as chair of a committee, as follows:

Position	Compensation
Service on Board as a Director	\$ 25,000
Chair of the Board	\$ 20,000
Service on Audit Committee	\$ 12,000
Service on Compensation Committee	\$ 8,000
Service on Nominating and Corporate Governance Committee	\$ 4,000
Chair of Audit Committee	\$ 8,000
Chair of Compensation Committee	\$ 6,000
Chair of Nominating and Corporate Governance Committee	\$ 4,000

No further amounts will be paid for meetings, regardless of how many meetings are held in a year (other than reimbursement of expenses). All the above amounts are for the year and will be prorated accordingly for a partial year spent on the Board or on a Committee.

During 2013, we paid an aggregate of \$212,172 in cash to our non-employee directors.

Our policies regarding granting awards under the 2011 Equity Incentive Plan are as follows: (i) each non-employee director who is first elected to the board is entitled to receive an option to purchase 40,000 shares of common stock on the date on which he or she first becomes a non-employee director, vesting quarterly over three (3) years, and (ii) each non-employee director in office immediately after each subsequent annual meeting of stockholders will receive an option to purchase 5,000 shares of common stock, vesting over twelve (12) months, effective on such date. During 2013, options to purchase an aggregate of 120,000 shares of common stock were granted to non-employee directors.

Certain Relationships and Related Transactions

The written charter of the Audit Committee sets forth the Company's policy that related-party transactions between the Company and management be approved by the Audit Committee. The Audit Committee considers whether to ratify or approve a related party transaction on a case-by-case basis, rather than pursuant to a written policy.

Section 16(a) Beneficial ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and officers, and persons who own more than 10% of our common stock, to file initial reports of ownership and reports of changes in ownership (Forms 3, 4 and 5) of common stock with the SEC. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish us with copies of all such forms that they file.

To our knowledge, based solely on our review of the copies of such reports received by us and on written representations by certain reporting persons that no reports on Form 5 were required, we believe that during the fiscal year ended December 31, 2013, all Section 16(a) filing requirements applicable to our officers, directors and 10% stockholders were complied with in a timely manner.

**PROPOSAL NUMBER 2:
RATIFICATION AND APPROVAL OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The board of directors has appointed the firm of PricewaterhouseCoopers LLP as our independent registered public accounting firm to perform an integrated audit of our financial statements for the fiscal year ending December 31, 2013 and the effectiveness of our internal control over financial reporting as of December 31, 2013, subject to ratification by our stockholders. We anticipate that representatives of PricewaterhouseCoopers LLP will not be present at the annual meeting. However, we anticipate that representatives of PricewaterhouseCoopers LLP will be available telephonically and will have an opportunity to make a statement, if they desire to do so, and will also be available to respond to appropriate questions from stockholders attending the annual meeting.

Fees Paid to Registered Independent Public Accounting Firm

The following table sets forth the aggregate fees billed to us by our registered independent public accounting firm, PricewaterhouseCoopers LLP, for fiscal years ended December 31, 2013 and 2012 respectively:

	2013	2012
Audit Fees	\$267,800	\$247,180
Tax Fees	\$89,325	\$5,000
Total Fees	\$357,125	\$252,180

Audit fees for 2013 include \$41,800 for service related to the underwritten public offering closed on June 25, 2013. Audit fees for 2012 included \$9,900 for services related to our filing of Amendment No. 1 to S-1 on S-3 and \$26,900 for services in connection with the S-3. The services provided under the caption “Tax Fees” for 2013 include \$80,000 related to an analysis of the Company’s section 382 limit and certain compliance related services and tax advice to us. The services provided under the caption “Tax Fees” for 2012 relate to certain compliance related services and tax advice to us. The audit committee considered whether the provision of the services related to the shelf registration statement and those reflected under “Tax Fees” above might have affected PricewaterhouseCoopers’ independence with respect to their audit of our financial statements, and the audit committee believes that such services did not affect, and were compatible with, PricewaterhouseCoopers’ independence.

Audit Committee Pre-Approval Policies and Procedures

The audit committee’s policy provides that our independent registered public accounting firm, or the Audit Firm, may provide only those services pre-approved by the audit committee or its designated subcommittee. The audit committee

annually reviews and pre-approves the audit, review, attest and permitted non-audit services to be provided during the next audit cycle by the Audit Firm. To the extent practicable, at the same meeting the audit committee also reviews and approves a budget for each of such services. The term of any such pre-approval is for the period of the annual audit cycle, unless the audit committee specifically provides for a different period.

Services proposed to be provided by the Audit Firm that have not been pre-approved during the annual review and the fees for such proposed services must be pre-approved by the audit committee or its designated representative. Additionally, fees for previously approved services that are expected to exceed the previously approved budget must also be pre-approved by the audit committee or its designated representative.

All requests or applications for the Audit Firm to provide services to us must be submitted to the audit committee or its designated representative by the Audit Firm and the chief financial officer. It is our policy that if any of our employees or any representative of the Audit Firm becomes aware that any services are being, or have been, provided by the Audit Firm to us without the requisite pre-approval, such individual must immediately notify the chief financial officer, who must promptly notify the chair of the audit committee and appropriate members of senior management so that prompt action may be taken to the extent deemed necessary or advisable.

The audit committee may form and delegate to a subcommittee composed of one or more of its members, the authority to grant specific pre-approvals under its policy with respect to audit, review, attest and permitted non-audit services, provided that any such grant of pre-approval shall be reported to the full audit committee no later than its next scheduled meeting. The audit committee may not delegate to management its responsibilities to pre-approve services performed by the Audit Firm.

The board of directors recommends that stockholders vote “FOR” ratification and approval of the appointment of PricewaterhouseCoopers LLP as our registered independent public accounting firm for the fiscal year ended December 31, 2014, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

PROPOSAL NUMBER 3
ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Exchange Act, we are seeking advisory shareholder approval of the compensation of the executive officers named in the Summary Compensation Table of this proxy statement (the “Named Executive Officers”) as disclosed in the section of this proxy statement titled Compensation Discussion and Analysis commencing on page 16 of this proxy statement.

The Board of Directors recommends voting “For” approval of the following non-binding advisory resolution.

Resolved, that the shareholders of the Company advise that they APPROVE the compensation of the Company’s Named Executive Officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission (which disclosure shall include the Compensation Discussion and Analysis, the compensation tables, and narrative discussion).

As described in the Compensation Discussion and Analysis commencing on page 16 of this proxy statement, the Compensation Committee of the Board has structured our executive compensation program to provide an overall compensation package, including cash compensation and equity awards, which enable the Company to attract and retain key employees and motivate employees, officers and directors for exceptional performance.

Shareholders are encouraged to read the Compensation Discussion and Analysis section of this proxy statement, which discusses in detail how our compensation policies and procedures implement our compensation philosophy. The vote on the above resolution is not intended to address any specific element of compensation; rather, it relates to overall compensation of our Named Executive Officers, as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC.

This vote is advisory and non-binding on the Board and the Compensation and Option Committee and will not require the Board or the Compensation and Option Committee to take any particular action. The outcome of the vote will not be construed as overruling any decision of the Board or creating or implying any additional fiduciary duty of the Board. However, the Board and the Compensation and Option Committee will review the voting results in connection with their ongoing evaluation of the Company’s executive compensation program. Broker non-votes will not be counted in evaluating the results of the vote.
