EXPLANATORY NOTE

STAAR Surgical Company (“STAAR”) is filing this Amendment No. 1 to Form 10-K on Form 10-K/A (the “Form 10K/A”) to amend our Annual Report on Form 10-K for the fiscal year ended January 2, 2015 (the “Form 10-K”), which was filed with the Securities and Exchange Commission (the “SEC”) on March 13, 2015. The purpose of this Form 10-K/A is solely to disclose the information required in Part III (Items 10, 11, 12, 13 and 14) of the Form 10-K, which information was previously omitted from the Form 10-K in reliance on General Instruction G(3) to Form 10-K. Accordingly, we hereby amend and replace in its entirety Part III of Form 10-K.

In addition, pursuant to the rules of the SEC, Item 15 of Part IV has been amended to include the currently dated certifications of STAAR’s principle executive officer and principal financial officer pursuant to Section 302 of the Sarbanes-Oxley Act 2002. The certifications of STAAR’s principle executive officer and principle financial officers are filed with this Form 10-K/A as Exhibits 31.3 and 31.4 hereto. Because no financial statements have been included in this Form 10-K/A and this does not contain or amend any disclosure with respect to Items 307 and 308 of Regulation S-K, paragraphs 3, 4 and 5 of the certifications have been omitted. We are not including the certificate under Section 906 of the Sarbanes-Oxley Act of 2002 as no financial statements are being filed with this Form 10-K/A.

Except as described above, this Form 10-K/A does not amend any other information set forth in the Form 10-K, and we have not updated disclosures included therein to reflect any subsequent events. This Form 10-K/A should be read in conjunction with the Form 10-K and with our filings with the SEC subsequent to the Form 10-K.

Item 10. Directors, Executive Officers and Corporate Governance

Corporate Governance

Directors of the Registrant

Mark B. Logan

Director since November 2010

Chairman of the Board of Directors

Member of the Compensation Committee

Member of the Nominating and Governance Committee

Age 76

Background. Mr. Logan has served as the co-founder and President and Chief Executive Officer of TearSolutions, L.L.C., a company focused on a natural replacement therapy for dry eyes since 2013. Previously, he served as Chairman and Chief Executive Officer of VISX, Inc., an excimer refractive surgical systems designer and manufacturer, from 1994 to 2001. VISX was subsequently acquired by Advanced Medical Optics (now a part of Abbott Laboratories). Prior to joining VISX, Mr. Logan served as Chairman and Chief Executive Officer of Inmed Pharmaceuticals, Inc., from 1992 through 1994, and before that he was a principal at McManus Associates, a healthcare research and management firm, from 1985 through 1992. Before that, he spent four years as Executive Vice President and Chief Operating Officer and board member at Bausch & Lomb, one of the largest companies in the ophthalmic surgical sector. His prior experience includes senior executive positions at Becton, Dickinson & Company and Wyeth, Inc. Mr. Logan is member of the Board of Directors of Tear Solutions, L.L.C. Mr. Logan serves on the Board of the University of Virginia Heart & Vascular Center, serves on the Board of Advisors of Gencia Inc., and serves as a trustee of the Southern Environmental Law Center. Mr. Logan earned a B.A. in Biology from Hiram College. He was a Woodrow Wilson Fellow at New York University and has completed the Program for Management Development (PMD) at Harvard University.

Qualifications. In January 2014, the Board of Directors unanimously elected Mr. Logan to serve as Chairman based on his past experience as Chairman of VIVUS and Chairman of VISX. Also, the Nominating and Governance Committee believes Mr. Logan's expertise in management of an expanding ophthalmic business, especially in the area

of refractive surgery brings valuable insight and experience to the Board of Directors. In particular, as Chairman and Chief Executive Officer of VISX from 1994 to 2001, Mr. Logan oversaw from 2007 through 2014, the successful introduction of the leading excimer laser system used in custom LASIK. Through his chairmanship of VIVUS he gained recent experience in the FDA-regulated environment and familiarity with best current practices in corporate governance. The Nominating and Governance Committee believes the skills he has exhibited in the past leadership roles will help increase stockholder value at STAAR.

Caren Mason

Director since June 2014

President and Chief Executive Officer

Chairman, Quality and Regulatory Committee

Age 61

Background. Ms. Mason was elected to STAAR's Board of Directors at its 2014 Annual Meeting, and she has served as STAAR's Chief Executive Officer since March 3, 2015. From 2010 to 2012, Ms. Mason served as Chief Executive Officer of Verinata Health, Inc. (f/k/a Artemis Health, Inc.), a provider of non-invasive prenatal genetic sequencing tests for the early identification of fetal chromosomal abnormalities. In February 2013, Verinata was acquired by Illumina for \$350 million. Ms. Mason served as the President, Chief Executive Officer and a Director of Quidel Corporation from 2004 to 2009, a publicly traded company engaged in the development, manufacturing and marketing of rapid diagnostic solutions at the professional point-of-care in infectious diseases and reproductive health. Prior to joining Quidel, Ms. Mason provided consultative services from 2003 to 2004 for Eastman Kodak Health Imaging as a result of the sale of MiraMedica to Eastman Kodak. She served as President and Chief Executive Officer for MiraMedica, Inc., an early phase start-up developing computer-aided detection software for breast cancer, from 2002 through 2003. Prior to her tenure with MiraMedica, Ms. Mason served as Chief Executive Officer of eMed Technologies of Lexington, Massachusetts, a teleradiology and picture archiving and communications systems business. Ms. Mason served as General Manager of the Women's Healthcare business and as a General Manager in various capacities for the Services business of General Electric Healthcare from 1996 to 2000. Ms. Mason's additional healthcare experience includes her tenure with Bayer AG/AGFA from 1989 to 1996 where she last held the positions of Senior Vice President for Bayer Corporate Health Care and Senior Vice President for the AGFA Technical Imaging Business Group. Ms. Mason began her career in healthcare with American Hospital Supply/Baxter Healthcare in sales, marketing and managerial roles from 1977 through 1988. Ms. Mason received her B.A. from Indiana University. Ms. Mason's prior corporate governance experience includes both private and public boards with Verinata Health, eMed Technologies, MiraMedica and Quidel Corporation. She currently serves as a director of HealthTell, an early stage life sciences company, and also on the Executive Committee for the Board of Visitors for UCSD Moores Cancer Center.

Qualifications. The Nominating and Governance Committee believes it is important that STAAR's Chief Executive Officer also serves on its Board of Directors to provide a critical link between management and our Board. Before Ms. Mason became Chief Executive Officer in 2014, the Nominating and Governance Committee nominated her to serve as an independent director. The Nominating and Governance Committee believes that Ms. Mason brings nearly 35 years of senior executive experience in leadership and marketing from varied healthcare, life sciences, diagnostic technology and medical device companies. The Nominating and Governance Committee believes Ms. Mason's experience and expertise in growing innovative, medical device businesses will help to add stockholder value. Also, her experience as a director at Quidel has provided her with knowledge and familiarity with best practices in corporate governance.

Richard A. "Randy" Meier

Director since June 2009

Chairman of the Nominating and Governance Committee

Member of the Compensation Committee

Member of the Audit Committee

Age 55

Background. Since March 2013, Mr. Meier has served as Executive Vice President, Chief Financial Officer of Owens & Minor, Inc., a global provider of healthcare products and services. Mr. Meier has served as a director of BioMarin Pharmaceutical Inc. since 2006, and is expected to serve as Lead Independent Director effective June 2015. Mr. Meier served as Executive Vice President and Chief Financial Officer of Teleflex Incorporated, a global provider of medical devices, from January 2010 to March 2012. Prior to that position he was President and Chief Operating Officer of Advanced Medical Optics (AMO), one of the largest companies in the ophthalmic surgical sector, from February 2007 through April 2009, when it was acquired by Abbott Laboratories. From April 2006 to February 2007, Mr. Meier was AMO's Executive Vice President, Operations, President, Global Eye Care, and Chief Financial Officer. From February 2004 to April 2006, he was AMO's Executive Vice President of Operations and Finance and Chief Financial Officer, and from April 2002 to February 2004, Mr. Meier was Corporate Vice President and Chief Financial Officer. Prior to joining AMO, Mr. Meier was the Executive Vice President and Chief Financial Officer of Valeant Pharmaceuticals, Inc., from October 1999 to April 2002, and Senior Vice President & Treasurer from May 1998 to October 1999. Before joining Valeant, Mr. Meier was an executive with the investment banking firm of Schroder & Co. Inc. in New York, from 1996 to 1998. Prior to Mr. Meier's experience at Schroder & Co., he held various financial and banking positions at Salomon Smith Barney, Manufacturers Hanover Corporation, Australian Capital Equity, and Greyhound Lines, Inc. Mr. Meier is a graduate of Princeton University with a B.A. in Economics.

Qualifications. The Nominating and Governance Committee believes that Mr. Meier's experience in the ophthalmic industry, including several years at AMO, has provided key insights to the Board of Directors in areas such as marketing, strategic planning, mergers and acquisitions, the FDA regulatory process, financial management, public

company reporting, investor relations, and public finance. Mr. Meier is the only member of the Board of Directors with significant investment banking experience.

John C. Moore

Director since January 2008

Member of the Quality and Regulatory Committee

Member of the Audit Committee

Age 71

Background. Since December 2012, Mr. Moore has served as Chairman of the Board of Directors of Optovue, Inc., an ophthalmic medical device company. Since May 2014 Mr. Moore has also served as Chief Technical Officer of TearSolutions, L.L.C., a Company focused on a natural replacement therapy for dry eyes. Between April 2005 and January 2007, Mr. Moore served as Chief Executive Officer of Notal Vision, an Israel-based ophthalmic company that develops diagnostic solutions for the early detection and monitoring of age-related macular degeneration (AMD). Mr. Moore served as the President and Chief Executive Officer of Laser Diagnostic Technologies, a manufacturer of ophthalmic diagnostic laser devices used for the early detection of glaucoma, from 2000 until 2004 when it was acquired by Carl Zeiss Meditec, Inc. Before this, Mr. Moore was a vice president at Alcon Laboratories, one of the largest companies in the ophthalmic surgical sector, where he was responsible for pursuing and executing strategic acquisitions and partnerships to broaden that company's product portfolio. Mr. Moore also spent more than 10 years in various roles at Carl Zeiss, Inc., a multinational ophthalmic company with primary businesses in optics, medical, scientific and semiconductor products. Mr. Moore received his B.S. in General Science from University of Rochester.

Qualifications. Mr. Moore's extensive experience in the ophthalmic and medical device industries encompasses both large, well established companies and innovative start-ups. The Nominating and Governance Committee believes that Mr. Moore's familiarity with the technical side of the industry and the challenges faced by emerging technology companies has been an important resource for the Board of Directors and has been especially valuable in guiding the management of research and development, strategic planning and "right-sizing." The Nominating and Governance Committee believes his familiarity with international operations in the medical device industry will be especially important in light of STAAR's global operations.

J. Steven Roush

Member of the Audit Committee

Director since April 2015

Age 68

Background. Mr. Roush, CPA, retired from PricewaterhouseCoopers in 2007 after 39 years, 30 of those as a Partner. During his career at PricewaterhouseCoopers, Mr. Roush served as an office managing partner; a Securities and Exchange Commission Partner for over 20 years; and as a Risk Management Partner for five years in addition to his direct client responsibilities. Mr. Roush is currently a member of the Board and Chairman of the Audit Committee for Summit Healthcare REIT, an organization with a portfolio of 17 healthcare facilities. Mr. Roush is also a member of the Board of Air Touch Communications and W.E. Hall Company. Mr. Roush was also Chairman of the Budget Review Committee, member of the Corporate Operations Coordinating Committee and member for six years of the Audit Committee for the National American Heart Association. Based on these experiences and his lengthy tenure as a partner at PricewaterhouseCoopers, Mr. Roush brings a combination of financial regulatory and reporting agencies expertise. Mr. Roush received his BS in Accounting from Drake University. He also holds an advanced Professional Directors Certification from the American College of Corporate Directors.

Qualifications. Throughout his career as a partner at PricewaterhouseCoopers, Mr. Roush has obtained experience and knowledge regarding a diverse number of industries, including the ophthalmic, diagnostics and medical device industry from clients such as Advanced Medical Optics (AMO) and Edwards Lifesciences. He also has experience with Securities and Exchange Commission regulatory matters, risk management and serving on, and working with, boards of directors. The Nominating and Governance Committee believes that his vast accounting, audit committee and board of directors' experience will assist us in achieving our corporate goals.

Louis E. Silverman

Chairman of the Compensation Committee
Member of the Nominating and Governance Committee
Director since September 2014
Age 56

Background. Since February 2014, Mr. Silverman has served as the Chairman and Chief Executive Officer of privately held Advanced ICU Care, Inc. a health care services company providing tele-ICU monitoring services to hospitals. From June 2012 through February 2014, Mr. Silverman served as a consultant and Board advisor for private equity investors regarding health care technology and health care services portfolio investments. From September 2009 through June 2012, Mr. Silverman was Chief Executive Officer of Marina Medical Billing Services, Inc., a revenue cycle management company serving ER physicians nationally. Previously, Mr. Silverman served as President and Chief Executive Officer of Qualcomm-backed health care start-up LifeComm. We intend to disclose future amendments to, or waivers from, certain provisions of the Code of Business Conduct and Ethics applicable to senior executives on our website.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, and the SEC's rules thereunder, require our directors, executive officers and persons who own more than 10% of our Common Stock to file reports of ownership and changes in ownership of our Common Stock with the SEC and to furnish to us copies of all reports they file. The SEC has established specific dates for these reports and requires STAAR to report in this Proxy Statement any failure by these persons to file or failure to file on a timely basis.

To our knowledge, based solely on a review of the copies of such reports received or written representatives from the reporting persons, we believe that during our 2014 fiscal year our directors, executive officers and persons who beneficially own more than 10% of our Common Stock complied with all Sections of 16(a) filing requirements except for a Statement of Beneficial Ownership of Securities on Form 4 filed by Robin Hughes on March 4, 2015 reporting a sale transaction, which was not made on a timely basis.

Compensation Committee Interlocks and Insider Participation

Mark Logan, Richard Meier, John Moore, Kathryn Tunstall and Louis Silverman each served on the Compensation Committee at some point in 2014. There were no Compensation Committee interlocks or insider (employee) participation during 2014.

Audit Committee

The principal purpose of the Audit Committee is to oversee (i) the quality and integrity of STAAR's financial statements, (ii) the qualifications and independence of STAAR's independent registered public accounting firm, and (iii) the performance of STAAR's independent registered public accounting firm.

The current members of the Audit Committee are Charles Slacik, who serves as chair, Richard Meier, John Moore and J. Steven Roush. Each member of the Audit Committee is "independent" as that term is defined under the Audit Committee rules of the SEC and the Listing Rules of the NASDAQ Stock Market. STAAR has determined that Messrs. Slacik, Meier, Moore, and Roush each qualify as an "audit committee financial expert" under the rules of the SEC. During fiscal 2014, the Audit Committee held six meetings.

Item 11. Executive Compensation

Compensation Discussion and Analysis

General

The following Compensation Discussion and Analysis describes the material elements of compensation for the named executive officers identified in the summary compensation tables and related disclosures below. The Compensation Committee of the Board of Directors, to which we refer in this discussion as the “Committee,” makes recommendations to the Board of Directors for the total direct compensation—including, the base salary, annual bonus, long-term equity compensation and perquisites—of our executive officers, including the named executive officers. The Board of Directors then acts on the recommendation of the Committee. Both the Board of Directors and the Committee exercise independent discretion in making judgments regarding executive compensation.

Compensation Program Objectives and Rewards

Compensation Philosophy. We design our compensation programs to promote a high-performance culture that attracts, motivates and retains the key talent necessary to optimize stockholder value in a competitive environment. Our market-driven compensation program is designed to motivate and reward our executives for meeting or exceeding corporate financial and non-financial goals, and individual contributions towards the same. In the Committee’s deliberations, management other than the CEO, is involved only to the extent of providing performance information and recommendations. When the Board of Directors makes its final determinations of compensation, the Chief Executive Officer has no participation in the determination of her own compensation, but joins with the full Board of Directors in the determination of compensation of other executive officers.

The Committee periodically reviews the Radford Global Life Sciences Survey as well as benchmark data regarding our peer group. This data is one used to assess the general competitiveness of our compensation program, and to assist the Committee in making compensation decisions.

Beginning in the fall of 2013 the Committee retained Radford, a third party consulting firm, as their compensation consultants. The Committee received advice and analysis from Radford regarding our compensation practices and programs, and also provided advice and analysis to assure consistency with our compensation philosophy and our industry generally. In 2014, the Compensation Committee consulted with Radford regarding compensation for the Chief Executive Officer and certain senior executives.

In 2013, Radford reviewed our peer group and based upon criteria including industry focus (medical device companies), competitiveness, revenue (from \$20 million to \$300 million) and market capitalization (\$120 million to \$1.9 billion) they recommended that STAAR remove Integra Lifesciences Corporation, Iridex Corporation, LCA Vision, Inc. and Palomar Medical Technologies from our peer group. The 2014 peer group which was recommended by Radford and the Compensation Committee and approved by the Board of Directors consisted of the following companies:

Angio Dynamics	Merit Medical Systems, Inc.
Anika Therapeutics	Solta Medical, Inc.
Atricure, Inc.	Synergetics, USA Inc.
Cardiovascular Systems, Inc.	Syneron Medical, Ltd.
Cryolife, Inc.	The Spectranetics Corporation
Cutera, Inc.	Vascular Solutions, Inc.
Cynosure, Inc.	Volcano Corporation
Endologix, Inc.	

During 2014 Solta Medical Group and Volcano Corp were acquired and subsequently were dropped from the peer group.

Elements of Compensation

The elements of compensation that may be paid to our executive officers include base salary, annual incentive cash bonuses, and equity compensation. All components of each named executive officers compensation are annually reviewed in relationship to benchmark data provided by Radford, compared to our other executive officers, and performance.

Base Salaries. We generally establish base salaries at a level necessary to attract and retain the talent we need to achieve our plans. The Board of Directors generally reviews base salaries in the first quarter of each year and approves any changes based on market data (as noted above), its subjective assessment of the executive's scope of responsibility, level of experience, individual performance, and past and potential contribution to our business. The Committee's objective is to target base salaries at the 50th percentile of our peer companies. In 2013, Radford provided our Committee with an analysis of data from our peer companies and additional medical industry data to review salary ranges for our named executive officers. The Committee reviewed and discussed this data in establishing 2014 salaries. For 2014, named executive officer salaries increased between 1-5%, except Mr. Hughes' salary increased 12% based on market data. Generally, the base salaries for the named executive officers were at or around the 50th percentile of our peer companies.

Annual Incentive Cash Bonuses. A substantial element of each named executive officer's compensation is contingent upon achieving corporate objectives. The Board of Directors has exclusive discretion, acting on the recommendation of the Committee, to award bonuses to our executives, including the named executive officers, as an incentive for employee productivity and effectiveness over the course of each fiscal year in achieving those corporate objectives.

Since fiscal year 2011 the Committee and the Board of Directors have approved an Incentive Bonus Plan for both executive and non-executive management that funds predominantly based on STAAR having met or surpassed financial metrics established by the Board of Directors at the beginning of each fiscal year. The Committee establishes minimum financial objectives of net revenue and net income that the company must reach in order to start funding the bonus pool. As company performance increases over the predetermined minimum thresholds additional dollars are added to the bonus pool. After the committee determines the extent to which the bonus pool is funded, based upon the relative achievement of the pre-established financial objectives, the determination of individual bonus awards is based upon each executive's performance relative to their respective performance goals.

Each of our current named executive officers has an established annual bonus target, as do the other key managers. The Committee determines these targets based on any pre-existing contractual commitments and through discussion regarding the executives' levels of salary and responsibility, equity among peer level officers and benchmark data.

The named executive officer's target bonus opportunity for 2014 is provided in the table below.

Named Executive Officer	Base Salary	Target Bonus Payment	Target Bonus Percentage	
Barry Caldwell	\$512,000	\$384,000	75	%
Stephen Brown	\$305,000	\$122,000	40	%
James Francese	\$268,000	\$107,200	40	%
Samuel Gesten	\$323,000	\$145,350	45	%
Robin Hughes	\$325,000	\$130,000	40	%

In the first quarter of each year, our management, in consultation with the Board of Directors, establishes individual objectives for each executive (MBOs). The objectives typically relate to current year financial goals and milestones for projects or non-financial goals. If there is more than one objective for an executive, they may be weighted with the sum of the weights totaling 100%.

The Committee makes the performance evaluation regarding the Chief Executive Officer, and in the case of other executives, the Committee reviews performance evaluations relative to their MBOs prepared by the Chief Executive Officer. Each executive's performance relative to their MBOs provides guidance to the Committee, which retains significant discretion in deciding what portion, if any, of the targeted bonus amount will be recommended to the Board of Directors to be awarded. The Committee also has the discretion to recommend compensation in excess of target amounts to the Board of Directors in cases of extraordinary performance, especially if that performance relates to new challenges or opportunities not originally identified in the MBO process. The company-wide performance, the individual's performance and the bonus target is then used as a guideline for each officer's bonus determination.

Management may make further recommendations, and the Committee then weighs both objective and subjective standards in following or departing from the guideline bonus amount. Finally, the Board of Directors exercises its own independent discretion in approving bonus determinations based on those recommendations.

Long-Term Equity Compensation. The Committee believes that long-term equity incentive awards serve to align the interests of the executive officers with the interests of our stockholders. Long-term equity incentive awards may be granted in the form of either stock options, restricted shares or other types of equity. In determining the size of equity grants to our executive officers, the Committee considers the peer group information, individual performance and level of responsibility in the company, and recommendations of the Chief Executive Officer regarding executive officers. The Committee decides on the allocation among the different forms of equity compensation consistent with the strategy of providing executives with a balanced portfolio of equity vehicles.

Stock options. Stock options become valuable if the price of our common stock rises after we grant the options. The Committee sets the exercise price of a stock option on the date of grant at fair market value, which is the closing price of our common stock on the NASDAQ Stock Market on that date. Under the 2003 Omnibus Plan, STAAR may not grant stock options having an exercise price below fair market value of our common stock on the date of grant. STAAR does not grant stock options with a so-called “reload” feature. To encourage retention by providing a long-term incentive, the ability to exercise an option vests over a period of years, normally three years.

Restricted shares/Restricted stock units. Restricted shares and restricted stock units are shares of common stock that STAAR grants or promises to grant subject to restrictions on sale or transfer for a specified period of time. For time-vesting awards, restricted shares are forfeited back to STAAR if the grantee's service to STAAR terminates before the end of the vesting period. Vesting of restricted shares and restricted stock units occurs when the restricted period ends and the grantee obtains full rights of ownership over the shares. Time-vesting restricted stock and restricted stock units provides a long-term incentive by aligning the grantee's interests with those of the stockholders and encourages retention through the risk of forfeiture if the grantee ceases working for us during the restricted period.

Beginning in 2012, we have also granted performance-contingent restricted stock unit awards, which do not vest unless pre-established performance goals are achieved. Performance-contingent restricted stock units encourage achievement of specific goals that the Board of Directors has determined are in the best interest of stockholders.

Performance Accelerated Restricted Shares. Beginning in 2011 STAAR has issued performance accelerated restricted shares (PARS) to its executive officers. PARS are restricted shares as described above, but with a relatively long vesting period and a provision that, if we meet or exceed predetermined performance metrics set by the Board of Directors, a portion of the shares will vest early. For example, the PARS granted to date fully vest three years from the date of grant, but vesting of up to one third of the grant may be accelerated annually if we exceed the pre-established operating metrics. STAAR believes that PARS are a useful tool because they reward not only retention but the achievement of specific goals that the Board of Directors has determined are in the best interest of stockholders.

2014 Bonus and Equity Determination

As described above, our bonus pool is funded based upon how well we perform against pre-established corporate objectives. For 2014, these corporate objectives were a combination of year-over-year revenue growth, net income growth and execution of certain operating projects. The minimum thresholds to begin funding the bonus pool were achievement of \$72 million in net revenue and positive net income. The funding of the bonus pool would increase as our financial performance increased above previous year revenue and net income, so that upon reaching predetermined annual targets of \$82 million in net revenue and \$5.7 million in net income in constant currency, the pool would be funded at 100% of the target bonus amounts.

In 2014, we did not achieve our corporate objectives regarding revenue (goal of 8% to 10% increase), ICL growth (goal of 20% increase), gross margin improvement (65.1% target), full-year profitability, or manufacturing consolidation without disruption. As discussed above, a significant percentage of our named executive officers' annual compensation is "at risk" and tied to performance. Following the end of the 2014 fiscal year, the Committee and the Chief Executive Officer evaluated our disappointing performance relative to the corporate objectives. As a result of our performance in 2014, no bonuses were earned by our named executive officers under our 2014 annual incentive cash bonus plan:

Named Executive Officer	Base Salary	Bonus Payment	Bonus Percentage
Barry Caldwell	\$512,000	\$ 0	0
Stephen Brown	\$305,000	\$ 0	0
James Francese	\$268,000	\$ 0	0
Samuel Gesten*	\$323,000	\$ 0	0
Robin Hughes*	\$325,000	\$ 0	0

* *One-time Discretionary Bonuses.* In June 2014, Messrs. Hughes and Gesten received a discretionary bonus approved by the Board of \$30,000 and \$15,000, respectively, for their contributions to the preparation and presentation of STAAR's Toric ICL PMA Supplement to an FDA Advisory Committee.

In addition, as a result of the 2014 financial performance:

- The 2014 performance-contingent restricted stock units were forfeited;
- Stock options granted in 2014 were underwater as of fiscal year end; and

The value of the time-vesting restricted stock units granted to our named executive officers in 2014 declined 42%, based on the value of the restricted stock units at the grant date compared to such value as of fiscal year end.

Effective March 1, 2015, Mr. Caldwell retired as President and Chief Executive Officer, and Ms. Caren Mason, one of our independent directors, was appointed President and Chief Executive Officer on March 3, 2015. We entered into a Separation Agreement with Mr. Caldwell which is described in the section “Employment Agreements” below.

Long-term Equity Awards to Named Executive Officers in 2014. On March 7, 2014 the Committee recommended to the Board of Directors that it grant long-term equity compensation to the named executive officers, consistent with the Company’s Compensation Philosophy, in the form of stock option grants, restricted stock units (RSU) and performance contingent RSU’s which the Board of Directors approved, as follows:

Long-Term Equity Compensation

Name and Title	Stock Options (LTIP) (1)	Restricted Stock Units (LTIP) (2)	Restricted Stock Units (Performance Contingent) (3)
Barry Caldwell	36,000	17,000	29,000
Former President and CEO(4)	26,500	13,000	
Stephen Brown	15,000	7,000	10,000
Vice President, Chief Financial Officer			
James Francese	15,000	7,000	12,000
Vice President, Global Marketing			
Samuel Gesten	12,500	5,500	10,000
Vice President, General Counsel and Corporate Secretary			
Robin Hughes	15,000	7,000	12,000
Vice President, Research and Development, and Clinical			

The stock options have a 10-year term and a three-year vesting schedule, with one third vesting on the first three (1) yearly anniversaries of grant. The exercise price is \$15.54, which was the closing price on the NASDAQ Stock Market on the date of grant.

(2) Restricted Stock Units (RSU), subject to forfeiture and vest 50% on March 7, 2016 and 50% on March 7, 2017.

Restricted Stock Units (RSU), subject to forfeiture and vesting in a single installment, are contingent upon reaching (3) the 2014 individual performance goals, and operational metric (\$85 million revenue). Based upon financial performance, these RSU's were forfeited.

On June 9, 2014, the Board of Directors awarded the Chief Executive Officer additional stock options and (4) restricted stock units. The stock options have a 10-year term and a three-year vesting schedule, with one third vesting on the first three yearly anniversaries of grant. The exercise price is \$15.73, which was the closing price on the NASDAQ Stock Market on the date of grant.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the following Compensation Discussion and Analysis. Based on its review and discussions with management, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in STAAR's Proxy Statement for 2015 and into its 2014 Annual Report on Form 10-K/A.

Dollar amounts in the Stock Awards and Option Awards columns reflect the aggregate grant date fair value with respect to stock awards and options granted during fiscal years 2014, 2013 and 2012 calculated in accordance with FASB ASC Topic 718. Assumptions used in the calculation of these amounts for fiscal years 2014 are included in Note 11 to STAAR's audited consolidated financial statements for the fiscal year ended January 2, 2015, included in STAAR's Annual Report on Form 10-K. With respect to the restricted stock unit awards which were subject to a performance condition, the grant date fair value is calculated based on the probable outcome of the performance condition, which also represents the aggregate maximum value assuming achievement of the performance condition.

None of our named executive officer received perquisites and personal benefits exceeding \$10,000 in the aggregate for 2014. Each element of All Other Compensation is quantified in the subsequent table below.

On June 9, 2014, bonuses were awarded to key employees who led the Company's efforts that resulted in favorable FDA Advisory Committee panel votes for the Toric ICL PMA Supplement at the meeting on March 14, 2014.

The following table summarizes the elements of “All Other Compensation” listed in the table above for 2014.

(1) Reflects targeted and maximum cash bonuses for 2014 performance paid in 2015 under STAAR's cash bonus plan for executive officers.

(2) Reflects performance-contingent restricted stock unit awards subject to vesting in a single installment on March 7, 2015 based on achievement of MBO and operational metric. These awards were forfeited on January 2, 2015.

(3) Reflects the aggregate grant date fair value with respect to stock awards and options granted during fiscal year 2014, calculated in accordance with FASB ASC Topic 718. Assumptions used in the calculation of these amounts are included in Note 11 to STAAR's audited consolidated financial statements for the fiscal year ended January 2, 2015, included in STAAR's Annual Report on Form 10-K.

Stock awards granted to executive officers in 2014 consisted of the following:

- Restricted Stock Units (RSU), subject to forfeiture and vest 50% on March 7, 2016 and 50% on March 7, 2017.

Restricted Stock Units (RSU), subject to forfeiture and vesting in a single installment, are contingent upon reaching the 2014 individual goals and operational metric (\$85 million revenue). These awards were forfeited on January 2, 2015

All of the stock options granted to executive officers in 2014 had a ten-year term and a three-year vesting schedule, with one third vesting on the first three yearly anniversaries of grant.

Change in Control and Termination Payment and Benefit Estimates**As of January 2, 2015**

The table below demonstrates the effect of termination and change-in-control rights held by named executive officers under their employment agreements with us. Each column of the table shows the financial benefit that would have been received by a named executive officer, on a hypothetical basis, if one of the following events had occurred on January 2, 2015:

• termination by STAAR without cause, or by the named executive officer for good reason, prior to a change in control;

• termination by STAAR without cause, or by the named executive officer for good reason, following a change in control;

- a change in control of STAAR, without termination of the named executive officer; and
- termination because of disability, irrespective of any change in control.

We are providing this information on a hypothetical basis in accordance with the regulations of the SEC. In fact, no such change in control occurred on January 2, 2015, and none of the named executive officers was terminated on that date. There can be no assurance that a change in control would produce the same or similar results as those described if it occurs on any other date, or if any assumption is not correct when the actual event occurs. Termination “for good reason” generally means that an employer has adversely changed the terms and conditions of employment to such a degree that the executive, under the specific terms of his or her agreement, is entitled to voluntarily resign and to receive severance benefits.

(1) Assumes that following a change in control the acquirer or surviving company has not assumed or confirmed the named executive officer's outstanding options. If the acquirer assumes options or surviving company confirms options issued under the Amended and Restated 2003 Omnibus Plan, the options will continue to vest in accordance with their original terms.

(2) Except as otherwise indicated, severance payments are payable on a bi-weekly basis during the severance period. Mr. Caldwell would receive his severance payment in a lump sum payable on the 60th day following a termination, regardless of a change in control.

Compensation of Directors

Non-employee directors are compensated as follows:

Each director who serves on the Board of Directors of STAAR and is not an employee of STAAR or a parent or subsidiary of STAAR (each “non-employee director”) receives an annual director’s fee of \$40,000.

- The Chairman of the Board of Directors receives an additional annual fee of \$25,000.
- The Chairman of the Audit Committee receives an additional annual fee of \$15,000.
- The Chairman of the Compensation Committee receives an additional annual fee of \$15,000.
- The Chairman of the Quality and Regulatory Committee receives an additional annual fee of \$15,000.
- The Chairman of the Nominating and Governance Committee receives an additional annual fee of \$10,000.

Each member of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee (other than the respective chairs) receives an additional annual fee of \$5,000 for each such committee on which they serve.

In 2014 non-employee directors were given the choice to choose the form of equity they received based upon a fixed ratio of stock options to restricted stock. The aggregate award value was \$139,800 and was determined based on a Black Scholes value of an award of 20,000 stock options. The options and restricted stock vest in full on the first anniversary of grant and are granted upon election or re-election to the Board of Directors. The options have an exercise price of \$15.73 per share. The option and restricted stock awards vest on June 9, 2015, provided that if a director leaves service for reasons other than removal for cause, vesting of the award will be accelerated to a time immediately prior to cessation of service. All of the options and restricted stock granted to directors in 2014 were granted under STAAR’s 2003 Plan.

The Board of Directors can change the compensation of directors at any time.

Edgar Filing: STAAR SURGICAL CO - Form 10-K/A

Director or Nominee

(1) The business address of each person named is c/o STAAR Surgical Company, 1911 Walker Avenue, Monrovia, California 91016.

Pursuant to Rule 13d-3(a), includes all shares of common stock over which the listed person has, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise, voting power, which includes the power to vote, or to direct the voting of, the shares, or investment power, which includes the power to (2) dispose, or to direct the disposition of, the shares. STAAR believes that each individual or entity named has sole investment and voting power with respect to shares of Common Stock indicated as beneficially owned by him or her, subject to community property laws, where applicable, except where otherwise noted. Restricted shares are listed even when unvested and subject to forfeiture because the holder has the power to vote the shares.

In accordance with Rule 13d-3(d)(1) under the Securities Exchange Act of 1934, each listed person is deemed the (3) beneficial owner of shares that the person has a right to acquire by exercise of a vested option or other right on or before July 10, 2015 (60 days after the Record Date).

Based on 38,807,902 shares of Common Stock outstanding on the stock records as of April 16, 2015. The percentages are calculated in accordance with Rule 13d-3(d)(1), which provides that shares not outstanding that are (4) subject to options, warrants, rights or conversion privileges exercisable on or before July 10, 2015 (60 days after the Record Date) are deemed outstanding for the purpose of calculating the number and percentage that each person owns, but not deemed outstanding for the purpose of calculating the percentage that any other listed person owns.

(5) Includes shares that are restricted and subject to forfeiture pursuant to vesting conditions that expire on March 4, 2016 and March 7, 2016, respectively, 15,000 and 8,500 shares.

Includes the following shares that are restricted and subject to forfeiture pursuant to vesting conditions that expire on March 4, 2016 and March 7, 2016, March 7, 2017, April 7, 2017 and April 7, 2018, respectively, as follows: (6) shares; Stephen Brown, 0, 3,500, 3,500, 5,000 and 5,000 shares; James Francese, 7,500, 3,500, 3,500, 5,000 and 5,000 shares; Samuel Gesten, 7,500, 2,750, 2,750, 3,500 and 3,500; and Robin Hughes, 7,500, 3,500, 3,500, 3,500 and 3,500 shares.

Equity Compensation Plan Information

The following table summarizes information about the options and other equity compensation under STAAR's equity plans as of the close of business on January 2, 2015.

Equity Compensation Plans Not Approved by Stockholders	—	—	—	—

(1) Represents awards granted under the Amended and Restated STAAR Surgical Company 2003 Omnibus Equity Incentive Plan (the "2003 Plan"). Consists of 3,175,459 options, and 155,500 RSUs.

The Company also had 247,000 shares of outstanding restricted stock which are not reflected in the table above because they are treated as issued and outstanding and will not have an additional dilutive impact on the Company when the awards vest.

- (2) Represents the weighted average exercise price of outstanding stock options.
- (3) Represents the weighted average remaining contractual life of outstanding stock options.

Item 13. Certain Relationships and Related Transactions and Director Independence

Certain Relationships and Related Transactions

The Board of Directors has adopted a written Related Person Transaction Policy, which requires the approval of the Audit Committee for all covered transactions. The Policy applies to any transaction or series of transactions in which STAAR or a subsidiary is a participant, the amount involved exceeds \$120,000 and a “Related Person” as defined in the Policy, including executive officers, directors and their immediate family members, and holders of in excess of 5% of our common stock, has a direct or indirect material interest. Under the Policy, all Related Person Transactions must first be submitted to the General Counsel of STAAR, who will determine whether the proposed transaction falls under the Policy and, if so, submit it to the Audit Committee for review, approval, ratification or other action. Based on its consideration of all of the relevant facts and circumstances, and full disclosure of the Related Person’s interest in the transaction, the Audit Committee will decide whether or not to approve the transaction and will approve only those transactions that are in the best interests of STAAR.

Director Independence

STAAR's directors each serve a one-year term and are subject to election at each annual meeting of the stockholders. The Board of Directors currently consists of seven authorized directors.

The following table shows the composition of our Board of Directors as of April 30, 2015. All terms expire at the 2015 Annual Meeting.

Name of Director	Board of Directors Positions and Committee Memberships	Independent(1)
Mark B. Logan	Chairman of the Board of Directors Member, Compensation Committee Member, Nominating and Governance Committee	ü
Caren Mason	Chairman, Quality and Regulatory Committee	
Richard A. Meier	Chairman, Nominating and Governance Committee Member, Compensation Committee Member, Audit Committee	ü
John C. Moore	Member, Quality and Regulatory Committee Member, Audit Committee	ü
J. Steven Roush	Member, Audit Committee	ü
Louis E. Silverman	Chairman, Compensation Committee Member, Nominating and Governance Committee	ü
Charles Slacik	Chairman, Audit Committee Member, Quality and Regulatory Committee	ü

(1) Directors designated as "independent" have been determined by the Board of Directors to be independent as that term is defined under the rules of the NASDAQ Global Market and the SEC.

Item 14. Principal Accountant Fees and Services

The following table summarizes the aggregate fees for professional services provided by BDO USA, LLP related to fiscal year 2014 and fiscal year 2013, all of which the Audit Committee pre-approved:

	2014	2013
Audit Fees(1)	\$746,310	\$693,826
Audit-Related Fees(2)	25,697	23,210
Tax-Related Fees(3)	—	10,727

All Other Fees

Both 2014 and 2013 Audit Fees include: (i) the audit of our Consolidated Financial Statements included in our Annual Report on Form 10-K and services attendant to, or required by, statute or regulation; (ii) the audit of management's report on the effectiveness of internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act of 2002; (iii) reviews of the interim condensed Consolidated Financial Statements included in our quarterly reports on Form 10-Q; (iv) comfort letters, consents and other services related to SEC reimbursements.

(2) Audit-related Fees were principally for audits of our employee benefit plan.

(3) These fees were for a review of statutory tax filings for our Swiss operations.

The Audit Committee administers STAAR's engagement of BDO USA, LLP and pre-approves all audit and permissible non-audit services on a case-by-case basis. In approving non-audit services, the Audit Committee considers whether the engagement could compromise the independence of BDO USA, LLP and whether, for reasons of efficiency or convenience, it is in the best interest of STAAR to engage its independent registered public accounting firm to perform the services. The Audit Committee has determined that performance by BDO USA, LLP of the non-audit services related to the fees shown in the table above did not affect that firm's independence.

Prior to engagement, the Audit Committee pre-approves all independent auditor services, and the Audit Committee pre-approved all fees and services of BDO USA, LLP, for work done in 2014 and 2013. The fees are budgeted and the Audit Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm. The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.
