Announcement on the Optimization of the Debt Structure of the Company

The Company and all members of the Board warrant that the information set out in this announcement is true, accurate and complete, and accept joint responsibility for any false information or misleading statements contained in, or material omissions from, this announcement

After amicable discussions with the relevant financial institutions, China Eastern Airlines Corporation Limited (the “**Company**”) recently repaid a principal amount of US\$1 billion under its US dollar-denominated debts with a view to optimizing the debt structure of the Company and reducing its exposure to exchange rate fluctuations. The ratio of US dollar-denominated liabilities to the Company’s interest-bearing liabilities (“**USD debt ratio**”) has been effectively lowered.

The Company will further closely monitor and study the market trends. In the short run, the Company will take the initiative to adopt various measures to further optimize its debt structure so that its USD debt ratio can achieve a reasonable level.
