ITEM 2.02 Results of Operations and Financial Condition.

On March 2, 2017, Stoneridge, Inc. (the “Company”) issued a press release announcing its results for the fourth quarter and year ended December 31, 2016. A copy of the press release is attached hereto as Exhibit 99.1. On March 2, 2017, members of the Company’s management held a fourth quarter 2016 earnings conference call discussing the Company’s financial results and the presentation furnished herewith as Exhibit 99.2, accompanied management’s comments.

The press release contains certain non-GAAP financial measures Adjusted Net Income Attributable to Stoneridge, Inc. (“Adjusted Net Income”), Adjusted Earnings per Diluted Share from Continuing Operations Attributable to Stoneridge Inc. (“Adjusted EPS”) and Earnings Before Interest, Taxes, Depreciation and Amortization (“EBITDA”). Management believes that the presentation of the non-GAAP financial measures used in the press release and earnings conference call presentation are useful to both management and investors in their analysis of the Company’s financial position, results of operations and expected results of operations because the Adjusted Net Income, Adjusted EPS and EBITDA facilitates a period to period comparison of operating results by excluding significant unusual, non-recurring items in 2016. For 2016, these items relate to the release of the federal, certain state and foreign valuation allowances and business realignment expenses. EBITDA represents the sum of net income, interest, income taxes, depreciation and amortization. These non-GAAP measures, however, should not be considered in isolation or as a substitute for the most comparable GAAP measures. Investors are cautioned that non-GAAP financial measures utilized by the Company may not be comparable to non-GAAP financial measures used by other companies. Adjusted Net Income, Adjusted EPS and EBITDA should not be considered a substitute for Net Income or Earnings Per Share prepared in accordance with GAAP.
