Item 7. Financial Statements and Exhibits.

Pursuant to Item 7(a)(4) of Form 8-K, this Amendment contains additional financial information required by Form 8-K that was not included in the original Form 8-K filed by Floor Decor, Inc. (the "Company") dated February 19, 2002 (the "February 8-K"). The February 8-K disclosed that on February 4, 2002 the Company acquired all of the outstanding stock of Eagle Eye Scandinavian Distribution Limited, whose name was changed in March 2002 to Tiger Telematics, Ltd ("Tiger Telematics"). Tiger Telematics is an early stage company engaged in the distribution and provision of telematics products and services in certain European countries.

The Company issued 7,000,000 shares of its Common Stock to the sellers of Tiger Telematics in the acquisition. Certain additional transactions related to the acquisition that were disclosed in the February 8-K, are now updated with this report. First, the selling shareholders of Tiger Telematics agreed to convert debt owed to them by Tiger Telematics into additional shares of Common Stock. The Company's post closing audit of Tiger Telematics has determined that the amount of this debt is substantially less than the originally estimated (pound)2.3 million reported in the February 8-K. The amount of this debt as determined by the audit is (pound)432,480 or \$610,190. This amount has not yet been converted to Company Common Stock as of the date of this report. Although the conversion is still anticipated, no assurances can be given as to the timing and ultimate completion of the conversion. It is shown in the proforma condensed financial statements as if the conversion occurred on a proforma basis on December 31, 2001.

Also in connection with the Tiger Telematics acquisition, certain note holders of the Company were to convert approximately \$1.2 million of debt to Company

Edgar Filing: MEDIA COMMUNICATIONS GROUP INC - Form 8-K/A

Common Stock. As reported in the Company's Form 10-K filed on March 31, 2002 in Note I to the Financial Statements on Page F-15, \$922,733 was actually converted to Common Stock. Only eight holders of the Company note debt actually accepted the offer to convert debt to Common Stock. \$500,000 of this conversion was by A.J. Nassar the Company's Chief Executive Officer. The conversion is shown in the proforma condensed financial statements as if the conversions occurred on December 31, 2001.

Attached are the audited financial statements of Tiger Telematics, Ltd. (Formerly Eagle Eye Scandinavian Distribution Limited) as of and for the period ended February 4, 2002. Tiger Telematics was incorporated and began business on October 9, 2001 which renders unnecessary the filing of three years of audited statements.

Also attached are the pro forma condensed consolidated financial Statements of the Company and Tiger Telematics as of and for the year ended December 31, 2001, as required under item 7(b).

No additional exhibits are filed herewith.

Floor Decor and Subsidiary
Notes to unaudited Pro forma Condensed Consolidated Financial Statements.

Note A: Floor Decor statements are as of December 31, 2001 and Tiger Telematics statements shown as of February 4, 2002 have been adjusted to December 31, 2001. The adjustments shown include \$204,634 added to accumulated deficit to reflect the roll back of 204,634 in losses incurred from December 31, 2001 to February 4, 2002 and to adjust other balance sheet items back to December 31, 2001.

Note B: The debt of the former Tiger Telematics shareholders has been shown as if it converted to Common Stock pursuant to the stock purchase agreement as of December 31, 2001, although such conversion has not yet taken place. 1,525,475 shares are shown as issued and \$610,190 is added to common stock and additional paid in capital. The related conversion of \$922,733 of the Company's noteholders debt into 2,306,833 common stock shares and warrants has been shown as a reduction of debt and an increase in common stock and additional paid in capital.

Note C: This transaction was treated as a purchase. The 7,000,000 shares of stock issued were valued at \$.40 per share. This price is the same price as the private placement transactions with investors that were entered into from December 2001 through January 2002. See report on Form-K dated February 19, 2002. This valued the stock issued at \$2,800,000. The cost of acquiring Tiger Telematics was allocated based on the fair market value of the underlying net assets acquired. The negative equity of Tiger Telematics of \$463,050 resulted in

Edgar Filing: MEDIA COMMUNICATIONS GROUP INC - Form 8-K/A

an excess of acquisition cost over tangible asset value of \$3,263,050.

The excess of the acquisition price over the tangible asset valuation was assigned to two intangible assets. \$2,800,000 was ascribed to an order backlog of open pending orders for products for future shipments over the next several years. This amount will be amortized as the orders are shipped on a prorata basis. The remaining amount of \$463,050 was assigned to distribution rights under a Distribution Agreement with Eagle Eye Telematics, plc, which was executed on October 19, 2001 (see Form 10-K dated March 31, 2002, exhibit #21.1. This amount will be amortized quarterly over the three-year remaining life of the distribution agreement.

Note D: Prepaid expenses of Tiger Telematics include \$421,859 of prepaid commission associated with obtaining the outstanding book of open pending orders. These commissions will be expensed as the related orders are shipped.

Note E. Pro forma amortization of the distribution agreement for the period from October 19, 2001 through December 31, 2001 amounted to \$328,000.
