SIMMONS FIRST NATIONAL CORPORATION

February 21, 2003

Dear Shareholder:

It is our pleasure to enclose the 2002 annual report. Normally, the annual report is one document, but this year, as we approach our 100th year of service, we are providing a report that depicts the history of your company while the financials are enclosed in the attached 10-K Form.

This past year must be considered a success based on earnings and stock price. However, loan demand has been soft due to the uncertainty of the economy. Hopefully, 2003 will see a more progressive recovery which will result in a continued increase in earnings.

Our annual shareholders meeting will be held on the evening of Tuesday, March 25, 2003, at the Pine Bluff Convention Center. Please note that the meeting is approximately one month earlier than usual, so that we might celebrate on a date close to our diamond anniversary. As is our custom, you and your spouse, or guest, are cordially invited to join us for dinner, which will be served at 6:00 p.m. The business meeting will follow at 7:15 p.m., to be followed by special entertainment provided by the Pine Bluff Symphony Orchestra and various local vocalists, in celebration of our diamond anniversary. We expect to conclude all

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

activities by 9 p.m.

Your dinner reservation form is included with your proxy, which is also enclosed with our proxy statement, and a return envelope for your convenience. Please read the proxy statement and return your proxy and dinner reservations promptly.

We thank you again for your support, and we look forward to seeing you on March 25.

ANNUAL MEETING OF SHAREHOLDERS

SIMMONS FIRST NATIONAL CORPORATION
P. O. Box 7009
Pine Bluff, Arkansas 71611

PROXY STATEMENT

Meeting to be held on March 25, 2003

Proxy and Proxy Statement furnished on or about February 21, 2003

The enclosed proxy is solicited on behalf of the Board of Directors of Simmons First National Corporation (the "Company") for use at the annual meeting of the shareholders of the Company to be held on Tuesday, March 25, 2003, at 7:15 p.m., at the Banquet Hall of the Pine Bluff Convention Center, Pine Bluff, Arkansas, or at any adjournment or adjournments thereof. When such proxy is properly executed and returned, the shares represented by it will be voted at the meeting in accordance with any directions noted thereon, or if no direction is indicated, will be voted in favor of the proposals set forth in the notice.

REVOCABILITY OF PROXY

Any shareholder giving a proxy has the power to revoke it at any time before it is voted.

COSTS AND METHOD OF SOLICITATION

The costs of soliciting proxies will be borne by the Company. In addition to the use of the mails, solicitation may be made by employees of the Company by telephone, telegraph and personal interview. These persons will receive no compensation other than their regular salaries, but they will be reimbursed by the Company for their actual expenses incurred in such solicitations.

OUTSTANDING SECURITIES AND VOTING RIGHTS

At the meeting, holders of the \$1.00 par value Class A common stock (the "Common Stock") of the Company, the only class of stock of the Company outstanding, will be entitled to one vote, in person or by proxy, for each share of the Common Stock owned of record, as of the close of business on January 15, 2003. On that date, the Company had outstanding 7,074,236 shares of the Common Stock; 1,073,155 of such shares were held by Simmons First Trust Company ("SFTC"), in a fiduciary capacity, of which 203,962 shares will not be voted at the meeting. Hence, 6,870,274 shares will be deemed outstanding and entitled to vote at the meeting.

All actions requiring a vote of the shareholders must be taken at a meeting in which a quorum is present in person or by proxy. A quorum consists of a majority of the outstanding shares entitled to vote upon a matter. With respect to each proposal subject to a stockholder vote, other than the election of directors, approval requires that the votes cast for the proposal exceed the votes cast against it. The election of directors will be approved, if each director nominee receives a plurality of the votes cast. All proxies submitted will be tabulated by SFTC.

With respect to the election of directors, a shareholder may withhold authority to vote for all nominees by checking the box "withhold authority for all nominees" on the enclosed proxy or may withhold authority to vote for any nominee or nominees by checking the box "withhold authority for certain nominees" and lining through the name of such nominee or nominees for whom the authority to vote is withheld as it appears on the enclosed proxy. The enclosed proxy also provides a method for shareholders to abstain from voting on each

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

other matter presented. By abstaining, shares will not be voted either for or against the subject proposals, but will be counted for quorum purposes. While there may be instances in which a shareholder may wish to abstain from voting on any particular matter, the Board of Directors encourages all shareholders to vote their shares in their best judgment and to participate in the voting process to the fullest extent possible.

An abstention or a broker non-vote, (i.e., when a shareholder does not grant his or her broker authority to vote his or her shares on non-routine matters) will have no effect on any item to be voted upon by the shareholders.

In the event a shareholder executes the proxy but does not mark the ballot to vote (or abstain) on any one or more of the proposals, the proxy solicited hereby confers discretionary authority to the named proxies to vote in their sole discretion with respect to such proposals. Further, if any matter, other than the matters shown on the proxy, is properly presented at the meeting which may be acted upon without special notice under Arkansas law, the proxy solicited hereby confers discretionary authority to the named proxies to vote in their sole discretion with respect to such matters, as well as other matters incident to the conduct of the meeting. On the date of the mailing of this Proxy Statement, the Board of Directors has no knowledge of any such other matter which will come before the meeting.

Compensation Committee Report on Executive Compensation

The Executive Compensation and Retirement Committee issued the following

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

report on the general guidelines for executive compensation and the bases for establishing the compensation of the Chief Executive Officer:

General Compensation Guidelines for Executive Officers

The Company currently utilizes a unitary compensation structure for its executive officers and the executive officers of its subsidiaries. The compensation program consists of four elements: Salary, Incentive Compensation, Stock Related Compensation, and Retirement Compensation.

The Company, after consultation with a nationally recognized compensation advisory firm, has established job grades and determined the value of each job within the Company. Subject to adjustment for unique factors affecting the job or the executive, the Company targets the midpoint of the market salary range for each job grade, as adjusted annually, as the guide for salaries for executive officers, who are satisfactorily performing their duties.

The Simmons First National Corporation Incentive Compensation Program provides compensatory incentives for executive officers to reinforce achievement of the financial goals of the Company, its subsidiary banks and the participating executives. At the beginning of each year, participating executives are allocated incentive points, which are the basis of the executive's participation within the program. Annually, performance thresholds are established for the Company (net income threshold), each of the subsidiary banks (net income threshold) and each of the participating executive officers (thresholds based upon actual department income and expense factors versus budgeted items). Incentive compensation is payable under the incentive program for a fiscal year if (1) the Company satisfied an applicable threshold, (2) the entity employing the executive satisfied an applicable threshold and (3) the executive satisfied at least 75% of the applicable individual threshold. Performance by the Company and the subsidiary banks above the thresholds may proportionately increase the compensation of each incentive point.

Stock related compensation may consist of incentive stock options, non-qualified options (with or without stock appreciation rights) or restricted shares of the Company's stock. Over the years the Company has maintained several different stock option and stock incentive plans. The Company currently maintains an executive stock incentive plan which authorizes the granting of incentive stock options, non-qualified options (with or without stock appreciation rights) or restricted shares of the Company's stock to certain executive officers. The plans are designed to provide an incentive for the participating executive officers to enhance the long term financial performance of the Company and the value of the Common Stock. Participation under these plans has been offered to those executive officers whose long term employment and job performance can significantly affect the continued profitability of the Company and its subsidiary banks.

The Company also maintains a Profit-Sharing/Employee Stock Ownership Plan and a ss.401(k) Plan to provide retirement benefits for substantially all of its employees, including its executive officers.

Bases for the Chief Executive Officer's Compensation

The compensation of the chief executive officer is set by the Executive Compensation and Retirement Committee and approved by the Board of Directors. The committee and the Board examine the annual market analysis provided by the compensation consultant retained by the Company prior to setting his compensation. The committee emphasizes incentive compensation for the chief

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

executive officer, through the incentive compensation program and stock related compensation. In analyzing the compensation of the chief executive officer, the committee evaluates his performance in managing the operations as well as the financial results of operations of the Company. Among the criteria examined are management and leadership, revenue growth, expense control, net earnings, market share, acquisition and expansion activities and other factors material to the job performance of the chief executive officer.

The chief executive officer was allocated 700 points in the incentive compensation program. His threshold of performance was based upon the net income of the Company (60%) and Simmons First National Bank (40%). The Company's income for 2002 exceeded the Company's budgeted performance threshold for 2002. Based upon these events, the incentive compensation earned by the chief executive officer under this Program was \$105.62 per point, or \$73,933.

In addition, Simmons First National Bank maintains a deferred compensation agreement for the chief executive officer, as a supplement to the retirement benefits available under the other plans. This agreement provides for a monthly benefit at age 65, or earlier upon death or disability, equal to 50% of the average monthly compensation of the executive officer during the prior five years and provides certain benefits, in the event of a change in control of the Company and the subsequent separation from service by the chief executive officer.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based upon a review of such statements by the directors and officers of the Company for the preceding fiscal year, provided to the Company by such persons, the Company has not identified any person who failed to timely file the required statements during the preceding fiscal year.

During 2002, this Committee met 12 times.

The Audit and Security Committee issued the following report concerning its activities related to the Company for the previous year:

The Audit and Security Committee has reviewed and discussed the audited financial statements of the Company for the year ended December 31, 2002 with management.

The Audit and Security Committee has discussed with BKD, LLP ("BKD"), its independent auditors, the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU 380).

The Audit and Security Committee has received the written disclosures and the letter from independent accountants required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees) and has discussed with BKD its independence.

Based upon the foregoing review and discussions, the Audit and Security Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the Securities and Exchange Commission.

In its analysis of the independence of BKD, the Audit and Security Committee considered whether the non-audit related professional services rendered by BKD to the Company, were compatible with maintaining the principal accountant's independence.
