SECURITY HOLDERS ENTITLED TO VOTE

Shareholders of record of common stock of the Company at the close of business on July 24, 2015, will be entitled to vote at the Annual Meeting and at any and all adjournments thereof. If on July 24, 2015 your shares were registered directly in your name with our transfer agent, Computershare, then you are a shareholder of record. Each share of common stock entitles its owner to one vote. The number of shares of common stock of the Company (exclusive of treasury shares) outstanding at the close of business on July 24, 2015 was 11,291,757 shares.

If your shares are held in street name (which means they are held of record by a broker), you must instruct your broker how to vote the shares, or your shares will not be voted on any proposal for which the broker does not have discretionary authority to vote. Pursuant to rules governing the voting of stock by brokers, they do not have discretionary authority to vote for the election of Directors without instructions from the beneficial owner. Accordingly, if your shares are held in street name, it is particularly important that you instruct your broker how you wish to vote your shares on all proposals presented at the Annual Meeting. Additionally, if your shares are held in street name, since you are not the stockholder of record of such shares, you may not vote your shares in person at the annual meeting unless you request and obtain a valid voting proxy from your broker or other agent.

Stockholders who execute proxies retain the right to revoke them at any time before they are voted. If the enclosed proxy is properly signed and returned to the Company and not so revoked, the shares represented thereby will be voted in accordance with its terms. If a shareholder returns a signed proxy card but does not mark the boxes, the shares represented by that proxy card will be voted as recommended by the Board of Directors. If a shareholder does not return a signed proxy card or does not attend the Annual Meeting and vote in person, his or her shares will not be voted. Abstentions and “broker non-votes” are not counted in determining outcomes of matters being acted upon. They are counted only for determining a meeting quorum. If a shareholder attends the Annual Meeting, he or she may only vote by ballot if he or she is the stockholder of record except as previously explained with regard to shares held in street name.

In accordance with Delaware law, a list of stockholders entitled to vote at the Annual Meeting will be available at the Annual Meeting at the principal executive offices of Golden Enterprises, Inc., One Golden Flake Drive, Birmingham, Alabama, 35205, on September 17, 2015, and for ten days prior to the Annual Meeting, between the hours of 9:00 a.m. and 4:00 p.m. Central Time.

Common Stock Trust will terminate upon the earliest to occur of the following dates: (i) in the event the Company should be sold, five (5) years from the date of the sale of the Company, or (ii) December 31, 2020.

The Board as a whole sets officer compensation. The Compensation Committee consists of John S.P. Samford, J. Wallace Nall, Jr., Joann F. Bashinsky and F. Wayne Pate. The Compensation Committee met once during fiscal year 2015. The Stock Option Committee administers the 2014 Long Term Incentive Plan (the "2014 Plan") and grants officers and key employees awards under the 2014 Plan. The Stock Option Committee consists of Joann F. Bashinsky, J. Wallace Nall, John S.P. Samford and F. Wayne Pate. The Stock Option Committee met once during fiscal year 2015. Since the Company qualifies under NASDAQ Listing/Corporate Governance Rules as a Controlled Company, the Stock Option Committee is not required to meet the independence requirements of the listing standards of NASDAQ and the non-employee director definition of Rule 16b-3 promulgated under Section 16 of the Exchange Act.

The Audit Committee reviews the results of the annual audit and quarterly financial statements, selects and engages the independent accountants, assesses the adequacy of the Company's procedures in connection with financial controls and receives and considers the independent accountants' comments as to internal controls. The Audit Committee met separately as a committee four times during fiscal year 2015. The Audit Committee meets with management to review each of the Company's quarterly and annual financial statements filed on Form 10-Q and Form 10-K, prior to the filing of those reports with the SEC. The Audit Committee acts pursuant to a written charter, which is reviewed annually by the Board of Directors.

John S.P. Samford, Chairman, Edward R. Pascoe, William B. Morton, Jr. and John S. Stein, III constitute the Audit Committee of the Board of Directors. The Board of Directors has determined that all of the members of this committee qualify as independent directors under the current Listing Rules and requirements of NASDAQ and the SEC. The Board of Directors has further determined that all of the members of this committee qualify as an "audit committee financial expert" under the rules and regulations of the SEC. Meetings of the Board of Directors and Committees

During the fiscal year ended May 29, 2015, there were four regular meetings of the Board of Directors. The Compensation Committee met once and the Audit Committee met four times during the fiscal year 2015. All directors attended all of the meetings of the Board and the Committees on which they served except for one Board member who missed one Board meeting. All Directors attended at least 75% of the meetings of the Board of Directors and the Committees.

Compensation of Directors

During the fiscal year ended May 29, 2015, the Company paid each of its non-employee Directors a retainer of \$300 per month and a fee of \$2,000 for each regular Board meeting attended. The members of the Compensation Committee were each paid \$2,000 for attending the Compensation Committee meeting and the members of the Audit Committee were paid \$1,000 for each meeting attended.

Board Member Attendance at Annual Meetings

It is the policy of Golden Enterprises that each member of the Board shall make a reasonable effort to attend all meetings of the Board, applicable committee meetings and the Company's annual meeting of shareholders. All Directors except for one attended the Annual Stockholders Meeting held last year.

Nomination of Directors

During the fiscal year ended May 29, 2015, the Company did not have a standing nominating committee. The NASDAQ rules do not require the Company to have a nominating committee since the Company was a "Controlled Company" pursuant to NASDAQ Listing Rule 5615.

The Board believes that it is not necessary to have a separate nominating committee in view of the size of the Company, and the fact that the Company is a "Controlled Company". Nominees for election as a director are determined by the entire Board. The Company believes that the Board is able to fully consider and select appropriate nominees for election to the Board without delegating that responsibility to a committee or adopting formal procedures. Candidates have traditionally been recommended to the Board by one or more of the other Directors, and there is no formal process for identifying or evaluating new Director nominees. Candidates recommended by shareholders will be evaluated in the same manner as candidates recommended by Directors. In nominating Directors, the Board will consider all relevant qualifications, as well as the needs of the Company and compliance with NASDAQ listing standards and SEC rules.

A shareholder who would like to recommend a candidate for Director should send a letter to Golden Enterprises, Inc., attention of the Secretary, at One Golden Flake Drive, Birmingham, Alabama 35205. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Director Nominee Recommendation." The letter must identify the author as a shareholder and provide a brief summary of the candidate's qualifications, as well as contact information for both the candidate and the shareholder. Candidates should have relevant business and financial experience, and they must be able to read and understand fundamental financial statements. All Candidates who have been recommended will be considered by the Board for nomination. Candidates who have been nominated by the Board must evidence their willingness to serve as a Director.

Communications with the Board

Shareholders interested in communicating directly with the Board of Directors may do so by writing the Secretary of the Company, at the following address:

Board of Directors of Golden Enterprises, Inc.
C/O Corporate Secretary
One Golden Flake Drive
Birmingham, Alabama 35205

All such letters must identify the author as a shareholder. The Secretary of Golden Enterprises, Inc. will review all such communications and forward all appropriate communications to the Board.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires that Directors, certain Executive Officers and beneficial owners of more than ten percent of the stock of the Company file reports of stock ownership and changes in ownership with the Securities and Exchange Commission. These reports consist of Forms 3, Initial Statement of Ownership, 4, Statement of Changes in Beneficial Ownership, and 5, Annual Statement of Changes in Beneficial Ownership. Based upon a review of copies of such reports, or written representations, the Company believes that Section 16(a) filing requirements applicable to its Directors, Executive Officers and beneficial owners of more than ten percent of the stock of the Company were complied with during the fiscal year 2015.

Board of Directors, Duties and Committees

Directors are expected to devote sufficient time to carrying out their duties and responsibilities effectively. The Board of Directors meets regularly four times each fiscal year to review matters affecting the Company and to act on matters requiring the Board's approval. It also holds special meetings whenever circumstances require and may act by unanimous written consent without a meeting.

The Company's Board of Directors currently consists of eleven directors. Mark W. McCutcheon serves as the Chairman of the Board. The Board of Directors met four times during the fiscal year ended May 29, 2015, all of which were regularly scheduled meetings. In the last fiscal year, the Independent Directors met twice in executive sessions. All directors, with the exception of one director, attended 100% of the meetings of the Board and the meetings of the committees on which they served during the fiscal year ended May 29, 2015. One director missed one of the four scheduled meetings. The Board has a policy expecting director attendance at all Board and committee meetings and the Company's annual meeting of stockholders.

The Company's Board has established an Audit Committee, Compensation Committee and Stock Option Committee. The Charter for the Audit Committee is available from the Company and is posted on the Company's website at www.goldenflake.com. The Compensation Committee has no Charter, but its duties and responsibilities are set forth in corporate minutes adopted by the Board. The Stock Option Committee has no charter, but its duties and responsibilities are set forth in the 2014 Plan. In addition, the Board may from time to time establish special purpose committees. There were no special purpose committees existing in the last fiscal year.

Board Leadership Structure and Risk Oversight

The business and affairs of the Company are managed under the direction of the Board of Directors. The Board of Directors is led by the Chairman of the Board. This role is currently occupied by Mark W. McCutcheon, who also serves as Chief Executive Officer. The Board of Directors has determined that having Mr. McCutcheon serve as both the Chief Executive Officer and the Chairman of the Board is in the best interest of the Company and its stockholders. The Board believes that this combination is appropriate because, in its opinion, the overseeing of Board functions is integrally related to the Chief Executive Officer's responsibility of day-to-day management of a Company this size and, that due to Mr. McCutcheon's abilities, he is also the best person to handle both duties. The Board of Directors does not however have a formal policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board as the Board of Directors believes it is in the best interests of the Company to make the determination regarding how to fulfill these functions based on the position and direction of the Company and the qualifications of the CEO and Board members. A lead independent director has not been designated because the Board does not believe it is warranted for a company of our size and complexity.

The Board of Directors as a whole establishes the Company's overall policies and standards, reviews the performance of management and considers overall risk regarding operations and goals and how those risks are being managed. The Board believes that effective risk management and control processes are critical to the Company's ability to manage the challenges that the Company faces. Management is responsible for implementing the Company's risk assessment and management functions and for reporting to the Board on its processes and assessments with respect to the management of risk. The Board, in turn, is responsible for overseeing management's risk functions. The Audit Committee monitors the processes by which management assesses and manages risk. Management meets with, or provides reports to, the Company's Audit Committee at least once per quarter to review the Company's risk profile and other risk topics. In addition, the Chief Financial Officer meets at least quarterly with the Audit Committee and the full Board to discuss the Company's financial risk, results and financial forecasts. The Compensation Committee and the Board as a whole assess the risks that the Company's overall compensation goals and objectives, as well as any compensation or other programs that are reasonably likely to create a material risk to the Company.

Corporate Governance Documents

Certain documents relating to corporate governance matters are available on the Company website at www.goldenflake.com. These corporate governance documents include, among others, the following:

- Charter for the Audit Committee of the Board;
- Code of Business Conduct and Ethics;
- Complaint Procedures for Accounting and Accounting Matters; and
- Disclosure Controls and Procedures.

Stockholders may also obtain a copy of these documents free of charge by contacting Patty Townsend, Chief Financial Officer, by email at ptownsend@goldenflake.com or by telephone at (205) 323-6161.

Director Independence

Of the eleven directors currently serving on the Board of Directors, the Board has determined that Edward R. Pascoe, John S.P. Samford, William B. Morton, Jr. and John S. Stein, III are “Independent Directors” as defined in the rules of the NASDAQ Stock Market, Inc. (NASDAQ) Listing Rules and the SEC. As a Controlled Company, as previously discussed, the Company is exempt from certain independence requirements of the NASDAQ rules, including the requirement to maintain a majority of Independent Directors on the Board of Directors, an Independent Compensation Committee or a Standing Nominating/Corporate Governance Committee or committees performing similar function.

All members of the Audit Committee must be Independent Directors as defined by NASDAQ Policies and Practices and the SEC. The Company’s four Independent Directors serve on the Audit Committee, with Mr. Samford serving as Chairman.

Policies and Practices

The Company’s policies and practices reflect corporate governance standards that comply with the listing requirements of NASDAQ and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including the following:

- All members of the Audit Committee are independent;
- The Charter of the Audit Committee establishes the Committee’s duties and responsibilities;
- The independent members of the Company’s Board of Directors meet regularly (“executive sessions”) without the presence of management;
- The Company has a policy for attendance of Board members at both regular Board and committee meetings and shareholder meetings;

- The Company has adopted a Code of Conduct and Ethics;
- The Company has adopted Disclosure Controls and Procedures which establishes a committee for regular evaluation of internal company disclosure control and procedures;
- The Company has procedures in place for the anonymous submission to the Audit Committee of employee and third party complaints on accounting, internal accounting controls or auditing matters;
- The Company has policies and procedures for stockholders to communicate directly with the Board of Directors; and
 - The Audit Committee must review, approve and/or ratify all related party transactions.

EXECUTIVE COMPENSATION

The Objectives of the Executive Compensation Program

The Compensation Committee is responsible for establishing and administering the Company's policies governing the compensation for the Executive Officers. All actions of the Compensation Committee must be approved by the Board of Directors. Because the Company qualifies as a Controlled Company pursuant to the exception of NASDAQ Listing Rule 5615, the Compensation Committee is composed of both independent and non-independent directors. See "Committees of the Board of Directors" above.

The purpose of the Company's executive compensation program is to attract, retain and motivate qualified executives to manage the business so as to maximize profits and stockholder value. No outside consultants have been used to evaluate or determine compensation. Executive compensation in the aggregate is made up principally of the executive's annual base salary, a bonus based upon operating earnings and Company perquisites or benefits. The Compensation Committee annually considers and makes recommendations to the Board as to executive compensation including changes in base salary and cash incentive bonuses. Stock options and awards of stock were granted by the Stock Option Committee during the year ended May 29, 2015 under the 2014 Plan.

Consistent with the above-noted purpose of the executive compensation program, in recommending the aggregate annual compensation of Executive Officers, the Compensation Committee considers the individual contribution and performance of the executive, the Company's overall performance and the total return to stockholders. The Company's executive compensation program focuses on strategic plans, corporate performance measures, and specific corporate goals. The corporate performance measures which the Compensation Committee considers include sales, earnings, return on equity and comparisons of sales and earnings with prior years.

The Compensation Committee does not rely on any fixed formulae or specific numerical criteria in determining an executive's aggregate compensation. It considers corporate and personal performance criteria and the economic environment, changes in the cost of living, competitive compensation levels and the recommendations of management. The Compensation Committee exercises business judgment based on all of these criteria and the purposes of the executive compensation program.

Base Salary

The Board of Directors, upon recommendation of the Compensation Committee sets base salaries for the Company's executive officers at levels which the Company believes are fair and reasonable based on the scope of the executive officer's individual responsibilities, taking into account competitive market compensation paid by other companies for similar positions. With our named executive officers, we set base salaries based on level of responsibility, span of control and experience. Base salaries are reviewed annually, as well as at the time of hire, promotion or changes in responsibility. Base salaries may also be adjusted from time to time to realign salaries with market levels. Base salary changes may also impact bonus amounts and actual bonus payouts.

Discretionary Performance-Based Bonus

The Board of Directors, upon recommendation of the Compensation Committee, has the authority to award performance-based bonuses to our executive officers payable in cash. The Board of Directors, upon recommendation of the Compensation Committee, has utilized a formula adopted at the beginning of the year for determining bonuses, which is based on performance of the Company during the fiscal year. There is no requirement that the Board continue using this formula for the payment of bonuses.

Performance Measurement

Annual, performance-based awards are intended to compensate executive officers for achieving Company-wide financial goals and objectives. These objectives relate to general profitability factors.

Generally, performance bonuses are accrued on a quarterly basis with seventy-five percent (75%) of the accrued amount paid after the end of the each of the first three quarters with the remainder of the final accrued amount paid after the end of the fiscal year when audited annual financial statements are received. All bonuses are subject to "claw-back" provisions in the event of certain actions of the officers.

The formula used for bonuses focuses on net operating profits (excluding certain extraordinary items) of the Company which exceed a required equity return on investments to determine the amount of bonuses. The bonuses provide for a percentage bonus on net profits up to a set net profit amount (excluding extraordinary items) and a different, smaller percentage bonus on net profits in excess of the set net profit amount (excluding extraordinary items).

Incentive Benefits

2014 Long Term Incentive Plan

On September 18, 2014, the Company's shareholders approved the 2014 Plan. The purpose of the 2014 Plan is to further the growth in earnings and market appreciation of the Company by providing long term incentives to those officers and key employees of the Company or its subsidiaries who make substantial contributions to the Company through their ability, loyalty, industry and invention.

The 2014 Plan is administered by the Stock Option Committee of the Board of Directors.

The 2014 Plan authorizes the Stock Option Committee to grant to officers and key employees in the 2014 Plan (i) stock options (which may be non-qualified options or incentive stock options for tax purposes), (ii) stock appreciation rights ("SARs") (which may be issued in tandem with stock options), (iii) restricted stock awards, (iv) performance units (which may be in stock, cash or a combination thereof), and (v) supplemental cash payments. Persons eligible to participate in the 2014 Plan shall be those officers and key employees of the Company and its subsidiary who are in

positions in which their decisions, actions and counsel significantly impact the performance of the Company or its subsidiaries. Participants are chosen from this group by the Stock Option Committee.

Shares Reserved for Issuance. The aggregate number of shares of the Company's common stock which may be issued under the 2014 Plan may not exceed 750,000. Shares subject to options granted under the 2014 Plan which expire unexercised, or shares subject to awards which are otherwise forfeited or canceled, will not count against this limit.

Stock Options. The Stock Option Committee is authorized to determine the terms and conditions of all stock option grants, subject to certain specific limitations as set forth in the 2014 Plan. In general, incentive and nonqualified stock options may be granted, the term of an option may not be longer than ten (10) years, and any stock option shall be subject to certain restrictions on transferability. Payment of the stock option price may be in cash, check or other instrument acceptable to the Stock Option Committee, or, in the discretion of the Stock Option Committee, in the form of unrestricted common stock of the Company owned by the optionee.

Stock Appreciation Rights. The Stock Option Committee is authorized to grant SARs either independent of or in connection with stock options granted under the 2014 Plan. The exercise of SARs will entitle the holder thereof to an amount (the "appreciation") equal to the difference between the fair market value of the common stock on the date the SAR was issued (or, in the case of SARs issued in connection with options, the exercise price under the related option agreement) and the fair market value of a share of common stock of the Company on the date the SAR is exercised. The appreciation will be payable in cash or common stock of the Company at the discretion of the Stock Option Committee. The exercise of SARs granted in connection with options will terminate those options.

The exercise of SARs which are paid in common stock will be treated as the issuance of the shares of common stock to which the SARs relate for purposes of calculating the maximum number of shares which have been issued under the 2014 Plan.

Restricted Stock. The Stock Option Committee is authorized to award restricted stock under the 2014 Plan subject to such terms and conditions as the Stock Option Committee may determine. The Stock Option Committee will have authority to determine the number of shares of restricted stock to be awarded, the price, if any, to be paid by the recipient of the restricted stock, and the date on which the restricted stock will vest. The vesting of restricted stock may be conditioned upon the completion of a specified period of service with the Company, upon the attainment of specified performance goals, or upon such other criteria as the Stock Option Committee may determine. The Stock Option Committee has the discretion to make loans to the recipients for the purchase price of the restricted stock and to accelerate the vesting of the restricted stock on a case by case basis at any time.

Performance Units. The Stock Option Committee may grant performance units under which payment may be made to the participant upon the attainment of specific performance goals. Such performance goals will be established by the Stock Option Committee and will relate to the performance of the Company (or any segment thereof) over a specified performance period, as judged under any business criteria deemed appropriate by the Stock Option Committee, including, without limitation, growth in earnings, the ratio of earnings to shareholder's equity or the ratio of earnings to total capital.

The Stock Option Committee shall determine the extent to which the performance targets have been attained, and what, if any, payment is due the participant on the performance unit. Such payment may be made, at the Stock Option Committee's discretion, in cash or common stock of the Company (based on the then current fair market value of such stock).

Supplemental Cash Payments. A stock option, SAR, restricted stock or performance unit award may provide for the Company to make a supplemental cash payment to a participant. Payments may be made for the purpose of, but not limited to, assisting the employee in paying income taxes resulting from an award under the 2014 Plan. In no event shall the amount of cash payment exceed the value of the award to which it relates.

During the fiscal year ended May 29, 2015, a total of 310,000 incentive stock options were granted to officers and key employees of the Company. Of this amount, options were granted on April 9, 2015 in the following amounts: (i) 50,000 shares were granted to Mark W. McCutcheon, President and Chief Executive Officer, (of which 26,041 are exercisable one year after the date of grant and 23,959 are exercisable two years after the date of grant); (ii) 35,000 shares were granted to Paul R. Bates, Executive Vice President of Sales and Marketing of Golden Flake Snack Foods, Inc. More detailed information concerning these stock options is set forth in the following tables.

Perquisites and Benefits

Other than the use of a Company car, the Company generally does not have programs to provide personal perquisites or executive benefits solely to executive officers. The exception is that Mr. McCutcheon, as CEO of the Company, is provided a nonqualified salary continuation plan which is generally payable beginning at retirement, disability or death, Company-provided life insurance and healthcare reimbursement. Our executive officers are eligible to participate in the same benefit programs as all other employees. These benefits include the following:

Medical and dental care plans	Flexible Spending Accounts for healthcare and dependent care spending
Life accidental death and dismemberment and disability insurance	401(k) plan
Paid time off	Non Qualified Plan (Benefit and Savings Plan)

Consistent with the Company's compensation philosophy, the Company intends to maintain its current benefits for its executive officers. However, the Board of Directors in its discretion may revise, amend, delete or add to the executive officers' benefits if it deems it advisable.

Employment Agreements, Severance Benefits and Change in Control Provisions

The Company has a non-qualified Salary Continuation Plan established for the benefit of the Company's Chief Executive Officer, Mark W. McCutcheon. The Company entered into this Salary Continuation Plan, on May 15, 2002, to ensure the performance of his role in the Company for an extended period of time. In addition, the Company also considered the critical nature of the position and the Company's need to retain him when it committed to establish this plan. The Salary Continuation Plan provides for payments of up to \$120,000 per year, as adjusted for inflation, for 15 years following death or retirement at age 65. Payments under the Salary Continuation Plan, subject to certain exceptions, are contingent upon Mr. McCutcheon remaining employed with the Company until death, disability or retirement from the Company at or after age 65. In the event of disability prior to retirement, the yearly benefit of \$120,000 is reduced by any payments of social security disability benefits and long term disability benefits which were funded or provided by the Company. The Salary Continuation Plan may be amended or terminated by the

Company's Board of Directors, except that in the event of a change of control in the Company, the Salary Continuation Plan becomes irrevocable. The Plan is funded in part with life insurance on the life of Mr. McCutcheon.
