

Item 7.01 Regulation FD Disclosure.

Robin Hayes, Chief Executive Officer of JetBlue Airways Corporation, will present at the J.P. Morgan Aviation, Transportation and Industrials Conference today. The presentation includes updated guidance regarding certain financial and operating trends for the first quarter ending March 31, 2019 and full year 2019. Materials to be used in conjunction with the presentation are attached as Exhibit 99.1.

The information furnished in this Item 7.01 of this report (including the exhibit) shall not be deemed "filed" for purposes of section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section, nor shall such information be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, regardless of any general incorporation language in such filing, except as shall be expressly set forth by specific reference in such filing.

This release contains various forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act, which represent our management's beliefs and assumptions concerning future events. When used in this document and in documents incorporated herein by reference, the words "expects," "plans," "anticipates," "indicates," "believes," "forecast," "guidance," "outlook," "may," "will," "should," "seeks," "targets" and similar expressions are intended forward-looking statements. Forward-looking statements involve risks, uncertainties and assumptions, and are based on information currently available to us. Actual results may differ materially from those expressed in the forward-looking statements due to many factors, including, without limitation, our extremely competitive industry; volatility in financial and credit markets which could affect our ability to obtain debt and/or lease financing or to raise funds through debt or equity issuances; our significant fixed obligations and substantial indebtedness; volatility in fuel prices, maintenance costs and interest rates; our reliance on high daily aircraft utilization; our ability to implement our growth strategy; our ability to attract and retain qualified personnel and maintain our culture as we grow; our reliance on a limited number of suppliers; our dependence on the New York and Boston metropolitan markets and the effect of increased congestion in these markets; our reliance on automated systems and technology; our being subject to potential unionization, work stoppages, slowdowns or increased labor costs; our presence in some international emerging markets that may experience political or economic instability or may subject us to legal risk; reputational and business risk from information security breaches or cyber-attacks; changes in or additional domestic or foreign government regulation; changes in our industry due to other airlines' financial condition; acts of war or terrorism; global economic conditions or an economic downturn leading to a continuing or accelerated decrease in demand for air travel; the spread of infectious diseases; adverse weather conditions or natural disasters; and external geopolitical events and conditions. It is routine for our internal projections and expectations to change as the year or each quarter in the year progresses, and therefore it should be clearly understood that the internal projections, beliefs and assumptions upon which we base our expectations may change prior to the end of each quarter or year. Given the risks and uncertainties surrounding forward-looking statements, you should not place undue reliance on these statements. You should understand that many important factors, in addition to those discussed or incorporated by reference in this press release, could cause our results to differ materially from those expressed in the forward-looking statements. Potential factors that could affect our results include, in addition to others not described in this press release, those described in Item 1A of our 2018 Form 10-K under "Risks Related to JetBlue" and "Risks Associated with the Airline Industry". In light of these risks and uncertainties, the forward-looking events discussed in this press release might not occur.
