### GreenMan Technologies, Inc. Notes To Unaudited Condensed Consolidated Financial Statements March 31, 2002

#### 1. Business

GreenMan Technologies, Inc. ("GreenMan" or the "Company") was organized in 1992 and is engaged in the business of collecting, processing and marketing scrap tires in whole or shredded form. The shredding operations are located in Jackson, Georgia; Savage, Minnesota; Kewaskum, Wisconsin and Ada, Oklahoma. GreenMan also supplies whole tires to cement kilns located in the states of Tennessee, Georgia, Florida, Michigan, Texas and Oklahoma.

In April 2001, Technical Tire Recycling, Inc. ("TTRI"), a newly formed wholly-owned subsidiary of GreenMan, acquired the net operations of Tennessee Tire Recyclers, Inc. TTRI is a Tennessee based company that procures whole scrap tires to be used as an alternative fuel to several of the largest cement companies in North America. TTRI currently provides scrap tire collection and disposal services in the states of Florida, Michigan, Texas and Oklahoma.

In October 2001 all Georgia and Tennessee based tire collection and disposal operations of Technical Tire Recycling were consolidated into GreenMan Technologies of Georgia in order to maximize logistical and managerial resources of GreenMan's southeastern U.S. operations.

#### 2. Acquisition of Business

On January 1, 2002 GreenMan Technologies of Wisconsin, Inc. ("GreenMan Technologies of Wisconsin") a newly formed wholly-owned subsidiary of GreenMan Technologies of Minnesota acquired the operations and certain processing equipment of An-Gun, Inc. ("An-Gun"), a Wisconsin based company in the business of collecting, processing and marketing of scrap tires in the states of Wisconsin, Illinois, Iowa, Michigan and Indiana. GreenMan Technologies of Wisconsin paid approximately \$78,000 in cash and 10,000 shares of GreenMan common stock for the acquired assets. In addition, GreenMan Technologies of Wisconsin, as lessee, executed long term leases for certain processing and collection equipment and real estate with An-Gun and its affiliates.

#### 3. Formation of Joint Venture

In January 2002, GreenMan Technologies of Oklahoma, Inc., a newly formed wholly-owned subsidiary of GreenMan ("GreenMan Technologies of Oklahoma"), and Able Tire Company, LLC, a Burleson, Texas tire processor and collector formed Able Tire of Oklahoma, LLC ("Able Tire of Oklahoma"). Able Tire of Oklahoma collects, shreds and markets whole tires to the cement industry. GreenMan Technologies of Oklahoma is the majority owner and has responsibility for finance and administration while Able Tire is responsible for marketing and

## Edgar Filing: GREENMAN TECHNOLOGIES INC - Form 10-Q

operational management. The operations of GreenMan Technologies of Oklahoma are included in the consolidated financial statements since operations commenced in January 2002.

### 4. Basis of Presentation

The consolidated financial statements include the results of operations of the Company's GreenMan Technologies of Minnesota, GreenMan Technologies of Georgia, GreenMan Technologies of Wisconsin, Technical Tire Recycling, GreenMan Technologies of Louisiana and GreenMan Technologies of Oklahoma subsidiaries. All significant intercompany accounts and transactions are eliminated in consolidation.

The financial statements are unaudited and should be read in conjunction with the financial statements and notes thereto for the year ended September 30, 2001 included in GreenMan's Form 10-KSB. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to the Securities and Exchange Commission rules and regulations, although management believes the disclosures which have been made are adequate to make the information presented not misleading. The results of operations for the periods reported are not necessarily indicative of those that may be expected for a full year. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) which are necessary for a fair statement of operating results for the interim periods presented have been made.

7

### GreenMan Technologies, Inc. Notes To Unaudited Condensed Consolidated Financial Statements March 31, 2002

### 5. Net Income Per Share

Basic earnings per share represents income available to common stock divided by the weighted average number of common shares outstanding during the period. Diluted earnings per share reflects additional common shares that would have been outstanding if potential dilutive common shares had been issued, as well as any adjustment to income that would result from the assumed conversion. Potential common shares that may be issued by GreenMan relate to outstanding stock options and warrants (determined using the treasury stock method), preferred stock and convertible debt. The assumed conversion of outstanding dilutive stock options, warrants and preferred stock would increase the shares outstanding but would not require an adjustment to income as a result of the conversion.

Net income per common share has been computed based on the following:

	Three Months Ended		Six Months
	March 31, 2001	March 31, 2002	March 31, 2001
	-----	-----	-----
Net income applicable to common stock .....	\$ 192,176	\$ 214,018	\$ 204,099

Effect of dilutive options .....	--	683,204	--

# Edgar Filing: GREENMAN TECHNOLOGIES INC - Form 10-Q

Average number of common shares outstanding used to calculate diluted net income per share .....	13,348,231	14,676,905	13,348,231
	=====	=====	=====

## 6. New Accounting Pronouncement

In June 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standard (SFAS) No. 142, "Goodwill and Other Intangible Assets". SFAS No. 142 eliminates the amortization of goodwill and indefinite-lived intangible assets and initiates an annual review for impairment. Identifiable intangible assets with a determinable useful life will continue to be amortized. GreenMan adopted SFAS No. 142 effective October 1, 2001, which required GreenMan to cease amortization of its remaining net goodwill balance and to perform an impairment test of its existing goodwill based on a fair value concept within six months of fiscal 2002. Any transitional impairment loss will be recorded in the first quarter as a change in accounting principle. Management has reviewed the provisions of these statements but has determined that no goodwill impairment loss will result. As of September 30, 2001 and March 31, 2002, GreenMan has net unamortized goodwill of \$2,172,198 and had no goodwill amortization expense for the three and six months ended March 31, 2002.

## 7. Property, Plant and Equipment

Property, plant and equipment consists of the following:

	September 30, 2001	March 31, 2002	Estimated Useful Lives
	-----	-----	-----
Land .....	\$ 336,365	\$ 336,365	
Buildings .....	1,939,040	1,915,608	10-20 years

	=====	=====	

## GreenMan Technologies, Inc. Notes To Unaudited Condensed Consolidated Financial Statements March 31, 2002

## 8. Segment Information

GreenMan operates in one business segment; the collecting, shredding and marketing of scrap tires to be used as feedstock for tire derived fuel, civil engineering projects and/or for further processing into crumb rubber.

## 9. Repurchase of Class B Convertible Preferred Stock

On February 14, 2002, GreenMan repurchased and retired all of the Class B convertible Preferred Stock held by Republic Services of Georgia, Limited

## Edgar Filing: GREENMAN TECHNOLOGIES INC - Form 10-Q

Partnership ("RSLP") (as successor to United Waste Services, Inc.) for a \$1,500,000 promissory note bearing interest at 10% and due in February 2007 and 100,000 shares of common stock valued at \$1.60 per share on the date of issuance. The difference between the liquidation value of the preferred stock and the consideration given has been charged to paid-in-capital.

On May 6, 2002, RSLP converted \$750,000 of the principal amount of the February 14, 2002 promissory note into 300,000 unregistered shares of GreenMan common stock valued at \$750,000. GreenMan issued RSLP a promissory note in the principal amount of \$743,750 bearing interest at 10% and due in March 2007.

### 10. Common Stock Transactions

In December 2001, a former director exercised 29,000 non-qualified options to purchase unregistered shares common stock at prices ranging from \$.59 to \$.88 per share. In addition, the former director exercised 5,200 non-qualified stock options using a net exercise feature, and was issued 313 shares of unregistered common stock.

In February 2002, GreenMan commenced a private offering of unregistered common stock in an effort to raise up to \$2,000,000 in gross proceeds. As of March 31, 2002, GreenMan has sold 843,329, shares of unregistered common stock to investors including existing shareholders for gross proceeds of \$1,050,000. The investors have been granted limited registration rights to cause the Company to register the common stock for resale in the event that GreenMan registers shares of common stock for its own account and have agreed not to sell or transfer the shares for a period of at least eighteen months after issuance.

In February 2002 a director of GreenMan exercised 25,000 options to purchase common stock at \$.88 per share.

### 11. Subsequent Events

On April 4, 2002 GreenMan Technologies of Iowa, Inc., ("GreenMan Technologies of Iowa") a newly formed wholly-owned subsidiary of GreenMan acquired all Iowa based tire collection and processing operations of Utah Tire Recyclers, Inc. a Utah based company in the business of collecting, processing and marketing of scrap tires. GreenMan Technologies of Iowa paid \$1,980,000 in the form of cash and long term debt for the acquired operations.

9

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following information should be read in conjunction with the unaudited condensed consolidated financial statements and the notes thereto included in Item 1 of the Quarterly Report, and the audited consolidated financial statements and notes thereto and Management's Discussion and Analysis of Financial Condition and Results of Operations contained in GreenMan's Form 10-KSB filed for the year ended September 30, 2001.

### Results of Operations

Three Months ended March 31, 2002 Compared to the Three Months ended March 31, 2001

Net sales for the quarter ended March 31, 2002 increased 21% to \$5,560,649 as compared to \$4,579,195 for the quarter ended March 31, 2001. GreenMan processed approximately 5.6 million passenger tire equivalents during the three

## Edgar Filing: GREENMAN TECHNOLOGIES INC - Form 10-Q

months ended March 31, 2002 as compared to approximately 4.8 million passenger tire equivalents during the three months ended March 31, 2001. The overall quality of revenue (revenue per passenger tire equivalent) improved due to the impact of several tire pile cleanup projects and increased product sales at GreenMan's Georgia operations. The results include the operations of our new subsidiaries formed in connection with the acquisitions of Tennessee Tire Recyclers, Inc. (acquired April 2001); An-Gun, Inc. (acquired January 2002) and GreenMan's interest in our majority owned joint venture, Able Tire of Oklahoma, LLC (commenced operations in January 02).

The gross margin for the quarter ended March 31, 2002 increased to 24% of net sales as compared to 21% of net sales for the quarter ended March 31, 2001. The increase is primarily attributable to the continued improvement of GreenMan's southeastern U.S. operations and tire pile cleanup projects in the mid-west.

Selling, general and administrative expenses for the quarters ended March 31, 2002 and 2001 were 17% of net sales.

GreenMan reported an operating profit of \$418,176 for the quarter ended March 30, 2002 compared to an operating profit of \$174,909 for the quarter ended March 31, 2001.

GreenMan had a net income of \$214,018 or \$.02 per basic share for the quarter ended March 31, 2002 as compared to net income of \$192,176 or \$.01 per basic share for the same 2001 period. The quarter ended March 31, 2001 includes other income of \$437,525 from an insurance settlement and a casualty loss of \$155,000 associated with a litigation settlement related to the August 1998 fire at GreenMan Technologies of Louisiana.

Six Months ended March 31, 2002 Compared to the Six Months ended March 31, 2001

Net sales for the six months ended March 31, 2002 increased 28% to \$11,869,423 as compared to \$9,268,741 for the six months ended March 31, 2001. GreenMan processed approximately 11.4 million passenger tire equivalents during the six months ended March 31, 2002 as compared to approximately 9.4 million passenger tire equivalents during the same period in 2001. The results also include the operations of our new subsidiaries formed in connection with the acquisitions of Tennessee Tire Recyclers, Inc. (acquired April 2001); An-Gun, Inc. (acquired January 2002) and GreenMan's interest in our majority owned joint venture, Able Tire of Oklahoma, LLC (commenced operations in January 02).

The gross margin for the six months ended March 31, 2002 increased to 23% of net sales as compared to 22% for the six months ended March 31, 2001. The increase is primarily attributable to the continued improvement of GreenMan's southeastern U.S. operations and tire pile cleanup projects in the mid-west.

Selling, general and administrative expenses for the six months ended March 31, 2002 were 16% of sales as compared to 17% for the six months ended March 31, 2001.

GreenMan reported an operating profit of \$931,893 for the six months ended March 31, 2002 as compared to an operating profit of \$445,492 for the six months ended March 31, 2001.

The six months ended March 31, 2001 includes other income of \$437,525 from an insurance settlement and a casualty loss of \$155,000 associated with a litigation settlement related to the August 1998 fire at GreenMan Technologies of Louisiana.

## Edgar Filing: GREENMAN TECHNOLOGIES INC - Form 10-Q

GreenMan reported net income of \$460,860 or \$.03 per basic share for the six months ended March 31, 2002 as compared to net income of \$204,099 or \$.02 per basic share for the six months ended March 31, 2001.

### Environmental Liability

There are no known material environmental violations or assessments.

### Liquidity and Capital Resources

Since its inception GreenMan has satisfied its capital requirements through the sale of common and preferred stock and debt securities to investors; loans from affiliated and unaffiliated lenders; the acquisition of machinery and equipment through capital leases and notes payable; the issuance of common stock and common stock options and warrants in lieu of cash for services rendered and more recently, profits from operations.

GreenMan has incurred losses since its inception aggregating \$23,579,297 and has a working capital deficiency of \$669,697 at March 31, 2002. From 1998 to 2000, GreenMan divested and/or closed under-performing non-core operations and eliminated the use of non-conventional financing methods which collectively have contributed over \$18.7 million of GreenMan's cumulative losses. Management understands that GreenMan's continued existence is dependent on its ability to sustain profitable status and/or to raise additional financing.

GreenMan's tire processing operations currently recover about 65% of the incoming tires processed with the balance disposed of as waste wire processing residual at a cost which exceeded \$1,000,000 annually during the last two fiscal years. In order to better position GreenMan for the future, GreenMan has installed equipment at its Georgia facility to further process the waste wire processing residual into saleable components of rubber and steel and provide not only new sources of revenue but also reduce residual disposal costs. The equipment was installed and tested during the last half of fiscal 2001 and commenced commercial operation in October 2001. GreenMan Technologies of Georgia has realized both increased product sales and reduced disposal costs as a result of implementing this equipment.

GreenMan's Minnesota facility currently disposes of its processing residue in landfills and is in the process of evaluating whether market conditions warrant the implementation of similar equipment to recycle their waste wire processing residual.

### Private Offering of Common Stock

In February 2002, GreenMan commenced a private offering of unregistered common stock in an effort to raise up to \$2,000,000 in gross proceeds. As of March 31, 2002, GreenMan has sold 843,329, shares of unregistered common stock to investors including existing shareholders for gross proceeds of \$1,050,000. The investors have been granted limited registration rights to cause the Company to register the common stock for resale in the event that GreenMan registers shares of common stock for its own account and have agreed not to sell or transfer the shares for a period of at least eighteen months after issuance.

### Repurchase of Class B Convertible Preferred Stock

On February 14, 2002, GreenMan repurchased and retired all of the Class B convertible Preferred Stock held by Republic Services of Georgia, Limited Partnership ("RSLP") (as successor to United Waste Services, Inc.) for a \$1,500,000 promissory note bearing interest at 10% and due in February 2007 and 100,000 shares of common stock valued at \$1.60 per share on the date of

## Edgar Filing: GREENMAN TECHNOLOGIES INC - Form 10-Q

issuance. The difference between the liquidation value of the preferred stock and the consideration given has been charged to paid-in-capital.

On May 6, 2002, RSLP converted \$750,000 of the principal amount of the February 14, 2002 promissory note into 300,000 unregistered shares of GreenMan common stock valued at \$750,000. GreenMan issued RSLP a promissory note in the principal amount of \$743,750 bearing interest at 10% and due in March 2007.

### Cautionary Statement

Information contained or incorporated by reference in this document contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, which statements can be identified by the use of forward-looking terminology such as "may," "will," "would," "can," "could," "intend," "plan," "expect," "anticipate," "estimate" or "continue" or the negative thereof or other variations thereon or comparable terminology. The following matters constitute cautionary statements identifying important factors with respect to such forward-looking statements, including certain risks and uncertainties, that could cause actual results to differ materially from those in such forward-looking statements.

### Factors Affecting Future Results

There are several factors which may effect the future operating results of GreenMan, including:

- o the ability to successfully realize the anticipated ongoing cost reductions and revenue enhancements associated with GreenMan's waste wire processing project;
- o the ability to successfully integrate the An-Gun, Inc. and Utah Tire acquisitions into GreenMan and realize the anticipated benefits;
- o a significant part of GreenMan's business strategy entails future acquisitions, or significant investments in businesses that offer complementary products, services and technologies. Any acquisition of a business is accompanied by certain risks including, but not limited to:
  - the ability to integrate future acquisitions without significant disruption to the Company's ongoing business;
  - distraction of management from the Company's on-going business;
  - overpaying for the entity or assets acquired; and
  - the dilutive impact to existing shareholder's stock positions and earnings per share of common stock from the potential issuance of common stock or rights to purchase common stock used in future acquisitions.
- o the delisting of GreenMan's common stock from the Nasdaq Small Cap Stock Market and the effect on the market for, and potentially the market price of, GreenMan's common stock; and
- o general economic conditions.

GreenMan's plans and objectives are based on assumptions that it will be successful in receiving additional financing to fund future growth and that

## Edgar Filing: GREENMAN TECHNOLOGIES INC - Form 10-Q

there will be no material adverse change in GreenMan's operations or business. There can be no assurance that GreenMan will obtain such financing on acceptable terms, or at all.

Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of GreenMan. As a result, there can be no assurance that GreenMan will be able to sustain profitability on a quarterly or annual basis. In light of the significant uncertainties inherent in GreenMan's business, forward-looking statements made in this report should not be regarded as a representation by GreenMan or any other person that the objectives and plans of GreenMan will be achieved.

### PART II - OTHER INFORMATION

#### Item 2. Changes in Securities

On January 1, 2002 the Company issued 10,000 shares of its common stock in consideration of a non-competition agreement associated with the acquisition of certain assets of An-Gun, Inc. Exemption from registration for this transaction is claimed under Section 4(2) of the Securities Act of 1933, as amended (the "Securities Act")

On February 1, 2002 the Company issued 25,000 shares of its common stock upon exercise of stock options. Exemption from registration for this transaction is claimed under Section 4(2) of the Securities Act.

On February 14, 2002 the Company issued 100,000 shares of its common stock to Republic Services of Georgia, LLP in connection with the repurchase of the Class B Preferred Stock held by Republic. Exemption from registration for this transaction is claimed under Section 4(2) of the Securities Act.

During the three months ended March 31, 2002 the Company issued 843,329 shares of its common stock in connection with a private placement of shares of common stock. Exemption from registration for these transactions is claimed under Rule 506 of Regulation D, promulgated under the Securities Act.

#### Item 4. Submission of Matters to a Vote of Security Holders

The Company conducted a Special Meeting in lieu of an Annual Meeting of Stockholders on February 20, 2002. The matters considered at the meeting were election of four members of the Board of Directors and ratify a proposal for the selection of the firm of Wolf & Company, P.C. as independent auditors for the fiscal year ending September 30, 2002.

The results of each vote was as follows:

For	Against	Abstain
-----	-----	-----

## Edgar Filing: GREENMAN TECHNOLOGIES INC - Form 10-Q

Vote 1 - Election of four (4) members of the Board of Directors.....	12,291,261	62,123	1,324,223
Vote 2 - Proposal to ratify the selection of Wolf & Company, P.C. as independent auditors for the fiscal year ending September 30, 2002...	12,337,581	8,190	7,613

### Item 6. Exhibits and Reports on Form 8-K
