3D Systems Corporation (the “Company”) is unable to complete its Annual Report on Form 10-K for the fiscal year ended December 31, 2015 (the “Form 10-K”) within the prescribed period without unreasonable effort or expense to the Company. The Form 10-K cannot be filed by the prescribed due date because additional time, resources and effort are required to complete work related to a goodwill and intangible asset impairment charge.

The Company expects to file the Form 10-K no later than 15 calendar days from the prescribed due date.

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

As previously announced in its Current Report on Form 8-K filed on February 11, 2016, the Company expects to record a non-cash goodwill and intangibles impairment charge in the fourth quarter of 2015 in the range of \$510 million to \$570 million. These impairment charges will not impact the Company's future business activities or cash flows. As of December 31, 2015, the Company closed the quarter with approximately \$156 million of cash on hand and had no borrowings under its \$150 million revolving credit facility.

Additionally, the Company reaffirms its expectation to report revenue for the fourth quarter of 2015 of approximately \$183 million and that the previously disclosed charge related to inventory write downs and purchase commitments in connection with its shift away from consumer products will be approximately \$27 million.

Excluding the goodwill and intangibles impairment charge, the Company expects to report that operating expenses decreased sequentially to approximately \$90 million.

These are preliminary results and estimates based on current expectations and are subject to year-end closing adjustments and completion of goodwill and intangibles impairment testing. Actual results may differ.
