ZONE 4 PLAY, INC. AND ITS SUBSIDIARIES
(A DEVELOPMENT STAGE COMPANY)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

U.S. DOLLARS

NOTE 1:- GENERAL

- a. Zone4Play Inc. ("the Company") was incorporated under the laws of the State of Nevada on April 23, 2002 as Old Goat Enterprises, Inc. On February 1, 2004, the Company acquired Zone4Play, Inc. ("Zone4Play (Delaware)") (see b. below), which was incorporated under the laws of the State of Delaware on April 2, 2001, and subsequently changed the Company's name to Zone4Play, Inc., a Nevada corporation. The Company develops and markets interactive games applications for Internet, portable devices and interactive TV platforms.

The Company conducts its operations and business with and through its wholly-owned subsidiary, Zone4Play (Delaware), and its wholly-owned subsidiaries Zone4Play Limited, an Israeli corporation incorporated in

Edgar Filing: ZONE 4 PLAY INC - Form 10QSB

July 2001, which is engaged in research and development and marketing of the applications, and Zone4Play (UK) Limited, a United Kingdom corporation, incorporated in November 2002, which is engaged in marketing of the applications, and MixTV Ltd., an Israeli corporation which develops and markets participation TV games applications.

The Company's shares of common stock are currently traded on the OTC Bulletin Board under the trading symbol "ZFPI.OB."

- b. According to the agreement between the Company and Zone4Play (Delaware), the Company issued 10,426,190 shares of common stock to the former holders of equity interest in Zone4Play (Delaware). The acquisition has been accounted for as a reverse acquisition, whereby the Company was treated as the acquiree and Zone4Play (Delaware) as the acquirer, primarily because Zone4Play (Delaware) shareholders owned a majority, approximately 58% of the Company's common stock, upon completion of the acquisition. Immediately prior to the consummation of the transaction, the Company had no material assets and liabilities, hence the reverse acquisition is treated as a capital stock transaction in which Zone4Play (Delaware) is deemed to have issued the common stock held by the Company shareholders for the net assets of the Company. The historical financial statements of Zone4Play (Delaware) became the historical financial statements of the Company.
- c. The Company and its subsidiaries are devoting substantially all of their efforts toward conducting research, development and marketing of their software. The Company's and its subsidiaries' activities also include raising capital and recruiting personnel. In the course of such activities, the Company and its subsidiaries have sustained operating losses and expect such losses to continue in the foreseeable future. The Company and its subsidiaries have not generated sufficient revenues and have not achieved profitable operations or positive cash flow from operations. The Company's accumulated deficit during the development stage aggregated to \$ 10,642,817 as of June 30, 2006. There is no assurance that profitable operations, if ever achieved, could be sustained on a continuing basis.

The Company plans to continue to finance its operations with a combination of stock issuance and private placements and revenues from product sales.

c. Accounting for stock-based compensation

Effective January 1, 2006, the Company adopted the provisions of "SFAS 123(R)", which requires the Company to measure all employee stock-based compensation awards using a fair value method and record the related expense in the financial statements. The Company elected to use the modified prospective method of adoption which requires that compensation expense be recorded in the financial statements over the expected requisite service period for any new options granted after the adoption of SFAS 123(R) as well as for existing awards for which the requisite service has not been rendered as of the date of adoption and requires that prior periods not be restated.

The following table shows the total stock-based compensation charge included in the Consolidated Statement of Earnings:

	SIX MONTHS ENDED JUNE 30, ----- 2006 ----- (UNAUDITED) -----	THREE MONTHS ENDED JUNE 30, ----- 2006 ----- (UNAUDITED) -----

Under SFAS 123(R), the charge has been determined as if the Company had accounted for its employee stock options under the fair value method of SFAS 123(R). The fair value for these options was estimated at the date of grant using a Black-Scholes option pricing model with the following weighted-average assumptions:

NOTE 5: RECENTLY ISSUED ACCOUNTING STANDARDS

In February 2006, the Financial Accounting Standard Board ("FASB") issued SFAS No. 155, "Accounting for Certain Hybrid Financial Instruments" ("FAS 155"), which amends SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("FAS 133") and SFAS No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities" ("FAS 140"). FAS 155 provides guidance to simplify the accounting for certain hybrid instruments by permitting fair value remeasurement for any hybrid financial instrument that contains an embedded derivative, as well as clarifies that beneficial interests in securitized financial assets are subject to FAS 133. In addition, FAS 155 eliminates a restriction on the passive derivative instruments that a qualifying special-purpose entity may hold under FAS 140. FAS 155 is effective for all financial instruments acquired, issued or subject to a new basis occurring after the beginning of an entity's first fiscal year that begins after September 15, 2006. We believe that the adoption of this statement will not have a material effect on our financial condition or results of operations.

In March 2006, the FASB issued SFAS No. 156, "Accounting for Servicing of Financial Assets" ("FAS 156"), which amends SFAS No. 140. FAS 156 provides guidance addressing the recognition and measurement of separately recognized servicing assets and liabilities, common with mortgage securitization activities, and provides an approach to simplify efforts to obtain hedge accounting treatment. FAS 156 is effective for all separately recognized servicing assets and liabilities acquired or issued after the beginning of an entity's fiscal year that begins after September 15, 2006, with early adoption being permitted. We believe that the adoption of this statement will not have a material effect on our financial condition or results of operations.

COMPANY HISTORY

Zone4Play, Inc. (hereinafter referred to as "Zone4Play", "the Company", "us" or "we") was incorporated under the laws of the State of Nevada on April 23, 2002, as Old Goat Enterprises, Inc. On February 1, 2004, Old Goat Enterprises, Inc. issued the shareholders of Zone 4 Play, Inc., a Delaware corporation ("Zone4Play Delaware"), 10,426,190 shares of common stock, in consideration for the entire share capital of Zone4Play Delaware. Immediately after the issuance, the shareholders of Zone4Play Delaware held 58% of the issued and outstanding share capital of Old Goat Enterprises, Inc., and subsequently changed its name to Zone 4 Play, Inc., a Nevada corporation. The transaction was accounted for as a reverse acquisition, whereby Old Goat was treated as the acquired company and Zone4Play Delaware as the acquirer. The historical financial statements of Zone4Play Delaware became our historical financial statements. We conduct our operations through our wholly owned subsidiaries, Zone4Play (Israel) Ltd., an Israeli corporation incorporated in July 2001, Zone4Play (UK) Limited, a United Kingdom corporation incorporated in November 2002, and Zone4Play Delaware. On April 27, 2005, pursuant to an agreement with NetFun Ltd., we increased our ownership percentage of the issued and outstanding share capital of MixTV Ltd. From 50.1% to 100%. On July 11, 2006, we formed a wholly owned subsidiary in the Isle of Man, named Gaming Ventures plc ("Gaming"). Gaming has two wholly owned subsidiaries, RNG Gaming Limited ("RNG") and Get21 Limited ("Get21"), both of which are Isle of Man companies. On July 12, 2006, Zone4Play Delaware and Gaming entered into an agreement under which Gaming purchased from Zone4Play Delaware all right, title and interest in its intellectual property rights and assets related to its newly developed multi-player tournament blackjack software ("BJ Software") on a "going concern" and "as is" basis, in exchange for a promissory note in the principal amount of \$2.25 million. The purchase price was based on an appraisal report made by an independent appraiser. This promissory note has a term of five years. Principal is payable in five equal annual installments of \$450,000 and will carry annual interest of Libor +1.5%. The note will be secured by a Debenture and Equitable Share Charge between Zone4Play Delaware and Gaming. Zone4Play Delaware intends to have a lien on all of Gaming's assets including its shares in its two subsidiaries. On July 17, 2006, Gaming entered into an agreement with RNG under which Gaming assigned all of its rights in the BJ Software to RNG in consideration for all outstanding and issued ordinary shares of RNG. The purpose of RNG is to exploit the BJ Software and related intellectual property and further develop this software and potentially other gaming software. RNG is expected to license its software to third parties in exchange for revenue shares and license fees.

OUR BUSINESS

We are a software and technology developer and provider to companies that service the interactive gaming industry, delivering cross-platform systems that are built for mass participation gaming over mobile devices, TV and the internet. Our software provides and supports play-for-fun and play-for-real interactive games (currently such play-for-real gaming solutions are only provided in the United Kingdom where fixed odds gaming are permitted by licensed bookmakers).

We offer five core solutions to companies that offer play-for-real gaming, namely:

- (i) Mobile gaming: the provision of services on mobile devices, including fixed odds games, multiplayer games, sports betting services, scratch cards and exchange betting.
- (ii) Interactive TV gaming: the provision of software and technology currently supporting fixed odds games.
- (iii) Participating TV gaming: the provision of services via the interaction of television broadcasts and mobile text messages, IVR (interactive voice response) lines or Java interaction.
- (iv) Online gaming: the provision of fixed odds and casino games over the internet.
- (v) Multiplayer blackjack tournaments: 24/7 availability of variety of blackjack tournaments games based on a peer-to-peer technology allowing users to compete against each other and not against the "house".

We also offer games for fun and skills games: the provision of play-for-fun gaming alternatives on mobile, Interactive TV, participating TV and the internet.

Our customers include online gaming operators (Cosmotrade Investments Limited), bookmakers (Eurobet UK Limited, The Gaming Channel Limited, Two Way Media Limited), betting exchanges (Betfair, the Sporting Exchange Limited), cable and satellite television service providers (CSC Holdings Inc., RCN Telecom Services), mobile operators (O2 (online) Ltd.), internet service providers (Chello Broadband N.V., Commonwealth Telephone Enterprises Inc. ("CTE")), hospitality service providers (LodgeNet Entertainment Corporation), and providers of interactive games on digital TV (NDS Ltd). Our technology allows our customers to generate additional revenue from their existing infrastructure and user base by allowing a subscriber to switch from one platform, such as Interactive TV, mobile, internet or participating TV to another platform using a single account with the same account balance and user information. In addition, our technology allows mobile service providers, TV broadcasters and channels to provide additional content, as well as an increased variety of services, to their customers.

Edgar Filing: ZONE 4 PLAY INC - Form 10QSB

We enter into license and/or revenue-sharing agreements with our customers under which the customers use our software and technology to offer games to their subscribers and pay us a fixed fee and/or a percentage of the net revenues generated from those games.

We devote substantially all of our efforts toward conducting research, development and marketing of our software. In the course of these activities, we have sustained operating losses and expect such losses to continue in the foreseeable future. To date, we have not generated sufficient revenues to achieve profitable operations or positive cash flow from operations. As of June 30, 2006, we had an accumulated deficit of \$10,642,817. There is no assurance that profitable operations, if ever achieved, will be sustained on a continuing basis. During the six months ended June 30, 2006, we derived approximately 79% of our revenues from three major customers.

Total revenues for the three months ended June 30, 2006 decreased by 40% to \$205,598 from \$343,457 for the three months ended June 30, 2005. All such revenues were from sales of software applications and distribution rights. The decrease in revenues from software applications is primarily attributable to licenses revenues to Cosmotrade Investment Ltd, CTE, and Cablevision that we had in the three months ended June 30, 2005, and a decrease in revenues from the Gaming Channel offset by a contract with Two Way TV Australia Limited and increase in revenue share from contracts with customers such as NDS Ltd., Cablevision, Two Way Media Limited and Winner.com (UK) Limited.

Cost of revenues for the three months ended June 30, 2006 increased by 30% to \$100,023 from \$76,647 for the three months ended June 30, 2005. We believe that our future success will depend upon our ability to enhance our existing products and solutions and introduce new commercially viable products and solutions addressing the demands of the evolving markets. As part of the product development process, we work closely with current and potential customers, distribution channels and leaders in our industry to identify market needs and define appropriate product specifications. Our current anticipated levels of revenue and cash flow are subject to many uncertainties and cannot be assured. In order to have sufficient cash to meet our anticipated requirements for the next twelve months, we may be dependent upon our ability to obtain additional financing. The inability to generate sufficient cash from operations or to obtain the required additional funds could require us to curtail operations.
