Such a request will be made in advance for a particular securities account.

The Audit Committee and the Board of Directors have determined that the remuneration of Kesselman & Kesselman, the Company's auditor, for the year ended December 31, 2015, and its affiliates will be NIS 2,265 thousand for audit fees (including SOX audit), NIS 441 thousand for audit-related fees, and NIS 436 thousand for tax fees. Partner has agreed to indemnify Kesselman & Kesselman and their personnel from any and all third party claims, liabilities, costs and expenses, including reasonable attorney's fees, arising from or relating to services rendered under the Tax Services engagement letter for the year 2015, except to the extent finally determined to have resulted from the gross negligence, willful misconduct or fraudulent behavior of Kesselman & Kesselman relating to such services.

It is proposed that at the AGM the following resolution be adopted:

1. "RESOLVED: to re-appoint the Company's auditor, Kesselman & Kesselman, as the auditor of the Company for the period ending at the close of the next annual general meeting."

The vote of the holders of a majority of the Ordinary Shares participating in the AGM and voting on the matter is required for the approval of this resolution.

2. the Board of Directors and the report by the Board of Directors of the remuneration of the auditor and its affiliates for the same period are hereby noted."

No vote of the holders of Ordinary Shares is required in connection with discussion of this item 2.

The Audit Committee has approved (pursuant to the Nasdaq Corporate Governance Rules) and recommended, and the Board of Directors has approved (pursuant to the Israeli Companies Law), the audited financial statements of the Company for the year ended December 31, 2015, attached hereto as Annex "A". Under the Israeli Companies Law and the Company's Articles of Association, shareholders' discussion is required for both the financial statements and the related report of the Board of Directors, which is attached hereto as Annex "B". No vote of the holders of Ordinary Shares is required in connection with discussion of this item 3.

ITEM 4

RE-ELECTION OF THE COMPANY'S DIRECTORS, APPROVAL OF COMPENSATION AND RELATED MATTERS

Under the Israeli Companies Law, the directors of the Company (other than the external directors (Dahatzim) who generally serve for three year terms) shall be appointed at the annual general meeting, unless otherwise provided in the Company's Articles of Association. The elected directors shall commence their terms at the close of the AGM and serve in office until the close of the next annual general meeting, unless their office becomes vacant earlier in accordance with the provisions of the Israeli Companies Law and the Company's Articles of Association or unless otherwise provided in the Company's Articles of Association.

In accordance with Section 22.3A of the Company's General License for the Provision of Mobile Radio Telephone Services using the Cellular Method in Israel dated April 7, 1998, as amended (the "License"), and with Article 23.2.6 of the Company's Articles of Association, notwithstanding any other provision of the Articles of Association, a Qualified Israeli Director (as defined in the Articles of Association) shall be appointed as a member of the Board of Directors, and may be removed from such office, only upon written notice to the Company Secretary of his or her appointment or removal by Founding Israeli Shareholders holding Minimum Israeli Holding Shares (as both terms are defined in the Articles of Association) (the "Founding Israeli Shareholders"). The Founding Israeli Shareholders have appointed Ms. Osnat Ronen as a Qualified Israeli Director on or prior to December 8, 2009. Ms. Ronen has been a director in the Company since December 2009 and is currently a member of the Security Committee. Ms. Ronen founded FireWind PE in 2015 and has since served as its general partner. Ms. Ronen has served as an advisor to Liquidnet from 2013 to 2015. She previously served as a general partner of Viola Private Equity from 2008 to 2013. From 1994 to 2007, Ms. Ronen served in various positions at Bank Leumi Le Israel BM, including as the Deputy Chief Executive Officer of Leumi Partners Ltd. from 2001 to 2007 and as Deputy Head of the Subsidiaries Division of the Leumi Group from 1999 to 2001. Between 2004 and 2007, Ms. Ronen also led the strategic planning, deployment and execution of the Bachar Reform, one of Israel's largest financial reforms, at Leumi Group. As part of the implementation, Ms. Ronen managed the sale of Leumi's holdings in mutual, provident and training funds. Ms. Ronen currently serves as a director of Mizrahi Tefahot Bank Ltd., Fox-Wizel Ltd. and Perion Network Ltd. She also volunteers as a director of the College for Management (Michlala Le-Minhal) and Yissum Research Development Company of the Hebrew University of Jerusalem. Ms. Ronen has also served as a director of several portfolio companies of Viola, including: Amiad Water Systems Ltd. Orad Hi-Tec Systems Ltd., Aeronautics Ltd., Degania Medical Ltd. and Matomy Media

Group Ltd. Ms. Ronen holds a B.Sc. in mathematics and computer science from Tel Aviv University, as well as an M.B.A. from the Recanati School of Business Administration at Tel Aviv University. To the best knowledge of the Company and the Company's Directors, Ms. Ronen is not a Family Member of another Interested Party (as both terms are defined in the Israeli Securities Law (1968) (as amended) (the "Israeli Securities Law") in the Company. No further notice of appointment or removal of a Qualified Israeli Director was received by the Company from the Founding Israeli Shareholders. Ms. Ronen's re-appointment is not brought to the shareholders approval at the AGM and she continues to be a Qualified Israeli Director, until a contrary notice is duly received by the Company from the Founding Israeli Shareholders pursuant to the Company's Articles of Association (unless her office becomes vacant earlier in accordance with the provisions of the Israeli Companies Law and the Company's Articles of Association).

Under the Company's Articles of Association, the Board of Directors has the right to elect any person as a director and to fill an office which becomes vacant. Any director elected in such manner shall serve in office until the close of the coming annual general meeting and may be re-elected. Accordingly, on February 18, 2016, the Board of Directors has elected Mr. Barak Pridor as a director of the Company. The service of Mr. Barak Pridor was recommended by S.B. Israel Telecom Ltd., the Company's principal shareholder ("S.B.").

Mr. Adam Chesnoff, Mr. Elon Shalev, Mr. Fred Gluckman, Mr. Yoav Rubinstein, Mr. Arie Saban, Mr. Yehuda Saban, Mr. Arie Steinberg, Mr. Barak Pridor and Mr. Ori Yaron (as also listed in the table below) will terminate their office as directors of the Company as of the end of the AGM. It is proposed to re-elect these directors until the close of the next annual general meeting, unless their office becomes vacant earlier in accordance with the provisions of the Israeli Companies Law and the Company's Articles of Association. No change is hereby made to the service of Ms. Osnat Ronen as a Qualified Israeli Director and to the service of Mr. Barry Ben Zeev (Woolfson) and Dr. Michael Anghel as external directors (Dahatzim) of the Company.

The Company's Board of Directors has determined that the board should include at least three directors who are "accounting and financial experts" under the Israeli Companies Law and regulations promulgated thereunder. Mr. Adam Chesnoff, Dr. Michael Anghel, Mr. Barry Ben Zeev, Mr. Fred Gluckman, Ms. Osnat Ronen, Mr. Yoav Rubinstein, Mr. Arie Steinberg and Mr. Yehuda Saban were determined by the Board of Directors to be "accounting and financial experts" under the Israeli Companies Law and regulations promulgated thereunder. Dr. Anghel, Mr. Ben Zeev (Woolfson), Ms. Ronen and Mr. Steinberg also qualify as independent directors according to U.S. law and Dr. Anghel, Mr. Ben Zeev and Mr. Steinberg also qualify as independent directors under the Israeli Companies Law and regulations promulgated thereunder (bilty taluy).

The Compensation Committee and Board of Directors have considered several factors in connection with the proposed resolutions (in line with amendment no. 20 to the Israeli Companies Law (“Amendment No. 20”)), including the following: (a) that other than the Chairman of the Board of Directors, the directors' compensation should, generally, be in unified amounts (or calculated in a unified manner according to number of meetings, as the case may be) (as customary), and it is not appropriate to adjust it to the circumstances of each director individually; (b) that the Compensation (as defined below) proposed to the directors is appropriate considering their role, the responsibility imposed on them and considering the education, qualifications, expertise and professional experience and accomplishments of each of the directors; (c) that the Compensation should be set according to quantifiable criteria; (d) that as the directors do not hold full-time positions in the Company and as part of the final amount of the Compensation is not yet known (calculated based on participation in meetings), it is irrelevant to compare their Compensation to the compensation of Company employees (or the employees of manpower contractors who are working for the Company); (e) that the Compensation currently payable to directors does not include capital or variable components; (f) that it is meaningless to require a director to repay the Company amounts paid to him based on data that was later restated in the Company's financial statements, as the Compensation is dependent only on the number of meetings and the form of participation (participation in person, by means of communication or in writing); and (g) following approval of the Compensation by the shareholders, it is not appropriate that the directors will have discretion to reduce or otherwise change their own compensation without shareholders' approval.

The Compensation Committee and Board of Directors have noted that paying the proposed Compensation is important to enable the directors to promote the Company's objectives, its business plan and policy in the long term and to create proper and balanced incentives to the directors considering, among other things, the Company's risk-management policy, size and nature of activities. They also noted that paying the proposed Compensation is essential in order to ensure the recruitment and service of appropriate directors, having the qualifications, expertise and experience relevant to serving on the Company's Board of Directors, considering the high exposure faced today by directors in public companies and moreover in companies with securities publicly listed in the USA and in Israel.

It should be noted that the Compensation plan for the Company's directors is in accordance with the Company's New Compensation Policy for Office Holders that is being brought for shareholder approval (the “New Compensation Policy”) and is in line with Amendment No. 20.

The Compensation Committee and Board of Directors have noted the respective personal interests of the directors nominated for re-election and of Ms. Osnat Ronen in this matter.

The Compensation Committee and Board of Directors have resolved and recommended to the shareholders at the AGM:

(a) to approve the compensation of Mr. Adam Chesnoff, Mr. Elon Shalev, Mr. Fred Gluckman, Ms. Osnat Ronen, Mr. Yoav Rubinstein, Mr. Arieh Saban, Mr. Arie Steinberg, Mr. Ori Yaron and Mr. Yehuda Saban, commencing from the close of the AGM, and to approve and ratify the compensation of Mr. Barak Pridor, commencing from the date of his appointment (February 18, 2016), for their respective services to the Company as directors, which is equal to: (i) an annual fee of NIS 180,000 (one hundred and eighty thousand NIS); and (ii) an attendance fee of NIS 4,000 (four thousand NIS) per meeting, applicable from the fifth meeting per year (100% thereof for participation in person, 60% thereof by means of communication, or 50% thereof in writing), in each such case, linked to the Israeli Consumer Price Index published for December 2007, but in any event no less than an aggregate amount per annum equal to U.S. \$50,000 (U.S. Dollars fifty thousand, payable according to the representative exchange rate on the payment date) as previously approved by the shareholders (the "Compensation");

(b) to approve and ratify the reimbursement of reasonable expenses in connection with the performance of their role as directors of each of the directors listed in clause (a) above, as determined by the Compensation Committee. The Compensation Committee has determined that reasonable expenses shall include the following expenses: taxi fare (as needed, upon submission of receipts); in case of international traveling - traveling expenses, including business class airline tickets; hotel expenses (up to a budget of \$300 per night); and additional expenses (Per diem - \$80, communication expenses and travel insurance) (such expenses, as may be updated by a non-significant amount by the Compensation Committee, from time to time, the "Reasonable Expenses"); and

(c) to approve that the directors listed in clause (a) above will continue to benefit from the Company's existing D&O insurance policy.

The Compensation Committee and Board of Directors have also resolved and recommended to the shareholders at the AGM, to approve and ratify, subject to the adoption of Resolution 5 below, that Mr. Barak Pridor will benefit from indemnification under said resolution.

In addition, the Compensation Committee and Board of Directors have resolved and recommended to the shareholders at the AGM, to approve that the directors be granted a new indemnification letter that includes, inter alia, release provisions ("Indemnification and Release Letter"), as set forth in Resolution 7 below and that insofar as the AGM will not approve the Indemnification and Release Letter, the directors will continue to benefit from the existing indemnification letters which will continue in full force and effect.

Proxies (other than those directing the proxy holders not to vote for all of the listed nominees) will be voted for the election of all of the nominees, to hold office until the close of the next annual general meeting, unless their office becomes vacant earlier in accordance with the provisions of the Israeli Companies Law and the Company's Articles of Association. In the event any one or more of such nominees shall be unable to serve, the proxies will be voted for the election of such other person or persons as shall be determined by the proxy holder in accordance with his or her best judgment. The Company is not aware of any reason why any of the nominees, if elected, should not be able to serve as a director.

ITEM 5

APPROVAL AND RATIFICATION OF THE GRANT OF AN
INDEMNIFICATION LETTER TO A DIRECTOR

The Israeli Companies Law and the Company's Articles of Association authorize the Company, subject to the required approvals, to indemnify and to undertake in advance to indemnify directors and other Office Holders (as such term is defined in the Israeli Companies Law) of the Company for liabilities or expenses an office holder will incur, or that will be imposed on him, as a result of an action or inaction by such person (or together with other directors or Office Holders of the Company) in his capacity as an Office Holder of the Company.

The Israeli Companies Law combined with the Israeli Securities Law authorize indemnification for:

financial liability incurred or imposed in accordance with a judgment, including a judgment given in a settlement or a judgment of an arbitrator approved by a court; provided, that such liability pertains to one or more of the events set forth in the indemnification letter, which, in the opinion of the Board of Directors of the company, are
(i) anticipated in light of the company's activities at the time of the grant of indemnification and is limited to the sum or measurement of indemnification determined by the Board of Directors to be reasonable under the circumstances and set forth in the indemnification letter;

reasonable legal expenses, including attorney fees, incurred or ordered by a court in the context of proceedings
(ii) filed by or on behalf of the company or by a third party, or in a criminal proceeding in which the director or office holder is acquitted or if convicted, for an offense which does not require criminal intent;

- reasonable legal expenses, including attorney fees, incurred due to an investigation or proceeding conducted by an authority authorized to conduct such investigation or proceeding and which has ended without the filing of an indictment against the director or office holder and no financial liability was imposed on the director or office holder in lieu of criminal proceedings, or has ended without the filing of an indictment against the director or office holder, but financial liability was imposed on the director or office holder in lieu of criminal proceedings in an alleged criminal offense that does not require proof of criminal intent, within the meaning of the relevant terms in the law or in connection with a financial sanction (Itzum Caspi);
- (iii) Payment to the injured party as a result of a violation set forth in Section 52.54(a)(1)(a) of the Israeli Securities Law, including by indemnification in advance; and

- Expenses incurred in connection with a proceeding (a "Proceeding" - halich) under Chapters H3, H4 or I1 of the Israeli Securities Law, or under Chapter 4 of Part 9 of the Israeli Companies Law, in connection with any affairs including reasonable legal expenses (including attorney fees), including by indemnification in advance.
- (v)

The Israeli Companies Law combined with the Israeli Securities Law provides that a company may not indemnify a director or an office holder for his liability including for: (a) a breach of duty of loyalty towards the company, unless the director or office holder acted in good faith and had reasonable grounds to assume that the action would not harm the company's best interest; (b) a breach of duty of care done intentionally or recklessly (pezizut) except for negligence; (c) an act intended to unlawfully yield a personal profit; (d) a fine, civil fine (knass ezrahi), financial sanction (Itzum Caspi) or a penalty (kofer) imposed upon the director or office holder; and (v) a Proceeding (halich) ("Indemnification Exclusions").

At the Extraordinary General Meeting of shareholders held on October 17, 2013 (the "EGM"), the shareholders of the Company approved and ratified the grant of a revised indemnification letter (the "Revised Indemnification Letter") to the directors nominated by S.B. and Scailix Corporation Ltd., who were serving on the Board of Directors at that time, for serving as the Company's directors, or as a director or office holder on behalf of the Company in other companies. The Revised Indemnification Letter is attached hereto as Annex "C". The grant of an indemnification letter to the rest of the directors currently serving on the Board of Directors - Dr. Michael Anghel, Mr. Barry Ben Zeev, Ms. Osnat Ronen and Mr. Arie Steinberg - was approved at the Annual General Meeting held on May 8, 2012.

According to the Revised Indemnification Letter, the aggregate indemnification amount payable by the Company to all indemnified persons pursuant to all letters of indemnification issued to them by the Company on or after the date of the EGM, which indemnification letters include a maximum indemnity amount substantially similar to the Maximum Indemnity Amount under Section 3.13 of the Revised Indemnification Letter (the "Maximum Indemnity Amount"), for any occurrence of an event set out in Schedule I to the Revised Indemnification Letter (each, an "Event"), will not exceed 25% of shareholders equity (according to the latest reviewed or audited financial statements approved by Partner's Board of Directors prior to approval of the indemnification payment); provided, however, that under the circumstances where indemnification for the same Event is to be made in parallel to (i) an indemnified person and such other indemnified persons under a Revised Indemnification Letter (or other letters including a maximum indemnity amount substantially similar to the Maximum Indemnity Amount), and to (ii) one or more indemnified persons under indemnification letters issued by Partner containing a maximum indemnity amount which is the higher of 25% of shareholders equity and 25% of market capitalization (the "Combined Maximum Indemnity Amount"), the Maximum Indemnity Amount for all indemnified persons under the Revised Indemnification Letter (or other letters including a maximum indemnity amount substantially similar to the Maximum Indemnity Amount) shall be adjusted so it does not exceed the Combined Maximum Indemnity Amount to which any other indemnified person is entitled under any indemnification letter containing the Combined Maximum Indemnity Amount.

The Compensation Committee and Board of Directors have considered several factors in connection with the proposed resolutions (in line with Amendment No. 20), including the following: (a) that generally, the indemnification letter should be in a uniform manner for all directors (as customary) at the time of the grant and it is not appropriate to adjust it separately to the circumstances of each director or to other compensation he receives from the Company and it should be set according to quantifiable criteria and it is irrelevant to compare the indemnification letter to the compensation of Company employees (or the employees of manpower contractors who are working at the Company). In addition, the essence of the indemnification letter does not allow for the possibility of retaining discretion with respect to a reduction of the indemnification when it is actually paid; (b) that the Revised Indemnification Letter includes a condition that clarifies that a director will be required to repay the Company amounts paid to him based on data that was later restated in the Company's financial statements; (c) that granting indemnification letters to directors is important to enable the directors to promote the Company's objectives, its business plan and policy in the long term and to create proper and balanced incentives to the directors considering, among other things, the Company's risk-management policy, size and nature of activities; (d) that granting indemnification letters to directors is essential in order to ensure the recruitment and service of appropriate directors, having the qualifications, expertise and experience relevant to serving on the Company's Board of Directors, considering the high exposure faced today by directors in public companies and moreover in companies with securities publicly listed in the USA and in Israel.

The Compensation Committee and the Board of Directors of the Company have resolved and recommended to the shareholders at the AGM to approve and ratify, the grant of an indemnification letter to Mr. Barak Pridor, resolved that the Maximum Indemnity Amount is reasonable given the circumstances and that the indemnification events listed in Schedule I of the Revised Indemnification Letter are anticipated in light of Partner's current activities, and resolved that such resolutions are in the best interest of the Company. The Compensation Committee and the Board of Directors have noted the Personal Interest of Mr. Barak Pridor and the directors nominated by S.B. in this matter.

It is hereby proposed to issue to Mr. Barak Pridor, who was appointed as a director on February 18, 2016 (as described above under Resolution 4) and has not yet been issued an indemnification letter, with respect to his serving as a director in the Company or as a director or office holder on behalf of the Company in other companies, the Revised Indemnification Letter, attached as Annex "C" effective February 18, 2016.

It is proposed that at the AGM the following resolutions be adopted:

(i) “RESOLVED: to approve and ratify the Company’s undertaking to indemnify Mr. Barak Pridor and to provide him with the Revised Indemnification Letter;

RESOLVED: the Maximum Indemnity Amount is reasonable given the circumstances and that the indemnification (ii) events listed in Schedule I of the Revised Indemnification Letter are anticipated in light of Partner's current activities; and

(iii) RESOLVED: these resolutions are in the best interest of the Company.”

The vote of the holders of a majority of the Ordinary Shares participating in the AGM and voting on the matter is required for the approval of item 5 on the agenda; provided, that one of the following conditions is fulfilled: (i) the majority of votes in favor of the matter shall include at least a majority of the votes of shareholders not constituting Controlling Parties in the Company, or those having a Personal Interest in the approval of the item participating in the vote; which votes shall not include abstaining votes; or (ii) the total number of objecting votes of the shareholders mentioned in clause (i) does not exceed 2% of the total voting rights in the Company.

A shareholder shall notify the Company at the address above at least four (4) hours prior to the time of the AGM, whether the shareholder is a Controlling Party in the Company or the shareholder has a Personal Interest in the approval of item 5 on the agenda or not, as a condition for that shareholder's right to vote and be counted with respect to this item. A shareholder voting, by means of a Deed of Vote, may include said notice regarding his Controlling Party Interest or his Personal Interest on the Deed of Vote (to be submitted to the Company at least four (4) hours prior to the time of the AGM).

The Board of Directors recommends a vote FOR approval of these proposed resolutions.

ITEM 6

AMENDMENT OF THE COMPANY'S ARTICLES OF ASSOCIATION

The Company proposes to amend its Articles of Association to reflect certain legislative amendments to provisions that have changed or will change from time to time inter alia, amendment of the provisions with respect to insurance, indemnification and release to Office Holders. In light of the current business environment and the challenging period in the Israeli telecommunications market, the Company is of the opinion that its Office Holders should be provided with proper protection in order to allow them the necessary latitude in making business decisions while taking calculated risks in good faith and for the benefit of the Company.

The full text of the proposed amendments is annotated on the amended Articles of Association attached hereto as Annex "D". The summary below is qualified in its entirety by reference to the full text of the annotated Articles of Association attached hereto as Annex "D".

The proposed amendments include the following matters:

Insurance and indemnification. The Israeli Restrictive Trade Practice Law was amended to permit a company to (i) insure and indemnify its Office Holders for expenses, including reasonable legal fees, including attorney fees, incurred by the Office Holder with respect to a proceeding in accordance with the Restrictive Trade Practices Law.

Release. Our Articles of Association allow the Company to release an Office Holder in the Company, in advance, from his liability, entirely or partially, for damage in consequence of the breach of the duty of care toward the Company in accordance with any law. It is proposed to revise this section to include Office Holders that are (ii) controlling shareholders or their relatives, subject to the receipt of the approvals in accordance with any law. Said release will not apply to a resolution or transaction in which the controlling shareholder or any Office Holder in the Company (including other Office Holders than the Office Holder being granted the release) has a personal interest.

We propose amending Articles 33.2.6, 34.2.6 and 35.2 in the Articles of Association accordingly.

The Audit Committee and Board of Directors have resolved and recommended to the shareholders at the AGM, to approve the amendments to the Articles of Association, detailed in the form annotated on Annex "D" attached hereto, and noted that these amendments are in the best interest of the Company. The Audit Committee and Board of Directors noted that all the directors have a Personal Interest in these Articles.

It is proposed that at the AGM the following resolutions be adopted:

"RESOLVED: to approve the amendments to the Articles of Association, substantially in the form annotated on Annex "D" attached hereto, as follows:

- (i) with respect to the insurance and indemnification of the Company's Office Holders, as described in item 6(i) above;
- (ii) with respect to release of the Company's Office Holders, as described in item 6(ii) above; and

RESOLVED: these resolutions are in the best interest of the Company."

The vote of the holders of at least seventy five percent (75%) of the Ordinary Shares participating in the AGM and voting on the matter is required for the approval of item 6 on the agenda; provided, that one of the following conditions is also fulfilled: (i) the majority of votes in favor of the matter shall include at least a majority of the votes of shareholders not having a Personal Interest in the approval of the item participating in the vote; which votes shall not include abstaining votes; or (ii) the total number of objecting votes of the shareholders mentioned in clause (i) does not exceed 2% of the total voting rights in the Company.

A shareholder shall notify the Company at the address above at least four (4) hours prior to the time of the AGM, whether the shareholder is a Controlling Party in the Company or the shareholder has a Personal Interest in the approval of item 6 on the agenda or not, as a condition for that shareholder's right to vote and be counted with respect to this item. A shareholder voting, by means of a Deed of Vote, may include said notice regarding his Controlling Party Interest or his Personal Interest on the Deed of Vote (to be submitted to the Company at least four (4) hours prior to the time of the AGM).

The Board of Directors recommends a vote FOR approval of these proposed resolutions

ITEM 7

APPROVAL OF A NEW INDEMNIFICATION AND RELEASE LETTER TO THE COMPANY'S OFFICE HOLDERS

The Israeli Companies Law and the Company's Articles of Association authorize the Company, subject to the required approvals, to indemnify and to undertake in advance to indemnify and release directors and other Office Holders (as such term is defined in the Israeli Companies Law) of the Company for liabilities or expenses an Office Holder will incur, or that will be imposed on him, as a result of an action or inaction by such person (or together with other Office Holders of the Company) in his capacity as an Office Holder of the Company. Accordingly the Company has granted its Office Holders indemnification letters as detailed in Resolution 5 above.

Subject to the approval of Resolutions 6 above and 8 below regarding amendments to the Company's Articles of Association and approval of a new Compensation Policy for Office Holders, the Company proposes to approve a new indemnification and release letter to be granted to the Company's Office Holders, to include release of Office Holders from liability for breach of the duty of care towards the Company, that are serving at the date of the AGM and that will serve in the Company from time to time as well as other amendments detailed in the Indemnification and Release Letter attached hereto as Annex "E".

The Indemnification and Release Letter is in line with prevailing market conditions, is in accordance with legal provisions in general and the Israeli Companies Law in particular and is in line with both the Company's Articles of Association (that changes to it are being brought for shareholder approval in Resolution 6) as well as the new Compensation Policy for Office Holders (that is being brought for shareholder approval in Resolution 8).

The Company's Compensation Committee and Board of Directors are of the opinion that the Indemnification and Release Letter includes an updated list of anticipated events for which it is customary to indemnify and the grant of release in advance to Office Holders of the Company from liability, entirely or partially, for damage caused and/or that will be caused to the Company, insofar as will be caused, in consequence of breach of duty of care toward the Company while acting in good faith, in their capacity as Office Holders to the extent that will be allowed at the time of the release by law. This will allow them to properly fulfil their duties while considering the entailed calculated risks and the responsibility imposed on them by law. The detailed events and the provision of release provide customary and accepted protection for the Office Holders in order to allow them the necessary latitude, in accordance with the law and to make business decisions for the benefit of the Company.

The release will not apply to a breach of duty of care in a distribution ("haluka") and will not apply to the Indemnification Exclusions detailed in Resolution 5 above except for sub-section (v) of the Indemnification Exclusions. According to the Company's Articles of Association (that are being brought for shareholder approval (Resolution 6 above), release will not be given for a resolution or transaction in which the controlling shareholder or any office holder in the Company (including other Office Holders than the one being granted the release) has a personal interest. This release from liability will be for amounts for which the Office Holders are not entitled to indemnification in accordance with the Company's D&O insurance policy.

The Indemnification and Release Letter shall not cancel, derogate or constitute a waiver of any other indemnification that the Office Holder is entitled to in accordance with the provisions of any law or in accordance with any previous undertaking of the Company and/or previous agreement with the Company, insofar as the said undertaking is legally valid, and from any other resolution of the Company to grant indemnification to an Office Holder in the Company. It is clarified that the Company will not be obligated to indemnify an Office Holder for the same event, both in accordance with any previous undertaking (if and insofar as it will be valid) as well as in accordance with this Indemnification and Release Letter. In any case in which an Office Holder can be indemnified, by law, both in accordance with this Indemnification and Release Letter and a previous undertaking of the Company, the Company's Audit Committee (and insofar as the majority of its members have a Personal Interest, a special committee of two directors that do not have a Personal interest shall be formed) shall decide, subject to all legal provisions, according to which undertaking the Office Holder should be indemnified.

The Compensation Committee and Board of Directors have resolved and recommended to the shareholders at the AGM, to approve the proposed amendments to the indemnification letter, detailed in the form annotated on Annex "E" attached hereto, and noted that these amendments are in the best interest of the Company.

The Compensation Committee and Board of Directors noted the Personal Interest of the directors in receiving the Indemnification and Release Letter.

It is proposed that at the AGM the following resolutions be adopted:

RESOLVED: to approve the Indemnification and Release Letter, substantially in the form annotated on Annex "E";

RESOLVED: to grant to all of the Office Holders of the Company the Indemnification and Release Letter, substantially in the form annotated on Annex "E"; and

RESOLVED: these resolutions are in the best interest of the Company."

The vote of the holders of a majority of the Ordinary Shares participating in the AGM and voting on the matter is required for the approval of item 7 on the agenda; provided, that one of the following conditions is fulfilled: (i) the majority of votes in favor of the matter shall include at least a majority of the votes of shareholders not constituting Controlling Parties in the Company, or those having a Personal Interest in the approval of the item participating in the vote; which votes shall not include abstaining votes; or (ii) the total number of objecting votes of the shareholders mentioned in clause (i) does not exceed 2% of the total voting rights in the Company.

A shareholder shall notify the Company at the address above at least four (4) hours prior to the time of the AGM, whether the shareholder is a Controlling Party in the Company or the shareholder has a Personal Interest in the approval of item 7 on the agenda or not, as a condition for that shareholder's right to vote and be counted with respect to this item. A shareholder voting, by means of a Deed of Vote, may include said notice regarding his Controlling Party Interest or his Personal Interest on the Deed of Vote (to be submitted to the Company at least four (4) hours prior to the time of the AGM or if voted electronically, no later than four (4) hours before the time fixed for the AGM).

ITEM 8

The Company last adopted a compensation policy for its Office Holders (as such term is defined in the Israeli Companies Law) in October 17, 2013 ("Former Compensation Policy"). At least once every three years the Compensation Policy shall be submitted for the approval of the General Meeting of shareholders as required pursuant to the Israeli Companies Law.¹

Therefore, we propose adopting hereby, a new compensation policy for our Office Holders, substantially in the form attached hereto as Annex "F" (the "New Compensation Policy" or the "Policy"). For the shareholders' convenience, attached hereto as Annex "G" is an English convenience translation of the binding Hebrew Compensation Policy.

However, to the extent permitted by law, if the General Meeting shall oppose approving the Policy, the Compensation Committee and Board of Directors shall be able to approve the Policy, after having held another discussion of the Policy and after having determined, on the basis of detailed reasoning, that, notwithstanding the opposition of the General Meeting, the adoption of the Policy is for the benefit of the Company.

The Terms of Office and Employment² of each of our Office Holders are to be determined on the basis of the Compensation Policy (the "Compensation" or the "Compensation Plan") and shall be submitted for approval by our Compensation Committee, our Board of Directors and, if applicable, the General Meeting of shareholders, as required under the Israeli Companies Law.³

The purpose of the Policy is to set guidelines for the mode of compensation of our Office Holders. Therefore, the indices presented in the Policy are intended to prescribe an adequately broad framework that shall enable our Compensation Committee and Board of Directors to formulate personal Compensation Plans⁴ for any Office Holder or a particular compensation component according to individual circumstances (including unique circumstances), according to the Company's needs, in a manner that is congruent with the Company's benefit and the Company's overall strategy over time. We deem our Office Holders as partners in the Company's success and the holistic approach to Office Holders' Compensation derives from this view. It is hereby clarified that no statement in the Policy or herein purports to vest any right to the Office Holders to whom the principles of the Policy apply, or to any other third party, and not necessarily will use be made of all of the components and ranges presented in the Policy.

The New Compensation Policy is based on principles that enable a proper balance between the desire to reward Office Holders for their achievements and the need to ensure that the structure of the Compensation is in line with the Company's benefit and overall strategy over time.

The New Compensation Policy was formulated with the aim of advancing the Company's objectives, its work plans and its policies with a long-term perspective, and in a manner that creates appropriate incentives for the Company's Office Holders, while taking into account, inter alia, the Company's risk-management policy, its size, its financial position and the nature of its activities. The Compensation Policy was set in a manner that will be congruent with the Company's business strategy and will constitute an incentive to implement it, and in a manner designed to enhance the Office Holders' sense of identification with the Company and its activities, increase their satisfaction and motivation and ensure that the Company can retain those Office Holders who have been contributing to the Company over time.

The New Compensation Policy does not serve to adversely affect existing agreements between the Company and its employees and it was not formulated to prejudice an existing compensation of any of the Office Holders of the Company, on which the Office Holders have relied during their employment by the Company. The Company shall abide by all existing arrangements that were in effect on the inception date of Amendment 20 to the Companies Law and/or on the date of approval of this Policy, and for as long as these agreements shall remain in effect. Any existing Compensation (including Bonuses), where the granting thereof and the method used to determine it are not discretionary (such as a Bonus deriving from predefined quantitative targets or calculated according to the period of employment), is not subject to approvals according to this Compensation Policy or Amendment 20; any existing Compensation where the granting thereof is discretionary (such as a Bonus being awarded in recognition of overall contribution to the Company) shall require approval as required pursuant to the Companies Law.

As this term is defined in the Israeli Companies Law from time to time. As of the adoption date of this Policy - the terms of office or employment of an Office Holder, including the granting of an exemption, insurance, an undertaking to indemnify, or an indemnification under an undertaking to indemnify, Severance Bonus, and any benefit, other payment or undertaking of a payment as stated, which are given because of service or employment as stated. Capitalized terms referring to the Policy that are not defined herein, shall have the respective meanings ascribed to them in the Policy.

Insofar as the Office Holder is holding office through a company under his/her control, the provisions of the Compensation Policy shall apply mutatis mutandis: the Compensation to an Office Holder shall be paid against an invoice and not as a wage, and the components of the Compensation will be normalized so that, in economic terms, they will conform to that stated in this Policy.

4

“Compensation Plan” - is defined in the Policy as a plan relating to the Terms of Office or Employment of an Office Holder or a number of Office Holders of the Company, regarding a particular matter or a variety of matters.

Our Board of Directors is responsible for managing and implementing the Compensation Policy and shall discuss and determine the procedure for supervising the proper implementation of the Compensation Policy, intended to ensure that it is being implemented. In addition, the Board of Directors has the authority to interpret the provisions of the Compensation Policy in any instance of doubt as how to implement it.

At least once every three years, and following our Compensation Committee's recommendation, our Board of Directors shall discuss and decide whether to approve a Compensation Policy for our Office Holders that will advance our targets. Our Compensation Committee and Board of Directors shall also review our Compensation Policy and the need to amend it to conform to the provisions of the law from time to time, or in the event that a material change in circumstances occurs from those that had existed when the Policy was last approved or for other reasons.

According to the provisions of the Israeli Companies Law, our Board of Directors has appointed a board committee for compensation matters - the Compensation Committee, comprised, as of the date hereof, of three members - all of our serving external directors (Mr. Barry Ben Zeev (Woolfson), Chairman and Dr. Michael Anghel) and one independent director (bilty talui) (Mr. Arie Steinberg).

The Company designed the Compensation mechanism for Office Holders in a manner intended to encourage improvement in the Company's business processes and mode of operation and to encourage the increase of the Company's profitability over time. The Compensation Policy prescribes an outline of principles whereby a Compensation Plan shall be defined for each of the Office Holders, which is generally comprised of three components - Ongoing Remuneration, annual Bonus and Equity Compensation (as these terms are defined in the Policy), all pursuant to the principles specified in the Policy. Without limiting the generality of the foregoing, the compensation levels of the Company's Office Holders shall be within the customary range for Office Holders at similar companies included in a comparative survey used by the Company in order to compare the reasonability and outward fairness of its compensation system and the terms thereof in the Policy are a maximum level, not conferring a right to any employee to demand these terms. The annual Bonus, payment of which is subject to a minimum criterion, is based on a targets plan at the level of the Company, the division and a personal evaluation. The targets plan is usually defined in advance shortly after the Company's budget is approved for the following year. Finally, the Equity Compensation is intended to align the long-term interests of our Office Holders with those of our shareholders (however the real value thereof at the time of exercise, if any, is difficult to determine). As we wish to limit our fixed expenses (the Ongoing Remuneration) while preserving flexibility to attract and retain high-quality Office Holders, there is a fundamental preference in the Policy for allowing a relatively wide range of Variable Components for future utilization.

Further details regarding the principles for and outline of Office Holders' personal Compensation Plans and of various compensation components are detailed in the full text of the Compensation Policy. The summary above is qualified in its entirety by reference to the full text of the Policy.

The New Compensation Policy of the Company revises the Former Compensation Policy with respect to various matters and issues that need to be updated and amended since the adoption of the Former Compensation Policy due to changes in market practices since then, as well as adaptation to legislative changes.

Listed below is a summary of the main amendments made to the Compensation Policy compared with our Former Compensation Policy:

1. Clause 5.2.3 was amended to allow the Company to determine a fixed and variable compensation mechanism (in cash and equity) for the chairman of the Board of Directors under conditions that will not exceed 80% of the possible conditions of the CEO of the Company in accordance with the Compensation Policy.

2. Clause 5.3 was amended so that the maximum sum of the various variable components that may be granted to an Office Holder with respect to one calendar year was reduced compared to the Former Compensation Policy.

3. Clause 5.4.1 was amended so that the monthly salary that will be determined for an Office Holder in the Company shall be up to a maximum of the 90th percentile compared to the monthly salary of parallel Office Holders in benchmark companies.

4. Clause 5.4.4.4 was amended so that the Company may be allowed to grant Office Holders in the Company additional benefits at a rate that will not exceed 10% of the annual cost of the fixed component of the relevant Office Holder.

5. Clause 5.5.1 was amended so that the minimum criterion for receiving the annual bonus will be that the total EBITDA shall not have decreased by more than 35% of the EBITDA for the year preceding the year in respect whereof the bonus is payable.⁵

6. Clause 5.5.1.3(c) was amended so that the weight to be assigned to the "personal evaluation" category in the formula of the annual bonus calculation shall not exceed the higher of 20% or not more than three monthly salaries in a year.

It should be noted that in accordance with the terms of service and employment that were approved for the CEO by the General Meeting on October 27, 2015, the minimum criterion that applies to the annual bonus for the CEO is that the total EBITDA shall not have decreased by more than 40% of the total EBITDA for the year preceding the year in respect whereof the bonus is payable, in accordance with the Former Compensation Policy.

7. Clause 5.5.3 was amended so that the maximum of the special bonuses that can be granted to an Office Holder regarding one calendar year was reduced compared to the Former Compensation Policy.
8. Clause 5.6.11 was added to include the maximum value of equity compensation of a type that is cleared in cash.
9. Clause 6.2 was added and includes the main conditions of the Office Holders' liability insurance policy (including directors and the Company's CEO) that the Company may enter into during the period of the Compensation Policy.
 10. Clause 6.6 was added and includes the right to grant Office Holders a release in advance from liability for a breach of a duty of care towards the Company subject to the terms set forth in the clause.
11. Clause 7 was amended so that the CEO has the authority to approve immaterial amendments to the terms of employment of an Office Holder that is subordinate to him.

The summary is qualified in its entirety by reference to the full text of the Compensation Policy.

Our Compensation Committee has considered various matters in connection with our New Compensation Policy during several Committee meetings. Thereafter, it has approved the New Compensation Policy and recommended that our Board of Directors and our shareholders approve it. Our Board of Directors has conducted a meeting to consider the Compensation Policy recommended by our Compensation Committee (the last meeting focused on the amendments that were made to the Former Compensation Policy). In their extensive deliberations, our Compensation Committee and our Board of Directors have respectively considered numerous factors and aspects affecting the Policy and discussed the provisions of the Policy as well as various compensation components included in the Policy.

The directors noted that the New Compensation Policy was formulated with the aim of advancing the Company's objectives, with a long-term perspective, while preserving a high management level in the Company, at a challenging time in the Israeli telecommunications market.

The directors noted that the New Compensation Policy is based on principles that enable a proper balance between the desire to reward Office Holders for their achievements and the need to ensure that the structure of the Compensation is in line with the Company's benefit and overall strategy over time. The purpose of the Policy is to set guidelines for the mode of Compensation of our Office Holders. The directors deem our Office Holders as partners in the Company's success and the holistic approach to Office Holders' Compensation derives from this view.

While setting the New Compensation Policy, our Compensation Committee and Board of Directors discussed the provisions of the Policy regarding existing agreements and included a statement in the Policy clarifying that no change should be made to Compensation Plans already approved before the date of approval of the Compensation Policy by the shareholders (inclusive).

The Compensation Committee and Board of Directors have respectively resolved: (i) to approve the New Compensation Policy and recommend that our shareholders approve it; (ii) that the New Compensation Policy is based on principles that enable a proper balance between the desire to reward Office Holders for their achievements and the need to ensure that the structure of the Compensation is in line with the Company's benefit and overall strategy over time and that adoption of the New Compensation Policy is important to advance the Company's objectives, with a long-term perspective, at a challenging time in the Israeli telecommunications market; and (iii) that these resolutions are in the best interest of the Company.

The Compensation Committee and Board of Directors have noted the respective personal interests of all our directors in the resolutions below.

It is proposed that at the AGM the following resolutions be adopted:

“RESOLVED: to approve the New Compensation Policy in the form attached hereto as Annex “F”; and

RESOLVED: this resolution is in the best interest of the Company.”

The vote of the holders of a majority of the Ordinary Shares participating in the AGM and voting on the matter is required for the approval of item no. 8 on the agenda; provided, that one of the following conditions is fulfilled: (i) the majority of votes in favour of the matter shall include at least a majority of the votes of shareholders not constituting Controlling Parties in the Company, or those having a Personal Interest in the approval of this item, participating in the vote; which votes shall not include abstaining votes; or (ii) the total number of objecting votes of the shareholders mentioned in clause (i) does not exceed 2% of the total voting rights in the Company.

A shareholder shall notify the Company on the Deed of Vote submitted to the Company at the address above at least four (4) hours prior to the time of the AGM or if voted electronically, no later than four (4) hours before the time fixed for the AGM, whether the shareholder is a Controlling Party in the Company or the shareholder has a Personal Interest in the approval of item 8 on the agenda or not, as a condition for that shareholder's right to vote and be counted with respect to this item.

The Board of Directors recommends a vote FOR approval of these proposed resolutions.

RESTRICTIONS ON VOTING RIGHTS

Partner conducts its operations pursuant to licenses granted to Partner, directly or indirectly, by the Minister of Communications of the State of Israel (including the License). Partner's Articles of Association and, with respect to shareholders other than shareholders of Partner prior to its public offering, the License contains provisions that may cause the suspension of voting rights of the holders of Ordinary Shares or ADSs if such voting rights would breach the ownership limits contained in the License. These limits prohibit the transfer or acquisition of 10% or more of Partner's means of control and acquisition of control of the Company without the consent of the Minister of Communications of Israel, and restrict cross-control and cross-ownership of other mobile telephone operators in Israel, and shareholdings and agreements which may reduce or harm competition. Ordinary Shares or Ordinary Shares represented by ADSs held in breach of these limits may be considered dormant shares. Notwithstanding anything to the contrary in this Proxy Statement, dormant shares will not bear any rights to which the holders would otherwise be entitled, other than the right to receive dividends and other distributions to shareholders (including the right to participate in rights offerings). Specifically, the holders of dormant shares will not have voting rights with respect to their dormant shares, nor will they have the right to participate in general meetings of shareholders. Under certain licenses granted, to Partner, directly or indirectly, approval of, or notice to, the Minister of Communications of the State of Israel may be required for holding of 5% or more of Partner's means of control.

Any shareholder seeking to vote at the EGM must notify the Company prior to the vote, or indicate on the Deed of Vote (if a shareholder is seeking to vote by Deed of Vote), or indicate on the Deed of Authorization (if a shareholder is seeking to appoint a proxy by a Deed of Authorization), if any of the shareholder's holdings in Partner or the shareholder's vote require the consent of the Minister of Communications due to a breach by the shareholder of the restrictions on the transfer or acquisition of means of control or acquisition of control of Partner, or the provisions regarding cross-ownership or cross-control of other mobile telephone operators in Israel, in each case as specified in Sections 21 and 23 of the License (a translation of Sections 21-24 of the License is attached hereto as Annex "D"). If a shareholder does not provide such notification, the shareholder shall not vote and, if the shareholder has voted, his vote shall not be counted.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the shareholders of
PARTNER COMMUNICATIONS COMPANY LTD.

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of income, of comprehensive income, of changes in equity and of cash flows present fairly, in all material respects, the financial position of Partner Communications Company Ltd and its subsidiaries at December 31, 2015 and 2014 and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2015 in conformity with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"). Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2015, based on criteria established in Internal Control - Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company's management and Board of Directors are responsible for these financial statements, for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control over Financial Reporting Appearing under item 15(b). Our responsibility is to express opinions on these financial statements and on the Company's internal control over financial reporting based on our integrated audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and Board of Directors and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Partner Communications Company Ltd. ("the Company", "Partner") is a leading Israeli provider of telecommunications services under the orange™ brand until February 15, 2016, and under the Partner brand thereafter, and under the 012 Smile brand. The Company is incorporated and domiciled in Israel and its principal executive office's address is 8 Amal Street, Afeq Industrial Park, Rosh-Ha'ayin 48103, Israel.

The Company's share capital consists of ordinary shares, which are traded on the Tel Aviv Stock Exchange Ltd. ("TASE") under the symbol "PTNR". American Depositary Shares ("ADSs"), each representing one of the Company's ordinary shares, are quoted on the NASDAQ Global Select Market™, under the symbol "PTNR". See also note 21(a).

On January 29, 2013, S.B. Israel Telecom Ltd., an affiliate of Saban Capital Group Inc., became the Company's principal shareholder. Until January 29, 2013, the ultimate parent company was Suny Electronics Ltd., which is the parent company of Scailex Corporation Ltd, which was the Company's parent since October 28, 2009 ("Scailex"), see note 26 (a).

In November 2013, the Company and Hot Mobile Ltd ("Hot Mobile") entered into a network sharing agreement ("NSA") and a right of use agreement. Pursuant to the NSA, the parties created a 50-50 limited partnership - P.H.I. Networks (2015) Limited Partnership (Hereinafter "PHI"), which will operate and develop a radio access network to be shared by both parties, starting with a pooling of both parties' radio access network infrastructures to create a single shared pooled radio access network. PHI began its operations in July 2015. See note 9 and note 2(c)(2).

In September 2014, the Company recognized the general labor organization - the Histadrut New General Labor Organization, as the representative labor union of the Company's employees. See note 22(d).

The Company announced that it had given notice to Orange Brand Services Ltd ("Orange") of its decision to settle the Orange brand license agreement, see note 18.

These consolidated financial statements of the Company as of December 31, 2015, are comprised of the Company and its subsidiaries and partnerships (the "Group"). See the list of subsidiaries and partnerships and principles of consolidation in note 2(c)(1), see also 2(c)(2) with respect to investment in PHI.

b. Operating segments

The operating segments were determined based on the reports reviewed by the Chief Executive Officer (CEO) who is responsible for allocating resources and assessing performance of the operating segments, and therefore is the Chief Operating Decision Maker ("CODM"), and supported by budget and business plans structure, different regulations and licenses (see (d) below), as well as managerial responsibilities. The CEO considers the business from two operating segments, as follows (see also note 5):

(1) Cellular segment

The cellular segment includes cellular communication services such as airtime calls, international calls, messaging, browsing, content services, roaming services, and from other operators' usage of the Company's cellular network. Most of post-paid cellular tariff plans for private customers are bundles which include unlimited amounts of calls

minutes and messaging, as well as browsing packages. Content services include voice mail, multimedia messaging and streaming broadcast content, as well as downloadable wireless data applications, including ringtones, GPS services, music, games, and other informational content.

NOTE 1 - GENERAL (continued)

b. Operating segments (continued)

Roaming services include calls, messaging and browsing services on networks with which the Company has a commercial roaming relationship. Other optional services, such as equipment extended warranty plans are also provided for monthly fees and are either sold separately or included in rate plan packages and bundles.

(2) Fixed-line segment

The fixed-line segment includes: (1) Internet services under which the Group provides access to the internet (both network infrastructure services using Bezeq's network as described in (c)(1) below, and access services ("ISP")) as well as home WiFi networks, including Value Added Services ("VAS") such as anti-virus and anti-spam filtering; and fixed-line voice communication services provided through Voice Over Broadband ("VOB"), SIP voice trunks and Network Termination Point Services ("NTP") – under which the Group supply, install operate and maintain all types of endpoint network equipment and solutions, including providing and installing equipment and cabling, within a subscriber's place of business or premises. (2) Transmission services, Primary Rate Interface ("PRI"); (3) International Long Distance call services ("ILD"); outgoing and incoming international telephony, hubbing, roaming and signaling and calling card services.

The cellular segment and the fixed-line segment also include sales of telecommunications, audio visual and related devices: mainly cellular handsets, tablets (handheld computers), laptops, landline phones, modems, datacards, domestic routers, servers, smartboxes and related equipment, and a variety of digital audio visual equipment including televisions, digital camera, games consoles and related equipment.

Each segment is divided into services and equipment sales revenues, and the related cost of revenues. The operating segments include the following measures: revenues, cost of revenues, operating profit (loss), and Earnings Before Interest expenses (finance costs, net), Tax, Depreciation, Amortization (including amortization of intangible assets, deferred expenses-right of use, and amortization of share based compensation) and impairment charges ("Adjusted EBITDA" see note 5 (2)). The CODM does not examine assets or liabilities for those segments separately for allocating resources and assessing performance of the operating segments therefore they are not presented in note 5 segment information.

c. Main recent regulatory developments

(1) In February 2015 a regulation came into effect according to which each of the infrastructure owners - Bezeq and Hot are required to allow use of their broadband fixed-line infrastructure by telecommunication providers that do not have a broadband fixed-line infrastructure. This regulation allows telecommunication providers that do not have a broadband fixed-line infrastructure, including the Company and its subsidiaries, to offer internet access in one transaction (without requiring the subscriber to engage with both an internet access provider and an infrastructure provider). As a result, the Group commenced selling offers including both network infrastructure services using Bezeq's network and internet access service. Regulations about the above with respect to Hot are not completed yet.

(2) See information in respect of frequency fees in note 17(1).

(3) See information in respect of corporate tax rates in note 25.

(4)See information in respect of 4G frequency awarded in note 1(d).

(1) Basis of preparation

The consolidated financial statements of the Company ("the financial statements") have been prepared in accordance with International Financial Reporting Standards (IFRSs), as issued by the International Accounting Standards Board (IASB).

The principal accounting policies set out below have been consistently applied to all periods presented unless otherwise stated.

(2) Use of estimates and judgments

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates, and requires management to exercise its judgment in the process of applying the Group's accounting policies. Areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 4.

b. Foreign currency translations

(1) Functional and presentation currency

The consolidated financial statements are measured and presented in New Israeli Shekels ("NIS"), which is the Group's functional and presentation currency as it is the currency of the primary economic environment in which the Group operates. The amounts presented in NIS millions are rounded to the nearest NIS million.

(2) Transactions and balances

Foreign currency transactions are translated into NIS using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the income statement in finance costs, net.

(3) Convenience translation into U.S. Dollars (USD or \$ or dollar)

The NIS figures at December 31, 2015 and for the period then ended have been translated into dollars using the representative exchange rate of the dollar at December 31, 2015 (USD 1 = NIS 3.902). The translation was made solely for convenience, is supplementary information, and is distinguished from the financial statements. The translated dollar figures should not be construed as a representation that the Israeli currency amounts actually represent, or could be converted into, dollars.

c. Interests in other entities

(1) Subsidiaries

The consolidated financial statements include the accounts of the Company and entities controlled by the Company. Control exists when the Company has the power over the investee; has exposure, or rights, to variable returns from involvement in the investee; and has the ability to use its power over the investee to affect its returns. Subsidiaries and partnerships are fully consolidated from the date on which control is transferred to the Company.

Inter-company transactions, balances, income and expenses on transactions between Group companies are eliminated in preparing the consolidated financial statements.

c. Interests in other entities (continued)

(2) Investment in PHI

In November 2013, the Company and Hot Mobile Ltd entered into a network sharing agreement ("NSA") and a right of use agreement. Pursuant to the NSA, the parties created a 50-50 limited partnership - P.H.I. Networks (2015) Limited Partnership ("PHI"), which will operate and develop a radio access network to be shared by both parties, starting with a pooling of both parties' radio access network infrastructures to create a single shared pooled radio access network. PHI began its operations in July 2015, managing the networks. See also note 9.

As described in note 4(b)(3) the Company does not control PHI nor does it have joint control over it, and the Company accounts for its investment in PHI according to the equity method as PHI is considered an associate. An associate is an entity over which the group has significant influence but not control. Investment in associate is accounted for using the equity method of accounting. Under the equity method, the investment is initially recognized at cost, and adjusted thereafter to recognize the investor's share of the post-acquisition profits or losses of the investee in profit or loss, and the group's share of movements in other comprehensive income of the investee in other comprehensive income.

Unrealized gains on transactions between the Group and the associate are eliminated to the extent of the Group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

See also note 26(f) for information about transactions and balances with respect to the investment in PHI.

d. Inventories

Inventories of equipment: cellular handsets and fixed telephones, tablets, laptops, datacards, servers, spare parts, ISP modems, related equipment, accessories and other inventories are stated at the lower of cost or net realizable value. Cost is determined on the "first-in, first-out" basis. The Group determines its allowance for inventory obsolescence and slow moving inventory based upon past experience, expected inventory turnover, inventory ageing and current and future expectations with respect to product offerings.

e. Property and equipment

Property and equipment are initially stated at cost.

Costs are included in the assets' carrying amounts or recognized as separate assets, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance that do not meet the above criteria are charged to the statement of income during the financial period in which they are incurred.

Costs include expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labor, any other costs directly attributable to bringing the asset to a working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located.

Changes in the obligation to dismantle and remove assets on sites and to restore the sites, on which they are located, other than changes deriving from the passing of time, are added or deducted from the cost of the assets in the period in which they occur. The amount deducted from the cost of the asset shall not exceed the balance of the carrying amount on the date of change, and any balance is recognized immediately in profit or loss, See (m)(2) below.

Purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment.

Property and equipment is presented less accumulated depreciation, and accumulated impairment losses. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (see (i) below).

e. Property and equipment (continued)

Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, as follows:

	years
Communications network:	
Physical layer and infrastructure	10 - 25 (mainly 15, 10)
Other Communication network	3 - 15 (mainly 5, 10, 15)
Computers, software and hardware for information systems	3-10 (mainly 3-5)
Office furniture and equipment	7-15
Optic fibers and related assets	7-25 (mainly 20)
Property	25

Leasehold improvements are depreciated by the straight-line method over the term of the lease (including reasonably assured option periods), or the estimated useful life (5-10 years) of the improvements, whichever is shorter.

See note 13(2) with respect of impairment charges in 2015.

f. Licenses and other intangible assets

(1) Licenses costs and amortization (see also note 1 (d)):

- (a) The licenses to operate cellular communication services were recognized at cost. Borrowing costs which served to finance the license fee - incurred until the commencement of utilization of the license - were capitalized to cost of the license.
- (b) Partner Land-line Communication solutions – limited partnership's license for providing fixed-line communication services is stated at cost.
- (c) 012 Smile and its subsidiaries' licenses were recognized at fair value in a business combination as of the acquisition date of 012 Smile March 3, 2011.

The other licenses of the Group were received with no significant costs.

The licenses are amortized by the straight-line method over their useful lives (see note 1 (d)) excluding any ungranted possible future extensions that are not under the Group's control. The amortization expenses are included in the cost of revenues.

f.Licenses and other intangible assets (continued)

(2)Computer software:

Acquired computer software licenses are capitalized on the basis of the costs incurred to acquire and to bring to use the specified software.

Development costs, including employee costs, that are directly attributable to the design and testing of identifiable and unique software products controlled by the Group are recognized as intangible assets when the capitalization criteria under IAS 38 are met. Other development expenditures that do not meet the capitalization criteria, such as software maintenance, are recognized as an expenses as incurred.

Computer software costs are amortized over their estimated useful lives (3 to 10 years) using the straight-line method, see also note 11.

(3)Customer relationships:

The Company has recognized as intangible assets customer relationships that were acquired in a business combination and recognized at fair value as of the acquisition date. Customer relationships are amortized to selling and marketing expenses over their estimated useful economic lives (5 to 10 years) based on the straight line method. See note 13(2) with respect of impairment charges in 2015.

(4)012 Smile trade name:

Trade name was acquired in a business combination. In 2015, the Group decided to cease the usage of the "012 Smile" trade name in 2017.As a result the Group revised its expected useful life to end in 2017 as a change in accounting estimate. As a result the amortization expenses of the 012 Smile trade name increased in 2015 by NIS 1 million, and are expected to increase in 2016 and 2017 by approximately NIS 16 million and NIS 6 million respectively, see note 4 (a) (3). See note 13(2) with respect of impairment charges to the 012 Smile trade name in 2015 in an amount of NIS 2 million.

f.Licenses and other intangible assets (continued)

(5)Subscriber Acquisition and Retention Costs (SARC):

Costs to acquire or retain postpaid mobile telecommunication subscribers, less the subscriber's payments towards the handset, pursuant to a contract with a commitment period and early termination penalties, are capitalized to intangible assets, if (1) such assets are identifiable and controlled; (2) it is probable that future economic benefits will flow from the subscribers to the Group; and (3) such costs can be measured reliably. If costs do not meet the aforementioned criteria they are recognized immediately as expenses.

In the event that a subscriber churns off the network or the arrangement is cancelled within the period, any unamortized subscriber acquisition or retention costs are written off in the period in which the subscriber churns. The amortization expenses are included in the cost of revenues.

g.Right Of Use (ROU)

Right of use (ROU) of international fiber optic cables was acquired in a business combination, subsequent additions are recognized at cost. The ROU is presented as deferred expenses (current and non-current) and is amortized on a straight line basis over a period beginning each acquisition of additional ROU in this framework and until 2027 (including expected contractual extension periods). See also notes 12 and 17(4).

See note 13(2) with respect of impairment charges to ROU in 2015 in an amount of NIS 76 million.

Other costs of right to use other assets in an immaterial amount is presented as deferred expenses and amortized on a straight line basis over the assets useful lives.

h.Goodwill

Goodwill acquired in a business combination represents the excess of the consideration transferred over the net fair value of the identifiable assets acquired, and identifiable liabilities and contingent liabilities assumed. The goodwill has an indefinite useful economic life and is not subject to amortization; rather is measured at cost less accumulated impairment losses. For the purpose of impairment testing, goodwill is allocated to a group of CGUs under the fixed line segment that is expected to benefit from the synergies of the combination. The group of CGUs represents the lowest level within the entity which the goodwill is monitored for internal management purposes.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

h. Goodwill (continued)

Goodwill impairment reviews are undertaken annually or more frequently if events or changes in circumstances indicate that the carrying amount may not be recoverable. Any impairment loss would be recognized for the amount by which the carrying amount of goodwill exceeded its recoverable amount. The recoverable amount is the higher of value-in-use and the fair value less costs to sell. Value-in-use is determined by discounting expected future cash flows using a pre-tax discount rate. Any impairment is recognized immediately as an expense and is not subsequently reversed. See also note 13(1) in respect of impairment tests.

i. Impairment of non-financial assets with finite useful economic lives

Assets that are subject to depreciation and amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If such indications exist an impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. If this is the case, recoverable amount is determined for the cash-generating unit (CGU) to which the asset belongs. The recoverable amount is the higher of an asset's fair value less costs to sell and value-in-use. Value-in-use is determined by discounting expected future cash flows using a pre-tax discount rate.

An impairment loss recognized in prior periods for an asset (or CGU) other than goodwill shall be reversed if, and only if, there has been a change in the estimates used to determine the asset's (or CGU's) recoverable amount since the last impairment loss was recognized. If this is the case, the carrying amount of the asset (or CGU) shall be increased to its recoverable amount. The increased carrying amount of an asset (or CGU) other than goodwill attributable to a reversal of an impairment loss shall not exceed the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognized for the asset (or CGU) in prior years. A reversal of an impairment loss is recognized immediately in the statement of income.

The Group recorded in 2015 impairment charges of intangible assets, deferred expenses – right of use, and fixed assets, see note 13 (2) and note 4 (a) (3)

j. Financial instruments

The Group classifies its financial instruments in the following categories: (1) at fair value through profit or loss, (2) loans and receivables, and (3) liabilities at amortized cost. See note 6 (c) as to classification of financial instruments to the categories.

Financial assets are classified as current if they are expected to mature within 12 months after the end of the reporting period; otherwise they are classified as non-current. Financial liabilities are included in current liabilities, except for maturities greater than 12 months after the end of the reporting period, which are classified as non-current liabilities.

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legal enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legal enforceable right must not be contingent on future events

and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

PARTNER COMMUNICATIONS COMPANY LTD.

(An Israeli Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

j. Financial instruments (continued)

(1) Financial instruments at fair value through profit or loss category:

Gains or losses arising from changes in the fair value of derivative financial instruments are presented in the income statement within "finance costs, net" in the period in which they arise. These financial instruments are classified into 2 levels based on their valuation method (see also note 6(c)):

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within level 1 that are observable for the assets or liabilities, either directly (as prices) or indirectly (derived from prices).

(2) Loans and receivables category:

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables are recognized initially at fair value and subsequently measured at amortized costs using the effective interest method, less any impairment loss.

Cash and cash equivalents are highly liquid investments, which include short-term bank deposits (up to 3 months from date of deposit) that are not restricted as to withdrawal or use.

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. The amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated cash flows discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognized in the consolidated income statement. Trade receivables are presented net of allowance for doubtful accounts. Individual receivables which are known to be uncollectable are written off by reducing the carrying amount directly. The other receivables are assessed collectively. For these receivables the allowance is determined based on percentage of doubtful debts in collection, considering the likelihood of recoverability based on the age of the balances, the historical write-off experience net of recoveries, changes in the credit worthiness, and collection trends.

Financial assets are derecognized when the rights to receive cash flows from the assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership of the assets. The Company factors trade receivables resulting from sales of equipment by credit cards. The factoring is on a non-recourse basis. The factoring of accounts receivable is recorded by the Company as a sales transaction. The results of the factoring transaction are charged to financial income and expenses on the settlement date.

(3) Financial liabilities and borrowings at amortized cost category:

Financial liabilities at amortized cost are non-derivative financial instruments with fixed or determinable payment, including trade payables. Financial liabilities at amortized cost are recognized initially at fair value, net of transaction costs, and subsequently measured at amortized costs using the effective interest method.

k. Employee benefits

(i) Post-employment benefits

1. Defined contribution plan

According to Section 14 of the Israeli Severance Pay Law the Group's liability for some of the employee rights upon retirement is covered by regular contributions to various pension schemes. The schemes are generally funded through payments to insurance companies or trustee-administered funds. These plans are defined contribution plans, since the Group pays fixed contributions into a separate and independent entity. The Group has no legal or constructive obligations to pay further contribution if the fund does not hold sufficient assets to pay all employees the benefit relating to employee service in the current or prior periods. The amounts funded as above are not reflected in the statement of financial position. Obligations for contributions to defined contribution pension plans are recognized as an expense in the statement of income when they are due.

2. Defined benefit plan

Labor laws, agreements and the practice of the Group, require paying retirement benefits to employees dismissed or retiring in certain other circumstances (except for those described in 1 above), measured by multiplying the years of employment by the last monthly salary of the employee (i.e. one monthly salary for each year of tenure), the obligation of the Group to pay retirement benefits is treated as a defined benefit plan.

The liability recognized in the statement of financial position in respect of the defined benefit plan is the present value of the defined benefit obligation at end of the reporting period less the fair values of plan assets.

The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. According to IAS 19 employee benefits, the present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of deep market for high-quality corporate bonds.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise. Interest costs in respect of the defined benefit plan are charged or credited to finance costs.

k. Employee benefits (continued)

(ii) Termination benefits

Termination benefits are payable when employment is terminated by the Group before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognizes termination benefits when it is demonstrably legally or constructively committed either: terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal; or providing termination benefits as a result of an offer made to encourage voluntary redundancy.

(iii) Short term employee benefits

1. Vacation and recreation benefits

The employees are legally entitled to vacation and recreation benefits, both computed on an annual basis. This entitlement is based on the term of employment. This obligation is treated as a short term benefit under IAS 19. The Group charges a liability and expense due to vacation and recreation pay, based on the benefits that have been accumulated for each employee, on an undiscounted basis.

2. Profit-sharing and bonus plans

The Group recognizes a liability and an expense for bonuses based on consideration of individual performance and the Group's overall performance. The Group recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

l. Share based payments

The Group operates an equity-settled share-based compensation plan, under which the Group receives services from employees as consideration for equity instruments of the Group. The fair value of the employee services received in exchange for the grant of the equity instruments is recognized as an expense. The total amount to be expensed is determined by reference to the fair value of the equity instruments granted, at the grant date. It is recognized over the vesting period, which is the period over which all the specified vesting conditions are to be satisfied. At the end of each reporting period, the Group revises its estimates of the number of equity instruments that are expected to vest based on the vesting conditions, and recognizes the impact of the revision of original estimates, if any, in the statement of income, with corresponding adjustment to accumulated deficit.

The proceeds received net of any directly attributable transactions costs are credited to share capital and capital surplus when the equity instruments are exercised.

m. Provisions

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will require settling the obligation, and the amount has been reliably estimated. See also note 14.

- (1) In the ordinary course of business, the Group is involved in a number of lawsuits and litigations. The costs that may result from these lawsuits are only accrued for when it is probable that a liability, resulting from past events, will be incurred and the amount of that liability can be quantified or estimated within a reasonable range. The amount of the provisions recorded is based on a case-by-case assessment of the risk level, and events arising during the course of legal proceedings that may require a reassessment of this risk, and where applicable discounted at a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the liability. The Group's assessment of risk is based both on the advice of legal counsel and on the Group's estimate of the probable settlements amount that are expected to be incurred, if any. See also note 20.
- (2) The Company is required to incur certain costs in respect of a liability to dismantle and remove assets and to restore sites on which the assets were located. The dismantling costs are calculated according to best estimate of future expected payments discounted at a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as finance costs (unwinding of discount).
- (3) Provisions for equipment warranties include obligations to customers in respect of equipment sold. Where there are a number of similar obligations, the likelihood that an outflow will be required in a settlement is determined by considering the class of obligations as a whole. A provision is recognized even if the likelihood of an outflow with respect to any item included in the same class of obligations may be small.

n. Revenues

The Group's revenues are measured at fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of business. Revenue is presented net of Value-Added-Tax, returns, rebates and discounts, and intercompany revenues. The Group recognizes revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Group and when specific criteria have been met for each of the Group's activities as described herein.

(1) Revenues from services:

Revenues from services (see note 1(b)) are recognized when the services are rendered, and all other revenue recognition criteria are met.

Revenues from pre-paid calling cards sold to customers are recognized upon the earlier of customer's usage of the cards, or expiration.

The Group records payments received in advance for services and services to be provided under contractual agreements, such as transmission services, as deferred income until such related services are provided.

The Group determines whether it is acting as a principal or as an agent. The Group is acting as a principal if it has exposure to the significant risks and rewards associated with the rendering of services. Features that indicate that the Group is acting as a principal include: (a) the Group has the primary responsibility for providing the services to the customer or for fulfilling the order; (b) the Group has latitude in establishing prices, either directly or indirectly; and (c) the Group bears the customer's credit risk for the amount receivable from the customer. On the other hand, the Group is acting as an agent or an intermediary, if it does not have exposure to the significant risks and rewards associated with the rendering of services. One feature indicating that the Group is acting as an agent is that the amount the Group earns is predetermined, being either a fixed fee per transaction or a stated percentage of the amount billed to the customer. Based on the above considerations the Group determined that it is acting as an agent in respect of certain content services provided by third parties to customers, and therefore the revenues recognized from these services are presented on a net basis in the statement of income.

n. Revenues (continued)

(2) Revenues from sales of equipment:

Revenue from sale of equipment includes revenue from sale of handsets, routers, phones, tablets, laptops, modems, data cards, servers, smartboxes, audio-visual devices, related accessories, other devices and equipment. Revenue is recognized when the significant risks and reward of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement in regards to the goods, and the amount of revenue can be measured reliably.

Some sales of equipment with accompanying services constitute a revenue arrangement with multiple deliverables. Accordingly, consideration received is allocated to each deliverable based on the relative fair value of the individual element. The revenue from sales of equipment is recognized as equipment revenues upon the delivery of the equipment to the subscriber when all revenue recognition criteria are met.

The Company subsidizes, in some cases, the sale of the handset to end subscribers by selling it at a price below its cost to secure a fixed-term service contract for the purpose of acquiring new subscribers or retaining existing subscribers. The handset sale is then treated as a non-revenue-generating transaction and accordingly, no revenue is recognized from these types of handset sales. The subsidy, and direct selling expenses are capitalized as elements of subscriber acquisition and retention costs in accordance with accounting policy set out in note (f)(5) above. The subsidy represents the difference between the cost of the handset and the payment received from the subscriber for the handset.

(3) Revenues from non-current credit arrangements:

Revenues from non-current credit arrangements to customers in respect of sales of equipment are recognized on the basis of the present value of future cash flows, discounted at the prevailing rate for a similar instrument of an issuer with a similar credit rating. The difference between the original credit and its present value is recorded as other income over the credit period (see note 23 – unwinding of trade receivables and note 7(a)).

o. Leases

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from lessor) are charged to income statements on a straight-line basis over the lease term, including extending options which are reasonably certain.

p. Advertising expenses

Advertising expenses are charged to the statement of income as incurred. Advertising expenses for the years ended December 31, 2013, 2014 and 2015 totaled NIS 53 million, NIS 49 million and NIS 29 million, respectively.

q. Tax expenses

The tax expense for the period comprises current and deferred tax. Tax is recognized in the income statement except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

The current income tax charge is calculated on the basis of the tax laws enacted or substantially enacted as of the end of the reporting period. Management periodically evaluates positions taken with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognized on temporary differences arising between that tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognized if they arise from initial recognition of goodwill. Deferred income tax is determined using the tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax is realized or the deferred income tax liability is settled. Deferred income tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. Deferred income tax assets are presented as non-current, see also note 25.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority on the same taxable entity where there is an intention to settle the balances on a net basis.

r. Share capital

Ordinary shares are classified as equity.

Company's shares acquired by the Company (treasury shares) are presented as a reduction of equity, at the consideration paid, including any incremental attributable costs, net of tax. Treasury shares do not have a right to receive dividends or to vote. See also note 21(a)

s. Earnings Per Share (EPS)

Basic earnings per share is calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of ordinary shares in issue during the year excluding ordinary shares purchased by the Company and held as treasury shares.

Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume exercise of all dilutive potential ordinary shares. The instruments that are potential dilutive ordinary shares are equity instruments granted to employees. A calculation is done to determine the number of shares that could have been acquired at fair value (determined as the average annual market share price of the company's shares) based on the monetary value of the subscription rights attached to outstanding share options. The number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options (see note 27).

NOTE 3 – RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

The following relevant new standards, amendments to standards or interpretations have been issued, but are not effective for the financial periods beginning January 1, 2015, and have not been early adopted:

(1) IFRS 15, Revenue from Contracts with Customers (IFRS 15). IFRS 15 outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance. IFRS 15 is based on the principle that revenue is recognized when control of a good or service transfers to a customer – so the notion of control replaces the existing notion of risks and rewards.

Management is currently assessing the impact of the new rules and has identified the following areas that are likely to be affected: Sales commissions where the new guidance may result in identification of them as contract cost assets which could affect the timing of the recognition of those costs, instead of capitalizing subscriber acquisition and retention costs; allocation of revenues to performance obligations could affect the timing of revenue recognition. The new standard is effective retrospectively for annual reporting periods beginning on or after January 1, 2018, according to its transition provisions. Earlier application is permitted. The standard permits a modified retrospective approach for the adoption. Under this approach entities will recognize transitional adjustments in retained earnings on the date of initial application (e.g. January 1, 2017), i.e. without restating the comparative period; and applying the new rules to contracts that are not completed as of the date of initial application. At this stage, the Group is still evaluating the impact of the new rules on the Group's financial statements.

(2) IFRS 9, Financial instruments, addresses the classification, measurement and recognition of financial assets and financial liabilities. The complete version of IFRS 9 was issued in July 2014. It replaces the guidance in IAS 39 that relates to the classification and measurement of financial instruments. IFRS 9 retains but simplifies the mixed measurement model and establishes three primary measurement categories for financial assets: amortized cost, fair value through OCI and fair value through P&L. It introduces a new expected credit losses model that replaces the incurred loss impairment model used in IAS 39. For financial liabilities there were no changes to classification and measurement except for the recognition of changes in own credit risk in other comprehensive income, for liabilities designated at fair value through profit or loss. The standard is effective for accounting periods beginning on or after 1 January 2018. Early adoption is permitted. The Group is yet to assess IFRS 9's full impact.

(3) IFRS 16, Leases, which replaces the current guidance in IAS 17. The standard requires lessees, with certain exceptions, to recognize a lease liability reflecting future lease payments and a 'right-of-use asset' for lease contracts. The standard is effective for annual periods beginning on or after January 1, 2019, with earlier application permitted if IFRS 15, Revenue from Contracts with Customers, is also applied. The Group is yet to assess IFRS 16's full impact.

(4) Amendments to IAS 1, Presentation of Financial Statements. The amendments provide clarifications about issues that include materiality, disaggregation and subtotals, order of presenting the notes, and disclosures about accounting policies. The amendment is effective for annual periods beginning on or after January 1, 2016. Early adoption is permitted. The Group assesses that the amendment's impact on the financial statements is not expected to be material.

(5) Amendments to IFRS 7, Financial Instruments: Disclosures. The first amendment provides guidance for transferred financial assets to help management to determine whether the terms of a servicing arrangement constitute 'continuing involvement'. The Second amendment clarifies the additional disclosures relating to the offsetting of financial assets and financial liabilities only required in interim reports if required by IAS 34. The amendments are effective for annual periods beginning on or after January 1, 2016. Early adoption is permitted. The Group assesses

that the amendment's impact on the financial statements is not expected to be material.

NOTE 4 –CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

a. Critical accounting estimates and assumptions

(1) Estimating service revenues earned but not yet billed:

The Company recognizes service revenues based upon minutes, seconds and packages used, net of credits and adjustments for service discounts. Because the Company's billing cycles use cut-off dates, which for the most part do not coincide with the Company's reporting periods, the Company is required to make estimates for service revenues earned but not yet billed at the end of each reporting period. These estimates are based primarily upon actual unbilled usage of the Company's network by the customers, and also on historical data and trends. Actual billing cycle results may differ from the results estimated at the end of each period depending on subscriber usage and rate plan mix.

(2) Assessing the useful lives of assets:

The useful economic lives of the Group's assets are an estimate determined by management. The Group defines useful economic life of its assets in terms of the assets' expected utility to the Group. This estimation is based on assumptions of future changes in technology or changes in the Group's intended use of these assets, and experience of the Group with similar assets, and legal or contract periods where relevant. The assets estimated economic useful lives are reviewed, and adjusted if appropriate, at least annually. See also note 2(e) and note 2(f). See also information with respect to the change in estimate of the useful life of the "012 Smile" trade name in (3) below.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 4 –CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

a. Critical accounting estimates and assumptions (continued)

(3) Assessing the recoverable amount for impairment tests of assets with finite useful lives:

The Group is required to determine at the end of each reporting period whether there is any indication that an asset may be impaired. If indicators for impairment are identified the Group estimates the assets' recoverable amount, which is the higher of an asset's fair value less costs to sell and value in use. The value-in-use calculations require management to make estimates of the projected future cash flows. Determining the estimates of the future cash flows is based on management past experience and best estimate for the economic conditions that will exist over the remaining useful economic life of the CGU. See also note 2(i).

In the fourth quarter of 2015, the Group decided to cease the usage of the "012 Smile" trade name in 2017, this change in business induced the Group to determine that an indicator of impairment exists for the fixed-line segment. See note 13(2).

An Impairment test for the VOB/ISP CGU of the fixed line segment resulted in an impairment charge to certain assets in a total amount of NIS 98 million, based on the key assumptions described in note 13(2). The recoverable amount of the VOB/ISP CGU assets as of December 31, 2015 was assessed by management with the assistance of an external independent expert ("Giza Singer Even. Ltd") based on value-in-use calculations, which was NIS 250 million. The value in use calculations use pre-tax cash flow projections covering a five-year period and using extrapolation with specific adjustments expected until 2027, which is the economic life of the main asset of the CGU: the deferred expenses – Right of Use, and a pre-tax discount rate of 12.9%. The value-in-use calculations included all factors in real terms. The value-in-use of the assets of the CGU was estimated to exceed the fair value less costs to sale.

A - 32

PARTNER COMMUNICATIONS COMPANY LTD.

(An Israeli Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 4 –CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

a. Critical accounting estimates and assumptions (continued)

(3) Assessing the recoverable amount for impairment tests of assets with finite useful lives (continued):

The impairment test was based on assessments of financial performance and future strategies in light of current and expected market and economic conditions. Trends in the economic and financial environment, competition and regulatory authorities' decisions, or changes in competitors' behavior in response to the economic environment may affect the estimate of recoverable amounts in future periods. See also note 2(i).

As a result of the decision to cease the usage of the "012 Smile" trade name the Group revised its expected useful life to end in 2017 as a change in accounting estimate. As a result the amortization expenses of the trade name increased in 2015 by NIS 1 million, and are expected to increase in 2016 and 2017 by approximately NIS 16 million and NIS 6 million respectively.

Further increase in the level of competition that will continue to push downward prices may require the Group to perform further impairment tests of assets. Such impairment tests may lead to recording significant impairment charges, which could have a material negative impact on the Group's operating and net profit.

(4) Assessing the recoverable amount of goodwill for impairment tests:

Goodwill impairment reviews are undertaken annually or more frequently if events or changes in circumstances indicate that the carrying amount may not be recoverable. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. The recoverable amount of the fixed line segment to which goodwill has been allocated to have been determined based on value-in-use calculations. For the purpose of the goodwill impairment tests as of December 31, 2013, 2014 and 2015 the recoverable amount was assessed by management with the assistance of an external independent expert ("Giza Singer Even. Ltd") based on value-in-use calculations. The value-in-use calculations use pre-tax cash flow projections covering a five-year period. Cash flows beyond the five-year period to be generated from continuing use are extrapolated using estimated growth rates. The growth rates do not exceed the long-term average growth rate of the fixed-line communications services business.

The key assumptions used in the December, 31, 2015 test were as follows:

Terminal growth rate	(negative 0.09%)
After-tax discount rate	10.3%
Pre-tax discount rate	13.4%

The impairment test as of December 31, 2015 was based on assessments of financial performance and future strategies in light of current and expected market and economic conditions. Trends in the economic and financial environment, competition and regulatory authorities' decisions, or changes in competitors' behavior in response to the economic environment may affect the estimate of recoverable amounts. See also note 13(1) and note 2(h). No impairment charges were recognized in with respect to goodwill in 2013, 2014 and 2015.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 4 –CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

a. Critical accounting estimates and assumptions (continued)

(4) Assessing the recoverable amount of goodwill for impairment tests:

Sensitivity Analysis:

The headroom of the fixed line segment fair value over the book value as of December 31, 2013, 2014 and 2015 was approximately 9.5%, 15% and 9% respectively. Sensitivity analysis was performed for the recoverable amount as of December 31, 2015 for a change of the after-tax discount rate within the range of $\pm 10\%$ multiplied by the variable 10.3% (9.3% to 11.3%), assuming all other variables constant. Sensitivity analysis was also performed for a change of the terminal permanent growth rate within the range of $\pm 1\%$ of the variable minus 0.09% (minus 1.09% to 0.91%), assuming all other variables constant. Results showed that no impairment charge is required for both analysis. However, considering an extreme scenario whereby increasing the discount rate above 10.8% and simultaneously decreasing the permanent growth rate below minus 0.6% would indicate impairment.

(5) Assessing allowance for doubtful accounts:

The allowance is established when there is objective evidence that the Group will not be able to collect amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganization, or delinquency or default in debtor payments are considered indicators that a trade receivable is impaired. Individual receivables which are known to be uncollectable are written off by reducing the carrying amount directly. The other receivables are assessed collectively. For these receivables the allowance is determined based on percentage of doubtful debts in collection, considering the likelihood of recoverability based on the age of the balances, the historical write-off experience net of recoveries, changes in the credit worthiness, and collection trends. The trade receivables are periodically reviewed for impairment.

(6) Considering uncertain tax positions:

The assessment of amounts of current and deferred taxes requires the Group's management to take into consideration uncertainties that its tax position will be accepted and of incurring any additional tax expenses. This assessment is based on estimates and assumptions based on interpretation of tax laws and regulations, and the Group's past experience. It is possible that new information will become known in future periods that will cause the final tax outcome to be different from the amounts that were initially recorded, such differences will impact the current and deferred income tax assets and liabilities in the period in which such determination is made. See also notes 2(q) and note 25.

NOTE 4 – CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (continued)

b. Critical judgments in applying the Group's accounting policies

(1) Considering the likelihood of contingent losses and quantifying possible settlements:

Provisions are recorded when a loss is considered probable and can be reasonably estimated. Judgment is necessary in assessing the likelihood that a pending claim or litigation against the Group will succeed, or a liability will arise, quantifying the possible range of final settlement. These judgments are made by management with the support of internal specialists, or with the support of outside consultants such as legal counsel. Because of the inherent uncertainties in this evaluation process, actual results may be different from these estimates.

(2) Considering sales with multiple deliverables:

The Group made judgments to determine that certain sales of equipment with accompanying services constitute an arrangement with multiple deliverables that are linked in such a way that the commercial effect cannot be understood without reference to the series of transactions as a whole, and accordingly, consideration received is allocated to each deliverable based on the relative fair value of the individual element. See also note 2(n)(2).

(3) Accounting treatment for the investment in PHI:

The board of directors of Net 4 P.H.I Ltd. Consists of 3 directors nominated by the Company, 3 directors nominated by Hot Mobile and one independent director who will act as a chairman. Net 4 P.H.I Ltd controls PHI. This governance provides that the Company does not control PHI nor does it have joint control over it, and the Company accounts for its investment in PHI according to the equity method, see also note 2 (c) and note 9.

(1) Mainly amortization of employee share based compensation.

(2) Adjusted EBITDA as reviewed by the CODM represents Earnings Before Interest (finance costs, net), Taxes, Depreciation and Amortization (including amortization of intangible assets, deferred expenses-right of use, amortization of share based compensation and impairment charges), as a measure of operating profit. Adjusted EBITDA is not a financial measure under IFRS and may not be comparable to other similarly titled measures for other companies. Adjusted EBITDA may not be indicative of the Group's historic operating results nor is it meant to be predictive of potential future results. The usage of the term "Adjusted EBITDA" is to highlight the fact that the Amortization includes amortization of deferred expenses – right of use and amortization of employee share based compensation and impairment charges; it is fully comparable to EBITDA information which has been previously provided for prior periods.

NOTE 6 – FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT

a. Financial risk factors

The Group is exposed to a variety of financial risks: credit, liquidity and market risks as part of its normal course of business. The Group's risk management objective is to monitor risks and minimize the possible influence that results from this exposure, according to its evaluations and expectations of the parameters that affect the risks.

1. Risk Management

Risk management is carried out by the treasury department under policies and/or directions resolved and approved by the board of directors.

2. Market risks

(a) Description of market risks

Cash flow risk due to interest rate changes and CPI changes

The Group is exposed to fluctuations in the Israeli Consumer Price index (CPI), as some of the Group's non-current borrowings and notes payable are linked to the CPI. The Group did not enter into CPI hedging transactions in 2013, 2014 and 2015.

Furthermore, the Group's notes payable and non-current borrowings bearing variable interest rate cause cash flow risks. Based on simulations performed, an increase (decrease) of 1% interest rates during 2015 in respect of the abovementioned financial instruments would have resulted in an annual increase (decrease) in interest expenses of NIS 7 million. The Group does not enter into interest rate hedging transactions.

Foreign exchange risk

The Group's operating income and cash flows are exposed to currency risk, mainly due trade receivables and trade payables denominated in foreign currencies. During 2013 the Group closed its free standing forward contracts positions. The Group did not enter into free standing forward transactions in 2014 and 2015.

2015	NIS 3.902	NIS 4.247	221.13 points
2014	NIS 3.889	NIS 4.725	223.36 points
2013	NIS 3.471	NIS 4.782	223.80 points
Increase (decrease) during the year:			
2015	0.3	% (10.1)%	(1.0)%
2014	12.0	% (1.2)%	(0.2)%
2013	(7.0)%	(2.8)%	1.8 %

* Index for each reporting period's last month, on the basis of 1993 average = 100 points.

Sensitivity analysis:

An increase (decrease) of 2% in the CPI as at December 31, 2013, 2014 and 2015 would have decreased (increased) equity and profit by NIS 36 million, NIS 34 million, and 20 million, for the years ended December 31, 2013, 2014, 2015 respectively, assuming all other variables remain constant.

An increase (decrease) of 5% in the USD exchange rate as at December 31, 2013, 2014 and 2015 would have decreased (increased) equity and profit by NIS 3 million, NIS 8 million, and NIS 5 million, for the years ended December 31, 2013, 2014, 2015 respectively, assuming that all other variables remain constant.

3. Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's trade receivables, and also from cash and cash equivalents and other receivables. Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. The Group conducts credit evaluations on receivables of certain types over a certain amount, and requires collaterals against them. Accordingly, the financial statements include appropriate allowances for estimated irrecoverable amounts. See also note 2(j)(2).

The face amount of financial assets represents the maximum credit exposure, see note 6(c).

The cash and cash equivalents are held in leading Israeli commercial banks, rated by Standard & Poor's Maalot at between ilAA/Stable to ilAAA/stable.

The trade receivables are significantly widespread, and include individuals and businesses, and therefore have no representing credit rating.

See also note 7 as to the assessment by aging of the trade receivables and related allowance for doubtful accounts.

4. Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, without incurring unacceptable losses or risking damage to the Group's reputation. The Group's policy is to ensure that it has sufficient cash and cash equivalents to meet expected operational expenses, dividends and financial obligations.

c. Fair values of financial instruments

As detailed in note 2(j) the financial instruments are categorized as following:

Fair Value Through Profit or Loss (FVTPL); Loans and Receivables (L&R); Amortized Cost (AC). The financial instruments that are categorized FVTPL are derivative financial instruments. Their fair values are calculated by discounting estimated future cash flows based on the terms and maturity of each contract and using forward rates for a similar instrument at the measurement date. All significant inputs in this technique are observable market data and rely as little as possible on entity specific estimates – this method matches the "Level 2" fair value measurement level hierarchy. There were no transfers between fair value levels during the year. Carrying amounts and fair values of financial assets and liabilities, and their categories:

During 2014 and 2015 the Company factored non-current trade receivables resulting from sales of equipment through credit cards in an amount of NIS 201 million and NIS 165 million, respectively. The factoring was executed through a clearing company, on a non-recourse basis. The factoring of accounts receivable was recorded by the Company as a sale transaction under the provisions of IAS 39. The resulting costs were charged to "finance expenses" in the statement of income, as incurred. The Group does not have continuing involvement in the factored trade receivables.

NOTE 9 – INVESTMENT IN PHI

Network sharing agreement and right of use

On November 8, 2013 the Company and Hot Mobile Ltd ("Hot Mobile") have entered into a 15-year network sharing agreement ("NSA"), which was approved by the Antitrust Commissioner as described below, and by the Ministry of Communications. Pursuant to the NSA, the parties created a 50-50 limited partnership - P.H.I. Networks (2015) Limited Partnership (hereinafter "PHI"), which will operate and develop a radio access network to be shared by both parties, starting with a pooling of both parties' radio access network infrastructures to create a single shared pooled radio access network (the "Shared Network"). The parties have also established a 50-50 company limited by shares under the name Net 4 P.H.I Ltd., to be the general partner of the limited partnership.

According to the NSA, Hot Mobile will pay the Company a onetime amount of NIS 250 million ("Lump Sum"), by the beginning of year 2017 unless one of the parties exercises an option granted to it under the NSA, pursuant to which a portion of the Lump Sum will be paid earlier) (the "Option"). Beginning on the earlier of January 1, 2017 or the date of payment of the said portion of the Lump Sum (payable upon exercise of the Option) ,(i) each party will bear half of the capital expenditures relating to the Shared Network, and (ii) the bearing of the operating costs of the Shared Network will be according to a pre-determined mechanism, according to which one half of the operating costs will be shared equally by the parties, and one half will be divided between the parties according to the relative volume of traffic consumption of each party in the Shared Network ("Capex-Opex Mechanism").

In May 2014, the Antitrust Commissioner (the "Commissioner") resolved to approved the NSA, subject to conditions that include: (a) Prohibition on exchange of information that is not required for the activities of PHI; (b) Limitations with respect to the serving as an officer or employee in either of the companies concurrent with serving as an officer or employee in PHI and certain cooling off periods were set in case of transition of officers and employees from PHI to the companies. However, this should not prevent PHI from employing employees or officers, that are currently serving as employees or officers in the companies (which employees will move to PHI and work for PHI only); (c) After a period of seven years from the date of the Commissioner's approval or after a period of six years from the issue date of all of the approvals of the Ministry of Communications, whichever is earlier, the Commissioner shall be allowed to notify the companies of the cancellation of his resolution, if he has concluded that the establishment of PHI, its existence or operations are liable to be substantively detrimental to the competition.

On November 8, 2013, the Company and Hot Mobile entered into a separate Right of Use agreement which is valid until January 4, 2017 ("ROU"), under which the Company provides services to Hot Mobile, in the form of access to use to its cellular network. According to the ROU, Hot Mobile will pay the Company fixed base payments with additional variable payments based, among other things, on traffic consumption exceeding a defined threshold.

In the event that any of the parties exercises the Option referred to in the NSA, and Hot Mobile pays the relevant portion of the Lump Sum earlier than January 1, 2017, the Capex-Opex Mechanism will become effective and Hot Mobile shall cease paying the payments payable under the ROU with respect to the period that follows the occurrence of the foregoing.

See note 26 with respect to transactions and balances with PHI.

NOTE 13 – IMPAIRMENT TESTS

(1) Goodwill impairment tests

Goodwill is allocated to a single group of CGUs which constitute all the operations of the fixed-line segment, in an amount of NIS 407 million.

For the purpose of the goodwill impairment tests as of December 31, 2013, 2014 and 2015 the recoverable amount was assessed by management with the assistance of an external independent expert ("Giza Singer Even. Ltd") based on value-in-use calculations. The value-in-use calculations use pre-tax cash flow projections covering a five-year period. Cash flows beyond the five-year period to be generated from continuing use are extrapolated using estimated growth rates. The growth rates do not exceed the long-term average growth rate of the fixed-line communications services business. The key assumptions used are as follows:

	As of December 31,		
	2013	2014	2015
Terminal growth rate	(negative 0.3%)	(negative 0.2%)	(negative 0.09%)
After-tax discount rate	11.7%	10.5%	10.3%
Pre-tax discount rate	15.8%	14.3%	13.4%

The impairment tests as of December 31, 2013, 2014 and 2015 were based on assessments of financial performance and future strategies in light of current and expected market and economic conditions. Trends in the economic and financial environment, competition and regulatory authorities' decisions, or changes in competitors' behavior in response to the economic environment may affect the estimate of recoverable amounts. As a result of the impairment tests, the Group determined that no goodwill impairment existed as of December 31, 2013, 2014 and 2015. See also note 4(a)(4) and note 2(h).

(2) Impairment tests of assets with finite useful lives

In 2015, the Group decided to cease the usage of the "012 Smile" trade name in 2017, this change in business induced the Group to determine that an indicator of impairment exist for the fixed-line segment. See also information with respect to change in estimate of useful life of the intangible asset trade name in note 4(a)(3) and 4(a)(2).

For the purpose of the impairment test, the assets were grouped to the lowest level for which there are separately identifiable cash flows (CGU).

(i) The Group reviewed the recoverability of the VOB/ISP CGU assets. As a result, an impairment charge in a total amount of NIS 98 million was recognized. The impairment charge was allocated to the assets of the CGU pro rata, on the basis of the carrying amount of each asset, provided that the impairment did not reduce the carrying amount of an asset below the highest of its fair value less costs to sell and its value-in-use, and zero. Accordingly, the following impairment charges were recorded in the assets of the above CGU:

- (a) Right of use by NIS 76 million, recorded in cost of revenues (see note 12).
- (b) Customer relationships by NIS 8 million, recorded in selling and marketing expenses.
- (c) Computers and information systems by NIS 7 million, recorded in cost of revenues.
- (d) Communication network by NIS 5 million, recorded in cost of revenues.

(e) Trade name by NIS 2 million, recorded in selling and marketing expenses.

NOTE 13 – IMPAIRMENT TESTS (continued)

The recoverable amount of the VOB/ISP CGU assets as of December 31, 2015 was assessed by management with the assistance of an external independent expert ("Giza Singer Even. Ltd") based on value-in-use calculations, which was NIS 250 million. The value in use calculations use pre-tax cash flow projections covering a five-year period and using extrapolation with specific adjustments expected until 2027, which is the economic life of the main asset of the CGU: the deferred expenses – Right of Use, and a pre-tax discount rate of 12.9%. The value-in-use calculations included all factors in real terms.

The impairment test was based on assessments of financial performance and future strategies in light of current and expected market and economic conditions. Trends in the economic and financial environment, competition and regulatory authorities' decisions, or changes in competitors' behavior in response to the economic environment may affect the estimate of recoverable amounts in future periods. See also note 2(i) and note 4(a)(3).

(ii) The Group reviewed the recoverability of the ILD CGU of the fixed line segment and determined that no impairment exists as of December 31, 2015.

The terms of loans require the Group to comply with financial covenants on a consolidated basis. Their main provisions are two ratios:

- (1) The ratio of (a) the amount of all financial obligations of the Company including bank guarantees that the Company has undertaken ("Total Debt") to (b) EBITDA less Capital Expenditures shall not exceed 6.5 (the ratio as of December 31, 2014 and 2015 was 5.1 and 5.5, respectively); and

NOTE 16 - LIABILITY FOR EMPLOYEE RIGHTS UPON RETIREMENT (continued)

The principal actuarial assumptions used were as follows:

	December 31			
	2014		2015	
Interest rate weighted average	3.0	%	3.47	%
Inflation rate weighted average	1.6	%	1.20	%
Expected turnover rate	10% - 49	%	10% - 49	%
Future salary increases	1% - 26	%	1% - 26	%

The sensitivity of the defined benefit obligation to changes in the principal assumptions is:

	December 31, 2015	
	NIS in millions	
	Increase	Decrease of
	of	10% of the
	10%	assumption
	of	10% of the
	the	assumption
Interest rate	(0.7)	0.6
Expected turnover rate	0.4	(0.5)
Future salary increases	0.2	(0.2)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method has been applied as when calculating the pension liability recognized within the statement of financial position. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous period.

The defined benefit plan exposes the Group to a number of risks, the most significant are asset volatility, and a risk that salary increases will be higher than expected in the actuarial calculations. The assets are invested in provident funds, managed by managing companies and are subject to laws and regulations, and supervision (including investment portfolio) of the Capital Markets, Insurance and Saving Division of the Israeli Ministry of Finance.

Described hereunder are the outstanding consumer purported class actions with respect to lawsuits with a total claim amount of NIS 10,419 million or which have not been quantified, broken down by the amount claimed, as of the date of approval of these financial statements:

Claim amount	Number of claims	Total claims amount (NIS million)

B. Contingencies in respect of building and planning procedures

Section 197 of the Building and Planning Law states that a property owner has the right to be compensated by a local planning committee for reductions in property value as a result of a new building plan.

In January 2006, the Non-ionizing Radiation Law was published, amending the Planning and Building Law so that local Planning and Building committees must require indemnification letters against reduction in property value from the cellular operators requesting building permits.

Accordingly, on January 3, 2006, the National Council for Planning and Building published an interim decision conditioning the issuance of building permits for cell site permits by local planning and building councils upon provision of a 100% indemnification undertaking by the cellular operators. This decision shall remain in effect until it is replaced with an amendment to the National Zoning Plan 36. Between January 3, 2006 and December 31, 2015 the Company provided the local authorities with 503 indemnification letters as a pre-condition for obtaining building permits.

In case the Company shall be required to make substantial payments under the indemnity letters, it could have an adverse effect on the Company's financial results.

According to the Company's management estimation and based on its legal counsel, a provision in the financial statement was not included.

The Company assumes that the requirement to provide indemnification letters might require it to change locations of sites to different, less suitable locations and to dismantle some of its sites. These changes in the deployment of the sites might have an adverse effect on the extent, quality and capacity of the network coverage.

NOTE 21 – EQUITY AND SHARE BASED PAYMENTS

a. Share capital:

The Company's share capital consists of ordinary shares, which are traded on the Tel Aviv Stock Exchange Ltd. under the symbol "PTNR", and are quoted on the NASDAQ Global Select Market™, in the form of American Depositary Shares ("ADSs"), each representing one of the Company's ordinary shares, under the symbol "PTNR", according to the dual listing regulations. The ADSs are evidenced by American Depositary Receipts ("ADRs"). Since November 2011, Citibank, N.A. serves as the Company's depository for ADSs. The holders of ordinary shares are entitled vote in the general meetings of shareholders and to receive dividends as declared.

Under the provisions of the Company's licenses (note 1(e)), restrictions are placed on transfer of the Company's shares and placing liens thereon. The restrictions include the requirement of advance written consent of the Minister of Communications be received prior to transfer of 10% or more of the Company's shares to a third party. The restrictions require that the "founding shareholders or their approved substitutes", as defined in the cellular license, hold at least 26% of the means of control in the Company, including 5% which must be held by Israeli shareholders (Israeli citizens and residents), who were approved as such by the Minister of Communications.

Through December 31, 2008 the Company purchased its own 4,467,990 shares at the cost of NIS 351 million ("treasury shares"). Of which 4,461,975 remained as of December 31, 2015. In accordance with the Israeli Companies Law, the treasury shares are considered dormant shares as long as they are held by the Company, and as such they do not bear any rights (including the right to vote in general meetings of shareholders and to receive dividends) until they are transferred to a third party.

As of December 31, 2015 treasury shares in an amount of 2,911,806 were allocated to a trustee on behalf of the Company's employees under the Company's Equity Incentive Plan (see (b) below). These shares are under the control of the Company until vested under the plan and therefore are not presented in the financial statements as outstanding shares until vested (restricted shares ("RSAs")).

b. Share based compensation to employees

(1) Description of the Equity Incentive Plan

Share options and restricted shares were granted to employees in accordance with the 2004 Equity Incentive Plan (formerly known as the 2004 Share Option Plan (the "Plan")).

On June 18, 2014, the Company's Board of Directors approved certain amendments to the Company's Equity Incentive Plan (the "Plan"). The main amendments to the Plan include: (a) the extension of the Plan for an additional ten years from July 2014 until July 2024; and (b) the addition of the ability to allocate restricted shares ("RSAs") to the Company's employees and officers and necessary related amendments to the Plan (in particular, regarding the right to vote at the general meetings of shareholders and the right to receive dividends distributed with respect to the restricted shares). The committee may set performance targets as a vesting criterion (independently or in combination with other criteria). The plan was further amended in 2015 to the increase of the number of shares which may be granted under the Plan up to a total of 22,917,000 million shares. On March, 2016, the Board of Directors approved certain amendments to the Plan.

b. Share based compensation to employees
(continued)

The amendments to the Plan include: (a) amendment to the cashless exercise formula; (b) the ability to allocate restricted share units to the Company's employees and office holders; (c) automatic extension of the exercise period due to black-out periods; (d) adjustments to the grantee's rights under any granted securities due to the occurrence of certain events, including a rights offering; (e) a provision allowing the Company's management bodies to decide to pay a grantee the financial benefit embedded in his equity compensation in cash compensation instead of equity compensation, in certain events in which the Company is unable to issue shares resulting from exercise of options or RSUs or to release any restricted share to a grantee; (f) extension of the exercise period as a result of a change of control event; (g) a provision that allows the Company to limit a grantee from making transactions in the granted securities in connection with any underwritten public offering of the Company and (h) certain exercise restrictions in accordance with the Tel Aviv stock exchange rules. These amendments are subject to the approval of the Israeli Tax Authority and the Israeli Securities Authority. The total number of Company's shares reserved for issuance upon exercise of all options or upon the earning of the restricted shares granted under the Plan is 22,917,000, of which 1,266,211 remained ungranted as of December 31, 2015. The vesting of the options and the earning of the restricted shares are subject to vesting /restriction periods. The vesting of the options and the earning of the restricted shares granted after June 2014 are also subject to performance conditions set by the Company's organs. The Company expects that the performance conditions will be met. The Plan's principal terms of the options include:

-Exercise price adjustment:

The exercise price of options shall be reduced in the following events: (1) dividend distribution other than in the ordinary course: by the gross dividend amount so distributed per share, and (2) dividend distribution in the ordinary course: the exercise price shall be reduced by the amount of a dividend in excess of 40% of the Company's net income for the relevant period per share, or by the gross dividend amount so distributed per share ("Full Dividend Mechanism"), depending on the date of granting of the options.

-Cashless exercise: Most of the options may be exercised only through a cashless exercise procedure, while holders of other options may choose between cashless exercise and the regular option exercise procedure. In accordance with such cashless exercise, the option holder would receive from the Company, without payment of the exercise price, only the number of shares whose aggregate market value equals the economic gain which the option holder would have realized by selling all the shares purchased at their market price, net of the option exercise price.

NOTE 25 – INCOME TAX EXPENSES

a. Measurement of results for tax purposes under the Income Tax (Inflationary Adjustments) Law, 1985

Under this law, results for tax purposes through tax-year 2007 were measured in real terms, having regard to the changes in the Israeli CPI. Commencing the tax-year 2008 and thereafter the Company and its subsidiaries are measured for tax purposes in nominal values, except for certain transition provisions: certain losses carryforward for tax purposes, and certain tax deductible depreciation expenses are adjusted to the changes in the CPI until the end of 2007.

b. Corporate income tax rates applicable to the Group

The Group is taxed according to the regular corporate income tax in Israel.

On December 6, 2011, the "Tax Burden Distribution Law" Legislation Amendments (2011) was published. Under this law Corporate tax rate was set to of 25% as from 2012 and thereafter.

On August 5, 2013, the Law for Change of National Priorities (Legislative Amendments for Achieving the Budgetary Goals for 2013-2014), 2013 was published, enacts, among other things, the raising of the corporate tax rate beginning in 2014 and thereafter to 26.5% (instead of 25%). As a result, the deferred tax asset as of December 31, 2013 has increased in the amount of approximately NIS 1 million, with corresponding decrease in deferred tax expenses in the income statement.

In January 2016 the corporate tax rate from 2016 and thereafter was reduced to 25% (instead of 26.5%) according to a law that was approved in January 2016. Had the law been approved at December 31, 2015, the deferred tax asset as of December 31, 2015 would have decreased in the amount of approximately NIS 2 million, with corresponding increase in deferred tax expenses in the income statement.

Results of Consolidated Operations for the Year Ended December 31, 2015 Compared to the Year Ended December 31, 2014

Composition of revenues and cost of revenues

	New Israeli Shekels	
	Year ended December 31,	
	2014	2015
	In millions	
Service revenues	3,408	2,992
Equipment revenues	992	1,119
Total revenues	4,400	4,111
Cost of revenues – Services	2,655	2,592
Cost of revenues – Equipment	764	880
Total Cost of revenues	3,419	3,472
Gross profit	981	639

Total revenues. In 2015, total revenues were NIS 4,111 million (US\$ 1,054 million), a decrease of 7% from NIS 4,400 million in 2014.

Revenues from services. Service revenues in 2015 totaled NIS 2,992 million (US\$ 767 million), a decrease of 12% from NIS 3,408 million in 2014.

Revenues from equipment. Equipment revenues in 2015 totaled NIS 1,119 million (US\$ 287 million), an increase of 13% from NIS 992 million in 2014. The increase largely reflected higher average prices per device sold due to a change in product mix. (See also the comment regarding gross profit from equipment sales below).

Gross profit from service revenues. The gross profit from service revenues in 2015 was NIS 400 million (US\$ 103 million), compared with NIS 753 million in 2014, a decrease of 47%. Gross profit from service revenues was negatively affected by expenses in the amount of NIS 88 million (US\$ 23 million) that were recorded following the impairment charge on the rights of use (NIS 76 million), on computers and information systems (NIS 7 million) and on the communication network (NIS 5 million). Excluding the impact of these impairment charges, gross profit from service revenues was NIS 488 million (US\$ 125 million) in 2015, a decrease of 35% compared with 2014, largely reflecting the decrease in service revenues, partially offset by the decrease in the cost of service revenues. See also Note 22 to our consolidated financial statements.

Gross profit from equipment sales. Gross profit from equipment sales in 2015 was NIS 239 million (US\$ 61 million), compared with NIS 228 million in 2014, an increase of 5%, mainly reflecting a change in product mix, with the Company devoting greater attention in 2015 on products with higher profit margins.

A significant majority of sales of equipment continue to be offered together with long term financing plans, whereby the customer pays for the equipment through monthly payments (generally over 12 to 36 months). However, we may, in the future, be required to restrict the use of long-term installment plans, due to their downward pressure on cash flow, which may reduce our sales and of equipment and the resulting profitability. See “Item 5B Liquidity and Capital Resources” and “Item 5D.2 Outlook”.

Operating expenses. Operating expenses (selling, marketing, general and administrative expenses) totaled NIS 640 million (US\$ 164 million) in 2015, an increase of 1% from 2014. Operating expenses included expenses in the amount of NIS 10 million (US\$ 3 million) that were recorded following the impairment charge on customer relationships (NIS 8 million) and on the trade name (NIS 2 million). Excluding the impact of these impairment charges, selling, marketing, general and administration expenses were NIS 630 million (US\$ 161 million) in 2015, no significant change compared to NIS 631 million in 2014. Within the total, increases in salaries and related workforce expenses and bad debts and allowance for doubtful accounts expenses were offset by decreases in advertising and marketing expenses, in selling commissions, net, and in other expenses. See also Note 22 to our consolidated financial statements.

Total operating expenses. Total operating expenses (“Opex”, including cost of service revenues (NIS 2,592 million in 2015) and selling, marketing and administrative expenses (NIS 640 million in 2015), and excluding depreciation, amortization and impairment expenses (NIS 769 million in 2015); this measure is not a financial measure under IFRS and may not be comparable to other similarly titled measures for other companies) totaled NIS 2,463 million (US\$ 631 million) in 2015, a decrease of 5% or NIS 127 million from 2014, largely a result of a decrease in expenses related to payments to transmission, communication and content providers and the impact of efficiency measures, including the reduction in the Company workforce by approximately 15% on an average basis (average of workforce at beginning and end of year). This included the impact of a retirement plan during 2015, as a result of which the Company recorded onetime expenses of approximately NIS 35 million in the third quarter of 2015, which were partially offset by a resulting reduction in salaries and related expenses in 2015.

Including depreciation, amortization and impairment expenses, Opex in 2015 decreased by 2% compared with 2014. See also Note 22 to our consolidated financial statements.

Income with respect to settlement with Orange. In 2015, the Company recorded income with respect to the settlement agreement of the Orange brand agreement in an amount of NIS 61 million. See also Item 5A.1c Settlement Agreement with Orange Brand Services Ltd.” above and Note 18 to our consolidated financial statements.

Other income, net. Other income, net, totaled NIS 47 million (US\$ 12 million) in 2015, compared to NIS 50 million in 2014, a decrease of 6%, mainly reflecting a decrease in income from the unwinding of trade receivables. See also Note 23 to our consolidated financial statements.

Operating profit. Reported operating profit for 2015 was NIS 107 million (US\$ 27 million), a decrease of 73% compared with operating profit of NIS 400 million in 2014. Operating profit for 2015 before the total impact of the impairment charges described above in the amount of NIS 98 million, was NIS 205 million (US\$ 53 million), a decrease of 49% compared with operating profit of NIS 400 million in 2014.

Finance costs, net. Finance costs, net in 2015 were NIS 143 million (US\$ 37 million), a decrease of 10% compared with NIS 159 million in 2014. The decrease was mainly due to lower losses from foreign exchange movements in 2015 compared with foreign exchange gains in 2014. See also “Item 5B Liquidity and Capital Resources.”

Profit (loss) before income tax. Loss before income taxes for 2015 was NIS 36 million (US\$ 9 million), compared with profit before income tax of NIS 241 million in 2014. Before the total impact of the impairment charges described above in the amount of NIS 98 million, profit before income tax was NIS 62 million (US\$ 16 million) in 2015, a decrease of 74% from 2014.

Income taxes on profit. Income taxes on loss for 2015 were NIS 4 million (US\$ 1 million), compared to NIS 79 million in 2014.

In 2016, the Israeli corporate tax rate is expected to decrease from 26.5% in 2015 to 25%. However, the Company’s effective tax rate is expected to be slightly higher mainly due to nondeductible expenses. See also Note 25 to our consolidated financial statements.

Profit (Loss). Reported loss in 2015 was NIS 40 million (US\$ 10 million), a decrease of NIS 202 million compared with profit of NIS 162 million in 2014. Profit before the impact of the impairment in the amount of NIS 72 million (after income tax), was NIS 32 million (US\$ 8 million) in 2015, a decrease of 80% from NIS 162 million in 2014. Based on the weighted average number of shares outstanding during 2015, basic loss per share or ADS, was NIS 0.26 (US\$ 0.06), compared to basic earnings per share of NIS 1.04 in 2014. For information regarding potential downward impacts on profits in 2016, see “Item 5D.2 Outlook.”

Adjusted EBITDA. Adjusted EBITDA in 2015 totaled NIS 876 million (US\$ 225 million), a decrease of 20% from NIS 1,096 million in 2014. As a percentage of total revenues, Adjusted EBITDA in 2015 was 21%, compared with 25% in 2014.

Adjusted EBITDA as reviewed by the Chief Operating Decision Maker (“CODM”), represents earnings before interest (finance costs, net), taxes, depreciation, amortization (including amortization of intangible assets, deferred expenses-right of use, and amortization of share based compensation) and impairment charges, as a measure of operating profit. Adjusted EBITDA is not a financial measure under IFRS and may not be comparable to other similarly titled measures for other companies. Adjusted EBITDA may not be indicative of the Company’s historic operating results nor is it meant to be predictive of potential future results. We use the term “Adjusted EBITDA” to highlight the fact that amortization includes amortization of deferred expenses – right of use and employee share-based compensation expenses; it is fully comparable to EBITDA information which has been previously provided for prior periods.

Results Of Operation By Segment For The Year Ended December 31, 2015 Compared To The Year Ended December 31, 2014

Cellular Services Business Segment

Total revenues. Total revenues for the cellular segment in 2015 were NIS 3,348 million (US\$ 858 million), a decrease of 6% from NIS 3,556 million in 2014.

Revenues from services. Service revenues for the cellular segment in 2015 totaled NIS 2,297 million (US\$ 589 million), a decrease of 12% from NIS 2,618 million in 2014. The decrease was mainly a result of the continued downward pressures on the prices of post-paid and pre-paid cellular services as a result of the unrelenting competition in the cellular market. As an illustration of the level and increase in competition in the cellular market, approximately 2.5 million cellular subscribers switched operators within the Israeli market (with number porting) in 2015, largely unchanged from the number of switchers in 2014, compared with approximately 1.8 million in 2013.

Significant price erosion continued to be caused by the amount of cellular subscribers who moved between different rateplans or airtime packages (generally with a lower monthly fee) within the Company. As in 2014, in 2015 subscribers switched rateplans or packages over one million times (including subscribers who switched more than once) within the Company, signifying a significant increase in the number of switches compared with 2013.

The decrease in service revenues from our subscribers was partially offset by an increase in revenues from wholesale services provided to other operators hosted on the Company's network, particularly as a result of the Right of Use agreement with Hot Mobile. See "Item 5A.1e Right of Use Agreement with HOT Mobile."

Pre-paid cellular subscribers contributed service revenues in a total amount of approximately NIS 230 million (US\$ 59 million) in 2015, a decrease of 23% from approximately NIS 300 million in 2014, as a result of the price erosion in pre-paid services and the decrease in the number of pre-paid subscribers, which was largely attributed to pre-paid subscribers moving to post-paid subscriber packages as a result of the significant price erosion (and hence increasing attractiveness) in these products.

Revenues from equipment. Revenues from equipment sales for the cellular segment (including cellular handsets, WI-FI-only tablets, 3G/LTE tablets, laptops, datacards and modems, related equipment, car kits and accessories, and digital audio visual equipment) in 2015 totaled NIS 1,051 million (US\$ 269 million), increasing by 12% from NIS 938 million in 2014. The increase largely reflected higher average prices per device sold due to a change in product mix (see also the comment regarding gross profit from equipment sales below). As in 2014, a significant majority of sales of equipment in 2015 were offered together with long term financing plans, whereby the customer pays for the equipment through monthly payments (generally over 12 to 36 months).

B-5

Gross profit from equipment sales. The gross profit from equipment sales for the cellular segment in 2015 was NIS 219 million (US\$ 56 million), compared with NIS 211 million in 2014, an increase of 4%, mainly reflecting a change in product mix, with the Company devoting greater attention in 2015 on products with higher profit margins, as explained above. See also "Item 5D.2 Outlook".

Cost of service revenues. The cost of service revenues for the cellular segment (excluding inter-segment costs) decreased by 5% from NIS 1,963 million in 2014 to NIS 1,856 million (US\$ 476 million) in 2015. This decrease largely reflected decreases in expenses related to payments to communication and content providers and salaries and related expenses, partially offset by increases in network and cable maintenance expenses. See also Note 22 to our consolidated financial statements.

Operating expenses. Operating expenses (selling, marketing, general and administration expenses) for the cellular segment in 2015 amounted to NIS 506 million (US\$ 130 million), a decrease of 1% from NIS 509 million in 2014. The decrease mainly reflected decreases in advertising and marketing expenses and in selling commissions, net, partially offset by increases in bad debts and allowance for doubtful accounts expenses and in salaries and related expenses. See also Note 22 to our consolidated financial statements.

Total operating expenses. Total operating expenses for the cellular segment (including cost of service revenues, selling, marketing and administrative expenses and excluding depreciation and amortization expenses) totaled NIS 2,024 million (US\$ 519 million) in 2015, a decrease of 4% or NIS 92 million from 2014. See also Note 22 to our consolidated financial statements. Including depreciation and amortization expenses, operating expenses also decreased by 4%.

Operating profit. Overall, operating profit for the cellular segment in 2015 was NIS 72 million (US\$ 18 million), decreasing by 67% compared with NIS 221 million in 2014, largely reflecting the impact of the decrease in service revenues, partially offset by the reduction of total operating expenses and the increase in gross profits from equipment sales, as described above.

Adjusted EBITDA. Adjusted EBITDA for the cellular segment was NIS 597 million (US\$ 153 million) in 2015, decreasing by 22% from NIS 762 million in 2014, for the same reasons as the decrease in operating profit. As a percentage of total cellular revenues, Adjusted EBITDA for the cellular segment in 2015 was 18%, compared with 21% in 2014

Fixed Line Services Business Segment

Total revenues. Total revenues in 2015 for the fixed-line segment were NIS 974 million (US\$ 250 million), a decrease of 8% compared with NIS 1,058 million in 2014.

Revenues from services. Service revenues for the fixed-line segment totaled NIS 906 million (US\$ 232 million) in 2015, a decrease of 10% compared with NIS 1,004 million in 2014. The decrease mainly reflected lower revenues from international calls and from local lines and ISP services. Our market share in the ISP segment continues to be eroded as a result of the strong competition in the market from both existing and new service providers.

Revenues from equipment. Revenues from equipment sales for the fixed-line segment in 2015 totaled NIS 68 million (US\$ 17 million), an increase of 26% compared with NIS 54 million in 2014. The increase mainly reflected an increase in the sale of non-core fixed line equipment, including tablets, televisions, streamers and other audio visual devices, as well as in fixed line equipment for business customers.

Gross profit from equipment sales. The gross profit from equipment sales for the fixed-line segment in 2015 was NIS 20 million (US\$ 5 million), compared with NIS 17 million in 2014, an increase of 18%, reflecting the increase in sales, as described above.

Cost of service revenues. The cost of service revenues (excluding inter-segment costs) for the fixed-line segment increased by 6% from NIS 692 million in 2014, to NIS 736 million (US\$ 189 million) in 2015. The cost of service revenues was negatively affected by expenses in the amount of NIS 88 million (US\$ 23 million) that were recorded following the impairment charge on the rights of use (NIS 76 million), on computers and information systems (NIS 7 million) and on the communication network (NIS 5 million). Excluding the impact of these impairment charges, the cost of service revenues was NIS 648 million (US\$ 166 million) in 2015, a decrease of 6% compared with 2014, largely reflecting decreases in expenses related to payments to communication providers and in salaries and related expenses, partially offset by increases in expenses related to payments to internet infrastructure and service providers. See also Note 22 to our consolidated financial statements.

Operating expenses. Operating expenses (selling, marketing, general and administration expenses) for the fixed-line segment in 2015 amounted to NIS 134 million (US\$ 34 million), an increase of 10% from NIS 122 million in 2014. Operating expenses included expenses in the amount of NIS 10 million (US\$ 3 million) that were recorded following the impairment charge on customer relationships (NIS 8 million) and on the trade name (NIS 2 million). Excluding the impact of these impairment charges, selling, marketing, general and administration expenses were NIS 124 million (US\$ 32 million) in 2015, a slight increase of 2% from 2014. See also Note 22 to our consolidated financial statements.

Total operating expenses. Total operating expenses for the fixed-line segment (including cost of service revenues, selling, marketing and administrative expenses and excluding depreciation and amortization and impairment charges) totaled NIS 650 million (US\$ 167 million) in 2015, a decrease of 6% or NIS 38 million from 2014. See also Note 22 to our consolidated financial statements. Including depreciation, amortization and impairment expenses, operating expenses increased by 6%.

Operating profit. Operating profit for the fixed-line segment was NIS 35 million (US\$ 9 million) in 2015, a decrease of 80% compared to NIS 179 million in 2014. Operating profit for 2015 before the total impact of the impairment charges described above in the amount of NIS 98 million, was NIS 133 million (US\$ 34 million), a decrease of 26% compared with 2014, reflecting the impact of the decrease in service revenues, partially offset by the reduction in total operating expenses and the increase in gross profit from equipment sales, explained above.

Adjusted EBITDA. Adjusted EBITDA for the fixed-line segment decreased by 16% from NIS 334 million in 2014 to NIS 279 million (US\$ 72 million) in 2015, for the same reasons as the decrease in operating profit. As a percentage of total fixed-line revenues, Adjusted EBITDA for the fixed-line segment in 2015 was 29%, compared with 32% in 2014.

Dear Mr. _____

Letter of Indemnification

Partner Communications Company Ltd. ("Partner") hereby undertakes to indemnify you for any liability or expense that you incur or that is imposed on you in consequence of an action or an inaction by you (including prior to the date of this letter), in your capacity of an officer or director in Partner or as an officer or director on behalf of Partner in a company controlled by Partner or in which Partner has a direct or indirect interest (such companies being referred to herein as "Subsidiaries"), as follows:

1.1. Financial liability that you incur or is imposed on you in accordance with a judgment, including a judgment given in a settlement or a judgment of an arbitrator approved by the court; provided, that such liability pertains to one or more of the events set out in Schedule I hereto, which, in the opinion of the Board of Directors of Partner, are anticipated in light of Partner's activities at the time of granting this undertaking and are at the sum or measurement of indemnification determined by the Board of Directors to be reasonable given the circumstances set forth herein;

1.2. Reasonable litigation expenses, including legal fees, that you may incur or for which you will be ordered to pay by a court in the context of proceedings filed against you by or on behalf of Partner or by a third party, or in a criminal proceeding in which you are acquitted or if you are convicted, for an offense which does not require criminal intent; and

1.3. Reasonable litigation expenses, including legal fees that you may incur due to an investigation or proceeding conducted against you by an authority authorized to conduct such investigation or proceeding and which has ended without the filing of an indictment against you and either (i) no financial liability was imposed on you in lieu of criminal proceedings, or (ii) financial liability was imposed on you in lieu of criminal proceedings but the alleged criminal offense does not require proof of criminal intent, within the meaning of the relevant terms in or in the law referred to in the Israeli Companies Law of 1999 (the "Israeli Companies Law"), or in relation to a financial sanction ("itzum caspi").

1.4. Payment to the harmed party as a result of a violation set forth in Section 52.54(a)(1)(a) ((52 () (1) () of the Israeli Securities Law of 1968 (the "Israeli Securities Law"), including by indemnification in advance.

Expenses incurred in connection with a Procedure ("halich"), as defined in Section 56.8(a)(1) (56 () (1)) of the 1.5 Israeli Securities Law (a "Procedure"), in connection with any of your affairs including, without limitation, reasonable litigation expenses, including legal fees, including by indemnification in advance.

1.6 Any other liability or expense indemnifiable under any applicable law.

Partner may not indemnify you for your liability for: (i) a breach of duty of loyalty towards Partner unless you have acted in good faith and had reasonable grounds to assume that the action would not harm Partner's best interest; (ii) 2. a breach of duty of care done intentionally or recklessly ("pzizut") except for negligence; (iii) an act intended to unlawfully yield a personal profit; (iv) a fine, a civil fine ("knass ezrahi"), a financial sanction ("itzum caspi") or a penalty ("kofer") imposed upon you; and (v) a Procedure ("halich").

Upon the occurrence of an event for which you may be entitled to be indemnified, subject to the terms of this letter (including the limitations as to amount in Section 3.13) and any laws applicable at such time, Partner shall provide you with the necessary payments to cover all your expenses in respect of the legal proceedings in question, so that you will not have to pay for or finance them yourself.

3. Indemnification pursuant to this letter will be subject to applicable law and to the following terms and conditions:

That you notify Partner within a reasonable time of your learning of any legal proceedings instigated against you 3.1. in connection with any event that may give rise to indemnification and that you provide Partner, or anyone specified by Partner, with any documents connected to the proceeding in question.

That Partner reserves the right to represent you in the proceedings or to appoint legal counsel of its choice for this purpose (unless its choice of legal counsel is unacceptable to you on reasonable grounds). Partner or such legal counsel will take all necessary steps to bring the matter to a close and will keep you informed of key steps in the process. The appointed counsel will be bound by a fiduciary duty to you and to Partner. If a conflict of interests should arise between the appointed counsel and yourself, counsel will inform Partner and you will be entitled to appoint a different counsel reasonably acceptable to Partner and the terms of this indemnification agreement shall 3.2. apply to the new appointment. If Partner should decide to settle by arbitration or by mediation or by settlement, it shall be allowed to do so; provided, that you do not incur any additional expense or liability due to such arbitration, mediation or settlement or that you have otherwise agreed to such arbitration, mediation or settlement. If Partner so requests, you will sign any document that will empower it or any appointed counsel to represent you and defend you in any proceeding as stated above. You will cooperate as reasonably demanded of you with Partner and any appointed legal counsel. Partner shall cover all related expenses so that you will not have to make any payments or incur any expenses yourself.

3.3. That whether or not Partner shall operate in accordance with section 3.2 above, indemnification shall still cover all and every kind of expense incurred by you that is included in section 1 of this letter so that you will not have to pay or finance them yourself. You will not be indemnified for any expenses arising from a settlement, mediation or arbitration unless Partner has agreed to the settlement, mediation or arbitration.

3.4. That upon your request for payment in connection with any event according to this indemnification letter, Partner shall complete all the necessary arrangements required by the law for payment and shall act to receive all necessary authorizations, if demanded. If any authorization should be required for payment, and the payment is not authorized for any reason, this payment or part of it will be subject to the approval of the court (if relevant) and Partner shall act in order to receive authorization.

3.5. That in the event that you are paid for any sums in accordance with this letter of indemnification in connection with a legal proceeding, and later it becomes clear that you were not entitled to such payments, the sums will be considered as a loan given to you by Partner subject to the lowest interest rate for purposes of Section 3(9) of the Income Tax Ordinance (or any other legislation replacing it) which does not cause a taxable benefit. You shall be required to repay such amounts in accordance with the payment arrangements fixed by Partner, and at such time as Partner shall request in writing.

3.6. That you shall remain entitled to indemnification by Partner as provided in this letter of indemnification even when you are no longer an officer or director in Partner or in a Subsidiary on Partner's behalf, as long as the events that led to the payments, costs and expenses for which indemnification is being sought are a result of an action or an inaction taken by you as such officer or director.

3.7. The terms contained in this letter will be construed in accordance with the Israeli Companies Law and in the absence of any definition in the Israeli Companies Law, pursuant to the Israeli Securities Law. Schedule I hereto constitutes an integral part hereof.

3.8. The obligations of Partner under this letter shall be interpreted broadly and in a manner that shall facilitate its implementation, to the fullest extent permitted by law, including, ipso facto, as further expanded in the future, and for the purposes for which it was intended. Without derogating from the generality of the foregoing, it is clarified that with respect to any expansion of indemnification that is currently, or will in the future be, permitted by law following incorporation of specific provisions in Partner's Articles of Association, such expansion be in effect ipso facto even prior to such incorporation, based on Article 34.1 of the Articles of Association, which allows indemnification to the fullest extent permitted by law. In the event of a conflict between any provision of this letter and any provision of the law that cannot be superseded, changed or amended, said provision of the law shall supersede the specific provision in this letter, but shall not limit or diminish the validity of the remaining provisions of this letter.

3.9 The indemnification under this letter will enter into effect upon your signing a copy of the same in the appropriate place, and the delivery of such signed copy to Partner. It is hereby agreed that your agreement to accept this letter constitutes your irrevocable agreement that any previous undertaking of Partner for indemnification towards you, to the extent granted, shall become void automatically upon your signing this letter. Notwithstanding the above, if this letter shall be declared or found void for any reason whatsoever, then any previous undertaking of Partner for indemnification towards you, which this letter is intended to replace, shall remain in full force and effect.

3.10 Partner may, in its sole discretion and at any time, revoke its undertaking to indemnify hereunder, or reduce the Maximum Indemnity Amount (as defined in section 3.13 below) thereunder, or limit the events to which it applies, either in regard to all the officers or to some of them, to the extent such change or revocation relates solely to events that occur after the date of such change; provided, that prior notice has been given to you of its intention to do so, in writing, at least 60 days before the date on which its decision will enter into effect. No such decision will have a retroactive effect of any kind whatsoever, and the letter of indemnification prior to such change or revocation, as the case may be, will continue to apply and be in full force and effect for all purposes in relation to any event that occurred prior to such change or revocation, even if the proceeding in respect thereof is filed against you after the change or revocation of the letter of indemnification. In all other cases, this letter may not be changed unless Partner and you have agreed in writing.

3.11 This undertaking to indemnify is not a contract for the benefit of any third party, including any insurer, and is not assignable nor will any insurer have the right to demand participation of Partner in any payment for which an insurer is made liable under any insurance agreement that has been made with it, with the exception of the deductible specified in such agreement. For the avoidance of any doubt in the event of death this letter will apply to you and your estate.

3.12 No waiver, delay, forbearance to act or extension granted by Partner or by you will be construed in any circumstance as a waiver of the rights hereunder or by law, and will not prevent any such party from taking all legal and other steps as will be required in order to enforce such rights.

3.13 The aggregate indemnification amount payable by Partner to all directors, officers and other indemnified persons (including, inter alia, officers and directors nominated on behalf of Partner in Subsidiaries), pursuant to all letters of indemnification issued to them by Partner on or after October 17, 2013, which indemnification letters include a maximum indemnity amount substantially similar to the Maximum Indemnity Amount under this Section 3.13 (the "Maximum Indemnity Amount"), for any occurrence of an event set out in Schedule I hereto (each, an "Event"), will not exceed 25% of shareholders equity (according to the latest reviewed or audited financial statements approved by Partner's Board of Directors prior to approval of the indemnification payment); provided, however, that under the circumstances where indemnification for the same Event is to be made in parallel to you under this letter and to one or more indemnified persons under indemnification letters issued (or to be issued) by Partner containing a maximum indemnity amount which is the higher of 25% of shareholders equity and 25% of market capitalization (the "Combined Maximum Indemnity Amount"), the Maximum Indemnity Amount for you hereby shall be adjusted so it does not exceed the Combined Maximum Indemnity Amount to which any other indemnified person is entitled under any other indemnification letter containing the Combined Maximum Indemnity Amount.

The Maximum Indemnity Amount shall not be affected in any way by the existence of, or payment under, insurance policies. Payment of the indemnification shall not affect your right to receive insurance payments, if you receive the same (either personally or through Partner or on your behalf) and Partner will not be required to indemnify you for any sums that were, in fact, already paid to you or for you in respect of insurance or any other indemnification obligations made to you by any third party. In the event there is any payment made under this letter and such payment is covered by an insurance policy, Partner shall be entitled to collect such amount of payment from the insurance proceeds. You will return to Partner any amount that you may receive pursuant to this letter, which is based on data or financial results that will later on be found to be erroneous and will be restated in Partner's financial statements, as will be implemented by Partner's Board of Directors.

If the indemnification amount Partner is required to pay to its directors and other indemnified persons, as mentioned in section 1 above, exceeds at any time the Maximum Indemnity Amount or the balance of the Maximum Indemnity Amount in accordance with section 3.13 above after deducting any indemnification amounts paid or payable by Partner to any of its directors or other indemnified persons at such time (all, as determined and clarified in Section 3.13 above or in the other applicable indemnification letters), such Maximum Indemnification Amount or remaining balance will be allocated among the directors and the other indemnified persons entitled to indemnification, in the same ratio as with respect to any Event the amount for which each individual director or other indemnified person may be indemnified is to the aggregate amount that all of the relevant directors and other indemnified persons involved in the Event may be indemnified.

The foregoing does not derogate from Partner's right to indemnify you retroactively in accordance with that permitted by the Articles of Association of Partner and applicable law.

You should be aware that, insofar as indemnification for liabilities arising under the United States Securities Act of 1933 (the "U.S. Securities Act") may be permitted to Partner's directors and officers, Partner has been advised that in the opinion of the U.S. Securities and Exchange Commission (the "SEC") such indemnification is against public policy as expressed in the U.S. Securities Act and is, therefore, unenforceable. In the event of a claim for such indemnification, Partner will (in accordance with an undertaking given to the SEC), unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification is against public policy as expressed in the U.S. Securities Act and will be governed by the final adjudication of such issue.

The law of the State of Israel shall govern this Letter of Indemnification and all issues related thereto, without giving effect to any conflicts of law principles. The courts in Tel Aviv, Israel shall have the exclusive local and international jurisdiction, in connection with this Letter of Indemnification, except if an indemnification claim is related to a legal proceeding, already filed by a third party in a different court.

Respectfully,

On behalf of
Partner Communications Company Ltd.

I accept the terms and conditions of the above. I am aware that Partner has granted (and may grant) indemnification letters with maximum indemnity amounts different from the Maximum Indemnity Amount under this letter (including, without limitation, the Combined Maximum Indemnity Amount) and consequently, the beneficiaries of those indemnification letters may receive higher indemnification amounts than me, and I will have no claim against Partner in that respect. I am also aware that my agreement to accept this letter constitutes my irrevocable agreement that any previous undertakings of Partner for indemnification, to the extent granted, should become void automatically upon my signing this letter. Notwithstanding the above, if this indemnification letter shall be void for any reason whatsoever, then, any previous undertaking of Partner for indemnification towards me shall remain in full force and effect.

In the event a Share is held jointly, the Company shall not be obligated to issue more than one certificate for all the joint holders, and the delivery of such a certificate to any of the joint holders shall be viewed as if it was delivered to all of them.
- 9.3. The Board of Directors may deny a transfer of Shares as aforesaid and may also impose as a condition on the transfer of Shares as aforesaid an undertaking by the transferee to meet the obligations of the transferor with respect to the Shares or the obligations for which the Company has a lien or pledge on the Shares, signed by the transferee together with the signature of a witness, authenticating the signature of the transferee.

10.3. The transfer of a fraction of a Share shall lack validity.

10.4. A transferor of Shares shall continue to be regarded as the holder of the transferred Shares, until the name of the transferee of the Shares is registered in the Shareholder Register of the Company.

Deeds of Transfer which are registered shall remain with the Company. The Company is not obligated to retain the Deeds of Transfer and the Share Certificates, which may be cancelled, after the completion of a seven-year period from the registration of the transfer.

10.6. A joint Shareholder may transfer his right in a Share. In the event the transferring Shareholder does not hold the relevant Share Certificate, the transferor shall not be obligated to attach the Share Certificate to the Deed of Transfer, so long as the Deed of Transfer shall indicate that the transferor does not hold the Share Certificate, that the right he has in the Shares therein is being transferred, and that the transferred Share is held jointly with others, together with their details.

10.7. The Company may require payment of a fee for the registration of the transfer, at an amount or a rate determined by the Board of Directors from time to time.

- 10.8. The Board of Directors may close the Shareholder Register for a period of up to thirty days in each calendar year.
- 10.9. - 10.10. In the event that a deceased Shareholder registered in the Shareholders Register held Shares jointly with others, the Company shall acknowledge each survivor as a joint Shareholder with respect to said Shares, unless all the joint holders in the Share notify the Company in writing, prior to the death of any of them, of their will that the provisions of this Article shall not apply to them. The foregoing shall not release the estate of such joint Shareholder of any obligation in relation to a Share which is held jointly.
- 10.11. A person acquiring a right in Shares in consequence of being a custodian, administrator of the estate, the heir of a Shareholder registered in the Shareholders Register, a receiver, liquidator or a trustee in a bankruptcy of a Shareholder registered in the Shareholders Register or according to another provision of the Law, is entitled, after providing evidence to his right, to the satisfaction of the Board of Directors, to be registered as the Shareholder or to transfer such Shares to another person, subject to the provisions of these Articles of Association with respect to transfers.
- 10.12. A person becoming entitled to a Share because of the death of a Shareholder registered in the Shareholders Register shall be entitled to receive, and to give receipts for, dividends or other payments paid or distributions made, with respect to the Share, but shall not be entitled to receive notices with respect to General Meetings of the Company or to participate or vote therein with respect to that Share, or to exercise any other right of such Shareholder, until he has been registered in the Shareholder Register as the holder of that Share.

10A. Limitations on Transfer of Shares

- 10A.1. Notice of such registration shall be sent by the Company to the registered holder of the Exceptional Holding and to the Minister of Communications.
- 10A.2. Exceptional Holdings, registered in the manner set forth in Article 10A.1, shall not entitle the holder to any rights in respect to his holdings, and such holdings shall be considered “Dormant Shares” within the meaning of Section 308 of the Companies Law, except, however, that the holder of such shares shall be entitled to receive dividends and other distributions to shareholders (including the right to participate in a rights offering calculated on the basis of Means of Control of the Company (as defined in the License), provided, however, that such additional holdings shall be considered Exceptional Holdings). Therefore, any action taken or claim made on the basis of a right deriving from an Exceptional Holdings shall have no effect, except for the receipt of dividends or other distribution as stated above.

Without derogating from the above:

10A.2.2 No Director shall be appointed, elected or removed on the basis of Exceptional Holdings. In the event a Director is appointed, elected or removed from his position as a Director as set forth above, such appointment, election or removal shall have no effect.

10A.2.3 Exceptional Holdings shall have no voting rights at a General Meeting of the Company.

For the purposes of this Article 10A, "Exceptional Holdings" means the holdings of Traded Means of Control held without the consent of the Minister of Communications pursuant to Section 21 to the License or as a result of a breach of the provisions of Section 23 to the License, and all holdings of a holder of Traded Means of Control who acted contrary to the provisions of Section 24 to the License; and as long as the consent of the Minister of Communications is required but has not been obtained pursuant to Section 21 to the License, or the circumstances exist which constitute a violation of the provisions of Sections 23 or 24 to the License.

For the purposes of this Article 10A, "Traded Means of Control" means Means of Control (as defined in the License) including Global or American Depositary Shares (GDRs or ADRs) or similar certificates, registered for trade on a securities exchange in Israel or abroad or which have been offered to the public in connection with a prospectus, and are held by the public in Israel or abroad.

Minimum Founding Shareholders Shares that are held by Founding Israeli Shareholders, to the extent such Shares constitute all or a portion of the Minimum Israeli Holding, shall also be recorded in the shareholder register with a note indicating that such Shares are "Minimum Israeli Holding Shares".
- 10B.3. No transfer by a Founding Shareholder of Minimum Founding Shareholder Shares or by a Founding Israeli Shareholder of Minimum Israeli Holding Shares shall be recorded in the Company's shareholder register, or have any effect, unless the Company's Secretary shall have received written confirmation from the Ministry of Communications that the transfer complies with section 21.8 of the License. The Company Secretary may, in his or her discretion, refer any question in connection with the recording of Minimum Founding Shareholders Shares or Minimum Israeli Holding Shares, or their transfer, to the Company's audit committee whose decision shall be binding on the Company. As a condition to any transfer of Minimum Founding Shareholders Shares or Minimum Israeli Holding Shares, the transferee shall be required to deliver to the Company's Secretary (a) a share transfer deed that includes an undertaking by the transferee to comply with all requirements of section 22A of the License and (b) all information requested with respect to the transferee's qualification as a Founding Shareholder and/or a Founding Israeli Shareholder.

Furthermore, the Company shall have a first degree pledge right on all the Shares (other than Shares which were fully paid) registered in the name of any Shareholder to secure the payment of moneys which are due from him or from his property, whether with respect to his own debts or debts jointly with others. The said pledge shall also apply to dividends, declared from time to time, with respect to these Shares.

- 12.2. For purposes of the realization of any such pledge and or lien, the Board of Directors is entitled to sell the Shares which are the subject of the pledge or lien, or any part of them, as it deems fit. No sale, as aforesaid, shall be carried out, until the date fixed for the payment has passed and a notice in writing was transferred to same Shareholder with respect to the intention of the Company to sell them, on condition that the amounts were not paid within fourteen days after the notice.
- 12.3. The proceeds of any such sale, after deduction for the payment of the sale expenses, shall serve for the covering of the debts or obligations of said Shareholder, and the balance (if any) shall be paid to him.
- 12.4. In the event that a sale of Shares was carried out pursuant to the realization of a pledge or a lien, pursuant to the presumptive authority conferred above, the Board of Directors is entitled to register such Shares in the Shareholder Register in favor of the buyer, and the buyer shall not be under the obligation to examine the fitness of such actions or the manner in which the purchase price paid for such Shares was used. After the said Shares are registered in the Shareholder Register in favor of the buyer, no person shall have the right to object to the validity of the sale.

The increased share capital shall be divided into Shares having ordinary rights or preference rights or deferred rights or other special rights (subject to the special rights of an existing class of Shares) or subject to conditions and restrictions with respect to entitlement to dividend, return of capital, voting or other conditions, as may be instructed by the General Meeting in a resolution with respect to the increase of the share capital, and in the absence of a special provision, according to the terms determined by the Board of Directors.

13.2. Classes of Shares

To divide the share capital of the Company into various classes of Shares, and to set and change the rights attaching to each class of Shares, according to the conditions specified below:

- 13.2.1. So long as it was not otherwise set in the Share allotment conditions, the rights of any class may be changed pursuant to a resolution of the General Meeting of the Shareholders of each class of Shares, separately, or upon the written consent of all the Shareholders of all classes.

13.2.2. The rights conferred on the holders of Shares of a certain class shall not be deemed to have been changed as a result of the creation or allotment of other Shares having identical rights, unless it was otherwise stipulated in the allotment conditions of said Shares.

13.3. Amalgamation and Redivision of the Share Capital

To amalgamate and redivide the share capital of the Company, entirely or partially, into Shares having a higher or lesser par value than that stated in these Articles of Association. In the event that in consequence of such amalgamation, there are Shareholders left with fractions of Shares, the Board of Directors if approved by the Shareholders at a General Meeting in adopting the resolution for amalgamation of the capital, may agree as follows:

13.3.1. To sell the total of all the fractional shares and to appoint a trustee for this purpose, in whose name Share Certificates representing the fractions shall be issued, who will sell them, with the proceeds received after the deduction of commissions and expenses to be distributed to those entitled. The Board of Directors shall be entitled to decide that Shareholders who are entitled to proceeds which are below an amount determined by it, shall not receive the proceeds of the sale of the fractional shares, and their share in the proceeds shall be distributed among the Shareholders who are entitled to proceeds, in an amount greater than the amount that was determined, relative to the proceeds to which they are entitled;

13.3.2. To allot to any Shareholder, who is left with a fractional Share following the amalgamation, Shares of the class of Shares prior to the amalgamation, which are fully paid, in such a number, the amalgamation of which together with the fractional Share shall complete a whole Share, and an allotment as stated shall be viewed as valid shortly before the amalgamation;

13.3.3. To determine that Shareholders shall not be entitled to receive a Share in exchange for a fractional Share resulting from the amalgamation of a half or smaller fraction of the number of Shares, whose amalgamation creates a single Share, and they shall be entitled to receive a whole Share in exchange for a fractional Share, resulting from the amalgamation of more than a half of the number of Shares, whose amalgamation creates a whole Share.

In the event that an action pursuant to Articles 13.3.2 or 13.3.3 above requires the allotment of additional Shares, their payment shall be effected in a manner similar to that applicable to the payment of Bonus Shares. An amalgamation and redivision, as aforesaid, shall not be regarded as a change in the rights attaching to the Shares which are the subject of the amalgamation and redivision.

13.4. Cancellation of Unissued Share Capital

To cancel registered share capital which has not yet been allotted, so long as the Company is not under an obligation to allot these Shares.

31.3.2. An Unclaimed Dividend

The Board of Directors is entitled to invest the amount of any unclaimed dividend for one year after it was declared or to utilize it in any other manner to the benefit of the Company until it is claimed. The Company shall not be obligated to pay interest or Linkage on an unclaimed dividend.

The provisions of this chapter six shall also apply to the distribution of bonds.

31.4.2. The Company, in the resolution with respect to the distribution of Bonus Shares, is entitled in accordance with the recommendation of the Board of Directors, to decide that the Company shall transfer to a special fund, designated for the future distribution of Bonus Shares, an amount the capitalization of which shall be sufficient in order to allot to anyone having at such time a right to acquire Shares of the Company (including a right which can be exercised only upon a later date), Bonus Shares at the par value which would have been due to him had he exercised the right to acquire the Shares shortly before the Determining Date, at the price of the right in effect at such time. In the event that after the Determining Date, the holder of said right shall exercise his right to acquire the Shares or any part of them, the Board of Directors shall allot to him fully paid Bonus Shares at such par value and of such class, which would have been due to him had he exercised shortly before the Determining Date the right to acquire those Shares he actually acquired, by way of an appropriate capitalization made by the Board of Directors out of the special fund, as aforesaid. For the purpose of the determination of the par value of the Bonus Shares which are to be distributed, any amount transferred to the special fund, with respect to a previous distribution of previous Bonus Shares shall be viewed as if it had already been capitalized and that Shares entitling the holders to the right to acquire Shares of the Company were already allotted as Bonus Shares.

31.4.3. Upon the distribution of Bonus Shares, each Shareholder of the Company shall receive Shares of a uniform class or of the class which confers on its holder the right to receive the Bonus Shares, as determined by the Board of Directors.

The Board of Directors may pay cash or convey these certain assets to trustees in trust in favor of those people who are entitled to a dividend or to a capitalized fund, as the Board of Directors shall deem beneficial.

32.2. In the event that the Company acquired any of its Shares, such a Share shall become a dormant Share, and shall not confer any rights, so long as it is owned by the Company.

32.3. A subsidiary or another company under the control of the Company is entitled to acquire Shares of the Company or securities convertible into Shares of the Company or which can be exercised into Shares of the Company, including an obligation to take any of these actions, to the same extent the Company may make a distribution, so long as the board of directors of the subsidiary or the managers of the acquiring company have determined that had the acquisition of the Shares or convertible securities been carried out by the Company it would have been regarded as a permissible distribution, as specified in Article 30 above. Notwithstanding the foregoing, an acquisition by a subsidiary or by another company under the control of the Company, which is not fully-owned by the Company, will be considered a distribution of an amount equal to the product of the amount acquired multiplied by the percentage of the rights in the capital of the subsidiary or in the capital of said company which is held by the Company.

32.4. In the event that a Share of the Company is acquired by a subsidiary or by a corporation in the control of the Company, the Share shall not confer any voting rights, for so long as said Share is held by the subsidiary or by said controlled corporation.

In deciding which Shares are to be treated as Affected Shares, the Board of Directors shall have regard to the Relevant Shares which in its opinion have directly or indirectly caused the determination under Article 44.4 and the chronological order in which Relevant Shares have been entered in the Relevant Shares Register (and accordingly treat as Affected Shares those Relevant Shares entered in the Relevant Shares Register most recently) except where such criterion would in their opinion be inequitable, in which event the Board of Directors shall apply such other criterion or criteria as they may consider appropriate.

44.8. Subject to the other provisions of this Article 44, the Board of Directors shall be entitled to assume without enquiry that:

44.8.1. all Shares not in the Relevant Shares Register and not falling within clause 44.8.2 are neither Relevant Shares nor Shares which would be or be capable of being treated as Affected Shares; and

44.9. Any resolution or determination of, or any decision or the exercise of any discretion or power by, the Board of Directors or any one of the Directors under this Article 44 shall be final and conclusive.

44.10.

44.10.1. On withdrawal of the determination under Article 44.4.1, the Board of Directors shall cease to act pursuant to such determination and inform every person on whom an Affected Share Notice has been served that Article 44.6 no longer applies in respect of such Share. The withdrawal of such a determination shall not affect the validity of any action taken by the Board of Directors under this Article whilst that determination remained in effect and such actions shall not be open to challenge on any ground whatsoever.

44.10.2. The Board of Directors shall, so long as it acts reasonably and in good faith, be under no liability to the Company or to any other person for failing to treat any Share as an Affected Share or any person as a Relevant Person in accordance with this Article and it shall not be liable to the Company or any other person if, having acted reasonably and in good faith it determines erroneously that any Share is an Affected Share, or any person is a Relevant Person or on the basis of such determination or any other determination or resolution, they perform or exercise their duties, powers, rights or discretions under this Article in relation to such Share.

44.11. A person who has an interest in Shares by virtue of having an interest in Depositary Receipts shall be deemed to have an interest in the number of Shares represented by such Depositary Receipts and not (in the absence of any other reason why he should be so treated) in the remainder of the Depositary Shares held by the relevant Depositary.

3. Indemnification pursuant to this letter will be subject to applicable law and to the following terms and conditions:

That you notify Partner within a reasonable time of your learning of any legal proceedings instigated against you

3.1. in connection with any event that may give rise to indemnification and that you provide Partner, or anyone specified by Partner, with any documents connected to the proceeding in question.

That Partner reserves the right to represent you in the proceedings or to appoint legal counsel of its choice for this purpose (unless its choice of legal counsel is unacceptable to you on reasonable grounds). Partner or such legal counsel will take all necessary steps to bring the matter to a close and will keep you informed of key steps in the process. The appointed counsel will be bound by a fiduciary duty to you and to Partner. You will cooperate as reasonably demanded of you with Partner and any appointed legal counsel. Partner shall cover all related expenses so that you will not have to make any payments or incur any expenses yourself.

3.3. 3.4. That upon your request for payment in connection with any event according to this indemnification letter, Partner shall complete all the necessary arrangements required by the law for payment and shall act to receive all necessary authorizations, if demanded. If any authorization should be required for payment, and the payment is not authorized for any reason, this payment or part of it will be subject to the approval of the court (if relevant) and Partner shall act in order to receive authorization.

3.5. That in the event that you are paid for any sums in accordance with this letter of indemnification and release in connection with a legal proceeding, and later it becomes clear that you were not entitled to such payments, the sums will be considered as a loan given to you by Partner subject to the lowest interest rate for purposes of Section 3(9) of the Income Tax Ordinance (or any other legislation replacing it) which does not cause a taxable benefit. You shall be required to repay such amounts in accordance with the payment arrangements fixed by Partner, and at such time as Partner shall request in writing.

3.6. That you shall remain entitled to indemnification by Partner as provided in this letter of indemnification and release even when you are no longer an officer or director in Partner or in a Subsidiary on Partner's behalf, as long as the events that led to the payments, costs and expenses for which indemnification is being sought are a result of an action or an inaction taken by you as such officer or director.

Without derogating from the generality of the foregoing, it is clarified that with respect to any expansion of indemnification that is currently, or will in the future be, permitted by law following incorporation of specific provisions in Partner's Articles of Association, such expansion be in effect ipso facto even prior to such incorporation, based on Article 34.1 of the Articles of Association, which allows indemnification to the fullest extent permitted by law. In the event of a conflict between any provision of this letter and any provision of the law that cannot be superseded, changed or amended, said provision of the law shall supersede the specific provision in this letter, but shall not limit or diminish the validity of the remaining provisions of this letter.

3.9 The indemnification under this letter will enter into effect upon your signing a copy of the same in the appropriate place, and the delivery of such signed copy to Partner. It is hereby agreed that your agreement to accept this letter constitutes your irrevocable agreement that any previous undertaking of Partner for indemnification towards you, to the extent granted, shall become void automatically upon your signing this letter. Notwithstanding the above, if this letter shall be declared or found void for any reason whatsoever, then any previous undertaking of Partner for indemnification towards you, which this letter is intended to replace, shall remain in full force and effect.

3.10 Partner may, in its sole discretion and at any time, revoke its undertaking to indemnify hereunder, or reduce the Maximum Indemnity Amount (as defined in section 3.13 below) thereunder, or limit the events to which it applies, either in regard to all the officers or to some of them, to the extent such change or revocation relates solely to events that occur after the date of such change; provided, that prior notice has been given to you of its intention to do so, in writing, at least 60 days before the date on which its decision will enter into effect. No such decision will have a retroactive effect of any kind whatsoever, and the letter of indemnification and release prior to such change or revocation, as the case may be, will continue to apply and be in full force and effect for all purposes in relation to any event that occurred prior to such change or revocation, even if the proceeding in respect thereof is filed against you after the change or revocation of the letter of indemnification and release. In all other cases, this letter may not be changed unless Partner and you have agreed in writing.

3.11 This undertaking to indemnify is not a contract for the benefit of any third party, including any insurer, and is not assignable nor will any insurer have the right to demand participation of Partner in any payment for which an insurer is made liable under any insurance agreement that has been made with it, with the exception of the deductible specified in such agreement. For the avoidance of any doubt in the event of death this letter will apply to you and your estate.

3.12 No waiver, delay, forbearance to act or extension granted by Partner or by you will be construed in any circumstance as a waiver of the rights hereunder or by law, and will not prevent any such party from taking all legal and other steps as will be required in order to enforce such rights.

3.13 The aggregate indemnification amount payable by Partner to all directors, officers and other indemnified persons (including, inter alia, officers and directors nominated on behalf of Partner in Subsidiaries), pursuant to all letters of indemnification issued to them by Partner on or after October 17, 2013, which indemnification letters include a maximum indemnity amount substantially similar to the Maximum Indemnity Amount under this Section 3.13 (the "Maximum Indemnity Amount"), for any occurrence of an event set out in Schedule I hereto (each, an "Event"), will not exceed 25% of shareholders equity (according to the latest reviewed or audited financial statements approved by Partner's Board of Directors prior to approval of the indemnification payment); provided, however, that under the circumstances where indemnification for the same Event is to be made in parallel to you under this letter and to one or more indemnified persons under indemnification letters issued (or to be issued) by Partner containing a maximum indemnity amount which is the higher of 25% of shareholders equity and 25% of market capitalization (the "Combined Maximum Indemnity Amount"), the Maximum Indemnity Amount for you hereby shall be adjusted so it does not exceed the Combined Maximum Indemnity Amount to which any other indemnified person is entitled under any other indemnification letter containing the Combined Maximum Indemnity Amount.

The Maximum Indemnity Amount shall not be affected in any way by the existence of, or payment under, insurance policies. Payment of the indemnification shall not affect your right to receive insurance payments, if you receive the same (either personally or through Partner or on your behalf) and Partner will not be required to indemnify you for any sums that were, in fact, already paid to you or for you in respect of insurance or any other indemnification obligations made to you by any third party. In the event there is any payment made under this letter and such payment is covered by an insurance policy, Partner shall be entitled to collect such amount of payment from the insurance proceeds. You will return to Partner any amount that you may receive pursuant to this letter, which is based on data or financial results that will later on be found to be erroneous and will be restated in Partner's financial statements, as will be implemented by Partner's Board of Directors.

If the indemnification amount Partner is required to pay to its directors and other indemnified persons, as mentioned in section 1 above, exceeds at any time the Maximum Indemnity Amount or the balance of the Maximum Indemnity Amount in accordance with section 3.13 above after deducting any indemnification amounts paid or payable by Partner to any of its directors or other indemnified persons at such time (all, as determined and clarified in Section 3.13 above or in the other applicable indemnification letters), such Maximum Indemnification Amount or remaining balance will be allocated among the directors and the other indemnified persons entitled to indemnification, in the same ratio as with respect to any Event the amount for which each individual director or other indemnified person may be indemnified is to the aggregate amount that all of the relevant directors and other indemnified persons involved in the Event may be indemnified.

The foregoing does not derogate from Partner's right to indemnify you retroactively in accordance with that permitted by the Articles of Association of Partner and applicable law.

4. Release

4.1 The Company releases you in advance, subject to the provisions of the Companies Law, from your liability towards the Company for any damage caused and/or that will be caused to the Company, insofar as will be caused, in consequence of the breach of your duty of care toward the Company while acting in good faith, in your capacity as an officer or director in Partner or the Subsidiaries for the events and to the extent that will be allowed at the time of release by law. The said release from liability will be for amounts for which the officers or directors are not entitled to indemnification in accordance with the Company's D&O insurance policy.

4.2 Partner may not release you for your liability for: (i) a breach of duty of loyalty towards Partner unless you have acted in good faith and had reasonable grounds to assume that the action would not harm Partner's best interest; (ii) a breach of duty of care done intentionally or recklessly ("pzizut") except for negligence; (iii) an act intended to unlawfully yield a personal profit; (iv) a fine, a civil fine ("knass ezrahi"), a financial sanction ("itzum caspi") or a penalty ("kofer") imposed upon you and (v) a breach of duty of care in a Distribution ("haluka").

4.3 In addition to the limitations of the release according to any law, the release shall not apply to the following cases:

- a. Any counterclaim of the Company against an officer or director as a result of a claim of an officer or director against the Company, except for when the claim of the officer is to protect his rights that stem from labor law in accordance with the law or a personal employment agreement between himself and the Company or a resolution duly adopted by the Company's organs in respect of directors remuneration.
- b. Resolution or transaction in which the controlling shareholder or any officer or director in the Company (including other officers or directors than the officer or director being granted the release) has a personal interest.

5. Sections 3.6-3.9 and 3.11-3.12 above will apply Mutatis Mutandis to release.

6. In sections 4 and 5 -"acting" – or any derivative of it as set forth in the Companies Law, including also a decision and/or omission and including all of the actions taken by you before the date of this letter during the periods in which you were employed and/or served as an officer or director of the Company and/or during the periods in which you were an officer, employee or agent of the Company in another corporation in which the Company directly or indirectly holds securities.

7. For the avoidance of doubt, it hereby determined that this letter of indemnification and release shall not cancel or derogate or constitute a waiver of any other indemnification that the officer or director is entitled to in accordance with the provisions of any law or in accordance with any previous undertaking of the Company and/or previous agreement with the Company, insofar as the said undertaking is legally valid, and from any other resolution of the Company to grant indemnification to an officer or director in the Company. It is hereby clarified that the Company will not be obligated to indemnify an officer or director for the same event, in accordance with any previous undertaking (if and insofar as it will be valid) as well as in accordance with this letter of indemnification and release. In any case in which an officer or director can be indemnified, by law, both in accordance with this Letter of indemnification and release and a previous undertaking of the Company, the Company's Audit Committee (and insofar as the majority of its members have a Personal Interest, a special committee of two directors that do not have a Personal interest shall be formed) shall decide, subject to all legal provisions, according to which undertaking the officer or director should be indemnified.

You should be aware that, insofar as indemnification for liabilities arising under the United States Securities Act of 1933 (the "U.S. Securities Act") may be permitted to Partner's directors and officers, Partner has been advised that in the opinion of the U.S. Securities and Exchange Commission (the "SEC") such indemnification is against public policy as expressed in the U.S. Securities Act and is, therefore, unenforceable. In the event of a claim for such indemnification, Partner will (in accordance with an undertaking given to the SEC), unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification is against public policy as expressed in the U.S. Securities Act and will be governed by the final adjudication of such issue.

The law of the State of Israel shall govern this Letter of Indemnification and Release and all issues related thereto, without giving effect to any conflicts of law principles. The courts in Tel Aviv, Israel shall have the exclusive local and international jurisdiction, in connection with this Letter of Indemnification and Release , except if an indemnification claim is related to a legal proceeding, already filed by a third party in a different court.

Respectfully,

On behalf of
Partner Communications Company Ltd.

I accept the terms and conditions of the above. I am aware that Partner has granted (and may grant) indemnification letters with maximum indemnity amounts different from the Maximum Indemnity Amount under this letter (including, without limitation, the Combined Maximum Indemnity Amount) and consequently, the beneficiaries of those indemnification letters may receive higher indemnification amounts than me, and I will have no claim against Partner in that respect. I am also aware that my agreement to accept this letter constitutes my irrevocable agreement that any previous undertakings of Partner for indemnification, to the extent granted, should become void automatically upon my signing this letter. Notwithstanding the above, if this indemnification letter shall be void for any reason whatsoever, then, any previous undertaking of Partner for indemnification towards me shall remain in full force and effect.

Annex “G”

[THIS IS A CONVENIENCE TRANSLATION OF THE BINDING HEBREW
VERSION OF THE COMPENSATION POLICY FOR OFFICE HOLDERS]

Partner Communications Company Ltd. (“the Company”)

September 28, 2016

Compensation Policy for Office Holders

1. General

Pursuant to the provisions of the Companies Law (Amendment number 20), 5773 - 2012 (“Amendment 20”), a Compensation Policy for Office Holders of the Company is hereby being adopted (“the Compensation Policy” or “the 1.1 Policy”), as this term is defined in the Companies Law, 5759 – 1999, as amended (“the Companies Law”), including section 267.A of the Companies Law. Terms defined in the Companies Law and not defined in this document shall have the meaning ascribed to them in the Companies Law, unless the context dictates otherwise.

The Terms of Office and Employment of the Office Holders of the Company shall be determined on the basis of the Compensation Policy as defined hereunder (“the Compensation” or “Compensation Plan”) and shall be submitted 1.2 for approval by the Compensation Committee of the Board of Directors of Partner Communications Company Ltd. (“the Company”), the Company’s Board of Directors or the shareholders (as relevant), as required pursuant to the Companies Law.¹

At least once every three years, and after receiving the recommendation of the Compensation Committee, the Company’s Board of Directors shall discuss and decide about approving a Compensation Policy for the Company's Office Holders. The Compensation Committee and Board of Directors shall also review the Company’s Compensation Policy and the need to amend it to conform to the provisions of law from time to time, in the event that a material change in circumstances occurs from those that had existed when the Policy was last approved or 1.3 for other reasons. The Compensation Policy shall be submitted for the approval of the General Meeting as required pursuant to the Companies Law. However, to the extent permitted by law, if the General Meeting shall oppose approving the Policy, the Compensation Committee and Board of Directors shall be able to approve the Policy, after having held another discussion of the Policy and after having determined, on the basis of detailed reasoning, that, notwithstanding the General Meeting’s opposition, the adoption of the Policy is for the benefit of the Company.

Insofar as the Office Holder is holding office through a company under his ownership, the provisions of the Compensation Policy shall apply mutatis mutandis: the Compensation to an Office Holder shall be paid against an 1 invoice and not as a salary, and the components of the Compensation will be normalized so that, in economic terms, they will conform to that stated in this Policy.

1.4 The Compensation Policy shall remain in effect in its current format for a three-year period as of the date of approval of the Compensation Policy by the General Meeting of the shareholders or until amended or terminated by the Company's relevant organs, subject to all statutory provisions. If the General Meeting of the shareholders does not approve the Compensation Policy and the Company's Board of Directors shall resolve to adopt it notwithstanding the General Meeting's opposition as stated, then the Compensation Policy shall remain in effect for a three-year period as of the date of the Board of Directors' approval as stated. To dispel any doubt, it is stated that the provisions of the Compensation Policy, unless explicitly noted otherwise, shall also apply to the annual Bonus in respect of 2016 (the indices and targets for determining bonuses were defined at the beginning of 2016).

1.5 The Compensation Policy, as specified hereunder, was formulated during an orderly internal process conducted at the Company in conformity with the provisions of Amendment 20, and is based on principles that enable a proper balance between the desire to reward Office Holders for their achievements and the need to ensure that the structure of the Compensation is in line with the Company's benefit and with the Company's overall strategy over time. The purpose of the Policy is to set guidelines for the mode of compensation of the Company's Office Holders. The Company's Management and the Company's Board of Directors deem all of the Office Holders of the Company as partners in the Company's success and the holistic approach to Office Holders' Compensation derives from this view. This document presents the indices that derived from the principles of the formulated Compensation Policy, as specified hereunder in clause 5.

1.6 It is hereby clarified that no statement in this document purports to vest any right to the Office Holders to whom the principles of the Compensation Policy apply, or to any other third party, and not necessarily will use be made of all of the components and ranges presented in this Policy.

1.7 The purpose of the Policy is to set guidelines for the mode of compensation of Office Holders of the Company. Therefore, the indices presented are intended to prescribe an adequately broad framework that shall enable the Compensation Committee and Board of Directors of the Company to formulate a personal Compensation Plan for each Office Holder or a particular compensation component according to individual circumstances (including unique circumstances) and according to the Company's needs, in a manner that is congruent with the Company's benefit and the Company's overall strategy over time.

2. Definitions

“Phantom Options” – virtual options that represent a theoretical holding of a particular number of stock options of the Company. They vest a right to the value of the stock, similarly to stock options that are exercisable while offsetting the exercise price; i.e., they reflect only the benefit component generated for the offeree, if any has been generated, on the exercise date. On the exercise date of the Phantom Options, the offeree will receive the sum equivalent to the difference between the theoretical exercise price of each option and the share price on that date. In other words, when exercising the Phantom Options, the offerees are not receiving the underlying shares, but rather, if the share price has risen above the exercise price, they receive a financial gain according to the rise in value of the Company’s shares underlying the Phantom Options they hold, from the option allotment date until the exercise date (i.e., the difference between the base price of the theoretical exercise price of the Phantom Option and the determinant share price on the exercise date). The calculation uses a formula according to predefined conditions outlined in the Phantom Option plan.

“Restricted Stock Units” – an undertaking to grant one share in respect of each unit at the end of the predefined vesting period (provided that the offeree is employed at the Company on that date) and subject to predefined conditions. These units are exercisable for shares of the Company at an exercise price that is the par value of the Company’s share. Since the units do not constitute shares, they are not eligible for rights that shares of the Company confer, such as the right to vote and the right to dividends. Nonetheless, similarly to options, various adjustments might be made to the units so that they will be eligible for dividends or so that they will be adjusted due to distributions and changes in equity, such as splitting/consolidation of shares and a distribution of bonus rights. The Restricted Stock Units may be held in trust by a trustee.

“Restricted Shares” – restricted shares that are issued to offerees and are subject to a vesting period, so that offerees cannot sell the shares until the end of the vesting period. The shares are to be held in trust by a trustee in favor of the offerees and shall vest the offerees full rights, including voting rights (voting by virtue of these shares shall be arranged in advance during the blocked period) and the right to receive dividends (which shall be held in trust by the trustee until the end of the blocked period). Apart from special cases that are explicitly defined, the trustee shall return shares to the Company that it is holding in favor of offerees who are no longer employed by the Company when the shares vest, as well as any additional sum held by the trustee that has accrued in respect of these shares.

“Bonus” – a one-time payment (or divided into a number of payments) that is not an Ongoing Remuneration and that is not Equity Compensation.

G-3

“Severance Bonus” – as this term is defined in the Companies Law from time to time. As of the adoption date of this Policy – a Bonus, payment, remuneration, compensation or any other benefit given to an Office Holder in relation to the termination of his position at the Company.

“Monthly Salary” – an Office Holder’s monthly salary, excluding social allocations and additional benefits.

“Office Holder” – as this term is defined in the Companies Law from time to time. Correct to the adoption date of this Policy – general manager (CEO), chief business manager (CFO), deputy general manager, vice general manager, any person performing such a function in the Company even if under a different title, and a director, or a manager directly subordinate to the general manager.

“Variable Component” – any payment in respect of the holding of an office or employment that is not part of the Ongoing Remuneration, when all or a portion of the payment depends on variables that are unknown at the time the payment is determined, such as an annual Bonus, a portion of which is contingent upon future financial results, or Equity Compensation, but not a Bonus that is calculated according to the duration of the period of employment (including a Severance Bonus).

“Fixed Component” – the cost of the Ongoing Remuneration and any other payment in respect of the holding of an office or employment, that is entirely independent of variables that are unknown at the time the payment is determined, such as a Bonus that is calculated according to the duration of the period of employment (including a Severance Bonus and a Retention Bonus).

“Ongoing Remuneration” – the cumulative Monthly Salary during a period of twelve months, including the base salary and social allocations and additional benefits, which may include: allocations in respect of a provident fund, pension, severance pay, annual vacation, 13th salary, continuing education fund, loss-of-work-capacity insurance, National Insurance contributions (the employer’s contribution), participation in various expenses, such as tuition, etc., convalescence pay, car, mobile and residential phones, Internet services, vacation, holiday gift, as well as grossing up in respect of a car and in respect of mobile and residential phones.

“Equity Compensation” – options, Phantom Options, Restricted Stock Units, Restricted Shares, as described below, or any other equity compensation that is based on securities of the Company.

“The Existing Equity Incentive Plan” – the Company’s Equity Incentive Plan.

² Amended and Restated 2004 Company Equity Incentive Plan and any other equity incentive plan of the Company that will be approved in the future.

G-4

“Compensation Plan” – a plan that relates to the Terms of Office or Employment of an Office Holder or a number of Office Holders of the Company, in relation to a particular matter or a variety of matters.

“Terms of Office and Employment” of an Office Holder – as this term is defined in the Companies Law from time to time. Correct to the adoption date of this Policy – the Terms of Office or Employment of an Office Holder, including the granting of an exemption, insurance, an undertaking to indemnify, or indemnification under a permit to indemnify, Severance Bonus, and any benefit, other payment or undertaking of a payment as stated, which are being given because of service or employment as stated.

3. Policy, supervision and control over the Office Holders’ Compensation

The Office Holders’ Compensation Policy shall be approved by the Company’s Board of Directors following the process specified hereunder:

The Board of Directors is responsible for managing and implementing the Compensation Policy and for all operations required for this purpose, and has the authority to interpret the provisions of the Compensation Policy in any instance of doubt as how to implement it. Without derogating from that stated and subject to the requirements 3.1 of the Companies Law, subsequent to its approval by the Compensation Committee, the Board of Directors shall formulate and approve a Compensation Plan for Office Holders, while referring to the Compensation Policy and while referring to data to be submitted for this purpose by the Company’s CEO or any delegate on his behalf at the time of the relevant review.

Notwithstanding all that stated in this Policy, prior to adopting a resolution regarding the granting of compensation pursuant to this Policy, the Board of Directors may decide (upon the recommendation of the Compensation 3.2 Committee) to reduce or cancel amounts of the Bonuses (or a portion thereof) that shall be calculated by virtue of the approved Compensation Plans, for the reasons specified in this document and particularly, due to the Company’s results, as well as other considerations, the reasons for which shall be specified.

As is required and pursuant to the provisions of Amendment 20, the Company’s Board of Directors has appointed a board committee to address compensation issues (hereinabove and hereinafter: “the Compensation Committee”), 3.3 inter alia, for the purpose of performing its functions as required pursuant to the provisions of section 118.B. of the Companies Law:

(1) to recommend the Compensation Policy for Office Holders to the Board of Directors;³

³As stated above, the Compensation Policy shall be reviewed and approved at least once every three years.

- (2) to recommend that the Compensation Policy be updated from time to time, and to review its implementation;
- (3) to decide whether to approve transactions involving Terms of Office and Employment of an Office Holder, director and controlling shareholder or a relative thereof; and
- (4) to decide whether to exempt the Terms of Office of a candidate for the office of CEO from the need for approval by the General Meeting.

3.4 Correct to the adoption date of this Policy, three members have been appointed to the Compensation Committee, comprised of all of the incumbent external directors of the Company and one independent director. Correct to the adoption date of this Policy, the following directors have been appointed to the Compensation Committee of the Board of Directors:

Mr. Barry Ben-Zeev (committee chairman; external director)

Dr. Michael Anghel (external director)

Mr. Arik Steinberg (independent director).

3.5 The Board of Directors or the Compensation Committee may receive the assistance of external consultants for the purpose of formulating or updating the Compensation Policy and for supervising and controlling the approved Policy, to the extent that shall be deemed appropriate.

3.6 The Company's Board of Directors shall discuss and determine the procedure for supervising the proper implementation of the Compensation Policy, in order to ensure that it is being implemented and, with the assistance of the Compensation Committee, the Board shall periodically review the implementation of the Policy (at least once a year) and shall prescribe rules for control, reporting and rectification of Policy deviations, all as specified hereunder in clause 10.

3.7 Furthermore, any payment that is not an Ongoing Remuneration that shall be paid to an Office Holder pursuant to his/her particular Compensation Plan, insofar as it shall be paid, and which constitutes a Variable Component or a Fixed Component, is not and shall not be deemed part of the Office Holder's base salary, for all intents and purposes.

4. Principles of the Compensation Policy for Office Holders

The Compensation Policy was formulated in conformity with the resolution of the Company's Board of Directors, with the aim of advancing the Company's objectives, its work plans and its policies with a long-term perspective, and in a manner that creates appropriate incentives for the Company's Office Holders, while taking into account, inter alia, the Company's risk management policy, the size of the Company, its financial position and the nature of its operations.

The Company designed the mechanism for compensating Office Holders in a manner intended to encourage them to improve the Company's business processes and mode of operation and to encourage them to increase the Company's profitability over time. The Compensation Policy was set in a manner that is congruent with the Company's business strategy and constitutes an incentive to implement it, and in a manner designed to enhance the Office Holders' sense of identification with the Company and its activities, increase their satisfaction and motivation and to ensure that the Company can retain those Office Holders who have been contributing to the Company over time.

The Compensation Policy prescribes an outline of principles whereby a Compensation Plan shall be defined for each of the Office Holders, which is generally comprised of three components – Ongoing Remuneration, Annual Bonus and

Equity Compensation, all being pursuant to the principles specified hereunder in this document.

G-6

5. Outline for defining a personal Compensation Plan for Office Holders of the Company

A personal Compensation Plan shall be defined for each of the Office Holders of the Company on the basis of the following outline and subject to the principles prescribed in the outline. Each Office Holder shall be informed of his/her personal Compensation Plan.

A personal Compensation Plan or a portion thereof may be arranged within the scope of a plan that applies to all or 5.1 a portion of the Office Holders. The following practical considerations shall be taken into account when approving a personal Compensation Plan for an Office Holder:

5.1.1 The Office Holder's education, qualifications, expertise and professional experience and achievements in his/her current position and, to the extent relevant, in his/her previous position;

5.1.2 The Office Holder's position, spheres of responsibility and previous remuneration agreements signed with the Office Holder;

5.1.3 The ratio between the cost of the Office Holder's Terms of Office and Employment and the cost of the remuneration of the rest of the employees of the Company and the employees of contractors who are working for the Company, and particularly, relative to the average and median remuneration of employees as stated⁴; whether this ratio is appropriate and why, and the impact of the gaps between them on the labor relations in the Company, if there is any impact;

In this context – “employees of contractors who are working for the Company” – as defined in the Companies Law from time to time.

In 2015, the ratio between the cost of the CEO's remuneration and the cost of the average remuneration of the rest of the Company's employees (who are not Office Holders) is 26.5, and compared to the cost of the median remuneration⁴ of the employees is 40.4; the ratio between the cost of the average remuneration of an Office Holder who is not the CEO and the cost of the average remuneration of the rest of the Company's employees (who are not Office Holders) is 9; and compared to the cost of the median remuneration of the employees is 13.7.

The ratios stated above were calculated without taking into account the Equity Compensation component, since some of the options held by the Company's employees are "out of the money" and there is a concern that the inclusion of this component may cause a misleading perception with respect to the value of the benefit to the beneficiary. Nevertheless, for the sake of completing the disclosure, detailed below are the ratios between the costs that include the Equity Compensation component: the ratio between the cost of the CEO's remuneration and the cost of the average remuneration of the rest of the Company's employees (who are not Office Holders) is 31.6, and compared to the cost of the median remuneration of the employees is 49.2; the ratio between the cost of the average remuneration of an Office Holder who is not the CEO and the cost of the average remuneration of the rest of the Company's employees (who are not Office Holders) is 11.3; and compared to the cost of the median remuneration of the employees is 17.6.

In 2015, the ratio between the Variable Components together with the Equity Compensation and the Fixed Components is as follows: with respect to the CEO's compensation, the ratio is 0.54; with respect to the average compensation of other Office Holders (excluding the CEO), the ratio is 0.56.

The ratios stated above were calculated according to the Company's records with respect to the cost of the employees' remuneration and accumulated benefits in 2015. The cost of the remuneration of an Office Holder who is not the CEO was calculated with respect to the Office Holders who held office during 2015, except for Office Holders who held office in the Company for less than one quarter in that year, and except for Office Holders who are no longer holding office in the Company on the publication date of this Compensation Policy, since the inclusion of these Office Holders would have unreasonably distorted the said data. Furthermore, the cost of the remuneration of the incumbent CEO and of those Office Holders who held office during only a portion of 2015 (more than one quarter of that year) was taken

into account for the purpose of calculating a full year's cost of remuneration. In addition, the cost of remuneration of employees of contractors who are working for the Company was not included in the cost of the employees' remuneration, since the inclusion of the cost of remuneration of employees of contractors in this calculation would have negligible impact and would not have led to a materially different outcome.

G-7

Insofar as the Compensation Plan shall include Variable Components, the considerations should include, inter alia: the Office Holder's contribution to the achievement of the Company's targets and to the maximizing of its profits, all from a long-term perspective and depending upon the Office Holder's position. The Board of Directors shall have discretion with regard to reducing the Variable Components, inter alia, as stated above in clauses 3.2 and 3.7.

5.2 Directors' Compensation

The securities of the Company are listed for trading in Israel and in the United States. As a result, inter alia, the burden imposed on the Company's directors, as well as their responsibility, derive from the requirements of both legal systems. Furthermore, the Company operates in an extremely competitive sphere of business activity in a challenging regulatory environment, and this requires our directors to possess considerable expertise. In order to retain high-quality directors who possess expertise and contribute significantly to the Company, the Company believes that they should be compensated commensurately.

G-8

By virtue of their capacity as directors, the members of the Company's Board of Directors and members of Board committees shall be entitled to compensation, which includes an annual financial compensation and compensation for participation in meetings, in conformity with the provisions of the Companies Regulations (Rules regarding Remuneration and Reimbursement of Expenses to External Directors), 5760 – 2000 (hereinafter: "the Remuneration Regulations"). As long as it holds true that each of the members of the Board of Directors is an expert in his/her field, considering his/her education, qualifications, expertise and professional experience (not necessarily financial and accounting expertise or professional qualification), the financial compensation to each 5.2.2 director shall be the same, apart from the Chairman. Additionally, the directors shall be entitled to reimbursement of expenses and shall benefit from the Company's Office Holders' insurance policy and from letters of indemnification and release that have been or shall be granted during this period (as stated hereunder in clause 6). The Company shall be able to grant directors an Equity Compensation, provided that the granting of an Equity Compensation to the External Directors shall be made through an allotment of Restricted Shares or through the use of any other equity instrument, but not by way of granting options and subject to Regulation 8.B of the Remuneration Regulations. Beyond that stated above, no additional compensation shall be given to Office Holders in their capacities as directors.

For this purpose, the Company's Compensation Committee and Board of Directors shall consider the director's education, qualifications, expertise and professional experience and achievements, the creation of uniformity in the Compensation to the directors (subject to special circumstances) (or in the method of calculating it), the advancement of the Company's objectives, its policy from a long-term perspective, the creation of suitable incentives for directors of the Company (considering, inter alia, the Company's risk-management policy), the size of the Company and the nature of its operations, but without it being required to take into account the other considerations specified in section 267.B.(a) of the Companies Law, or the matters and parameters specified in the First Addendum A to the Companies Law, since they are irrelevant, intrinsically, under the specific circumstances at the Company.

G-9

Notwithstanding that stated above in clause 5.2.2, the Company has the discretion to grant the Chairman of the Board a higher compensation, that shall take into account the additional work imposed on him, the additional time that the Chairman of the Board is required to devote to the performance of his role, and, insofar as the Chairman of the Board is an active chairman, also the appointment percentage at which he shall be employed. The compensation to the Chairman of the Board for the fixed and variable compensation components (in cash and equity) shall not exceed 80% of the possible conditions of the CEO of the Company in accordance with the Compensation Policy.

5.3 The ratio between the Fixed Components and the Variable Components (equity and non-equity) and maximums set for Variable Components

When the Company institutions consider approving a personal Compensation Plan for an Office Holder or any particular compensation component in the said plan, the ratio between the Fixed Components (including the Ongoing Remuneration) and the Variable Components in the personal Compensation Plan of the relevant Office Holder shall be examined, in accordance with the rules set out in this Policy.

The Compensation Policy strives to reach an appropriate balance between the Variable Components and the Fixed Components of the Office Holder's Compensation, in order to ensure that the Variable Components do not create conflicts with the Company's overall long-term interests.

As a rule, the total of the Variable Non-Equity Components to be given to an Office Holder in respect of a single calendar year shall not exceed one (1) multiple of the Fixed Components in that year and, to the CEO, shall not exceed one and one half times (1.5) the Fixed Components in that year; the total of the Variable Equity Components to be given to an Office Holder in respect of a single calendar year shall not exceed three (3) times the Fixed Components in that year. In this regard, the Variable Equity Components for a single calendar year (cumulatively) shall be assessed according to the economic value on the grant date of any Variable Component distributed linearly over the vesting period (years) and not according to the accounting value attributed to that year. The total of all of the Variable (equity and non-equity) Components to be given to an Office Holder in respect of a single calendar year shall not exceed four (4) times the Fixed Components in that year. Insofar as an Office Holder worked at the Company for a period of less than one calendar year, the calculation shall be performed on a pro rata basis.

G-10

A. The Fixed Component

5.4 Ongoing Remuneration

(That stated in this clause is the maximum level and does not confer a right to any employee to demand these terms)

5.4.1 Monthly Salary

When determining the Monthly Salary for Office Holders of the Company, the Company uses benchmark salaries in order to compare the reasonability and outward fairness of its compensation system, the aim being to recruit and retain key Office Holders at competitive market conditions. The comparative survey is conducted by the Company's professional compensation advisor and focuses on companies operating in the same business environment as that of the Company, while considering the sizes and characteristics of the surveyed companies (including the volume of revenues, the profitability rate, the number of employees, the operating arena, etc.). In order to ensure that the sampling is representative, the comparison is performed relative to 15 – 25 companies, each of which has an operating turnover of at least NIS 1 billion, and an employee workforce in excess of 1,000 employees.

The compensation levels of the Company's Office Holders shall be within the customary range for Office Holders at the surveyed companies according to the findings of the comparative survey, and according to the judgment of the Company's Compensation Committee and Board of Directors. . The Monthly Salaries to be defined for Office Holders of the Company shall be up to a maximum of the 90th percentile relative to the monthly salaries of corresponding office holders at the benchmark companies.

The Monthly Salary is linked to the consumer price index (CPI), as published by the Central Bureau of Statistics and, as a rule, is updated on a monthly or quarterly basis according to the CPI of the month preceding the month for which the salary is being paid. If the CPI is negative, the Monthly Salary is not reduced accordingly; however, a negative CPI is offset from the next positive CPI. Any cost-of-living increase to be paid, if any, is deducted from each salary update.

5.4.2 Advance notice

As a rule, the advance-notice period prescribed in Office Holders' employment agreements shall not exceed three months during the first year of employment, and six months as of the second year of employment. As a rule, the Office Holder is required to be at the service of the Company during the advance-notice period. The Company shall be allowed to waive the employment of the Office Holder during the advance-notice period, while paying the Ongoing Remuneration that would have been due to the Office Holder during this period were it not for the advance notice.

5.4.3 Adjustment period

The adjustment period prescribed in Office Holders' employment agreements shall not exceed three months during the first year of employment, and six months as of the second year of employment.

5.4.4 Additional fringe benefits

5.4.4.1 Annual vacation, sick days and Office Holders' routine annual medical examination

The Office Holders are entitled to vacation (the maximum vacation time shall not exceed 30 days per annum and the accumulation of vacation days may be restricted), sick days (the maximum number of sick days shall not exceed 30 days per annum and the accumulation of sick days may be restricted) and a routine annual medical examination according to the Company's procedures.

5.4.4.2 Allocations to a pension plan and to a continuing education fund

The Company executes allocations and deductions from the Office Holders' salary to a pension fund, to an Office Holders' insurance plan or to a combined plan and to loss-of-work-capacity insurance, according to the Office Holder's choice.

The Company executes allocations and deductions from the Office Holders' salary to a continuing education fund, according to the Office Holder's choice.

5.4.4.3 Car and phone

The Company may make available a company car of manager class for the Office Holders' work-related purposes, and assumes the related expenses and, as a rule, also assumes the grossing up of the relevant tax, according to the instructions of the Income Tax Authority. The Company has the option of choosing to pay vehicle maintenance according to the Company's policy, as it may be from time to time.

The Company provides a mobile phone to the Office Holders and covers the cost of the use thereof, as a rule, only in Israel (however, for certain Office Holders, also international calls from Israel and from abroad). The Office Holders assume the value in use of the cell phone, according to the instructions of the Income Tax Authority. The Office Holders are entitled to purchase cellular phones from the Company at prices that will be determined by the Company, so long as the price of such phone shall not be less than 80% of the cost price of the phone and they will be entitled to benefit from tariff plans that are offered to Company employees as shall be customary from time to time.

The Office Holders are entitled to reimbursement of per diem expenses, hospitality and lodging in Israel and abroad, according to the Company's procedures.

5.4.4.4 Additional benefits

The Company shall be allowed to grant additional benefits to the Company's Office Holders, at a ratio that shall not exceed 10% of the annual cost of the relevant Office Holder's Fixed Component.

B. The Variable Component

5.5 Bonuses

5.5.1 Annual Bonus

The minimum criterion for receiving the annual Bonus is that the total EBITDA⁵ shall not have decreased by more than 35% of the EBITDA for the year preceding the year in respect whereof the bonus is payable⁶.

When calculating achievement of the EBITDA target and those targets constituting the basis for the annual Bonus, as specified hereunder, the Compensation Committee and the Board of Directors shall be allowed to neutralize those non-recurrent and exceptional events which, if taken into account, would lead to an outcome that, in their opinion, does not serve the objectives underlying the granting of the annual compensation and that undercompensates or overcompensates the Office Holders other than according to their performance.

Determination of the annual Bonus to Office Holders

The annual Bonus is based on targets at the level of the Company, the division and at a personal level, which 5.5.1.1 are defined annually around the beginning of the calendar year, and usually, by no later than the end of February of that year, as specified hereunder.

It should be noted, that for the purpose of determining whether the minimum criterion for receiving the annual Bonus⁵ is met, the Company will calculate the EBITDA in a consistent manner, identical to the manner in which it calculated this data until now and according to which it reported the EBITDA data in its annual financial reports.

The minimum criterion for receiving the annual Bonus was set in light of the high volatility that is characteristic of the Israeli telecommunications market and in light of the sharp decrease in the Company's EBITDA over the past⁶ three years. For the avoidance of doubt, the minimum criterion for receiving the 2016 annual bonus that was determined in the Former Compensation Policy shall apply.

G-13

The sum of the maximum annual Bonus to any Office Holder shall be set in advance, as specified in this 5.5.1.2 Policy, in a manner that ensures an appropriate balance between the Bonus and the Fixed Components in the Office Holder's Compensation Plan, and that is consistent with the limits specified above in clause 5.3.

5.5.1.3 The sum of the annual Bonus that shall actually be paid to an Office Holder, shall be calculated using a formula that usually takes into account the following three components: achievement of the Company's targets, achievement of the division's targets and a personal evaluation of the relevant Office Holder, as specified in the annual Bonus plan ("the Formula" and "the Annual Bonus Plan," as relevant) and as specified hereunder:

(a) The Company's targets

Key targets shall be selected from all Company targets included in the annual budget, which shall constitute a foundation for calculating the ratio at which the Company's targets were achieved, and which are defined while considering, inter alia, the Company's risk management policy, and the long-term perspective ("the Company's Key Targets"). Such targets and indices may be the Company's net profit; an EBITDA target; market share; churn rate; cash flow, subscriber base, ARPU (Average Revenue Per User) base target, quality of service target, completion of major projects, etc., and shall include, inter alia, targets that serve long-term objectives. Each of the Company's Key Targets will be assigned benchmarks having numerical values that are deemed achievable targets, so that achievement of the exact numerical target prescribed in the Annual Bonus Plan shall constitute achievement of 100% of the target. Numerical values shall also be defined that shall constitute the threshold target, which, if not achieved, will disqualify the employee for a Bonus in respect of that specific target, and numerical values shall be defined that shall constitute the upper limit for calculating the percentage at which a specific target has been achieved. The actual percentage at which targets are achieved shall be calculated according to the aforesaid benchmarks and can reach the maximum level to be defined for each target specifically in the Annual Bonus Plan (including achievements exceeding 100% of the target, subject to the maximum annual Bonus as stated above in clause 5.5.1.2). The Annual Bonus Plan, including the determination of the Company's Key Targets, their numerical values according to the Company's budget and the minimum and maximum benchmarks, shall be prepared annually, and is subject to the approval of the Company's Compensation Committee and Board of Directors. The weight to be assigned to this category ("Company targets") in the Formula for any given Office Holder shall range between 30% and 90%.

(b) The Division's targets

Key targets shall be selected from all of the division targets under the purview of the relevant Office Holder that are included in or derive from the annual budget. These selected targets shall constitute the basis for calculating the percentage at which the division's targets have been achieved, and shall be defined while taking into account, inter alia, the Company's risk-management policy and the long-term perspective ("the Division's Key Targets"). Such targets and indices may be: profitability index; market share; growth index; operating and service indices; an index of compliance with internal procedures; contribution to the formulating of targets and to the leading of processes relating to corporate governance and compliance with provisions of law; compliance with regulations; contribution to the performance and advancement of strategic content and targets; an index of reaching milestones in major projects, etc., and shall include, inter alia, targets serving long-term objectives. Each of the Division's Key Targets shall be assigned benchmarks having numerical values that are deemed achievable targets so that achievement of the exact numerical target prescribed in the Annual Bonus Plan shall constitute achievement of 100% of the target. Numerical values shall also be defined that shall constitute the threshold target, which, if not achieved, will disqualify the employee for a Bonus in respect of that specific target, and numerical values shall be defined that shall constitute the upper limit for calculating the percentage at which a specific target has been achieved. The actual percentage at which targets are achieved shall be calculated according to the aforesaid benchmarks and can reach the maximum level to be defined for each target specifically in the Annual Bonus Plan (including achievements exceeding 100% of the target, subject to the maximum annual Bonus as stated above in clause 5.5.1.2). The Division's Key Targets, their numerical values and the minimum and maximum benchmarks shall be submitted by the Company's CEO for the approval of the Company's Compensation Committee and Board of Directors. The weight to be assigned to the "Division Targets" category in the Formula for any given Office Holder shall range between 10% and 70%.

G-15

(c) Personal evaluation

The Company's CEO shall present his personal evaluation of Office Holders reporting to the CEO to the Company's Compensation Committee and to the Board of Directors. The Chairman of the Company's Board of Directors shall present his personal evaluation of the Company's CEO to the Company's Compensation Committee and to the Board of Directors. These evaluations shall relate, inter alia, to nonfinancial indices, including the Office Holder's long-term contribution and his/her long-term performance. The weight to be assigned to the "personal evaluation" category in the Formula for any given Office Holder shall not exceed 20% or three monthly salaries per annum, whichever is higher.

(d) It is hereby clarified that the aggregate weight to be assigned to all three of the aforesaid categories in the Formula shall be 100%.

The breakdown of the targets in each measurable category and the relative weight of each of the measurable categories shall be tailored to each Office Holder individually, depending on the seniority of the Office Holder and the organizational division to which the Office Holder is assigned or that is under his/her purview.

G-16

Upon the approval of the Company's annual results (in the first quarter of the year following the relevant budget year), the annual Bonus to be paid to each Office Holder shall be calculated according to the relevant Formula in the Annual Bonus Plan, based on the relevant group of targets from among the Company's Key Targets, the Division's Key Targets and the personal evaluation of each Office Holder. Eligibility for the annual Bonus and 5.5.1.4 the sum thereof shall be determined according to the following rules: if the total achievement of targets is at a ratio that is lower than the defined minimum threshold of 60%, the Office Holder shall not be eligible for any Bonus whatsoever. If the total achievement of targets is at the ratio of at least 60%, the annual Bonus will be calculated according to an index – that determines the sum of the Bonus with respect to each target achievement ratio in terms of multiples of the base salary, all as set forth in the Annual Bonus Plan.

5.5.1.5 Eligibility for a Bonus in respect of a partial period of employment

An annual Bonus shall be paid only to those Office Holders who worked at least eight months at the Company⁷ during the calendar year in respect whereof the annual Bonus is being paid. In relation to any Office Holder whose employment begins in January – April of a particular calendar year, an annual Bonus shall be calculated proportionately, which takes into account the start date of his/her employment. An Office Holder whose employment begins later in a calendar year shall not be eligible for an annual Bonus in that calendar year.

5.5.2 Severance Bonus

Without derogating from existing agreements or from that stated below in clause 5.5.3, the Company shall not engage in an agreement that commits in advance to grant a Severance Bonus to an Office Holder, but it shall be 5.5.2.1 able to commit to grant a Severance Bonus to an Office Holder, ad hoc, only under exceptional circumstances and based on reasons of great importance, which shall be detailed in the resolutions of the Company's relevant institutions. That stated in no way prejudices stipulations in existing agreements regarding Severance Bonuses.

⁷For the purpose of clarification only, the term “worked at the Company” also encompasses an advance-notice period.
G-17

The Severance Bonus, if granted, shall be granted commensurate to the Office Holder's Terms of Office or Employment. The Compensation Committee and Board of Directors of the Company can grant Severance Bonuses to Office Holders of the Company by virtue of this Compensation Policy, which shall be calculated on the basis of their Ongoing Remuneration and shall not exceed 25% of the Ongoing Remuneration for each year of employment at the Company, or, in exceptional instances, when a predefined period of employment is approved, which shall not exceed three years, the Severance Bonus shall reflect the consideration that the Office Holder would have been entitled to receive had he/she worked throughout the entire said period. As a rule, an Office Holder's minimum period of office or employment that shall qualify for a Severance Bonus shall be at least twelve (12) months of employment at the Company.

The decision-making with regard to a Severance Bonus shall consider the Office Holder's contribution to the achievement of the Company's targets and to the maximizing of its profits, and shall be calculated while considering the Company's performance during the Office Holder's incumbency, as shall be decided by the Board of Directors.

The decision-making with regard to a Severance Bonus shall take into account the circumstances of the Office Holder's severance and how they affect the Office Holder's right to the Severance Bonus. Naturally, a Severance Bonus shall not be given under circumstances of the commission of fraud against the Company.

It is hereby clarified that the adoption of this Compensation Policy shall in no way prejudice the existing rights of any Office Holder relative to Severance Bonuses that were approved prior to the adoption of this Policy, on which the Office Holders relied during their employment.

5.5.3 Special Bonuses

In addition to the annual Bonuses and any other compensation described in this Policy, the Board of Directors of the Company (upon the recommendation of the Compensation Committee) shall have the authority, in accordance with its discretion, to award special Bonuses – ad hoc – under special circumstances, such as Office Holder retention relating to the sale of the Company or the transfer of the control over the Company. This special Bonus shall be calculated separately and in addition to any other type of compensation described in this Policy. The special Bonus as stated shall be according to the criteria to be prescribed by the Compensation Committee and the Board of Directors of the Company, and shall be within the range that is customary in the market for Office Holders holding similar positions, provided that such compensation shall not exceed one (1) multiple of the Fixed Components of the Office Holder in the relevant calendar year⁸, without this requiring an additional approval by the shareholders. In addition, under circumstances as stated, the Compensation Committee and the Board of Directors of the Company shall also be able to extend an Office Holder's adjustment period for a period not longer than nine months and/or to determine that the Company shall pay the Office Holder his/her compensation terms in their entirety during an additional period, which shall not exceed 12 months beyond that prescribed in this Compensation Policy.

5.6 Equity Compensation – options, Phantom Options, Restricted Stock Units, Restricted Shares

5.6.1 The use of an equity-based compensation enables alignment between the Office Holders' targets and the objectives of the shareholders, creates a retention component in the Compensation Plan that takes a long-term perspective on the Company's results, and motivates the Office Holders to work for the benefit of the Company under long-term policy considerations and with controlled risk-taking. Equity Compensation can be offered in a track either with or without a trustee, including a capital-gains track or an employment-income track, as the Company's institutions shall decide.

5.6.2 The terms of a Compensation Plan that include Equity Compensation should provide adequate incentives to maximize the Company's long-term value. Among the relevant parameters for ensuring the creation of such incentives are: the expected volume of dilution, the plan's economic value, the exercise prices and the vesting period.

The relevant calendar year - the calendar year preceding the date of the decision to grant the bonus or the calendar year during which the decision was adopted, as to be decided by the Compensation Committee and the Company's Board of Directors in accordance with the specific circumstances.

G-19

The exercise price of options shall be determined according to one of the following alternatives: (1) the exercise price shall not be less than the average closing price of the Company's share during the thirty trading days on the Tel-Aviv Stock Exchange preceding the grant date, with the addition of a 5.0% premium; or (2) the exercise price shall not be less than the average closing price of the Company's share during the thirty trading days on the Tel-Aviv Stock Exchange preceding the grant date, while the vesting of the options will be subject to achieving targets set by the Company's Compensation Committee and Board of Directors. For the avoidance of doubt, the resolution with respect to the alternative to be implemented will be adopted only at the time of the grant.

As a rule, the minimum holding or vesting period of Variable Equity Components shall be three years (divided into tranches that shall vest throughout the period, with the minimum vesting period relative to each tranche being one year). This minimum vesting period serves to constitute adequate incentive from a long-term perspective. However, the Board of Directors (upon the recommendation of the Compensation Committee) shall have the discretion to assign a shorter vesting period or to calculate the vesting period from an earlier point at which the Office Holder was employed by or provided services to the Company, under circumstances that shall be explained and specified.

Equity Compensation that is other than options or Phantom Options – i.e., Equity Compensation in the form of Restricted Stock Units or Restricted Shares, etc., shall be subject to additional vesting terms besides timing, which include relevant performance targets, such as an allotment of Restricted Shares to an Office Holder, with the release of the shares to the Office Holder being contingent upon the Company's annual net profit for a particular year being equal to or higher than the annual net profit for the previous year.

The exercise period shall commence as of the end of the vesting period and shall end after two to seven years have elapsed; however, the Board of Directors shall have the discretion to define a shorter or longer exercise period, provided that the duration shall in no instance exceed the period of the Equity Compensation plan and shall not be less than one year after each vesting date, apart from an instance of termination of employment, for which a shorter exercise period may be defined, but not less than three months.

5.6.6 The maximum cumulative dilution within the scope of Equity Compensation in respect of all grants executed in the Company shall be limited, so that it shall not exceed 10% of the Company's issued and paid-up share capital to all Office Holders of the Company for the duration of the period of the Compensation Policy. The dilution ratio between senior Office Holders and the rest of the employees shall be examined using a test of reasonability.

5.6.7 The dilution ratio shall be calculated while considering the gap between theoretical and actual dilution. Therefore, an Equity Compensation (insofar as relevant, such as options) that carries an exercise price that exceeds 150% of the highest share price during the period of one year prior to the calculation date, shall be exempted from such calculation of the actual dilution. The examination shall be carried out at the time of the allotment of each such Equity Compensation, and no change shall be made in an allotment already granted due to a subsequent change in the market price of the share.

5.6.8 In order to maintain the effectiveness of the Equity Compensation being granted to an Office Holder and in order to equate the Office Holder's position to that of the Company's shareholders, the Compensation Committee and Board of Directors of the Company may reduce the exercise price (or make some other comparable adjustment to the relevant Equity Compensation) fully or partially, when a dividend is distributed to the Company's shareholders. The Company's Existing Equity Incentive Plan includes a dividend-reduction mechanism (full or partial, as the case may be) when a dividend is distributed to the Company's shareholders.

5.6.9 An Equity Compensation may be exercised using a cashless mechanism, whereby the offeree is entitled to receive from the Company only that quantity of shares that reflects the economic gain that the offeree would have received had he/she exercised the Equity Compensation (insofar as relevant, such as options) for shares at the market price of those shares, net of the exercise price in respect thereof. This mechanism may be adopted by the Board of Directors from time to time.

5.6.10 The Board of Directors has discretion to operate a mechanism for exchanging the Equity Compensation for another Equity Compensation (such as an exchange of options), to immediately accelerate the Equity Compensation, or for exchanging it for Phantom Options in the event of a change in control over the Company (as shall be defined in the relevant Equity Compensation Plan), or in the event of termination of employment due to illness, disability or death, as well as to operate a mechanism for immediately accelerating the Equity Compensation or for exchanging it for Phantom Options in the event of liquidation of the Company or if the Company becomes a private company. The Existing Equity Incentive Plan also includes an options-acceleration mechanism in the event of the termination of the employment of an offeree by the Company within six months of the date of a transfer of control.

Insofar as the Equity Compensation was granted initially as a type that is cleared in cash, for example, phantom options, the maximum value of the compensation that shall actually be paid on the exercise date shall be according to a calculation of up to three (3) times the share price on the grant date of the Equity Compensation; If the Equity Compensation shall be of a type that is not initially granted as a type that is cleared in cash, but

5.6.11 due to certain circumstances, for example the inability to exercise it, the Company resolved to clear it in cash, the maximum value of the compensation that shall actually be paid on the exercise date shall be according to a calculation of up to five (5) times the share price on the grant date of the Equity Compensation. In case of Equity Compensation that is not cleared in cash, and due to the nature of such Equity Compensation, then a maximum exercise values does not have to be defined at the time of the grant.

5.7 Comparative analysis relative to the market

In order to ensure congruence between all compensation components for the Office Holders and between them and the market conditions, when approval of an Office Holder's personal Compensation Plan or one of its components is up for discussion, all components of the Office Holder's Compensation Plan shall be presented to the Company's institutions. Additionally, the salary ranges and the rest of the Terms of Office and Employment of the Office Holders of the Company have been and shall be determined, inter alia, by comparing them to the market, to similar positions at similar companies. Such an examination shall also assign a value to the aspect of the Company's performance, enabling examination of the correlation between the Company's performance and its positioning among the benchmark companies appearing in the comparative analysis, and this, relative to pre-defined parameters. For this purpose, the data on salaries at telecommunication companies and companies having similar characteristics are examined.

5.8 Management agreements between public companies, or between private companies controlled by the controlling shareholder and a public company controlled by the controlling shareholder

Section 270(4) of the Companies Law prescribes that the special decision-making principles prescribed in the Companies Law regarding the approval of a public company's engagement with its controlling shareholder in relation to Terms of Office and Employment, shall also apply to a transaction of the public company with a company controlled by the controlling shareholder, which provides management or consulting services to the

5.8.1 Company. Insofar as a consideration shall not be paid to the controlling shareholder or to another company under its control in relation to a management or consulting agreement, such agreement shall not constitute "Terms of Office and Employment" and, accordingly, the Compensation / Audit Committee or the Board of Directors shall not be required to take into account the considerations specified in section 267.B(a) of the Companies Law or the matters and parameters prescribed in the First Addendum A to the Companies Law.

5.8.2 Management agreements as stated shall be limited to a period of up to three years.

6. Indemnification, insurance, release

6.1 Office Holders' liability insurance, indemnity and the granting of release from liability are essential in order to ensure the recruitment and retention of Office Holders and directors who are the most suitable for the Company's needs, and who possess relevant qualifications and experience to hold office in the Company and on the Company's Board of Directors. These are essential considering that, in today's marketplace, Office Holders and directors of public companies face greater liability exposures than ever before, particularly in public companies listed in multiple countries and subject to differing legal systems. The Company shall be allowed to insure the liability of its Office Holders, to indemnify them or release them from liability, in conformity with the Companies Law and the Company's Articles of Association.

Insurance

6.2 The Company shall be allowed to engage in an office holders' liability insurance policy (including directors and the Company's CEO) including Office Holders (and directors) who are themselves, and/or whose relatives are, controlling shareholders of the Company on the date of approval of the Compensation Policy and/or Office Holders for whom the Company's controlling shareholders may have a personal interest in their inclusion in the insurance policy, for a number of periods of insurance during the period of the Compensation Policy, all under the conditions specified hereunder:

6.2.1 The annual premium that the Company shall pay shall not exceed a total of USD 500 thousand. The limit of liability in such insurance policy shall not exceed a total of USD 100 million per claim and cumulatively for each year of insurance and in addition reasonable legal expenses.

G-23

6.2.2 The Compensation Committee and the Board of Directors has approved the renewal of the insurance policy for a new period of insurance and has determined that no material changes were made in the insurance terms, apart from the possibility of increasing the limit of liability, as long as the increase in the annual premium does not exceed the sum specified above in clause 6.2.1.

Indemnification

6.3 The maximum advance undertaking of indemnity payable by the Company to all indemnified persons, pursuant to letters of indemnification to be granted to Office Holders as of the adoption date of the Policy, in respect of any occurrence of the events specified in the appendix to the letter of indemnification, shall not exceed 25% of the shareholders' equity according to the latest reviewed or audited financial statements approved by the Company's Board of Directors prior to the approval of payment of the indemnification.

6.4 The Company shall be allowed to indemnify any Office Holder retroactively in the broadest manner permitted pursuant to the Companies Law.

6.5 The Compensation Policy in no way diminishes the validity of previous decisions reached in the Company in conformity with the law regarding the granting of an advance undertaking of indemnity.

Release

6.6 The Company shall be allowed to grant a release from liability in advance to the Company's Office Holders in respect of a breach of a duty of care towards the Company pursuant to any law, including Office Holders of the Company who themselves are, or their relatives are, the controlling shareholder, subject to the receipt of the approvals required by law. A release from the duty of care shall not apply in relation to a decision or transaction that a controlling shareholder or any Office Holder in the Company (including another Office Holder than the Office Holder being granted the release) has a personal interest.

7. Immaterial amendment to Terms of Office

An amendment to Terms of Office that is immaterial relative to an existing engagement may be approved solely by the Compensation Committee. Insofar as such amendment relates to a quantitative value, then, for the purposes of this clause 7., an amendment at a threshold of up to 5% (in real terms) relative to all of the Office Holder's Terms of Office and Employment for that report year, shall be deemed an immaterial amendment; however, an immaterial amendment to Terms of Office relating to an existing engagement of an Office Holder who is subordinate to the CEO does not require the Compensation Committee's approval, but rather, only the CEO's approval, provided that the Terms of Office comply with the Compensation Policy. Insofar as the amendment does not relate to a quantitative value, the materiality of the amendment shall be examined on its merits and its intrinsic nature.

8. Compensation pursuant to previously approved remuneration agreements

The Compensation Policy does not serve to adversely affect existing agreements between the Company and its Office Holders and employees and it was not formulated to prejudice an existing compensation of any of the Office Holders of the Company, on which the Office Holders have relied during their employment by the Company. The Company shall abide by all existing arrangements that were in effect on the inception date of Amendment 20 to the Companies Law and/or on the date of approval of this Policy, and for as long as these agreements shall remain in effect. Any existing Compensation (including Bonuses), where the granting thereof and the method used to determine it are not discretionary (such as a Bonus deriving from predefined quantitative targets or calculated according to the period of employment), is not subject to approvals according to this Compensation Policy or Amendment 20; any existing Compensation where the granting thereof is discretionary (such as a Bonus being awarded in recognition of overall contribution to the Company) shall require approval as required pursuant to the Companies Law.

9. Return of a Bonus

In the event that an Office Holder of the Company has been paid sums on the basis of data that were subsequently discovered to be materially erroneous and were restated in the Company's financial statements within 12 quarters of the payment date to an Office Holder, the said Office Holder shall be obligated to return to the Company, or the Company shall be obligated to pay to the Office Holder (as the case may be), the difference between the sum actually paid and the sum to which the Office Holder had originally been entitled, according to the aforesaid restatement

10. Control principles, reporting and correction of deviations

10.1 The Company shall comply with every existing and future provision of law pertaining to the Compensation Policy of the Company's Office Holders.

10.2 Any deviation or variance from the Compensation Policy specified in this document or from the principles therein shall be approved by the Compensation Committee and subsequently, by the Company's Board of Directors, or in some other manner that conforms to the requirements of the Companies Law.

10.3 At least once a year, when the annual Compensation is about to be given to the Office Holders, the Company's CEO or any delegate on his behalf shall submit a report to the Compensation Committee and to the Company's Board of Directors about the Compensation given to each of the Office Holders, and refer to the Compensation guidelines defined for each Office Holder, the percentage at which targets were achieved and the calculation of the sums.

10.4 The Company's V.P., Human Resources and the CFO shall verify that the payment in respect of each Office Holder's compensation complies with the guidelines specified in this document.

At least once every three years, the Company's Internal Auditor shall prepare a special report on the Company's compliance with the Compensation Policy as set by the Company's Board of Directors. The Internal Auditor shall submit his report on the implementation of the Compensation Policy as required pursuant to the Companies Law 10.5 (to the Chairman of the Board of Directors, to the CEO and to the Chairman of the Company's Audit Committee). Insofar as such report shall show that the Company deviated from the Compensation Policy approved by the Company's Compensation Committee and Board of Directors, the Internal Auditor's report shall also be submitted for immediate discussion by the Compensation Committee and by the Board of Directors of the Company.

22A.8 The provisions of Article 22A of the License shall be adopted in the Articles of Association of the Licensee.

Section C: Cross-Ownership and Conflict of Interests

23. Prohibition of Cross-Ownership

23.1 The Licensee, an Office Holder or an Interested Party in the Licensee, as well as an Office Holder in an Interested Party in the Licensee, shall not hold, either directly or indirectly, five percent (5%) or more of any Means of Control in a Competing MRT Operator, and shall not serve as an Office Holder in a Competing MRT Operator or in an Interested Party in a Competing MRT Operator; for this matter, "Holding" includes holding as an agent.

23.2 Notwithstanding the provisions of Paragraph 23.1, the Minister may, based upon written request, permit an Office Holder in the Licensee to serve as an Office Holder in an Interested Party in a Competing MRT Operator, or permit an Office Holder in an Interested Party in the Licensee to serve as an Office Holder in a Competing MRT Operator or in an Interested Party in a Competing MRT Operator, if he is satisfied, that this will not harm the competition in MRT Services; the Minister may condition the granting of such permit on conditions that the Office Holder must fulfill for prevention of harm to the competition as aforesaid.

23.3 Notwithstanding the provisions of Paragraph 23.1, an Interested Party in the Licensee, which is a trust fund, an insurance company, an investment company or a pension fund, may hold up to ten percent (10%) of the Means of Control in a Competing MRT Operator, and an Interested Party in a Competing MRT Operator, which is a trust fund, an insurance company, an investment company or a pension fund, may hold up to ten percent (10%) of the Means of Control in the Licensee, provided it does not have a representative or an appointee on its behalf among the Office Holders of a Competing MRT Operator or of the Licensee, as the case may be, unless it is required to do so by law.

23.4 The Licensee, an Office Holder or an Interested Party in the Licensee, as well as an Office Holder in an Interested Party in the Licensee, will not control a Competing MRT Operator, and will not cause it, by any act or omission, to be controlled by a Competing MRT Operator or by an Office Holder or an Interested Party in a Competing MRT Operator, or by an Office Holder in an Interested Party in a Competing MRT Operator, or by a person or corporation that controls a Competing MRT Operator.

H-7

23.5 The rate of indirect holding in a corporation will be a product of the percentage of holdings in each stage of the chain of ownership, subject to what is set out in Paragraph 23.6; for example:

- (A) 'A' holds 40% in Company 'B';
- (B) Company 'B' holds 40% in Company 'C';
- (C) Company 'C' holds 25% in Company 'D';
- (D) Therefore, Company 'A' holds, indirectly, 4% of Company 'D'.

For the matter of this Paragraph and Paragraphs 14.1 (G) (6), (7), (8), (8a), (9) and 21.4, if a certain body (hereinafter: "the Controlling Body") controls another body that has holdings, directly or indirectly, in the Licensee 23.6 (hereinafter: "the Controlled Body"), the Controlling Body, and also any other body controlled by the Controlling Body, will be attributed with the rate of holdings in the Licensee that the Controlled Body has, directly or indirectly; according to the following examples:

A. Direct holdings:

- (1) 'A' holds 50% in Company 'B', and controls it;
- (2) Company 'B' holds 50% in Company 'C', and controls it;
- (3) Company 'C' holds 10% in the Licensee and does not control it;
- (4) Therefore, notwithstanding that 'A's' holdings in the Licensee in accordance with the instructions of Paragraph 5.6 are 2.5%, 'A' and also any body controlled by 'A' will be deemed as an Interested Party holding 10% in the Licensee.

B. Indirect holdings:

- (1) 'A' holds 50% of Company 'B' and controls it;
- (2) Company 'B' holds 40% of Company 'C' and controls it;
- (3) Company 'C' holds 40% of Company 'D' and does not control it;
- (4) Company 'D' holds 40% of the Licensee and does not control it;
- (5) Therefore, 'A' and any body controlled by 'A' will be regarded as having a holding in the Licensee at the rate of holdings of Company 'C' in the Licensee, which is holdings of 16% (according to the method set out in Paragraph 23.5 for the calculation of the rate of indirect holdings in the absence of control), and in this manner, 'A' and any body controlled by 'A' is an Interested Party in the Licensee.

If a certain body has indirect holding in the Licensee, through two or more Interested Parties, then for the purpose of its definition as an Interested Party, and for the purpose of determining the rate of holding with regard to this Paragraph, the greatest indirect rate of holding will be taken into account, and also any rate of holding that derives 23.7 from the chain of holdings through which the said holding body is attributed with the holdings of corporations controlled by it in accordance with the provisions of Paragraph 23.6; the rates of holdings that derive from two or more chains that will be taken into account as stated above, will be cumulative for the purpose of calculating the rate of holdings.

The Minister may, in response to a written request, permit an Interested Party in the Licensee to hold, either directly or indirectly, five percent (5%) or more in any of the Means of Control of a Competing MRT Operator, 23.8 if the Minister is satisfied that this will not harm competition in the MRT field; 12 the Minister may condition the granting of the said permit on a condition that the Interested Party in the Licensee or competing MRT Operator is an Interested Party merely by virtue of the provisions of Article 23.6 .

24. Prohibition of Conflict of Interests

The Licensee, any body in which the Licensee is an Interested Party, an Office Holder in the Licensee or an Interested Party in the company holding the License or an Office Holder in an Interested Party therein, will not be party to any agreement, arrangement or understanding with a Competing MRT Operator, or an Interested Party or an Office Holder in it, or an Office Holder in an Interested Party in a Competing MRT Operator, or any other body in which a Competing MRT Operator is an Interested Party, which are intended to or might reduce or harm competition in anything that pertains to MRT Services, MRT Terminal Equipment or any other Telecommunications Services.

6. Amendment of the Company’s Articles of Association

The Company proposes to amend its Articles of Association to reflect certain legislative amendments to provisions that have changed or will change from time to time inter alia, amendment of the provisions with respect to insurance, indemnification and release to office holders. In light of the current business environment and the challenging period in the Israeli telecommunications market, the Company is of the opinion that its Office Holders should be provided with proper protection in order to allow them the necessary latitude in making business decisions while taking calculated risks in good faith and for the benefit of the Company.

This summary is qualified in its entirety by reference to the description in the Proxy Statement. The full text of the proposed amendments to Articles 33.2.6, 34.2.6 and 35.2 is annotated on the amended Articles of Association attached hereto as Annex “D”.

7. Approval of a new indemnification and release letter to the Company's office holders:

The Company has granted its directors and other office holders (as such term is defined in the Israeli Companies Law) indemnification letters as detailed in Resolution 5. Subject to the approval of Resolutions 6 and 8 regarding amendments to the Company's Articles of Association and approval of a new Compensation Policy for Office Holders, the Company proposes to approve a new indemnification and release letter to be granted to the Company's Office Holders, to include, release of Office Holders from liability for breach of the duty of care towards the Company, that are serving at the date of the AGM and that will serve in the Company from time to time as well as other amendments detailed in the Indemnification and Release Letter attached hereto as Annex “E”.

The Indemnification and Release Letter is in line with prevailing market conditions, is in accordance with legal provisions in general and the Israeli Companies Law in particular and is in line with both the Company's Articles of Association (that changes to it are being brought for shareholder approval in Resolution 6) as well as the new Compensation Policy for Office Holders (that is being brought for shareholder approval in Resolution 8).

The Company's Compensation Committee and Board of Directors are of the opinion that the Indemnification and Release Letter includes an updated list of anticipated events for which it is customary to indemnify and the grant of release in advance to Office Holders of the Company from liability, entirely or partially, for damage caused and/or that will be caused to the Company, insofar as will be caused, in consequence of breach of duty of care toward the Company while acting in good faith, in their capacity as Office Holders to the extent that will be allowed at the time of the release by law. This will allow them to properly fulfil their duties while considering the entailed calculated risks and the responsibility imposed on them by law. The detailed events and the provision of release provide customary and accepted protection for the Office Holders in order to allow them the necessary latitude, in accordance with the law and to make business decisions for the benefit of the Company. However, release will not be given for a resolution or transaction in which the controlling shareholder or any office holder in the Company (including other Office Holders than the one being granted the release) has a personal interest.

This release from liability will be for amounts for which the Office Holders are not entitled to indemnification in accordance with the Company's D&O insurance policy.

This summary is qualified in its entirety by reference to the description in the Proxy Statement.

The Indemnification and Release Letter shall not cancel, derogate or constitute a waiver of any other indemnification that the Office Holder is entitled to in accordance with the provisions of any law or in accordance with any previous undertaking of the Company and/or previous agreement with the Company, insofar as the said undertaking is legally valid, and from any other resolution of the Company to grant indemnification to an Office Holder in the Company. It is clarified that the Company will not be obligated to indemnify an Office Holder for the same event, both in accordance with any previous undertaking (if and insofar as it will be valid) as well as in accordance with this Indemnification and Release Letter. In any case in which an Office Holder can be indemnified, by law, both in accordance with this Indemnification and Release Letter and a previous undertaking of the Company, the Company's Audit Committee (and insofar as the majority of its members have a Personal Interest, a special committee of two directors that do not have a Personal interest shall be formed) shall decide, subject to all legal provisions, according to which undertaking the Office Holder should be indemnified.

The Compensation Committee and Board of Directors have resolved and recommended to the shareholders at the AGM, to approve the proposed amendments to the indemnification letter, detailed in the form annotated on Annex "E" attached hereto, and noted that these amendments are in the best interest of the Company.

The Compensation Committee and Board of Directors noted the Personal Interest of the directors in receiving the Indemnification and Release Letter.

This summary is qualified in its entirety by reference to the description in the Proxy Statement.

It is proposed that at the AGM the following resolutions be adopted:

8. To approve a new compensation policy for the Company's office holders;

The Company last adopted a compensation policy for its Office Holders in October 17, 2013 ("Former Compensation Policy"). At least once every three years the Compensation Policy shall be submitted for the approval of the General Meeting of shareholders as required pursuant to the Israeli Companies Law.

Therefore, we propose adopting hereby, a new compensation policy for our Office Holders, substantially in the form attached hereto as Annex "F" (the "New Compensation Policy" or the "Policy"). For the shareholders' convenience, attached hereto as Annex "G" is an English convenience translation of the binding Hebrew Compensation Policy.

The summary below is qualified in its entirety by reference to the description in the Proxy Statement and the full text of the New Compensation Policy. For further details refer to the Proxy Statement and the wording of the New Compensation Policy. Capitalized terms referring to the Policy that are not defined herein, shall have the respective meanings ascribed to them in the Proxy Statement or the Policy, unless the context requires otherwise.

The Terms of Office and Employment of each of our Office Holders are to be determined on the basis of the Policy (the "Compensation" or the "Compensation Plan") and shall be submitted for approval by our Compensation Committee, our Board of Directors and, if applicable, the General Meeting of shareholders, as required under the Israeli Companies Law.

The purpose of the Policy is to set guidelines for the manner of compensation of our Office Holders. Therefore, the indices presented in the Policy are intended to prescribe an adequately broad framework that shall enable our Compensation Committee and Board of Directors to formulate personal Compensation Plans for any Office Holder or a particular compensation component according to individual circumstances (including unique circumstances), according to the Company's needs, in a manner that is congruent with the Company's benefit and the Company's overall strategy over time. We deem our Office Holders as partners in the Company's success and the holistic approach to Office Holders' Compensation derives from this view. It is hereby clarified that no statement in the Policy or herein purports to vest any right to the Office Holders to whom the principles of the Policy apply, or to any other third party, and not necessarily will use be made of all of the components and ranges presented in the Policy.

This summary is qualified in its entirety by reference to the description in the Proxy Statement.

The Compensation Committee and Board of Directors have noted the respective personal interests of all our directors in the resolutions below.

It is proposed that at the AGM the following resolutions be adopted:

Holding shares in the applicable company does not give rise to a "Personal Interest". "Personal Interest" includes, without limitation, a personal interest of a person voting by proxy which was given by another person, even if the other person does not have a personal interest, and a person voting on behalf of a person having a personal interest will be deemed as having a personal interest, whether the voting discretion is in the voter's hands or not. The Israeli Companies Law refers to the definition of "Control" in Section 1 of the Israeli Securities Law (1968), as amended, defining "Control" as the ability to direct the activity of a company, except for ability stemming only from being a director or holding another position in that company, and it is presumed that a person is controlling a company if said person "holds" (as defined therein) at least half of (i) the right to vote in the shareholders general meeting; or (ii) the right to appoint the directors or the general manager of that company. For approval of the resolutions regarding the detailed items, any shareholders holding 25% or more of the voting rights in a company will be deemed a "Controlling Party". Two or more persons holding voting rights in a company whereas each of them has a personal interest in approving a certain transaction would be deemed "holding together". According to section 37 (d) of the Securities Law, a "Senior Office Holder" is, generally, a general manager, chief executive officer, deputy managing director, deputy director general, all fulfilling such a role in the company even if his title is different, a director, or manager directly subordinated to the general manager; as well as chairman of the board, an alternate director, an individual appointed under section 236 of the Israeli Companies Law on behalf of the corporation who is a director, controller, an internal auditor, independent authorized signatory, and anyone fulfilling such a role, even if his job title is different, and a Senior Office Holder of a corporation controlled by the

corporation, which has a significant impact on the corporation and any individual employed by a corporation in another position, holding five percent or more of the nominal value of the issued share capital or voting rights. “Institutional Investor” - shall have the meaning defined in section 1 of the Supervisory Regulations Control of Financial Services (Provident Funds) (Participation of a Managing Company at a General Meeting), 2009, and a managing company of a Joint Investment Trust Fund as defined in the Joint Investment Trust Law, 1994.

⁷ If an X is not marked in either column, or if an X is marked in the “Yes” column and the shareholder does not provide details regarding the nature of the “Personal Interest” or the “Controlling Party” Interest (as the case may be), or an X is marked in both columns, the vote shall be disqualified.

In connection with the resolutions on items 4(ii), 5, 6, 7 and 8 why do I have a "Personal Interest" in the resolutions, or why do I constitute a "Controlling Party" in the Company, a "Senior Office Holder" or an "Institutional Investor"?

You must mark one of the following two boxes (if an X is not marked in either box, or if an X is marked in both boxes, or if an X is marked in the NO box but no number of shares is provided, the vote shall be disqualified)⁸:
