Potential persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB number. " ALIGN="center">PART I ITEM 2

### MANAGEMENT S DISCUSSION AND

### ANALYSIS OF FINANCIAL CONDITION AND

### RESULTS OF OPERATIONS

### FIRST CAPITAL, INC.

**Noninterest expense for the three-month periods ended June 30, 2012 and 2011.** Noninterest expense for the quarter ended June 30, 2012 decreased \$11,000 compared to the quarter ended June 30, 2011. This decrease was primarily due to a \$67,000 decrease in compensation and

## Edgar Filing: LEVIN JERRY W - Form 4

benefits expense. The decrease in compensation and benefits expense was primarily due to an increase in mortgage loan originations which resulted in an increase in the amount of deferred loan origination costs for the quarter ended June 30, 2012 compared to the same period in 2011. Deferred loan origination costs for the quarter ended June 30, 2012 totaled \$67,000 compared to \$25,000 for the quarter ended June 30, 2011.

**Income tax expense.** Income tax expense for the six-month period ended June 30, 2012 was \$790,000, for an effective tax rate of 28.7%, compared to \$677,000, for an effective tax rate of 26.9% for the same period in 2011. For the three-month period ended June 30, 2012, income tax expense and the effective tax rate were \$427,000 and 29.1%, respectively, compared to \$358,000 and 27.5%, respectively, for the same period in 2011. The increase in the effective tax rate for 2012 compared to 2011 was primarily the result of a decrease in tax-exempt income as a percent of income before income taxes for 2012.

### Liquidity and Capital Resources

The Bank's primary sources of funds are customer deposits, proceeds from loan repayments, maturing securities and FHLB advances. While loan repayments and maturities are a predictable source of funds, deposit flows and mortgage prepayments are greatly influenced by market interest rates, general economic conditions and competition. At June 30, 2012, the Bank had cash and cash equivalents of \$23.7 million and securities available-for-sale with a fair value of \$125.0 million. If the Bank requires funds beyond its ability to generate them internally, it has additional borrowing capacity with the FHLB of Indianapolis and additional collateral eligible for repurchase agreements.

The Bank's primary investing activity is the origination of one-to-four family mortgage loans and, to a lesser extent, consumer, multi-family, commercial real estate and residential construction loans. The Bank also invests in U.S. Government and agency securities and mortgage-backed securities issued by U.S. Government agencies.

The Bank must maintain an adequate level of liquidity to ensure the availability of sufficient funds to support loan growth and deposit withdrawals, to satisfy financial commitments and to take advantage of investment opportunities. Historically, the Bank has been able to retain a significant amount of its deposits as they mature.

The Bank is required to maintain specific amounts of capital pursuant to regulatory requirements. As of June 30, 2012, the Bank was in compliance with all regulatory capital requirements that were effective as of such date with tangible, core and risk-based capital ratios of 9.9%, 9.9% and 15.7%, respectively. The regulatory requirements at that date were 1.5%, 3.0% and 8.0%, respectively. At June 30, 2012, the Bank was considered well-capitalized under applicable regulatory guidelines.

**Table of Contents**

**PART I ITEM 2**

**MANAGEMENT'S DISCUSSION AND**

**ANALYSIS OF FINANCIAL CONDITION AND**

**RESULTS OF OPERATIONS**

**FIRST CAPITAL, INC.**

The Company is a separate legal entity from the Bank and must provide for its own liquidity. In addition to its operating expenses, the Company, on a stand-alone basis, is responsible for paying any dividends declared to its shareholders. The Company also has repurchased shares of its common stock. The Company's primary source of income is dividends received from the Bank. The amount of dividends that the Bank may declare and pay to the Company in any calendar year, without the receipt of prior approval from the Office of the Comptroller of the Currency (OCC) but with prior notice to the OCC, cannot exceed net income for that year to date plus retained net income (as defined) for the preceding two calendar years. On a stand-alone basis, the Company had liquid assets of \$269,000 at June 30, 2012.

**Off-Balance Sheet Arrangements**

In the normal course of operations, the Company engages in a variety of financial transactions that, in accordance with GAAP, are not recorded on the Company's financial statements. These transactions involve, to varying degrees, elements of credit, interest rate and liquidity risk. Such transactions are primarily used to manage customers' requests for funding and take the form of loan commitments and letters of credit. A further presentation of the Company's off-balance sheet arrangements is presented in the Company's 2011 Annual Report on Form 10-K for the year ended December 31, 2011.

For the six months ended June 30, 2012, the Company did not engage in any off-balance sheet transactions reasonably likely to have a material effect on the Company's financial condition, results of operations or cash flows.

**Table of Contents**

**PART I ITEM 3**

**QUANTITATIVE AND QUALITATIVE DISCLOSURES**

**ABOUT MARKET RISK**

**FIRST CAPITAL, INC.**

For a discussion of the Company's asset and liability management policies, as well as the potential impact of interest rate changes upon the market value of the Company's portfolio equity, see Management's Discussion and Analysis of Financial Condition and Results of Operations -Market Risk Analysis in the Company's 2011 Annual Report Form 10-K for the year ended December 31, 2011. Management periodically reviews the impact of interest rate changes upon net interest income and the market value of the Company's portfolio equity. Based on such reviews, management believes that there have been no material changes in the market risk of the Company's asset and liability position since December 31, 2011.

**PART I ITEM 4**

**CONTROLS AND PROCEDURES**

**FIRST CAPITAL, INC.**

**Controls and Procedures**

The Company's management, including the Company's principal executive officer and principal financial officer, have evaluated the effectiveness of the Company's disclosure controls and procedures, as such term is defined in Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended, (the Exchange Act). Based upon their evaluation, the principal executive officer and principal financial officer concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures were effective for the purpose of ensuring that the information required to be disclosed in the reports that the Company files or submits under the Exchange Act with the SEC (1) is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and (2) is accumulated and communicated to the Company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

There have been no changes in the Company's internal control over financial reporting during the quarter ended June 30, 2012 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

**Table of Contents****PART II****OTHER INFORMATION****FIRST CAPITAL, INC.****Item 1. Legal Proceedings**

The Company is not a party to any legal proceedings. Periodically, there have been various claims and lawsuits involving the Bank, mainly as a plaintiff, such as claims to enforce liens, condemnation proceedings on properties in which the Bank holds security interests, claims involving the making and servicing of real property loans and other issues incident to the Bank's business. The Bank is not a party to any pending legal proceedings that it believes would have a material adverse effect on its financial condition or operations.

**Item 1A. Risk Factors**

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2011, which could materially affect our business, financial condition or future results. There have been no material changes to the risk factors described in our Annual Report on Form 10-K, however these are not the only risks that we face. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds  
Issuer Purchases of Equity Securities**

Period	(a) Total Number of Shares Purchased	(b) Average Price Paid Per Share	(c) Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	(d) Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs
April 1 through April 30, 2012	0	N/A	0	190,274
May 1 through May 31, 2012	508	20.91	508	189,766
June 1 through June 30, 2012	184	20.40	184	189,582
<b>Total</b>	<b>692</b>	<b>20.77</b>	<b>692</b>	

On August 19, 2008, the board of directors authorized the repurchase of up to 240,467 shares of the Company's outstanding common stock. The stock repurchase program will expire upon the purchase of the maximum number of shares authorized under the program, unless the board of directors terminates the program earlier.
