Note 1 Impact of constant exchange rates

The Group has historically used constant exchange rates to compare period to period changes in certain financial data. This is referred to as at constant exchange rates throughout this release. The Group considers this to be a useful measure for analysing and explaining changes and trends in the Group's results. The impact of the re-calculation of sales at constant exchange rates, including a reconciliation to the Group's GAAP sales, is shown below.

13 weeks to 31 January 2004	13 weeks to	13 weeks to	Growth at actual exchange rates	Impact of exchange rate movement	At constant exchange rates	Growth at constant exchange rates
