On March 31, 2004, the Registrant announced the completion of its acquisition of ECtel's communications interception business for \$35 million in cash. A copy of the press release dated March 31, 2004 issued by the Registrant relating to this acquisition is attached as an exhibit hereto and is incorporated by reference herein. Certain of the matters discussed in this Report are forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995, that are subject to risks and uncertainties. There can be no assurances that forward-looking statements will be achieved, and actual results could differ materially from forecasts and estimates. Important factors that could cause actual results to differ materially include: changes in the demand for Registrant's products; further decline in information technology spending; risks associated with acquiring and integrating the assets and business acquired from ECtel Ltd. including products and technologies, as well as retaining key employees and customers, which could result in a substantial diversion of management resources, the incurrence of contingent liabilities, amortization of certain identifiable intangible assets, research and development write-offs and other acquisition-related expenses; the uncertainty of customer acceptance of Registrant's products; Registrant's lengthy and variable sales cycle makes it difficult to predict operating results; dependence on contracts with governments for a significant portion of Registrant's revenues; markets for Registrant's products failing to develop; risks that Registrant's intellectual property rights may not be adequate to protect its business; risks associated with rapidly changing technology and the ability of Registrant to introduce new products on a timely and cost-effective basis; inability to maintain relationships with value added resellers and systems integrators; risks associated with Registrant's ability to retain existing personnel and recruit and retain qualified personnel; risks associated with changes in the competitive or regulatory environment in which Registrant operates; risks associated with significant foreign operations, including fluctuations in foreign currency exchange rates; risks associated with Comverse Technology, Inc. controlling Registrant's business and affairs; and other risks described in filings with the Securities and Exchange Commission. These risks and uncertainties, as well as others, are discussed in greater detail in the filings of Registrant with the Securities and Exchange Commission. All documents are available through the SEC's Electronic Data Gathering Analysis and Retrieval system (EDGAR) at [www.sec.gov](http://www.sec.gov) or from Registrant's website at [www.verint.com](http://www.verint.com). Registrant makes no commitment to revise or update any forward-looking statements.
