PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of LogicVision, Inc., a Delaware corporation (the Company), of proxies in the accompanying form to be used at the Annual Meeting of Stockholders of the Company to be held at the Doubletree Hotel at 2050 Gateway Place, San Jose, California, on Thursday, May 13, 2004, at 9:00 a.m. Pacific Daylight Time, and any postponement or adjournment thereof (the Annual Meeting).

Who Can Vote

Stockholders of record at the close of business on March 25, 2004 (the Record Date), are entitled to vote at the Annual Meeting. As of the close of business on that date, the Company had 15,981,086 shares of common stock, \$0.0001 par value (the Common Stock), outstanding. The presence in person or by proxy of the holders of a majority of the Company's outstanding Common Stock constitutes a quorum for the transaction of business at the Annual Meeting. Each holder of Common Stock is entitled to one vote for each share held as of the Record Date.

How You Can Vote

You may vote your shares at the Annual Meeting either in person or by proxy. To vote by proxy, you should mark, date, sign and mail the enclosed proxy in the prepaid envelope. Giving a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person. The shares represented by the proxies received in response to this solicitation and not properly revoked will be voted at the Annual Meeting in accordance with the instructions therein. On the matters coming before the Annual Meeting for which a choice has been specified by a stockholder on the proxy card, the shares will be voted accordingly. If you return your proxy, but do not mark your voting preference, the individuals named as proxies will vote your shares **FOR** the election of the five nominees for director listed in this Proxy Statement and **FOR** the ratification of the appointment of the Company's independent auditors.

Registered stockholders can simplify their voting and save the Company additional expense by calling (800) 435-6710 or voting via the Internet at <http://www.eproxy.com/LGVN>. Telephone and Internet voting information is provided on the proxy card if these options are available to you. Votes submitted via the Internet or by telephone must be received by 11:00 p.m., Eastern Daylight Time, on May 12, 2004. Submitting your proxy via the Internet or by telephone will not affect your right to vote in person should you decide to attend the Annual Meeting.

Revocation of Proxies

Stockholders can revoke their proxies at any time before they are exercised in any of three ways:

by voting in person at the Annual Meeting;

by submitting written notice of revocation to the Secretary of the Company prior to the Annual Meeting; or

by submitting another proxy of a later date that is properly executed.

Required Vote

Directors are elected by a plurality vote. The five nominees for director who receive the most votes cast in their favor will be elected to serve as directors. The other proposal submitted for stockholder approval at the Annual Meeting will be decided by the affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. Abstentions with respect to any proposal are treated as shares present or represented and entitled to vote on that proposal and thus have the same effect as negative votes. If a broker which is the record holder of shares indicates on a proxy that it does not have discretionary authority to vote on a particular proposal as to such shares, or if shares are not voted in other circumstances in which proxy authority is defective or has been withheld with respect to a particular proposal, these non-voted shares will be counted for quorum purposes but are not deemed to be present or represented for purposes of determining whether stockholder approval of that proposal has been obtained.

This Proxy Statement and the accompanying form of proxy are being mailed to stockholders on or about April 2, 2004.

IMPORTANT

Please mark, sign and date the enclosed proxy and return it at your earliest convenience in the enclosed postage-prepaid return envelope, or submit your proxy via the Internet or telephone, so that, whether you intend to be present at the Annual Meeting or not, your shares can be voted. This will not limit your rights to attend or vote at the Annual Meeting.

Functions: The Nominating and Corporate Governance Committee's primary functions are to identify qualified individuals to become members of the Board of Directors and determine the composition of the Board and its committees. Other specific duties and responsibilities are to recommend nominees to fill vacancies on the Board, investigate suggestions for candidates for membership on the Board, and monitor compliance with Board and Board committee membership criteria.

Director Nominations

The Board of Directors nominates directors for election at each annual meeting of stockholders and elects new directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board of Directors for nomination or election.

The Board of Directors has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives and skills. The Nominating and Governance Committee will select candidates for director based on their character, judgment, diversity of experience, business acumen, and ability to act on behalf of all stockholders. The Nominating and Corporate Governance Committee believes that nominees for director should have experience, such as experience in management or accounting and finance, or industry and technology knowledge, that may be useful to the Company and the Board, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. The Nominating and Corporate Governance Committee believes it appropriate for at least one, and, preferably, multiple, members of the Board to meet the criteria for an audit committee financial expert as defined by SEC rules, and for a majority of the members of the Board to meet the definition of independent director under the rules of The Nasdaq Stock Market. The Nominating and Corporate Governance Committee also believes it appropriate for certain key members of the Company's management to participate as members of the Board.

Prior to each annual meeting of stockholders, the Nominating and Corporate Governance Committee identifies nominees first by evaluating the current directors whose term will expire at the annual meeting and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of the Board with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to re-nominate the Director, or a vacancy is created on the Board as a result of a resignation, an increase in the size of the board or other event, the Committee will consider various candidates for Board membership, including those suggested by the Committee members, by other Board members, by any executive search firm engaged by the Committee and by stockholders. A stockholder who wishes to suggest a prospective nominee for the Board should notify the Secretary of the Company or any member of the Committee in writing with any supporting material the stockholder considers appropriate.

In addition, the Company's Bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to the Board of Directors at the Company's Annual Meeting of Stockholders. In order to nominate a candidate for director, a stockholder must give timely notice in writing to the Secretary of the Company and otherwise comply with the provisions of the Company's Bylaws. To be timely, the Company's Bylaws provide that the Company must have received the stockholder's notice not less than 60 days nor more than 90 days prior to the scheduled date of the meeting. However, if notice or prior public disclosure of the date of the annual meeting is given or made to stockholders less than 75 days prior to the meeting date, the Company must receive the stockholder's notice by the earlier of (i) the close of business on the 15th day after the earlier of the day the Company mailed notice of the annual meeting date or provided public disclosure of the meeting date and (ii) two days prior to the scheduled date of the annual meeting. Information required by the Bylaws to be in the notice include the name and contact information for the candidate and the person making the nomination and other information about the nominee that must be disclosed in proxy solicitations under Section 14 of the Securities Exchange Act of 1934 and the related rules and regulations under that Section.

Stockholder nominations must be made in accordance with the procedures outlined in, and include the information required by, the Company's Bylaws and must be addressed to: Secretary, LogicVision, Inc., 101 Metro Drive, Third Floor, San Jose, California 95110. You can obtain a copy of the Company's Bylaws by writing to the Secretary at this address.

Stockholder Communications with the Board of Directors

If you wish to communicate with the Board of Directors, you may send your communication in writing to: Assistant Secretary, LogicVision, Inc., 101 Metro Drive, Third Floor, San Jose, California 95110. You must include your name and address in the written communication and indicate whether you are a stockholder of the Company. The Assistant Secretary will review any communication received from a stockholder, and all material communications from stockholders will be forwarded to the appropriate director or directors or committee of the Board based on the subject matter.

Employment Contracts, and Termination of Employment and Change-in-Control Arrangements

In 2003, the Compensation Committee recommended, and the Board of Directors approved, the amendment of the outstanding stock option agreements then in effect and the form of stock option agreement used under the Company's 2000 Stock Incentive Plan to provide for acceleration of vesting in full in certain circumstances following a change in control of the Company. Because the amendment applied to all outstanding stock option agreements and the form of stock option agreement, the provision regarding acceleration of vesting applies to options that are held by, or may be issued to, those individuals named in the summary compensation table.

**REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

The Compensation Committee is comprised of two non-employee directors. The Compensation Committee is responsible for developing and monitoring compensation arrangements for the executive officers of the Company, administering the Company's stock option plans and other compensation plans and performing other activities and functions related to executive compensation as may be assigned from time to time by the Board of Directors.

Compensation Philosophy and Objectives

The Compensation Committee believes that compensation of the Company's executive officers should encourage creation of stockholder value and achievement of strategic corporate objectives. It is the Compensation Committee's philosophy to align the interests of the Company's stockholders and management by integrating compensation with the Company's annual and long-term corporate and financial objectives. In order to attract and retain the most qualified personnel, the Company intends to offer a total compensation package competitive with companies in the semiconductor test and design industries, taking into account relative company size, performance and geographic location as well as individual responsibilities and performance. The components of executive officer compensation consist of base salary, bonus and stock options, which are discussed separately below.

The Company generally intends to qualify executive compensation for deductibility without limitation under section 162(m) of the Internal Revenue Code. Section 162(m) provides that, for purposes of the regular income tax and the alternative minimum tax, the otherwise allowable deduction for compensation paid or accrued with respect to a covered employee of a publicly-held corporation (other than certain exempt performance-based compensation) is limited to no more than \$1 million per year. The Company does not expect that the non-exempt compensation to be paid to any of its executive officers for fiscal 2004 as calculated for purposes of section 162(m) will exceed the \$1 million limit.

Executive Officer Base Salary

The Compensation Committee reviews salaries recommended by the Chief Executive Officer for executive officers other than the Chief Executive Officer and the Chairman. The Compensation Committee sets the salary level of each executive officer on a case by case basis, taking into account the individual's level of responsibilities and performance. The Compensation Committee also considers market information and the base salaries and other incentives paid to executive officers of other similarly sized companies within its industry. The Chief Executive Officer is involved in final decisions on base salary adjustments for executives other than the Chief Executive Officer.

Executive Officer Bonuses

The Compensation Committee believes that a portion of executive officer compensation should be contingent upon the Company's performance and an individual's contribution to the Company's success in meeting corporate and financial objectives. Bonuses paid for fiscal 2003 were determined on a case by case basis. The Compensation Committee evaluated each executive officer individually to determine the bonus for the fiscal year, which was based on individual and corporate performance criteria, taking into account economic and industry conditions. The Compensation Committee recommended the executive bonuses to the Board of Directors, and they were approved by the independent members of the Board.

Stock Option Grants

The Compensation Committee administers the Company's 2000 Stock Incentive Plan for executive officers, employees, consultants and outside directors, under which it grants options to purchase the Company's Common Stock with an exercise price equal to the fair market value of a share of the Common Stock on the date of grant.

The Compensation Committee believes that providing executive officers who have responsibility for the management and growth of the Company with an opportunity to increase their ownership of Company stock aligns the interests of the Company's executive officers with those of its stockholders. Accordingly, the Compensation Committee when reviewing executive officer compensation also considers stock option grants as appropriate. At its discretion, from time to time the Compensation Committee may also grant options based on individual and corporate achievements. The Compensation Committee determines the number of shares underlying each stock option grant based upon the executive officer's and the Company's performance, the executive officer's role and responsibilities within the Company, the executive officer's base salary and comparison with comparable awards to individuals in similar positions in the industry.

In addition, the Company's employees generally are able to participate in the Company's 2000 Employee Stock Purchase Plan. Under the Employee Stock Purchase Plan, each executive officer may purchase up to 2,500 shares of our Common Stock in a six month period at a discount to the market price. The number of shares that may be purchased by each participant is limited by applicable tax laws. Mr. Agarwal, as an owner of more than 5% of the Company's outstanding shares of common stock, does not participate in the Employee Stock Purchase Plan.

Chief Executive Officer Compensation

The Compensation Committee determines the compensation of the Chief Executive Officer using the same criteria as for the other executive officers. Vinod K. Agarwal served as the Company's Chief Executive Officer until December 2003 when he became Chairman of the Board of Directors. In fiscal 2003, Mr. Agarwal's salary was \$240,000. In January 2004, the Compensation Committee recommended, and the independent members of the Board of Directors approved, a bonus of \$50,000 for Mr. Agarwal's service in fiscal 2003. In April 2003, Mr. Agarwal was awarded an option to purchase 100,000 shares of Common Stock. The option vests ratably every six months beginning October 21, 2003 and ending April 21, 2007.

James T. Healy has served as the Company's Chief Executive Officer since December 2003. Mr. Healy's annual base salary is \$300,000 with an annual target bonus of \$100,000 and a monthly car allowance of \$1,000, based on meeting performance criteria. When Mr. Healy joined the Company, the Compensation Committee granted him an option, exercisable at the fair market value on the date of grant, to purchase 350,000 shares of the Company's Common Stock. The option vests over a four-year period, with 25% vesting on December 1, 2004 and the remainder vesting in equal installments every six months thereafter. In determining the size of Mr. Healy's grant, the Compensation Committee considered the grants given to other newly hired chief executive officers in the Company's industry, taking into account relative company size, performance, geographic location and responsibilities.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee operates under a written charter adopted by the Board of Directors and the Audit Committee on August 3, 2000 and amended on January 22, 2004. A copy of the Audit Committee Charter is attached as Appendix A to this Proxy Statement. The members of the Audit Committee are Richard C. Black, D. James Guzy and Richard C. Yonker, each of whom meets the independence standards established by The Nasdaq Stock Market.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors and is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the Company's financial statements and the reporting process, including the system of internal controls. The independent auditors are responsible in their report for expressing an opinion on the conformity of those financial statements with generally accepted accounting principles.

The Audit Committee has reviewed and discussed the Company's audited financial statements contained in the 2003 Annual Report on Form 10-K with the Company's management and its independent auditors. The Audit Committee met privately with the independent auditors and discussed issues deemed significant by the independent auditors, including those matters required by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards). In addition, the Audit Committee has received the written disclosures from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with the Audit Committees) and discussed with the independent auditors their independence from the Company.

Based upon the reviews and discussions outlined above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the Securities and Exchange Commission.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Indebtedness of Management

In August 1996, we loaned Michael Howells, our current Vice President Strategic Technology, \$75,000 in connection with his relocation to San Jose. Although the loan bore simple interest at the rate of 8.0% per year, we had agreed to forego interest on this loan for five years and to reimburse Mr. Howells for taxes on such foregone interest. On June 19, 2001, Mr. Howells entered into a 10-year interest amortization schedule at 8.0% per year, with the initial payment due June 20, 2002. The loan is secured by 50,000 shares of our common stock. In 2003, the largest aggregate amount outstanding under the loan was \$72,825, including principal and accrued interest. As of March 31, 2004, the aggregate principal amount outstanding under the loan was \$60,000 and the accrued interest was \$3,720.

Although stockholder ratification of the Company's independent auditors is not required by the Company's Bylaws or otherwise, the Company is submitting the selection of PricewaterhouseCoopers LLP to its stockholders for ratification to permit stockholders to participate in this important corporate decision.

Ratification will require the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy. In the event ratification is not obtained, the Audit Committee will review its future selection of the Company's independent auditors but will not be required to select different independent auditors for the Company.

The Board of Directors recommends a vote FOR ratification of PricewaterhouseCoopers LLP as the Company's independent auditors.

STOCKHOLDER PROPOSALS FOR THE 2005 ANNUAL MEETING

Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company's 2005 Annual Meeting must be received by the Secretary of the Company no later than December 3, 2004 in order that they may be included in the Company's proxy statement and form of proxy relating to that meeting.

A stockholder proposal not included in the Company's proxy statement for the 2005 Annual Meeting will be ineligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to the Secretary of the Company at the principal executive offices of the Company and otherwise complies with the provisions of the Company's Bylaws. To be timely, the Bylaws provide that the Company must have received the stockholder's notice not less than 60 days nor more than 90 days prior to the scheduled date of the meeting. However, if notice or prior public disclosure of the date of the annual meeting is given or made to stockholders less than 75 days prior to the meeting date, the Company must receive the stockholder's notice by the earlier of (i) the close of business on the 15th day after the earlier of the day the Company mailed notice of the annual meeting date or provided public disclosure of the meeting date and (ii) two days prior to the scheduled date of the annual meeting.

PAYMENT OF COSTS

The expense of printing, mailing proxy materials and solicitation of proxies will be borne by the Company. In addition to the solicitation of proxies by mail, solicitation may be made by directors, officers and other employees of the Company by personal interview, telephone or facsimile. No additional compensation will be paid to such persons for such solicitation. The Company will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of the Common Stock.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the Company's directors, executive officers and any persons holding more than 10% of the Company's Common Stock are required to report their initial ownership of the Company's Common Stock and any subsequent changes in that ownership to the Securities and Exchange Commission. Specific due dates for these reports have been established and the Company is required to identify in this Proxy Statement those persons who failed to timely file these reports. To the Company's knowledge, based solely on a review of such reports furnished to the Company and written representations that no other reports were required during the fiscal year ended December 31, 2003, all Section 16(a) filing requirements applicable to its officers, directors and 10% stockholders were complied with, except that Mr. Healy's Form 4, to report the grant of stock options upon his employment, was filed late because of a delay in the receipt of Mr. Healy's Edgar codes from the filer support division of the Securities and Exchange Commission.

Whether or not you intend to be present at the Annual Meeting, we urge you to return your signed proxy promptly.

By order of the Board of Directors

Vinod K. Agarwal
