GENERAL INFORMATION FOR SHAREHOLDERS

CORPORATE GOVERNANCE.

Our business is managed by the Company's employees under the direction and oversight of the Board of Directors. Except for Messrs. Roemer and Aldworth, none of the Board members are employees of the Company. The Board limits membership of the Audit Committee, Compensation and Nominating and Governance Committee to independent non-employee Directors as determined by the New York Stock Exchange Listing Standards. We keep Board members informed of our business through discussions with management, materials we provide to them, visits to our offices and their participation in Board meetings and Board committee meetings.

The Board of Directors has adopted Corporate Governance Principles which, along with the charters of the Board Committees and the Company's Code of Conduct, provide the framework for the governance of the Company. A complete copy of the Company's governance principles, the charters of the Board Committees and the Code of Conduct may be found on the Company's Investor Relations website at www.proquestcompany.com. The charters for each of the committees are also attached as Appendix A to this Proxy Statement.

The following is a summary of the Company's Corporate Governance Principles:

A significant majority of the Board of Directors shall consist of independent, non-management directors who meet the criteria for independence required by the New York Stock Exchange.

A director is independent if he or she does not have a material relationship with the Company.

The following relationships will be considered material:

If a Company director is an executive officer of another company which does business with the Company and the annual revenues derived from that business exceed 2% of either company's total revenues.

If a Company director is a director, officer or trustee of a charitable organization and the Company's annual charitable contributions to the organization (exclusive of gift-match payments) are greater than 2% of the organization's total annual charitable receipts.

If a Company director is a partner or of counsel to a law firm that performs substantial legal services to the Company on a regular basis.

If a Company director is a partner, officer or employee of an investment bank or consulting firm that performs substantial services to the Company on a regular basis.

A director will not be considered independent if, within the last three years (i) the director or an immediate family member was employed by the Company or a subsidiary as an officer, (ii) the director or an immediate family member was employed by the

Edgar Filing: PROQUEST CO - Form DEF 14A

Company's auditor as partner or manager, or (iii) an executive officer of the Company serves on the compensation committee of another company that employs the director or an immediate family member of the director as an officer. In addition, members of the Audit Committee will meet the independence and experience requirements set forth in the Sarbanes-Oxley Act of 2002, and other laws, regulations and rules.

The Board of Directors has determined that as of March 3, 2004, Ms. Roberts and Messrs. Bonderman, Brown, Nelson, Oberndorf, Roubos and White are independent under the requirements of the New York Stock Exchange.

Directors should be persons who have achieved prominence in their field and who possess significant experience in areas of importance to the Company, such as general management, finance, marketing, technology, law, international business or public sector activities.

Directors should possess integrity, independence, energy, forthrightness, analytical skills and commitment to devote the necessary time and attention to the Company's affairs. Directors should possess a willingness to challenge and stimulate management and the ability to work as part of a team in an environment of trust.

Table of Contents

The Board will schedule executive sessions of non-management directors each year. Generally, these sessions will occur at each Board meeting. The Board met in executive session at each of the 2003 meetings. Mr. Oberndorf has been appointed as the lead Director for these meetings.

The Company has established several means for shareholders or others to communicate their concerns to the Board of Directors. If the concern relates to the Company's financial statements, accounting practices or internal controls, the concern should be submitted in writing to the Chairman of the Audit Committee in care of the Company's Secretary at the Company's headquarters address. If the concern relates to the Company's governance practices, business ethics or corporate conduct, the concern may be submitted in writing to the Chairman of the Nominating and Governance Committee in care of the Company's Secretary at the Company's headquarters address. In addition, shareholders or others may also communicate with the Board via email as described on the Company's website (www.proquestcompany.com).

The Company's whistleblower policy prohibits the Company or any of its employees from retaliating or taking any adverse action against anyone for raising a concern. If a shareholder or employee nonetheless prefers to raise his or her concern in a confidential or anonymous manner, the concern may be directed to the Office of the Secretary at the Company's headquarters. The Secretary will refer the concern to the appropriate independent director.

The Board of Directors presently consists of nine members. There are currently no vacancies on the Board.

The Board held four meetings during 2003. Except for Mr. Bonderman who attended all but two meetings, the average attendance by Directors at these meetings was greater than 75%. The Board has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee.

The Board of Directors encourages all of its members to attend the Annual Meeting of Shareholders. In May 2003, seven of the eight director nominees were present at the Annual Meeting of Shareholders.

Audit Committee. The Audit Committee's primary responsibilities are:

to be directly responsible for the appointment, compensation and oversight of the Company's independent auditors;

to oversee the evaluation of the Company's systems of internal accounting controls;

to review the Company's financial reporting (including its Proxy Statement and 10-K) and the accounting standards and principles followed;

to provide direct oversight of the Company's internal audit function;

to pre-approve all audit and non-audit services by the Company's independent auditors;

Edgar Filing: PROQUEST CO - Form DEF 14A

to establish procedures for receipt of anonymous tips and concerns regarding internal accounting controls, accounting and audit matters;

to perform an annual evaluation of the Audit Committee; and

to ensure audit partner rotation.

The Audit Committee met thirteen times during 2003. Messrs. Roubos (Chairman), Oberndorf and Brown were members of the Audit Committee in 2003. All members attended at least 90% of the Committee meetings they were scheduled to attend. Effective April 4, 2004, Mr. White replaced Mr. Oberndorf as a member of the Audit Committee. The Audit Committee operates under a formal written charter, which has been approved by the Board and is attached hereto as Appendix A. All of the members of the Audit Committee are independent under New York Stock Exchange listing standards and the rules of the Securities and Exchange Commission. The Board determined each of the members of the Audit Committee qualifies as an Audit Committee financial expert as defined under the rules and regulations of the Securities and Exchange Commission.

Table of Contents

Compensation Committee. The Compensation Committee's responsibilities are:

to monitor the Company's management resources, structure, succession planning, development and selection process and the performance of key executives;

to administer ProQuest Company's Strategic Performance Plan and the Management Incentive Bonus Plan; and

to review and approve executive compensation.

This Committee met two times during 2003. Messrs. Oberndorf (Chairman), Bonderman, and Roubos are members of the Compensation Committee. Except for Mr. Bonderman, the members attended all meetings in 2003. The Compensation Committee operates under a formal written charter, a copy of which is attached as Appendix A. All members of the Compensation Committee are independent under the New York Stock Exchange listing standards.

Nominating and Governance Committee. The Nominating and Governance Committee's responsibilities are:

to identify and recommend candidates for membership on the Board;

to review the size, composition and compensation of the Board;

to develop an evaluation process for the Board; and

to develop and recommend corporate governance guidelines.

This Committee met two times during 2003. Messrs. Brown (Chairman), Oberndorf and Roubos are members of the Committee. Except for Mr. Oberndorf, who attended 75% of the meetings scheduled, the members attended all meetings in 2003. The Nominating and Governance Committee operates under a formal written charter, a copy of which is attached as Appendix A. The Charter will be reviewed periodically by the Board. All of the members of the Nominating and Governance Committee are independent under the New York Stock Exchange listing standards.

The Nominating and Corporate Governance Committee will consider board nominees recommended by shareholders. Those recommendations should be sent to the Chair of the Nominating and Governance Committee, care of the Corporate Secretary of ProQuest Company, 300 N. Zeeb Road, Ann Arbor, MI 48103. In order for a shareholder to nominate a candidate for director, under the Company's Bylaws, timely notice of the nomination must be given in writing to the Secretary of the Company. To be timely, such notice must be received at the principal executive offices of the Company not less than ninety days prior to the meeting of shareholders. Notice of a nomination must include your name, address and number of shares you own; the name, age, business address, residence address and principal occupation of the nominee; and the number of shares beneficially owned by the nominee. It must also include the information that would be required to be disclosed in the solicitation of proxies for election of directors under the federal securities laws, as well as whether the individual can understand basic financial statements and the candidate's other board memberships (if any). You must submit the nominee's consent to be elected and to serve. The Nominating and Governance Committee may require any nominee to furnish any other information, within reason, that may be needed to determine the eligibility

Edgar Filing: PROQUEST CO - Form DEF 14A

of the nominee. As provided in its Charter, the Nominating and Governance Committee will follow procedures which the Committee deems reasonable and appropriate in the identification of candidates for election to the board and evaluating the background and qualifications of those candidates. Those processes include consideration of nominees suggested by an outside search firm, by incumbent board members and by shareholders. The Committee will seek candidates having experience and abilities relevant to serving as a director of the Company and who represent the best interests of shareholders as a whole and not any specific interest group or constituency.

The Committee will consider a candidate's qualifications and background, including, but not limited to responsibility for operating a public company or a division of a public company, international business experience, a candidate's technical background or professional qualifications and other public company boards

Table of Contents

on which the candidate is a director. The Committee will also consider whether the candidate would be independent for purposes of the New York Stock Exchange and the rules and regulations of the Securities and Exchange Commission. The Committee may from time to time engage the service of a professional search firm to identify and evaluate potential nominees.

Compensation of Directors. All of the non-employee Directors receive the following compensation:

each Director receives an annual cash retainer of \$50,000;

a one-time grant of restricted stock equal to \$75,000, subject to a three year restriction period, upon a member's initial election;

an annual stock option grant valued at \$25,000;

a fee of \$2,000 in cash is paid to each Director for each Board meeting attended;

each Director serving on the Audit Committee receives an annual cash committee meeting fee of \$15,000 and the Chairman of the Audit Committee receives an additional cash fee of \$10,000;

each Director serving on the Compensation and the Nominating and Governance Committees receives an annual cash committee meeting fee of \$6,000 and the Chairman of each of the Compensation Committee and Nominating and Governance Committee receives an additional cash fee of \$6,000;

Directors are also reimbursed travel expenses for their attendance at these meetings.

The annual stock option grant is made under the ProQuest Company Strategic Performance Plan. Each Director receives an annual stock option grant made as of the last day of trading of ProQuest's Common Stock in the second fiscal quarter (June 27, 2003). The stock option grant permits a non-employee Director to purchase shares of ProQuest's Common Stock at an exercise price not less than the market value of the Common stock on the date the option is granted. The number of shares that may be purchased is equal to \$25,000 divided by the fair market value of an option of one share of Common stock. For these purposes, the value of an option is determined by using the Black-Scholes option-pricing model. In 2003, each Director received an option grant of 1,937 shares of the Company's Common Stock at an exercise price of \$26.72 per share. No initial grants of restricted stock were issued in 2003. However, Ms. Roberts and Mr. Nelson each received 2,547 shares of restricted Common Stock effective January 4, 2004, the first day of fiscal 2004. These shares of restricted Common Stock were determined by dividing \$75,000 by the market value of the Common Stock on the trading day immediately prior to January 4, 2004.

Employee Directors receive no additional compensation for being members of the Board of Directors. Employee Directors are reimbursed for any travel expenses incurred for their attendance at these meetings.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

EXECUTIVE COMPENSATION

The philosophy of the Compensation Committee is to:

align executive compensation with shareholder interests;

ensure that compensation is at a level that enables the Company to attract and retain high quality talent; and

provide significant rewards for achievement of business objectives and growth in shareholder value.

The Company's compensation program for executive officers currently consists of the following key elements:

base salary;

annual bonuses;

stock option grants; and

long term incentive programs.

Each element of the program has a somewhat different purpose. Salary and annual bonuses are made to compensate ongoing performance and achievement of business objectives through the year based upon established targets and goals. Stock option grants and long term incentive plans are designed to provide strong incentives for creation of long term shareholder value and continued retention of executive officers and other key employees of the Company.

In determining the overall level and form of executive compensation to be paid or awarded in 2003, the Committee considered, among other things, continued increases in the Company's sales and productivity in a period of rapid change and intensified competition; and the compensation practices and performances of other major corporations which are most likely to compete with the Company for the services of its executive officers.

BASES FOR CHIEF EXECUTIVE OFFICER COMPENSATION

Edgar Filing: PROQUEST CO - Form DEF 14A

In January 2003, Mr. Aldworth was elected Chief Executive Officer of the Company. During 2003, Mr. Aldworth received total cash payments of \$618,942 salary and \$529,783 in bonuses as shown in the Summary Compensation Table on page 9. In determining Mr. Aldworth's 2003 compensation, the Compensation Committee focused on his ability to enhance the long-term value of the Company. During his tenure with ProQuest, Mr. Aldworth has been a leader in the revitalization of the Company and its transformation into a provider of technological solutions within a number of market segments. Mr. Aldworth has also been instrumental in improving the capital and debt structure of the Company. Mr. Aldworth's total compensation is based on both ProQuest's recent performance and his contributions to the overall long-term strategy and financial strength of the Company.

Mr. Roemer was Chief Executive Officer of the Company for a portion of fiscal 2003. At the beginning of fiscal year 2001 (dated December 31, 2000) the Compensation Committee implemented a three year arrangement with Mr. Roemer to provide long term incentive benefits based upon appreciation of the ProQuest stock price. This arrangement continued through December 31, 2003 and is comprised of the following two elements:

a grant of 406,250 shares of ProQuest stock under the 1995 Employee Stock Option Plan; and

an incentive compensation arrangement that provides for a mirror cash payment based upon the stock price appreciation of ProQuest stock. This element contains 406,250 stock units.

Table of Contents

Due to the increase in the Company's stock price since December 31, 2000, all of the options have vested and 100% of the performance percentage of the mirror cash payment has been achieved. The stock option exercise price is equal to the fair market value of the stock on the date of the grant, \$16.50 per share. Fifty percent of the options became exercisable on or after December 31, 2003, seventy five percent may be exercised on or after December 31, 2004 and 100% may be exercised on or after December 31, 2005. Under the mirror cash element of Mr. Roemer's incentive compensation arrangement a payment equal to \$2,260,938 was earned on December 31, 2003. Said payment was credited to the Company's Executive Deferred Compensation Plan on or before March 31, 2004 in an account under Mr. Roemer's name.

As a Director of Bigchalk, Mr. Roemer was granted an option to purchase shares of Bigchalk. Mr. Roemer exercised this option and purchased 105,833 shares of Bigchalk, 87,500 of which were granted to Mr. Roemer by the Company. On December 30, 2002, the Company acquired the remaining ownership interest in Bigchalk. As a common shareholder, Mr. Roemer was entitled to receive \$.0001 per common share of Bigchalk.

DEDUCTIBILITY OF COMPENSATION IN EXCESS OF \$1,000,000 PER YEAR

Internal Revenue Code Section 162(m), in general, precludes a public corporation from claiming a tax deduction for compensation in excess of \$1,000,000 in any taxable year for any executive officer named in the summary Compensation table in such corporation's proxy statement. Certain performance-based compensation is exempt from this tax deduction limitation. The Compensation Committee's policy is to structure executive compensation in order to maximize the amount of the Company's tax deduction. However, the Compensation Committee reserves the right to deviate from that policy to the extent it is deemed necessary to serve the best interests of the Company.

The foregoing report on executive compensation is provided by the following members of the Compensation Committee during 2003:

William E. Oberndorf (Chairman), David Bonderman and Gary L. Roubos.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Oberndorf, Bonderman, and Roubos are the members of the Compensation Committee. No member of the Compensation Committee is an officer of the Company. No member of the Compensation Committee served as a director or member of the Compensation Committee of another entity, one of whose executive officers served as a director or member of the Compensation Committee of the Company.

(1) ProQuest has never granted stock appreciation rights under ProQuest's Long-term Incentive Plan.

(2) This column represents the number of options granted to each named executive officer in 2003. These options have a six year term and become exercisable annually in 33.33% increments, beginning on the first anniversary date. The exercise price is equal to the fair market value of the shares covered by each option on the date each option was granted.

(3) Amounts in these columns represent the potential value which a holder of the option may realize at the end of the option's term assuming the annual rates of growth specified in the columns before payment of federal or state taxes associated with the exercises. The value of the options has not been discounted to reflect present values. These amounts are not intended to forecast possible future appreciation, if any, of ProQuest's stock price.

(4) These options contain a replacement option feature. When the option's exercise price is paid (or, in the case of a non-qualified stock option, when the option's exercise price or the withholding taxes resulting on exercises of that option are paid) with shares of ProQuest's common stock, a replacement option is granted for the number of share used to make that payment. The replacement option has an exercise price equal to the fair market value of ProQuest's common stock on the date the replacement option is granted, is exercisable in full six months after the date of grant, and has a term expiring on the expiration date of the original options.

(5) In fiscal 2003, Mr. Aldworth received these options by exercising the replacement option feature from previous grants.

SUPPLEMENTAL RETIREMENT PLAN

The ProQuest Company Supplemental Retirement Plan (SRP) was amended effective December 31, 2000, to prohibit the entry of any new participants, and to restrict current participants from earning any additional credited service under the plan after December 31, 2000, except for Mr. Roemer and certain other named executives who had accrued benefits under the plan. As of the end of the 2003 fiscal year, Mr. Roemer is the only active participant continuing to accrue a benefit under the SRP.

The SRP provides certain officers and employees with additional pension benefits upon retirement to supplement social security and the benefits provided under the ProQuest Company Profit Sharing Retirement Plan (PSRP) and the ProQuest Company Replacement Benefit Plan (RBP). The SRP provides for lifetime monthly pension payments which generally equal: (i) a percentage of the participant's average monthly compensation during the highest paid four years of the participant's last six years of employment (the actual percentage is determined by length of service, but cannot exceed 50%) less; (ii) the sum of the monthly amounts which are attributable to the Company's contribution payable under the PSRP and RBP and as primary social security benefits. If a participant is involuntarily terminated other than for cause and has been a plan participant for at least five years or he voluntarily terminates his employment and has been an employee for at least ten years and a plan participant for at least five years, he will be entitled to deferred SRP payments calculated as if his termination date were his retirement date. The estimated credited years of service at the end of fiscal 2003 for Mr. Roemer is 12 years. The Company estimates that the annual SRP benefit which have accrued through the end of fiscal 2003 and would be payable upon retirement at age 60 to Mr. Roemer is \$309,000.

A new Supplemental Executive Retirement Plan (SERP) was established, effective January 1, 2001 which provides for annual contributions to be made to selected participant's recordkeeping accounts within a Rabbi Trust arrangement. As of December 31, 2003, the deferral account of each eligible participant is credited with employer contributions in an amount equal to 15% of the sum of the participant's salary and

management bonus for that year. These employer contributions (and investment gains and losses attributable to them) are subject to a vesting schedule as provided below.

The vested amount will be the amount payable to the participant, and the remainder of the participant's SERP account shall be forfeited. As of the end of the 2003 plan year, Mr. Aldworth was credited with a contribution of \$113,011 (50% of which was vested); Mr. Buchardt was credited with a contribution of \$58,890 (100% of which was vested); Mr. Wyszowski was credited with a contribution of \$47,610 (50% of which was

vested); Mr. Klausner was credited with a contribution of \$50,435 (0% of which was vested); and Mr. DeSeta was credited with a contribution of \$39,692 (0% of which was vested).

RELATED PARTY TRANSACTIONS

Previously, the Company made loans to certain key employees in connection with their purchases of the Company's Common Stock. Pursuant to the terms of such loans, the shares acquired are pledged as security. Commencing 2003, Mr. Buchardt was the only executive officer with an outstanding loan (\$127,000). Mr. Buchardt made payments upon the loan during 2003 and the loan was paid in full by Mr. Buchardt on November 14, 2003. The loan payoff included the principal amount of such loan and all accrued interest. As of the end of 2003, no executive officer had any loan with the Company.

In January 2000, the Company's subsidiary bigchalk.com, inc. (Bigchalk) raised venture capital financing of \$55,000,000 which reduced the Company's ownership interest to approximately 45% (Series A Financing). In February 2001 Bigchalk again raised additional venture capital of approximately \$43,300,000 (Series B Financing). One of the venture capital firms providing such financing was Core Learning Group, LLC, who contributed \$20,000,000 in the Series A Financing in exchange for approximately 13% of Bigchalk and \$7,194,000 in the Series B Financing in exchange for approximately 13% of Bigchalk. Messrs. Oberndorf, a director and beneficial owner of 9.3% of the Common Stock of ProQuest Company, and Scully, a director and beneficial owner of 8.7% of the outstanding Common Stock of ProQuest Company, own a majority interest in Core Learning Group, LLC. In addition, Mr. Oberndorf contributed \$2,500,000 for approximately 2% of Bigchalk.

On December 30, 2002, the first business day of fiscal 2003, ProQuest Information and Learning Company (PQIL), a wholly owned subsidiary of ProQuest Company, completed its acquisition of Bigchalk. In the acquisition, all of the outstanding Series A Preferred Stock and Series B Preferred Stock of Bigchalk received in the aggregate \$55,375,000 less any consideration paid to the holders of common stock of Bigchalk, subject to certain adjustments. Each share of common stock of Bigchalk received \$0.0001 per share. The purchase price was determined through arms length negotiations between the parties. The purchase price was funded from existing working capital of ProQuest Company.

Prior to the acquisition, PQIL owned approximately 38% of the equity of Bigchalk on a fully diluted basis (4,950,495 shares of Series B Preferred Stock and 10,632,303 shares of Common stock of Bigchalk). In addition, immediately prior to the acquisition, James Roemer, the Chairman of ProQuest Company, Alan Aldworth, the Chief Executive Officer of the Company, and Todd Buchardt, the Senior Vice President and General Counsel of the Company, served as directors of Bigchalk. Messrs. Roemer and Buchardt owned common stock of Bigchalk. William Oberndorf, also served as director of Bigchalk; and, Messrs. Oberndorf and Scully beneficially owned (through their ownership of Core Learning Group, LLC) 3,010,000 shares of Series A Preferred Stock and 2,374,587 shares of Series B Preferred Stock of Bigchalk immediately prior to the acquisition. Core Learning Group LLC received \$14,760,971 for its shares in Bigchalk, and Mr. Oberndorf received an additional \$1,305,587 for shares that he owned of Bigchalk stock apart from the shares held by Core Learning Group, LLC. Due to PQIL's interest in Bigchalk, the Board of Directors of Bigchalk formed an independent special committee comprised of disinterested directors to evaluate the acquisition.

COMPENSATION ARRANGEMENTS

In 2001, the Company and Mr. Roemer entered into an Incentive Compensation Agreement. The terms of the Incentive Compensation Agreement are contained in the Bases for Chief Executive Officer Compensation Section above.

PROPOSAL 2. APPROVAL OF AMENDMENTS TO AND GRANTS UNDER THE 2003 PROQUEST STRATEGIC PERFORMANCE PLAN

The 2003 ProQuest Strategic Performance Plan (the Plan) was approved by the Board of Directors in March 2003 and approved by the stockholders in May 2003. The purpose of the Plan is to increase stockholder value and maintain an entrepreneurial spirit within the Company by providing significant capital accumulation opportunities to the Company's officers and other key employees.

Proposed Amendments for Stockholder Approval.

On March 5, 2004, the Board of Directors approved, subject to stockholder approval, an amendment to the Plan adding 1,900,000 shares to the share reserve and increasing the number of stock options that may be granted to a participant in a single calendar year from 500,000 to 1,200,000. When the Plan was initially approved in May 2003, no additional shares of Common Stock were reserved for issuance beyond what was then available under the Company's 1995 Stock Plan and the ProQuest Company Non-Employee Director Plan. On February 4, 2004, the Compensation Committee of the Board of Directors (the Committee) granted options to acquire 2,329,500 shares of ProQuest Common Stock, subject to stockholder approval (the Stock Options). On March 5, 2004, the Board of Directors approved an amendment to the Plan providing the Committee additional flexibility to adjust outstanding awards for extraordinary corporate transactions consistent with established accounting principles subject to stockholder approval. Proposal 2 seeks stockholder approval of these amendments and the grant of the Stock Options.

The Board of Directors believes that these amendments and the grant of the Stock Options are desirable to provide a long term incentive to its senior executive officers and to align management with shareholder interests. The Compensation Committee retained an independent third party compensation consultant to assist in the creation of the long term incentive program. The Committee considered a number of factors including market conditions, competitive compensation and others in the creation of the long term incentive program. Objectives for granting the Stock Options are to focus executives on value creation based on stock price performance and to facilitate long-term stock ownership. If the Company achieves an 8% CAGR (defined below) during the applicable periods, then the Stock Options will vest according to the chart set forth below. This 8% CAGR in the Company's stock price and accelerated vesting will result in the executive's total compensation being approximately in the fiftieth percentile range for executives in similar positions and responsibilities according to information provided by the consultant. If the CAGR in the Company's stock price is 10% or more during the applicable periods, which equals a 25% improvement over the long term average, then the total compensation for the executives will be approximately in the seventy-fifth percentile range for similarly situated executives according to information provided by the consultant. If the CAGR in the Company's stock price is 15% or more during the applicable periods, then the total compensation for the executives will be approximately in the ninetieth percentile range for similarly situated executives according to information provided by the consultant.

The material terms of the Stock Options to senior executive officers and the proposed amendments being submitted for approval are summarized below. This summary is qualified in its entirety by reference to the complete text of the Plan, which is attached as Appendix B.

Shares Available.

As of March 31, 2004, there were 969,100 shares of Common Stock available for future grants under the Plan. This amount does not reflect the Stock Options granted by the Board in February 2004 and any shares granted but which are forfeited after March 31, 2004 under the Plan, the 1995 Stock Plan and the ProQuest Company Non-Employee Director Plan. If shares under a grant are not issued or transferred, those shares will again be available for inclusion in future grants. The proposed additional 1,900,000 shares to the Plan's share reserve represent 6.7% of the

Edgar Filing: PROQUEST CO - Form DEF 14A

outstanding shares of Common Stock as of March 31, 2004. The closing price of the Common Stock on the New York Stock Exchange on March 31, 2004 was \$29.17 per share.

Table of Contents

Administration and Eligibility.

The Plan is administered by the Committee, which is comprised of non-employee directors. The Committee establishes the terms and conditions of awards granted under the Plan, subject to certain limitations in the Plan. All employees and directors of the Company or its subsidiaries may participate in the Plan. The selection of eligible participants is within the discretion of the Committee. Since the adoption of the Plan in May 2003, approximately 40% of the stock options granted have been issued to executive officers (not including the Stock Options granted by the Board in February 2004 which are being submitted for stockholder approval at the Annual Meeting), 4% have been issued to non-management Directors, with the remaining 56% being issued to other employees.

Types of Awards.

The Plan permits the Committee to grant stock options, stock appreciation rights, restricted stock, performance stock, performance units, annual management incentive awards and other stock or cash awards in accordance with the terms of the Plan. The Company intends to use the proposed additional 1,900,000 shares to cover a portion of the shares necessary for the Stock Options.

The Plan requires that the option price shall not be less than the fair market value of Common Stock on the date of grant. Generally, the fair market value shall be the closing price of the Common Stock on the New York Stock Exchange. Payment for shares purchased upon exercise of a stock option must be made in full at the time of purchase. Stock options may be exercised in cash, by the transfer to the Company of shares owned by the Participant for at least six months on the date of transfer (or certification of such ownership) or in such other manner as may be authorized by the Committee.

Participant Limit on Benefits.

The Plan currently provides that no participant may receive in any calendar year stock options relating to more than 500,000 shares. The proposed amendment would increase this individual grant limit to 1,200,000. This amendment is required to allow for the Stock Option grant to Alan Aldworth discussed below.

Long Term Incentive Stock Option Grants Subject to Stockholder Approval.

On February 4, 2004, the Committee granted 2,329,500 nonqualified stock options under the Plan with an exercise price of \$30.97 to the six members of the Company's senior executive team identified in the table below. These Stock Options are hereby being submitted for stockholder approval. These Stock Options reflect the estimated number of stock options that would have been granted over the next five years to these executives. No reload option provision is provided as part of these grants. None of these six executives is planned to receive any additional stock options under the Plan for the next five years unless an executive takes on a substantial change in duties and responsibilities after the grant. These Stock Options are intended to serve as a long term incentive consistent with the Board's desire to deliver sustainable stockholder value.

Edgar Filing: PROQUEST CO - Form DEF 14A

These Stock Options will vest if the Company achieves stock price targets beginning after February 4, 2005 based on the compound annual growth rate of the Common Stock price (CAGR), as measured from \$29.11, the average stock price during the fourth quarter of fiscal 2003. The stock price targets and performance goals have been selected to minimize the impact of daily stock price volatility and to incent executive performance throughout the performance cycle. If the CAGR is 8% or more before April 1, 2007, a total of 1,100,500 shares will be vested. If the CAGR is 8% or more before April 1, 2008, a total of 1,300,000 shares will be vested. If the CAGR is 8% or more before April 1, 2009 a total of 1,495,000 shares will be vested. If the CAGR is 10% or more before April 1, 2009, a total of 2,329,500 shares will be vested. A stock price target is attained if the rolling average of the Common Stock s fair market value for ninety consecutive trading days is at least equal to the stock price target.

Table of Contents

In addition, a stock price target is attained if the per share value of the proceeds received by stockholders upon a Change in Control of the Company under Section 7(b) or 7(c) of the Plan (or the price per share to acquire control described in Section 7(a)(i) of the Plan, provided the option holder's employment is subsequently terminated without cause by the Company or by the option holder for good reason) is at least equal to the stock price target. If none of the stock price targets are achieved, an optionholder will forfeit all Stock Options upon terminating employment with the Company and its subsidiaries before February 4, 2011. The Stock Option may vest separate from the stock price targets only if the optionholder remains employed with the Company or its subsidiaries until February 4, 2011.

The option holders may only exercise one-third of their vested options on or after December 31, 2006, two-thirds of their vested options on or after December 31, 2007 and the remaining vested options on or after December 31, 2008, provided that they remain employed by the Company or its Subsidiaries on such dates. Option holders will continue to be able to exercise vested options that became exercisable during employment for a period of time after employment termination (other than for cause). The post employment termination period ranges from three months to three years depending on the circumstances of the option holder's employment termination.

In addition to vesting and exercisability requirements, shares of ProQuest common stock received upon exercise of these Stock Options shall be subject to a holding period requirement, subject to exceptions that may be authorized by the Compensation Committee. An option holder may not sell more than fifty percent of the shares acquired upon option exercise while employed by the Company and its Subsidiaries. All shares of stock used to meet tax withholding obligations and to exercise the Stock Options shall not be prohibited and shall be disregarded for purposes of the holding period requirement. The holding period requirement shall lapse in connection with a change of control.

The following table outlines the stock price thresholds and the vesting schedule of the Stock Options. It also shows the stockholder value created at each target stock price as well as the percentage of value created that has been allocated to the senior executive management team in the form of Stock Options at the specified price targets.

<u>Stock Price</u>	<u>Options Vested</u>	<u>Shareholder Value Created⁽¹⁾</u>	<u>% of Created Value Earned by Executives⁽²⁾</u>
\$36.67	1,100,500	214,271,651	2.9%
\$39.81	1,300,000	303,308,670	3.8%
\$42.77	1,495,000	387,212,381	4.6%
\$46.88	2,329,500	503,692,496	7.4%

(1) Based on a constant 28,342,000 shares outstanding. To the extent that the number of outstanding shares increases, more stockholder value is created and the percentage of created value earned by the executives decreases.

(2) Percentage of Created Value Earned by option holder if vesting is accelerated.

Amendment of the Plan.

Except as may be required for compliance with Rule 16b-3 under the Exchange Act and Section 162(m), the Board or the Committee has the right and power to amend the Plan, provided, however, that neither the Board nor the Committee may amend the Plan in a manner which would impair or adversely affect the rights of the holder of a benefit without the holder's consent. The Company must obtain stockholder approval if the amendment increases the number of shares reserved under the Plan, if the amendment increases the maximum amount of shares that may be subject to awards to a Participant in a year or if the Code or any other applicable statute, rule or regulation, including, but not limited to, those of any securities exchange, requires stockholder approval with respect to the Plan or the amendment.

Committee's Right to Modify Benefits.

Any benefit granted may be converted, modified, forfeited, or canceled, in whole or in part, by the Committee if and to the extent permitted in the Plan, or applicable agreement entered into in connection with a grant or with the consent of the Participant to whom such Benefit was granted. If any amounts payable under the Plan are deemed to be excess parachute payments within the meaning of Section 280G(b)(1) of the Internal Revenue Code, then the Committee may authorize the Company to reimburse a Participant an amount equal to the excise taxes imposed on the Participant (after excluding federal, state and local tax, imposed on the Participant). Neither the Board nor the Committee may cancel any outstanding stock option for the purpose of reissuing the option to the Participant at a lower exercise price, or reduce the option price of an outstanding option.

Proposed Amendment To Provisions On Adjustments.

The number and class of shares available under the Plan and the terms of outstanding awards may be adjusted by the Committee to prevent dilution or enlargement of rights in the event of various changes in the capitalization of the Company. The proposed amendment clarifies that the Committee shall, as it deems appropriate and equitable, have the right to (1) proportionately adjust the number and types of shares of Common Stock (or other securities), exercise price, or performance standards of any or all benefits and (2) make provision for a cash payment or for substitution or exchange of any or all benefits, in connection with any extraordinary dividend or distribution, reclassification, recapitalization, stock split, reverse stock split, reorganization, merger, combination, consolidation, split-up, spin-off, combination, repurchase or exchange of Common Stock or

Table of Contents

securities of the Company, or similar, unusual or extraordinary corporate transaction or a sale of substantially all of the assets of the Company.

Federal Tax Treatment.

Under current law, a participant who is granted a nonqualified stock option will not have taxable income at the time of grant but will have taxable income at the time of exercise equal to the difference between the exercise price of the shares and the market value of the shares on the date of exercise. The Company is entitled to a tax deduction for the same amount so long as the nonqualified stock option is considered performance-based compensation under Section 162(m) of the Code.

Limitation on the Company's Deduction.

Under Section 162(m) of the Code, the Company may not deduct otherwise deductible compensation paid to Covered Employees (i.e., generally, the Chief Executive Officer and the four highest compensated officers of the Company) to the extent that such compensation exceeds \$1 million. An exception applies, however, for performance-based compensation if the terms under which such compensation is paid are approved by the Company's stockholders and certain other requirements are satisfied. Although ProQuest intends that stock option awards under the Plan will satisfy the requirements to be considered performance-based compensation for purposes of Section 162(m) of the Code, there is no assurance such awards will satisfy such requirements, and, accordingly, Section 162(m) of the Code may limit the amount of deductions otherwise available to the Company (as described above) with respect to awards to Covered Employees under the Plan. The inclusion of the limits on individual stock option awards discussed above is intended to satisfy the requirements of Section 162(m) by establishing a maximum number of shares that may be represented by awards granted to any employee.

Effect of Approval of the Proposed Amendments.

Approval by the stockholders of the proposed amendments will permit the Committee to implement the long term incentive plan for the senior executive team. If the proposed amendments and the grant of Stock Options are not approved, the Stock Options made in February to senior executive officers will be cancelled.

Approval of the Proposed Amendments.

The affirmative vote of holders of a majority of the shares represented and entitled to vote at the meeting is required for approval of the amendment to the Plan and the grant of the Stock Options. Abstentions will count as a vote against the proposal, but broker non-votes and votes withheld will have no effect on the vote.

The Board recommends a vote FOR this Proposal.

SHAREHOLDER PROPOSALS FOR 2005

Under the rules of the Securities and Exchange Commission, shareholder proposals submitted for ProQuest's 2004 Proxy Statement must be received by ProQuest no later than the close of business on December 19, 2004, to be considered. 5.1 **Shares Available under the Plan.** The number of shares of Common Stock available for awards under the Plan shall be the sum of the following amounts:

(a) 969,100 shares; which includes 931,400 shares reserved under the Company's 1995 Stock Option Plan as amended, but not subject to existing options and 37,700 shares reserved under the Company's Non-Employee Directors Plan as amended, but not subject to existing options;

Under the Plan, no participant may receive in any calendar year (i) Stock Options relating to more than 500,000 shares, (ii) Restricted Stock that is subject to the attainment of Performance Goals of Section 6.9 hereof relating to more than 500,000 shares, (iii) Stock Appreciation Rights relating to more than 500,000 shares, or (iv) Performance Shares relating to more than 200,000 shares. ARTICLE VI

TYPES OF BENEFITS

6.1 **Types of Benefits.** Benefits under the Plan shall consist of Stock Options, Stock Appreciation Rights, Restricted Stock, Performance Stock, Performance Units, Annual Management Incentive Awards and Other Stock or Cash Awards, all as described below.

6.2 **Stock Options.** Stock options ("Stock Options") may be granted to participants, at any time as determined by the Committee. The Committee shall determine the number of shares subject to each option and whether the option is an Incentive Stock Option. The option price for each option shall be determined by the Committee but shall not be less than 100% of the Fair Market Value of the Company's Common Stock on the date the option is granted. Each option shall expire at such time as the Committee shall determine at the time of grant. Options shall be exercisable at such time and subject to such terms and conditions as the Committee shall determine; provided, however, that no option shall be

Edgar Filing: PROQUEST CO - Form DEF 14A

exercisable later than the tenth anniversary of its grant. The option price, upon exercise of any option, shall be payable to the Company in full by:

(a) cash payment or its equivalent,

(b) tendering previously acquired shares (held for at least six months) having a fair market value at the time of exercise equal to the option price,

(c) certification of ownership of such previously acquired shares,

B-3

Table of Contents

(d) delivery of a properly executed exercise notice, together with irrevocable instructions to a broker to promptly deliver to the Company the amount of sale proceeds from the option shares or loan proceeds to pay the exercise price and any withholding taxes due to the Company, provided, however, that the Company shall not be obligated to issue the Common Stock to the participant or to the broker until it has received payment of the exercise price; and

(e) such other methods of payment as the Committee, at its discretion, deems appropriate.

In no event shall the Committee cancel any outstanding Stock Option for the purpose of reissuing the option to the participant at a lower exercise price or reduce the option price of an outstanding option without stockholder approval.

6.3 *Stock Appreciation Rights.* Subject to the terms of the Plan, Stock Appreciation Rights (SARs) may be granted to participants at any time as determined by the Committee. An SAR may be granted in tandem with a Stock Option granted under this Plan or on a free-standing basis. The grant price of tandem SAR shall be equal to the option price of the related option. The grant price of a free-standing SAR shall be equal to the Fair Market Value of the Company's Common Stock on the date of its grant. An SAR may be exercised upon such terms and conditions and for the term as the Committee in its sole discretion determines; provided, however, that the term shall not exceed the option term in the case of a tandem SAR or ten years in the case of a free standing SAR. Upon exercise of an SAR, the participant shall be entitled to receive payment from the Company in cash or stock, at the discretion of the Committee, in an amount determined by multiplying the excess of the Fair Market Value of a share of Common Stock on the date of exercise over the grant price of the SAR by the number of shares with respect to which the SAR is exercised.

6.4 *Restricted Stock.* Restricted Stock may be awarded or sold to participants under such terms and conditions as shall be established by the Committee. Restricted Stock shall be subject to such restrictions as the Committee determines, including, without limitation, any of the following:

(a) a prohibition against Transfer of the shares of Restricted Stock for a specified period; or

(b) a requirement that the holder of Restricted Stock forfeit (or in the case of shares sold to the participant resell to the Company at cost) such shares in the event of termination of employment during the period of restriction.

(c) vesting on the basis of the Performance Goals set forth in Section 6.9.

All restrictions shall expire at such times as the Committee shall specify.

6.5 *Performance Stock.* The Committee shall designate the participants to whom long-term performance stock (Performance Stock) is to be awarded and determine the number of shares, the length of the performance period and the other terms and conditions of each such award. Each award of Performance Stock shall entitle the participant to a payment in the form of shares of Common Stock upon the attainment of performance goals and other terms and conditions specified by the Committee. Notwithstanding satisfaction of any performance goals, the

Edgar Filing: PROQUEST CO - Form DEF 14A

number of shares issued under a Performance Stock award may be adjusted by the Committee on the basis of such further consideration as the Committee in its sole discretion shall determine. However, the Committee may not, in any event, increase the number of shares earned upon satisfaction of any Performance Goals by any participant who is a Covered Employee (as defined in Section 162(m) of the Code). The Committee may, in its discretion, make a cash payment equal to the Fair Market Value of shares of Common Stock otherwise required to be issued to a participant pursuant to a Performance Stock award.

6.6 Performance Units. Subject to the terms of the Plan, the Committee shall designate the participants to whom long-term performance units (Performance Units) are to be awarded and determine the number of units

B-4

Table of Contents

and the terms and conditions of each such award. Each Performance Unit award shall entitle the participant to a payment in cash upon the attainment of Performance Goals and other terms and conditions specified by the Committee. Notwithstanding the satisfaction of any Performance Goals, the amount to be paid under a Performance Unit award may be adjusted by the Committee on the basis of such further consideration as the Committee in its sole discretion shall determine. However, the Committee may not, in any event, increase the amount earned under Performance Unit awards upon satisfaction of any performance goal by any participant who is a Covered Employee and the maximum amount earned under any such award by a Covered Employee in any calendar year may not exceed \$1,000,000. The Committee may, in its discretion, substitute actual shares of Common Stock equal in Fair Market Value to the cash payment otherwise required to be made to a participant pursuant to a Performance Unit award.

6.7 Annual Management Bonuses. The Committee may award annual management incentive program bonuses to Participants upon achievement of such terms and conditions as the Committee determines appropriate. Annual management incentive bonuses shall consist of monetary payments earned in whole or in part if certain performance goals established for a specified fiscal year are achieved during that year.

Each year the Committee shall establish (a) the performance criteria and level of achievement related to these criteria upon which the amount of the award payment shall be based, (b) the timing of any payment earned by virtue of performance, (c) restrictions on the Transfer of the award prior to actual payment, (d) forfeiture provisions, and (e) such further terms and conditions, in each case not inconsistent with the Plan. The maximum amount payable to any Participant as an annual management incentive program award intended to satisfy the requirements for performance-based compensation under Code Section 162(m) shall not exceed \$2,000,000.

The Committee shall establish the performance criteria and level of achievement related to the criteria upon which the amount of any award payment shall be based. Notwithstanding anything to the contrary herein, the performance criteria for any annual management incentive bonus that is intended by the Committee to satisfy the requirements for performance-based compensation under Code Section 162(m) shall be a measure based solely on one or more Performance Criteria (as defined in 6.9 below) selected by the Committee and specified within the first 90 days of the performance period. The Committee shall certify the extent to which the Performance Criteria have been satisfied, and the amount payable as a result thereof, prior to payment of any bonus that is intended by the Committee to satisfy the requirements for performance-based compensation under Code Section 162 (m).

6.8 Other Stock or Cash Awards. In addition to the incentives described in sections 6.2 through 6.7 above, the Committee may grant other incentives payable in cash or in Common Stock under the Plan as it determines to be in the best interests of the Company and subject to such other terms and conditions as it deems appropriate.

6.9 Performance Goals. Awards of Restricted Stock, Performance Stock, Performance Units and other incentives under the Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Internal Revenue Code, including, but not limited to, cash flow; cost; ratio of debt to debt plus equity; profit before tax; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings per share; operating earnings; economic value added; ratio of operating earnings to capital spending; free cash flow; net profit; net sales; price of Company Stock; return on net assets, equity or stockholders equity; market share; or total return to stockholders (Performance Criteria). Any Performance Criteria may be used to measure the performance of the Company as a whole or any business unit of the Company. Any Performance Criteria may include or exclude Extraordinary Items.

Extraordinary Items shall mean (i) extraordinary, unusual and/or non-recurring items of gain or loss, (ii) gains or losses on the disposition of a business, (iii) the impact of changes in tax or accounting regulations or laws, or (iv) the effect of a merger or acquisition.

Performance Criteria shall be calculated in accordance with the Company's financial statements, generally accepted accounting principles, or under a methodology established by the Committee prior to the issuance of an

Table of Contents

award which is consistently applied and identified in the audited financial statements, including footnotes, or the Management Discussion and Analysis section of the Company's annual report. However, the Committee may not in any event increase the amount of compensation payable to a Covered Employee upon the attainment of a Performance Goal.

6.10 **Director Fees.** A non-employee director may elect to receive his or her annual retainer payments and/or meeting fees from the Company in the form of Stock Options, Restricted Stock or Stock Units (as described in Section 11.6) or a combination thereof as determined by the Board. The number of shares of Stock Options, Restricted Stock or Stock Units to be granted to non-employee directors in lieu of annual retainers and meeting fees that would otherwise be paid in cash shall be calculated in a manner determined by the Board and shall be subject to such terms and conditions as shall be determined by the Board.

ARTICLE VII

CHANGE IN CONTROL

7.1 **Change in Control.** Except as otherwise determined by the Committee at the time of grant of an award, upon a Change in Control of the Company, all outstanding Stock Options and SARs shall become vested and exercisable; all restrictions on Restricted Stock shall lapse; all performance goals shall be deemed achieved at target levels and all other terms and conditions met; all Performance Stock shall be delivered; all Performance Units shall be paid out as promptly as practicable; all Annual Management Incentive Awards shall be paid out based on the consolidated operating earnings of the immediately preceding year or such other method of payment as may be determined by the Committee at the time of award or thereafter but prior to the Change in Control; and all Other Stock or Cash Awards shall be delivered or paid. A Change in Control shall mean:

A Change in Control of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A promulgated under the Exchange Act whether or not the Company is then subject to such reporting requirement; provided that, without limitation, such a Change in Control shall be deemed to have occurred if:

(a) (i) any person or group (as such terms are used in Section 13(d) and 14(d) of the Exchange Act) is or becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 30% or more of the combined voting power of the Company's then outstanding securities (other than the Company or any employee benefit plan of the Company; and, for purposes of the Plan, no Change in Control shall be deemed to have occurred as a result of the beneficial ownership, or changes therein, of the Company's securities by either of the foregoing), and, (ii) individuals who, as of March 5, 2003, constitute the Board (the Incumbent Board) cease for any reason to constitute at least a majority of the Board, provided that any person becoming a director subsequent to the date hereof whose election, or nomination for election, by the stockholders of the Company was approved by a vote of at least a majority of the directors then comprising the Incumbent Board (other than an election or nomination of an individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of the members of the Board, as such terms are used in Rule 14a-11 of Regulation 14A promulgated under the 1934 Act) shall be considered as though such person were a member of the Incumbent Board,

(b) there shall be consummated (i) any consolidation or merger of the Company pursuant to which shares of Common Stock would be converted into or exchanged for cash, securities or other property, other than a merger of the Company in which the holders of Common Stock immediately prior to the merger have, directly or indirectly, at least a 50% ownership interest in the outstanding common stock of the surviving corporation immediately after the merger, or (ii) any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all, or substantially all, of the assets of the Company other than any such transaction with entities in which the holders of the Company Common Stock, directly or indirectly, have at least a 50% ownership interest,

Table of Contents

(c) the stockholders of the Company approve any plan or proposal for the liquidation or dissolution of the Company, or

(d) as the result of, or in connection with, any cash tender offer, exchange offer, merger or other business combination, sale of assets, proxy or consent solicitation (other than by the Board), contested election or substantial stock accumulation (Control Transaction), the members of the Board immediately prior to the first public announcement relating to such Control Transaction shall thereafter cease to constitute a majority of the Board.

The Change in Control Consequences shall apply to any stock options or other awards under the Plan held by an employee of a Subsidiary if:

(a) any person or group becomes the beneficial owner, directly or indirectly of securities of the Subsidiary representing more than 50% of the combined voting power of the Subsidiary s then outstanding securities;

(b) the Subsidiary is combined by merger, share exchange, consolidation or otherwise with another corporation and as a result of such combination, less than 50% of the outstanding securities of the surviving or resulting corporation are owned by the Company; or

(c) the Subsidiary sells, leases, or otherwise transfers all or substantially all of its properties or assets to an entity less than 50% of the outstanding securities of which are owned in aggregate by the Company.

ARTICLE VIII

ADJUSTMENT

8.1 *Adjustment Provisions.*

(a) If the Company shall at any time change the number of issued shares of Common Stock by stock dividend or stock split, the total number of shares reserved for issuance under the Plan, the maximum number of shares which may be made subject to an award in any calendar year, and the number of shares covered by each outstanding award and the price therefore, if any, shall be equitably adjusted by the Committee.

(b) Without affecting the number of shares reserved or available hereunder the Board or the Committee may authorize the issuance or assumption of benefits under this Plan in connection with any merger, consolidation, acquisition of property or stock, or reorganization upon such terms and conditions as it may deem appropriate.

(c) In the event of any merger, consolidation or reorganization of the Company with or into another corporation, other than a merger, consolidation or reorganization which does not result in the outstanding Common Stock being converted into or exchanged for different securities, cash or other property, or any combination thereof, there shall be substituted, on an equitable basis as determined by the Committee in

Edgar Filing: PROQUEST CO - Form DEF 14A

its discretion, for each share of Common Stock then subject to a benefit granted under the Plan, the number and kind of shares of stock, other securities, cash or other property to which holders of Common Stock of the Company will be entitled pursuant to the transaction.

If any amounts payable to a participant pursuant to the Plan are deemed to be excess parachute payments within the meaning of Section 280G(b)(1) of the Code, the Committee may authorize the Company to pay to such participant in addition to any amounts payable pursuant to the Plan an amount which after all federal, state and local taxes imposed on the participant with respect to such amount are subtracted therefrom is equal to the excise taxes imposed on such excess parachute payment pursuant to Section 4999 of the Code.

ARTICLE IX

NONTRANSFERABILITY

9.1 **Nontransferability.** Each benefit granted under the Plan shall not be Transferable otherwise than by will or the laws of descent and distribution and each Stock Option and SAR shall be exercisable during the participant's lifetime only by the participant or, in the event of Disability, by the participant's personal representative. In the event of the death of a participant, exercise of any benefit or payment with respect to any benefit shall be made only by or to the executor or administrator of the estate of the deceased participant or the person or persons to whom the deceased participant's rights under the benefit shall pass by will or the laws of descent and distribution. Notwithstanding the foregoing, at its discretion, the Committee may permit the Transfer of a Stock Option by the participant, subject to such terms and conditions as may be established by the Committee.

ARTICLE X

AMENDMENT AND TERMINATION

10.1 The terms and conditions applicable to any stock option or other award may be amended or modified by mutual agreement between the Company and the participant or such other persons as may then have an interest therein. The Board may amend the Plan from time to time or terminate the Plan at any time. However, no such action shall reduce the amount of any existing award or change the terms and conditions thereof without the participant's consent. No amendment of the Plan shall be made without stockholder approval, if such amendment increases the number of shares of Common Stock reserved under the Plan or the maximum number of shares which may be subject to awards to any participant in any calendar year or if stockholder approval is otherwise required by law or regulation or stock exchange rule.

ARTICLE XI

GENERAL PROVISIONS

11.1 **Successor.** All obligations of the Company under the Plan, with respect to awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

11.2 **Unfunded Status of Plan.** This Plan is intended to be unfunded. With respect to any payments as to which a participant has a fixed and vested interest but which are not yet made to a participant by the Company, nothing contained herein shall give any such participant any rights that are greater than those of a general creditor of the Company.

11.3 **No Right to Employment.** Neither this Plan nor the grant of any award hereunder shall give any participant or other employee any right with respect to continuance of employment by the Company or any Subsidiary, nor shall there be a limitation in any way on the right of the Company or any Subsidiary by which an employee is employed to terminate his or her employment at any time.

Edgar Filing: PROQUEST CO - Form DEF 14A

11.4 **No Assignment of Benefits.** No award under the Plan shall, except as otherwise specifically provided hereunder or by law, be subject to the debts, contracts, liabilities, engagements or torts of any person who shall be entitled to such benefit, nor shall it be subject to attachment or legal process for or against such person.

11.5 **Taxes.** The Company shall be entitled to withhold the amount of any tax attributable to any amounts payable or shares deliverable under the Plan after giving the person entitled to receive such payment or delivery notice as far in advance as practicable, and the Company may defer making payment or delivery as to any award

B-8

Table of Contents

if any such tax is payable until indemnified to its satisfaction. The Committee may, in its discretion and subject to such rules as it may adopt, permit a participant to pay all or a portion of any withholding taxes arising in connection with the exercise of a Nonqualified Stock Option or receipt of shares under any other Benefit, by electing to have the Company withhold shares having a Fair Market Value equal to the minimum amount required to be withheld.

11.6 ***Deferral Arrangements.*** The Committee, in its sole discretion, may permit a participant to have:

(a) amounts that otherwise would be paid to the participant as a result of the exercise or settlement of an award under the Plan credited to a deferred compensation account established for the participant by the Committee on the Company's books of account;

(b) shares of Common Stock that would otherwise be delivered to the participant as a result of the exercise or settlement of an award under the Plan (i) converted into an equal number of Stock Units (as described below) or (ii) converted into amounts credited to a deferred compensation account established for the participant by the Committee on the Company's books of account (such amounts to be determined by reference to the Fair Market Value of such shares as of the date upon which they would otherwise have been delivered to the participant); or

(c) shares of Common Stock held by a participant subject to restrictions transferred to the Company in exchange for an equal number of Stock Units subject to the same restrictions.

A deferred compensation account established hereunder may be credited with interest or other forms of investment return as determined by the Committee. A participant for whom such an account is established or to whom Stock Units are issued shall have no rights other than those of a general creditor of the Company and such account or Stock Units shall represent an unfunded and unsecured obligation of the Company subject to the terms and conditions of the applicable agreement between the participant and the Company.

Each Stock Unit shall represent an obligation of the Company to issue a share of Company Common Stock to the participant at an agreed-upon date in the future. Each Stock Unit shall be fully vested and carry with it the right to dividend equivalents. Such right will entitle the participant to be credited with an amount equal to any cash dividends the participant would have received had the participant owned a number of shares of common stock equal to the Stock Units.

11.7 ***Effect of Merger or Reorganization.*** In the event that the Company is a party to a merger or other reorganization, the impact of the merger or other reorganization on outstanding awards shall be determined by the agreement of merger or reorganization. Such agreement shall provide for (a) continuation of the outstanding awards; (b) assumption of the outstanding awards by the surviving corporation or its parent or subsidiary; (c) substitution by the surviving corporation or its parent or subsidiary of its own awards for the outstanding awards; (d) full exercisability or vesting and accelerated expiration of the outstanding awards; or (e) settlement of the intrinsic value of the outstanding awards in cash or cash equivalents in connection with the cancellation of such awards. Such agreement shall not be required to treat all awards or all participants in the same manner.

11.8 ***Governing Law.*** The Plan and actions taken in connection herewith shall be governed and construed in accordance with the laws of the State of Delaware (without regard to applicable Delaware principles of conflict of laws).

ARTICLE XII
